Notice

Notice is hereby given that the 21st Annual General Meeting (AGM) of the Members of ICICI Prudential Life Insurance Company Limited (the Company) will be held on Friday, June 25, 2021, at 3.30 p.m. IST, through Video Conference (VC)/ Other Audio Visual Means (OAVM) facility, to transact the following business:

ORDINARY BUSINESS

1. To receive, consider and adopt:
 - a. The standalone Audited Revenue Account, Profit and Loss Account and Receipts and Payments Account of the Company for the financial year ended March 31, 2021, the Balance Sheet as at that date, together with the Reports of the Directors and Auditors.
 - b. The consolidated Audited Revenue Account, Profit and Loss Account and Receipts and Payments Account of the Company for the financial year ended March 31, 2021, the Balance Sheet as at that date, together with the Report of the Auditors.
2. To declare dividend on equity shares.
3. To appoint a Director in place of Mr. Anup Bagchi (DIN: 00105962), who retires by rotation and, being eligible, offers himself for re-appointment.
4. To consider and, if thought fit, to pass, the following resolution as an Ordinary Resolution:

RESOLVED THAT pursuant to the provisions of Section 139 and 142 and other applicable provisions, if any, of the Companies Act, 2013 and rules and regulations thereunder (including any statutory modification(s) or re-enactment(s) thereof, for time being in force) and guidelines issued by the Insurance Regulatory and Development Authority of India, M/s Walker Chandiook Co. LLP, bearing ICAI registration number 001076N/N500013, be and are hereby re-appointed as one of the Joint Statutory Auditors of the Company for a second term of five consecutive years to hold office from the conclusion of this meeting until the conclusion of the Twenty Sixth Annual General Meeting of the Company.

RESOLVED FURTHER THAT an audit remuneration of ₹ 10.89 million each i.e. total remuneration of ₹ 21.78 million plus applicable taxes and reimbursement of out of pocket expenses (subject to five percent of audit remuneration), if any, incurred by the Joint Statutory Auditors, be paid to M/s Walker Chandiook Co. LLP, bearing registration number 001076N/N500013 and M/s BSR & Co. LLP, bearing registration number 101248W/W-100022, in connection with the audit of the accounts of the Company for the financial year 2021-22.

RESOLVED FURTHER THAT the Board of Directors (including its Committee thereof) and / or the Company Secretary of the Company, be and is / are hereby authorised to do all such acts, deeds, matters and things, as they may consider necessary, expedient or desirable for giving effect to the foregoing resolution.

SPECIAL BUSINESS

5. To consider, and if thought fit, to pass, the following resolution as an Ordinary Resolution:

RESOLVED THAT pursuant to the provisions of Section 152 and other applicable provisions of the Companies Act, 2013, if any, as amended from time to time, Mr. Wilfred John Blackburn (DIN: 08753207), who was appointed as a non-executive (Additional Director) by the Board of Directors effective August 29, 2020 and in respect of whom the Company has received notice in writing under Section 160 of the Companies Act, 2013 from a Member proposing his candidature for the office of Director of the Company, be and is hereby appointed as a non-executive Director of the Company and he shall be liable to retire by rotation.

RESOLVED FURTHER THAT the Board of Directors (including its Committee thereof) and / or the Company Secretary of the Company, be and is / are hereby authorised to do all such acts, deeds, matters and things, as they may consider necessary, expedient or desirable for giving effect to the foregoing resolution.

6. To consider, and if thought fit, to pass, the following resolution as a Special Resolution:

RESOLVED THAT pursuant to the provisions of Sections 149, 152 and other applicable provisions, if any, of the Companies Act,

2013 (the Act) read with Schedule IV to the Act (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force) and the Companies (Appointment and Qualification of Directors) Rules, 2014, as amended from time to time, Mr. Dilip Karnik (DIN: 06419513), who was appointed as an Independent (Additional) Director on April 19, 2021 and holds office up to the Annual General Meeting of the Company and who has submitted a declaration that he meets the criteria for independence as provided under Section 149(6) of the Act and Regulation 16(1)(b) of the Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015 and in respect of whom the Company has received a notice in writing from a Member under Section 160 of the Act proposing his candidature for the office of the Director of the Company, be and is hereby re-appointed as an Independent Director of the Company, not liable to retire by rotation, for a second term of five consecutive years commencing from June 29, 2021 till June 28, 2026.

RESOLVED FURTHER THAT the Board of Directors (including its Committee thereof) and / or the Company Secretary of the Company, be and is / are hereby authorised to do all such acts, deeds, matters and things, as they may consider necessary, expedient or desirable for giving effect to the foregoing resolution.

7. To consider, and if thought fit, to pass the following resolution as a Special Resolution:

RESOLVED THAT pursuant to Regulation 17(1A) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the provisions of the Companies Act, 2013 (including any statutory modification(s) or re-enactment(s) thereof for the time being in force) and the rules made thereunder and other applicable provisions, if any, the approval of the Members be and is hereby accorded, for continuation of the directorship of Mr. Dilip Karnik (DIN: 06419513) after attaining the age of seventy five (75) years, as an Independent Director of the Company, till June 28, 2026, subject to other necessary approvals.

RESOLVED FURTHER THAT the Board of Directors (including its Committee thereof) and / or the Company Secretary of the Company, be and is / are hereby authorised to do all such acts, deeds, matters and things, as they may consider necessary, expedient or desirable for giving effect to the foregoing resolution.

8. To consider, and if thought fit, to pass, the following resolution as an Ordinary Resolution:

RESOLVED THAT pursuant and subject to the provisions of Section 34A and other applicable provisions, if any, of the Insurance Act, 1938 (including any amendment, variation, statutory modifications or re-enactment thereof for the time being in force), subject to the approval of the Insurance Regulatory and Development Authority of India (IRDAI) and other applicable provisions, if any, of the Companies Act, 2013 (the Act) (including any amendment, variation, statutory modifications or re-enactment(s) thereof for the time being in force) and provisions of the Articles of Association of the Company, the

remuneration of Mr. N. S. Kannan (DIN: 00066009), Managing Director & Chief Executive Officer (MD & CEO), be and is hereby approved, as under with effect from April 1, 2021:

- a. Basic salary: ₹ 25,690,440/- per annum;
- b. Allowances: ₹ 18,249,804/- per annum, including but not limited to supplementary allowance, meal allowance, gift allowance and other allowances;
- c. Perquisites and non-cash benefits (evaluated as per Income- tax Rules, wherever applicable and at actual cost to the Company in other cases): Perquisites and non-cash benefits which are considered as part of Fixed Pay: group term life insurance, group personal accident insurance, group mediclaim, domiciliary medical reimbursement, corporate car, corporate club memberships, interest subsidy on housing loan, furnishings, utilities (such as gas and electricity), scholarship for children's education, financial support to cover expenses for children with special needs and other such non-cash perquisites and benefits, as applicable from time to time and as may be determined by the Board of Directors or the Board Nomination and Remuneration Committee in accordance with the Compensation and Benefits Policy of the Company. Other perquisites and non-cash benefits not considered as part of Fixed Pay include: business club membership, executive health checkup, drivers, fuel for car, motor insurance and maintenance of car, company assets and enablement for home office, mobile reimbursement, privilege leave encashment and other such perquisites and non-cash benefits, including employee stock options under the Revised Scheme (Employee Stock Option Scheme 2005 as approved by Members on July 17, 2017) of the Company and the ICICI Bank Employee Stock Option Scheme – 2000, if any, as applicable from time to time and as may be determined by the Board of Directors or the Board Nomination and Remuneration Committee in accordance with the Compensation and Benefits Policy of the Company.
- d. Retirals: ₹ 9,076,428/- per annum (includes Provident Fund and Gratuity and Superannuation with an option to cash out).
- e. Performance Bonus would be maximum of 70% of the Fixed Pay, as defined in the Compensation & Benefits Policy as approved by the Board (which includes basic pay, allowances, non-cash benefits and perquisites, contribution towards superannuation/retirals and any other form of non-cash benefits & perquisites including reimbursable benefits & perquisites with monetary ceilings) and as may be determined by the Board of Directors or the Board Nomination and Remuneration Committee in accordance with the Compensation and Benefits Policy of the Company. Should the bonus be more than 50% of Fixed Pay, 60% of the bonus would be paid upfront and balance 40% equally deferred over the next three years.

RESOLVED FURTHER THAT the Board of Directors of the Company, (including the Board Nomination & Remuneration Committee), be and are hereby authorised from time to time, to settle all questions or difficulties that may arise in connection with or incidental to give effect to the above resolution, including revising the aforementioned remuneration, including perquisites, stock options, and/or other benefits, as may be required and approved by IRDAI.

RESOLVED FURTHER THAT the other terms of employment of Mr. N. S. Kannan to the extent not amended or modified herein shall remain unchanged and further the Board of Directors (including the Board Nomination & Remuneration Committee) be and are hereby authorised to do all such acts, deeds, matters and things, as they may consider necessary, expedient or desirable for giving effect to this resolution.

9. To consider, and if thought fit, to pass, the following resolution as a Special Resolution:

RESOLVED THAT pursuant to the provisions of Section 62(1) (b) and other applicable provisions, if any, of the Companies Act, 2013 and in accordance with the Memorandum and Articles of Association of the Company, provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, provisions of the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014, if any, amendments thereto and subject to such other approvals, permissions and sanctions as may be necessary, approval of the Members be and is hereby accorded to amend the following Section IV of the ICICI Prudential Life Insurance Company Limited - Employees Stock Option Scheme (2005) (Scheme), by substituting the existing Section IV of the Scheme in the below manner:

Section and Heading	Existing Section	Revised Section
Section IV: Shares subject to the Scheme	<p>1. The aggregate number of shares issued or issuable since March 31, 2016 pursuant to the exercise of any Options granted to the Eligible Employees issued pursuant to the Scheme or any other stock option scheme of the Company, shall not exceed a figure equal to 2.64% of the number of shares issued as on March 31, 2016.</p> <p>The maximum number of Options granted to any Eligible Employee in a financial year shall not exceed 0.1% of the issued Shares of the Company at the time of grant of Options.</p>	<p>1. The aggregate number of shares issued or issuable since March 31, 2016 pursuant to the exercise of any Options granted to the Eligible Employees issued pursuant to the Scheme or any other stock option scheme of the Company, shall not exceed a figure equal to 3.54% of the number of shares issued as on March 31, 2016.</p> <p>The maximum number of Options granted to any Eligible Employee in a financial year shall not exceed 0.1% of the issued Shares of the Company at the time of grant of Options.</p>

RESOLVED FURTHER THAT all the other terms and conditions of the Scheme shall remain unchanged.

RESOLVED FURTHER THAT for the purpose of giving effect to the above resolution the Board of Directors (including the Board Nomination and Remuneration Committee), be and is hereby authorized to do all such acts, deeds, matters and things as it may, in its absolute discretion, deem necessary or desirable for such purpose and with power on behalf of the Company to settle all questions, difficulties or doubts that may arise in regard to implementation of the resolution including but not limited to determination of eligibility or otherwise of Eligible Employees who continue to be covered by the Scheme or to the benefits extended under the Scheme.

NOTES

1. The relevant Explanatory Statement pursuant to section 102(1) of the Companies Act, 2013, setting out the material facts concerning ordinary and special business in respect of Item Nos. 3 to 9 as set out above is annexed hereto.
2. In view of the outbreak of the COVID-19 pandemic, Ministry of Corporate Affairs (MCA), vide Circular No. 02/2021 dated January 13, 2021, Circular No. 20/2020 dated May 05, 2020 read with Circular No. 14/2020 dated April 08, 2020 and Circular No.17/2020 dated April 13, 2020 (MCA Circulars) companies are permitted to hold their AGM through Video Conferencing (VC)/ Other Audio Visual Means (OAVM) for the calendar year 2021.
3. In compliance with applicable provisions of the Companies Act, 2013 read with MCA Circulars, the 21st AGM of the Company is being conducted through VC/OAVM, without the physical presence of the Members at a common venue. The deemed venue for this AGM shall be the registered office of the Company.
4. In terms of the MCA Circulars, since the physical attendance of Members has been dispensed with, there is no requirement of appointment of proxies. Accordingly, the facility of appointment of proxies by Members under Section 105 of the Act will not be available for this AGM. However, the Body Corporates are entitled to appoint authorised representatives to attend the AGM through VC/OAVM and participate thereat and to cast their votes through e-voting.
5. Corporate/Institutional Members (i.e. other than Individuals, HUF, NRI etc.) are required to send scanned certified true copy (PDF Format) of the Board Resolution/Authority Letter, etc. together with attested specimen signature(s) of the duly authorised representative(s), to the Scrutiniser by email to **info@mehta-mehta.com** with a copy marked to **evoting@nsdl.co.in**.
6. Members can login and join the AGM thirty (30) minutes prior to the scheduled time to start the AGM and the window for joining shall be kept open till the expiry of thirty (30) minutes after the scheduled time to start the AGM, on first-come-first-serve basis. However, the participation of large members (members holding 2% or more shareholding), promoters, institutional investors, directors, key managerial personnel, the chairpersons of the Audit Committee, Nomination and Remuneration Committee, Stakeholders' Relationship Committee and auditors can attend the Meeting without restriction of first-come-first-serve basis. Instructions and other information for Members for attending the AGM through VC/OAVM are given in this Notice.
7. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
8. Pursuant to Regulation 36(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and clause 1.2.5 of Secretarial Standard 2, the information about the Directors proposed to be appointed/re-appointed and the Director to whom revised remuneration is proposed to be paid, in the this AGM, is given in the Annexure I to the Notice.
9. The Register of Members and Share Transfer Books of the Company will remain closed from Friday, June 18, 2021 to Friday, June 25, 2021 (both days inclusive) for the purpose of determining the eligibility to receive the final dividend for the financial year ended March 31, 2021.
10. The final dividend for the financial year ended March 31, 2021 at the rate of ₹ 2.00 per equity share of face value of ₹ 10 each, as recommended by the Board of Directors, if approved at this Meeting, will be paid to those Members who hold shares:
 - i. In dematerialised mode, based on the beneficial ownership details to be received from National Securities Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL) as at the close of business hours on Thursday, June 17, 2021;
 - ii. In physical mode, if their names appear in the Company's Register of Members, after giving effect to valid transmission or transposition requests lodged with the Company, at the close of business hours on Thursday June 17, 2021.
11. The Company's Registrar & Transfer Agents for its share registry (both, physical as well as electronic) is KFin Technologies Private Limited (Formerly known as Karvy Fintech Private Limited) (KFin/Registrar/RTA) having its office at Selenium Tower B, Plot 31-32, Gachibowli, Financial District, Nanakramguda, Hyderabad 500 032, Unit: ICICI Prudential Life Insurance Company Limited.
12. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in electronic mode therefore are requested to submit their PAN to their DPs with whom they are maintaining their demat accounts. Members holding shares in physical mode can submit their PAN to KFin.
13. All statutory registers and the documents referred to in the Notice and Explanatory Statement will also be available for electronic inspection without any fee by the Members from the date of circulation of this Notice up to the date of AGM, i.e. Friday, June 25, 2021. Members seeking to inspect such documents can send an email to **investor@iciciprulife.com**.
14. In case of joint holders attending the Meeting, only such joint holder who is higher in the order of names will be entitled to vote.
15. In line with the MCA Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at **www.iciciprulife.com**. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at **www.bseindia.com** and **www.nseindia.com** respectively and is also available on the website of e-voting agency i.e. NSDL at **www.evoting.nsdl.com**.

16. Copies of the Annual Report for the financial year 2020-21 and Notice of AGM is being sent only by e-mail to the Members and to all other persons so entitled and who have registered their email addresses with the Depository Participant (DP)/Company's Registrar and Transfer Agent (RTA) or the Company for this purpose. Members of the Company holding shares either in physical form or in dematerialised forms as on benpos date i.e. Friday, May 14, 2021 will receive Notice of the AGM along with the Annual Report for the financial year 2020-21 through electronic mode. In this regard, the Company has published a notice by way of an advertisement as per MCA Circular dated May 5, 2020.
17. Members holding shares in physical form, are requested to notify any changes in their address to the Company's Registrar & Share Transfer Agent. Members are requested to quote their Folio No. or DP ID / Client ID, in case shares are in physical / dematerialized form, as the case may be, in all correspondence with the Company / Registrar and Share Transfer Agent.
- Members are encouraged to avail the Electronic Clearing Service (ECS) mandate facility provided by the Company. In order to avoid fraudulent encashment of dividend warrants, Members holding shares in physical form are requested to send to KFin, at the above mentioned address, a Bank Mandate (providing details of name and address of banker, branch, PIN code and particulars of the bank account) or changes therein, if not provided earlier, under the signature of the Sole/First holder quoting their Folio Number. This information will be printed on the dividend warrants.
18. Members holding shares in dematerialised mode are requested to intimate all changes pertaining to their bank details, ECS mandates, email addresses, nominations, power of attorney, change of address/name etc. to their Depository Participant (DP) only and not to the Company or KFin. Any such changes effected by the DPs will automatically reflect in the Company's subsequent records. Members holding shares in physical mode are requested to advise any change in their address or bank mandate to KFin.
19. SEBI has mandated the submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in electronic mode are, therefore, requested to submit their PAN to their DPs with whom they are maintaining their demat accounts. Members holding shares in physical mode can submit their PAN to KFin.
20. As per Regulation 40 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, securities of listed companies can be transferred only in dematerialised form with effect from April 1, 2019, except in case of request received for transmission or transposition of securities. In view of this and to eliminate all risks associated with physical shares, Members holding shares in physical form are requested to consider converting their holdings to dematerialised form.
21. Members holding shares in physical mode are advised to make nomination in respect of their shareholding in the Company in the nomination form (SH-13), by writing to RTA. Members holding shares in electronic mode may contact their respective DPs for availing the nomination facility.
22. Non-Resident Indian Members are requested to inform their respective DPs, immediately of:
- Change in their residential status on return to India for permanent settlement.
 - Particulars of their bank account maintained in India with complete name, branch, account type, account number and address of the bank with pin code number, if not furnished earlier.
23. The Company has uploaded the details of unpaid and unclaimed dividend amounts on its website. Members who have not encashed the dividend so far are requested to write to KFin, who shall arrange to send the unclaimed dividend amount. Members are requested to note that dividends which are not claimed within seven (7) years from the date of transfer to the Company's Unpaid Dividend Account will, as per the provisions of Section 124 of the Companies Act, 2013 and rules made thereunder, be transferred to the Investor Education and Protection Fund (IEPF); the unclaimed dividend for the financial year ended March 31, 2015, would be transferred to the IEPF in FY2021-22.
24. In terms of the aforesaid MCA Circulars, the business set out in the Notice will be transacted through electronic voting system and the Company shall provide the facility of voting by electronic means. Instructions and other information relating to e-voting are given in this Notice.
25. Information and Other Instructions relating to E-Voting:
- Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended), SEBI Circular dated December 9, 2020 and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended) and the MCA Circulars, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has engaged NSDL for facilitating the voting through electronic means, as the authorised agency.
 - A person, whose name is recorded in the register of members or in the register of beneficial owners maintained by the depositories as on the cut-off date, i.e. Friday, June 18, 2021 only shall be entitled to cast their vote either through remote e-voting or through e-voting at the AGM.
 - The voting rights of the Members shall be in proportion to their share in the paid up share capital of the Company as on the cut-off date.
 - The cut-off date i.e. Friday, June 18, 2021, is the date on which the right of voting of the Members shall be reckoned

and a person who is not a Member as on the cut-off date should treat this Notice for information purposes only.

- e. The remote e-voting period will commence at 9.00 a.m. IST on Tuesday, June 22, 2021 and will end at 5.00 p.m. IST on Thursday, June 24, 2021.
 - f. At the end of the remote e-voting period, the facility shall forthwith be blocked.
 - g. Once the vote on a resolution is cast by Member, the Member shall not be allowed to change it subsequently or cast the vote again.
 - h. Any person, holding shares in physical form and non-individual shareholders holding securities in demat mode, who acquires shares of the Company and becomes a Member of the Company after sending of the Notice and holding shares as of the cut-off date, may obtain the login ID and password by sending a request at **evoting@nsdl.co.in**. However, if he/she is already registered with NSDL for remote e-voting then he/she can use his/her existing User ID and password for casting the vote. If you forgot your password, you can reset your password by using "Forgot User Details/Password" or "Physical User Reset Password" option available on **www.evoting.nsdl.com** or call on toll free no. 1800 22 44 30 and 1800 1020 990. In case of Individual Shareholders holding securities in demat mode who acquires shares of the Company and becomes a Member of the Company after sending of the Notice and holding shares as of the cut-off date may follow steps mentioned in the Notice of the AGM under "Access to NSDL e-Voting system".
 - i. The Company has appointed Mehta & Mehta, Company Secretaries, as the Scrutiniser, to scrutinise the entire e-voting process. Ms. Ashwini Inamdar (Membership No. F 9409), Partner and failing her, Mr. Atul Mehta (Membership No. F 5782), Partner, will represent Mehta & Mehta, Company Secretaries. The Scrutiniser shall, within 48 hours from the conclusion of the AGM, make a consolidated Scrutiniser's Report of the total votes cast in favour or against, if any, to the Chairman or a person authorised by him. The Chairman or a person authorised by him shall declare the result of the voting forthwith.
 - j. The result declared along with the Scrutiniser's Report shall be placed on the Company's website **www.iciciprulife.com** and on the website of NSDL **www.evoting.nsdl.com** immediately. The Company shall simultaneously forward the results to National Stock Exchange of India Limited and BSE Limited, where the shares of the Company are listed.
26. The process and manner of remote e-voting are explained herein below:
- NSDL e-Voting system consists of "Two Steps" which are mentioned below:

Step 1: Access to NSDL e-Voting system

- A. Login method for e-Voting and joining virtual meeting for individual shareholders holding securities in demat mode

As per SEBI circular dated December 9, 2020, individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Login method for Individual shareholders holding securities in demat mode is given below:

- (a) Individual shareholders holding shares in demat mode with NSDL can login as follows:
 1. If you are already registered for NSDL IDeAS facility, please visit the e-Services website of NSDL. Open web browser by typing the following URL: **https://eservices.nsdl.com/** either on a Personal Computer or on a mobile. Once the home page of e-Services is launched, click on the "Beneficial Owner" icon under "Login" which is available under "IDeAS" section. A new screen will open. You will have to enter your User ID and Password. After successful authentication, you will be able to see e-Voting services. Click on "Access to e-Voting" under e-Voting services and you will be able to see e-Voting page. Click on options available against company name or e-Voting service provider - NSDL and you will be re-directed to NSDL e-Voting website for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting.
 2. If the user is not registered for IDeAS e-Services, option to register is available at **https://eservices.nsdl.com**. Select "Register Online for IDeAS" Portal or click at **https://eservices.nsdl.com/SecureWeb/IdeasDirectReg.jsp**
 3. Visit the e-Voting website of NSDL. Open web browser by typing the following URL: **https://www.evoting.nsdl.com/** either on a Personal Computer or on a mobile. Once the home page of e-Voting system is launched, click on the icon "Login" which is available under 'Shareholder/Member' section. A new screen will open. You will have to enter your User ID (i.e. your sixteen digit demat account number held with NSDL), Password/OTP and a Verification Code as shown on the screen. After successful authentication, you will be redirected to NSDL Depository site wherein you can see e-Voting page. Click on options available against company name or e-Voting service provider - NSDL and you will be redirected to e-Voting website of NSDL for casting

your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting.

(b) Individual shareholders holding shares in demat mode with CDSL can login as follows:

1. Existing users who have opted for Easi / Easiest, can login through their user id and password. Option will be made available to reach e-Voting page without any further authentication. The URL for users to login to Easi / Easiest are **https://web.cdslindia.com/myeasi/home/login** or **www.cdslindia.com** and click on New System Myeasi.
2. After successful login of Easi/Easiest the user will be also able to see the E Voting Menu. The Menu will have links of e-Voting service provider i.e. NSDL. Click on NSDL to cast your vote.
3. If the user is not registered for Easi/Easiest, option to register is available at **https://web.cdslindia.com/myeasi/Registration/EasiRegistration**
4. Alternatively, the user can directly access e-Voting page by providing demat account number and PAN from a link in **www.cdslindia.com** home page. The system will authenticate the user by sending OTP on registered Mobile & Email as recorded in the demat account. After successful authentication, user will be provided links for the respective E-voting Service Provider i.e. NSDL where the e-Voting is in progress.

(c) Individual shareholders holding shares in demat mode can also login through their demat accounts with depository participants as follows:

You can also login using the login credentials of your demat account through your Depository Participant registered with NSDL/CDSL for e-Voting facility. Once you have logged in, you will be able to see e-Voting option. Once you click on e-Voting option, you will be redirected to NSDL/CDSL Depository site after successful authentication, wherein you can see e-Voting feature. Click on options available against company name or e-Voting service provider-NSDL and you will be redirected to e-Voting website of NSDL for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting.

(d) Important Note:

Members who are unable to retrieve User ID/ Password are advised to use Forgot User ID and Forgot Password option available at abovementioned website.

Helpdesk for Individual Shareholders holding securities in demat mode for any technical issues related to login through Depository i.e. NSDL and CDSL.

Login type	Helpdesk details
Individual Shareholders holding securities in demat mode with NSDL	Members facing any technical issue in login can contact NSDL helpdesk by sending a request at evoting@nsdl.co.in or call at toll free no.: 1800 22 44 30 and 1800 1020 990
Individual Shareholders holding securities in demat mode with CDSL	Members facing any technical issue in login can contact CDSL helpdesk by sending a request at helpdesk.evoting@cdslindia.com or contact at 022- 23058738 or 022-23058542-43

B. Login method for e-Voting and joining virtual meeting for shareholders other than Individual shareholders holding securities in demat mode and shareholders holding securities in physical mode.

1. Visit the e-Voting website of NSDL. Open web browser by typing the following URL: **https://www.evoting.nsd.com/** either on a Personal Computer or on a mobile.
2. Once the home page of e-Voting system is launched, click on the icon "Login" which is available under 'Shareholder/Member' section.
3. A new screen will open. You will have to enter your User ID, your Password/OTP and a Verification Code as shown on the screen.

Alternatively, if you are registered for NSDL e-services i.e. IDeAS, you can log-in at **https://eservices.nsd.com/** with your existing IDeAS login. Once you log-in to NSDL e-services after using your log-in credentials, click on e-Voting and you can proceed to Step 2 i.e. Cast your vote electronically.

4 Your User ID details are given below:

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID is:
a) For Members who hold shares in demat account with NSDL.	8 Character DP ID followed by 8 Digit Client ID For example if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****
b) For Members who hold shares in demat account with CDSL.	16 Digit Beneficiary ID For example if your Beneficiary ID is 12***** then your user ID is 12*****
c) For Members holding shares in Physical Form.	EVEN Number followed by Folio Number registered with the company For example if folio number is 001*** and EVEN is 101456 then user ID is 101456001***

5. Password details for shareholders other than Individual shareholders are given below:
 - a) If you are already registered for e-Voting, then you can use your existing password to login and cast your vote.
 - b) If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
 - c) How to retrieve your 'initial password'?
 - (i) If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
 - (ii) If your email ID is not registered, please follow steps mentioned below in **process for those shareholders whose email ids are not registered.**
6. If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:
 - a) Click on "**Forgot User Details/Password?**" (If you are holding shares in your demat account with NSDL or CDSL) option available on **www.evoting.nsdl.com**.
 - b) Click on "**Physical User Reset Password?**" (If you are holding shares in physical mode) option available on **www.evoting.nsdl.com**.
 - c) If you are still unable to get the password by aforesaid two options, you can send a request at **evoting@nsdl.co.in** mentioning your demat account number/folio number, your PAN, your name and your registered address etc.
 - d) Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.
7. After entering your password, tick on Agree to "Terms and Conditions" by selecting on the check box.
8. Now, you will have to click on "Login" button.
9. After you click on the "Login" button, Home page of e-Voting will open.

Step 2: Cast your vote electronically and join General Meeting on NSDL e-Voting system.

1. After successful login at Step 1, you will be able to see all the companies "EVEN" in which you are holding shares and whose voting cycle and General Meeting is in active status.
2. Select "EVEN" of company for which you wish to cast your vote during the remote e-Voting period or during the General Meeting. For joining virtual meeting, you need to click on "VC/OAVM" link placed under "Join General Meeting".
3. Now you are ready for e-Voting as the Voting page opens.
4. Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on "Submit" and also "Confirm" when prompted.
5. Upon confirmation, the message "Vote cast successfully" will be displayed.
6. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.
7. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

General Guidelines for Members

- I. Members desirous of getting any information about the accounts and/or operations of the Company are requested to write to the Company at **investor@icicprulife.com** at least seven days before the date of the Meeting to enable the Company to keep the information ready at the Meeting.
- II. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the "Forgot User Details/Password?" or "Physical User Reset Password?" option available on **https://www.evoting.nsdl.com** to reset the password.
- III. In case of any queries relating to e-voting you may refer to the FAQs for Shareholders and e-voting user manual for Shareholders available at the download section of **https://www.evoting.nsdl.com** or call on toll free no.: 1800 22 44 30 and 1800 1020 990 or send a request at **evoting@nsdl.co.in**.
- IV. In case of any grievances connected with facility for e-voting, please contact Ms. Pallavi Mhatre, Manager, NSDL, 4th Floor, 'A' Wing, Trade World, Kamala Mills Compound, Senapati Bapat Marg, Lower Parel, Mumbai 400 013. Email: **evoting@nsdl.co.in**, Tel: 1800 22 44 30 and 1800 1020 990.

27. Instructions for members for e-voting on the day of the AGM are as under:-
- The procedure for e-voting on the day of the AGM is same as the instructions mentioned above for remote e-voting read with the general instructions provided for the same.
 - Only those Members, who will be present in the AGM through VC/OAVM facility and have not cast their vote on the Resolutions through remote e-Voting and are otherwise not barred from doing so, shall be eligible to vote through e-Voting system in the AGM.
 - Members who have voted through remote e-voting will be eligible to attend the AGM. However, they will not be eligible to vote at the AGM.
 - The details of the person who may be contacted for any grievances connected with the facility for e-Voting on the day of the AGM shall be the same person mentioned for Remote e-voting.
28. Process for those Members whose email ids are not registered with the depositories for procuring user id and password and registration of email ids for e-voting for the resolutions set out in this notice :
- In case shares are held in physical mode, members may obtain the login ID and password by sending scanned copy of : i) a signed request letter mentioning your name, folio number and complete address (including email); ii) the share certificate (front and back) and iii) the PAN Card and any one document (such as Driving License, Bank Statement, Election Card, Passport, etc.) in support of the address of the member as registered with the Company; to the email address of the Company i.e. **investor@icicprulife.com**.
 - In case shares are held in demat mode, members may obtain the login ID and password by sending scanned copy of: i) a signed request letter mentioning your name, DPID-CLID (16 digit DPID + CLID or 16 digit beneficiary ID); ii) client master or copy of Consolidated Account statement and iii) the PAN Card, to the email address of the Company i.e. **investor@icicprulife.com**. If the Member is an individual shareholder holding securities in demat mode, he/she should refer to the login method explained at Step 1 (A) i.e. Login method for e-Voting and joining virtual meeting for Individual shareholders holding securities in demat mode.
 - Alternatively member may send an e-mail request to **evoting@nsdl.co.in** for obtaining User ID and Password by proving the details mentioned in Point a. and b. as the case may be.
 - As per SEBI circular dated December 9, 2020, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are required to update their mobile number and email ID correctly in their demat account in order to access e-Voting facility.
29. Instructions for members for attending the AGM through VC/OAVM are as under:
- Members will be able to attend the AGM through VC / OAVM or view the live webcast of AGM provided by NSDL at **<https://www.evoting.nsdl.com>**.
 - Members may access by following the steps mentioned above for **Access to NSDL e-Voting system**. After successful login, you can see link of "VC/OAVM link" placed under "Join General meeting" menu against company name. You are requested to click on VC/OAVM link placed under **Join General Meeting** menu. The link for VC/OAVM will be available in Shareholder/Member login where the EVEN of Company will be displayed. Please note that the members who do not have the User ID and Password for e-Voting or have forgotten the User ID and Password may retrieve the same by following the remote e-Voting instructions mentioned in the notice to avoid last minute rush.
 - Members are encouraged to join the Meeting through laptops for better experience.
 - Please note that Participants connecting from mobile devices or tablets or through laptop connecting via mobile hotspot may experience audio/video loss due to fluctuation in their respective network. It is therefore recommended to use stable Wi-Fi or LAN connection to mitigate any kind of aforesaid glitches.
 - Members who would like to express their views/ask questions during the AGM may register themselves as a speaker by sending their request from their registered e-mail id mentioning their name, demat account number/folio number and mobile number at **investor@icicprulife.com** at least forty eight (48) hours in advance before the start of the AGM.
 - Those Members who have registered themselves as a speaker will only be allowed to express their views/ask questions during the AGM. Further, those Members who have not registered themselves as a speaker, but desirous of expressing their views/ask questions during the AGM, may be allowed to do so, through chat box option. The Company reserves the right to restrict the number of speakers depending on the availability of time for the AGM.
 - Members who are desirous of expressing their views/ask questions during the AGM, shall join the AGM through a device with camera/webcam facility.
 - Members who need assistance before or during the AGM, can contact NSDL on **evoting@nsdl.co.in** /1800 1020 990 and 1800 22 44 30 or contact Mr. Amit Vishal, Senior Manager – NSDL at **evoting@nsdl.co.in**.
 - All investors, including Institutional Investors are encouraged to cast their vote on the proposed Resolutions and also attend the AGM through VC/OAVM.
30. Since the AGM will be held through VC / OAVM, the Route Map is not annexed to this Notice.

EXPLANATORY STATEMENT UNDER SECTION 102(1) OF THE COMPANIES ACT, 2013

Item No. 3

As per Section 152 of the Companies Act, 2013 (the Act), unless the Articles of Association (the Articles) provide for retirement of all Directors at every AGM, not less than two-thirds of the total number of Directors of a public company shall

- (i) be persons whose period of office is liable to determination by retirement by rotation, and
- (ii) save as otherwise expressly provided in the Act, be appointed by the Company at the general meeting

In accordance with the afore-stated provisions of the Act and the Articles, Mr. Anup Bagchi (DIN: 00105962), a non-executive Director, shall be liable to retire by rotation at the AGM. He, being eligible, has offered himself for re-appointment.

Mr. Anup Bagchi is not disqualified from being appointed as a Director, under Section 164 of the Companies Act, 2013. Necessary disclosures pursuant to Regulation 36 (3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meetings, with regard to the re-appointment of Mr. Anup Bagchi, are provided in Annexure I to this Notice.

Except Mr. Anup Bagchi, none of the Directors, Key Managerial Personnel and their relatives are, in any way, concerned or interested, financially or otherwise in the said resolution.

Your Directors recommend the ordinary resolution at Item No. 3 for your approval.

Item No.4

M/s Walker Chandiook Co. LLP and M/s BSR & Co. LLP are the Joint Statutory Auditors of the Company. M/s Walker Chandiook Co. LLP, bearing registration number 001076N/N500013 was appointed as one of Joint Statutory Auditors of the Company for a period of four years from the conclusion of the Seventeenth AGM till the conclusion of the Twenty First AGM of the Company.

M/s Walker Chandiook Co. LLP, being eligible for re-appointment for a further period of five years have offered themselves for re-appointment by providing certificate under Section 141 of the Companies Act, 2013, to the effect that their re-appointment, if made, would be in conformity with the limits specified therein.

Considering that M/s Walker Chandiook Co. LLP has extensive experience in conducting statutory audit of insurance, banking and other financial services companies, it is proposed to re-appoint M/s Walker Chandiook Co. LLP, bearing registration number 001076N/N500013, as one of Joint Statutory Auditors of the Company for a period of five consecutive years from the conclusion of the Twenty First AGM till the conclusion of the Twenty Sixth AGM, subject to the approval of the Members of the Company.

Further, for FY2021, the remuneration for each of the Joint Statutory Auditors was ₹ 9.90 million plus out of pocket expenses (subject to a maximum of five percent of the audit remuneration) and taxes as applicable.

It is proposed to pay a revised remuneration of ₹ 10.89 million each i.e. total remuneration of ₹ 21.78 million plus applicable taxes and reimbursement of out of pocket expenses (subject to five percent of audit remuneration), to the Joint Statutory Auditors, for FY2022.

The increase in the audit fees is primarily on account of the increase in time spent on the overall audit and increase in the related costs of carrying out the audit. The time spent on the overall audit has increased with increased expectations from auditors under the National Financial Reporting Authority (NFRA) and Institute of Chartered Accountants of India (ICAI), coupled with new transactions relating to derivative trades and reinsurance inward and increased certification requirements upon issuance of listed non-convertible debentures.

Pursuant to the Corporate Governance Guidelines for Insurers issued by the Insurance Regulatory and Development Authority of India, in 2016 and the applicable provisions of the Companies Act, 2013, the Board of Directors, on the basis of the recommendation of the Board Audit Committee, at its Meeting held on April 19, 2021, have approved the re-appointment of M/s Walker Chandiook & Co. LLP as one of Joint Statutory Auditors of the Company and the revised remuneration payable to the joint statutory auditors, subject to the approval of the Members.

Members are requested to consider and approve the re-appointment of M/s Walker Chandiook Co. LLP as one of the Joint Statutory Auditors and the revised remuneration payable to the Joint Statutory Auditors.

None of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested financially or otherwise, in the resolution set out at Item No. 4.

Your Directors recommend the ordinary resolution at Item No. 4 for your approval.

Item No.5

The Board of Directors, based on the recommendation of the Board Nomination and Remuneration Committee had appointed Mr. Wilfred John Blackburn, as non-executive (Additional) Director of the Company, nominated by Prudential Corporation Holdings Limited, with effect from August 29, 2020.

In terms of section 160 of the Companies Act, 2013, the Company has received notice in writing from member proposing the candidature of Mr. Wilfred John Blackburn to be re-appointed as non-executive Director of the Company as per the relevant provisions of the Companies Act, 2013.

Mr. Wilfred John Blackburn is not disqualified from being appointed as a Director under Section 164 of the Companies Act, 2013. Necessary

disclosures pursuant to Regulation 36 (3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2016 and Secretarial Standard on General Meetings, with regard to the appointment of Mr. Wilfred John Blackburn, are provided in Annexure I to this Notice.

Except Mr. Wilfred John Blackburn and his relatives, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested financially or otherwise, in the resolution set out at Item No. 5.

Your Directors recommend the ordinary resolution set forth at Item No.5 for your approval.

Item Nos. 6 – 7

The Members of the Company, at their Seventeenth AGM held on July 17, 2017, had appointed Mr. Dilip Karnik, (DIN: 06419513), as an Independent Director of the Company for a term of five consecutive years from June 29, 2016 till June 28, 2021, pursuant to the provisions of Sections 149, 152 and other applicable provisions of the Companies Act, 2013 (the Act) and the Rules framed thereunder, read with Schedule IV to the Act.

Pursuant to the provisions of sections 149(10) and (11) of the Companies Act, 2013, an independent director shall be eligible for re-appointment upon passing a special resolution by the Members of the Company. Further, pursuant to Regulation 17(1A) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, no listed company shall appoint a person or continue the directorship of any person as a non-executive director who has attained the age of seventy five years, unless approved by shareholders as a special resolution.

Mr. Karnik is a person of high repute, integrity and has rich and varied experience in the field of law and governance and considering the significant value added by Mr. Dilip Karnik to the Board of Directors and to the various Board Committees that he has been a member of, during his current term, the Board Nomination and Remuneration Committee, at its Meeting held on April 17, 2021, have recommended the re-appointment of Mr. Dilip Karnik as an Independent (Additional) Director of the Company, who will hold office up to the next AGM of the Company. Further, subject to approval of the members at AGM, the Board Nomination and Remuneration Committee has recommended his re-appointment as an Independent Director, not liable to retire by rotation, for another term of five consecutive years from June 29, 2021 till June 28, 2026.

Based on the recommendation of the Board Nomination and Remuneration Committee and afore-stated summary of performance evaluation of Mr. Dilip Karnik during his tenure as a Director, the Board has recommended the re-appointment of Mr. Dilip Karnik as an Independent Director of the Company, to hold office for a second term of five consecutive years commencing from June 29, 2021 to June 28, 2026 and who shall not be liable to retire by rotation.

Mr. Dilip Karnik satisfies the criteria for independence as specified in sub-section (6) of Section 149 of the Companies Act, 2013 and Regulation 16(1)(b) of the Securities And Exchange Board of India (Listing Obligations And Disclosure Requirements) Regulations, 2015.

Mr. Dilip Karnik is not disqualified from being appointed under Section 164 of the Companies Act, 2013. Necessary disclosures pursuant to Regulation 36 (3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meetings, with regard to the appointment of Mr. Dilip Karnik, are provided in Annexure I to this Notice.

The Members are, therefore, requested to grant their approval by way of a Special Resolution for the re-appointment of Mr. Dilip Karnik as an Independent Director of the Company to hold office for another term of five (5) years, from June 29, 2021 till June 28, 2026 and for continuation of his directorship during this second term (for which he is proposed to be re-appointed) on attaining the age of seventy five (75) years.

Except Mr. Dilip Karnik and his relatives, none of the other Directors, Key Managerial Personnel of the Company and their relatives are in any way concerned or interested, financially or otherwise in the passing of the resolutions set out at Item Nos. 6 and 7.

Your Directors recommend the special resolutions set forth in Item No. 6 and Item No. 7 for your approval.

Item No. 8

The remuneration of Mr. N. S. Kannan, Managing Director & CEO, as paid to him in FY2021, was approved by the Members of the Company and the Insurance Regulatory and Development Authority of India (IRDAI).

The Board has, on the basis of the recommendation of the Board Nomination & Remuneration Committee, approved the revision in the remuneration payable to Mr. N. S. Kannan, with effect from April 1, 2021, including the increase in Basic salary, Allowances and Retirals by 5%.

Employee Stock Options

Name & Designation	Number of stock options of the Company under the Revised Scheme (Employee Stock Option Scheme 2005 as approved by Members on July 17, 2017) [granted on April 19, 2021] for FY2021
Mr. N. S. Kannan, Managing Director & CEO	721,300

The vesting schedule of all the options referred above, is three years, in the proportion of 30:30:40, starting one year from the date of grant and the exercise period being five years from the date of vesting.

The Company, in addition to being governed by the Insurance Act 1938, is also subject to the regulatory requirements prescribed by IRDAI, whereby any benefit conferred, monetary or non-monetary, would be subject to approval of IRDAI in addition to the approval of the Members of the Company. The Company, accordingly, seeks the approval of IRDAI for the remuneration approved by the Board of Directors.

The Board, based on the recommendation of the Board Nomination and Remuneration Committee, has approved the Fixed Pay, including non-cash

benefits and perquisites along with their monetary ceilings and retiral, target performance bonus and options granted. The Company's approach to compensation is intended to drive meritocracy within the framework of prudent risk management, in accordance with the IRDAI Guidelines on Remuneration of Non-executive Directors and Managing Director/ Chief Executive Officer/ Whole-time Directors of Insurers.

The approval of Members is requested, for the remuneration payable to Mr. N. S. Kannan, subject to the approval of IRDAI.

Except Mr. N. S. Kannan, and his relatives, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested financially or otherwise, in the resolution set out at Item No.8.

Your Directors recommend the ordinary resolution at Item No. 8 for your approval.

Item No. 9

The Company has an Employees Stock Option Scheme (2005) (Scheme) which was last approved by the Board on April 24, 2019 and subsequently by the shareholders of the Company at the Annual General Meeting held on July 17, 2019.

As per the Scheme, "the aggregate number of shares issued or issuable since March 31, 2016 pursuant to the exercise of any Options granted to the Eligible Employees issued pursuant to the Scheme or any other stock option scheme of the Company, shall not exceed a figure equal to 2.64% of the number of shares issued as on March 31, 2016."

At March 31, 2021, the exercised and exercisable options granted by the Company were 2.06% as against the aforementioned limit of 2.64%. Accordingly, the number of options still available to be granted by the Company are 8,243,858 options or 0.58% of the number of shares issued at March 31, 2016. The stock options granted to employees in the annual grants are around 0.35%. While the limit is therefore adequate for the grant of stock options to employees in April 2021, it would not be adequate to grant options beyond FY2022.

The objectives of the Scheme are "to enhance employee motivation; to enable employees to participate in the long term growth and financial success of the Company; and to act as a retention mechanism, by enabling employee participation in the business as an active stakeholder to usher in an 'owner-manager' culture." Grant of stock options is therefore utilised as an important retention mechanism for top talent at senior and leadership levels and helps ensure that the compensation delivered to top talent remains competitive.

Considering the above, it is proposed that the limit prescribed in the Scheme be enhanced to allow for additional grants of stock options to employees, subject to the approval of shareholders in terms of dilution of shareholding and other regulatory requirements. Accordingly, it is proposed to increase the limit by 0.90% of the number of shares issued as on March 31, 2016, after taking approval from the shareholders. Consequently, the Scheme is proposed to be amended and the key changes proposed are as under:

Existing	Proposed	Rationale
Section IV: Shares subject to the Scheme		
1. The aggregate number of shares issued or issuable since March 31, 2016 pursuant to the exercise of any Options granted to the Eligible Employees issued pursuant to the Scheme or any other stock option scheme of the Company, shall not exceed a figure equal to 2.64% of the number of shares issued as on March 31, 2016.	1. The aggregate number of shares issued or issuable since March 31, 2016 pursuant to the exercise of any Options granted to the Eligible Employees issued pursuant to the Scheme or any other stock option scheme of the Company, shall not exceed a figure equal to 3.54% of the number of shares issued as on March 31, 2016.	As explained above
The maximum number of Options granted to any Eligible Employee in a financial year shall not exceed 0.1% of the issued Shares of the Company at the time of grant of Options.	The maximum number of Options granted to any Eligible Employee in a financial year shall not exceed 0.1% of the issued Shares of the Company at the time of grant of Options.	

There are no other changes proposed to the existing terms of the Scheme.

Information as per Regulation 6 of Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 ('the Regulations') are as follows:

(a) Brief Description of the Scheme

The Company granted Options to its employees under its Employees Stock Option Scheme, prior to listing, since approval of its Employees Stock Option Scheme – 2005. This pre-IPO Scheme shall be referred to as 'ESOS 2005' or 'Scheme'. The Scheme has six tranches namely Founder, 2004-05, 2005-06, 2006-07, Founder II and 2007-08, pursuant to which shares have been allotted and listed in accordance with the in-principle approval extended by the stock exchanges. The Scheme was instituted vide approval of its Members at the Extra-Ordinary General Meeting (EGM) dated March 28, 2005 and subsequently amended by the Members of the Company vide its EGM dated February 24, 2015.

The Scheme was last ratified and amended by the members of the Company at its AGM held on July 17, 2017 which is in compliance with the SEBI (Share Based Employee Benefits) Regulations, 2014

Further, the meeting of Board Nomination and Remuneration Committee (BNRC) and the Board held on April 24, 2019 had approved the amendment to the definition of "Exercise Period". The revision to the definition was approved by Members at the AGM of the Company held on July 17, 2019.

(b) Total number of options to be granted

The Scheme provides that an aggregate number of shares issued or issuable since March 31, 2016 pursuant to the exercise of

any options granted to Eligible Employees issued pursuant to the Scheme or any other stock option scheme of the Company, shall not exceed 3.54 % of the number of shares issued as on March 31, 2016.

(c) Identification of classes of employees entitled to participate in the Scheme

Permanent employees or a director (excluding independent director) of the Company or of a Subsidiary or a Holding Company are allowed to participate in the Scheme, as an 'Eligible Employee'.

(d) The appraisal process for determining the eligibility of employees under the Scheme

The Board Nomination and Remuneration Committee (BNRC) shall have the sole authority to designate any Eligible Employee as Participant.

In determining the Eligible Employee to receive an option as well as in determining the number of Options to be granted to a Participant (i.e. "Participant" means an Eligible Employee selected by the BNRC and to whom an Option is granted, or the Successors of the Participant, as the context so requires) the BNRC may consider the position and responsibilities of the Eligible Employee, the nature and value to the Company of the Eligible Employee's services and accomplishments whether direct or indirect, length of service, grade, performance, merit, present and potential contribution and conduct of the Eligible Employee and such other factors as the BNRC may deem relevant.

(e) The requirements of vesting and period of vesting

The Options granted to the Participant may vest in one or more tranches as may be decided by the BNRC and as stipulated in the award confirmation. Provided, however, there shall be a minimum period of one year between the grant of Options and vesting of Options.

No option or any part thereof shall vest, if the Participant does not fulfill the vesting criteria as stipulated in the award confirmation, or if the Participant's employment is terminated by the Company for cause or if the Participant voluntarily terminates employment with the Company, the Options to the extent not vested shall lapse / expire and be forfeited forthwith provided that this provision shall not be applicable to the employees of the Company who have resigned or who may resign on basis of management's decision from time to time to transfer them to companies, approved by the BNRC, including ICICI Bank Limited, or any of its subsidiaries /group / affiliate companies or to Prudential Corporation Holdings Limited or any of its subsidiaries /group / affiliate companies to the extent permitted/allowed by law or any relevant regulatory authority in India.

If the Participant's employment terminates due to death or permanent disability, whole of the Options shall immediately vest in the Participant's successors, or the Participant, as the case maybe.

In the event of resignation or termination of the employee, all the Options which are granted and yet not vested as on that day shall expire.

If the Participant's employment terminates due to retirement (including pursuant to any early / voluntary retirement scheme), the Options shall vest by such period as stipulated in the award confirmation, subject to the Participant demonstrating compliance with the Code of Conduct including undertaking of continued Good Conduct. Provided however, at the sole discretion of the BNRC, it may allow the whole of the Options or part thereof to vest at one time or at various points of time on the expiry of one year from the date of grant of Options. Provided however that in the event of death or permanent disability of the Participant after retirement but before vesting of Options, the whole of the Options shall immediately vest in the Participant's successors or the Participant as the case may be.

If a Participant is on deputation, or if subsequent to grant of Options, he is deputed or transferred, then notwithstanding anything contained in this Scheme, the vesting and exercise as per the terms of the grant shall continue for such transferred / deputed employee even after the transfer or deputation to the extent permitted/ allowed by law or any relevant regulatory authority in India, and the BNRC shall be entitled to specify additional vesting conditions or modify existing vesting conditions subject to which the Options will vest. However, such additional conditions shall not be detrimental to the interests of the employee being deputed or transferred. Unless a Participant is during such deputation working for the benefit of the Company, directly or indirectly, the period for which the Participant is or has been on deputation will be ignored for the purpose of reckoning the vesting period.

(f) The maximum period within which the options shall be vested

Subject to the provisions of the Scheme and applicable law and in addition to the other express powers and authorisations conferred by the Scheme, the BNRC shall have full power and authority to prescribe the vesting period and vesting criteria; provided, however, there shall be a minimum period of one year between the grant of Options and vesting of Options.

(g) The exercise price or the formula for arriving at the same

The Exercise Price shall be determined by the BNRC in concurrence with the Board of Directors of the Company on the date the Options are granted.

(h) The exercise period and process of exercise

Exercise Period would commence from the date of vesting and will expire on completion of such period not exceeding five years from the date of vesting of Options as may be determined by the BNRC for each grant.

(i) The maximum number of options to be granted per employee and in aggregate

The aggregate number of shares issued or issuable since March 31, 2016 pursuant to the exercise of any Options granted to the Eligible Employees issued pursuant to the Scheme or any other stock option scheme of the Company, shall not exceed a figure equal to 3.54% of the number of shares issued as on March 31, 2016.

The maximum number of Options granted to any Eligible Employee in a financial year shall not exceed 0.1% of the issued Shares of the Company at the time of grant of Options.

(j) The maximum quantum of benefits to be provided per employee under the Scheme

The maximum quantum of benefits, if any, the Options issued to an Eligible Employee shall be equal to the difference between the Exercise Price of the Options and the Market Price of the shares on the date of sale.

(k) Whether the Scheme(s) is to be implemented and administered directly by the company or through a trust

The Scheme shall be implemented and administered by the Company.

(l) Whether the Scheme(s) involves new issue of shares by the company or secondary acquisition by the trust or both

The Scheme involves new issue of shares by the Company, subject to the approval of the Members to the proposed amendment.

(m) The amount of loan to be provided for implementation of the scheme(s) by the company to the trust, its tenure, utilization, repayment terms, etc.

Not applicable, as the Company does not operate its Scheme through trust.

(n) Maximum percentage of secondary acquisition (subject to limits specified under the regulations) that can be made by the trust for the purposes of the Scheme(s)

Not applicable, as the Company does not operate its Scheme through trust.

(o) The method which the company shall use to value its options

The Company uses the intrinsic value method for accounting of Options in financial statements.

(p) The statement to the effect that the company shall conform to the accounting policies specified in Regulation 15 of the SEBI (Share Based Employee Benefits) Regulations, 2014

The Company shall conform to the accounting policies specified in Regulation 15 of the SEBI (Share Based Employee Benefits) Regulations, 2014.

(q) Declaration

In case the Company opts for expensing of share based employee benefits using the intrinsic value, the difference between the

employee compensation cost so computed and the employee compensation cost that shall have been recognized if it had used the fair value, shall be disclosed in the Directors' report and the impact of this difference on profits and on earnings per share (EPS) of the Company shall also be disclosed in the Directors' report.

The BNRC shall have all the powers to take necessary decisions for effective implementation of the Scheme. Consent of the members is being sought pursuant to Section 62(1)(b) and all other applicable provisions, if any, of the Companies Act, 2013 and as per Regulation 6 of the Regulations.

Non-Independent Directors and Key Managerial Personnel of the Company and their relatives, are deemed to be concerned or interested in the resolution to the extent of options granted or which would be granted to them under the Scheme.

Save as aforesaid, none of the Directors or Key Managerial Personnel of the Company including their relatives are, in any way, concerned or interested, financially or otherwise, in the proposed resolution.

A copy of the draft Scheme would be available for inspection at the Registered Office of the Company on all working days from 11:00 a.m. IST to 1:00 p.m. IST upto the end of the AGM.

Your Directors recommend the special resolution at Item No. 9 for your approval.

YEARS OF

CELEBRATING LIFE

Years of Celebrating Life

THE ICICI PRUDENTIAL LIFE INSURANCE STORY

Lives and livelihoods are two words, which captured people's emotions and defined the public discourse during FY2021. It was also the prism through which governments across the world shaped their economic and social development policies during the year.

For us at ICICI Prudential Life Insurance, these two words have always defined the way we approached our work, ever since we established our business 20 years ago. The bigger purpose of making a difference to people's lives and livelihoods has inspired the way we approached our business. It helps a great deal when you find the goal of the insurance business itself aligned to that purpose of providing financial security and protection to the country's citizens. It resonates with all of us and binds us together as an organisation. In that sense we have always been aligned to the Government's broader vision of financial inclusion.

ICICI Prudential Life Insurance completed 20 years in December 2020. What's really gratifying for us is the fact that over this period we have provided financial security and enabled the fruition of financial goals of millions of Indians.

Financial protection is the need of every citizen and from that lens life insurance is an excellent financial inclusion tool. As part of our vision of building an enduring institution that serves the protection and long-term saving needs of customers with sensitivity, we take our broader responsibility of educating and driving financial inclusion in the nation with a lot of seriousness. So, even when we started off 20 years ago, we issued our first set of policies to seven underprivileged children.

Life insurance is a long-term business where trust plays a central role. We have established that trust over the years by providing value through a suite of products that serve the various life stages of customers and by delivering superior service. As we scaled up, technology was really the enabler which helped us both understand a customer's requirements better and deliver faster and better service. Since then, ICICI Prudential Life Insurance has utilised technology, innovative products, and superior customer service to generate trust, relevance, respect and reputation among stakeholders.

SERVING THE NEEDS OF OUR CUSTOMERS

The journey over the last 20 years has been exciting as well as challenging. What has always differentiated us is our unbending focus on customer service. We call it “Customer First”.

Pre-empting the stated or latent needs of customers is vital to ensure they remain with us for the long-term. As a customer-centric brand we have always endeavoured to provide customers with a delightful experience. It is therefore heartening to note that our customers have stayed with us for the long-term and with minimal grievances. In FY2021, we had an industry leading 13th month persistency ratio of 87.1% up from 72.7% in FY2010. We also had one of the lowest grievance ratios of 46 as against 361 per 10,000 new retail policies sold in FY2011.

Life insurance is a promise made by the Company, on behalf of the policyholders to their families to provide them with financial security in their absence. And claims is really the moment of truth for us. At ICICI

Prudential Life Insurance every death claim has always been dealt with sensitivity and care. Besides, our ‘First Time Right’ motto has ensured seamless and quick processing. It gives us a lot satisfaction to see that it has resulted in a reduction in the claims settlement turnaround time from 11 days in FY2002 to just 1.4 days in FY2021 for genuine claims. Since 2002, we have settled ₹ 95.48 billion in death claims providing financial security to the loved ones of our customers.

DIGITALISATION AND INNOVATION

Together with our ‘Customer First’ philosophy, we also realised very early in our operations that technology would be the differentiator in the times to come. We used technology to help us achieve the trifecta of making life insurance accessible, convenient and an empowering experience.

As part of that conviction, we were one of the first life insurance companies to begin our digital transformation journey way back in 2012. This paid us rich dividends post COVID-19, enabling employees to transition to the work from home mode and ensure uninterrupted service to customers even during the national lockdown.

In the last two decades, the Company has introduced many industry-first innovations to simplify processes and transform the way life insurance is sold in India. Eventually, these have gone on to become industry benchmarks. For instance, the Company introduced tele-medical eight years ago and facilitated conducting home medicals for

customers unable to travel to diagnostic centres, which today has become an industry practice.

Leveraging our technology strengths, we were also the first to use instant Optical Character Recognition, launch the customer profiler and integrate Aadhaar and PAN services in our operations. Incidentally, we were the first life insurance company to officially offer WhatsApp as a customer service channel. Recently, we deployed an AI-speech recognition conversational Chatbot for renewal premium reminder calling.

Today, the convenience offered by our digital platforms is unmatched, especially in these challenging times. The platform offers our customers various innovative self-service options through digital enablers such as WhatsApp, Mobile App, Chatbot LiGo and the Company Website. Now, over 90% of transactions are self-help in nature and approximately 95% of new business applications are received digitally.

Over the years, we have developed deep understanding of customers by leveraging insights from big data and analytics, which has led to the introduction of several innovative products and services. 'Precious Life' and 'Lakshya' are just two examples of such product innovations. On the other hand, our visual IVR enables customers to access policy information on their smartphones almost instantly. These initiatives over the years have empowered customers while enabling the Company to enhance efficiencies.

GROWTH STRATEGY AND DISTRIBUTION STRENGTH

The Company's articulated strategy from the very beginning was to be a multi-product, multi-channel Company which provides choice, convenience, and a simple delivery mechanism to customers. Firmly rooted in this strategy, the Company offers a suite of protection and long-term savings products which match the customer's life-stage and risk profile.

Our product mix too has changed over the years. We have transitioned from being an 82% ULIP dominated Company in FY2018 to having a balanced spread across all categories of products. For FY2021, our product mix was evenly distributed with 48% ULIP, 31% Non-Linked, 16% Protection and 5% Group.

Since inception, the Company has invested in product development as an integral part of staying ahead of the curve. This approach has culminated in a wide range of customer-centric products across the protection, savings and pension segments which match the needs of customers at every life-stage. These products enable customers to provide financial security to their families and achieve their financial goals.

A robust distribution network is pivotal to enhancing penetration and financial inclusion in the country. Our distribution strategy is based on a framework to provide long-term sustainable growth by being present on diverse platforms and touch-points preferred by customers. At the same time, the approach is to make life insurance easily accessible to a cross-section of customers. In order to realise this goal, the Company has over the years, stitched multiple tie-ups with corporate agents, brokers, bank partners, advisor networks, and insurance marketing firms. This

approach has paid rich dividends as distribution expansion has been one of the key drivers in increasing the Company's reach. Since inception, the Company's operational presence has expanded from just 5 cities, i.e., Mumbai, New Delhi, Pune, Chennai, and Kolkata, in 2001 to 517 branches across the length and breadth of the country.

Significantly, innovative products, distribution reach and superior customer service has enabled the Company to seamlessly execute its 4P strategy of Premium growth, Protection business growth, Persistency improvement and Productivity enhancement. We remain on track to double the FY2019 absolute Value of New Business by FY2023.

FINANCIAL PERFORMANCE

Over the two decades, the Company has earned the trust of customers at every step of the way by delivering on the promises made and this is reflected in the growth of our Assets Under Management (AUM). Starting with an AUM of ₹ 1.24 billion in FY2001, we became the first private life insurer in the country to cross the ₹ 1 trillion mark in AUM in FY2015. As on March 31, 2021, the Company had an AUM of ₹ 2.14 trillion and a total sum assured of ₹ 20.30 trillion. Customers look up to us to achieve their long-term financial goals and our investment philosophy has ensured that we consistently delivered superior risk-adjusted returns for them. Over the years, we have demonstrated resilience across market cycles and we have a track record of having zero defaults in our portfolio since inception.

Customer-centric products coupled with a need-based selling approach has enabled the Company to become the preferred life insurance partner for customers. Over the last 20 years, the Company's total premium has grown from ₹ 59 million to ₹ 357.33 billion and the net worth has increased from ₹ 1.50 billion to ₹ 91.19 billion. Similarly, the Embedded Value, which includes the present value of future profits attributable to shareholders from the in-force business, stood at ₹ 291.06 billion on March 31, 2021. It is gratifying that with a new business sum assured of ₹ 6,166.84 billion in FY2021, the Company is now the private sector market leader. During this period, we were also the first insurance company to be listed on the stock exchanges and are now amongst the leading companies by market capitalisation.

PEOPLE STRATEGY AND CULTURE

Innovative products, a strong distribution network, superior technology and focus on customer service have helped us be on a profitable growth path. In addition to this, our unshakeable faith in our purpose of serving the long-term savings and protection needs of our customers with sensitivity and our core values have helped us climb summit after summit. Our core

values of Customer First, Humility, Passion, Integrity, and Boundarylessness are embodied by all our employees and defines who we really are. What has helped our people grow personally and professionally is rooted in the employee proposition of fairness and meritocracy, learning and growth and a supportive environment. Our people are our strength and we have over 14,000 people working with us.

In the last two decades, the people strategy adopted by the Company has evolved in line with its strategic imperatives which include the prevailing economic landscape, and competitive positioning. In today's time, as companies compete for talent in a tight economy, retaining top talent is of paramount importance. At ICICI Prudential Life Insurance, we have focused on nurturing talent and building a culture of excellence through our Leadership Anchors and an integrated learning and development framework. As a result of this approach, today, 85% of the senior management in the Company has a vintage of over 10 years and 47% of the middle & junior management has a vintage of over 5 years with the Company. In addition, the Company's leadership development and succession planning processes have ensured that 88% of positions at leadership levels are filled internally.

SUPPORTING SOCIETY

At ICICI Prudential Life Insurance, promoting meaningful socio-economic development by empowering a large number of people to benefit from India's rapid economic progress is crucial to our Corporate Social Responsibility (CSR) philosophy. It is based on the belief that holistic development is effective only when a large section of the people have wider access to opportunities. As a life insurance company, we have supported programmes and initiatives, keeping "protection" as the cornerstone of all our CSR initiatives. In the last 20 years, we have touched over 1.8 million lives through our CSR programmes, with a total contribution of over ₹ 1.92 billion.

Looking back at the journey over the last 20 years, we are incredibly proud of what we have achieved. The road ahead is promising, and we would continue to provide joy to all stakeholders, scale new milestones, and, more importantly, build durable relationships with our stakeholders.

Executive Summary

ABOUT ICICI PRUDENTIAL LIFE INSURANCE

We are promoted by ICICI Bank and Prudential Corporation Holdings Limited. Since the commencement of operations in FY2001, we have been one of India's leading private life insurers. Through our comprehensive product suite, pan-India geographical presence and robust multi-channel distribution network, powered by a cutting-edge technology platform, we have been serving the growing and changing needs of our customers in India over the past 20 years. Our 'Customer First' philosophy has enabled us to have one of the best claim settlement ratios in the industry. Our robust investment policy has ensured zero defaults since inception and across market cycles. Our wholly-owned subsidiary, ICICI Prudential Pension Funds Management Company, distributes products under the National Pension System (NPS) and is a registered pension fund manager.

During FY2021, we were India's largest private life insurer on new business sum assured. Our total sum assured at March 2021 was ₹ 20.30 trillion.

To build an enduring institution that serves the protection and long-term saving needs of customers with sensitivity.

OUR VISION

OUR VALUES

Customer First

Keep customers at the centre of everything we do

Humility

Be open to learn and change

Passion

Demonstrate infectious energy to win and excel

Integrity

Do the right thing

Boundarylessness

Treat organisation agenda as paramount

OUR STRATEGY

Our objective is to create value for our customers, employees, shareholders and all other stakeholders. From our shareholders' perspective, our aspiration is to double the FY2019 Value of New Business (VNB) in 4 years through our 4P strategy of: Premium growth, Protection business growth, Persistency improvement, and Productivity enhancement, while ensuring customer-centricity continues to remain the bedrock of everything we do.

CUSTOMER-CENTRICITY CONTINUES TO BE AT THE CORE

Our array of product offerings is designed to meet the different life-stage requirements of our customers and provide financial security to their families. We have created a multi-channel distribution network and service architecture, enabling them to interact with us as per their preference. Our digital platform provides a seamless, convenient and immersive experience to our customers, be it for purchase or service requests.

Our commitment to our employees is based on the three cornerstones of Fairness & Meritocracy, Learning & Growth and providing a Supportive Environment.

DIGITAL LEADERSHIP

Keeping the well-being of our customers, distributors and employees at the forefront, our endeavour in the current pandemic has been to offer a digital fulfilment journey. With the prolonged lockdown in the wake of the COVID-19 pandemic, the appreciation for digital touchpoints has increased multi-fold. Leveraging this trend, we rolled out a robust collaboration platform and promoted the movement from phygital to fully digital. Additionally, our range of digital tools, such as the smart doc module and video verification have proved extremely useful in the current pandemic.

Our on-boarding digital platform, embedded with pre-approved sum assured (PASA) offers a frictionless, contactless and instant issuance opportunity. This involves analytics-based personalised offerings based on segmented risk assessment for paperless on-boarding and issuance. Keeping in mind the demands of young India, we have also partnered

with digital-first companies such as e-Commerce platforms, payment providers, insuretechs and fintech companies as our distributors. We are also able to pool data such as credit scores from external agencies and create bite-sized product offerings within the distributor's touch-points. Our backend systems are robust enough to issue millions of these bite-sized covers in a day. On system integration with partners and our modular technology platform helps us on-board partners in just a matter of days. With all these solutions, today, we receive over 95% of our new business applications digitally.

On the customer servicing front, we have used technology to go where our customers are. Video, voice and vernacular are the three pillars of personalisation on which we have built our customer engagement. Our device-agnostic platform - accessible through the website, mobile app, WhatsApp, voice bots, AI-powered chatbot - ensures that we can engage with our customers where they want, when they want, and in the language they want. Our technology enables scale, such as our humanoid calling app that can make 50,000 calls to our customers in an hour to remind them that their premiums are due. These tools have enabled our customers to execute over 90% of their service requests through self-help means, at their convenience.

Above all, as a life insurance company, the moment of truth for our customers is when a claim needs to be settled. We settled 98% of our claims during the year FY2021. Our average claim settlement time for non-investigated claims was less than 1.4 days for FY2021. With technology as our partner, we endeavour to make our customer experience simple, intuitive, and satisfying.

Our Integrated Reporting Approach

REPORTING OBJECTIVE

The objective is to provide stakeholders with relevant financial and non-financial information including environmental, social and governance components to take a well-informed investment decision. Through this report, we are sharing information on our operating context, external environment, strategy, material matters, performance, governance, business model and our engagement with stakeholders.

SCOPE AND BOUNDARY OF REPORTING

The Report covers financial and non-financial information and activities of ICICI Prudential Life Insurance and its subsidiaries for the period April 1, 2020 to March 31, 2021. Material events upto Board Meeting held on April 19, 2021 have been covered in this Report, where relevant, pursuant to the statutory and regulatory requirements.

REPORTING FRAMEWORK

Statutory and financial reporting

We have adhered to the Insurance Act, Companies Act, 2013, the Insurance Regulatory and Development Authority (IRDAI) (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002, the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, IRDAI Corporate Governance Guidelines, Accounting Standards issued by the Institute of Chartered Accountants of India (ICAI) and the Secretarial Standards issued by the Institute of Company Secretaries of India (ICSI).

Voluntary reporting

We have sought to adopt the principles of the International Integrated Reporting (IIR) Framework issued by the International Integrated Reporting Council (IIRC).

DETERMINATION OF MATERIAL MATTERS

The determination of material matters takes into consideration our operating context which includes the legal and regulatory compliance requirements, industry trends and risk management. Our material matters are those which are important to create value for our stakeholders in the short, medium and long-term. We have identified and analysed material matters pertaining to our business and are addressing them to ensure the sustainability of our business. Our materiality matters are covered in detail on page 44.

BOARD APPROVAL

The Board acknowledges that they have applied their collective mind to the preparation and presentation of the report and accepts its responsibility for the integrity of this report, which in the Board's opinion addresses all material issues and provides a fair and balanced view of the Company's performance. This report has been prepared in accordance with the International Integrated Reporting (IIR) Framework.

FORWARD-LOOKING STATEMENTS

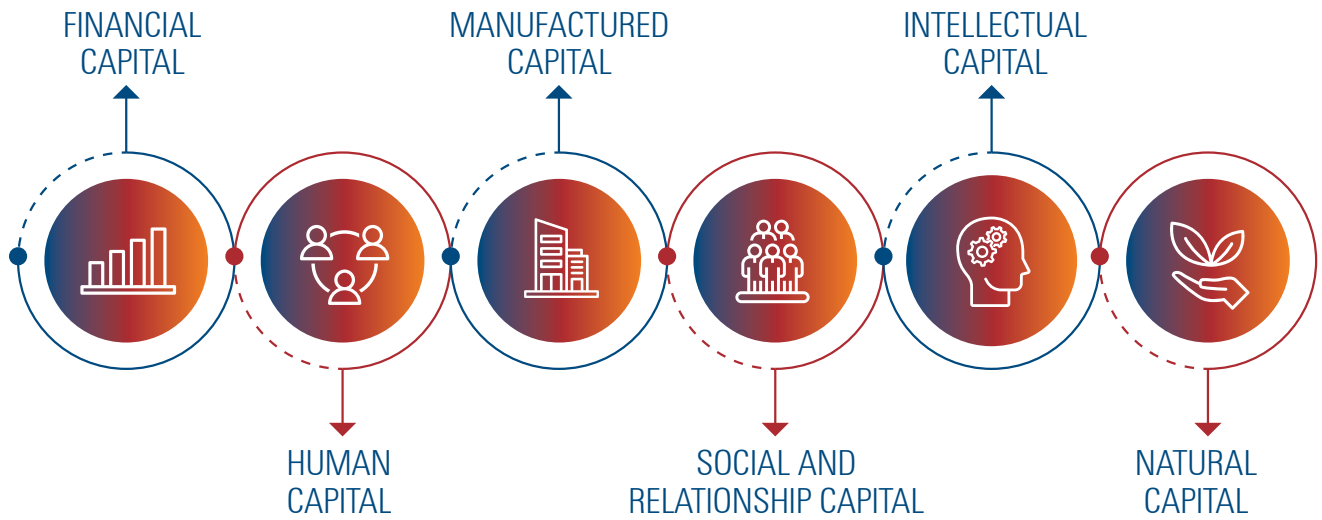

Certain statements in this Report regarding our business operations may constitute forward-looking statements. While these statements reflect our future expectations, it is important to remain mindful that a number of risks, uncertainties and other important factors could cause actual results to differ materially from our expectations.

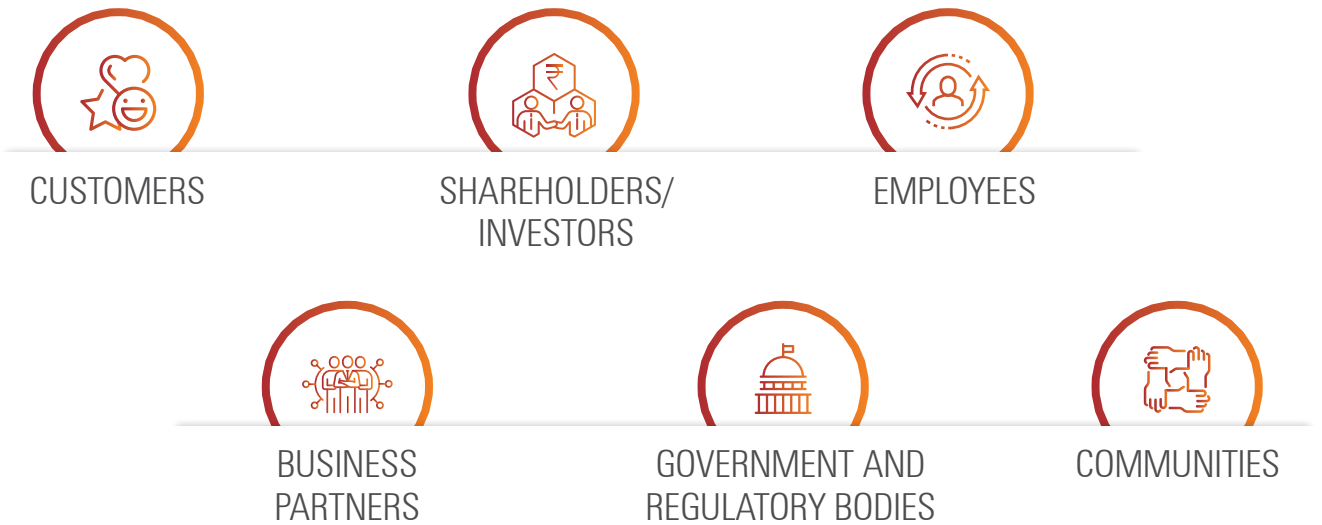

FEEDBACK AND SUGGESTIONS

We welcome your feedback and suggestions on this Report. You may email us at: investor@iciciprulife.com

Corporate Overview

Message from the Chairman

DEAR SHAREHOLDERS,

The turn of the decade would forever be marked by our resilient fight with an invisible adversary. COVID-19 engulfed more than 3 million lives worldwide and impacted livelihoods across the world. Despite all the hardships arising due to the pandemic, the collective response triggered by the indomitable human spirit will go down in history as a testament of our endurance.

Global economic damage due to COVID-19 is estimated in the range of \$ 5.8 trillion to \$ 8.8 trillion by the Asian Development Bank. Much like in other parts of the world, India too faced economic challenges but it has stabilised gradually. Given the lessons learnt from the first wave of COVID-19, we are now better prepared to deal with it and various projections suggest that the economy is back on the growth path.

COVID-19 AND OUR RESPONSE

Life insurance serves as a critical component in any prosperous society. When the lockdown was first declared, upholding the highest standards of being a responsible employer was vital. We therefore successfully transitioned all our employees to the 'work from home' model safely without causing any disruption to processes. Further, we also introduced various measures such as tele-consultation with Company doctors, addition of home care packages in the mediclaim policy, COVID-19 treatment leave and mental health counselling for employees and their families to help them during this hour of need.

Our early investments in technology helped us to be resilient and adjust to the new ways of working and contactless services. The various collaboration tools and the digital platform helped distributors and sales personnel transition to selling and meeting customers virtually from the safety and comfort of their homes.

Leveraging the power of technology, we provided our customers with a superior hassle-free experience across the policy life-cycle, from onboarding to servicing claims. Our full-service digital platform ensured uninterrupted service delivery to customers, including the crucial aspect of claims.

20 YEARS OF PROTECTING PEOPLE'S LIVES

The year 2020 also marked the 20th anniversary of the Company's operations. Despite several challenges, we remained highly focused on the needs of our customers by virtue of our investments in innovative products, digital processes, and a multi-channel distribution strategy. I want to take this opportunity to thank you for your continued support as we complete two decades of our momentous journey.

In the last two decades, the Company introduced many industry-first initiatives with the objective of simplifying processes that have gone on to set new benchmarks and revolutionised the way life insurance is sold in India. Our approach has been one of providing convenience to customers while simultaneously increasing organisational efficiencies. Tele-medical, which today has become a buzzword in the industry, was first introduced by us eight years ago. Similarly, the Company introduced home medicals

for customers who could not travel to local medical clinics. We also introduced the “Claim for Sure” service initiative where eligible claims are settled in one day after receiving all documents.

Leveraging our technology strengths, we were the first to integrate Aadhaar and PAN services in our operations, use instant Optical Character Recognition and developed the customer profiler. Recently, we also deployed an AI-based conversational Chatbot for renewal premium reminder calling.

ADVANCING ‘FINANCIAL INCLUSION’ THROUGH ACCESS TO LIFE INSURANCE

As behavioural changes induced by the pandemic make their impact felt over time, there is a strong need for financial inclusion as a major step towards inclusive growth and overall economic development. With the increasing share of working population coupled with greater financial awareness and affluence there will be an increased demand for protection and long-term savings. Financial inclusion and financial literacy increases the ability of the disadvantaged to make informed judgments and take effective decisions. At ICICI Prudential Life Insurance, we are serving the protection and long-term saving needs of our customers with sensitivity. We believe life insurance has a larger societal and economic role to play in ensuring that families have financial security while providing long-term funding for the economic development of the country.

OPPORTUNITIES AND CHALLENGES

The pandemic has revealed the protection gap and vulnerability of families in the country. According to the Insurance Regulatory and Development Authority of India, life insurance density in India has gone up from \$ 9.1 in 2001 to \$ 55 in 2018. However, despite the growth, our insurance density is just about a sixth of that of China. Similarly, according to a leading reinsurer, India’s protection gap stands at \$ 16.5 trillion. The landscape painted by these data points reveal the enormous opportunity waiting to be explored.

RESPONSIBLE CORPORATE

We, at ICICI Prudential Life Insurance, realise the importance of executing business objectives within the framework of stakeholder capitalism. We were therefore delighted to be featured as the only life insurance company in the Top 30 of India’s most sustainable companies by BW Businessworld in FY2020.

In the last 20 years, through our various Corporate Social Responsibility initiatives, the Company has touched over 1.8 million lives with a total contribution of more than ₹ 1.92 billion. In our fight against COVID-19, the Company contributed ₹ 100 million to the PM CARES Fund. In addition, employees made a total contribution of ₹ 26.50 million from their payroll towards this cause.

AT ICICI PRUDENTIAL LIFE INSURANCE, WE ARE SERVING THE PROTECTION AND LONG-TERM SAVING NEEDS OF OUR CUSTOMERS WITH SENSITIVITY. WE BELIEVE LIFE INSURANCE HAS A LARGER SOCIETAL AND ECONOMIC ROLE TO PLAY IN ENSURING THAT FAMILIES HAVE FINANCIAL SECURITY WHILE PROVIDING LONG-TERM FUNDING FOR THE ECONOMIC DEVELOPMENT OF THE COUNTRY.

ROAD AHEAD

At ICICI Prudential Life Insurance, we maintain a steadfast focus on customer-centricity and keep ourselves abreast with our customers’ evolving life goals. We have been continually investing in digital technologies to improve service quality and make operations leaner and cost-optimal. We aim to keep the customers’ best interests in mind, understand their needs and analyse drivers of their purchase decisions. In line with a dynamic and constantly changing landscape, we are redefining our work processes and speed of innovation.

Today, we are a truly customer-led Company and have established a platform from which to evolve and grow. With an ear-to-the-ground, we are constantly aiming to better serve the ever-changing needs of our customers. As we scale up for the future, we will continue to bring in new platforms and technology to capture new growth opportunities.

Once again, we are extremely proud of having completed 20 years of delivering on our promises and earning the trust of our customers. Being in the business of protecting against risks, we hope to be the custodians of our shareholders’ trust, to learn, to build, to thrive and to advance on this journey collectively.

Our performance over these two decades puts us in an excellent position to pursue our customer-focused strategy and deliver value to all our stakeholders. On behalf of the Board, I wish to express my sincere thanks to everyone who contributed to our journey in serving millions of customers. Together, we continue to impact and improve lives.

As always, I am grateful to my Board, my colleagues, customers, shareholders and other stakeholders for their support.

Best Regards,

M. S. RAMACHANDRAN

Chairman

Message from the Managing Director & CEO

DEAR SHAREHOLDERS,

As I reflect on the financial year 2020-21, the first thing that crosses my mind is the strength of the collective response shown by humanity in the fight against COVID-19.

There is no doubt that the world has been going through an unprecedented disruption and experiences of tragic proportions, probably not seen since World War II. The pathogen, with rapid mobility, led to a massive global health crisis and an economic fallout not witnessed since the Great Depression. Over 3 million lives have been lost and according to the International Labour Organisation, about 8.8% of global working hours, equivalent to 255 million full-time jobs have vanished. The pandemic also pushed governments world over to adopt stringent lockdowns which derailed economic activity and caused the global economy to shrink by 3.3% in 2020, according to the International Monetary Fund.

However, scientists were quick to find information regarding the virus genome sequencing, which led to the research on finding a vaccine. Since December 2020, several vaccines have been put into mass production. Doctors and other healthcare workers have been providing sustained and selfless service to humanity to limit the loss of lives and livelihood to the extent they can. In the battle against the virus, humans, though humbled, will eventually emerge victorious.

GLOBAL IMPACT ON BUSINESS

The impact of COVID-19 on businesses has been varied. Proximity sectors such as tourism, aviation, retail, hospitality, and automotive

were the hardest hit as consumer demand plummeted. Others such as pharmaceuticals, insurance and healthcare fared much better, with technology and related sectors specifically proving to be a safe haven for investors. Overall, the dominant economic model and the world's operating principles were stress-tested, revealing vulnerabilities of over-reliance on centralised global supply chain networks.

We believe the lessons learnt from the pandemic will lead to a paradigm shift in the way businesses operate. We are already observing the pace of digital and technological adoption moving at a frenetic pace compared to the pre-COVID-19 era. Similarly, companies that had built robust digital capabilities and those with a culture of digital adoption have emerged stronger. In the medium term, greater emphasis and focus would be on building sustainable business models recalibrated to the new emerging normal.

THE RESILIENCE OF THE INDIAN ECONOMY

As the crisis unfolded in India, the Government enacted proactive measures. They rolled out a ₹ 20 trillion economic stimulus package, provided free foodgrains to over 800 million people, carried out critical reforms under *Atmanirbhar Bharat* for MSMEs, and created a safety net for the economically weaker sections by transferring funds directly to their bank accounts. These measures helped the economy to stay resilient in the fight against COVID-19. According to official data, economic activity picked up pace in the third quarter of FY2021 and we are now better placed for growth. Of course, the second wave of COVID-19 and its potential impact on the

economy will be closely watched by policy makers for taking additional steps as may be needed to ensure continued resilience.

SERVING CUSTOMERS FOR OVER TWO DECADES

As we rose to the challenge to put our best foot forward, we also crossed a major milestone of completing 20 years of our existence during FY2021. As you would be aware, ICICI Prudential Life Insurance started operations by issuing the first set of policies to a group of seven underprivileged children in December 2000. As we look back, we feel proud of the journey of the last two decades leading to earning the trust of our customers at every step of the way. Since commencing operations, we have settled over ₹ 155.87 billion in maturity claims helping customers realise their long-term financial goals.

Over the years, we set industry benchmarks as also recorded multiple industry first achievements. We closed the first year of our operations in FY2001 with Assets Under Management (AUM) of approximately ₹ 1.24 billion and subsequently became the first private life insurer to achieve an AUM of ₹ 1 trillion in FY2015. As on March 31, 2021, the Company had an AUM of ₹ 2.14 trillion. In September 2016, we became the first insurance Company in India to list on the Indian stock exchanges, opening up a new category for investors. We are now one of the leading companies in terms of market capitalisation. We also raised subordinated debt capital of ₹ 12.00 billion in FY2021, the largest by an insurance company in India, to support our next phase of growth.

It is just not our business numbers, our employees too have grown with us during this period. Over the last 20 years, we have always strived to be an employer of choice and this is borne out by the impact we have made as a powerhouse of talent. We are a leadership factory with over 70 of our alumni in CXO positions in ICICI & Prudential Group companies.

REAPING THE DIGITAL DIVIDEND

As social distancing became the new normal during the pandemic, we accelerated use of digital tools to interact with customers and transitioned to a virtual mode of selling. We were always cognisant of the role that technology would play in the future. Therefore, we embarked on a digital transformation journey well before several others did, which saw a majority of our new business processes including issuance and customer service being digitalised.

During the lockdown, we quickly adapted to the altered business dynamics and advised our customers to make use of our digital enablers like WhatsApp, Mobile App, our Website and our Chatbot LiGo to initiate and conclude service requests as well as lodge claims from the safety of their homes. Besides, during the year, 90.2% of all service transactions were conducted by customers in the self-help mode while renewal collections

WE HAVE ALWAYS BEEN PROUD TO BE IN AN INDUSTRY WHICH IS CENTRED ON THE PURPOSE OF PROVIDING FINANCIAL SECURITY AND PROTECTION TO THE COUNTRY'S CITIZENS. DURING THE CURRENT CHALLENGING ENVIRONMENT, THE RELEVANCE OF OUR PURPOSE IS EVEN MORE ENHANCED AND WE REALISE HOW FORTUNATE WE ARE TO BE IN A POSITION TO MAKE A DIFFERENCE TO PEOPLE'S LIVES AND LIVELIHOOD.

through digital modes increased to 79.3%. Apart from operations, efficiency and productivity, new-age technology solutions have enabled us to better understand customers, develop innovative products and most importantly, simplify processes.

Today, the Company is leveraging technology to achieve scalability, improve cost efficiencies and deliver enhanced customer experience. Technologies such as Artificial Intelligence (AI) are being used for underwriting, claims assessment, selling or renewing policies and offering personalised pre-approved offers. After a successful pilot project with a conversational AI tool for premium renewal reminder calling, the Company is now evaluating its scalability and applicability in other areas. Other digital technologies such as Optical Character Recognition, Robotic Process Automation, BOTs and Pattern Recognition are also being used for various applications to further increase efficiencies and customer convenience.

OUR PERFORMANCE DURING THE YEAR

We have always been proud to be in an industry which is centred on the purpose of providing financial security and protection to the country's citizens. During the current challenging environment, the relevance of our purpose is even more enhanced and we realise how fortunate we are to be in a position to make a difference to people's lives and livelihood.

In a rapidly shifting economic, cultural and business landscape, the path to long-lasting admiration and success is rarely a straight line. Being nimble, receptive to change and having the ability to manoeuvre in the face of quandary is the need of the hour. When the country went into a national lockdown, we pivoted to our purpose and prioritised fast settlement of customer claims apart from ensuring safety of our employees, customers and distributors. All COVID-19 related health and death claims were

A COMBINATION OF FACTORS SUCH AS INNOVATIVE PRODUCTS, CHANNEL DIVERSIFICATION AND PARTNERSHIPS HELPED US MAINTAIN OUR POSITION AS THE MARKET LEADER AMONG ALL PRIVATE SECTOR LIFE INSURERS ON NEW BUSINESS SUM ASSURED.

handled with additional sensitivity and speed. Overall, we remained true to our vision of 'building an enduring institution that serves the protection and long-term saving needs of customers with sensitivity.'

Today, it has become imperative for every working individual to add life insurance as a key ingredient of financial planning. Apart from being a protection tool and providing the family with financial security, life insurance helps a customer save in a disciplined manner and achieve financial goals. During the year, the pandemic amplified the need for life insurance among people, leading to the category slowly moving from being a "push product" to a "nudge product".

In this overall background, we expanded our Value of New Business (VNB) margin from 21.7% in FY2020 to 25.1% in FY2021. Also, our Embedded Value grew by 26.4% to ₹ 291.06 billion during the year. A combination of factors such as innovative products, channel diversification and partnerships helped us maintain our position as the market leader among all private sector life insurers on new business sum assured. Our market share grew from 11.8% in FY2020 to 12.5% in FY2021.

The total premium income was ₹ 357.33 billion in FY2021, of which ₹ 130.32 billion was new business premium. Our protection business mix for the year stood at 16.2% as against 15.1% in the previous year. Today, we have one of the best persistency ratios in the industry with our 13th month persistency at 87.1% and 61st month persistency at 59.8% for FY2021. Besides, it is gratifying to note that our customer grievance ratio during the period is also low, at 46 per 10,000 new retail business policies.

Our solvency ratio, a key metric of our strength and resilience, stood at 216.8% as on March 31, 2021, well above the regulatory requirement of 150%. A sharp focus on maintaining balance sheet resilience through a robust risk management mechanism and stringent investment policy has helped ensure zero defaults since inception and across market cycles. As part of our prudent risk management strategy, we have created an additional provision of ₹ 3.32 billion for FY2022 towards COVID-19 related claims.

On the back of the risk-averse behaviour of our customers, there was considerable interest for traditional long-term savings products which grew by 61.2% for the year. Similarly, annuity products registered a robust 120% growth year-on-year. With ULIPs at 48%, traditional savings products at 31%, protection at 16% and group products at 5%, we now have a well-balanced product mix which now insulates us better from market volatility.

The under-penetration of life insurance in the country offers an excellent opportunity to life insurers with innovative product offerings and simplified processes. Our customer-centricity provides a solid foundation for us to stay on track to double our FY2019 VNB by FY2023 underpinned by our 4P strategy of Premium growth, Protection focus, Persistency improvement and Productivity enhancement.

CUSTOMER SERVICE AND DISTRIBUTION STRENGTH

We take pride in being a customer-centric organisation. Our claim settlement ratio and turnaround time for claims settlement stood at 97.9% and 1.4 days respectively, which we believe are one of the best in the industry. During the year, we were also awarded the "Claims and Customer Service Excellence Award" by FICCI, a testimony of our achievements in customer service. By virtue of our digital strengths, we launched the 'Claim for Sure' service initiative in July 2019 with the promise to settle all eligible death claims in one day after the receipt of all documents. As on March 31, 2021, we settled 14,252 claims, amounting to ₹ 8.77 billion under this service initiative.

We understand the power of partnerships and we forged over 100 tie-ups in this fiscal. These ranged from bancassurance partnerships that included IndusInd Bank, AU Small Finance Bank, IDFC First Bank, RBL Bank and NSDL Payments Bank, to tie-ups with distributors such as PhonePe Private Limited and Wealth India Financial Services. Besides, we also tied up with insurance broking entities such as BSE EBIX and Magnum Insurance Broking. These partnerships have enabled us to increase our distribution footprint. Specifically, our 23 bancassurance partnerships have enabled us to expand our reach to 162 million bank customers with a footprint of about 12,000 branches.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE (ESG) INTEGRATION

As we weathered the pandemic, we also focused our attention on assessing the relevance of ESG issues and integrated them into our business activities. As a responsible corporate, ESG has always been central to the Company's operations. In addition, there is a growing preference amongst investors to include sustainable businesses in their investment portfolio. By identifying and assessing our material environmental, social and governance issues, we are taking appropriate measures to control the ESG risks, attract long-term investors and build a sustainable business.

FUTURE OUTLOOK

Though the industry's growth even during the pandemic shows a promising future for India's life insurance sector, the pandemic has also highlighted the protection gap in the country. Looked differently, the number of COVID-19 related death claims is a fraction of the number of overall lives lost, highlighting the vulnerability of families.

While new business, based on retail weighted received premium of the industry has grown at a Compounded Annual Growth Rate (CAGR) of 10.4% from FY2002 to FY2021, the insurance density was still very low at \$ 55 in 2018-19 compared to international benchmarks. In addition, our analysis shows that India's retail protection sum assured as a percentage

of GDP is only 19%. As against this, the sum assured to GDP of other Asian economies such as Thailand, South Korea and Malaysia is 113%, 131% and 142% respectively, pointing to a huge growth potential.

Going forward, we believe, three aspects will determine the long-term sustainable growth in our VNB. First, the opportunity in the long-term savings business, which is expected to grow broadly in line with the country's nominal GDP. Second, leveraging the multi-decade opportunity in the massively under-penetrated protection segment. And third, optimising product mix further along with business quality parameters such as persistency and cost ratios to enhance the VNB margin.

The driving force for the last two decades has been our strong commitment to customers. Going forward, we will continue to support and help them manage risks and achieve long-term financial goals of their families.

We thank you for your continued support to us in this long journey.

Please take care and stay safe.

Warm regards,

N. S. KANNAN

Our Diversified Product Portfolio

ICICI Prudential Life Insurance offers a comprehensive suite of products which are designed to serve the life-stage based protection and saving needs of customers. We strive to be ahead of the curve by identifying the latent needs of customers and develop products which equip them to face the 'IFs' in life. Our products enable customers to provide financial security to their families as well as achieve their long-term financial goals.

NON-LINKED INSURANCE SAVINGS PLANS

We offer a range of these plans to meet the long-term saving needs of customers. They offer a life cover to ensure that customer's family is financially secured.

This is a specially designed guaranteed savings plan that provides customers the benefits of guarantee, life insurance cover and tax-saving. It comes with multiple plan options that enable customers to take guaranteed benefits either as a regular income starting from as early as 2nd policy year or as a lumpsum amount. The all-new 'Save the Date' feature under the Income and Early Income plan options of the product encourages the gifting tradition by letting customers choose a specific date of their choice to schedule their income payments.

This is a specially designed participating product that caters to the diverse needs of customers - whether it is long-term wealth creation with a lumpsum or varying income requirements at different life stages through regular income. Customers can also choose to receive regular income till 99 years of age. The product offers a life cover to protect the breadwinner, besides also offering bonuses in the form of regular additions, while providing a capital guarantee. There is also an exclusive incentive for women customers to encourage them to save more.

This is a participating insurance plan which provides attractive returns with the comfort of guarantee. Customers receive benefits such as guaranteed maturity benefit, guaranteed additions, regular bonuses and a life cover.

This is a participating insurance plan which offers a guaranteed amount every month for ten years. It also offers a guaranteed lumpsum amount at maturity, along with bonuses and a life cover with financial security to families in case of demise of breadwinner.

This is a micro-insurance plan that offers the dual benefits of savings and protection at affordable premiums starting as low as ₹ 200 per month.

This is a participating savings insurance plan. It offers the benefits of guaranteed additions and regular bonuses. Customers also have the flexibility of paying premiums for a limited period or throughout the tenure of the policy.

PROTECTION PLANS

We offer affordable protection plans that provide a 360-degree financial safety net to the customers and their families. These plans pay out a lump sum amount in case of occurrence of an event covered under the product.

This is an innovative term insurance plan which provides customers and their families a complete financial safety net, and also offers health and life insurance benefits. In addition to providing life cover, the product also offers a cover against 34 critical illnesses and ensures that the family's savings are insulated, if the customer is diagnosed with any of these critical illnesses. Customers have an option to increase their life cover by also taking the Accidental Death Benefit.

This health plan provides coverage against minor and major conditions related to heart and cancer at affordable premiums. The lumpsum claim amount enables the customers to seek immediate medical treatment.

This is a unique term plan specifically designed to provide a life cover for individuals with existing health concerns. The underlying health-related concerns include lifestyle-related ailments such as diabetes and high blood pressure, amongst other medical conditions. Customers have an option to enhance their life cover by also taking the Accidental Death Benefit.

UNIT-LINKED INSURANCE PLANS

We offer a wide array of savings products with a life cover. These products enable customers to systematically contribute towards achieving their long-term financial goals, such as buying their dream home, funding a child's higher education, among others. Unit-linked insurance plans are transparent, cost-effective, and offer customers the flexibility to switch their asset allocation between debt and equity and maximise returns. They also offer a tax efficient route and help customers build a savings pool.

This one-of-its-kind unit-linked plan returns all premium allocation charges to the customers not just once, but multiple times. With features such as Whole-life term option and Systematic Withdrawal Plan, it offers customers the flexibility to design a financial plan that can be customised to meet specific needs.

This product offers four portfolio strategies to its customers - Target Asset Allocation, Trigger Portfolio, Lifecycle-based Portfolio, and Fixed Portfolio. Long-term customers are rewarded by way of Wealth Boosters and Loyalty Additions.

This savings plan fulfils the customers' goals even in their absence, as all future premiums are paid by the Company.

This is a unique plan that offers the potential for high returns by investing a portion of the customer's money into equity, while also providing the dual assurance of capital guarantee and life cover.

This cost-efficient plan helps customers achieve their goals by paying the premium only once, i.e., a single premium. It also offers Wealth Boosters as a reward for staying invested till the policy matures.

GROUP TERM PLANS

Our group term plans offer financial protection to employees/group members and their families by offering a comprehensive life cover.

This is a one-year renewable term plan which offers protection to members of employer-employee and non-employer-employee groups at affordable premiums.

This credit-linked group micro-insurance plan offers financial protection to individuals availing small-ticket loans from financial institutions. Customers have an option to choose the Accidental Death Benefit in this product.

This is a product offering comprehensive financial protection to customers availing loans from financial institutions. It safeguards families from the burden of repaying the outstanding loan in case of the demise of the loan borrower. Customers can choose to include benefits like Critical Illness, Accidental Death, Terminal Illness, Accelerated Total Permanent Disability and Waiver of EMI on Hospitalisation.

This plan offers insurance protection at an affordable cost to members belonging to a group in case of a member's unfortunate death. The plan offers wider coverage through optional benefits such as Critical Illness, Accidental Death, Terminal Illness, Accelerated Total Permanent Disability and Waiver of EMI on Hospitalisation. It also offers the flexibility to customise benefit payout options, as per the needs of the members.

PENSION PLANS

Our pension plans are specially designed to enable customers build a savings corpus during their working years. It facilitates the customer to make regular contributions during the accumulation phase and ensures that they are able to lead a financially independent retired life.

This unit-linked pension product helps customers plan to receive a regular income after retirement. It offers the benefit of equity participation with the comfort of a capital guarantee during the accumulation phase.

ANNUITY PLANS

Through these plans, we offer steady and regular income to the customers and enable them to meet their expenses during their golden years. Customers have to pay a lumpsum amount and gain regular income or annuity payments for life.

This is designed as a one-stop solution to meet customers' income needs during retirement. It not only provides a guaranteed lifelong income, but also provides the flexibility to receive income either immediately or defer it to a later date, starting anywhere between 1 year and 10 years from the policy date. Additionally, customers can also choose from a bouquet of 11 annuity payout options that best suits their needs. Of these, a few unique ones offer annuity for life with early return of purchase price, starting at the age of 76 years, or return of purchase price in case of critical illness or disability, which makes the return of purchase price a living benefit for the customer.

Key Performance Indicators

MEASURING INCOME

Annualised Premium Equivalent (APE)

Sum of annualised first year premiums on regular premium policies, and ten percent of single premiums, from both individual and group customers.

New Business Premium

New business premium collected during the fiscal year. First-year premiums on retail regular premium policies plus single premiums.

Total Premium

Total premiums received on both retail and group products and is the sum of first year and renewal premiums on regular premium policies and single premiums.

Sum Assured or Life Cover

It indicates the quantum of money that an insurer agrees to pay on the occurrence of a stated contingency.

APE, New Business Premium and Total Premium (₹ billion)

Total Sum Assured (₹ trillion)

Distribution Mix (%)

Channels	FY2018	FY2019	FY2020	FY2021
Bancassurance	52.3	55.8	50.8	42.3
Agency	25.4	21.7	21.2	23.8
Direct	13.5	12.0	12.6	12.5

Total	100.0	100.0	100.0	100.0

MEASURING PROFITABILITY AND EMBEDDED VALUE

Value of New Business (VNB) and Value of New Business Margin (VNB Margin)

VNB is the present value of future profit streams to shareholders as measured in the year in which the new business is written. VNB is reported net of new business expenses. VNB margin is the ratio of VNB and APE for the period. It is similar to the profit margin for any other business / industry.

VNB (₹ billion) and VNB Margin (%)

VNB Split (₹ billion)

Figures in brackets represent share of VNB mix

Embedded Value (EV)

EV is a measure of the consolidated value of the shareholders' interest in the life insurance business. It is calculated as the sum of the Company's adjusted net worth (ANW) and the value of in-force business (VIF). The VIF includes the present value of future profits attributable to shareholders from the in-force business of the Company (which includes the new business written during the previous year). Future profits are computed based on assumptions such as persistency, mortality, morbidity and external factors like interest rates and capital market performance.

Embedded Value Operating Profit (EVOP)

EVOP is a measure of the increase in the EV during any given period due to matters that can be influenced by management. The key components of EVOP are expected investment income on opening EV (unwind), the VNB added during the year and the EV variances.

The EV variance is a measure of the performance as compared to what was assumed in arriving at the EV at the beginning of the year. The key factors are mortality, persistency and renewal expenses. If these variances are expected to continue in the future, then it is usual to capitalise these variances by way of an assumption change.

EV, EVOP (₹ billion) RoEV (%)

MEASURING FINANCIAL STRENGTH

Solvency Ratio or Solvency Capital

Solvency is a regulatory measure of capital adequacy. It is expressed as a ratio of available capital to required capital. A high solvency ratio instils confidence in the ability of the Company to pay claims, meet future contingencies and fund growth plans. IRDAI mandates a minimum solvency ratio of 150%.

Solvency Ratio (%)

Assets Under Management (AUM) (₹ trillion)

MEASURING QUALITY OF BUSINESS

Persistency

It measures the proportion of policyholders who have continued with their policies, indicating the Company’s ability to retain customers. The 13th month persistency ratio reflects the quality of the sale and the 61st month reflect the proportion of customers paying beyond the minimum term of 5 years. From a customer’s point, they benefit from lower effective charges the longer they continue with the policy.

Persistency* Ratio (%)

Persistency* by Product Category (%)

*Calculated in accordance with IRDAI circular IRDA/ACT/CIR/035/01/2014 dated January 23, 2014; excluding group policies

MEASURING QUALITY OF BUSINESS

Cost Ratio (%)

MEASURING QUALITY OF CUSTOMER SERVICE

Claim Settlement ratio

The percentage of claim settlement ratio is computed as follows: $\text{Number of individual claims settled} \div \text{Total number of Individual claims (Outstanding at the beginning of the year + Intimations for the year)} \times 100$.

Grievance Ratio

It is the number of grievances received per 10,000 new business policies issued (retail). A low grievance ratio indicates higher customer satisfaction.

Claim Settlement Turnaround Time

It is the average time taken to settle a claim from the date of receipt of the last requirement for Non-investigated claims.

Grievance Ratio (Per 10,000 new retail policies)

Claim Settlement Ratio (%), Average Claim Settlement Time (No. of days)

Ethical Business Practices

The Board of Directors are committed to the highest standards of corporate governance and ethical business practices, which it believes are critical to business integrity, performance and maintaining stakeholders' confidence.

The Board provides leadership either directly or through the committees of Directors and delegated authority, reviews all matters related to the Company's strategy and its standards of conduct. The Board is also responsible for ensuring that the management maintains a system of internal control that provides assurance of effective, efficient and timely operations, internal financial controls and compliance with applicable law and regulation. The organisation ensures and encourages the disclosure of any unlawful acts, wrongdoings and deviant behaviour, as may be necessary.

GOVERNANCE & RESPONSIBILITY FRAMEWORK

The Board has established a framework of policies and practices which we believe identifies all the elements of a sound approach to governance and responsibility. A Management Committee, comprised of senior officers led by the Managing Director & CEO, uses this framework to set and monitor governance and responsibility objectives, identify improvement opportunities and ensure that activities are aligned with the business strategy. Reputation, trust and confidence are essential elements that we seek to protect and enhance for the benefit of all our stakeholders.

Key elements of our Ethical Business Practices and Governance philosophy are as follows:

Board Governance Structure: We operate under a governance structure designed to establish effective checks and balances in the management of our Company, and create long-term value for all our stakeholders. The Board's constitution duly adheres to the applicable statutory requirements. The separation of Board's supervisory role from the executive management, and an effective independent Board is the basis of our corporate governance philosophy. Diversity in composition of the Board ensures having diverse thoughts, perspectives, knowledge, skills and industry experience to retain our competitive advantage. The Chairman of the Board is an Independent Director, and the Board Committees comprise of Independent/Non-Executive Directors (NED) and are chaired by Independent Directors (ID).

Employee Compensation Structures and Governance: The Company follows prudent compensation practices under the guidance of the Board and the Board Nominations and Remuneration Committee (BNRC). The Company's approach to compensation is based on the ethos of meritocracy and fairness within the framework of prudent risk management. While the Company aims to ensure internal and external equity consistent with emerging market trends, the Company's business model and affordability based on business performance set the overarching boundary conditions. The output from the performance management system and talent management system serve as the inputs for administration of the Compensation Policy.

Our long-term pay schemes including the Company's Employees Stock Option Scheme are designed to encourage institution building among employees. As a philosophy, long-term pay is given to enhance employee motivation, enable employees to participate in the long-term growth and financial success of the Company and act as a retention mechanism.

For the Managing Director & CEO, compensation is aligned to both financial and non-financial indicators of performance including controls like risk management, process perspective, customer perspective and others. Compensation for wholetime Director/s is aligned to their pre-defined Key Performance Indicators as approved by the Board and BNRC, and to prudent risk parameters such as solvency, grievance redressal, expense management, claim settlement, overall compliance status and overall financial position such as the net-worth position and Assets Under Management (AUM). The quantum of performance bonus as a percentage of total fixed pay is governed basis the Compensation and Benefits Policy.

Compliance Framework: IRDAI is the primary regulatory authority of the Company. The Board of Directors, through the Board Audit Committee, oversee our compliance framework. The Company has various compliance policies and procedures, including a compliance policy, code of business conduct and ethics, policy against sexual harassment at workplace, professional workplace conduct, anti-bribery and anti-corruption policy, whistle-blower policy and a code of conduct for personal investments. Compliance responsibility vests with each business department and the Compliance Policy serves as a guiding force in building the compliance culture within the organisation. In accordance with the above framework, the Compliance function creates Company-wide awareness and provides guidance on applicable insurance laws, regulations, guidelines and circulars issued by the regulatory authority.

Risk Management: Risk is an integral element of our business and managed acceptance of risk is essential to generate shareholder value. The risk governance structure of the Company consists of the Board, the Board Risk Management Committee, the Executive Risk Committee and its sub-committees. The risk philosophy of the Company is outlined in the Board approved risk policy which is reviewed by the Board at least annually. The Board risk policy details identification, measurement, monitoring and control standards relating to various individual risks, namely investment (market, credit and liquidity), insurance, operational (including legal, compliance, outsourcing, business continuity, information and cyber security) and reputation. The Board periodically reviews the potential impact of strategic risks such as changes in macro-economic factors, government policies, regulatory environment and tax regime on the business plan of the Company. In addition to these risks, the life insurance industry faces a number of emerging risks e.g. ESG related risks. One of the most prominent ESG risks is that of climate change and its potentially far-reaching consequences. Apart from climate change, there are emerging risks associated with public health trends such as increase in obesity-related disorders and demographic changes such as population urbanisation and ageing. Our risk management framework seeks to identify, measure and control our exposures to all these risks within our overall risk appetite.

Investment Framework: The Board and Board Investment Committee (BIC), supported by the Executive Investment Committee (EIC) oversee the investment management, investment norms and the monitoring and

control processes related to investments. The Investment Policy sets out the framework and guidelines for the management of investments with the objective to ensure adequate returns on the policyholders' funds with the protection, safety and liquidity of such funds. The framework encompasses aspects concerning compliance with prudential regulatory norms on investments, prudent risk management and mitigation strategies to ensure commensurate yield on investments

Framework for Managing Conflicts of Interest: The Company has a Framework for Managing Conflicts of Interest that clarifies the principles and the measures to manage potential conflicts of interest at the individual and the organisation level, in order to conduct its activities in an ethical and transparent manner. Declarations are annually obtained from employees on any potential conflicts of interest, and any potential conflict of interest are duly assessed and acted upon.

Code of Conduct: The Company is committed to adopting the highest business, governance, ethical and legal standards in the conduct of its operations. The Company has a Code of Conduct which defines the professional and ethical standards that employees and Directors need to adhere to in compliance with all applicable statutory laws, regulations

and internal policies. The Code of Conduct is published on the Company's website and Intranet. Employees including Directors are required to annually confirm that they have read and understood the Code of Conduct. All new employees are required to confirm that they have read and understood the Code of Conduct at the time of their joining.

Code of Conduct for dealing in Securities (Code): The Code reflects our commitment to operate with the highest level of integrity and ethical conduct, at all times. The Code establishes trading limitations and includes requirements for pre-clearance of personal securities transactions, minimum holding periods etc. Depending on the line of business and job function, employees may also be required to comply with an additional policy applicable to the specific corporate function. Policies that apply to employees may also apply to employee's spouse, minor children or anyone the employee provides significant financial support/advice.

Certain provisions of the code apply to directors including NEDs and IDs. Further, employees dealing in Company's securities are subject to more restrictive personal trading policies e.g. quarterly blackout periods till the release of Company's financial results.

Board of Directors

The following is the legend for the Board committee details

Independent Director

Mr. Choksi has been a practising professional for the past 43 years. Prior to setting up C.C. Chokshi & Co., he was Joint Managing Partner, National Leader - Tax and Financial Advisory Services of Deloitte, India.

His areas of specialisation include accounting, tax and corporate advisory services for domestic and international clients, finalising collaborations and joint ventures, corporate restructuring, turnaround and change management strategies, and analysing tax impact of various instruments. He is also member of the Society of Trust & Estate Practitioners Limited (STEP). He has also been on the Boards of the Taxation Committee of the Indian Merchant Chambers and the Bombay Chamber of Commerce & Industry.

Qualification: Chartered Accountant, Bachelor’s degree in Law, a member of the Institute of Cost and Works Accountants of India (ICWA), and Trust and Estate Practitioner (TEP) member of Society of Trust and Estate Practitioners (STEP).

MS. VIBHA PAUL RISHI

Independent Director

Ms. Rishi is an accomplished marketing evangelist with international experience in spearheading global marketing campaigns for high-visibility consumer products.

Ms. Rishi was with PepsiCo for 17 years in leadership roles in the areas of marketing and innovation in India, the United States and the United Kingdom, and was also one of the founding team members of PepsiCo when it started operations in India. She later moved to PepsiCo's headquarters to be a part of its international marketing team, followed by an innovation leadership role in London. She was associated with Tata Administrative Service in 1982 and was part of the core start-up team of Titan Watches from 1983 to 1988. Ms. Rishi served as the Head of Marketing and Group Strategy & Consumer Director of Future Consumer Limited.

She was associated with the Future Group as Group Strategy and Consumer Director and was responsible for marketing, communication and customer strategy of the Future Group companies. She served as an Executive Director of Brand & Human Capital at Max Financial Services Limited (formerly Max India Limited).

She is also associated with Pratham (Indian NGO). Her core competency includes product rebranding, new product development and launch, alignment of global marketing teams of start-ups, entering new international markets, best practices, organisational structure, strategic planning, and human resources.

Ms. Rishi has served on several Boards in Corporate India as Independent Director. She currently serves on the Boards of Asian Paints, Tata Chemicals, Indian Hotels, Philips Lighting India, Escorts Limited, etc.

Qualification: Master of Business Administration in Marketing from the Faculty of Management Studies, University of Delhi and Honours in Economics from Lady Sri Ram College, Delhi University.

MR. ANUP BAGCHI

Non-Executive Director nominated by ICICI Bank Limited

Mr. Bagchi is an Executive Director on the Board of ICICI Bank since February 1, 2017. He has been with the ICICI Group since 1992. He holds the responsibility for Retail Banking at the Bank. He also heads the ICICI Foundation for Inclusive Growth, the CSR arm of the ICICI Group.

He is responsible for the Retail Banking Group, Digital Channels and Partnerships, Rural and Inclusive Banking Group, Data Sciences and Analytics Group and the Corporate Brand Group for the Bank. He also oversees retail products, remittances and NRI services for the International Banking business.

He represented the ICICI Group in various regulatory committees of key bodies such as RBI and SEBI. He is a member of RBI's Expert Committee on Micro, Small & Medium Enterprises and of SEBI's Committee on Financial and Regulatory Technologies (CFRT). He was in the Executive Committee of National Securities Depository Ltd., (NSDL), Advisory Committee of BSE Limited and was co Chairman of FICCI's Capital Markets Committee. He was also a member of SEBI's Secondary Markets Advisory Committee (SMAC), Fair Market Conduct Committee and Committee on Financial and Regulatory Technologies and Risk Management Review Committee.

He has been honoured with 'The Asian Banker - Promising Young Banker Award' and 'Industry Newsmaker Award' by Zee Business.

Mr. Bagchi has worked extensively in the areas of retail banking, corporate banking and treasury and investment banking. Prior to his current role, he was the Managing Director & CEO of ICICI Securities Limited. Under his leadership, ICICI Securities won several prestigious awards.

Qualification: Management degree from Indian Institute of Management, Bangalore and an Engineering degree from Indian Institute of Technology, Kanpur.

MR. SANDEEP BATRA

Non-executive Director nominated by ICICI Bank Limited

1 3 6 8
55 30*

**As a non-executive Director of the Company*

Mr. Batra is an Executive Director on the Board of ICICI Bank Limited since December 23, 2020. Mr. Batra, a Chartered Accountant and a Company Secretary, has been with the ICICI Group since 2000. He holds responsibilities of the Corporate Centre at the Bank.

He is responsible for the Operations and Customer Service Group, Phone Banking Group, Human Resource Management Group, Infrastructure Management Services Group, Technology Group, Legal Group, Corporate Communications, Secretarial Group and Government & Strategic Relations functions. He also oversees regulatory and Board related matters for International Banking business. He is also administratively responsible for Risk function, Internal Audit and Financial Crime Prevention Group and Compliance Group.

Mr. Batra chairs the Board of ICICI Bank UK PLC. He is also on the boards of several ICICI Group companies – ICICI Prudential Life Insurance Company Limited, ICICI Lombard General Insurance Company Limited, ICICI Prudential Asset Management Company Limited and ICICI Venture Funds Management Company Limited.

In his previous stint with ICICI Bank, Mr. Batra was Group Compliance Officer. He has been a founder member of the ICICI Prudential Life Insurance Company Limited where he worked as Chief Financial Officer from September 2000 till 2006 and then as Executive Director and a member of its Board from January 2014 till July 2018. At ICICI Prudential Life Insurance Company Limited, he was responsible for finance, investments, actuarial and risk, and compliance functions. He was also instrumental in leading the company to India’s first IPO in the insurance space.

Qualification: Chartered Accountant and Company Secretary.

MR. WILFRED JOHN BLACKBURN

Non-executive Director nominated by Prudential Corporation Holdings Limited*

1 2 3 4
5 6 8
54 7

Mr. Blackburn is Regional CEO, Insurance Growth Markets at Prudential Corporation Asia, a position he assumed with effect from February 2020. In this role, he is responsible for steering 16 markets across Asia and Africa towards greater growth. Prior to this, Mr. Wilfred was the CEO of Prudential Assurance Company Singapore (Prudential Singapore), a position he held for four years.

Mr. Wilfred is an industry veteran with close to three decades of diverse life insurance experience, having lived in seven Asian countries over the past 20 years.

He joined Prudential Corporation Asia in 2012 and initially led new market initiatives out of Hong Kong. This role included overseeing the launch of Prudential’s business operations in Cambodia and the establishment of Prudential’s representative office in Myanmar and Laos. In July 2014, he was appointed CEO of Prudential Vietnam, and subsequently as Vietnam Country Head, where he also oversaw the asset management and consumer finance business.

Prior to joining Prudential, Mr. Wilfred was with Allianz for over 11 years, where his roles included CEO of their life insurance joint ventures in China, Thailand and the Philippines and Regional GM, Life & Health Insurance for Asia. Before Allianz, Mr. Wilfred worked in the United Kingdom for three life insurers after commencing his career with a firm of consulting actuaries.

Qualification: Postgraduate Diploma in Actuarial Science – City University (now CASS), Postgraduate Diploma in Global Business – SAID, Postgraduate Diploma in Global Business School (University of Oxford), Postgraduate – Harvard Business School, MBA – The University of Bath, Bachelor of Science in Mathematics – University of Newcastle upon Tyne

** Mr. Wilfred John Blackburn was appointed as the Non-executive (Additional) Director from close of business hours on August 28, 2020 i.e. with effect from August 29, 2020.*

MR. N. S. KANNAN

Managing Director & CEO

3 7 8

55 34*

*As the Managing Director & CEO of the Company

Mr. Kannan is the Managing Director & CEO of ICICI Prudential Life Insurance Company since June 19, 2018. Mr. Kannan has been with the ICICI Group for over 30 years and has worked in various leadership/executive roles within the group. He served on the Board of ICICI Bank as Executive Director between May 2009 and June 18, 2018. Prior to joining the Board of ICICI Bank, Mr. Kannan was the Executive Director of ICICI Prudential Life Insurance Company from August 2005 to April 2009.

Mr. Kannan has also had extensive experience serving on the boards of other group companies. Mr. Kannan served as the Chairman on the Boards of ICICI Securities Primary Dealership, ICICI Bank UK Plc, and as a Non-Executive Director on the Boards of ICICI Prudential Life Insurance Company, ICICI Lombard General Insurance Company, ICICI Prudential Asset Management Company and ICICI Bank Canada.

During his tenure as Executive Director at ICICI Bank, his responsibilities included Finance, Treasury, Legal, Operations, Secretarial, Corporate Communications, Corporate Branding, Infrastructure Management, Strategic Solutions Group and ICICI Foundation for Inclusive Growth. Mr. Kannan also had the administrative responsibility for Risk Management, Compliance and Internal Audit functions. Besides, during his tenure at ICICI Bank, he has also handled Project Finance, Infrastructure Finance and Structured Finance.

Mr. Kannan has also served on various expert committees constituted by the Government of India, regulators and industry associations. He has served on the Insurance Advisory Committee constituted by the Insurance Regulatory Development Authority of India, Reserve Bank of India's (RBI) Steering Committee on Implementation of Indian Accounting Standards, IBA Sectoral Committee of Private Sector Member Banks, The Companies Law Committee Working Group on Raising of Funds, CII National Council on Corporate Governance and the Insurance Awareness Committee of the Life Insurance Council. Recently, he was appointed as a member of the Advisory Committee by the RBI for the first ever resolution of a financial services company under the Indian Bankruptcy Code.

Over the years, Mr. Kannan has won multiple awards including the Best CFO in India by Finance Asia in 2013 and the Best CFO in the Indian Banking/Financial Services sector by CNBC TV18 consecutively for two years. Besides, he was also ranked the second best CFO in Asia in a buy-side analysts' poll by institutional investors. Under his leadership, the ICICI Bank investor relations team was ranked third best in Asia in a sell-side analysts' poll by institutional investors. ICICI Bank's investor relations team was ranked the best among Indian companies by Finance Asia.

Qualification: Bachelor of Engineering (Honours) from NIT Trichy, Post-Graduate Diploma in Management from IIM Bangalore, Chartered Financial Analyst from ICFAI.

- 1) **Mr. Raghunath Hariharan**, Non-executive Director nominated by Prudential Corporation Holdings Limited. Ceased to be the Non-executive Director with effect from August 29, 2020.
- 2) **Mr. Puneet Nanda**, Deputy Managing Director. Ceased to be the wholetime Director from close of business hours with effect from June 15, 2020.

20 YEARS GONE BY

Over the past two decades, India's life insurance industry has evolved significantly, and can be broadly described through three phases of progression:

PHASE I LIBERALISATION

The initial phase of industry liberalisation saw high growth, specifically of the private sector, with a shift from only tax-saving need to goal based savings, and a shift from single channel to a multi-channel distribution architecture. New business premium² of the industry grew at a CAGR of 21% between FY2002 and FY2010.

PHASE II RECALIBRATION

This was followed by a phase of recalibration where several regulatory changes were introduced such as minimum sum assured coverage, minimum term of the policy. Additionally for unit-linked products, the customer value proposition was improved significantly. During this period i.e. FY2010 to FY2015, new business premium² of the industry declined at a CAGR of 6%.

PHASE III STEADY GROWTH

The third phase, from FY2015 onwards, witnessed three key developments – the private insurers regained their market share along with the overall growth of the industry, greater focus on protection and an increased visibility for focus on the sector with the public listing of three leading insurance players. The industry grew at a CAGR of 11% based on new business premium², between FY2015 and FY2021.

² Based on Retail Weighted Received Premium (RWRP)

THE NEW FACE OF LIFE INSURANCE IN INDIA

Over the last five years, besides savings products, the industry has also focused on protection and annuity products. During this period, the industry also focused on empowering its customers with self-help digital options and increasing the efficiency of distribution through various digital tools. While the industry as a whole made significant investments in technology, the extent of deployment has varied across insurers. While some insurers had looked collectively at the process, ecosystems and the technology, others looked at only addressing specific issues. The COVID-19 pandemic forced the industry to re-imagine the entire sales process. Insurers who had adopted digital transformation as a whole were able to quickly navigate the pandemic-induced challenges.

Today, the industry continues to draw a higher share of household savings owing to the increased attractiveness of life insurance savings products, the unique proposition of protection and annuity products and the seamless experience for customers and distribution provided by digitalisation. For FY2021, despite the COVID-19 pandemic, the life insurance industry reported a modest 3.0% growth in new business premium².

CURRENT OPERATING CONTEXT

The size of the Indian life insurance sector was ₹ 5.7 trillion³ on a total premium basis in FY2020, making it the tenth largest life insurance market in the world and the fifth largest in Asia⁴. The current competitive industry landscape comprises 24 companies. Of these, the Life Insurance Corporation of India (LIC) commands a 40% market share based on retail weighted received premium, in FY2021. The top 5 private life insurance companies together account for another 41% share of the market.

Market Share

Based on RWRP, Source: IRDAI

PRODUCT MIX

Non-Linked products contributed 82% of the new business premium of the industry, primarily driven by LIC. The private sector further saw an increase in share of non-linked products to 63% of the new business premium, with linked products contributing the balance during 9M-FY2021.

³ Source: Life Insurance Council

⁴ Source: Swiss Re sigma No. 4/2020

DISTRIBUTION TRENDS

The agency channel continued to be the primary channel for the industry, mainly driven by LIC. There has been no significant change in the channel mix of the industry as well as the private sector from FY2020 to 9M-FY2021. Direct sales through the proprietary sales force and internet are becoming more relevant.

THE INDIA OPPORTUNITY

Strong economic growth in the past two decades combined with a working age population of about half of the overall population of 1.3 billion, makes India's life insurance industry one of the potentially largest markets today. The insurance opportunity in India can be divided into three key segments:

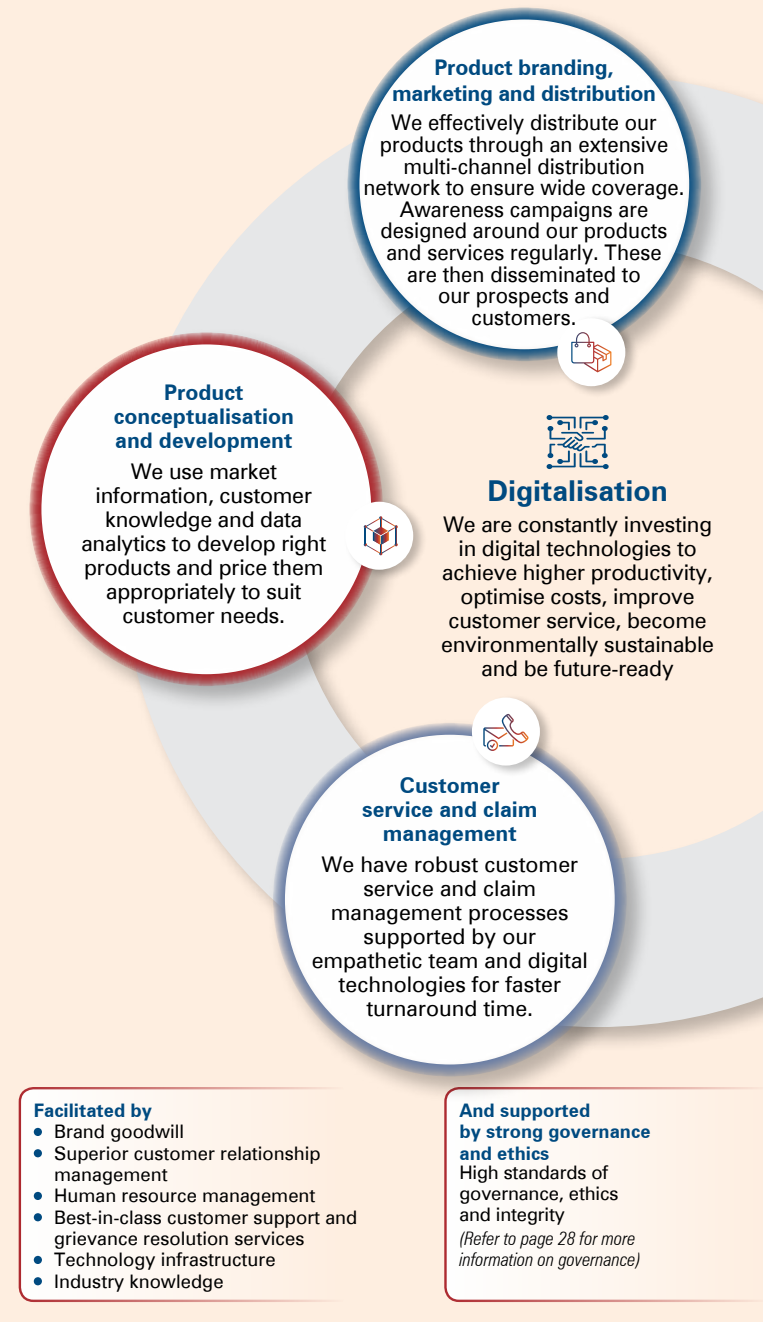

- Savings** - The Savings market is estimated to provide a steady growth opportunity, considering the under-penetration of life insurance in India at 2.8% of GDP, favourable demography, rising affluence, projected economic growth and the increasing allocation of household savings towards life insurance.
- Protection & health** - With a protection gap of USD 16 trillion, India is estimated to be nearly 15 years behind other developed Asian economies. The low penetration in protection with retail sum assured coverage through protection policies, at mere 19% of GDP, provides a strong multi-decade growth opportunity in the Protection segment. As and when the regulatory environment for the health business segment is further liberalised, industry may also see new propositions on health and wellness.
- Retirement** - The Retirement segment is the next big engine of growth, with only under 10% of India's working population covered under any pension programme.

For more details on opportunities envisaged by the Company, please refer to the section "Opportunities and Threats" under Management Discussion and Analysis in page 132 of this report.

Business Model

THE RESOURCES WE RLY ON	
INPUTS	FY2021
FINANCIAL CAPITAL	
The financial capital represents the amount of capital employed in the business to support operations and business strategy to generate value for shareholders	
Total Capital Employed	₹ 91.19 bn
MANUFACTURED CAPITAL	
Manufactured capital represents the physical assets in which we invest to serve our customers	
Company branches	517
Partner branches	38,000+
Capex for Land, Buildings, Improvements to Leasehold Property, Furniture, Office Equipments	₹ 3,412.0 mn
INTELLECTUAL CAPITAL	
Intellectual capital represents our technical excellence and digital readiness which enable us to gain competitive advantage in the industry. Our technical excellence lies in the underwriting expertise of our people. Digital technologies facilitate enhanced operational efficiency, better customer service and faster responsiveness.	
Capex for Information technology, Infrastructure	₹ 1,138.7 mn
Enterprise risk management framework	NA
Underwriting framework	NA
Investment framework	NA
HUMAN CAPITAL	
Human capital represents our employees who enable us to run the business smoothly, serve customers and achieve business objectives	
Workforce strength	14,413
Capability building (Total digital learning hours)	955,289
Workforce Diversity	
- Female	26%
- Male	74%
SOCIAL AND RELATIONSHIP CAPITAL	
Social and relationship capital represents quality of relationship with our customers, business partners and the community. They help us enhance our reputation, grow business and remain commercially and socially viable	
Fulfilling long-term savings and protection needs of our customers	NA
Business Partners	256,245
CSR contribution	₹ 109.8 mn
- Contribution to PM CARES Fund	₹ 100.0 mn
- Company-related CSR programmes	₹ 9.8 mn
NATURAL CAPITAL	
Natural capital represents the renewable and non-renewable natural resources that we use to operate our business and where we are investing to make our operations sustainable	
End-to-end digital solutions for business activities	NA
Energy efficient appliances and technology	NA
Smart water management in toilets/washroom	NA
Wastage reduction initiatives	NA
Recycling wet-waste and e-waste	NA
Collaboration platforms for employees to enable virtual meetings	NA

AND UTILISE IN OUR VALUE CREATION PROCESS

OUR VALUES

CUSTOMER FIRST
Keep customers at the centre of everything we do

HUMILITY
Be open to learn & change

TO CREATE VALUE FOR OUR STAKEHOLDERS

OUTPUTS

Financial Capital

- Resilient Balance Sheet
- Profitable growth

Manufactured Capital

- Wide and multi-channel distribution
- Customer service
- Brand visibility

Intellectual Capital

- Industry leading digital platform
- Superior risk-adjusted returns for customers
- Continued product innovation

Human Capital

- High quality, committed workforce
- Depth and breadth of leadership talent
- Strong employer brand

Social and Relationship Capital

- Financial inclusion
- Long-lasting relationship of trust with communities, customer and stakeholders

Natural Capital

- Waste reduction through digitalisation
- Carbon footprint saved from energy, water conservation and reduced travel

OUTCOMES

FY2021

FINANCIAL CAPITAL

Annualised Premium Equivalent (APE)	₹ 64.62 bn
Total Premium	₹ 357.33 bn
Value of New Business (VNB)	₹ 16.21 bn
Embedded Value (EV)	₹ 291.06 bn
Embedded Value Operating Profit (EVOP)	₹ 35.05 bn
RoEV	15.2%
New Business Premium	₹ 130.32 bn
PAT	₹ 9.60 bn

MANUFACTURED CAPITAL

Number of lives covered (in-force)	56.8 mn
------------------------------------	---------

INTELLECTUAL CAPITAL

Average claim settlement turnaround time	1.4 days
Renewal premium collection through digital mode	79.3%
Self-help platform usage	90.2%
Solvency ratio	217%
NPA (since inception)	NIL
AUM	₹ 2,142.18 bn

HUMAN CAPITAL

Employee productivity (New Business per employee)	₹ 9.0 mn
Junior & Middle Management Team	
- Junior & middle managers having vintage greater than 5 years	47%
Senior Management Team	
- Leaders having vintage greater than 10 years	85%
- Positions in leadership levels closed internally	88%

GOVERNMENT AND REGULATORY BODIES

- Statutory, legal and regulatory compliance
- Being a responsible corporate- fair dealings, conduct and transparency

COMMUNITIES

- Skill development and sustainable livelihoods
- Healthcare
- Employee volunteering
- Disaster relief and rehabilitation

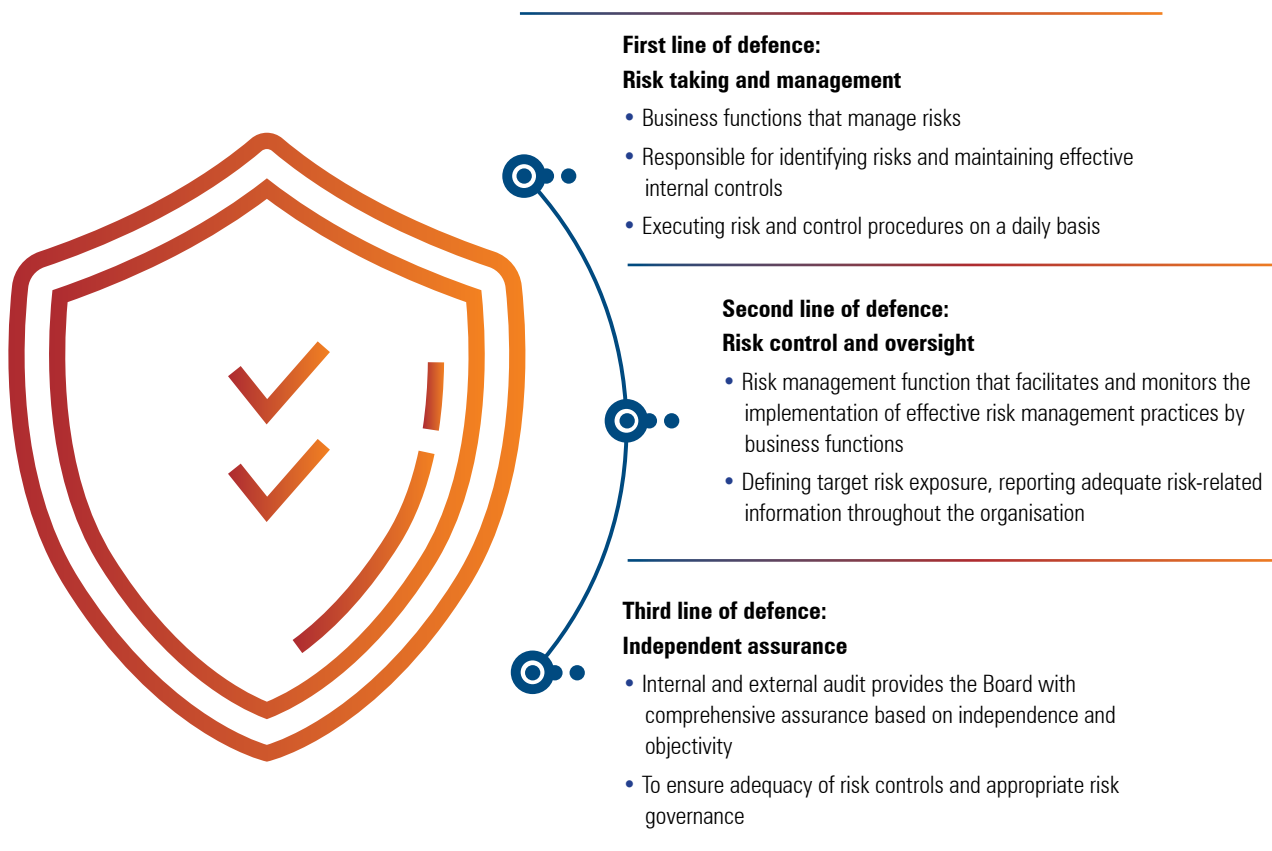

Risks & Opportunities

Regulatory compliance and alignment with emerging risk management practices are our key strategic imperatives. It forms a key element of our business. Managed acceptance of risk is essential to protect stakeholders from potential risks and generate adequate shareholder value.

RISK MANAGEMENT FRAMEWORK

The risk management framework at ICICI Prudential Life Insurance is a compilation of risks that we are prepared to accept, given the expected rewards and consistency with strategic objectives, and those risks for which we have no tolerance and want to avoid. The framework is designed to support risk-based decision-making and sets out limits and controls to ensure that our risk exposures remain within our risk appetite.

Our three lines of defence - Risk governance framework model

RISK LANDSCAPE

The key risks that we are exposed to can be broadly categorised into the following:

Market Risk

The risk arising out of variations in the level or volatility of the market prices of assets, liabilities and financial instruments, including the risk arising from any mismatch between assets and liabilities, due to external market and economic factors.

Credit Risk

The risk arising out of partial default, full default or delayed payments from counter-parties.

Liquidity Risk

The risk that the Company, though solvent, either does not have sufficient financial resources to enable it to meet its obligations as they fall due, or can secure them only at excessive cost.

Insurance Risk

The risk arising because of mis-estimation of the best estimate or because of random fluctuations in the frequency, size and timing of insurance liabilities. It includes mortality, morbidity and longevity risks, persistency risk and expense risk.

Operational Risk

Risk of loss resulting from inadequate or failed internal processes, people and systems, or from external events. It includes legal, fraud, compliance, customer, outsourcing, information and cyber security and business continuity risks.

Reputation Risk

The risk of potential or actual damage to the Company's image, which may impair our profitability and/or business sustainability.

Strategic Risk

The risks to our business plan due to changes in various factors such as macro-economic factors, government policies, regulatory environment and tax regime.

HOW WE MANAGE RISKS

Risk Identification

- Stress testing
- Product development process
- Capital management process
- Review of bases of assumptions
- Tracking key liquidity risk indicators
- Reviewing impact of strategic risks on business plan
- Framework for business concentration risk
- Risk and control self assessment
- Review of audit findings and loss events

Risk Measurement

- Risk to the solvency position
- Embedded Value (EV) at risk (VaR)
- Risk to the growth of the EV
- Liquidity ratio
- Actual vs expected experience
- Measurement of loss arising through process, system and manual errors
- Key operational risk indicators

Risk Control

- Investment specifications
- Asset liability management
- Product approval process
- Capital allocation decision
- Design of performance metrics and incentive structures
- Underwriting policy, claims assessment guidelines, fraud prevention policy, product contracts, reinsurance, re-pricing, experience analysis and review of bases
- Credit risk management processes
- Liquidity Contingency Plan
- Diversification of business
- Training & awareness, fraud management, business continuity management, information and cyber security framework, whistleblower policy

Risk Monitoring

- Periodic monitoring of risk profile
- Risk reporting
- Financial condition reporting

NAVIGATING THROUGH THE PANDEMIC

The COVID-19 pandemic posed multiple challenges for Indian life insurers. At the onset of the pandemic, there was a sharp fall in equity prices. Interest rates also declined as policy measures were triggered to deal with the economic impact of the disruption. With certain sectors under stress, there were concerns about credit defaults. Insurers have exposure to equities in unit-linked and participating businesses. Interest rate movements impact the liabilities and guarantees embedded in the business, while credit risk can impact investments made in corporates.

Further, sharp movements in markets, coupled with any asset liability mismatches that insurers may have, can impact the solvency position. With respect to the demographic impact of the pandemic, there were concerns about a significant increase in mortality and morbidity rates as well as the behaviour of existing policyholders, in terms of lapse/surrender/paid-up decisions.

Business continuity was a key concern given the restrictions due to the pandemic, such as the lockdown. Further, as many employees are working from home in the current circumstances, there were concerns about a potentially higher exposure to cyber security issues. Given the potential implications of the pandemic, the regulator had asked insurers to evaluate various risks, including solvency, liquidity, business continuity and cyber issues.

Demonstrating resilience

During the year, we focused on ensuring resilience of our business and operations. We carried out regular assessments of the ongoing situation covering various aspects such as emergency responses and safety measures, communication to stakeholders, processes for policyholder servicing and claims, information and cyber security, business continuity measures and impact on solvency, liquidity, business & asset liability management.

Given our early investments in digital platforms and strong business continuity framework, transitioning to a secure work from home scenario was seamless. We performed a controls assessment to identify any potential issues that could crop up due to the new way of working and put mitigants in place including enhanced awareness initiatives for cyber threats. Our approach has always been one of not taking on risks that we cannot manage. Unit linked and participating business segments together constitute a large majority of our total liabilities. These product categories largely pass on the market performance to customers.

During the year, while our exposure to products with interest rate guarantees increased, we hedged the interest rate risk of these products by entering into derivative contracts. On credit risk, we have always been cautious in our assessment of investment opportunities, and at March 2021, more than 96% of our total fixed-income portfolio was invested in either government securities or AAA rated securities.

We continue to hold our track record of not having any Non-Performing Assets (NPA) since inception. As far as mortality risk is concerned, while we have seen claims arising from the spread of COVID-19, our overall mortality experience, including deaths on account of COVID-19, continue to be in line with our liability provisions. We had been holding additional reserves towards COVID-19 claims, although we did not face the need to utilise any amount from these additional reserves. As is expected from a life insurance company, we had always been carrying out regular stress testing of our solvency and liquidity position to assess our preparedness to adverse circumstances. Resilience of our balance sheet implied that even after the sharp market shocks induced by the pandemic, our solvency ratio continued to be comfortably above the regulatory requirements. We have been carrying out further stress testing of our balance sheet over the current year. These tests demonstrated that even in further stresses, our solvency is expected to stay above the regulatory requirement. Although our solvency position was comfortable, in Q3-FY2021, we proactively used the opportunity offered by benign debt market conditions to raise ₹ 12 billion through issuance of subordinated debt, which strengthened our solvency position further.

EMERGING RISKS

The life insurance industry faces a number of emerging risks. Even as the ongoing COVID-19 pandemic continues to pose several challenges for life insurers, there are new risks related to ESG (environmental, social and governance) issues. For us, governance, ethics and sustainability are the overall responsibility of the Board, with its Committees playing key roles in identifying, mitigating and managing ESG risks and other material issues.

One of the most prominent ESG risks is that of climate change and its potentially far-reaching consequences. There is currently a lot of uncertainty about the impact of climate change and we have started working to better understand and address the potential impacts on our business. Apart from climate change, there are emerging risks associated with public health trends such as increase in obesity related disorders and demographic changes such as population urbanisation and ageing. Our risk management framework seeks to identify, measure and control its exposures to all these risks within its overall risk appetite.

For the impact of climate change on the asset side, we are implementing a framework for investment decisions that will support mitigation of risks due to climate change as well as other environmental, social and governance risks by factoring these in our investment decisions. For the liability side, it is difficult to estimate the impact of climate change on mortality and morbidity given the complex interactions with other factors such as environmental, social and demographic changes. Over the short-term, we do not expect climate change to have a material impact on our mortality and morbidity claims.

Over the longer term, the financial impact of risks due to climate change on our insurance liabilities could be more significant. Some of the key control mechanisms in our risk management framework which are applicable for the management of emerging risks are actual vs expected experience, review of bases, re-pricing of existing products, development of new products, underwriting strategy and reinsurance arrangements. We assess the effectiveness of our risk controls through periodic stress testing exercises. These exercises analyse our resilience under various adverse scenarios such as severe economic shocks and the impact of catastrophic events like pandemics.

Operational risk

Operational impacts from physical events triggered by climate change or otherwise could also challenge our operational resilience. One of the key mitigation approach for ESG-related risks is the Business Continuity Management (BCM) framework. Our BCM framework ensures resilience and continuity of key products and services at minimum acceptable level to achieve business-as-usual presence in the marketplace and safety of human resources. We regularly test our disaster recovery plans and update our business continuity plans to better integrate evolving risks and the findings of our testing programmes. We have also devised a process for crisis management through involvement of functional coordinators working under the supervision of senior management. As a part of the BCM framework, business impact analysis and risk assessment is conducted to assess the likely impact on our business processes due to adverse events such as natural disasters, pandemics, technical disruption like cyber-attacks and administrative decisions like lockdowns. We have been accredited with ISO 22301:2012 certification for our BCM systems.

Cyber risk

Information and cyber security within the insurance industry is vital because of the industry's size and scope and the vast amounts of data consumed by companies in the industry. As the insurance industry is migrating towards digital channels to enhance customer relationships and offer new products, there is an increased risk of cyber-attacks. In order to deal with such risks, we have an information and cyber security framework in place which ensures that all business information assets are safeguarded by establishing comprehensive management processes throughout the organisation, and information is protected adequately through appropriate controls and proactive measures. Based on the Information Security Management System (ISMS) controls implemented and the assessment conducted by the certification body, we have been awarded a certification under ISO 27001:2013 standard. We aim to reduce risks of unauthorised access, modification, sharing or destruction of data and service disruption.

RISK OUTLOOK

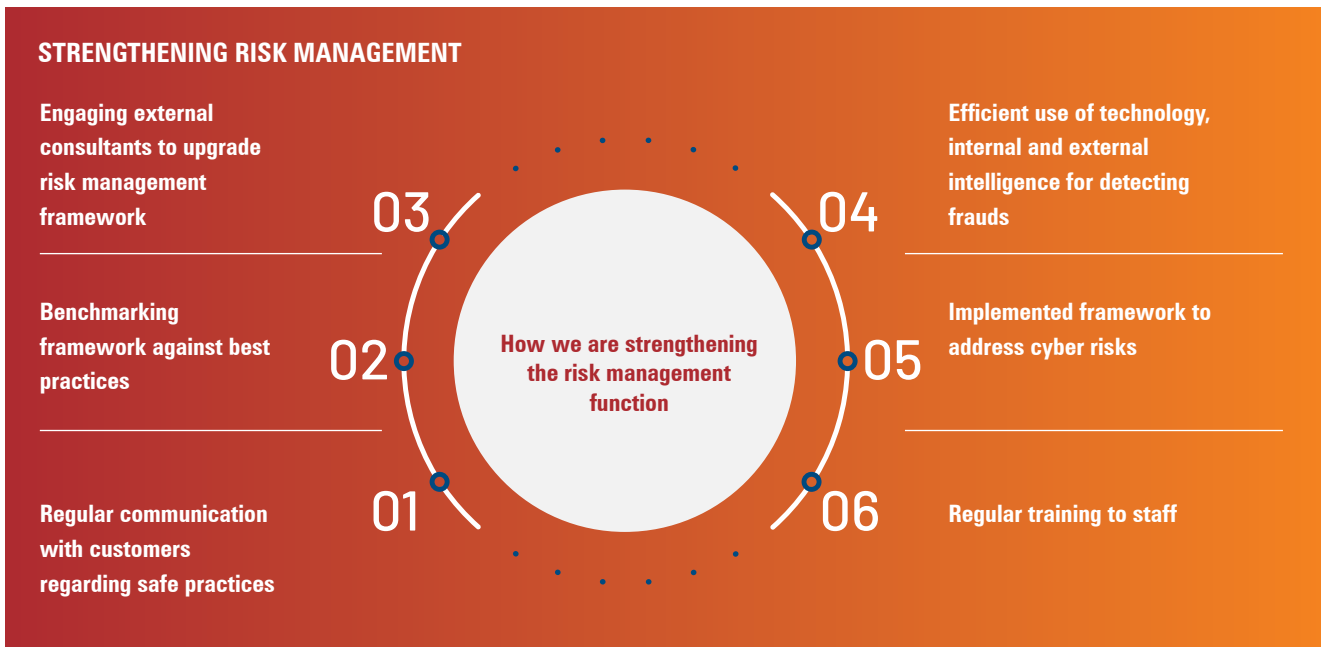

A detailed review of our risk exposures to market, credit, liquidity, insurance, operational, reputation and other emerging risks, as well as

the key control processes is set out in the 'Enterprise Risk Management' section of this Report in page 147. Our risk assessment process is an ongoing analysis of our risk profile. Testing the resilience of the balance sheet is an essential element of this process. It shows how our solvency position responds to different risk factors. In any reasonably foreseeable circumstances, our statutory solvency remains secure. As mentioned earlier, we have proactively raised subordinate debt during the year, despite our comfortable solvency position. This has improved our solvency position and increased our ability to support future business growth. Additionally, reverse stress testing and liquidity stress testing also demonstrate our resilience to scenarios which are extreme, but plausible.

While our solvency and liquidity positions continue to remain strong even in the current situation of the pandemic, business growth has been an area of challenge for us. We have been focusing on creating a base for future growth by diversifying our distribution through new agents, new partnerships and by enhancing our product suite. With adequate diversification across multiple dimensions, it is possible to better manage the impact of external developments. On the account of these changes, there has been a significant growth in our non-linked savings business during the year. Although a key risk in these products is that of falling interest rates, we are hedging this risk using interest rate derivatives. While the protection segment has been a focus area for us and the demand for protection products remains strong, there were supply side constraints during the year, including stringent underwriting guidelines and difficulties associated with conducting physical medical underwriting due to the pandemic. These constraints, along with an increase in premium rates of protection products driven by an increase in reinsurance rates, affected our retail protection business.

In the short-term, the profitability of the insurance industry is expected to be an area of concern given the increase in mortality and morbidity rates induced by the pandemic. Even more than a year after the pandemic first struck, there continues to be significant uncertainty regarding its absolute impact on mortality and morbidity experience. India has recently become the epicentre of the pandemic as the country recorded an surge in cases with the strike of a second wave of COVID-19, amidst a critical shortage of medical supplies. While the country is still grappling with a much severe second wave, there are concerns about the possibility of a third wave hitting the country. The health system capacity, the lockdown measures, the rate of testing and the vaccination coverage and efficacy will determine the eventual fatality rates.

The COVID-19 pandemic has highlighted the need for organisations to be dynamic, resilient and have a robust digital backbone to stay relevant. As we move forward, our clear approach continues to be to maintain the resilience of our balance sheet by offering suitable products and deploying appropriate risk management practices. Our agility to adapt to changing circumstances has served us well in the past and we will need to remain ever agile now in what could be a radically changed world.

OPPORTUNITIES

Our financial strength, coupled with ongoing transformation, makes us resilient and allows us to profit from new opportunities in a fast-changing business environment. For example, by combining customer and market understanding and evolving data-analytics techniques, we are well positioned for growth and increased productivity. Our key strategy is to enhance our product suite and launch newer products to capitalise the opportunities in the emerging environment, without comprising on our risk management approach. The mortality protection gap for India, which is high as compared to the rest of the world, provides significant opportunities for Indian life insurance companies to increase penetration of their protection business.

Similarly, an ageing population and an increase in average life expectancy offers opportunities for life insurers to expand their annuity business. Given our wide distribution network and strong customer proposition, we are increasingly focussing on these product segments. In the current situation of the pandemic, we have introduced products that provide benefits on hospitalisation or death due to COVID-19. For further details on opportunities envisaged by us, please refer to the section “Opportunities and Threats” under Management Discussion and Analysis on page 132 of this report.

Our Strategy and Progress

Our objective is to create value for our customers, employees, shareholders and all other stakeholders. Customer-centricity continues to be at the core of everything we do.

With our customer-centric approach, we have had a robust performance across service parameters. Our claim settlement ratio for individual death claims was 97.9% for FY2021. Average time taken for settlement of non-investigated death claims improved to 1.4 days in FY2021. Our grievance ratio was 46 per 10,000 new retail business policies issued for FY2021. Our 13th month persistency ratio¹ was 87.1% for FY2021.

A key pillar of our strategic growth is our employee pool. Our commitment to our employees is based on the three cornerstones of Fairness & Meritocracy, Learning & Growth and providing a Supportive Environment. We aim to facilitate capability building through virtual learning, on-the-job training, job rotation, job enrichment and other opportunities for career

progression. The Company has leadership stability and bench, with 85% of the senior management team having served the Company for more than 10 years and with 88% of senior management positions filled through internal succession in the last 5 years.

For our shareholders, our primary focus continues to be the growth of the absolute Value of New Business (VNB) through the 4P strategy of Premium growth, Protection business growth, Persistency improvement and Productivity improvement targeted at improving cost ratios. We believe that this 4P strategy is appropriate in the context of the huge insurance opportunity in the country, coupled with our objective to grow the absolute VNB.

PREMIUM GROWTH

The Company endeavours to grow premium through:

- **Deepening penetration in under-served customer segments:** The Company will continue to focus on broadening the customer base through initiatives spanning across both distribution and products.
- **Enhancing distribution:** The Company will look to strengthen its distribution network through a closer mapping of distribution segments with customer segments and products. The Company is also focused on expanding the distribution network through acquisition of new partners as well investing in creation of new sourcing channels.

- **Focus on pension & annuity:** The Company would continue to cater to the retirement savings need of customers while managing the investment risk appropriately.

Progress: Our new business received premium grew by 5.5% from ₹ 123.48 billion in FY2020 to ₹ 130.32 billion in FY2021. Our Annualised Premium Equivalent (APE) declined by 12.5% from ₹ 73.81 billion in FY2020 to ₹ 64.62 billion in FY2021. Given the pandemic, while we started the year with a significant decline in APE for Q1-FY2021, we started to build momentum and saw sequential improvement across the quarters. We registered an APE growth of 27% in Q4-FY2021. Within

¹ As per IRDA circular dated January 23, 2014

product segments, non-linked savings APE grew by 55.9%, annuity grew by 118.1%, protection APE declined by 6.3% and unit linked business declined by 35.2%.

₹ Billion	FY2019	FY2020	FY2021
New business premium	102.52	123.48	130.32

APE (₹ Billion)	FY2019	FY2020	FY2021
Savings	70.77	62.65	54.16
Linked	62.10	47.72	30.90
Non-Linked	6.99	11.41	17.79
Annuity	0.69	1.05	2.29
Group	0.99	2.47	3.18
Protection	7.22	11.16	10.46
Total	77.99	73.81	64.62

PROTECTION BUSINESS GROWTH

We are focussed on expanding the protection and health business across both retail and group segments. This would be done by offering protection products across channels, penetrating the online term insurance market and partnering with loan providers to offer coverage against loans.

Progress: The protection APE declined by 6.3% from ₹ 11.16 billion in FY2020 to ₹ 10.46 billion in FY2021. During the year, we saw an increase in end consumer prices for protection plans corresponding to an increase in reinsurance rates. Given the pandemic, supply side constraints (including general reluctance to visit medical centres and revised underwriting guidelines) impacted the retail protection business. However, we saw an increased demand in the group segment, specifically for group term products. With our focus on increasing the customer value proposition by adding critical illness and accidental death benefit riders in both retail protection as well as savings plans, our new business sum assured grew by 8.0% from ₹ 5.71 trillion in FY2020 to ₹ 6.17 trillion in FY2021. We were the private sector market leader with an overall market share increasing from 11.8% in FY2020 to 12.5% in FY2021.

APE (₹ Billion)	FY2019	FY2020	FY2021
Retail protection	4.36	7.68	5.72
Credit Life	1.57	2.35	2.41
Group term	1.28	1.13	2.33
Total	7.21	11.16	10.46

PERSISTENCY IMPROVEMENT

We believe persistency is probably the most effective indicator of the quality of sale and is a barometer of customer experience. This parameter tracks the percentage of customers renewing their policies. Maintaining a high level of persistency is critical to drive value for both customers as well as shareholders. We would seek to drive persistency improvements across all durations by encouraging long-term behaviour in our customers.

Progress: For FY2021, our persistency ratios for 13th month and 49th month were stable at 87.1% and 65.4% respectively.

Particulars	FY2019	FY2020	FY2021
13 th month	86.2%	86.8%	87.1%
25 th month	77.4%	78.3%	76.1%
37 th month	71.0%	70.1%	69.2%
49 th month	65.0%	67.3%	65.4%
61 st month	58.1%	58.7%	59.8%

Calculated in accordance with IRDAI circular IRDA/ACT/CIR/035/01/2014 dated January 23, 2014; excluding group policies.

PRODUCTIVITY IMPROVEMENT

Our productivity improvement initiatives are targeted at improving cost ratios. Technology and process re-engineering have been at the centre of our efforts to improve cost ratios. We would continue to leverage the digital platform to improve customer experience and efficiency of our service operations.

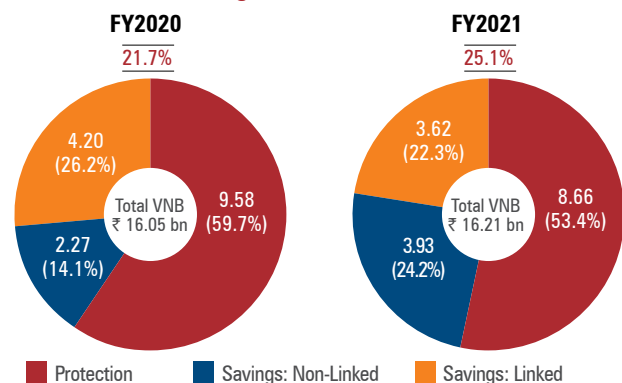

Progress: The cost to Total Weighted Received Premium (TWRP) ratio for the savings business has improved to 9.6% as against 10.4% for FY2020. The total cost to TWRP ratio stood at 14.8% in FY2021 compared to 15.9% in FY2020.

Particulars	FY2019	FY2020	FY2021
Cost / TWRP	15.0%	15.9%	14.8%
Cost / TWRP (Savings Line of Business)	11.5%	10.4%	9.6%
Cost / Average AUM	2.8%	2.9%	2.3%

VALUE OF NEW BUSINESS (VNB)

Our VNB increased from ₹ 16.05 billion in FY2020 to ₹ 16.21 billion in FY2021 showing a growth of 1.0% and VNB margin improved from 21.7% in FY2020 to 25.1% in FY2021. VNB for the protection and savings business is ₹ 8.66 billion and ₹ 7.55 billion respectively in FY2021, as compared to ₹ 9.58 billion and ₹ 6.47 billion in FY2020.

VNB (₹ billion) VNB Margin (%)

Figures in brackets represent share of VNB

Financial Capital

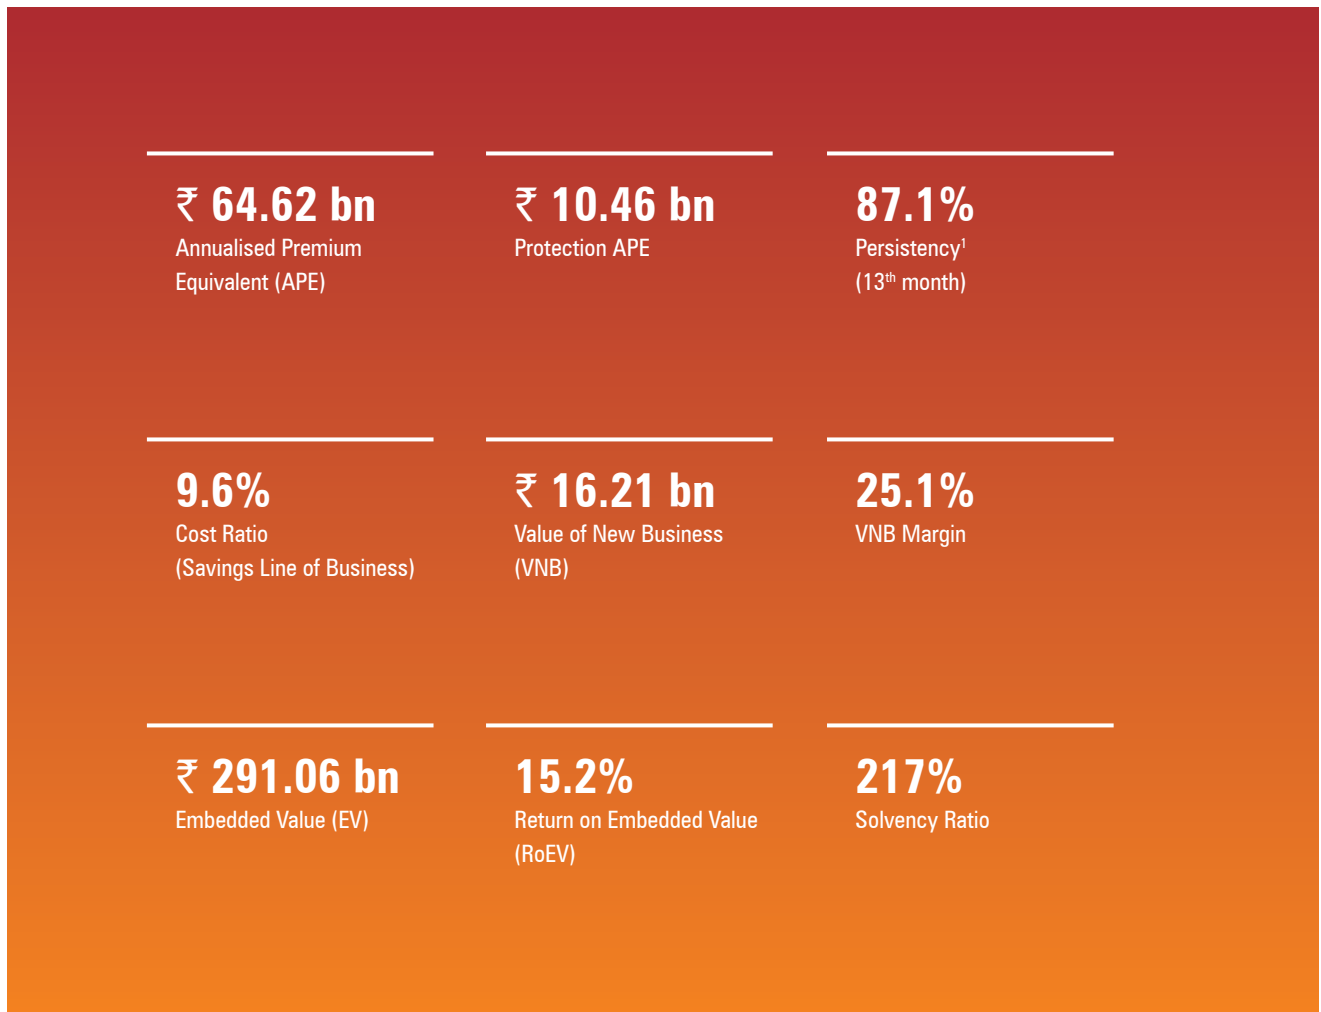

We continued to maintain a strong and healthy Balance Sheet over the last 20 years since our inception. During this period, our shareholders' networth increased from ₹ 1.50 billion at March 2001 to ₹ 91.19 billion at March 2021. Our Embedded Value, which also includes the present value of future profits attributable to shareholders from the in-force business, stood at ₹ 291.06 billion at March 31, 2021.

During the year, we proactively used the opportunity offered by benign fixed income market conditions to raise ₹ 12.00 billion through issuance of non-convertible debentures, which are unsecured and in the nature of subordinated debt. With this fund raise, our solvency ratio has improved to 217% at March 31, 2021.

We monitor our liquidity and asset liability positions regularly. Of the total liabilities, non-participating guaranteed return products comprise only 1.1%. On the fixed income, only 0.5% of the portfolio has been invested in bonds rated below AA, and our robust investment policy has ensured zero defaults since inception and across market cycles.

From a value creation perspective, our primary focus continues to be the growth of the value of new business (VNB) through our 4P strategy of Premium growth, Protection business growth, Persistency improvement and Productivity improvement, targeted at improving cost ratios.

¹ Calculated in accordance with IRDAI circular IRDA/ACT/CIR/035/01/2014 dated January 23, 2014; excluding group policies

Intellectual Capital

At ICICI Prudential Life Insurance, Intellectual Capital includes our valuable brand, technology systems and knowledge-based assets. For the past 20 years, the Company has remained a strong and resilient force, unwavering in its commitment to the life insurance sector. In a tough and competitive market environment, we leverage our intellectual capital to remain relevant and implement our strategies in an effective and efficient manner.

Since our inception 20 years ago, our brand philosophy centres around bringing to life our vision statement: “To build an enduring institution that serves the protection and long-term saving needs of customers with sensitivity”. Today, the ICICI Prudential Life Insurance brand is one of the most respected and recognised brand in India’s life insurance industry. Our domain expertise and technology provide us with a competitive advantage that helps us generate returns.

In the span of these 20 years, we have progressively increased our investment in research to develop innovative products. Also, with technology evolving at an unprecedented speed, we safeguarded information while maintaining integrity of our systems. Parallely, we also intensified our training activities to inculcate an even more customer-centric culture among our employees. Over these 20 years, the culmination of these efforts has resulted in the Company being able to reach out to millions of customers across the country. During these 20 years, we also adopted several industry-first digital initiatives, gaining the first-mover advantage in the marketplace.

INDUSTRY-FIRST DIGITAL INITIATIVES

First to implement e-Apply initiative	First to use Instant Optical Character Recognition (OCR)	First life insurer to have anytime, anywhere servicing module	First insurer to have integration with Income Tax-PAN services
First in the industry to have Aadhaar integration	First life insurer to provide easy User Interface (UI) to the partners for pre-coded premium quotation & application form pages	First life insurer to have integration with CKYC database	First in the industry to launch Customer Profiler
First to officially offer WhatsApp as a customer service channel	First in the industry to launch tele-underwriting	First life insurer to integrate with TrueCaller to facilitate automatic form filling	First in the industry to use Humanoid for renewal premium

TRANSFORMING THE TECHNOLOGY LANDSCAPE OVER TWO DECADES

Our digitalisation strategy is aimed at leveraging the digital space and enhancing customer experience throughout the policy lifecycle. The digital strategy hand-holds the customer – right from the time of need analysis, quote generation, purchase journey and the post sales servicing of queries or requests. Our endeavour is to constantly embrace the eco-systems and technology advancements and bring first of its kind use cases across the insurance landscape.

Our key digital initiatives

2001-10	2010-12	2012-13
Core and peripheral systems <ul style="list-style-type: none"> End-to-end application landscape State-of-art Underwriting (UW) engine and workflow systems 	Digitalising on-boarding <ul style="list-style-type: none"> End-to-end on-boarding journey eliminating multiple handoffs and iterative visits Rolled out both web application and native modules in Android and iOS 	Digitalising customer servicing <ul style="list-style-type: none"> Superior experience across all channels through Omni-channel platform Device agnostic solutions offering convenience and choice Digitalising service requests and empowering customers through self-help servicing
2014-18	2018-20	2020-21

Ability to call 50,000 customers in an hour Revamp of core systems for enabling bulk issuance in record time Modernising infrastructure for auto scaling

DIGITAL INITIATIVES AT ICICI PRUDENTIAL LIFE INSURANCE

a. Enhancing customer experience

Collaboration platform

A platform initiated to meet, call, chat and collaborate at one place with Customers/ Partners/Internal teams. The key features of this platform are: Online Meetings (250 users in a group), Video/Audio call, share content, chat, access previous meeting notes, record sessions, invite external guests to join.

Enquiry on LiGo & WhatsApp

Customers can approach the Company through its chatbot LiGo and through WhatsApp to resolve their queries. Customers can also use WhatsApp for uploading documents, and for fetching premium receipts, welcome kits, premium paid certificates etc.

Smart document upload

The Company has upgraded its e-document collection process through an App which helps customers upload documents from their mobile phones, as per their convenience. This App is available on both Android and iOS platform.

Video product brochures

Keeping up the pace with 3Vs (Voice, Video and Vernacular) implementation, we introduced product brochures in video format. The content in these videos is presented in such a manner so as to maintain the interest level of the customer. At the same time, due care is taken to not miss any relevant product feature.

Video verification in vernacular language

To service regional/remote customers, we have enabled 11 languages for Pre-Issuance Video Verification (PIVV). PIVV is also enabled on WhatsApp.

b. Simplification of processes by digitalisation

Digitalisation journey

Our digitalisation strategy is aimed at leveraging the evolving digital space and enhancing customer experience throughout the policy lifecycle. We have been on our digitalisation journey since 2012 and have empowered our customers and sales teams with a seamless omni-channel platform. Our digital implementation is aimed not only at simplicity and convenience, but also superior experience by leveraging the ecosystem and analytics.

Bulk policy issuance

We created a new flow in the policy administration system to issue group policies in a fully automated manner, thereby achieving drastic reduction in the turnaround time. This innovative solution is built for scale and can issue over million insurance covers in a day.

Instant call patch for tele-medicals

As per the process, if a customer consents to undergo the tele-medical interview, the sales teams or other touch-points register an instant call request through the Company's website. Once the request is given, the doctor and customers are connected over a call for conducting the tele-medical interview.

c. Promoting innovation

Humanoid

AI-based conversational tool is deployed for renewal premium reminder calling. The Company believes in leveraging technology to achieve scalability, cost efficiencies and deliver enhanced customer experience. A part of this journey was to identify key areas where AI solutions can make an impact. The Company identified 'Renewal premium reminder' calling as one such area and invested in a speech recognition and conversational AI tool (named Humanoid). Humanoid can converse with customers in multiple languages (currently English, Hindi, Hinglish; languages like Tamil are being developed) and can reach out to over 50,000 customers in an hour. It has enabled the Company to reach out to its customers and deliver superior experience, along with scalability.

Voice bot on IVR

The Company has instituted an AI-based voice engine (Voice bot) with personalised interaction and human touch. The BOT is equipped with self-service options that may be required by the policyholder. When policyholders call from their registered mobile numbers, the system identifies them and the voice BOT starts interacting with them to resolve their queries. Wherever, the BOT is not able to serve the customer or the customer wishes to speak to the Company personnel, the call is instantly transferred to a customer service executive.

Start-up engagement

At ICICI Prudential Life Insurance, engaging with Startup is an institutionalised process. The Company engages with Startup from various focus areas such as operations, sales training, service quality, risk and Infra security and leverages the dynamic eco-system.

APPLICATION OF AI @ ICICI PRUDENTIAL LIFE INSURANCE

a. AI Element: NLP

Application

- Humanoid for renewal premium reminder calling through speech recognition technology
- Cognitive IVR with NLP based conversational solution
- Universal bot with ability to connect to any conversational interface
- My Coach for self-learning
- E-mail categorisation for automated responses without human dependence

b. AI Element: Problem Solving & Reasoning

Application

- Risk assessment to support underwriting team in pre-empting risk to avoid high risk profiles by analysing financial details & KYC checks, by identifying medical abnormalities and patterns
- Assisted underwriting through score-based case preparation

c. AI Element: Image Recognition

Application

- Instant OCR for real-time verification and requirement closure using Vision AI for optical character recognition technology. Helps in giving instant feedback on documents and drives 'First Time Right' behaviour

d. AI Element: Robotic Process Automation

Application

- Transforming activity-based automation to process-based orchestration reducing end-to-end processing turnaround time
- Elimination of multi-team dependency and hand-offs

PRUDENT INVESTMENT MANAGEMENT

Investment management is a key function for an insurance company due to the scale of investments on its Balance Sheet and the impact of investment on its profitability. At ICICI Prudential Life Insurance, we pursue investment strategies that focus on creating value for both policyholders and shareholders, attaining an optimum balance between risk and return. The application and success of our investment management framework even amidst a competitive market environment has been our major differentiator across the insurance industry over the years.

Our integrated investment management philosophy delivers superior risk-adjusted investment returns through risk mitigation, generating a positive impact to benefit the society, the environment and communities in which we live and work. Our disciplined and long-term investment approach is managed across market cycles. As one of the key institutional investors in Indian listed companies, we ensure that the businesses we invest in are operating in a responsible manner. We incorporate ESG factors into our investment process in addition to fulfilling our stewardship responsibilities. We currently have Assets Under Management worth ₹ 2.14 trillion.

OUR INVESTMENT APPROACH

HIGHLY SKILLED AND SPECIALISED TEAM

Our clear and disciplined investment framework is populated by highly skilled and leading investment professionals, forming a part of our investment management team. The team is amongst the largest and the most experienced across the entire life insurance industry in India, with an average fund manager experience of ~18.4 years. The team combines our key principles and targeted sources of returns to establish a policy enshrined in our investment process.

FUND MANAGEMENT STRATEGY

We have a clear investment policy and a structured and disciplined investment process for insurance investment management. Our investment approach encompasses a combination of value and growth. A primary objective of ICICI Prudential Life Insurance’s investment management team is to consistently earn superior risk-adjusted returns for its policyholders. Maximising gains while ensuring safety of every policyholder’s money and stability in returns is our key endeavour.

Our set of policies and practices are even more stringent than the ones prescribed by the regulator. Based on our investment framework, we carry out in-depth analysis of companies and relevant sectors. We follow a disciplined approach for investment, which works across market cycles and facilitates us in achieving our goals and objectives, while also meeting the expectations of all our stakeholders.

THE RISK REWARD BALANCE

	
<p>Investment in equities Superior risk-adjusted returns over the long-term, as compared to relevant asset-class benchmarks.</p>	<p>Investment in debt Judicious mix of credit and interest rate risk. Nearly 96.8% of the total debt investments, as on March 31, 2021, has been made in AAA rated or equivalent securities.</p>

MIX OF ASSETS MANAGED

Asset Class	Linked	Non-Linked	Shareholders	Total
Debt	37.7%	86.8%	76.1%	54.5%
Equity	62.3%	13.2%	23.9%	45.5%
AUM (₹ billion)	1,385.49	653.61	103.08	2,142.18

Human Capital

EMPLOYEE WELL-BEING – OUR FOREMOST PRIORITY

People are key to strategy execution, and successful execution of strategy is contingent on the alignment of the people strategy to strategic business imperatives. The alignment of people strategy with business strategy along with consistent investment in the growth and development of people helps create the edge which makes the Company's human resources a source of its strength and a key competitive advantage.

The last year was one of upheaval and manifold challenges. The COVID-19 pandemic created an unprecedented threat to lives and livelihood and our foremost priority was to ensure the health, safety and well-being of our employees, customers and partners. It was also a test of our commitment towards delivering our employee promise of fairness & meritocracy, learning & growth and providing a supportive environment. Accordingly, the people agenda was re-oriented to deliver the following three key imperatives:

- #1: Enabling health, safety and well-being
- #2: Enabling productivity
- #3: Building an agile and engaged workforce

#1: ENABLING HEALTH, SAFETY AND WELL-BEING

To proactively respond to the challenges of the pandemic, a two-tier command center was set up for Business Continuity Plan (BCP) implementation, decision-making and action planning. Several new initiatives were undertaken to support the health, safety and well-being of our employees and to help them be productive in a work from home mode. The initiatives undertaken are captured under two broad themes:

- A. Physical & psychological well-being
- B. Enabling work from home

A. Physical & Psychological Well-Being

1. Workplace Safety

The immediate need was to ensure office safety and hygiene and this was fulfilled through regular sanitisation and fumigation of premises, and the installation of UV air purifiers and HEPA filters in air-conditioners. Social distancing measures were implemented by restricting entry to offices through employee rostering. Plexiglass shields were installed at all customer service desks and all workstations in the bigger offices where large number of employees are housed in one place. Provisions were made for face shields, masks and sanitisers to inculcate safe habits amongst employees and support staff. The Company instituted protocols for office working and a playbook was circulated to all employees on COVID appropriate behaviours.

2. Health Tracking & Contact Tracing

An app – IWorkSafe was created for employees to submit their health status daily and to enable social distancing via a Bluetooth-based buzzer. The app was downloaded by all employees which enabled the Company to get real-time data on health status of all employees. The Company set up monitoring mechanisms to track cases among employees and support staff, support hospitalisation of employees and their families, and also conducted contact tracing, wherever needed.

3. Employee Support

The Company supported the health and well-being of its employees by offering a variety of programmes. Employees were offered free tele-consultation with Company doctors. A partnership was set up with a healthcare provider to facilitate COVID-19 testing for all employees. With the Company’s health insurance partner, Home Care packages were offered to employees to support their medical needs. To ensure the affected employees were given sufficient time to recover, ‘COVID-19 recovery’ leave was provided in addition to sick leave. The pandemic brought the discourse on mental health to the forefront and normalised talk about stress and mental health in all forums. Accordingly, the Company set up an Employee Assistance Programme that offered free tele-counselling for the employees and their dependents. Through the iSupport initiative, the Company created a verified database offering city-specific information pertaining to COVID-19 facilities such as hospitals, pharmacies and quarantine centers. The Company also tied up with healthcare providers to facilitate vaccination for employees.

When I tested positive for COVID-19, I was scared as I had severe symptoms and was barely able to stand straight or even utter a single word without coughing. It was a very painful and grievous time for me. When my senior colleagues came to know about my condition, I received back-to-back calls, and just in a matter of hours, I was facilitated with proper medical attention and all the support that I needed. When your Company stands beside you with all the help you need, then they become your extended family.

Srikant M,
Sr. Associate, Hyderabad

B. Enabling Work from Home and Creating a Digital Office

Due to the pandemic and subsequent restrictions, work from home (WFH) became the new normal. The Company undertook various initiatives to enable seamless migration to WFH. To support accessibility, all employees were equipped with required devices – laptops, tablets and internet dongles. All work applications were migrated to safely enable remote access. Further, remote technology support was offered to all employees to resolve technology issues quickly and ensure smooth running of all operations. Employees were also offered reimbursement of data charges / Wi-Fi charges to encourage them to get higher bandwidth plans. Collaboration platforms like MS Teams was deployed at scale to enable employees to conduct virtual meetings and work with other colleagues. Finally, given the need for ergonomic support while working from home, office chairs were provided to employees with health issues.

The Company’s employee app ‘ATOM’ and its enterprise social network ‘PULSE’ were re-configured as a digital office.

These apps permitted self-service transactions that range from leave and attendance to compensation-related transactions, managing team requests such as relocation and leave, changing team reporting, booking official travel and getting updates on medical insurance. Performance updates to check current performance against targets were made available on-the-go. Instant query resolution was enabled through contact centers for all daily, repeat transactions and IHelpline, an online TAT-based query resolution mechanism, was enabled for IT / travel desk / reimbursement / performance update related issues.

Last year was a difficult year for all of us. We all experienced something like never before. Throughout this difficult time, our organisation stood by us. On the technology front, we were supported through multiple digital platforms to help us perform our jobs. Initiatives such as Doctor on Call, tele-counselling and tele-consultation were helpful for all of us.

I really appreciate the efforts taken by the Company.
Harneet Verma
Associate Regional Manager, Delhi

Employees appreciated the initiatives taken by the Company to support them during the pandemic and expressed the same through the Company’s ‘Voice of Employee’ survey. Over 90% of the employees (top 2 box score) felt that the Company had taken adequate measures to ensure their safety and well-being. They also felt they had been kept well informed and connected through various learning initiatives and engagement activities during COVID-19.

#2: ENABLING PRODUCTIVITY

A. Talent Attraction & Onboarding

Growing and building talent from within and offering a long-term career constitute the essence of our employment proposition. We actively focus on building a strong bench of internal successors at all levels and this gives us a rich source of tacit knowledge, experience and alignment to our culture and values. Our talent pool is strengthened every year with intake of fresh graduates from professional institutes and business schools. Additionally, wherever required, capability gaps are bridged by hiring specialist talent laterally. The diversified talent mix of fresh graduates and lateral hires with expertise in key functions and internally grown talent with valuable domain and functional experience make us a multi-skilled, multi-generational workforce uniquely positioned for successful execution of the business strategy.

This year, the Company enabled digital, seamless onboarding of all new joinees including pre and post-joining documentation, offer letter generation and identity card creation. V-STAR, the Company’s flagship induction programme for frontline sales professionals, was deployed digitally to ensure employees were adequately skilled to perform in a digital environment. New hires at entry level management roles underwent the virtual Business Leadership Programme that offered an orientation on the Company and helped them transition from campus to corporate life.

I joined the Company in the month of September 2020. Even though our joining was deferred, we had the assurance that ICICI Prudential Life Insurance will definitely honour the offer letter. Post joining, a structured onboarding and learning experience helped us settle in and understand our job well.

Bibhav Raj
Business Trainee, Delhi

Being my first job, starting a corporate career was like drawing my dreams on a completely blank paper, but ICICI Prudential Life Insurance has a tremendous working culture. Our manager and the HR team helped us to learn and grow in the system from scratch with utmost support. This, coupled with platforms such as digital sales enablers, virtual classroom training and e-learning programmes, have ensured we can hit the ground running from day 1.

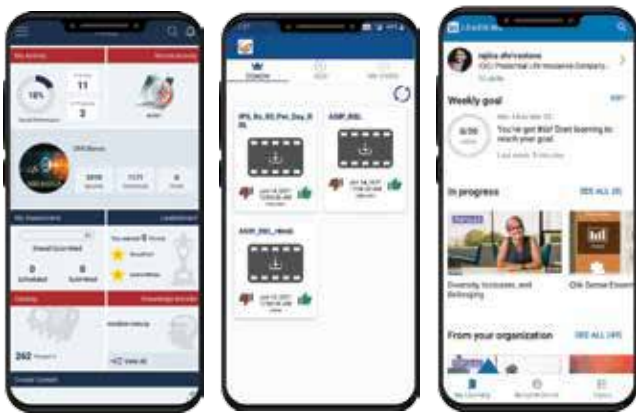

Bhawani Nandan Jha,
Management Trainee, Dhanbad

B. Talent Development

Learning & Growth is a key employee value proposition and the Company aims to facilitate capability building of employees through classroom and on-the-job training, job rotation opportunities, job enrichment and opportunities for career progression. The Company follows an integrated capability development framework for developing a culture of excellence. The capability development framework focuses on enhancing the performance and potential of employees based on the Company’s Leadership Anchors of Execution Excellence, Professional Excellence, People Excellence, Service Excellence and Strategic Excellence. Given the challenges of executing classroom or face-to-face training, learning & development initiatives were re-configured to promote digital learning.

1. Digital Learning Platforms

The Company possesses a multi-platform, mobile first and customised digital learning delivery model that caters to the needs of all employees across levels. Accordingly, “learning at one’s pace and time” was enabled via Learner’s Box. This was the go-to system for frontline sales employees to access domain-specific programmes and undergo testing and certification. The LinkedIn Learning platform was made available to all managers. Customised learning journeys were assigned to employees based on individual and functional needs. Each assigned course was linked to the Company’s Leadership Anchors. The Company deployed AI-based learning via “My Coach” to enable sales frontline staff to improve their pitching skills by offering machine generated feedback on every pitch received.

Learners' Box Learning for all - self paced **My Coach** AI-driven pitching skills **LinkedIn Learning** Learning paths for managers

My Coach was built into our app to enhance our pitch, but it did more than that. My Coach has improved my customer pitches, enhanced my product knowledge and the fluency of my pitch. The system of rewards for each video is encouraging. Preparing our pitch in more than one way and emphasising on key words or key points helps in perfecting our pitch.

Ashlay Varghese
Management Trainee, Cochin

2. Virtual Learning & Development Initiatives

A suite of multi-pronged learning & development initiatives have been deployed to assess and develop the capability of employees, based on their role requirements delivered through a comprehensive learning & development framework.

a. Frontline Sales Professionals

Throughout the frontline journey, learning interventions were defined through Saksham and Work Rewired (enabling skills for the post COVID-19 era), along with testing to establish proficiency at four defined levels. The Company instituted an integrated certification architecture aimed at testifying proficiency in sales roles for all frontline employees. The architecture comprises four proficiency levels:

i. Foundation

To ensure job readiness through requisite information and starter skills. The certification covers fundamentals of products, processes, digital selling skills and regulatory guidelines.

ii. Intermediate & Advanced

These two levels cover intermediate and advanced programmes including skill-based programmes, market updates and digitisation programmes.

iii. Master

This level aims at enabling future readiness and keeping our workforce ahead of the industry curve. The programmes focus on advanced digital selling skills.

Through the Company's comprehensive certification architecture, over 13,000 employees were certified during FY2021.

Online training has helped me immensely in understanding the products better and pitching them to target customers. Learner's Box is a wonderful application to stay updated and answer e-tests. It helps us learn and remember new things. Saksham helps build our product and process knowledge and boosts our confidence.

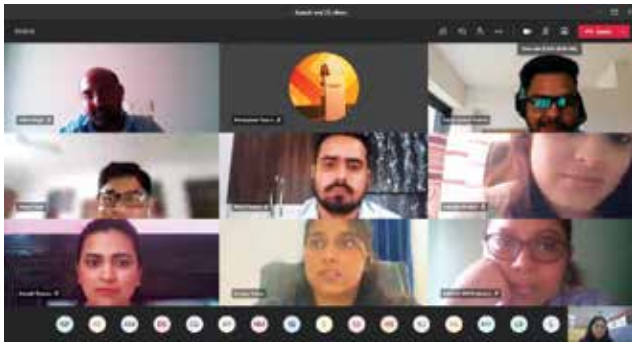

Ghazia Shaheen
Business Trainee, Raipur

b. Management & Leadership Development

The Company's Management & Leadership Development initiatives are based on the articulated behaviours under the Leadership Anchors. The initiatives comprise a mix of training programmes and workshops and Development Centres.

All new managers underwent structured virtual classroom interventions to help establish the role of a manager, hiring right, leading teams and creating a winning environment. Managers were encouraged to chart their own development journey based on reports of the Development Centres held last year and discussion with their managers. The themes identified by employees for their development were primarily around problem-solving, managing teams and enhancing domain knowledge.

The Company launched LinkedIn Learning for all its managers as a virtual learning platform. The courses were mapped to developmental needs linked to the Company’s Leadership Anchors. Similar virtual classroom interventions were offered to enable employees to excel in their roles as First Time Managers and Manager of Managers. The programmes covered topics with respect to managing oneself, working with others and making the right decisions for the organisation. At senior management levels, the focus was on learning events rather than structured classroom interventions. One-on-ones with function heads and MD & CEO were facilitated.

Through all the digital learning and virtual classroom initiatives, the Company delivered close to 1,000,000 learning hours during FY2021.

The Internal Job Posting (IJP) system of the Company has been deployed to offer employees opportunities to take on challenging roles across functions and geographies, and thereby facilitate career growth. Further, the Company encourages continuous education and offers an Education Assistance policy for tenured employees. Employees are encouraged to deepen their professional expertise and the Company reimburses fees for a variety of professional and management certifications and Actuarial and Investments courses. Need-based functional and personal effectiveness training programmes were also conducted at regular intervals.

C. Performance & Talent Management

The Company has an established performance and talent management framework. The objectives of the framework are three-fold: a) To ensure alignment to the Company’s KPIs as set out by the Board and ensure clarity of purpose across levels; b) To create a talent pipeline by nurturing high potential talent; and, c) To enable differentiated rewards and capability development to help ring fence talent for the future.

The Company has a structured performance management process starting with goal setting through the Company KPIs set by the Board being cascaded to functional KPIs through the Balanced Scorecard process and further to individual KPIs. The Balanced Scorecard for the Company is reviewed regularly with the Executive Committee comprising the leadership team.

To facilitate the development and career planning of high potential talent, the Company has put in place a structured talent management process. Through this process, the Company identifies and grooms high potential employees for leadership positions. Further, it has a well-defined succession planning process to facilitate the development and career planning of high potential talent and to mitigate vacancy risk arising from attrition and ensure business continuity.

During FY2021, employee productivity ratios have been managed through investments in learning and re-calibrating manpower, thereby being amongst the lowest in the industry.

#3: BUILDING AN AGILE AND ENGAGED WORKFORCE

The Company’s engagement and communication initiatives follow a three-tier architecture – Inform, Involve and Invigorate.

A. Inform

The objective of our digital communication efforts was to keep all the employees informed about business updates, organisation imperatives and the strategic direction, while ensuring adherence to health and safety protocols at the workplace and for employees to follow in their line of duty. Accordingly, communication updates were sent from the MD & CEO’s desk, through frequent engagement by the CEO, CDO & function heads and digital campaigns were run on the employee apps PULSE and ATOM.

B. Involve

The remote working environment demanded that all employees are engaged proactively. Accordingly, we set up Coffee and Connect sessions that were conducted across functions and markets in which employees participated whole-heartedly. The events included mood check-ins via simple games, stories of employees coping and thriving with work from home and were generally opportunities for colleagues to connect with each other and feel a sense of belonging. Employees appreciated such opportunities to reach out especially during the early days of the lockdown.

Workplace safety sessions were conducted to highlight measures for handling the COVID situation at the workplace and were directed particularly towards managers. Additionally, communication campaigns were launched to encourage adherence to COVID-19 appropriate behaviours via an e-pledge; health advisories, branch visit advisories, branch protocols in case of COVID-19 positive employees were released on a regular basis; employees were encouraged to avail of the various policies and benefits offered.

Around 10,000 employees participated in webinars and calls with the Company Chief Medical Officer (CMO) and doctors. The CMO covered COVID related Dos and Don'ts, offered nutrition and immunity building advice and busted myths related to the disease.

Additionally, Corporate Teams conducted Townhall sessions and one-on-ones as platforms to build connect and intimacy.

C. Invigorate

Important national festivals and special occasions were celebrated through virtual events. While all branches were decorated on special days, employee gatherings were discouraged.

1. Independence Day

A communication campaign was conducted on the theme of "Protect ourselves from COVID-19". On this occasion, employees were encouraged to take three pledges:

- Pledge of Health (practice one physical activity, eat well, sleep well)
- Pledge of Safety (wear a mask, sanitise hands, practice social distancing)
- Pledge of Positivity (meditation, connect with family and friends, positive thoughts)

As part of the celebration, the Sales & Distribution teams conducted an employee and family talent contest, IPRu's Got Talent on the themes of vocal & instrumental music and arts & crafts. With the objective to encourage physical activity while working from home, the Corporate teams launched United We Step, a steps challenge to collectively virtually traverse across India conducted over five days. Enthusiastic participation from employees and families was witnessed and prizes were given away to all the winners.

2. World Mental Health Day

October 10 was celebrated through the #KindForTheMind campaign. Communication campaigns on being aware, practicing mindfulness and managing anxiety were shared with all employees. An interactive webinar series covering various aspects of Mental Health was organised in partnership with professional bodies.

3. Diwali

This year, week-long virtual celebrations for Diwali were launched. The festivities included workshops for employees and their families. These included a workshop on making special sweets; and for children, a lamp making and diya painting workshop was conducted. A gala evening comprising virtual games, music & dance and rewards & recognition was held to connect all employees and their families on a virtual platform.

4. Women's Day

#CelebratingTheExtraordiNaari was a week-long webinar series that covered sessions on women's health, financial planning, nutrition and physical fitness. The week concluded with the launch of the Diversity & Inclusion policy and a panel discussion on enabling success in sales careers and creating an equal workplace.

5. Foundation Day

The Company celebrates December 12 as its Foundation Day. The year 2020 marked the milestone of 20 years since the Company's inception. This year the celebrations were held virtually and the occasion was made memorable for employees through a variety of initiatives. The Chairman of the Board and the Company's MD & CEO addressed all employees followed by the felicitation of employees who have completed 10 years with the Company this year. The gala evening included an address on "Leadership Lessons" and an interactive musical performance. To create a personal touch, a "Recreate the magic" hamper with event memorabilia was sent across to all employees in advance. As a build-up to the celebrations, workshops such as art & craft and animation were conducted for employees' children, while a yoga and wellness workshop was conducted for employees and their spouses. As at March 31, 2021, there are 2,029 employees on the rolls of the Company who have completed 10 years and 11 employees who have completed 20 years of service. Further, 85% of the leadership team has been with the Company for more than 10 years.

I want to thank the Company for recognising and appreciating the completion of my 10-year tenure in the Company. Despite the pandemic, the Company ensured we felt valued. I am very grateful to have been a part of this organisation and for all the opportunities to grow.

Thejus Pawar
Sales Manager, Bangalore

D. Voice of Employee Survey

The Company instituted the Voice of Employee (VoE) survey to seek employee feedback on delivery of the employee value proposition and to help assess employee engagement. The focus of the survey is to capture the perception of colleagues on the employee value proposition i.e., the Cornerstones of Fairness & Meritocracy, Learning & Growth and Supportive Environment through an interactive and personalised one-to-one informal chat using a chatbot, while giving the comfort of anonymity to the employee. This is a biennial survey and is administered across the entire organisation. This year, 95% of the eligible population responded, covering 9,419 employees. Through the survey, over 90% (top 2 box score) employees reinforced their advocacy by expressing that they would recommend ICICI Prudential Life Insurance to their friends and family as an organisation to work for.

Going forward, specific findings from the survey will be communicated to the leadership team and function heads and disseminated to all employees. Additionally, manager-wise scorecards are being developed and shared with the respective teams. The HR teams shall conduct focused group discussions to secure insight and actionable feedback based on the survey scores in specific target markets and functions.

Social & Relationship Capital

Social and relationship capital represents the quality of relationship with our customers, business partners and the community. They help us enhance our reputation, grow business and remain commercially and socially viable.

SERVING OUR CUSTOMERS

In a year affected by the pandemic, we strived to go above and beyond our mandate to provide meaningful customer service. We also introduced several customer value-propositions to remain relevant to our customers and better tailor customised solutions for them. We responded to customers' issues, aiming to promptly resolve them and take decisions based on their long-term interest.

Amidst the pandemic, our conversations with the customers were supported by technology, which led to greater efficiency, more informed decisions and better outcomes. As the current crisis and customer expectations accelerated the trend towards digitalisation, we leveraged our technological capabilities to meet their needs at the right moment. We engaged in servicing, selling and building customer relationships through virtual interactions.

Business continuity during the pandemic

The pandemic-induced lockdown necessitated a sudden shift from branch premises to “Work from Home” without compromising on service standards, deviations or process fallout was a turning point. Seamless transition was managed from “Face-to-Face” to “Virtual Interaction” and also enablers such as digital requests helped us to be ahead of competition.

BRANCH OVERVIEW

- Long-term objective of being cost neutral and revenue positive
- Facilitation of digitisation
- Increased focus on Value Added Services (VAS) such as Renewal collection, Surrender retention, Upsell, Claims, Grievance management, among others
- Identification and elimination of non-value added activities
- Routine transactions to be automated, centralised and/or outsourced

SELF-HELP AND DIGITAL SERVICE ENABLERS

New digital features were introduced to increase the range of transactions that could be conducted. Some of these are:

1. Online redemption of policies
2. Online settlement option, enabling deferred pay-outs, in line with revised financial goals
3. Digital life verification for annuity customers at the click of a button from the comfort of their homes

Digital Service Enablers

1. MobileApp 
2. Chatbot – LiGo 
3. WhatsApp 
4. Website 

CLAIMS

At ICICI Prudential Life Insurance, our claims philosophy is targeted at managing each claim sensitively and efficiently. Claimants have the option to use our digital platform to raise their claims, without having to leave the comfort of their homes in the current COVID-19 situation.

We have ramped up and redesigned our processes and systems to be able to efficiently handle an increased number of claims and enhance our efficiencies. This also includes prioritizing claims arising due to COVID-19. We are tapping our wide network of branches, investigators, agents and intermediary offices to assist the claimants with completion of all requirements for processing claims.

Some of the initiatives taken by the Company to manage claims process during COVID-19 are:

- Digital enablement – claimants can intimate and submit claims through digital platforms (Website, WhatsApp, Ligo, among others)
- Dedicated resources in Claims team to handle COVID-19 claims
- Assistance from the operations and sales team to assist claimants
- Offering to pick up documents from claimants home to enable them avoid travelling during COVID-19 times

UNDERWRITING

Provided various solutions including revised tele limits and counter offer to applicants in cases where customers were unable to physically travel for getting medicals done or to avail the mobile treadmill test facility.

CONTACT CENTRE

Insurance being an intangible and low-touch product, every interaction with the customers is crucial from the perspective of customer experience and service delivery. At ICICI Prudential Life Insurance, our core philosophy is customer-centricity and to service customers as efficiently as possible. While our emphasis is on achieving our goal, our constant focus remains on quality interactions and ease of transaction with the customers.

A key focus of our contact centres is to offer convenience and a plethora of servicing options in order to make the customers’ experience smooth and seamless and to provide quality services.

Below are some unique services we provide at our contact centres:

- **Intuitive IVR** to proactively resolve customer queries
- **Voice Bot** to instantly assist customers on their queries with no waiting time and to offer self-service options
- Enabled **Visual IVR** - a web-based experience, personalizing the customers’ support journey
- **24/7 helpline** numbers for Claims Settlement and to handle NRI customers
- **Calls directly transferred** to service executive in the case of:
 - o Senior citizens
 - o Claim queries/requests
 - o Payment-related queries

During the pandemic, our Contact Centers and E-mail teams operated on WFH model with all the functionalities enabled, ensuring that customer experience wasn't compromised and new services were enabled to ensure that customers do not need to visit the Branch.

GRIEVANCES

Customer grievances are a reflection of the efficiency of our processes and are a strong source of identifying process gaps and insights. Our Grievance Redressal framework ensures prompt and effective resolution of the customers' grievances. We have a Board-approved Grievance Redressal policy, which ensures fair treatment for all the customers. The Company's Service Recovery team, an independent, central grievance redressal team, is responsible for investigating, evaluating and deciding on faster resolutions of complaints. This independent centralised team evaluates every grievance from the customer in a fair and impartial manner. The team also ensures that customers' insights and feedback are cautiously reviewed to improve our service offerings and customer experience.

Over the years, the Company remains focused on driving the importance of right selling. And it also ensures that the processes are reviewed on a periodic basis to plug any gaps and improve our service experience for the customers.

This also reflects in our Grievance Ratio in FY2021, which stood at 46 per 10,000 retail policies issued, and remain amongst the best in the industry.

PERSISTENCY

We are constantly striving towards our organisational goals of Persistency with customer-centricity at its core. Our strong endeavour is for our customers experience on renewal premium payment to be smooth, secure and convenient. We achieve this by understanding our customers' preferences and by providing them with ease and assistance in making the premium payments. We reach out to our customers in the most innovative ways and offer varied premium payment options. In the middle of the global pandemic, we introduced multiple digital enablers to help our customers and ensure that they receive relevant information which assists them in making their premium payment.

Digital Enablers

- **Humanoid calling:** A two-way conversational AI bot capable of speech recognition was introduced, which enabled us to reach out to our customers for renewal premium collection, providing superior customer experience.
- **Cloud calling:** We enabled outbound callers to contact the customers for payment reminders on renewal premium during the lockdown.
- **Digital SI:** Paperless auto payment was enabled in just a few clicks, with no form submission or vetting of signatures, and digital standing instruction was introduced for the customers.

- **UPI as a Payment Option:** We enabled deep link payment options, wherein upon clicking on the link, customers can pay the premium via UPI apps such as GPay, Phone Pe and PayTM.

NEW BUSINESS

The Company has a robust digitalized process for on-boarding of retail policies, which provides a smooth and hassle-free on-boarding experience for our customers and all the distribution channels.

The process is designed in a manner which provides information on the required documents / medical screening based on the customers' demographics, health disclosure and the distribution channel immediately upon submission of the online application form and payment.

Enablers such as eCDF (Customer Declaration Form via OTP), Online Advisor Confidentiality Report (ACR) and Central KYC has not only reduced the document collections from the customers, but also allowed quick processing of insurance proposal. This helps in providing an enriching on-boarding experience for customers and the distribution team. Services of Credit Bureau helps clear financial requirements for the customers. Further, an OTP-based collection mandate and penny drop services for payout mandates helped in faster processing of new policies. This helps reduce the strain on the entire ecosystem – starting from the customer to distribution channel, branch teams and record maintenance teams for submission and storage of physical documents.

GROUP OPERATIONS & SERVICE

The Group Operations & Service philosophy is directed towards providing a strong service support architecture for master policyholders and members.

Our focus behind this is to bring in operational efficiencies for scale operations by deploying the right technology. In addition to a strong relationship management team, we have also provided Website and customised portal access to enable self-help for our group master policyholders.

To ensure the ease of servicing for our annuitants, we have enabled digital life verification along with WhatsApp servicing and chatbot options.

Group claims are closely monitored to ensure timely settlements and there is personalised handholding to the master policyholders or nominees, based on the requirement.

Periodic engagements is ensured with master policyholders/group customers to ensure smooth servicing and operations in the current challenging times.

MULTI-CHANNEL DISTRIBUTION NETWORK, POWERED BY A CUTTING EDGE TECHNOLOGY PLATFORM

Keeping distributors’ well-being at the forefront, our endeavour in the current pandemic has been to offer a digital fulfilment journey. Along with our range of digital tools, we rolled out a virtual collaboration platform and promoted the movement from phygital to fully digital. A self-learning Artificial Intelligence based tool, MyCoach, was introduced for frontline employees to ensure consistency of delivery of customer propositions. Distribution partners were encouraged and aided on the adoption of the new tools and processes. With all these solutions, we received over 95% of our new business applications digitally.

We further enhanced our distribution network and added about 110 partnerships during the year.

AGENCY

Strategy: Digital adoption & segmented focus

- Increased focus on digital engagement, distribution management and end-to-end sales process to improve productivity
- Ring fence highly productive agents and recruit agents to tap new customers

Key developments for FY2021

- > 20,000 agents added
- Diversified product mix: Savings (linked)- 33%, Savings (Non-Linked)- 59%, Protection: 8%

BANCASSURANCE

Strategy: Build profitability

- Protection with health riders, Annuity & iSolutions
- 100% digitalised sales and service experience

Key developments for FY2021

- Expanded bank partnerships to 23
- Protection and annuity mix increased from 10% to 15%

PARTNERSHIP DISTRIBUTION

Strategy: Create depth and width

- Build existing partnerships
- Add new partners

Key developments for FY2021

- Expanded partnerships to ~600
- 85% of business contributed by Protection and Non-Linked Savings

DIRECT

Strategy: Digital enabled segmented approach for upselling

- Grow online capabilities
- Analytics-based customer segmentation & upsell campaigns

- Persistency improved from 82% in FY2020 to 85% in FY2021 (13th month excl. single premium)

EMERGING ECOSYSTEM

Strategy: Partner with non-traditional distributors

- Partnership with digital-first companies such as e-commerce platforms, payment providers and fintech companies
- Analytics-driven pre-qualified insurance offers

Key developments for FY2021

- Bite-sized product offers within the distributor’s app
- Ability to issue millions of bite-sized covers in a day

DISTRIBUTION MIX BY APE (%)

CREATING VALUE FOR COMMUNITIES AND SOCIETY

The Company contributes and supports programmes and initiatives, keeping 'protection of life and health' as the core proposition and cornerstone of all its CSR initiatives, in line with its vision, which is "to build an enduring institution that serves the protection and long-term saving needs of its customers with sensitivity".

The Company contributes 70% of its CSR budget to ICICI Foundation for Inclusive Growth (ICICI Foundation), which takes forward its CSR programmes on behalf of the ICICI Group.

ICICI Foundation focuses on the areas of sustainable livelihoods through skill development as well as identified social and environmental projects, among others.

Electrical and Home appliance repair training at ICICI Academy for Skills

The Company supports ICICI Foundation’s ICICI Academy for Skills (Academy) which provides vocational training to youth from economically weaker sections so that they can earn a sustainable livelihood. The Academy offers industry relevant and job-oriented vocational training in 13 technical and office skills at 28 operational centres across the country. During the pandemic, the programmes have been taken forward digitally and practical training in smaller batches, adhering to social distancing norms.

The National Skill Development Corporation (NSDC) has accredited the digital courses of ICICI Foundation.

The initiatives of ICICI Foundation can be viewed at www.icicifoundation.org

Support During COVID-19

To support relief and rehabilitation of people impacted by the COVID-19 pandemic, the Company has contributed the allocation for ICICI Foundation to the PM CARES Fund for Covid-related support measures. In FY2021, the Company contributed ₹ 100 million to PM CARES Fund. With the FY2020 CSR outlay, the Company had extended support of 24 ventilators to the Government hospitals in Maharashtra, Delhi and Haryana.

ICICI Foundation, on behalf of the ICICI Group, undertook extensive support and relief activities through the COVID-19 pandemic in FY2021. Through this effort, ICICI Foundation has reached out to over 551 districts across all 36 states and UTs in the country. Apart from groceries, over 50 items or services such as PPE kits, hospital beds, ventilators, mobile van services, etc. were provided as part of this initiative. ICICI Foundation also conducted COVID-19 related awareness to over 675,000 trainees and their acquaintances. The beneficiaries of the COVID-19 relief measures were the COVID warriors like medical staff, police forces, Central Industrial Security Force (CISF), sanitation workers, etc.

551 districts across all 36 states and UTs

ICICI Foundation COVID-19 relief measures on behalf of the Group Companies

Some of the other CSR programmes that the Company has taken forward are as follows:

I. Education, Skill Development and Sustainable Livelihoods

Holistic development of underprivileged children

Through its programme ‘Asha’, the Company has partnered with Catalysts for Social Action (CSA) to support the underprivileged/orphan/abandoned

Workshop on nutrition

₹ 100 million
Contributed to PM CARES Fund

24
Ventilators support provided to Government hospitals in Maharashtra, Delhi and Haryana

children living in child care homes on interventions of education, skilling, vocational training, food & nutrition, and health & hygiene. Financial literacy sessions have been conducted as part of the programme so as to build financial resilience skills amongst the children. Multiple sessions on the basics of financial management, importance of saving for a secure future, operational knowledge on banking were imparted.

A total of 129 underprivileged children living in child care homes in Madhya Pradesh are supported through this programme. Besides

holistic development of children, the 'After Care' initiative is a key component of the programme for children aged 18 and above, which aims to integrate them into the society through support on higher education, skilling and life skills. Career plans post counselling are prepared for all eligible children. In FY2021, 13 children have been placed in jobs or are pursuing higher education/vocational training as per their career plans.

Testimonial from CSA

ICICI Prudential Life Insurance's CSR partnership with CSA - Project ASHA, goes a long way. Our work in Madhya Pradesh began with their support and we were able to impact the lives of hundreds of children living in Child Care Institutions in the areas of improving their health, hygiene, nutrition, education as well as in the livelihood space.

Today, we can proudly say that with this partnership, we have brought in a long-lasting change in the lives of these children who are under institutional care. Many of our children are skilled, employed and are able to lead an independent life.

ICICI and CSA have shared a special partnership of trust over the years and we have been fortunate to have a partner who patiently walked every step along the way with us and with our children.

- Anandhi Yagnaraman

Success Story

AARTI MANDLOI

Aarti Mandloi was brought to CSA at the age of 13 as her father had health issues and her mother was a daily wage labourer, with four more kids younger than her to look after. Growing up from a young girl to a sincere and hardworking youth, Aarti has performed exceedingly well and scored a whopping 72% in Physics, Chemistry and Biology group (PCB) in her class XII examinations without coaching/tuitions. CSA, in discussion with Aarti, has formulated a career plan with her, wherein she is currently pursuing BSC Nursing course and is keen to enrol for higher studies i.e., MSC in Nursing.

Aarti believes that due to this course she has got a new direction in her life and is confident of helping her family in financial aspects. She is assured of getting a job of her choice through which she dreams of supporting her younger sister’s education.

Further, the Company has also offered scholarships to underprivileged children for their school education. Currently, three children are pursuing school education at Plenum School, Himachal Pradesh.

Testimonial from Plenum School (Change Makers Society)

Ability is equally distributed, Opportunity is not”. Wherever opportunity is provided to some, miracles happen. ICICI Prudential Life Insurance scholarships for Preeti Raheja, Parth Sharma and Aryan Thakur enabled them to overcome life challenges and become confident young students. All this was made possible due to the generous support of ICICI Prudential Life Insurance. Thank You”.

Pankaj Sudan
 Founder and President
 Change Makers Society and Plenum School

‘Personal Safety Programme’ for children

The Company supports Arpan on its ‘Personal Safety Programme’ to reduce the instances of child abuse and ensure child safety. The programme empowers and educates school children on the relevant knowledge, skills and attitude to prevent abuse as well as to seek adequate support proactively. Over 280 children have been trained in FY2021 on the personal safety programme.

Personal Safety being imparted to children by Arpan

We are glad to have ICICI Prudential Life Insurance supporting us especially in a tough year like 2020-21. It is so important to have continued support from funders like ICICI Prudential Life Insurance which has enabled us to reach hundreds of children over the years with messages of personal safety and empower parents and teachers to provide a safe environment for them.

A funder is a key stakeholder in the crusade against an often ignored issue like Child Sexual Abuse. They not only fund programmes that show results in preventing it, but also inspire and connect others to the cause. It is the responsibility of each of us to ensure that our children are protected from sexual abuse and we hope that ICICI Prudential Life Insurance can continue to support us in our effort to prevent and address it.

Pooja Taparia
 Founder and Chief Executive, Arpan

II. Healthcare

As part of the Cancer Care programme, the Company partnered with Tata Memorial Hospital (TMH), Mumbai to support medical treatment of the underprivileged children and youth diagnosed with Cancer. Over 200 patients have been treated since the program's inception.

200+

Patients treated through the Cancer Care programme

We write to you to express our gratitude for being of great support to us and our patients during the past five years and especially during the pandemic. While the world battled the pandemic at various fronts, we, at Tata Memorial Hospital too braced ourselves to face a dual battle with COVID-19 as well as with Cancer. With disruption of healthcare services all over, we realised that it was important for us to continue providing cancer treatment services to our patients irrespective of their COVID-19 status.

While the world battled the pandemic at various fronts, we, at Tata Memorial Hospital too braced ourselves to face a dual battle with COVID-19 as well as with Cancer. With disruption of healthcare services all over, we realised that it was important for us to continue providing cancer treatment services to our patients irrespective of their COVID-19 status.

Amidst the other challenges, one of the most critical challenge faced by patients is the financial burden of disease (patient care and treatment). This challenge was accentuated during the pandemic for known reasons.

In these testing times, the CSR Fund of ₹ 2 crore from ICICI Prudential Life Insurance helped TMH provide seamless treatment to our patients. Assistance was provided to more than 200 adolescent cancer patients (male and female), aged 0 to 21 years.

We again thank the CSR Team of ICICI Prudential Life Insurance and its stakeholders who have stood by us relentlessly for the past 5 years.

Dr. Vinit Samant
Tata Memorial Hospital

The Company partnered with **Shrimad Rajchandra Sarvamangal Trust** and **Ekam Foundation, Mumbai** to provide intensive care treatment to the underprivileged critically ill infants and medical treatment of underprivileged children diagnosed with cardiac, kidney, orthopaedic ailments. In FY2021, over 26 infants/children have been supported. Cumulatively, 79 infants/children have been provided medical aid through the programme.

Shrimad Rajchandra Sarvamangal Trust extends its heartfelt gratitude to ICICI Prudential Life Insurance Company Limited for supporting the charitable activities of Shrimad Rajchandra Hospital, our healthcare initiative.

Your kind support, specifically for the treatment of critically ill premature or low birth weight babies in the Neonatal Intensive Care Unit of our hospital, including babies needing major surgeries, is most warmly appreciated. This has helped save the lives of many babies and we are very grateful to you for the immense compassion demonstrated by your organisation.

Thank you for joining hands with us year after year in the true spirit of partnership to support some of the most marginalised sections of our community.

Dr. Bijal Mehta
Trustee
Shrimad Rajchandra Sarvamangal Trust

III. Employee Volunteering Initiatives

The Company encourages the spirit of giving amongst its employees by facilitating various volunteering opportunities. Over 4,300 employees participated through multiple programmes listed below:

iCare.iShare Payroll Giving programme

An online donation platform, partnered with GivelIndia, offers employees the freedom to contribute monthly to any cause of their choice from their payroll. The Company makes a matching contribution to the donations made by the employee for the Payroll Giving programme.

4,300

Employees participated in various volunteering initiatives

₹ 28.3 million

Donation volunteered by employees

DaanUtsav programme

The Company celebrates the festival of giving ‘DaanUtsav’ in October every year by fulfilling small joys of children living in child care homes of Madhya Pradesh. This pandemic year, the employees spread smiles with an effort to protect and safeguard the vulnerable children by donating essentials such as hand sanitisers, masks, hygiene kits and more.

Testimonial from GivelIndia

ICICI Prudential Life Insurance has been a huge supporter of the GivelIndia employee giving programme and has been our valued partner since 2008. Driven towards philanthropy and nurturing a culture of giving, ICICI Prudential Life Insurance team has enabled their employees to pledge their contribution towards causes that need the maximum support. The organisation has also been very generous to match all employee contributions. We are super proud of this association and look forward to scaling impact together.

- Somedutta Chatterjee
Head - Corporate Partnerships (GivelIndia)

Contribution to disaster relief and rehabilitation programmes

Employees volunteered to donate a sum of ₹ 26.5 million to PM CARES Fund through their payroll for supporting relief measures against the COVID-19 pandemic.

Environmental, Social and Governance

(For more on ESG, refer ESG Report FY2021 under investor relations section of our website)

Our vision is to build an enduring institution that serves the protection and long-term saving needs of customers with sensitivity. Towards building an enduring institution, sustainable value creation for all stakeholders is of paramount importance. We continue to adopt sustainability principles across our business activities. The sustainability framework is built on the three pillars of: Environmental – leaving the planet a better place for our next generation, Social – giving back to society and Governance – transparency in functioning. We are in the fortunate position of being in the business of life insurance which is a unique financial planning tool that directly provides families a financial safety-net and enables them to achieve their long-term financial goals. Life insurance is a key imperative in India in the context of the current social security framework for our citizens. Our endeavour is to ensure that every Indian family has adequate financial protection whilst taking into account our wider responsibilities to the society and the environment.

We have a well-defined framework to identify, monitor and mitigate the risks pertaining to environmental, social, and governance (ESG) issues and their potential impact for our stakeholders. We started our disclosures on ESG practices a year ago, and have now put in place several initiatives to address the areas of improvement. We are also interacting with various investors and analysts to understand their expectations and incorporate the same in our ESG framework. Accordingly, this report incorporates the various initiatives we have put in place towards responsible investing, diversity & inclusion policy, privacy policy and enhanced disclosures on human capital, environmental impact and ethical aspects. The ESG Committee comprising our senior leaders provides oversight on ESG related policies and initiatives, and monitors the implementation of the same.

ENVIRONMENTAL

As a financial services company, our initiatives are based on the core ethos of responsible consumption and recycling wherever possible. We operate through 517 offices including one Head office and two back offices. We try to minimise the environmental impact through a three-pronged approach to environmental initiatives by responsible consumption of energy, water conservation and reduction of waste and recycle and reuse wherever possible.

Environmental initiatives

Replace

- End-to-end digital solutions for our business activities: ~ 95% of new business applications logged digitally
- 86% shareholders communicated digitally
- Collaboration platforms for employees to enable virtual meetings
- Live plants to improve air quality: ~42% office space
- Bio-degradable bags and steel dustbins

Reduce

- Move towards 5 star rated ACs
- VRF/Inverter AC (27% of usage)
- LED technology: 77% of branch lighting, 76% of backlit signage
- Sensor-based lighting: 15% of overall office space
- Access-controlled printing
- Employee awareness drive
- 38% waterless urinals, 94% of taps fitted with aerators
- Periodic office equipment maintenance

Reuse & Recycle

- Sewage treatment plant and wet waste conversion into manure at head office
- No single use plastic
- E-waste disposal through government-certified vendors: 6,175 assets in last 3 years
- Reusable glasses & plates

Figures mentioned are for financial year ended March 31, 2021

SOCIAL

We owe our business success to our important stakeholders such as customers, employees, shareholders, business partners and community at large.

Our vision to serve the protection and long-term saving needs of customers is supported by our service promise that we will always be Fair, Transparent, Empathetic and Responsive in all our dealings with them. Each of our business activities revolves around primacy of the customer.

In light of the COVID-19 pandemic, our commitment to employees was reoriented to the agenda of enabling health, safety and well-being, enabling productivity and building an agile and engaged workforce. Our employees are committed to adopting the highest business, governance, ethical and legal standards in the conduct of business operations.

For community at large, our objective is to aim for greater financial inclusion and proactively support meaningful socio-economic development in India, enabling a larger number of people to participate in and benefit from India's economic progress. Towards this, our key focus areas are microinsurance products, skill development and sustainable livelihood, health and education.

Social initiatives

Customer-centricity

- a) Products across life stage needs; multi-channel reach
- b) Continued focus on right selling, product suitability & digital adoption
- c) Un-interrupted 24x7 service through digital enablers, >90% self-help usage
- d) Consistent risk-adjusted returns
- e) Robust policy & framework for grievance redressal
- f) One of the best persistency ratio in the industry- 87% (13th month)
- g) One of the best claim settlement ratio in the industry at 98%
- h) 56.8 mn lives covered (in-force)
- i) Average claim settlement time for non-investigated claims- <1.4 days

Commitment to employees

- a) Employee well-being foremost priority: Workplace safety, health tracking, free consultation, testing and paid leave
- b) Enabling WFH, flexible policies
- c) One million digital learning hours; 13,000+ employee certified
- d) 85% of senior management team served >10 yrs

Statutory Reports

Directors' Report

TO THE MEMBERS

ICICI Prudential Life Insurance Company Limited

Your Directors have pleasure in presenting the 21st Annual Report of ICICI Prudential Life Insurance Company Limited (the Company) with the audited statement of accounts for the year ended March 31, 2021 (FY2021).

PERFORMANCE

Industry in FY2020

The Covid-19 pandemic-induced lockdown had caused a disruption in economic activity in the country, which resulted in a contraction of GDP by 24.4% year on year in Q1-FY2021. The industry's new business premium, based on retail weighted received premium (RWRP), declined by 18.2% year on year during the same period. The calibrated opening up of the country from June 2020 onwards led to an improvement in economic activity. The new business RWRP was flat year-on-year in Q2-FY2021, declined by 8.6% in Q3-FY2021 and increased by 29.2% year on year in Q4-FY2021. As a result, the new business RWRP increased by 3.0% from ₹ 734.88 billion in FY2020 to ₹ 756.58 billion in FY2021. The market share of private players increased from 57.2% in FY2020 to 59.7% in FY2021.

Company in FY2021

Our objective continues to be that of creation of value for our key stakeholders, namely, customers, employees and shareholders.

Customer centricity continues to be at the core of everything we do. With our customer centric approach, we have had a robust performance across service parameters. Our claim settlement ratio for individual death claims was 97.9% for FY2021. During FY2020, we had introduced Claims For Sure, a one day settlement promise for certain categories of claims. For FY2021, 100% of all eligible claims under this process were settled within the promised timeline of one day. The average time taken for settlement of all non-investigated death claims improved to 1.4 days in FY2021. Our grievance ratio improved to 46 per 10,000 new business policies issued for FY2021. Our persistency ratios¹ for 13th month and 61st month were 87.1% and 59.8% respectively for FY2021.

Our commitment to our employees is based on the three cornerstones of Fairness & Meritocracy, Learning & Growth and providing a Supportive Environment. We aim to facilitate capability building through virtual learning, on-the-job training, job rotation, job enrichment and other opportunities for career progression. The Company has leadership stability, with 85% of the senior management team having served the Company for more than 10 years and with 88% of the positions in senior management filled through internal succession in the last 5 years.

For our shareholders, our primary focus continues to be to deliver growth of absolute value of new business (VNB) through the 4P strategy of premium growth, protection business growth, persistency improvement and productivity improvement targeted at improving cost ratios. We believe

that this 4P strategy is appropriate in the context of the large insurance opportunity in the country, coupled with our objective to grow the VNB.

Premium growth: Our new business received premium grew by 5.5% from ₹ 123.48 billion in FY2020 to ₹ 130.32 billion in FY2021. The Annualised Premium Equivalent (APE) for the Company declined by 12.5% from ₹ 73.81 billion in FY2020 to ₹ 64.62 billion in FY2021. While we started the year with a significant decline in APE for Q1-FY2021 due to the disruption caused by the pandemic, we started to build momentum and saw sequential improvement across the quarters. We registered a year-on-year APE growth of 27% in Q4-FY2021. In FY2021, the Company had a market share of 7.2% based on RWRP.

Protection business growth: The Company continued its focus on the protection business, resulting in a new business sum assured growth of 8.0% to ₹ 6.17 trillion in FY2021. The Company was the market leader amongst the private sector companies based on sum assured, with a market share of 12.5% for FY2021. During the year, we saw an increase in end consumer prices for protection plans corresponding to an increase in reinsurance rates. Given the pandemic, supply side constraints (including revised underwriting guidelines and general reluctance to visit medical centres) impacted the retail protection business. However, we saw an increased demand in the group segment, specifically for group term products. As a result, the protection APE declined from ₹ 11.16 billion in FY2020 to ₹ 10.46 billion in FY2021.

Persistency improvement: For FY2021, our persistency ratios¹ for 13th month and 61st month improved to 87.1% and 59.8% respectively. Our retail renewal premium increased by 6.3% from ₹ 206.64 billion in FY2020 to ₹ 219.58 billion in FY2021. During the year, the Company's assets under management crossed ₹ 2 trillion, and stood at ₹ 2.14 trillion at March 31, 2021.

Productivity improvement: Total expenses decreased from ₹ 44.71 billion in FY2020 to ₹ 42.20 billion in FY2021. The cost to total weighted received premium (TWRP²) ratio decreased from 15.9% in FY2020 to 14.8% in FY2021. Also the cost to TWRP ratio for savings business improved from 10.4% in FY2020 to 9.6% in FY2021.

Resilient Balance Sheet: The Company has maintained a strong and healthy Balance Sheet throughout its journey. Of the total liabilities, non-participating guaranteed return products currently comprise only 1.1%. Only 0.5% of the fixed income portfolio has been invested in bonds rated below AA and the Company continues to maintain its track record of not having a single non-performing asset (NPA) in its fixed income portfolio since inception.

The Company proactively used the opportunity offered by the benign fixed income market conditions to raise ₹ 12.00 billion through issuance of non-convertible debentures, which are unsecured and in the nature of subordinated debt. The issue was tightly priced at a coupon rate of

¹As per IRDAI circular IRDA/ACT/CIR/035/01/2014 dated January 23, 2014

²TWRP: Total premium less 90% of single premium

6.85% per annum. With this fund raise, the solvency ratio has improved to 216.8% at March 31, 2021.

Value of New Business (VNB): With the focus on growing VNB through the 4P strategy, despite the reduction in APE, the VNB grew from ₹ 16.05 billion in FY2020 to ₹ 16.21 billion in FY2021, representing an increase of 1.0%. Embedded value increased from ₹ 230.30 billion at March 31, 2020 to ₹ 291.06 billion at March 31, 2021.

A summary of key financial and business parameters is set out below:

Particulars	(₹ billion)	
	FY2020	FY2021
New business premium	123.48	130.32
Annualised premium equivalent	73.81	64.62
<i>Savings</i>	62.65	54.16
<i>Protection</i>	11.16	10.46
Sum assured for new business	5,711.84	6,166.84
13 th month persistency ¹	86.8%	87.1%
61 st month persistency ¹	58.7%	59.8%
Retail renewal premium	206.64	219.58
Cost to total weighted received premium (TWRP) ²	15.9%	14.8%
Cost to TWRP (savings)	10.4%	9.6%
Value of new business (VNB)	16.05	16.21
Embedded value (EV)	230.30	291.06

Outlook for the industry and the Company

Over the past few years, there has been an increased focus on financialisation of savings with reforms such as setting up small finance and payments banks and the Government's push towards social security measures. With these measures on financial inclusion, the demand for life insurance which forms an important component of financial savings is expected to grow further.

India's potential economic growth coupled with low penetration, significant protection gap, favourable demographics, rapid rise in urbanisation and increasing financial savings are expected to propel growth of the life insurance industry in India.

The Company would continue to focus on its objective of growing value of new business (VNB) through the 4P approach.

Premium growth: The Company would endeavour to grow premium through:

- **Deepening penetration in under-served customer segments:** The Company would continue to focus on broadening the customer base through initiatives spanning across both distribution and products.
- **Enhancing distribution:** The Company would strengthen its distribution through a closer mapping of distribution segments with customer segments and products. The Company is also focused on expanding the distribution network through acquisition of new partners as well investing in creation of new sourcing channels.

- **Focus on pension & annuity:** The Company would continue to cater to the retirement savings need of customers while managing the investment risk appropriately.

Protection business growth: The Company is focused on expanding the health & protection business across both retail and group lines of business. This would be done by offering protection products across channels, penetrating the online term insurance market and partnering with loan providers to offer coverage against loans.

Persistency improvement: The Company would seek to drive persistency improvements across all durations by encouraging long term behaviour in customers.

Productivity improvement: The Company would focus on cost efficiency and in particular would leverage the digital platform to improve customer experience and efficiency of service operations.

Our Reach

The Company reaches its customers through 517 offices in 449 locations as of March 31, 2021. On March 31, 2021, the Company had 14,413 employees and 187,560 advisors to cater to the needs of customers. The Company distributes its products through agents, corporate agents, banks, brokers, proprietary sales force (PSF) and online channels.

Products

Broadly, the Company's products can be categorised into savings and protection. Savings products are offered on three platforms - linked, participating and non-participating. Life insurance cover offered is generally the same across all savings products i.e. at ten times the annual premium.

Protection products are available on retail, group and credit life platforms. These products provide cover for life, disability, critical illness and accidental death.

Claims

The Company, keeping in mind its philosophy of settling genuine claims quickly, has initiated Claims For Sure, a one day claim settlement promised for eligible cases and has settled 9,611 claims under the same for the year ended March 31, 2021.

The Company has settled over 189,000 mortality claims amounting to a total of ₹ 24.46 billion in FY2021 with individual claim settlement ratio of 97.92% and group claim settlement ratio of 97.93%.

Further, the Company has also paid 149,783 maturity claims from its retail business operations and over 100,000 survival benefit claims amounting to ₹ 40.80 billion and ₹ 3.81 billion, respectively. Additionally, the Company has settled 283,251 surrender claims from its retail business operations and 242,678 from group business, amounting to a total of ₹ 161.90 billion.

For non-investigated individual claims, the settlement was completed within an average turnaround time of 1.4 days from the receipt of the last requirement as compared to thirty days allowed by the regulator.

¹ As per IRDAI circular IRDA/ACT/CIR/035/01/2014 dated January 23, 2014

² TWRP: Total premium less 90% of single premium

During the year, the Company received death claim intimations due to Covid-19 of ₹ 3.55 billion gross of reinsurance and ₹ 1.98 billion net of reinsurance. The Company has estimated the impact of Covid-19 on micro insurance portfolio to be ₹ 0.76 billion gross of reinsurance and ₹ 0.49 billion net of reinsurance. The claim intimations due to Covid-19 had been tapering off from January 2021. However, the country is witnessing a surge of infections and as a prudent measure we have provided for potential Covid-19 claims of ₹ 2.99 billion net of reinsurance, with an additional provision of ₹ 0.34 billion for any delayed intimations from the previous year.

Subsidiary

The Company's wholly owned unlisted subsidiary, ICICI Prudential Pension Funds Management Company Limited (PFM) acts as a pension fund manager under the National Pension System (NPS) with an objective of providing a strategic platform to leverage the substantial pension opportunity in India.

During FY2021, the subscribers' funds managed by PFM have increased by 73.7% from ₹ 43,525.5 million at March 31, 2020 to ₹ 75,586.4 million at March 31, 2021. The PFM registered a loss of ₹ 39.9 million (previous year: loss of ₹ 17.7 million). The overall contribution of the subsidiary to the financial results of the Company is not significant currently, as the subsidiary is still scaling up. However, the Company expects a substantial improvement in the financial performance of the subsidiary going forward as the PFM has been granted a fresh certificate of registration under the new request for proposal rolled out by the Pension Fund Regulatory and Development Authority (PFRDA) in December 2020. Under this, the investment management fee rate has been increased to 0.09% in comparison to 0.01% earlier, subject to the assets under management (AUM) slab rates stipulated by the PFRDA. Also, the license is now perpetual in nature. The new Investment Management fee rate is effective from April 1, 2021.

Further, the PFM is also allowed to serve as a Point of Presence (PoP), for distribution of NPS products and servicing. The PFM commenced its PoP business during Q2-FY2020 and is committed towards increasing the presence in the industry and is focused on scaling up the business and revenue. During FY2021, the PFM has enrolled 23,040 new subscribers and ranked second in terms of new subscriber addition, amongst all the PFM's registered as PoP. The subsidiary's efforts were appreciated by the PFRDA.

The Company will make available separate audited financial statements of the subsidiary company to any Member upon request. These documents/details are available on the Company's website (www.icicprulife.com) and will also be made available for inspection by any Member of the Company at its registered office. A statement containing salient features of the financial statements of the subsidiary company forms part of the financial statements of the Company.

Rural and social business

The Company has micro insurance retail products and group micro insurance products to cater to the protection need of the unorganised and economically vulnerable section of the society.

- The Company has provided risk cover to self-help group (SHG) members predominantly in the rural areas of Tamil Nadu,

Maharashtra, Karnataka and Rajasthan. These members belong to a group of micro entrepreneurs having homogeneous social and economic background, who come together to avail micro credit for financing their small and micro enterprises.

- The Company partners with micro finance institutions and extends group micro insurance cover to customers for covering their loss of income risk arising out of unfortunate and untimely demise.
- 137,144 policies were issued in rural areas, constituting 20.64% of total policy issuances. The Company also covered 2,133,682 lives as a part of its 'social sector' business.

FINANCIALS & AUDIT

Financials

Particulars	Standalone		Consolidated	
	FY2020	FY2021	FY2020	FY2021
	(₹ billion)			
Profit after tax	10.69	9.60	10.67	9.56
Balance brought forward from the previous year	19.89	26.51	19.84	26.44
Profit available for appropriations	30.58	36.11	30.51	36.00
Appropriations:				
Interim Equity Dividend	(1.15)	-	(1.15)	-
Final Equity Dividend	(2.23)	-	(2.23)	-
Tax on Equity Dividend	(0.69)	-	(0.69)	-
Surplus carried to next year's account	26.51	36.11	26.44	36.00

The financial position of the Company remained strong with a solvency ratio of 216.8% at March 31, 2021 (194.1% at March 31, 2020) against the minimum regulatory requirement of 150%.

Dividend and dividend distribution policy

The operations have resulted in a profit after tax of ₹ 9.60 billion in fiscal 2021 as compared to a profit after tax of ₹ 10.69 billion for the previous year. The decline in profit after tax is primarily on account of change in tax laws related to dividend exemption resulting in a higher tax liability compared to FY2020 and Covid-19 related claims and increase in provisions. Profit before tax in fiscal 2021 was ₹ 10.81 billion as compared to a profit before tax of ₹ 10.69 billion for the previous year.

IRDAI vide circular dated February 21, 2021 acknowledged the gradual improvement in business performance of insurers and withdrew the earlier circular dated April 24, 2020 which had asked insurers to refrain from distributing dividend. However, the IRDAI has asked insurers to take a conscious call in the matter of declaring dividends for FY2021 considering their capital, solvency and liquidity positions. The Company's solvency ratio stood at 216.8% at March 31, 2021. The Company has analyzed its solvency ratio under stress scenario and its liquidity coverage ratios for both participating and non-participating business. Given that the Company

is comfortably placed on these metrics, the Board has proposed a final dividend of ₹ 2.00 per equity share for FY2021 amounting to ₹ 2.87 billion for FY2021, representing a dividend payout ratio of 29.9% of PAT.

In terms of Regulation 43A of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") the Dividend Distribution Policy of the Company is disclosed on its website <https://www.icicprulife.com/about-us/corporate-policies.html>.

Transfer of unclaimed dividend and shares to Investor Education & Protection Fund (IEPF)

Pursuant to the provisions of Section 124 of the Companies Act, 2013 (CA2013), the amount of dividend remaining unpaid or unclaimed for a period of seven years from the date of its transfer to the 'unpaid dividend account/s' of the Company, are required to be transferred to the Investor Education and Protection Fund (IEPF) established by the Central Government. The unclaimed dividend for the financial year ended March 31, 2015 which pertained to employee shareholders of the Company, would be transferred to the IEPF in FY2021-22. The corresponding shares, if the dividend is unclaimed for a period of seven years along with the unclaimed dividend would also be transferred to the dematerialised account of the IEPF Authority.

Members who have not yet encashed their dividend warrant(s) can claim the same in accordance with the process made available on the website of the Company by accessing the following link <https://www.icicprulife.com/about-us/shareholder-information/dividends.html>.

Particulars of loans, guarantees or investments

The provisions of Section 186(4) of the CA2013, requiring disclosure in the financial statements of the full particulars of the loans given, investment made or guarantee given or security provided including the purpose for which the loan or guarantee or security is proposed to be utilised by the Company, are not applicable to an insurance company.

Particulars of contracts or arrangements with related parties

The particulars of contracts or arrangements entered into by the Company with related parties referred to in sub-section (1) of Section 188 of the CA2013 including certain arm's length transactions under third proviso thereto are disclosed in Form AOC -2 appended as Annexure A. Further, as per the shareholding pattern of the related parties, only ICICI Bank Limited and Prudential Corporations Holdings Limited have a holding in the Company for 10% or more. The transactions with these entities are disclosed in the note 3.10 of related party transactions under notes to accounts.

The Company has a Board approved policy on Related Party Transactions, which has been hosted on the website of the Company and can be viewed at <https://www.icicprulife.com/about-us/corporate-policies.html>.

Public deposits

During the year under review, the Company has not accepted any deposits under Section 73 of the CA2013.

AUDITORS

The secretarial audit report is annexed herewith as Annexure B. There are no qualifications, reservation or adverse remarks made by the auditors in their report.

Auditor's report

There is no qualification, reservation, adverse remark or disclaimer made by the auditors in their report. There were no reportable frauds identified by the auditors during the FY2021.

COMPLIANCE AND RISK

Statement in respect of adequacy of internal financial controls

The Company has complied with internal financial controls (IFC) as per section-134 (5) of Companies Act, 2013 and regulation 17(8) of the Securities and Exchange Board of India (SEBI) (Listing Obligations and Disclosure Requirements) Regulations, 2015 in terms of internal control over financial reporting and section 404 of Sarbanes Oxley Act (SOX), 2002. To ensure effective internal financial control, the Company has implemented Internal Control Framework 2013 endorsed by the Committee of Sponsoring Organisations (COSO) of the Treadway Commission. The Company's internal financial control framework comprises of internal controls over financial reporting, operating controls and fraud prevention controls. The framework is designed to ensure accuracy, completeness and reliability of financial records, orderly and efficient conduct of business and safeguarding of assets as well as prevention and detection of fraud. The Company has a mechanism of testing the controls at regular intervals for design and operating effectiveness. Further, the auditors state that

the internal financial controls are adequate with reference to financial statements and controls are operating effectively. The Company believes that strengthening of internal controls is an ongoing process and there will be continuous efforts to keep pace with changing business needs and environment. The key components of the internal financial control framework include:

Entity level controls: The control environment of the Company relies on a set of Entity Level Controls (ELCs) which operate at an organisation level and may not be embedded in any single process of the Company. The ELCs set up by the Company include:

- (a) Corporate governance framework comprising Board and Executive committees for oversight on the management of the Company.
- (b) Policies commensurate with the Company's size and level of complexity to establish standards of conduct including code of conduct, whistle blower policy, work place harassment, conflict of interest, insurance awareness and customer education policy, grievance redressal policy, record maintenance policy, delegation of financial powers and accounting policy etc.
- (c) Risk and fraud management framework to identify, measure, monitor and control various risks including operational risk and framework for identifying, monitoring and control over outsourced activities.
- (d) Independent Internal Audit Department with oversight from the Audit Committee.
- (e) Employee management framework comprising of hiring, retention, training, performance evaluation, remuneration structure, compensation, succession planning through leadership cover index etc.
- (f) Framework to ensure compliance to regulations, laws including compliance certification, communication of changes in regulations/laws etc. and litigation management. Framework to ensure compliance of internal control over financial reporting.
- (g) Budgeting, monitoring and reporting of the performance with key performance indicators.
- (h) Information and cyber security policy and information security framework along with framework to ensure business continuity and disaster recovery.

Process controls: These comprise of controls operating at process level with the objective of providing assurance at a transaction recording stage. The salient aspects of the control framework include:

- (a) All business processes having implication on financial results, regulatory and shareholder reporting are subject to quarterly reviews. Any material deficiency is discussed at the Audit Committee.
- (b) The Company has deployed automation in most aspects of transaction processing (including policy administration, investment management, actuarial computations, expense processing, claims management, human resource processes and accounting) to ensure greater control and efficiency.

IT controls: The Company has in place a robust IT control environment to ensure data integrity and accuracy of information stored in IT systems.

Control over third parties providing services: The Company has a vendor on-boarding process with due diligence, risk assessment, document review and periodic assessment to ensure controls over third party service providers relevant from a financial reporting perspective. Further, the Board Risk Management Committee has an oversight on implementation of controls and monitors performance of the outsourced vendors.

Safeguarding of assets: The Company has adequate controls over safeguarding of assets (comprising of investment assets, IT assets and other assets). These controls are based on value and custody of assets.

Review controls: Review control comprises of multiple levels of oversight over financial reporting by way of a strong reporting and review framework as follows:

- (a) The financials prepared are audited by joint statutory auditors and are reviewed by Audit Committee. They are also submitted to Insurance Regulatory Development Authority of India (IRDAI).
- (b) The Internal Audit Department exercises independent oversight over operational and financial processes. Any significant observations and recommendations are presented to the Audit Committee. Investment operations is subject to daily concurrent audit certification and an Investment Risk Management Systems (IRMS) audit once in two years. Any significant findings in the concurrent audit or IRMS audit are presented to the Audit Committee.
- (c) The Company has an effective organisation structure which segregates duties among business groups, thereby, ensuring orderly and efficient conduct of business. Additionally, the Board has constituted various committees responsible for specific operational areas, formulation of policies and framework, identification, assessment and monitoring of principal risks in accordance with the policies and procedures.
- (d) There are senior management controls comprising of high level control (HLC) and management review control (MRC) to monitor and identify any material misstatement. Management exercises review control by way of in depth reviews of financials, ledger balances, suspense and payables, liability assumptions, information security, regulatory compliance, communication and reporting, key compliance issues and supervision of risk management function etc. conducted by Chief Financial Officer, Appointed Actuary, Head of Information Technology, Head of Operations and Head of Compliance & Risk.

Fraud prevention: The Company has a Board approved fraud risk management policy which is based on 'Insurance Fraud Monitoring Framework' guidelines issued by IRDAI. The Company has an Operational Risk Management Committee (ORMC) which independently monitors frauds. The ORMC reports to Executive Risk Committee which in turn reports to the Board Risk Management Committee (BRMC).

- (a) The fraud control framework consists of preventive measures, incident management and awareness activities. Preventive management includes fraud risk assessment for design of processes, investigation triggers across policy life cycle and proactive use of analytics to identify fraud patterns. Incident management includes recovery of loss, action through law enforcement agencies, detailed

investigation and root cause analysis and fraud incident reporting to BRMC. Awareness includes mandatory induction training and awareness program for employees, regular emails/SMSs sent to policy holders, fraud prevention tips on Company's website.

- (b) The Company ensures implementation of controls to prevent repeat incidents, financial recovery process and disciplinary action against involved employees. It also initiates actions through law enforcement authorities based on severity of the incident.
- (c) The Company undertakes several measures from time to time to create awareness amongst its employees and customers against fraudulent practices.

Internal audit and compliance framework

Internal audit:

The Internal Audit Department (IAD) of the Company acts as an independent entity and reports to the Audit Committee of the Board. IAD has an unrestricted access to the Audit Committee Chairperson and the Managing Director and Chief Executive Officer (MD & CEO). The Head-Internal Audit reports directly to the Audit Committee of the Board and administratively reports to the Chief Risk & Compliance Officer. The IAD has developed a Risk Based Audit Plan (RBAP) and the same has been approved by the Audit Committee of the Board. The basic philosophy of RBAP is to provide reasonable assurance to the Audit Committee of the Board and management about the adequacy and effectiveness of the risk management and control framework in the Company. The scope of Internal Audit includes the review of risk management procedures, internal control systems, information systems and governance processes. Key audit observations and recommendations made are reported to and discussed at the Audit Committee of the Board. Implementation of the recommendations is actively monitored.

Compliance:

The Board Audit Committee oversees the compliance framework of the Company. The Company has formulated various internal policies/procedures such as the Compliance Policy, Anti-Bribery and Anti-Corruption Policy, Anti-Money Laundering Policy and an employee code of conduct, which govern the day-to-day activities to ensure compliance. The compliance function disseminates the information regarding relevant laws, regulations and circulars related to insurance and anti-money laundering to various functions. It also serves as a reference point for the staff of various functions for seeking clarifications on applicable laws, regulations and circulars issued on these aspects. The compliance team also monitors the adequacy of the compliance framework across the Company with the Internal Audit function through an integrated risk based audit plan. Key issues observed as a part of this monitoring are reported to the Board Audit Committee and implementation of recommendations is actively monitored. A compliance certificate signed by the Managing Director & CEO, based on the certification from respective functional heads, is placed at the Board Audit Committee and Board of Directors on a quarterly basis.

Ind AS Implementation Roadmap

The Authority (IRDAI) vide its circular dated January 21, 2020 deferred the implementation of IND AS in Insurance sector in India since the

International Accounting Standards Board (IASB) had indicated that they aim to issue final amendments to IFRS 17 by mid-2020.

IASB on March 17, 2020 deferred the effective date of IFRS 17, Insurance Contracts to annual period beginning on or after January 1, 2023.

The Accounting Standard Board (ASB) of Institute of Chartered Accountants of India (ICAI) on December 24, 2020 deferred effective date of Ind AS 117 to annual reporting periods beginning on or after April 1, 2023.

Risk management

The Company recognises that risk is an integral element of the business and managed acceptance of risk is essential for generating shareholder value. The risk governance structure of the Company consists of the Board, the Board Risk Management Committee (BRMC), the Executive Risk Committee (ERC) and its sub-committees. The risk philosophy of the Company is outlined in the Board approved risk policy which is reviewed by the Board at least annually. The Board risk policy details identification, measurement, monitoring and control standards relating to various individual risks, namely investment (market, credit and liquidity), insurance, operational (including legal, compliance, outsourcing, business continuity, information and cyber security) and reputation. The Board periodically reviews the potential impact of strategic risks such as changes in macro-economic factors, government policies, regulatory environment and tax regime on the business plan of the Company.

In addition to these risks, the life insurance industry faces a number of emerging risks. Even as the ongoing Covid-19 pandemic continues to pose several challenges for life insurers, there are new risks related to ESG (environmental, social and governance) issues. For the Company, governance, ethics and sustainability are the overall responsibility of the Board, with its Committees playing key roles in identifying, mitigating and managing ESG risks and other material issues. One of the most prominent ESG risks is that of climate change and its potentially far-reaching consequences. There is currently a lot of uncertainty about the impact of climate change and the Company has started working to better understand and address the potential impacts on its business. Apart from climate change, there are emerging risks associated with public health trends such as increase in obesity related disorders and demographic changes such as population urbanisation and ageing. The risk management framework of the Company seeks to identify, measure and control its exposures to all these risks within its overall risk appetite. The key aspects of the Company's risk management framework have been outlined below. Further information on the Company's approach to risk management has been set out in the sections on 'Enterprise Risk Management' and 'Risks and Opportunities' of this Report.

1. Investment risk

Investment risk is the risk arising out of variations in the level or volatility of market prices of assets and financial instruments, including the risk arising from any mismatch between assets and liabilities, due to external market and economic factors. The Company faces limited liquidity risk due to the nature of its liabilities. The key mitigation approaches for this risk are as follows:

- (a) Product approval process: Launching new products can significantly alter the risk profile of the Company's Balance Sheet. Investment risks inherent in new products or significant modifications to existing products are identified at product design stage and products are launched only after approval by the ERC.
- (b) Asset Liability Management (ALM): The Company has detailed Investment Specifications that govern the investment strategy and limits for each fund depending on the profile of the liability backed by those assets. For each category of products, the Investment Specifications define limits to permissible exposures to various asset classes, duration guidelines for fixed income instruments and minimum investment in liquid assets. The Company uses derivatives to hedge interest rate risk.
- (c) Exposure limits have been defined for companies, groups and industries in accordance with regulatory guidelines and the Company's internal Investment Policy. The Company restricts investments primarily to securities rated AA and above.
- (d) The Company has a liquidity contingency plan in place.
- (e) As part of its ESG philosophy, the Company is implementing a framework for investment decisions that will support mitigation of risks due to climate change as well as other environmental, social and governance risks by factoring these in its investment decisions.

2. Insurance risk

Insurance risk is the risk arising because of variance to the best estimate or because of random fluctuations in the frequency, size and timing of insurance liabilities. Insurance risk comprise the following components: mortality, morbidity, persistency and expense risk. These risks are mitigated through the following:

- (a) Product approval process: Insurance risks inherent in the new products or significant modifications to existing products are identified at product design stage and products are launched only after approval by the ERC. The Company, in its product design, incorporates product features and uses appropriate policy wordings to mitigate insurance risk.
- (b) Reinsurance: The Company uses appropriate reinsurance arrangements, including catastrophe reinsurance, to manage insurance risk. The arrangements are with select and financially sound reinsurers. The Company's reinsurance exposures are considered and approved by the ERC periodically.
- (c) Underwriting and claims controls: Underwriting and claims policies and procedures are in place to assess and manage mortality and morbidity risks. The Company seeks to minimise these risks by diversifying its business portfolio and adhering to appropriate and segmented underwriting norms. The Company conducts periodic reviews of both underwriting and claims procedures.

- (d) Experience analysis: The Company conducts its experience analysis regularly to ensure that corrective actions can be initiated at the earliest opportunity and that assumptions used in product pricing, reserving and embedded value reporting are in line with the experience. The Company actively monitors its claims experience, persistency levels and expense ratios. In the current situation of Covid-19 pandemic, the Company has been closely monitoring the overall mortality experience including the deaths on account of Covid-19. The Company has been holding additional provisions towards potential Covid-19 claims and the adequacy of this provision has been continually assessed, in line with the claims experience.
- (e) Aligning key performance indicators: The Company uses appropriate key performance indicators for different levels of hierarchy in sales and operations to align interests and ensure adequate focus on insurance risk especially, persistency and expense.

3. Operational risk:

Operational risk is the risk of loss, resulting from inadequate or failed internal processes, people and systems, or from external events.

The Company uses the following approaches to manage operational risk:

- (a) The Company develops and monitors mitigation plans for high risk items identified through the Risk and Control Self-Assessment (R&CSA) conducted by each business function, through analysis of loss events and review of audit findings.
- (b) The Company continuously monitors internal loss events and ensures adequate mitigation for material impact events to avoid recurrence of such instances
- (c) The Company actively promotes a risk awareness culture by improving understanding through communication and education amongst management, employees, contractors and vendors. It further engages with law enforcement agencies to create awareness on various insurance frauds and emerging issues
- (d) Fraud Management: The Company follows both a proactive and reactive approach to manage fraud. Proactive management is done by using triggers to identify suspected frauds and through random sample checks. Reactive management is done through incident management. Investigation is carried out for identification of process or system failures and identification of responsible internal or external parties. The Company ensures implementation of controls to prevent recurrence of such incidents, financial recovery whenever applicable and disciplinary action against involved employees in accordance with the Company's Code of Conduct. It also initiates actions through law enforcement authorities based on severity of incidents.

- (e) Outsourcing Risk: Processes of the Company are outsourced as permitted under the regulatory guidelines. The Company carries out required due-diligence for any new activity or vendor empanelment and annual assessment of outsourced vendors.
- (f) Business Continuity Management (BCM): The Company has a BCM framework to ensure resilience and continuity of key products and services at a minimum acceptable level to achieve business - as usual presence in the market place and safety of human resources. This includes systems and processes for management of risk including use of disaster recovery sites and business continuity plans for critical processes which are being tested periodically. The Company has also been periodically reviewing the business continuity plan and updating it based on the learnings from the current situation of the Covid-19 pandemic. Based on the business continuity practices followed, the Company has been awarded a certification under ISO 22301:2012 standard.
- (g) Information and cyber security: The Company has an information and cyber security framework that ensures all information assets are safeguarded by establishing comprehensive management processes throughout the organisation. The Company's controls include deployment of security solutions like firewalls, intrusion prevention systems, anti-malware solutions and dynamic URL (Uniform Resource Locator) filtering. Further, a program for vulnerability assessment of critical information technology applications and infrastructure is in place. In the current situation of the Covid-19 pandemic, the Company has implemented security protocols for the infrastructure supporting work from home.
- (h) The Company has a whistle-blower policy that facilitates reporting of observed breaches. Depending on the nature and seriousness of non-compliant behaviour, the Company may take corrective actions against the erring employees as laid down in its code of conduct.

4. Reputation Risk

Reputation risk is defined as the risk of negative opinion about the financial stability, service levels, integrity, transparency or any other aspect, in the minds of the stakeholders, resulting in a decline in business volumes which eventually impact continuity of business. The Company has a framework in place for managing reputation risk and periodically monitors various parameters that could impact the reputation of the Company.

COMPANY'S RESPONSE TO COVID-19 PANDEMIC

The impact of the Covid-19 pandemic was felt across the economy. In the initial days of the pandemic and in response to the nation-wide lock down, the Company had responsibly activated the business continuity plan (BCP). As a provider of essential services, the Company tracked developments and enabled a conducive environment for functioning of the Company and fulfilling its duties, while complying with all necessary regulatory and

statutory directives. Employee safety was a key priority for the Company and work from home facilities were enabled for all employees. In addition, their health status was periodically tracked and awareness and guidance initiatives were undertaken to keep them healthy and engaged. Consistent communication to customers was ensured on the servicing options available from the safety of their homes on the Company's robust digital platforms. Distributors were encouraged to use new collaboration tools on the Company's robust digital platform to digitally connect with customers for new business as well as servicing requirement. On the regulatory front, the Company continually engaged IRDAI on operational aspects as well longer term policy shaping measures.

As the country opened up, the Company was able to scale up operations across all branches, while complying with directives from local authorities. Consumer mindset towards longer term savings underwent certain shifts and the Company was able to capitalize on opportunities in non-linked business and annuities to grow those segments. Retail protection business was affected due to asynchronous reinsurer-led price changes in the market and given the live pandemic environment, tighter underwriting practices and constraints in conducting medical examinations. The Company was able to take advantage of opportunities in Group protection and grow the segment.

Even as the pandemic continues into the coming year, with a second wave resulting in increased infections and resultant deaths, the Company will continue to monitor these developments closely and take appropriate actions.

For employees, work from home was enabled, their health status was periodically tracked and awareness and guidance initiatives were undertaken to keep them healthy and engaged with the below paragraph.

Employee health, safety and well-being was accorded paramount importance over the last one year. With the onset of the Covid-19 pandemic, a two-tier command structure was set up to implement the Business Continuity Plan, set direction and ensure compliance to statutory guidelines. The Company undertook several initiatives to support the physical and psychological well-being of employees and agents and help them seamlessly transition to a work from home (WFH) mode.

Physical and psychological well-being: Several initiatives were taken to augment workplace safety through strict monitoring of Covid-19 safety guidelines like rostering, social distancing, masking, temperature checks and implementation of stringent sanitisation and contact tracing guidelines. Plexiglass barriers were installed at each workstation along with deployment of air filters. An app called IWorkSafe was launched to enable employees to declare their health status and enable social distancing through a Bluetooth-based buzzer. Employees were offered free tele-consultation with Company doctors and free tele-counselling with mental health professionals. Covid-19 testing, additional sick leave and Covid-19 Home Care package was offered to all Covid-19 positive employees. The Company has tied up with hospitals to facilitate vaccination for employees.

Enabling work from home: The Company transitioned seamlessly to Work From Home mode. Accessibility was ensured by allotting devices to all employees and through migration of all work applications to enable

remote access. Remote technology support was offered and data charges were reimbursed to facilitate subscription to high bandwidth networks. Collaboration platforms such as MS Teams were deployed along with other digital solutions such as mobile applications, websites, WhatsApp, chatbots, and AI powered bots to enable customer interaction and customer service. Given the challenges of executing classroom or face-to-face training, learning and development initiatives were re-configured to promote digital learning towards enhancing skill and productivity levels. Virtual engagement sessions with employees were stepped up and regular engagement sessions were conducted by the leadership team and managers.

Considering that Covid-19 pandemic has not abated, the Company has provided for potential Covid-19 claims of ₹ 2,986 million net of reinsurance, with an additional provision of ₹ 336.4 million for any delayed intimations from the previous year.

Code of conduct under Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015

The Company has in place a Code of conduct to regulate, monitor and report trades in Securities by Designated Persons ("Code") which is in accordance with the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 as amended from time to time. The Code is applicable to the Directors, employees of the Company, Designated Persons, and their immediate relatives, as detailed therein. The objective of the Code is to achieve compliance to the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations. Any infractions/ violations of the Code are suitably dealt with as provided for in the Code.

CEO/CFO certification

In terms of the Listing Regulations, the certification by the Managing Director & CEO and Chief Financial Officer on the financial statements and internal controls relating to financial reporting has been obtained.

CORPORATE GOVERNANCE

The Company considers its stakeholders as partners in success, and remains committed to delivering value to stakeholders. The Company believes that a sound corporate governance mechanism is critical to retain and enhance stakeholders' trust. It is committed to exercise overall responsibilities rigorously and diligently throughout the organisation, managing its affairs in a manner consistent with corporate governance requirements and expectations.

The Company's corporate governance philosophy is based on an effective independent Board including the separation of Board's supervisory role from the executive management. The Board Committees are generally comprising of a majority of independent/non-executive Directors and are chaired by independent Directors, to oversee critical areas of business operations.

Significant and material orders passed by the regulators or courts or tribunals impacting the going concern status of the Company and its future operations

There are no significant and/or material orders passed by the regulators or courts or tribunals impacting the going concern status of future operations of the Company.

Compliance to Secretarial Standards

The Company has been in compliance of the applicable Secretarial Standards issued by the Institute of Company Secretaries of India for the financial year 2021.

Annual return

A copy of the annual return for FY2021 is placed on the website of the Company at <https://www.iciciprulife.com/about-us/shareholder-information/other.html> in accordance with the provisions of the CA2013 with the information available up to the date of this report, and shall be further updated as soon as possible but no later than sixty days from the date of the Annual General Meeting.

Particulars of employees

The statement containing the particulars of employees as required to be disclosed under Section 197(12) of the CA2013, read with Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, is set out in an Annexure and forms part of this Report. In terms of Section 136(1) of CA2013, the Report and the Accounts are sent to the members excluding the aforesaid Annexure. Any member interested in obtaining a copy of this Annexure may write to the Company Secretary at the Registered Office of the Company.

Corporate Social Responsibility (CSR) initiatives

The Corporate Social Responsibility policy as approved by the Board has been hosted on the Company's website (<https://www.iciciprulife.com/about-us/corporate-policies.html>).

The Company has spent ₹ 109.8 million for FY2021 towards CSR programs as against ₹ 108.4 million required to be spent, which is 2.01% of the average net profits made during the three immediately preceding financial years, in accordance with section 135 of the Companies Act, 2013. An excess amount of ₹ 1 million spent by the Company as CSR expense is carried forward to the next year.

The detailed annual report on Corporate Social Responsibility activities is annexed herewith as Annexure C.

Sexual harassment policy

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 provides protection against sexual harassment of women at the workplace and lays down guidelines for the prevention and redressal of complaints of sexual harassment. The Company has a laid down policy on sexual harassment at the workplace and has made it available to all employees on the Company's intranet. The Company believes in providing a safe and secure working environment and on an ongoing basis, creates education and awareness amongst employees. During the calendar year 2020, seven complaints on sexual harassment were filed, which were closed as per process after due investigation. There are no pending complaints for the calendar year 2020.

Further, the Company has complied with provisions relating to the constitution of Internal Complaints Committee under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

Whistle blower policy

The Company has adopted highest business, governance, ethical and legal standards. The Whistle blower Policy aims to provide a mechanism to ensure that concerns are appropriately raised, independently investigated and addressed.

The purpose of the Policy is to encourage employees to report matters without the risk of subsequent victimisation, discrimination or disadvantage.

As per the Policy, employees or Directors can raise concerns related to breach of any law, statute or regulation, issues related to accounting policies and procedures, acts resulting in financial loss or loss of reputation, misuse of office, suspected/actual fraud and criminal offences, non-compliance to anti-bribery and anti-corruption policy, leak of any unpublished price sensitivity information (UPSI) pursuant to SEBI Regulations or any such information prescribed pursuant to any regulations/laws, as amended from time to time by the Company or its employees. Such complaints are reported to the Board Audit Committee.

The Policy has been periodically communicated to employees and an extract of the same has also been hosted on the Company's intranet and details pertaining to establishment of vigil mechanism are hosted on the website at <https://www.icicprulife.com/about-us/corporate-policies.html>.

Code of conduct

The Company has a code of conduct (Code) for Directors and employees of the Company, which was last reviewed by the Board of Directors at its meeting held on July 21, 2020. The Code aims at ensuring consistent standards of conduct and ethical business practices across the constituents of the Company. The Code lays down the broad framework of general guiding principles for conducting day-to-day business. This Code is available on the website of the Company (<https://www.icicprulife.com/about-us/corporate-policies.html>). Pursuant to the Listing Regulations, a confirmation from the Managing Director & CEO regarding compliance with the Code by all the Directors and senior management forms part of the Annual Report.

Policy for determining material subsidiaries

In accordance with the requirements of the Listing Regulations, the Company has formulated a policy for determining material subsidiaries and the same has been hosted on the website of the Company (<https://www.icicprulife.com/about-us/corporate-policies.html>).

Board of Directors

The Company's Board is constituted in compliance with the CA2013, in accordance with Listing Regulations and IRDAI Corporate Governance Guidelines, 2016. At March 31, 2021, the Board comprised of five independent Directors, three non-executive Directors, and the Managing Director & CEO. Out of three non-executive Directors, two Directors are nominated by ICICI Bank Limited and one by Prudential Corporation Holdings Limited. The Chairman of the Board is an Independent Director. Except the Managing Director & CEO, all other Directors including the Chairman of the Board are non-executive Directors. The Board is responsible for corporate strategy and other responsibilities as laid down by IRDAI under the Corporate Governance guidelines. The Managing Director & CEO oversees implementation of the strategy, achievement of the business plan and day-to-day operations. There is an appropriate mix of executive, non-executive and independent Directors on various Board Committees. None of the Directors is related to any other Director or employee of the Company.

The Board functions either as a full Board or through various Committees constituted to oversee specific areas. The Board has constituted committees, namely, Board Audit Committee, Board Risk Management Committee, Board Investment Committee, Board Customer Service & Policyholders' Protection Committee, Board Nomination and Remuneration Committee, Board Corporate Social Responsibility Committee, Stakeholders Relationship Committee, With Profits Committee and Strategy Committee.

The Company recognises that a diverse Board will have different thoughts, perspectives, knowledge, skill, industry experience, age and gender, which will ensure that the Company retains its competitive advantage. The Board Nomination and Remuneration Committee recommends the appointment of Director(s) to the Board of the Company based on the criteria for appointment of Directors.

The Company, in accordance with the 'criteria for appointment of the Directors and official(s) who may be appointed in senior management of the Company' (Criteria), have identified the areas of knowledge, core skills and expertise or competence which would be required to be possessed by the Board of the Directors of the Company. The identified areas of skills included finance & accountancy, banking, insurance, strategy and corporate planning, risk management, securities market, economics, law and governance and consumer insights/marketing. The Directors of the Company have the skills and expertise as prescribed in the criteria, details of which are given below along with their educational qualification:

Name of the Director	Directors Identification Number (DIN)	Educational Qualification	Field of specialisation/ areas of core expertise
Non-executive non-independent Directors			
Mr. Anup Bagchi, non-executive Director nominated by ICICI Bank Limited	00105962	Management degree from IIM Bangalore and Engineering degree from IIT Kanpur	Finance & accountancy, banking, strategy and corporate planning

² Comprises of private limited companies incorporated in India and foreign companies but excludes Section 8 companies and not for profit foreign companies. Figures in parentheses indicate Board chairpersonship.

³ Figures in parentheses indicate committee chairmanship including alternate chairpersonship.

⁴ Mr. Kannan is a member of the Advisory Committee constituted by Reserve Bank of India (RBI) pursuant to the Insolvency and Bankruptcy (Insolvency and Liquidation Proceedings of Financial Service Providers and Application to Adjudicating Authority) Rules, 2019 to advise the Administrator of DHFL in its operations during the corporate insolvency resolution process.

In terms of the Listing Regulations, the number of Committees (Audit Committee and Stakeholders Relationship Committee) of public limited companies in which a Director is a member/chairperson were within the limits prescribed under Listing Regulations, for all the Directors of the Company. The number of directorships of each independent Director is also within the limits prescribed under Listing Regulations.

Independent Directors

The Board of Directors of the Company at March 31, 2021 comprised nine Directors, out of which five are independent Directors.

All independent Directors have confirmed that they meet the criteria of independence as laid down under Section 149(6) of the CA2013 and the Listing Regulations and have confirmed that their names have been added in the data bank maintained by the Indian Institute of Corporate Affairs for independent directors, in accordance with Rule 6 of the Companies (Appointment and Qualification of Directors) Rules, 2014.

Pursuant to the provisions of Rule 6 of the Companies (Appointment and Qualifications of Directors) Rules, 2014, every individual whose name is so included in the data bank shall pass an online proficiency self-assessment test. However, an individual who has fulfilled the criteria prescribed in Rule 6(4) of the said Rules, is exempted from passing the online proficiency self-assessment test. In view of the same, none of the Independent Directors were required to take the proficiency self-assessment test. The Board at its meeting held on April 19, 2021 has reviewed the submissions received from all the independent Directors and has confirmed that the independent Directors fulfil the criteria laid down by requisite regulations and are independent from the management. Further, based on these disclosures and confirmations, the Board is of the opinion that the Directors of the Company are eminent persons with integrity and have necessary expertise and experience to continue to discharge their responsibilities as the Director of the Company.

Further, pursuant to the provisions of the CA2013, the shareholders in the 17th AGM of the Company held on July 17, 2017 appointed Mr. Dilip Karnik (DIN: 06419513) as an Independent Director of the Company to hold office for five consecutive years with effect from June 29, 2016 to June 28, 2021. Mr. Karnik is eligible for re-appointment as an Independent Director for another term of five consecutive years.

Accordingly, pursuant to the provisions of the CA2013 and based on the recommendation of the Board Nomination and Remuneration Committee, the Board has recommended the re-appointment of Mr. Karnik as an Independent Director for another term of five consecutive years with effect from June 29, 2021 to June 28, 2026, for the approval of the members through a special resolution to be passed at the 21st AGM of the Company. His brief profile and other details as required under the CA2013 and Listing Regulations pertaining to his re-appointment is provided in the Notice of 21st AGM of the Company and the explanatory statement under section 102 of the CA2013, annexed to it.

Board Committees

The details of Board Committees are as follows:

A. Board Audit Committee

The primary objective of the Committee is to monitor and provide an effective supervision of the financial reporting process, with high

levels of transparency, integrity and quality of financial reporting. - vi. Approval of payment to statutory auditors and internal auditors or any of its associated persons or companies, for any other services rendered by them;
- vii. Reviewing, with the management, the annual financial statements and auditor's report thereon before submission to the Board for approval, with particular reference to:
 - Matters required to be included in the director's responsibility statement to be included in the Board's report in terms of clause (c) of sub-Section (3) of Section 134 of the Companies Act, 2013;
 - Changes, if any, in accounting policies and practices and reasons for the same;
 - Major accounting entries involving estimates based on the exercise of judgment by management;
 - Significant adjustments made in the financial statements arising out of audit findings;

- Compliance with listing and other legal requirements relating to financial statements to the extent applicable;
 - Approval or any subsequent modification and disclosure of any related party transactions of the Company, in accordance with applicable provisions, as amended from time to time; and
 - Modified opinion(s) in the draft audit report.
- viii. Reviewing, with the management, the quarterly, half-yearly and annual financial statements before submission to the Board for approval;
 - ix. To the extent applicable, review with the management, the statement of uses/end use/application of funds raised through an issue (public issue, rights issue, preferential issue, etc.) and related matter, the statement of funds utilised for purposes other than those stated in the offer document/ prospectus/ notice and the report submitted by the monitoring agency monitoring the utilisation of proceeds of a public or rights issue, and making appropriate recommendations to the Board to take up steps in this matter;
 - x. Review of housekeeping items, particularly review of suspense balances, reconciliations (including subsidiary general ledger (SGL) accounts) and other outstanding assets & liabilities;
 - xi. Scrutiny of inter-corporate loans and investments, if any;
 - xii. Valuation of undertakings or assets of the Company, wherever it is necessary;
 - xiii. Carrying out any other function, if any, as is mentioned in the terms of reference of the Audit Committee and any other terms of reference as may be decided by the Board and/or specified/ provided under the Companies Act, 2013 or the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations"), or by any other regulatory authority; and
 - xiv. To review the utilisation of loans and/ or advances from/ investment by the holding company in the subsidiary exceeding rupees 100 crore or 10% of the asset size of the subsidiary, whichever is lower including existing loans/ advances/investments.
- ii. **Internal audit**
 - i. Review the adequacy of internal audit function, if any, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure, coverage and frequency of internal audit;
 - ii. Oversee the efficient functioning of the internal audit department and review its reports. The Committee would additionally monitor the progress made in rectification of irregularities and changes in processes wherever deficiencies have come to notice;
 - iii. Set-up procedures and processes to address all concerns relating to adequacy of checks and control mechanisms;
 - iv. Discussion with internal auditors of any significant findings and follow up there on;
 - v. Review the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the Board;
 - vi. Review with the management, performance of internal auditors and the adequacy of the internal control systems;
 - vii. Look into the reasons for substantial defaults in the payment, if any, to the depositors, debenture holders, shareholders (in case of non-payment of declared dividends) and creditors; and
 - viii. Review the functioning of the whistle blower/vigil mechanism.
- iii. **Compliance & ethics**
 - i. Monitor the compliance function and the Company's risk profile in respect of compliance with external laws and regulations and internal policies, including the Company's code of ethics or conduct;
 - ii. Review reports on the above and on proactive compliance activities aimed at increasing the Company's ability to meet its legal and ethical obligations, on identified weaknesses, lapses, breaches or violations and the controls and other measures in place to help detect and address the same;
 - iii. Discuss the level of compliance in the Company and any associated risks and to monitor and report to the Board on any significant compliance breaches;
 - iv. Supervise and monitor matters reported using the Company's whistle blowing or other confidential mechanisms for employees and others to report ethical and compliance concerns or potential breaches or violations;
 - v. Advise the Board on the effect of the above on the Company's conduct of business and helping the Board set the correct 'tone at the top' by communicating, or supporting the communication, throughout the Company of the importance of ethics and compliance;
 - vi. Approve compliance programmes, reviewing their effectiveness on a regular basis and signing off on any material compliance issues or matters;
 - vii. Review key transactions involving conflict of interest;
 - viii. Review the anti-money laundering (AML)/counter – financing of terrorism (CFT) policy annually and review the implementation of the Company's AML/CFT program;
 - ix. Review compliance of Insurance Regulatory & Development Authority of India (IRDAI) corporate governance guidelines;
 - x. Monitor the directives issued/ penalties imposed/ penal action taken against the Company under various laws and statutes and action taken for corrective measures; and
 - xi. Approval of appointment of chief financial officer or any other person heading the finance function or discharging that function after assessing the qualifications, experience and background, etc. of the candidate.

Composition

There were twelve meetings of the Board Audit Committee held during FY2021: April 20, 2020, April 25, 2020, June 11, 2020, June 22, 2020, July 20, 2020, July 21, 2020, October 7, 2020, October 26, 2020, October 27, 2020, January 25, 2021, January 27, 2021 and March 17, 2021. The details of the composition of the Committee and attendance at its meetings are set out in the following table:

Name of the member	Number of meetings attended/held
Mr. R. K. Nair – Chairman	12/12
Mr. Dilip Karnik	12/12
Mr. Dileep Choksi	12/12
Ms. Vibha Paul Rishi	12/12
Mr. Sandeep Batra	12/12
Mr. Raghunath Hariharan ¹	2/6
Mr. Wilfred John Blackburn ²	6/6

¹ Ceased to be a member with effect from August 29, 2020

² Appointed as a member with effect from August 29, 2020

B. Board Risk Management Committee

The Committee reviews the Risk Management policy of the Company, including asset liability management (ALM), to monitor all risks across the various lines of business of the Company and establish appropriate systems to mitigate such risks. The Committee also reviews the risk appetite and risk profile of the Company. The Committee oversees the effective operation of the risk management system and advises the Board on key risk issues.

Terms of reference:

a. Risk management

- Assisting the Board in effective operation of the risk management system by performing specialised analysis and quality reviews;
- Monitoring and reviewing the cyber security system of the Company;
- Maintaining a group wide and aggregated view of the risk profile of the Company in addition to the individual risk profiles;
- Reporting to the Board details of the risk exposures and the actions taken to manage the exposures, set the risk tolerance limits and assess the cost and benefits associated with risk exposure and review, monitor and challenge where necessary, risks undertaken by the Company;
- Advising the Board with regard to risk management decisions in relation to strategic and operational matters such as corporate strategy, acquisitions and related matters;
- Review the Company's risk-reward performance to align with overall policy objectives;
- Discuss and consider best practices in risk management in the market and advise the respective functions;
- Maintain an aggregated view on the risk profile of the Company for all categories of risk including insurance risk, market risk,

credit risk, liquidity risk, operational risk, compliance risk, legal risk, reputation risk, etc.;

- Review the solvency position of the Company on a regular basis;
- Monitor and review regular updates on business continuity;
- Formulation of a fraud monitoring policy and framework for approval by the Board;
- Monitor implementation of anti-fraud policy for effective deterrence, prevention, detection and mitigation of frauds;
- Review compliance with the guidelines on Insurance Fraud Monitoring Framework dated January 21, 2013, issued by the Authority; and
- To carry out any other function, if any, as prescribed in the terms of reference of the Risk Management Committee and any other terms of reference as may be decided by the Board and/or specified/provided under the CA2013 or the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, or by any other regulatory authority.

b. Asset liability management (ALM)

- Formulating and implementing optimal ALM strategies, both at the product and enterprise level and meeting risk versus reward objectives and ensuring they remain within acceptable monitored tolerances for liquidity, solvency and the risk profile of the entity;
- Reviewing the Company's overall risk appetite and laying down the risk tolerance limits; including annual review of strategic asset allocation;
- Monitoring risk exposures at periodic intervals and revising strategies as appropriate including those for ALM;
- Placing information pertaining to ALM before the Board at periodic intervals;
- Setting the risk/reward objectives i.e. the risk appetite of the Company informed by assessment of policyholder expectations and other relevant factors;
- Quantifying the level of risk exposure (eg. market, credit and liquidity) and assessing the expected rewards and costs associated with the risk exposure;
- Ensuring that management and valuation of all assets and liabilities comply with the standards, prevailing legislation and internal and external reporting requirements;
- Reviewing key methodologies and assumptions including actuarial assumptions, used to value assets and liabilities;
- Managing capital requirements at the company level using the regulatory solvency requirements;
- Reviewing, approving and monitoring capital plans and related decisions over capital transactions; and

- xi. To carry out any other function, if any, as prescribed in the terms of reference of the Risk Management Committee and any other terms of reference as may be decided by the Board and/or specified/provided under the CA2013 or the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, or by any other regulatory authority.

Composition

There were four meetings of the Board Risk Management Committee held during FY2021: April 20, 2020, July 20, 2020, October 26, 2020 and January 25, 2021. The details of the composition of the Committee and attendance at its meetings are set out in the following table:

Name of the member	Number of meetings attended/held
Mr. M. S. Ramachandran – Chairman	4/4
Mr. R. K. Nair	4/4
Mr. Sandeep Batra ¹	3/3
Mr. Raghunath Hariharan ²	0/2
Mr. Wilfred John Blackburn ³	2/2
Mr. Anup Bagchi ⁴	1/1

¹ Ceased to be a member with effect from January 16, 2021

² Ceased to be a member with effect from August 29, 2020

³ Appointed as a member with effect from August 29, 2020

⁴ Appointed as a member with effect from January 16, 2021

C. Board Investment Committee

The Investment Committee assists the Board in fulfilling its oversight responsibility for the investment assets of the Company. The Committee is responsible for formulating the overall investment policy and establishing a framework for its investment operations with adequate controls. The Committee also monitors investment performance against the applicable benchmarks and provide guidance for protection of shareholders’ and policyholders’ funds.

Terms of reference:

- i. Responsible for the recommendation of the Investment Policy and laying down of the operational framework for the investment operations of the Company. The Investment Policy and operational framework should, inter alia, focus on a prudential asset liability management supported by robust internal control systems; and encompass aspects concerning liquidity for smooth operations, compliance with prudential regulatory norms on investments, risk management/mitigation strategies to ensure commensurate yield on investments in line with policyholders’ reasonable expectations and above all protection of policyholders’ funds.
- ii. Put in place an effective reporting system to ensure compliance with the Investment Policy set out by it apart from internal/concurrent audit mechanisms for a sustained and on-going monitoring of investment operations.

- iii. To submit a report to the Board on the performance of investments at least on a quarterly basis and provide an analysis of its investment portfolio (including with regard to the portfolio’s safety and soundness) and on the future outlook.
- iv. The Committee should independently review its investment decisions and ensure that support by the internal due diligence process is an input in making appropriate investment decisions.
- v. To carry out any other function, if any, as prescribed in the terms of reference of the Board Investment Committee and any other terms of reference as may be decided by the Board and/or specified/provided under the CA2013 or by any other regulatory authority.

Composition

There were four meetings of the Board Investment Committee held during FY2021: April 17, 2020, July 20, 2020, October 26, 2020 and January 25, 2021. The details of the composition of the Committee and attendance at its meetings are set out in the following table:

Name of the member	Number of meetings attended/held
Mr. M. S. Ramachandran - Chairman	4/4
Mr. R. K. Nair - Chairman	4/4
Mr. Sandeep Batra	4/4
Mr. Raghunath Hariharan ¹	0/2
Mr. Wilfred John Blackburn ²	2/2
Mr. N. S. Kannan	4/4
Mr. Puneet Nanda ³	1/1
*Mr. Satyan Jambunathan	4/4
*Mr. Manish Kumar	4/4
*Mr. Deepak Kinger	4/4
*Ms. Asha Murali	4/4

* As per IRDAI Corporate Governance guidelines 2016 and the IRDAI Investment Regulations, 2016, the Board Investment Committee shall also have Chief Financial Officer, Chief Risk Officer, Chief Investment Officer and Appointed Actuary as members.

¹ Ceased to be a member with effect from August 29, 2020

² Appointed as a member with effect from August 29, 2020

³ Ceased to be a member from close of business hours on June 14, 2020 i.e. with effect from June 15, 2020, consequent to his cessation as a wholetime Director of the Company

D. Board Customer Service & Policyholders’ Protection Committee

The Board Customer Service & Policyholders’ Protection Committee assists the Board to protect the interests of the policyholders and improve their experiences in dealing with the Company at all stages and levels of their relationship with the Company. In this connection, the Committee aims to upgrade and monitor policies and procedures for grievance redressal and resolution of disputes, disclosure of “material information” to the policy holders, and compliance with the regulatory requirements

Terms of reference:

- i. Putting in place proper procedures and effective mechanism to address complaints and grievances of policyholders including mis-selling by intermediaries.
- ii. Ensure compliance with the statutory requirements as laid down in the regulatory framework pertaining to policyholders' protection.
- iii. Review of the mechanism at periodic intervals.
- iv. Ensure adequacy of disclosure of "material information" to the policyholders. These disclosures shall, for the present, comply with the requirements laid down by the Authority both at the point of sale and at periodic intervals.
- v. Review the status of complaints of the policyholders, and take steps to reduce these complaints, at periodic intervals.
- vi. Provide the details of grievances at periodic intervals in such formats as may be prescribed by the Authority.
- vii. Provide details of insurance ombudsmen to the policyholders.
- viii. Shape the customer service philosophy and policies of the organisation based on the overall environment in the financial services industry.
- ix. Oversee the functions of the customer service council.
- x. Review measures for enhancing the quality of customer service.
- xi. Provide guidance to improve in the overall satisfaction level of customers.
- xii. Adopt standard operating procedures to treat the customer fairly including time-frames for policy and claims servicing parameters and monitoring implementation thereof.
- xiii. Put in place a framework for review of awards given by Insurance Ombudsman/Consumer Forums. Analyse the root cause of customer complaints, identify market conduct issues and advise the management appropriately about rectifying systemic issues, if any.
- xiv. Review all the awards given by Insurance Ombudsman/Consumer Forums remaining unimplemented for more than three (3) months with reasons therefor and report the same to the Board for initiating remedial action, where necessary.
- xv. Review of claims report, including status of outstanding claims with ageing of outstanding claims.
- xvi. Reviewing repudiated claims with analysis of reasons.
- xvii. Status of settlement of other customer benefit payouts like surrenders, loan, and partial withdrawal requests etc.
- xviii. Review of unclaimed amounts of policyholders, as required under the circulars and guidelines issued by the Authority.

The Company has a Grievance Redressal Committee (GRC). The GRC is formed to provide effective grievance redressal to the policyholders. GRC is chaired by an eminent independent member. The Committee has one more independent member, in addition to the Chair. As part of the grievance redressal mechanism, the GRC is constituted as the final authority to address the policyholders' grievances before approaching the Regulator and the Ombudsman office. The key discussions of the GRC meeting are put up at the Board Customer Service & Policyholders' Protection Committee for information.

The GRC meets on a quarterly basis with the following terms of reference:

- a. Evaluate feedback on quality of customer service and claims experience.
- b. Review and approve representations received on claims repudiations.
- c. Ensure that the Company follows all prescribed regulatory requirements on policyholder service.
- d. Submit report on its performance to the Customer Service & Policyholder Protection Committee (CS&PPC) on a quarterly basis.

Composition

There were four meetings of the Board Customer Service & Policyholders' Protection Committee held during FY2021: April 20, 2020, July 21, 2020, October 27, 2020 and January 27, 2021. The details of the composition of the Committee and attendance at its meetings are set out in the following table:

Name of the member	Number of meetings attended/held
Ms. Vibha Paul Rishi – Chairperson	4/4
Mr. Dilip Karnik	4/4
Mr. Dileep Choksi	4/4
Mr. Anup Bagchi	4/4
Mr. Raghunath Hariharan ¹	0/2
Mr. Wilfred John Blackburn ²	2/2

¹ Ceased to be a member with effect from August 29, 2020

² Appointed as a member with effect from August 29, 2020

E. Board Nomination and Remuneration Committee

The Board Nomination and Remuneration Committee assists the Board to formulate policies relating to the composition and remuneration of the Directors, key managerial personnel, other employees consistent with criteria approved by the Board. The Committee coordinates and oversees the self-evaluation of the performance of the Board and succession planning for senior management. The Committee ensures that the Board comprises competent and qualified Directors.

Terms of reference:

- i. To formulate the criteria for determining qualifications, positive attributes and independence of a director and recommend to the Board a policy, relating to the remuneration for the directors, key managerial personnel and other employees;
- ii. To consider and approve employee stock option schemes and to administer and supervise the same;
- iii. To devise a policy on diversity of the Board;
- iv. To identify persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, recommend to the Board their appointment and removal and formulate a criteria and specify the manner for effective evaluation of every individual director’s performance, evaluation of the performance of Board and its committees; and review its implementation and compliance;
- v. To recommend to the Board, all remuneration, in whatever form, payable to senior management;
- vi. To scrutinise the declarations of intending applicants before the appointment/ re-appointment/ election of directors by the shareholders at the annual general meeting; and to scrutinise the applications and details submitted by the aspirants for appointment as the key managerial personnel;
- vii. To consider whether to extend or continue the term of appointment of the independent director, on the basis of the report of performance evaluation of independent directors;
- viii. To ensure that the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate directors of the quality required to run the Company successfully;
- ix. To ensure that relationship of remuneration to performance is clear and meets appropriate performance benchmarks;
- x. To approve the compensation program and to ensure that remuneration to directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals;
- xi. To ensure that the proposed appointments/ re-appointments of key managerial personnel or directors are in conformity with the Board approved policy on retirement/ superannuation; and
- xii. Separate meeting of independent Directors

During FY2021, a separate meeting of the Independent Directors was held on April 24, 2020.

Retirement by rotation

In accordance with the relevant provision of the CA2013, Mr. Anup Bagchi (DIN: 00105962) would retire by rotation at the ensuing AGM. Mr. Bagchi, being eligible has offered himself for re-appointment.

Criteria for appointment of a Director and official(s) who may be appointed as key managerial person/personnel or as senior managerial personnel

The Company has a well-defined criteria for appointment of Directors and those in senior management positions (that is who may be appointed as key managerial person/personnel (KMP) or as senior managerial personnel (SMP)) in accordance with the requirements prescribed.

Remuneration

Remuneration policy

The Company already has in place a policy on Compensation & Benefits ("Compensation Policy") for Managing Director & CEO, Other Wholetime Directors, non-executive Directors, Key Management Person (KMP), Senior Management Personnel (SMP) and other employees.

Further details with respect to the Compensation policy are provided under the section titled "Compensation & Benefit policy", which has also been hosted on the website of the Company and can be accessed on the link: <https://www.iciciprulife.com/about-us/corporate-policies.html>.

Details of remuneration paid to wholetime Directors

The Board Nomination and Remuneration Committee (BNRC) determines and recommends to the Board the remuneration, including performance bonus and non-cash benefits and perquisites, payable to the wholetime Directors.

The following table sets out the details of remuneration (including perquisites and retiral benefits) paid to wholetime Directors during fiscal 2021:

Particulars	Details of Remuneration (₹)	
	Mr. N. S. Kannan	Mr. Puneet Nanda (upto June 14, 2020)
Basic	24,467,040	3,276,350
Variable pay ¹	14,646,731	15,863,541
Allowances ² and perquisites ³	21,596,620	4,957,178
Contribution to provident fund	2,936,045	393,162
Contribution to gratuity fund ⁴	2,038,104	272,920
Stock options of the Company (Numbers)		
Granted in fiscal 2021	760,600	560,000
Granted in fiscal 2020	701,600	516,600
Stock options of ICICI Bank (Numbers)		
Granted in fiscal 2021	-	-
Granted in fiscal 2020	183,200	134,900

Note: For the year ended March 31, 2021 the remuneration details pertain to the amount paid/options granted for the period of service as per IRDAI approval

¹ Variable pay includes the deferred component of the variable pay of previous years as approved by IRDAI

² Allowances also include NPS, Superannuation and Leave encashment. For Mr. Puneet Nanda, allowances also include Interest subsidy. A sum of ₹ 25,236,750 towards gratuity and ₹ 4,250,400 towards leave encashment was transferred to ICICI Ventures subsequent to transfer of Mr. Puneet Nanda.

³ Perquisite excludes perquisites on exercise of stock options, if any. Stock options exercised during the year does not constitute remuneration paid to the wholetime directors and accordingly is not considered here.

⁴ Provision towards gratuity is determined actuarially on an overall basis, however, for the purpose of this section, annual contribution towards gratuity fund of the Company as approved by BNRC/Board has been given.

Perquisites and non-cash benefits: Perquisites and non-cash benefits (evaluated as per Income-tax Rules, wherever applicable, and at actual cost to the Company in other cases) which are considered as part of Fixed Pay: group term life insurance, group personal accident insurance, group mediclaim, domiciliary medical reimbursement, corporate car, corporate club membership, interest subsidy on housing loan, furnishings, utilities (such as gas and electricity), scholarship for children's education, financial support to cover expenses for children with special needs, and other such non-cash perquisites and benefits as applicable from time to time, and as may be determined by the Board of Directors or the Board Nomination and Remuneration Committee in accordance with the Compensation and Benefits Policy of the

Company. Other perquisites and non-cash benefits not considered as part of Fixed Pay include: business club membership, executive health checkup, drivers, fuel for car, motor insurance and maintenance of car, company assets and enablement for home office, mobile reimbursement, privilege leave encashment, and other such perquisites and non-cash benefits, including employee stock options under the Revised Scheme (Employee Stock Option Scheme 2005 as approved by Members on July 17, 2017) of the Company and the ICICI Bank Employee Stock Option Scheme – 2000, if any, as applicable from time to time, and as may be determined by the Board of Directors or the Board Nomination and Remuneration Committee in accordance with the Compensation and Benefits Policy of the Company.

Details of remuneration paid to non-executive Directors

As provided in the Articles of Association of the Company, the fees payable to the non-executive independent Directors for attending a Meeting of the Board or Committee thereof is decided by the Board of Directors from time to time within the limits prescribed by the CA2013.

For FY2021, the Company has paid ₹ 100,000 as sitting fees for each meeting of the Board, ₹ 50,000 for each Board Audit Committee meeting and ₹ 30,000 as sitting fees for each Meeting of other Board Committee meetings attended. This amount is within the limits prescribed as per Rule 4 of Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 of the CA2013.

The members of the Company at the Annual General Meeting held on July 17, 2019 have approved the payment of compensation in form of profit related commission upto ₹ 1 million per annum, in proportion to the time served by him/her as a Director in a year, to each non-executive Director of the Company (other than the non-executive directors nominated by ICICI Bank Limited and Prudential Corporation Holdings Limited), for each year effective from financial year ending March 31, 2021. The payments are subject to the regulatory provisions applicable to the Company and availability of net profits at the end of each financial year. Sitting fees paid to independent Directors are outside the purview of the above limits.

The details of the sitting fees and commission are as below:

Sitting fees paid to independent Directors for the financial year ended March 31, 2021:

Name of the Director	Amount (in ₹)
Mr. M. S. Ramachandran, Chairman	1.74 million
Mr. Dilip Karnik	2.25 million
Mr. R. K. Nair	2.16 million
Mr. Dileep Choksi	2.1 million
Ms. Vibha Paul Rishi	1.92 million

Commission to be paid to independent Directors for the financial year ended March 31, 2021:

Name of the Director	Amount (in ₹)
Mr. M. S. Ramachandran	1 million
Mr. Dilip Karnik	1 million
Mr. R. K. Nair	1 million
Mr. Dileep Choksi	1 million
Ms. Vibha Paul Rishi	1 million

Further, it may be noted that Mr. Sandeep Batra was a wholetime Director of the Company from January 1, 2014 till July 11, 2018. In accordance with the terms of the engagement with Mr. Batra, then, as a wholetime Director, he was eligible to receive long term variable pay and was also granted options pursuant to the Company’s employee stock option scheme. Accordingly, he was paid ₹ 4,100,976, as deferred variable pay during the year ended March 31, 2021.

Remuneration disclosures pursuant to IRDAI guidelines

Pursuant to IRDAI guidelines on remuneration of non-executive Directors and Managing Director/Chief Executive Officer/wholetime Directors of Insurers (IRDAI Guidelines) issued vide reference no. IRDA/F&A/GDL/LSTD/155/08/2016 dated August 5, 2016 requires the Company to make following disclosures on remuneration on an annual basis in their Annual Report:

Compensation policy and practices

1. Qualitative disclosures

a. Information relating to the design and structure of remuneration processes and the key features and objectives of remuneration policy.

- (i) Name and mandate of the main body overseeing remuneration
The Board Nomination and Remuneration Committee (BNRC/Committee) is the body which oversees aspects pertaining to remuneration. The functions of the Committee include identifying persons who are qualified to become Directors and who may be appointed in senior management in accordance with the criteria laid down and recommending to the Board their appointment and removal and formulating a criteria and specifying the manner for effective evaluation of every individual director’s performance, evaluation of the performance of the Board and its committees, and reviewing its implementation and compliance; considering to extend or continue the term of appointment of the Independent Director, on the basis of the report of performance evaluation of Independent Directors; recommending to the Board a policy relating to the remuneration for the Directors, key managerial personnel and other employees; recommending to the Board all remuneration, in whatever form, payable to senior management; ensuring that the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate Directors of the quality required to run the Company successfully; ensuring that the relationship of remuneration to performance is clear and meets appropriate performance benchmarks; approving the compensation

program and ensuring that remuneration to Directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals; formulating the criteria for determining qualifications, positive attributes and independence of a Director; devising a policy on diversity of the Board; considering and approving employee stock option schemes and administering and supervising the same.

- (ii) External consultants whose advice has been sought, the body by which they were commissioned and in what areas of the remuneration process
The Company engaged the services of reputed consulting firms for market benchmarking in the area of compensation.
- (iii) Scope of the Company’s remuneration policy (eg. by regions, business lines), including the extent to which it is applicable to foreign subsidiaries and branches
The Company’s Policy on Compensation & Benefits (“Compensation Policy”) for Managing Director & CEO, Other wholetime Directors, non-executive Directors, Key Management Person (KMP), Senior Management Personnel (SMP) and other employees was last amended and approved by the BNRC and the Board at its Meeting held on August 28, 2020.
- (iv) Type of employees covered and number of such employees
All employees of the Company are governed by the Compensation Policy. The total number of permanent employees governed by the Compensation Policy of the Company at March 31, 2021 was 14,413.
- (v) Key features and objectives of remuneration policy
The Company has historically followed prudent compensation practices under the guidance of the Board and the BNRC. The Company’s approach to compensation is based on the ethos of meritocracy and fairness within the framework of prudent risk management. This approach has been incorporated in the Compensation Policy, the key elements of which are given below:

Effective governance of compensation

The Company follows prudent compensation practices under the guidance of the BNRC and the Board. The decision relating to the remuneration of the Managing Director & CEO (MD & CEO) and other wholetime Directors is reviewed and approved by the BNRC and the Board. The BNRC and the Board approves the Key Performance Indicators (KPIs) and the performance threshold for payment of performance bonus, if applicable. The BNRC evaluates business performance against the KPIs and on various risk parameters as prescribed by IRDAI. Based on its assessment, it makes recommendations to the Board regarding compensation for MD & CEO and other wholetime Directors, performance bonus and long-

term pay for all eligible employees, including senior management and key management persons.

Alignment of compensation philosophy with prudent risk taking

The Company seeks to achieve a prudent mix of fixed and variable pay, with a higher proportion of variable pay at senior levels. For the MD & CEO and other wholetime Directors (WTD), compensation is sought to be aligned to both pre-defined performance objectives of the Company as well as prudent risk parameters. In addition, the Company has an Employees Stock Option Scheme aimed at enabling employees to participate in the long-term growth and financial success of the Company through stock option grants that vest over a period of time.

Whether the BNRC reviewed the Company's remuneration policy during the past year, and if so, an overview of any changes that were made

The BNRC reviewed the Company's Compensation and Benefits policy at its meetings held on July 13, 2020 and August 28, 2020. The key changes in the policy are:

- In line with the Insurance Regulatory and Development Authority of India (IRDAI) circular dated June 30, 2020 highlighting that the monetary value of perquisites including retiral benefits should have monetary ceilings and are accounted for as part of Fixed pay, the nomenclature of the compensation elements and the definition of Fixed Pay for the MD & CEO and other WTDs have been amended to include non-cash benefits and perquisites, contribution towards superannuation/ retinals and any other form of non-cash benefits & perquisites including reimbursable benefits & perquisites with monetary ceilings. Accordingly, the definition of variable pay has also been consequently amended.
- Methodology of valuing stock options has been incorporated for clarity.
- The clause for Guaranteed bonus and Severance pay for Whole-time Directors has been modified to strengthen governance.
- The clause on review of compensation for the MD & CEO and other Wholetime Directors has been modified for better clarity and in line with the IRDAI circular dated June 30, 2020.
- The current list of non-cash benefits and perquisites provided to employees including KMPs/SMPs has been included in the list of non-cash benefits and perquisites.
- A section related to compensation for non-executive Independent Director as Chairman/Chairperson of the Company, if any, has been incorporated into the policy. The remuneration payable in the case of an Independent Director being the Chairman/Chairperson of the Company has been outlined in the policy to enable providing administrative support to the Chairman, and in accordance with the provisions of the extant applicable regulatory and statutory requirements.
- The frequency for the review of the Compensation Policy has been incorporated.

b. Description of the ways in which current and future risks are taken into account in the remuneration processes

- The Company follows prudent compensation practices under the guidance of the Board and the Board Nomination and Remuneration Committee (BNRC). The Company's approach to compensation is based on the ethos of meritocracy and fairness within the framework of prudent risk management. The performance rating assigned to employees is based on assessment of performance delivered against a set of defined performance objectives. These objectives are balanced in nature and comprise a holistic mix of financial, customer, people, process, quality, compliance objectives and/or any other parameters as may be deemed fit.
- For the MD & CEO and other wholetime Directors, compensation is sought to be aligned to both pre-defined performance objectives of the Company as well as prudent risk parameters.
- For the MD & CEO and other wholetime Directors, the quantum of bonus does not exceed a certain percentage (as stipulated in the Compensation Policy) of total fixed pay in a year; if the quantum of bonus exceeds a pre-defined percentage of the total fixed pay, a part of the bonus is deferred and paid over a pre-defined period.
- The deferred part of the variable pay (performance bonus) for wholetime Directors is subject to malus, under which, the Company will prevent vesting of all or part of the variable pay in the event of an enquiry determining gross negligence or integrity breach.
- In claw back arrangements with wholetime Directors, the employee agrees to return, in case asked for, the previously paid variable pay to the Company in the event of an enquiry determining gross negligence or integrity breach, taking into account relevant regulatory stipulations.
- For malus and clawback, acts of gross negligence and integrity breach are covered under the purview of the compensation policy. Errors of judgment shall not be construed to be breaches.

c. Description of the ways in which the Company seeks to link performance during a performance measurement period with levels of remuneration

The Company's approach to compensation is based on the ethos of meritocracy and fairness within the framework of prudent risk management. The extent of variable pay for individual employees is linked to individual performance for sales frontline employees and to individual and organisation performance for non-sales frontline employees and employees in the management cadre. For the latter, the performance rating assigned is based on assessment of performance

delivered against a set of defined performance objectives. These objectives are balanced in nature, and comprise a holistic mix of financial, customer, people, process, quality and compliance objectives and/or any other parameters as may be deemed fit. For the Managing Director & CEO and other wholetime Directors, to ensure effective alignment of compensation with prudent risk parameters, the Company takes into account various risk parameters along with other pre-defined performance objectives of the Company.

2. Quantitative Disclosures

The following table sets forth, for the period indicated, the details of quantitative disclosure for remuneration of wholetime Directors (including Managing Director & CEO)

Particulars	At March 31, 2021
Number of WTD/ CEO/ MD having received a variable remuneration award during the financial year	2
Number and total amount of sign on awards made during the financial year	Nil
Details of guaranteed bonus, if any, paid as joining/ sign on bonus	Nil
Breakup of amount of remuneration awarded for the financial year (in ₹ million)	
Fixed ¹	57.9
Variable Pay ²	26.2
Deferred	-
Non-Deferred	26.2
Share-Linked Instruments – Company ²	1,320,600
Total amount of deferred remuneration paid out in the financial year (₹ in million)	4.3
Total amount of outstanding deferred remuneration Cash (₹ in million)	2.2
Shares	Nil
Shares-linked instruments – Company	2,214,220
Shares-linked instruments – ICICI Bank	319,670
Other forms	Nil

Note: For the year-ended March 31, 2021 the numbers indicated are the amounts paid/options granted during the year FY2021 as per IRDAI approvals. Mr. Sandeep Bakhshi received a remuneration of ₹ 6,360,229 and Mr. Sandeep Batra received ₹ 4,100,976 which is the deferred variable pay (paid during FY2021). This is in accordance with the terms of engagement with Mr. Bakhshi and Mr. Batra, then, as wholetime Directors of the Company.

¹Fixed pay includes basic salary, supplementary allowances, superannuation, contribution to provident fund and gratuity fund by the Company. Provision towards gratuity is determined actuarially on an overall basis, however, for the purpose of this section, the annual contribution towards gratuity fund of the Company as approved by BNRC/Board is incorporated here.

²Variable pay and share-linked instruments represent amounts granted/options awarded by BNRC/Board in FY2021.

Further, provision on gratuity, leave encashment and long term payment, which is actuarially valued for all employees of the organisation, is not considered above.

Disclosures required with respect to Section 197(12) of the CA2013

The ratio of the remuneration of each Director to the median employee’s remuneration and such other details in terms of Section 197(12) of the CA2013 read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014. For the purpose of this section, aspects of fixed remuneration which includes basic salary, supplementary allowance and retirals (provident fund, gratuity and superannuation) have been annualised.

- (i) The ratio of the remuneration of each director to the median remuneration of the employees, who are part of annual bonus plan (excluding frontline sales), of the Company for the financial year:

Mr. N S Kannan, Managing Director & CEO	80:1
Mr. Puneet Nanda, Deputy Managing Director	57:1

- (ii) The percentage increase in remuneration of each Director, Chief Financial Officer, Chief Executive Officer, Company Secretary or Manager, if any, in the financial year:

The percentage increase in remuneration of Wholetime Directors, Chief Financial Officer, and Company Secretary was 0%.

- (iii) The percentage increase in the median remuneration of employees, who are part of annual bonus plan (excluding frontline sales), in the financial year:

The percentage increase in the median remuneration of employees, who are part of annual bonus plan, in the financial year was around 6.7%.

- (iv) The number of permanent employees on the rolls of Company:
The number of employees as on March 31, 2021 is 14,413.

- (v) Average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration:

The average percentage increase in the salaries of total employees other than the key managerial personnel for fiscal 2020 was around 4.6%, while there was no increase in the remuneration of the key managerial personnel.

- (vi) Affirmation that the remuneration is as per the remuneration policy of the Company:

Yes.

Employee Stock Option Scheme (ESOS)

The Company granted options to its employees under its Employees Stock Option Scheme, prior to listing, since approval of its Employees Stock Option Scheme – 2005. This pre-IPO Scheme shall be referred to as 'ESOS 2005' or 'Scheme'. The Scheme has six tranches namely Founder, 2004-05, 2005-06, 2006-07, Founder II and 2007-08, pursuant to which shares have been allotted and listed in accordance with the in-principle approval extended by the stock exchanges. The Scheme was instituted vide approval of its Members at the Extra-Ordinary General Meeting (EGM) dated March 28, 2005 and subsequently amended by the Members of the Company vide its EGM dated February 24, 2015.

The Scheme was last ratified and amended by the members of the Company at its Annual General Meeting held on July 17, 2017 which

is in compliance with the SEBI (Share Based Employee Benefits) Regulations, 2014 (referred to as the 'Revised Scheme').

Further, the meeting of Board Nomination and Remuneration Committee (BNRC) and the Board held on April 24, 2019 had approved the amendment to the definition of "Exercise Period". The revision to the definition was approved by Members at the annual general meeting of the Company held on July 17, 2019.

As per the Revised Scheme, the aggregate number of shares issued or issuable since March 31, 2016 pursuant to the exercise of any Options granted to the Eligible Employees issued pursuant to the Scheme or any other stock option scheme of the Company, shall not exceed 2.64% of the number of shares issued at March 31, 2016; which pursuant to the Scheme was earlier capped at 3% of the issued capital of the Company as on the date of grant(s). Further, pursuant to the Revised Scheme the maximum number of Options that can be granted to any Eligible Employee in a financial year shall not exceed 0.1% of the issued Shares of the Company at the time of grant of Options, which pursuant to the Scheme was 1% of the issued capital of the Company to any eligible employee. Both the Scheme and the Revised Scheme provide for a minimum period of one year between the grant of Options and vesting of Options. Shares are allotted/issued to all those who have exercised their Options, as granted by the Board of the Company and/or the BNRC in accordance with the criteria ascertained pursuant to the Company's Compensation and Benefits policy.

Pursuant to the SEBI (Share Based Employee Benefits) Regulations, 2014, the disclosures are available on the website of the Company at the following link <https://www.icicprulife.com/about-us/investor-relations/financial-information.html>.

The salient features of tranches issued under the Scheme and the Revised Scheme are as stated below:

Date of Grant	Founder	2004-05	2005-06	2006-07 Founder II	2007-08	2017-18	2018-19	2018-19 Special Options	2018-19 Joining Options	2019-20	2019-20 Joining Options	2020-21	2020-21 Joining Options	2020-21 Joining Options
	March 28, 2005	April 25, 2005	April 26, 2006	April 24, 2007	April 25, 2008	July 25, 2017	April 24, 2018	April 24, 2018	January 22, 2019	April 24, 2019	July 24, 2019	May 10, 2020	June 11, 2020	January 27, 2021
Number of options granted	2,662,500	3,782,400	4,633,250	6,534,675 (2006-07) 470,000 (Founder II)	6,101,000	656,300	2,167,900	4,980,250	156,000	4,993,600	80,000	5,072,200	25,000	50,000
Maximum term for exercising the options granted	Thirteenth anniversary of the date of grant of options			Tenth anniversary of the date of grant of options		Exercise period would commence from the date of vesting and expire on completion of ten years from the date of vesting of options		Five years from date of vesting of stock options						
Graded Vesting Period														
1 st Year	50% of option granted	25% of options granted			30% of options granted		-		30% of options granted					
2 nd Year	25% of options granted			30% of options granted		-		30% of options granted						
3 rd Year	25% of options granted	40% of options granted			50% of options granted		40% of options granted							
4 th Year	-	25% of options granted			50% of options granted		-							
Mode of settlement	Equity													

Note: : The exercise price for all the options granted by the Board Nomination and Remuneration Committee (BNRC), after listing (as tabulated above), is the closing price on the recognised stock exchange, having higher trading volume, on the date immediately prior to the date of meeting of the BNRC - which is scheduled to consider granting options under the Company's employee stock option scheme.

Exercise price of all the options outstanding for all years/quarter for tranches Founder, 2004-2005, 2005-06, 2006-07, Founder II, 2007-08, 2017-18, 2018-19, 2018-19 Special Options and 2018-19 Joining Options, 2019-20, 2019-20 Joining Options, 2020-21, 2020-21 Joining Options (1), 2020-21 Joining Options (2) schemes is ₹ 30, ₹ 42, ₹ 70, ₹ 130, ₹ 130, ₹ 400, ₹ 468.60, ₹ 388.40, ₹ 388.40, ₹ 351.65, ₹ 369.30, ₹ 383.10, ₹ 400.10, ₹ 396.95 and ₹ 501.90 respectively.

Particulars of options for the year ended March 31, 2021 are given below:

Options granted	5,147,200
Options forfeited/ lapsed	205,967
Options vested	2,412,290
Options exercised	126,640
Total number of options in force	17,175,700
Number of shares allotted pursuant to exercise of options	126,640
Extinguishment or modification of options	Nil
Amount realised by exercise of options (₹)	45,487,332

Note: For details on option movement during the year refer Notes to accounts

The following key management persons and senior management personnel (SMP), other than wholetime Directors, were granted stock options of the Company up to a maximum of 179,500 options to an individual, aggregating to 916,200 options during FY2021.

Sr. No.	Name	Designation
1	Judhajit Das	Chief-Human Resources
2	Satyan Jambunathan	Chief Financial Officer
3	Amit Palta ¹	Chief Distribution Officer
4	Deepak Kinger	Chief Risk & Compliance Officer
5	Manish Kumar	Chief Investments Officer
6	Asha Murali	Appointed Actuary
7	Vyoma Manek ²	Company Secretary
8	Manish Dubey ³	Chief Marketing Officer

¹ Categorised as KMP with effect from June 15, 2020; stock options granted mentioned above was prior to his categorization as KMP

² Categorised as KMP till February 15, 2021

³ Categorised as KMP till June 14, 2020

Note: Ms Sonali Chandak was appointed as Company Secretary of the Company with effect from February 16, 2021 and hence categorised as KMP with effect from February 16, 2021 and was not granted stock options of the Company during the year ended March 31, 2021.

No employee was granted options during any one year equal to or exceeding 0.1% of the issued equity shares of the Company at the time of the grant.

Out of the total outstanding options at April 1, 2021, 2,412,290 options were vested during the year ended March 31, 2021 and ₹ 45.5 million was realised by exercise of options during the year ended March 31, 2021.

During the year ended March 31, 2021 the Company has recognised a compensation cost of ₹ nil (year ended March 31, 2020: ₹ nil) as the intrinsic value of the options.

Had the Company followed fair value method based on binomial tree model valuing its options, compensation cost for the year ended would have been higher by ₹ 331.5 million (March 31, 2020: ₹ 502.5 million) and the profit after tax would have been ₹ 9,270.0 million (March 31, 2020: ₹ 10,185.0 million). On a proforma basis, the Company's basic and diluted earnings per share would have been ₹ 6.46 (March 31, 2020: ₹ 7.09) and ₹ 6.44 (March 31, 2020: ₹ 7.08) respectively.

Fair value methodology

The assumptions considered in the pricing model for the ESOPs granted during the year ended March 31, 2021 were:

Particulars	March 31, 2020	March 31, 2021	Basis
Risk-free interest rate	6.42% to 7.66%	4.87% to 5.78%	G-Sec yield at grant date for tenure equal to the expected term of ESOPs
Expected life of the options	3.50 to 5.50 years	3.50 to 5.50 years	Simplified method (average of minimum and maximum life of options)
Dividend yield	0.82% to 1.22%	0.16% to 0.59%	Based on recent dividend declared
Expected volatility	12.39% to 13.37%	17.90% to 20.19%	Based on historical volatility determined on the basis of Nifty 50

The weighted average price of options exercised during the year ended March 31, 2021 is ₹ 359.19 (year ended March 31, 2020: ₹ 183.63).

Further disclosures pursuant to the SEBI (Share Based Employee Benefits) Regulations, 2014, Guidance Note on accounting for employees share based payments issued by ICAI or any other relevant accounting standard have been included in the Notes to Accounts.

ICI Bank Limited ("Holding company") has granted their options to certain employees of the Company. The Holding company follows an intrinsic value method and has recognised a cost of ₹ nil for the year ended March 31, 2021, for the options granted to employees of the Company (year ended March 31, 2020: ₹ nil).

Performance evaluation of Directors, Chairman, the Board and its Committees

The Company, with the approval of its Board Nomination and Remuneration Committee, has put in place a framework for evaluation of the Directors, Chairman, the Board and its Committees.

The performance evaluation was undertaken through an online survey portal. The performance of the Board was assessed on parameters relating to roles, responsibilities and obligations of the Board and functioning of the Committees including assessing the quality, quantity and timeliness of flow of information between the Company management and the Board that is necessary for the Board to effectively and reasonably perform their duties. The evaluation criteria for the Directors was based on their participation, contribution and offering guidance to and understanding of the areas which were relevant to them in their capacity as members of the Board. The evaluation criteria for the Chairman of the Board, besides the general criteria

adopted for assessment of all Directors, included leadership abilities, effective management of meetings and preservation of interest of stakeholders. The evaluation criteria for the Committees were based on effective discharge of its terms of reference and their contribution to the functioning of the Board. The Board Nomination and Remuneration Committee evaluated the performance of the wholetime Directors. The details about the evaluation of the wholetime Directors are further articulated under the section titled "Compensation policy and practices."

General Shareholder Information

In view of the outbreak of the Covid-19 pandemic, social distancing is a pre-requisite and accordingly the Annual General Meeting ('AGM') is proposed to be convened through Video Conference (VC) or/and Other Audio Visual Means (OAVM), in compliance with applicable provisions of the Companies Act, 2013 read with the General Circular No. 20/2020 dated May 5, 2020, General Circular No. 14/2020, dated April 8, 2020, General Circular No. 17/2020 dated April 13, 2020 and General Circular No. 02/2021 dated January 13, 2021, issued by the Ministry of Corporate Affairs ('MCA'). Considering the same, the deemed venue for 21st AGM shall be the registered office of the Company.

In view of the same, the members are given the facility to attend and participate in the AGM through Video Conference (VC)/ Other Audio Visual Means (OAVM), by following the procedure mentioned in the Notice of the AGM.

General Body Meeting	Day, Date & Time
Twenty first AGM	Friday, June 25, 2021 at 3.30 p.m.

Financial Year: April 1, 2020 to March 31, 2021

Book Closure: June 18, 2021 to June 25, 2021

Dividend payment date: On or before July 25, 2021

Fit and proper criteria for investors and continuous monitoring requirement

The IRDAI guidelines for Listed Indian Insurance Companies prescribe the following:

- Self-certification of “fit and proper person” criteria by a person holding/intending to acquire equity shares of 1% or more of paid-up equity share capital
- Prior permission of IRDAI for holding shares beyond 5% of the paid-up equity share capital.

Further information on detailed procedure and format for self-certification is hosted on the Company’s website (<https://www.iciciprulife.com/about-us/shareholder-information/other.html>)

Business Responsibility Reporting, Environmental, Social and Governance (ESG) and Conservation of Energy and Technology absorption

Business Responsibility Report (BRR) as stipulated under Regulation 34 of the Listing Regulations forms part of the Annual Report and has been hosted on the website of the Company and can be viewed at <https://www.iciciprulife.com/about-us/shareholder-information/other.html>.

The Company has an elaborate ESG Report that details the efforts of the Company on sustainability and is also available on its website. The Company constantly undertakes technology and digitalization initiatives and works with employees, partners and customers to offer simple and robust technology solutions towards reducing the Company’s carbon footprint.

The Company has undertaken various initiatives for energy conservation at its premises and has used information technology extensively in its operations, which includes technological interventions in aspects pertaining to policy lifecycle, marketing & lead generation, partner integration, analytics and assurance. They entail how the Company digitally transformed itself with the use of Artificial Intelligence (AI), Machine Learning (ML) and Natural Language Processing (NLP), especially with AI underwriting and Optical Character Reader (OCR), conversation bots, data insights, nudge engine and image recognition. These are in addition to other technological strides in terms of strengthening its core systems, readying for future and supporting new growth engines.

Digitisation

The Company has fully digitised its policy issuance and servicing processes. More than 96% of all our policies issued are logged digitally. The Company has also offered its customers the facility of opening e-insurance accounts, an electronic repository of policies. This enables our customers to electronically store and administer their policies.

To the extent permitted, the Company also communicates with its customers via sms and emails to reduce the use of paper. The digital platform is extended to employees, advisors and partners too. Due to these initiatives the Company’s paper usage has dropped drastically over the years. The above initiatives and digital processes have not only provided speed and convenience to customers and distributors, but has also had a positive impact on environment.

Maintenance of cost records

The maintenance of cost records, for the services rendered by the Company, pursuant to Section 148(1) of the Companies Act, 2013 read

with Rule 3 of the Companies (Cost Records and Audit) Rules, 2014, is not required.

Details of application made or any proceeding pending under the Insolvency and Bankruptcy Code, 2016 during the year alongwith their status as at the end of the financial year.

The Company has not filed any application or no such proceeding is pending under the Insolvency and Bankruptcy Code, 2016 during the financial year ended March 31, 2021.

Details of difference between amount of the valuation done at the time of one time settlement and the valuation done while taking loan from the Banks or Financial Institutions along with the reasons thereof

The above is not applicable as the Company has not filed any application for settlement under the Insolvency and Bankruptcy Code, 2016 during the financial year ended March 31, 2021.

Credit Rating obtained during FY2021

Type of Instrument	Name of the Rating Agency	Rating assigned
Unsecured, subordinated, listed, rated, redeemable, taxable, non-cumulative, non-convertible debentures in the nature of ‘Subordinated Debt’ aggregating to ₹ 12.00 billion	ICRA Limited CRISIL Limited	[ICRA]AAA(Stable) CRISIL AAA/Stable

Foreign exchange earnings and outgo

Details of foreign exchange earnings and outgo required under section 134(3)(m) of the CA2013 read with rule 8(3) of the Companies (Accounts) Rules, 2014 are as under:

Particulars	₹ billion	
	FY2020	FY2021
Foreign exchange earnings and outgo		
- Earnings	0.26	0.12
- Outgo	0.31	0.36

Commodity price risk or foreign exchange risk and hedging activities

None of the above is applicable to the Company as the Company neither undertake any commodities business nor has any exposure to foreign currencies that may require implementing any hedging strategies.

Plant Locations

The Company has various branches across the country, however, there are no plants as the Company is not a manufacturing entity.

Details of unclaimed suspense account as provided by our RTA i.e. KFin Technologies Private Limited pursuant to Regulation 39 read with Part F of Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

For financial year 2021, there were no shares lying in the unclaimed suspense account.

Events after Balance Sheet date

There have been no material changes and commitments, affecting the financial position of the Company, which have occurred between the end of the financial year of the Company to which the Balance Sheet relates and the date of this Report.

Disclosures

- There are no materially significant related party transactions that may have potential conflict with the interest of the Company.
- No penalties or strictures have been imposed on the Company by the stock exchanges, the Securities & Exchange Board of India (SEBI) or any other statutory authority, for any non-compliance on any matter relating to capital markets, during the last three years.
- In terms of the Whistle Blower Policy of the Company, no employee of the Company has been denied access to the Audit Committee.

Adoption of mandatory and non-mandatory requirements

The Company has complied with all mandatory requirements specified in Regulations 17 to 27 and clauses (b) to (i) of sub regulation 2 of Regulation 46 and some of the non-mandatory requirements pertaining to Corporate Governance stipulated under the Listing Regulations. The Company has adopted non-mandatory requirement regarding the

reporting requirement of the internal auditor, which in the Company's instance, reports directly to the Board Audit Committee.

Green Initiatives in Corporate Governance

In line with the 'Green Initiative', the Company has effected electronic delivery of notice of Annual General Meeting and Annual Report to those Members whose e-mail ids were registered with the respective Depository Participants and downloaded from the depositories viz. National Securities Depository Limited/Central Depository Services (India) Limited. The CA2013 and the underlying rules as well as Regulation 36 of the Listing Regulations, permit the dissemination of financial statements and annual report in electronic mode to the Members. The Directors are thankful to the Members for actively participating in the Green Initiative and seek the continued support for implementation of the Green Initiative.

In order to support the cause, we have been regularly requesting Members to register/update their email ids with their Depository Participants so as to enable the Company to send various communication through electronic mode. We believe and endorse the 'Green Initiative' as it would not only rationalise the use of paper but also ensure prompt communication, avoid loss in transit and have reference value of the communication.

COMPLIANCE CERTIFICATE OF THE AUDITORS

The Company has annexed to this Report (Annexure D), a certificate obtained from the statutory auditors, B S R & Co. LLP, Chartered Accountants and Walker Chandiook & Co LLP, Chartered Accountants, regarding compliance of conditions of Corporate Governance as stipulated in the Listing Regulations.

CERTIFICATE FROM A PRACTICING COMPANY SECRETARY

A certificate has been received from Tushar Shridharani, Practicing Company Secretary confirming that none of the directors on the Board of the Company has been debarred or disqualified from being appointed or continuing as Directors of companies by the Securities and Exchange Board of India (SEBI), Ministry of Corporate Affairs or any such statutory authority.

MANAGEMENT DISCUSSION AND ANALYSIS

The Management Discussion and Analysis report for FY2021 forms part of the Annual Report.

DIRECTORS' RESPONSIBILITY STATEMENT

In accordance with the requirements of Section 134(3)(c) of the CA2013 and the Corporate Governance Guidelines, the Board of Directors confirm:

1. in the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures;
2. that they have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit and loss of the Company for that period;
3. that they have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
4. that they have prepared the annual accounts on a going concern basis;
5. that they have laid down internal financial controls to be followed by the Company and that such internal financial controls are adequate and were operating effectively; and
6. that they have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

ACKNOWLEDGEMENTS

The Company is grateful to the Insurance Regulatory & Development Authority of India, Securities Exchange Board of India, Reserve Bank of India and Government of India for their continued co-operation, support and advice.

The Board of Directors and the Company would also like to take this opportunity to express sincere thanks to our valued customers for their continued patronage and the investors for reposing confidence in the Company.

The Directors express their gratitude for the valuable advice and guidance received from time to time, from the auditors and the statutory authorities. The Directors express their deep sense of appreciation to all employees and distributors, who continue to display outstanding professionalism and commitment, enabling the organisation to deliver and extend quality services. The Directors also wish to express their gratitude to ICICI Bank Limited and Prudential Corporation Holdings Limited for their continued trust and support.

FORM NO. MR.3

SECRETARIAL AUDIT REPORT

For the financial year ended 31st March, 2021

[Pursuant to section 204(1) of the Companies Act, 2013 and rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To
The Members,
ICICI Prudential Life Insurance Company Limited,
ICICI Prulife Towers 1089
Appasaheb Marathe Marg Prabhadevi
Mumbai - 400025

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **ICICI Prudential Life Insurance Company Limited** (hereinafter called '**the Company**'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2021 (hereinafter called the 'Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2021 according to the provisions of:

- (i) The Companies Act, 2013 (the Act), and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment; **(External Commercial Borrowings and Overseas Direct Investment Not Applicable to the Company during the Audit Period)**
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

- b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; **(Not Applicable to the Company during the Audit Period);**
- d. The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
- e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
- f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; **(Not Applicable to the Company during the Audit Period)** and;
- h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; (Not Applicable to the Company during the Audit Period)

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India
- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure requirements) Regulations, 2015

During the period under review the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines and Standards, etc.

We further report that, having regard to the compliance system prevailing in the Company and on the examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with the following law applicable specifically to the Company:

- (i) Insurance Act, 1938 and Insurance Rules, 1939
- (ii) Insurance Regulatory and Development Authority Act, 1999 and Rules and Regulation, Circular and Notification issued thereunder.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period the Company :

- a) has allotted 1,11,640 Equity Shares under the Employee Stock Option Scheme of the Company;
- b) issued and allotted 12,000 unsecured, subordinated, listed, rated, redeemable Non- Convertible Debentures of ₹ 10,00,000 /- each amounting to ₹ 12,00,00,00,000 /- on Private Placement basis.

Annual Report on CSR activities (Applicable for the financial year commencing on or after April 1, 2020)

1. Brief outline on CSR Policy of the Company.

Corporate Social Responsibility (CSR) has been a long-standing commitment at the ICICI Group and forms an integral part of the Company's activities. The Group's Contribution to social sector development includes several pioneering interventions, and is implemented through the involvement of stakeholders within the Company, the Group and the broader community. ICICI Foundation for Inclusive Growth (ICICI Foundation) was established in 2008 by ICICI Bank with a view to significantly expand the ICICI Group's activities in the area of CSR. Over the past few years ICICI Foundation has developed significant projects in specific areas, and has built capabilities for direct project implementation as opposed to extending financial support to other organizations.

The Company's objective is to proactively support meaningful socio-economic development in India and enable a larger number of people to participate in and benefit from India's economic progress. This is based on the belief that growth and development are effective only when they result in wider access to opportunities and benefit a broader section of society.

The CSR Policy of the Company sets the framework guiding the Company's CSR activities. It outlines the governance structure, operating framework, monitoring mechanism, and CSR activities that would be undertaken. The Board CSR Committee is the governing body that articulates the scope of CSR activities and ensures compliance with the CSR Policy. The Company's CSR activities are largely focused in the areas of education, skill development and sustainable livelihoods, healthcare, financial inclusion and other activities as the Company may choose to select in fulfilling its CSR objectives. The Company supports programs and initiatives keeping "protection" as the core proposition and cornerstone of all its CSR initiatives as "protection" is core to the Company's business.

The CSR Policy was approved by the Board CSR Committee in October 2014, and subsequently was put up on the Company website.

2. Composition of CSR Committee:

Sr. No.	Name of Director	Designation/nature of directorship	Number of meetings of CSR Committee held during the year
1.	Mr. Dilip Karnik	Chairman and Independent Director	Two

IMPACT ASSESSMENT REPORT | FY2019-20

ICICI FOUNDATION FOR INCLUSIVE GROWTH: LIVELIHOOD INITIATIVE - “ICICI ACADEMY FOR SKILLS”

ICICI Foundation for Inclusive Growth (“ICICI Foundation”) has set up the “ICICI Academy for Skills” to provide free skill development training to lesser privileged youth to enable them to pursue a sustainable livelihood. Impact assessment has been conducted for this program that was implemented in the financial year 2019-20, by an external agency Renalysis Consultants Pvt. Ltd (CSRBOX). The Independent Assessment Report by CSRBOX (“Report”) has been uploaded on the Company’s website.

For the purpose of conducting the impact assessment, CSRBOX had adopted a mixed-method approach of qualitative and quantitative data collection, using primary and secondary data which helped in gathering valuable impact-related insights from a 360-degree perspective involving all the stakeholders. Further, a stratified sampling approach was used to ensure a representative sample set for the impact study.

The program’s performance and impact have been analysed in four key areas - inclusiveness, relevance, impact created and service delivery. The program has received high scores across all areas. Key findings have been listed as under:

- The overall profile of the respondents reflected inclusiveness of the project. The gender ratio in the FY2020 batches were 1:1. Two-thirds of the trainees in non-technical courses were females and two-thirds of the candidates came from tier 2 and tier 3 cities/towns. The Academy gets trainees from diverse educational backgrounds and is able to cater to varying levels of educational qualifications.
- The training provided at the centres was found to be highly relevant by trainees as well as employers. As per the assessment, 85%

employers found the skill training and technical know-how sound and industry-relevant; 84% of employers found the candidates to have the right attitude and adapt to the workplace culture; 70% of the candidates had clarity on career prospects and 98% students mentioned that they would refer their friends/relatives to join the Academy.

- In terms of impact created, the project had a high placement ratio with 97% of the candidates receiving placement offer letters; 74% of the candidates believe the Academy has substantially contributed to improving their livelihood; 84% of the candidates are part of the active workforce and 16% are pursuing advanced courses.
- The quality of service delivery across the training centres of ICICI Academy for Skills was found to be consistent on various rating parameters.

The Report mentions that for every rupee invested, the social returns are over 10 times.

The study further found that the scale and intensity of the project had led to higher impact for beneficiaries and that the program stands a step higher than its domain peers and industry-trends on the above mentioned key performance parameters.

Annexure D

Independent Auditor's Certificate on Compliance with the Corporate Governance requirements under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015

TO THE MEMBERS OF

ICICI Prudential Life Insurance Company Limited

1. This certificate is issued in accordance with the terms of our joint engagement letter dated 20 July 2020.
2. We have examined the compliance of conditions of Corporate Governance by ICICI Prudential Life Insurance Company Limited ("the Company"), for the year ended 31 March 2021, as stipulated in regulations 17 to 27, clauses (b) to (i) of regulation 46(2) and paragraphs C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time ("Listing Regulations") pursuant to the Listing Agreement of the Company with Stock Exchanges.

Management's Responsibility

3. The compliance of conditions of Corporate Governance as stipulated under the Listing Regulations is the responsibility of the Company's Management including the preparation and maintenance of all the relevant records and documents. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of Corporate Governance stipulated in the Listing Regulations.

Auditor's Responsibility

4. Pursuant to the requirements of the Listing Regulations, our responsibility is to provide a reasonable assurance in form of opinion whether the Company has complied with the conditions of Corporate Governance as stipulated in Listing Regulations for the year ended 31 March 2021.
5. Our responsibility was limited to examination of the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.
6. We conducted our examination of the above corporate governance compliance by the Company in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) and Guidance Note on Certification of Corporate Governance both issued by the Institute of the Chartered Accountants of India (the "ICAI"), in so far as applicable for the purpose of this certificate. The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

Auditor's Responsibility (Continued)

7. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations for the year ended 31 March 2021.
9. We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Restriction on use

10. The certificate is addressed and provided to the Members of the Company solely for the purpose of enabling the Company to comply with the requirement of the Listing Regulations and should not be used for any other purpose without our prior consent. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose without our prior consent in writing.

3.	Claims settled during the period	189,911	149,783	122,951	188,854	525,929	15,258	91
4.	Terms and condition rejections	8	-	-	-	-	1,997	-
5.	Claims repudiated during the period	356	-	-	-	-	35	-
6.	Claims outstanding at March 31, 2021	3,655	6,765	1,137	11,408	3,818	604	2

3. Quantitative and qualitative information on the Company's financial and operating ratios namely, incurred claim, commission and expenses ratios

Information, both quantitative and qualitative on the insurer's financial and operating ratios have been furnished in the Management Discussion & Analysis section forming part of the Annual Report and in the financial statements – Refer 'Accounting ratios' section of Schedule 16: Significant accounting policies and notes forming part of the financial statements.

4. Actual solvency margin details against the required margin

The details of the solvency ratio are as below:

Particulars	FY2021	FY2020
Actual solvency ratio	216.8%	194.1%
Required solvency ratio	150.0%	150.0%

5. Persistency ratio

Persistency ratio is furnished as a part of the financial statements - Refer 'Accounting ratios' section of Schedule 16: Significant accounting policies and notes forming part of the financial statements.

6. Financial performance including growth rate and current financial position of the insurer

Financial performance of the Company including growth rate and current financial position has been furnished in the Management Discussion & Analysis section forming part of the Annual Report.

7. Description of the risk management architecture

The risk management architecture of the Company has been detailed under Directors' Report forming part of the Annual Report.

The following table sets forth the movement of claims for FY2020:

Sr. No.	Particulars	Death claims	Maturity claims	Survival benefits	Annuities/Pensions	Surrender claims	Health claims	Other benefits
1.	Claims outstanding at March 31, 2019	1,211	7,613	448	11,520	4,669	320	1
2.	Claims intimated during the period	110,958	114,726	103,160	149,507	353,175	20,932	99
3.	Claims settled during the period	107,048	105,824	100,101	149,754	353,590	19,370	99
4.	Terms and condition rejections	8	-	-	-	-	1,527	-
5.	Claims repudiated during the period	175	-	-	-	-	28	-
6.	Claims outstanding at March 31, 2020	4,938	16,515	3,507	11,273	4,254	327	1

b. Ageing of number of claims settled:

The following table sets forth the ageing of claims settled during the year ended March 31, 2021:

Particulars	Death claims	Maturity claims	Survival benefits	Annuities/Pensions	Surrender claims	Health claims	Other benefits
On or before Maturity	-	90,145	64,058	65,528	-	-	-
Less than 1 month	186,457	24,530	22,083	12,500	509,487	14,364	62
1 month to 3 months	2,090	18,850	31,036	106,288	10,397	887	26
3 months to 6 months	1,037	10,767	4,387	2,030	5,022	5	3

1 year and above	10	2,165	450	1,420	307	-	-
Total claims settled during the year ended March 31, 2021	189,911	149,783	122,951	188,854	525,929	15,258	91

The following table sets forth the ageing of claims settled during the year ended March 31, 2020:

Particulars	Death claims	Maturity claims	Survival benefits	Annuities/Pensions	Surrender claims	Health claims	Other benefits
On or before Maturity	-	65,757	56,741	52,373	-	-	-
Less than 1 month	104,852	23,415	21,518	6,886	346,979	19,080	79
1 month to 3 months	1,832	12,202	20,763	86,445	5,507	262	19
3 months to 6 months	315	2,295	651	462	815	24	-
6 months to 1 year	36	1,106	335	1,046	130	3	1
1 year and above	13	1,049	93	2,542	159	1	-
Total claims settled during the year ended March 31, 2020	107,048	105,824	100,101	149,754	353,590	19,370	99

c. Ageing of number of claims outstanding:

The following table sets forth the ageing of claims outstanding at March 31, 2021:

Particulars	Death claims	Maturity claims	Survival benefits	Annuities/Pensions	Surrender claims	Health claims	Other benefits
Less than 3 months	2,538	2,682	758	1,784	2,872	553	1
3 months to 6 months	606	316	6	246	88	38	-
6 months to 1 year	389	1,293	134	1,864	128	12	-
1 year and above	122	2,474	239	7,514	730	1	1
Total claims outstanding at March 31, 2021	3,655	6,765	1,137	11,408	3,818	604	2

The following table sets forth the ageing of claims outstanding at March 31, 2020:

Particulars	Death claims	Maturity claims	Survival benefits	Annuities/Pensions	Surrender claims	Health claims	Other benefits
Less than 3 months	4,217	12,830	3,320	3,177	3,412	307	-
3 months to 6 months	403	923	6	96	112	12	1
6 months to 1 year	284	454	75	1,111	161	8	-
1 year and above	34	2,308	106	6,889	569	-	-
Total claims outstanding at March 31, 2020	4,938	16,515	3,507	11,273	4,254	327	1

Claims long outstanding are on account of:

1. Non-submission of necessary documents by the master policyholders.
2. Non exercise of the annuity option in case of maturity claims by the annuitant.

9. All pecuniary relationships or transactions of non-executive directors

The Company's Non-Executive and Independent Directors do not have any pecuniary relationships or transactions with the Company, except to the extent of insurance policies taken by them in the ordinary course of business and the sitting fees and reimbursements paid to them for attending Board and Committee Meetings, profit related commission and dividend paid to them during the year in the capacity as a shareholder. Details of sitting fees, reimbursements and profit related commission are disclosed in Directors' Report and under 'Managerial Remuneration' section of Schedule 16 – Significant accounting policy and notes forming a part of the financial statements.

The premium income received by the Company from insurance policies issued to the non-executive directors of the Company is as follows:

Particulars	(₹ '000)	
	FY2021	FY2020
Sandeep Batra	240	273
Anup Bagchi	20,000	-
Total	20,240	273

The benefits paid by the Company for insurance policies issued to non-executive directors of the Company is as follows:

Particulars	(₹ '000)	
	FY2021	FY2020
Sandeep Batra	4,618	4,046
Total	4,618	4,046

The dividend paid by the Company to the non-executive directors of the Company is as follows:

Particulars	(₹ '000)	
	FY2021	FY2020
Anup Bagchi	-	20
Dileep Choksi*	-	0
Total	-	20

* Dividend paid to Mr Dileep Choksi is less than ₹ 1,000 in FY 2020.

Mr. Sandeep Batra was the Wholetime director of the Company from January 1, 2014 till July 11, 2018. In accordance with the terms of the engagement with Mr. Batra, then, as a Wholetime Director, he was eligible to receive long term variable pay and was also granted options pursuant to the Company's employee stock option scheme. Accordingly, he was paid ₹ 4,101 thousand as deferred variable pay during the year ended March 31, 2021. (Year ended March 31, 2020: ₹ 5,549 thousand).

Further, payments made to parties in which directors are interested are disclosed in the Management Report forming part of the Annual Report.

10. Elements of remuneration package (including incentives) of MD & CEO and all other directors and Key Management Persons (KMP)

The details of remuneration/payment to MD & CEO and all other directors are disclosed in the Directors' Report and under 'Managerial Remuneration' section of Schedule 16 – Significant accounting policy and notes forming a part of the financial statements.

Further, the details of remuneration paid to the KMP's (as specified by IRDAI) are as below:

Particulars	(₹ '000)	
	FY2021	FY2020
Basic	43,557	39,770
Retirals (Only provident fund)	5,227	4,772
Allowances ¹	66,790	61,257
Variable pay	23,429	321
Perquisites ²	8,603	8,226
LTRS	4,080	12,935
Total	151,686	127,281
Shares linked instruments (Employee Stock Options) ³	916,200	1,052,100

¹ Allowances include NPS, Superannuation and Leave encashment as per policy.

² Perquisite excludes perquisites on exercise of stock option.

³ Includes options granted by ICICI Prudential Life Insurance Co Ltd.

Provisions towards gratuity, leave encashment and long term performance pay are determined actuarially on an overall basis and accordingly have not been considered for the above disclosure.

11. Payment made to group entities from the Policyholders Funds

Details of payment made to group entities (related party transactions) by the Company are included as a part of the financial statements – Refer 'Details of related parties and transactions with related parties section of Schedule 16: Significant accounting policies and notes forming part of the financial statements.

12. Disclosure requirements of the Participating and Unit Linked Policyholders'

Disclosure requirements of the Participating and Unit Linked Policyholders' has been furnished as a part of the financial statements.

For specific disclosure requirements in respect of Unit Linked Policyholder's - Refer Annexures 1: Fund Balance Sheet, Annexures 2: Fund Revenue Account and Annexure 3: Annexure to Revenue Account and Additional ULIP Disclosures annexed to Schedule 16: Significant accounting policies and notes forming part of the financial statements.

13. Any other matters which have material impact on the financial position

There are no matters which have material impact on the financial position except those disclosed in the financial statements.

Management Discussion and Analysis

I. INDUSTRY AND BUSINESS REPORT

Macroeconomic environment and outlook

Growth and Inflation

Year 2020 witnessed what has probably been the most pervasive pandemic in the history of mankind. Globally, we saw 134 million¹ people get infected by the COVID-19 virus that also caused the deaths of 3 million¹ people. India saw 13 million¹ people infected with 0.2 million¹ succumbing to the virus. Countries globally resorted to extreme measures such as complete lock downs in an attempt to contain the spread of the virus. Countries also followed very different paths of when to lock down and when to unlock, resulting in a varied range of economic impact across the world.

This period also saw unprecedented policy measures to keep the economic impact of the pandemic at a manageable level. The Indian Government intervened to support aggregate demand in the form of a large stimulus and announced a special economic package of ₹ 20 trillion-equivalent to 10% of India's GDP during the year FY2021. Under the package, support was extended for various sectors including Micro, Small and Medium Enterprises, Non-Banking Financial Companies, Housing Finance Companies, Micro Finance Institutions, farmers, street vendors, entities involved in agriculture and animal husbandry and food processing enterprises. Further, financial assistance was provided to women Pradhan Mantri Jan-Dhan Yojana account holders and an insurance scheme was extended for health workers involved in the COVID-19 outbreak. Global Gross Domestic Product (GDP) declined² in 2020 by 3.5%. The largest economy in the world i.e. the US economy registered a GDP decline of 3.4% while China grew at 2.3%.

Like in many other countries, the COVID-19 pandemic induced lockdown in India caused a disruption in economic activity, resulting in a contraction of GDP by 24.4% year on year (YoY) in Q1-FY2021. The calibrated opening up of the country from June 2020 led to an improved economic activity resulting in the GDP contraction reducing from 24.4% YoY in Q1-FY2021 to 7.3% YoY in Q2-FY2021, to a GDP growth of 0.4% YoY in Q3-FY2021 and an expectation of Q4-FY2021 GDP YoY growth to be better than Q3-FY2021. Equity markets also crossed their previous all-time highs in November 2020. The Government of India has initiated the COVID-19 vaccination drive in January 2021. However, the surge in COVID-19 infections towards the end of March 2021 has again led to a cautious outlook for the near term.

Retail inflation³ (average) in India, based on consumer price index (CPI), accelerated from 4.8% in FY2020 to 6.2% in FY2021. This pick-up in inflation was largely driven by food inflation which rose from 6.0% in FY2020 to 7.5% in FY2021.

Financial markets

We started the year on an uncertain note given the onset of the pandemic, the consistent support by the Reserve Bank of India helped in keeping yields soft. After the announcement of the nationwide lockdown, the RBI cut the repo rate

by 115 basis points to 4.00% and the reverse repo rate by 155 basis points to 3.35% as it attempted to dis-incentivise banks from depositing surplus cash with the RBI and instead lend to various sectors of the economy. Additionally, RBI launched a host of liquidity enhancing measures such as reduced Cash Reserve Ratio (CRR) by 100 bps and conducted various forms of Long Term Repo Operations (LTROs) with an objective to ensure adequate liquidity in the banking system and the flow of credit to the corporate sector. The RBI resorted to unconventional measures to support the bond markets such as an increase in Held to Maturity (HTM) limits for banks and continued support through Open Market Operations (OMOs) for central & state government securities.

Globally, central banks responded by infusing large amounts of liquidity and cutting policy rates to historic lows to support the economic recovery of their economies which were severely impacted due to the pandemic and lockdowns.

In India, the 10-year government bond yield⁴, which traded in a narrow range for most part of the year, also traded as high as 6.50% and as low as 5.75% during FY2021. However, as part of the union budget in February 2021, the government announced an additional borrowing program for FY2021, a higher than expected borrowing program for FY2022 and a slower than anticipated medium-term fiscal consolidation roadmap which pushed the 10-year government bond yield higher to 6.20%.

Since the first quarter of FY2021, equity markets globally witnessed a sustained recovery following the volatile decline during the last quarter of FY2020. Indian equity markets also exhibited a similar recovery following the decline in FY2020. The Nifty 50 index rallied by 71% in FY2021 mainly owing to economic recovery and sustained FII inflows into India.

The Indian Rupee, on an average basis, depreciated⁵ by 4.8% against the USD in FY2021 (compared to a depreciation of 1.4% in FY2020).

Foreign Direct Investment (FDI)⁶ from January 2020 to December 2020 was recorded at ₹ 4.8 trillion compared to ₹ 3.3 trillion during the same period last year, registering an increase of 43.0%. Foreign Portfolio Investors (FPI)⁷ inflows for India were significantly positive for FY2021, the cumulative sum for FY2021 amounted to an inflow of ₹ 2.7 trillion as compared to an outflow of ₹ 275 billion in FY2020.

Financial savings

The household sector continued to account for the predominant share (about 60%) of overall savings⁸. Gross financial savings as a percentage of household savings was 57.2% in FY2020.

Particulars ^{7,9}	FY2018	FY2019	FY2020
Nominal GDP (₹ trillion)	170.90	188.87	203.51
Household savings as % of GDP	19.3%	19.3%	19.6%
Gross financial savings as % of Household saving	62.9%	58.4%	57.2%
Insurance share of financial assets (including currency)	16.7%	17.1%	16.5%

Macroeconomic outlook

While the headwinds on account of the COVID-19 pandemic still exist, from a longer term perspective, India seems poised towards a sustained growth trajectory fuelled by favourable demographics, rising per capita income, digitalisation, moderate inflation and higher savings rates.

Insurance industry structure and developments

The size of the Indian life insurance sector was ₹ 5.7 trillion¹⁰ on a total premium basis in FY2020, making it the tenth largest life insurance market in the world¹¹ and the fifth largest in Asia¹². The total premium in the Indian life insurance sector grew at a CAGR of approximately 14% between FY2002 and FY2020 outpacing the GDP CAGR of 13% during the same period. Based on retail weighted received premium (RWRP), new business premium of the industry has grown at a CAGR of 10% during FY2002 to FY2021.

The Indian Life Insurance industry has 24 companies including Life Insurance Corporation of India (LIC). The top 5 private sector companies contribute to 41%¹⁰ of the market.

Product Mix:

There has been a significant change in the product mix of the private sector for 9M-FY2021 as compared to FY2020. The share of non-linked products has increased from 56% to 63% for the private sector and for industry remained same at 82%.

Industry

Based on new business weighted premium; Source: Life Insurance Council

Distribution Trends:

The agency channel continues to be the predominant channel for the industry, mainly driven by LIC. There has been no significant change in the channel mix of the industry as well as the private sector from FY2020 to 9M-FY2021. Increasingly, direct sales through proprietary sales force and the internet are becoming more relevant.

Market Share

Based on RWRP, Source: IRDAI

Based on RWRP, new business premium of the industry increased by 3.0% in FY2021. LIC declined by 3.2% and private sector increased by 7.5% respectively in FY2021.

Private Sector

Private Sector

Contribution of the life insurance industry

Within Indian financial services, the life insurance industry is uniquely positioned to cover a range of customer needs. The industry offers a variety of savings products across fixed income and equity platforms. It also offers annuity, term plans and defined benefit health plans. The life insurance industry acts as a risk manager by providing cover against mortality and morbidity risks. Life insurance products ensure that the financial goals of an individual are met, irrespective of the occurrence of mortality or morbidity events.

The industry had covered 252 million lives through individual policies and 409 million lives through group policies, providing a total insurance cover (sum assured) of ₹ 232 trillion at December 2020. Total death benefit paid to policyholders between April 2020 and December 2020 was ₹ 284.93 billion for the industry.

The Indian life insurance industry plays a key role in channelising household savings to the financial markets. The industry has been able to leverage its extensive distribution network throughout the country to provide long term funds to both debt and equity markets. The life insurance industry also provides long term capital needed for infrastructure projects. Details of investments made in the infrastructure sector by the industry are as follows:

₹ billion	31-Mar-19	31-Mar-20	30-Dec-20
Infrastructure / Housing investments	3,842.62	4,278.70	4,398.07

Source: Life Insurance Council

The insurance industry in India is also a significant source of part-time and full-time employment to professionals with varied skill levels.

Numbers in '000s	31-Mar-19	31-Mar-20	30-Dec-20
No. of agents (individual)	2,195	2,279	2,419
No. of direct employees	285	293	303
Total	2,480	2,572	2,722

Source: Life Insurance Council

Regulatory updates and developments

The key regulatory updates during FY2021 are as detailed below:

- Regulatory relaxation/requirements pertaining to COVID-19**
Given the pandemic situation, the IRDAI issued various directions to life insurers in order to avoid possible impact in functioning of offices and in accessing various services by policyholders, caused due to the nationwide lockdown. IRDAI came out with various circulars during the financial year, providing relaxations pertaining to electronic policy issuance, wet signatures, freelook period, grace period and settlement options. The Authority also extended the regulatory timelines for complaint resolution, claim investigation and regulatory filing.

IRDAI asked insurance companies to review their business continuity plans under the given situation, in line with the prescribed requirements.

IRDAI also asked insurers to review their annual business plans considering their business volumes, strategies, servicing, expansions, product lines, profitability and solvency given the possible impact

of the pandemic. Insurers were asked to draw a matrix of the risk factors affecting their annual business plans by quantifying the possible impact from each factor and apprise their boards on the residual risk, solvency status and the need for additional capital on a regular basis. A summary of such risk assessment and business plan was submitted to the IRDAI.

Insurers were asked to refrain from dividend pay-outs for FY2020, in view of the pandemic in order to ensure adequacy of capital and resources and to protect the interests of their policyholders. However, IRDAI, considering the revival phase of the economy and the insurance industry, has in its circular dated February 25, 2021, permitted insurers to declare dividend for FY2021 based on a conscious call in the matter, considering their capital, solvency and liquidity positions.

2. Aadhaar authentication and Video Based Identification Process (VBIP)

The Company was granted approval for using the Aadhaar authentication service of the Unique Identification Authority of India.

IRDAI allowed insurers to implement an alternative process of customer identification using audio-visual interaction (VBIP).

3. IRDAI regulations on minimum information required for investigation and inspection

IRDAI has mandated the minimum information that should be maintained by an insurer or intermediary for the purpose of inspection and investigation, through a Board approved policy. Records shall be maintained for 10 years (12 years for claim records) or as per extant legal requirements, whichever is later, from the date of last transaction / expiry of the policy. All records shall also be maintained in an electronic format.

4. Term and Annuity products

In order to ensure uniformity across insurers and make available products with simple features and standard terms and conditions through all life insurers, IRDAI issued guidelines on standard life product and standard annuity product and asked insurers to mandatorily offer these products for sale. These guidelines prescribe uniform product parameters, policy documents and terms and conditions, which are to be offered similarly by all insurers.

Opportunities and Threats

Opportunities

- Insurance under-penetration**
India continues to be an underpenetrated insurance market with a life insurance penetration¹² (premium as % of GDP) of 2.8% in FY2020 as compared to a global average of 3.4%. At USD 58 in FY2020, the insurance density¹¹ (premium per capita) in India also remains very low as compared to other developed and emerging market economies. The macroeconomic factors such as growth in GDP and rise in per capita income, coupled with India's young and working population, higher financial saving as a percentage of GDP, increasing urbanisation and increase in digitalisation would continue to aid the growth of the Indian life insurance sector.

¹² Source: Swiss Re sigma No 4/2020

Premium as percentage of GDP¹

¹ Source: Swiss Re sigma No 4/2020

- Favorable demographics**

According to United Nations estimates, the working population is expected to increase by 15% by the year 2030. With a median age of 28 years, India has a very young population, especially compared to countries such as Japan, USA, and China. These factors are likely to increase demand for life insurance products.

Population of age 25-59 years (in mn)¹

¹ Source: United Nations population division estimates

Median Age (2020) (In year)¹

¹ Source: United Nations population division estimates

- Increasing urbanisation**

According to United Nations Population division estimates, India's urban population is expected to increase by 26% by the year 2030. Increased urbanisation can lead to an improvement in the standard of living and better access to financial products such as life insurance.

Urban population in India (in mn)¹

¹ Source: United Nations population division estimates

- Financial savings**

India has a large pool of household savings and in FY2020, the ratio of household savings to GDP was 19.6%. The share of gross financial savings as a proportion of household savings was 57.2% in FY2020. The share of life insurance as a proportion of financial savings (including currency) in India was 16.5% in FY2020, aided by the improving customer value proposition of insurance products.

- High protection gap**

According to Swiss Re, Mortality Protection Gap for India is at USD 16.50 trillion which is high compared to the rest of the world. Protection coverage ratio which is the ratio between protection gap and protection needs is also very high for India. Sum assured to GDP is also a measure of protection coverage in a country and sum assured to GDP ratio is significantly lower in India compared to the rest of the world. This provides significant opportunities for Indian life insurance companies to expand their protection business.

Retail credit has been growing at a CAGR of 16.1% from FY2013 to FY2020. This provides an additional opportunity for the industry for the credit cover business. This product provides mortality / morbidity cover to borrowers.

Sum Assured as a percentage of GDP^{1,2}

¹ As of FY2020 for India; As of FY2018 for US, Japan, Germany, South Korea and others as of FY2017

² Source: McKinsey estimates.

• Pension opportunity

India has one of the lowest pension assets to GDP ratio, estimated at 6.3% at March 2019, as compared to various other countries. Also, India has one of the largest working force in the world, but has under 10% of the working population is covered under any pension schemes¹³. As per UN population estimate, India's average household size has decreased from 4.6 in 2001 to 3.9 in 2018. With increase in life expectancy, post retirement period has increased from 17 years between 2000-2005 to 19 years in 2011-2012 and further expected to increase to 20 years in 2030 for males, and similar trend in life expectancy for females as well. Given that the annuity product can be offered only by life insurance companies, it offers significant opportunity to the industry.

Strategy and performance

Our primary focus continues to be to grow the absolute Value of New Business (VNB) through the 4P strategy of Premium growth, Protection business growth, Persistency improvement and Productivity improvement targeted at improving cost ratios. We believe that this 4P strategy is appropriate in the context of the large insurance opportunity in the country, coupled with our objective to grow the VNB.

- Premium growth:** We would endeavor to grow premium through our customer centric product portfolio and simplified on-boarding process. We would continue to focus on broadening the customer base through initiatives spanning across both distribution and products. From a distribution perspective, we are focused on expanding the network and strengthening our reach through a closer mapping of distribution segments with customer segments and products. During the year, we have added 20,298 individual agents and 110 partnerships, including the ones with IDFC First Bank, IndusInd Bank, RBL Bank, AU Small Finance Bank and NSDL Payments Bank. Also, on the emerging channels we have partnered with PhonePe and BSE Ebix Insurance Broking Private Limited. Given the emerging opportunities in the environment, we also launched an innovative retirement plan offering an option of return of the premium amount on diagnosis of critical illnesses and permanent disability, and an option to increase the annuity pay-out to combat inflation. We also launched a guaranteed benefits plan providing benefits in the form of a lump sum or regular income.

Our New Business received premium increased by 5.5% from ₹ 123.48 billion in FY2020 to ₹ 130.32 billion in FY2021. Our Annualised Premium Equivalent (APE) declined by 12.5% from ₹ 73.81 in FY2020 to ₹ 64.62 billion in FY2021. While we started the year with a significant decline in Q1-FY2021 due to the disruption caused by the pandemic, we saw significant sequential improvement across the subsequent quarters. Within product segments, non-linked savings APE grew by 55.9%, annuity grew by 118.1%, protection APE declined by 6.3% and unit linked business declined by 35.2%.

₹ billion	FY2019	FY2020	FY2021
New business premium	102.52	123.48	130.32

APE (₹ billion)	FY2019	FY2020	FY2021
Savings	70.77	62.65	54.16
Linked	62.10	47.72	30.90
Non-linked	6.99	11.41	17.79
Annuity	0.69	1.05	2.29
Group	0.99	2.47	3.18
Protection	7.22	11.16	10.46
Total	77.99	73.81	64.62

- Protection business growth:** We are focused on expanding the health & protection business across both retail and group lines of business. This would be done by offering protection products across channels, penetrating the online term insurance market and

partnering with loan providers to offer coverage against loans. During the year, we saw an increase in end consumer prices for protection plans corresponding to an increase in reinsurance rates. Given the pandemic, supply side constraints (including general reluctance to visit medical centres and revised underwriting guidelines) impacted the retail protection business. However, we saw an increased demand in the group segment, specifically for group term products. As a result, the protection APE declined by 6.3% from ₹ 11.16 billion in FY2020 to ₹ 10.46 billion in FY2021. With our focus on increasing the customer value proposition by adding critical illness and accidental death benefit riders in both retail protection as well as savings plans, our new business sum assured grew by 8.0% from ₹ 5.71 trillion in FY2020 to ₹ 6.17 trillion in FY2021. We were the private sector market leader with an overall market share increasing from 11.8% in FY2020 to 12.5% in FY2021.

APE (₹ billion)	FY2019	FY2020	FY2021
Retail protection	4.36	7.68	5.72
Credit Life	1.57	2.35	2.41
Group term	1.28	1.13	2.33
Total	7.22	11.16	10.46
New Business Sum Assured¹	4,428.12	5,711.84	6,166.84
Market Share (%)¹	10.2%	11.8%	12.5%

¹ Source: Life Insurance Council

- Persistency improvement:** Maintaining a high level of persistency is critical to drive value for both customers as well as shareholders. We would seek to achieve persistency improvements across all cohorts by encouraging long term customer behavior. For FY2021, our persistency ratios for 13th month and 61st month further improved to 87.1% and 59.8% respectively. We saw some decline in the persistency ratios of other cohorts and we continue to encourage the customers in those cohorts to stay invested till maturity.

Particulars	FY2019	FY2020	FY2021
13 th month	86.2%	86.8%	87.1%
25 th month	77.4%	78.3%	76.1%
37 th month	71.0%	70.1%	69.2%
49 th month	65.0%	67.3%	65.4%
61 st month	58.1%	58.7%	59.8%

As per IRDA circular dated January 23, 2014

- Productivity improvement:** Technology and process re-engineering have been at the center of our efforts to improve cost ratios. We would continue to leverage the digital platform to improve the customer experience and efficiency of our service operations. The cost to total weighted received premium (TWRP) ratio for the savings business has improved to 9.6% as against 10.4% for FY2020. The total cost to TWRP ratio stood at 14.8% in FY2021 compared to 15.9% in FY2020.

Particulars	FY2019	FY2020	FY2021
Cost / TWRP	15.0%	15.9%	14.8%
Cost / Average AUM	2.8%	2.9%	2.3%
Cost / TWRP (Savings Line of Business)	11.5%	10.4%	9.6%

Value of New Business (VNB)

Our VNB increased from ₹ 16.05 billion in FY2020 to ₹ 16.21 billion in FY2021 registering a growth of 1.0% and VNB margin improved from 21.7% in FY2020 to 25.1% in FY2021. The VNB for protection and savings businesses were ₹ 8.66 billion and ₹ 7.55 billion respectively in FY2021, as compared to ₹ 9.58 billion and ₹ 6.47 billion in FY2020.

VNB (₹ billion) and VNB margin (%)

Embedded Value

The Embedded Value (EV) is a measure of the consolidated value of the shareholders' interest in the life insurance business. It is calculated as the sum of the Company's adjusted net worth (ANW) and the value of in-force business (VIF). The VIF includes the present value of future profits attributable to shareholders from the in-force business of the Company (which includes the new business written during the previous year). The calculation of VIF also reflects adjustments for various risks within the business. Our EV increased from ₹ 230.30 billion at March 31, 2020 to ₹ 291.06 billion at March 31, 2021, showing a growth of 26.4%.

Embedded Value (₹ billion)

Analysis of movement for the year ended March 31, 2021 (₹ bn)

¹ EVOP is the embedded value operating profit net of tax

² ROEV is the return on embedded value net of tax

³ Mortality variance includes the negative impact of COVID claims of ₹ 2.64 billion net of reinsurance

Embedded Value Operating Profit (EVOP) for the year was ₹ 35.05 billion as compared to ₹ 32.88 billion in FY2020. The operating assumption change includes impact of reduction in maintenance expenses and net positive impact of change on persistency assumption which was partially offset by a negative impact of ₹ (2.40) billion for COVID-19 related reserves. Persistency variance increased from ₹ 0.85 billion for FY2020 to ₹ 1.10 billion for FY2021. Mortality variance was negative ₹ (2.37) billion. Mortality variance includes impact of ₹ 2.14 billion COVID-19 claims on non-micro portfolio and another estimated ₹ 0.49 billion COVID-19 claims on micro portfolio. With these elements, Return on Embedded Value (ROEV) was 15.2% in FY2021 similar to FY2020.

Besides EVOP, an improvement in equity prices during the year resulted in a positive impact of ₹ 25.67 billion through economic assumption change and investment variance.

Solvency

The company proactively used the opportunity offered by benign fixed income market conditions to raise ₹ 12.00 billion through issuance of non-convertible debentures, which are unsecured and in the nature of subordinated debt. The issue was tightly priced at a coupon rate of 6.85% per annum. With this fund raise, the solvency ratio has improved to 216.8% at March 31, 2021.

Company outlook

We expect favourable demographics, rise in the working population, improving per capita income, increasing urbanization and shift towards household financial savings to continue to provide strong potential for growth in premium.

The large protection gap in India coupled with a low sum assured to GDP ratio suggests significant opportunities for the protection business. Retail credit growth provides an ample opportunity for the credit protect business. We expect to be able to leverage both these trends to grow our protection business at a multiple of our savings business growth rate over a medium term to long term.

Through various customer awareness initiatives, we expect to drive continued improvement in persistency and quality parameters that will ultimately help customers get the intended benefits from their policies.

We will continue to leverage technology for process re-engineering and to provide best in class service to our customers. We expect these initiatives to result in improving cost ratios for the business.

Risks and concerns

Indian life insurance industry is highly competitive with 24 companies operating in the market. Indian consumer demands are changing continuously which requires companies to modify their offerings in alignment with customer needs. This poses an opportunity as well as risk to the industry as inability to meet the consumer demand would hamper the growth.

Some of the macroeconomic and policy factors which could be risks for the industry are:

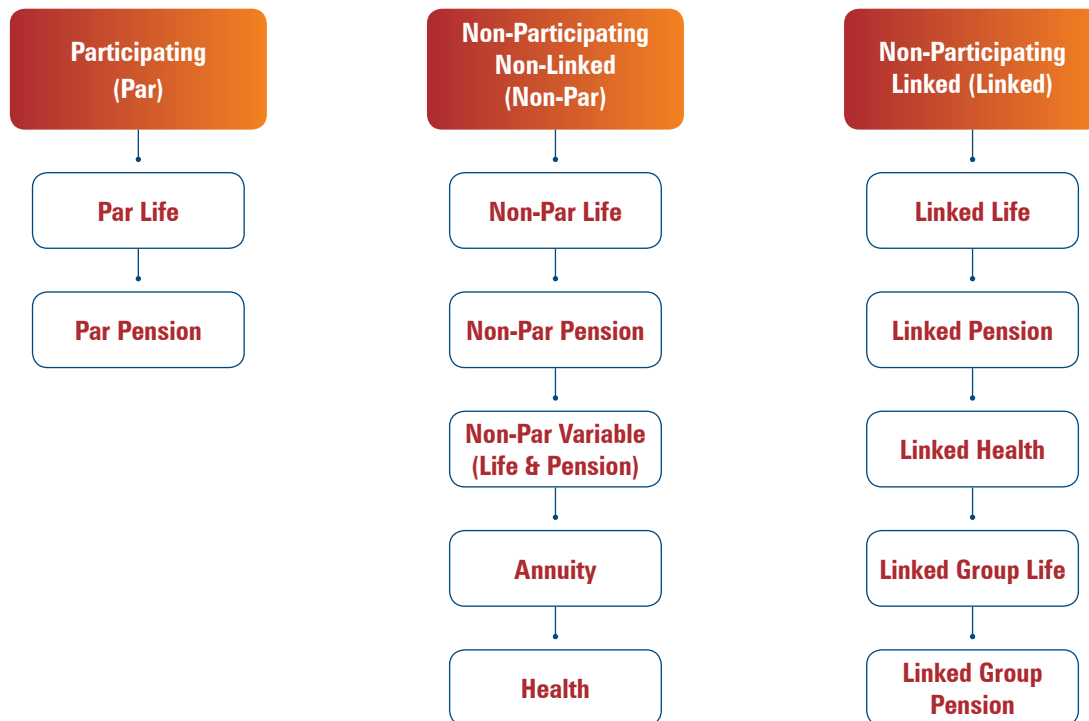

- 1) Slowdown in the GDP and GDP per capita growth rates
- 2) Global slowdown of the financial market and economies contributing to weakness in the Indian financial and economic environment
- 3) Weak credit environment and economic challenges leading to increased credit risk within fixed income portfolio
- 4) Impact of ongoing COVID-19 pandemic on household income and long term savings
- 5) Superior return on physical savings
- 6) Inferior fund performance in comparison to other savings instruments
- 7) Impact of COVID-19 pandemic on mortality / morbidity claim experience as well as on New business in case of a prolonged continuation of the pandemic
- 8) Changes in tax rate structure for the industry and its products

The Company recognizes that risk is an integral element of the business and managed acceptance of risk is essential for generation of shareholder value. The Company has instituted an enterprise risk management framework which details the governance and management of all aspects of risks that we face. Refer "Enterprise Risk Management" report for detailed disclosures on our risk management practices

II. DISCUSSION ON FINANCIAL PERFORMANCE AND ANALYSIS OF FINANCIAL STATEMENTS

A. Overview of Lines of Business (LOB)

The Company operates in various lines of business in retail and group segment. A brief description of the products under each line of business is given below:

1. **Participating (Par) products** - These are products where the policyholder is entitled to at least 90% share of the surplus emerging in the participating funds and the remaining belongs to the shareholders. The participating fund is managed by the Company and the surplus emerging in the fund is added back to the policies in the form of bonuses. The shareholders' profits arising on the participating business depend on the total bonuses declared to policyholders on an annual basis. Currently, shareholders' share of profit is one-ninth of the bonus declared to the policyholders. The level of bonuses declared to policyholders is influenced by the actual returns on investments and the expectation of future rates of return. The Company has par life and par pension lines of business.
2. **Non-participating (non-par) non-linked** - These products offer the pre-defined benefit at inception for specified events. Further, the policyholder is not entitled to any share in surplus arising from the investment fund. Surplus arising in case of non-participating business is transferred to shareholders' accounts based on the recommendation of the Appointed Actuary. Non-par non-linked products include Non-par life, Non-par pension, Non-par variable (life and pension) annuity, health, etc.

a. Non-par life:

Endowment assurance - An endowment assurance is a contract to pay a benefit on the life assured surviving the

stipulated date or on the death of the life assured before maturity.

Term assurance - A contract to pay an assured amount on occurrence of certain events viz. death, disability or critical illness of the insured during the term of the policy.

- b. **Non-par pension** - Products that help to build a retirement corpus which pay an assured benefit or interest as specified from time to time.
- c. **Non-par variable (Life & Pension)** - Products where the benefits are partially or wholly dependent on the performance of an approved external index/benchmark.
- d. **Annuity** - Annuities provide for a series of guaranteed payout to the annuitant at regular intervals in return for a certain sum paid upfront.
- e. **Health** - It provides fixed benefit on specified health events like on hospitalisation, on the diagnosis of specified illness, on undergoing surgery or procedure, etc.

Of the above, protection business includes term assurance and health line of business for both retail and group.

3. Non-participating (non-par) linked products - These products provide returns which are directly linked to the performance of an approved index or value of the underlying assets. The investment risk in these products is borne by the policyholder. The products have a transparent charge structure, including the charge for either life cover or health cover. Surplus arising in case of non-participating linked business is transferred to shareholders' accounts based on the recommendation of the Appointed Actuary. The Company has linked life, pension, health, and group line of business.

B. Standalone financial statements

a. Results from operations:

The Company's financial statements include the Revenue account (also known as policyholders' account) and Profit and loss account (also known as shareholders' account). The Revenue account contains income and expenses relating to policyholders, and the surplus generated in this account is appropriated to the Profit and loss account based on the recommendation of the Appointed Actuary. A deficit in any line of business in the Revenue account is funded from the Profit and loss account. Other than the transfers to and from the Revenue account, the Profit and loss account contains

the income and expenses pertaining to shareholders. Surplus as per the Revenue account, not appropriated to Profit and loss account, is held as Funds for future appropriations (FFA) which is shown in the Balance Sheet. Funds for Future Appropriation comprise funds which have not been explicitly allocated either to policyholders or to shareholders at the balance sheet date.

The various lines of business disclosed in the Revenue account are as per the requirements of IRDAI regulations. However, for analysis of our Revenue account, it can be viewed from three broad lines of business as given above i.e., participating, non-participating (including variable insurance product), and linked. Shareholders' profits in participating lines of business depend on the total bonuses declared to policyholders on an annual basis. Currently, one-ninth of the bonus declared to policyholders is transferred to shareholders. In case of the non-participating line of business, profit arises primarily from premium and investment income net of expenses, claims, and policyholders liabilities whereas in case of linked business, profit primarily arises from charges levied on the policyholders' fund net of expenses, claims, and policyholders liabilities.

Segment-wise performance of Company's Revenue and Profit and Loss account:

Revenue account (Policyholders' account)

(₹ billion)

Profit after tax (C=A-B)	10.69	9.60

¹ Netted for any impairment in investments, which is shown as provision for diminution in the value of investments in Profit and loss account and including other income.

² Including Managerial Remuneration in excess of the allowable - refer note 3.20 of Schedule 16: significant accounting policies and notes forming part of the financial statements.

Element-wise analysis of the Revenue account and Profit and loss account is given below:**1. Gross premium (Revenue account)**

The following table sets forth, for the periods indicated, the summary of gross premium income:

(₹ billion)

Line of business	FY2020				FY2021			
	First year	Renewal	Single	Total	First year	Renewal	Single	Total
Retail								
Par	8.86	31.27	-	40.13	8.93	34.51	-	43.44
Non-par	9.44	13.57	10.41	33.42	14.33	18.31	22.93	55.57
Linked	46.78	161.80	3.28	211.86	28.61	166.75	3.55	198.91
Total retail	65.08	206.64	13.69	285.41	51.87	219.57	26.48	297.92
Group ¹	-	2.79	46.11	48.90	-	5.50	53.91	59.41
Gross total premium	65.08	209.43	59.80	334.31	51.87	225.07	80.39	357.33

¹ Group includes policy sourced to group customers under par, non-par, and linked line of business.

The gross premium increased by 6.9% from ₹ 334.31 billion in FY2020 to ₹ 357.33 billion in FY2021 primarily on account of an increase in retail renewal and single premium and group premium.

The total retail premium increased from ₹ 285.41 billion in FY2020 to ₹ 297.92 billion in FY2021 primarily on account of an increase in non-par business.

The total group premium increased from ₹ 48.90 billion in FY2020 to ₹ 59.41 billion in FY2021 primarily on account of an increase in group funds & credit life business.

2. Reinsurance (Revenue account)

Reinsurance premium ceded increased by 37.7% from ₹ 5.52 billion in FY2020 to ₹ 7.60 billion in FY2021 primarily on account of an increase in protection business from retail and group segment.

During the year ended March 31, 2021, the Company has started inward reinsurance business arrangement and received reinsurance premium amounting to ₹ 0.1 million.

3. Investment income (Revenue account)

The following table sets forth, for the periods indicated, summary of income from investments:

(₹ billion)

Particulars	FY2020			FY2021		
	Non-linked ¹	Linked	Total	Non-linked ¹	Linked	Total
Interest, dividend, and rent	28.12	32.65	60.77	33.41	33.82	67.23
Profit/(loss) on sale of investments	6.51	19.80	26.31	18.69	56.50	75.19
Accretion of discount/ (amortisation of premium)	(0.01)	7.63	7.62	0.03	4.96	4.99
Unrealised gains/(loss)	-	(219.87)	(219.87)	(0.08)	327.04	326.96
Provision for diminution in the value of investments	(2.13)	-	(2.13)	(0.20)	-	(0.20)
Investment income (net)	32.49	(159.79)	(127.30)	51.85	422.32	474.17

¹ Includes par and non-par line of business

Non-linked: The investment income of the non-linked line of business increased from ₹ 32.49 billion in FY2020 to ₹ 51.85 billion in FY2021 primarily on account of an increase in the profit on sale of investments and an interest income corresponding to an increase in interest-earning assets.

Linked: The investment income of the linked line of business increased from ₹ (159.79) billion in FY2020 to ₹ 422.32 billion in FY2021. The investment income for the linked line of business includes income on the unit-linked portfolio which has increased from ₹ (160.72) billion in FY2020 to ₹ 421.53 billion in FY2021 and is directly passed on to the policyholders with the corresponding changes in the fund reserve. The increase in the investment income of the unit-linked portfolio is primarily on account of increase in the unrealised gains / (losses) resulting from mark-to-market valuation of assets held. The unrealised gain / (loss) of the linked line of business increased from a loss of ₹ 219.87 billion in FY2020 to a gain of ₹ 327.04 billion in FY2021 primarily due to strong equity market performance in FY2021. The S&P BSE 100 rose by 71.5% in FY2021.

4. Other Income (Revenue account)

Other income includes fees and charges and other miscellaneous income. The other income increased from ₹ 0.80 billion in FY2020 to ₹ 0.93 billion FY2021.

5. Contribution from Shareholders' account (Revenue account):

Contribution from Shareholders' account represents the funding from the Profit and loss account (Shareholders' account) to various lines of business in case of a deficit in any line of business and also excess of Expense of Management (Refer note 3.51 of schedule 16).

Contributions from Shareholders' account increased from ₹ 14.97 billion in FY2020 to ₹ 15.75 billion in FY2021 primarily on account of higher new business strain¹⁴ in the non-par segment.

6. Commission expense (Revenue account)

The following table sets forth, for the periods indicated, summary of commission expense:

Particulars	₹ billion)	
	FY2020	FY2021
First year commission	10.77	9.31
Single commission	0.63	1.01
New business commission	11.40	10.32
Renewal commission	3.82	3.98
Total commission	15.22	14.30
Rewards ¹	0.64	0.70
Total Commission including Rewards	15.86	15.00
Commission rate ²	5.4%	5.0%

¹ Represents rewards as defined under IRDAI (Payment of commission or remuneration or reward to Insurance agents and Insurance intermediaries) regulations, 2016.

² Commission/(total premium- 90% of single premium).

The total commission including rewards expense decreased by 5.4% from ₹ 15.86 billion in FY2020 to ₹ 15.00 billion in FY2021. There is a decrease in commission rates from 5.4% in FY2020 to 5% in FY2021.

The new business commission decreased from ₹ 11.40 billion in FY2020 to ₹ 10.32 billion in FY2021 primarily on account of a decrease in first year premium. Renewal commission marginally increased from ₹ 3.82 billion in FY2020 to ₹ 3.98 billion in FY2021.

7. Operating expense relating to insurance business (Revenue account)

The following table sets forth, for the periods indicated, summary of operating expenses relating to insurance business:

Particulars	₹ billion)	
	FY2020	FY2021
Employee related expenses	10.31	9.92
Advertisement & sales related expenses	9.63	9.03
Other expenses	8.55	7.95
Total operating expenses	28.49	26.90

The total operating expenses relating to insurance business decreased by 5.7% from ₹ 28.49 billion in FY2020 to ₹ 26.90 billion in FY2021.

The employee-related expense decreased from ₹ 10.31 billion in FY2020 to ₹ 9.92 billion in FY2021. The employee headcount decreased from 14,630 as at March 31, 2020 to 14,413 as at March 31, 2021.

The advertisement & sales related expenses decreased from ₹ 9.63 billion in FY2020 to ₹ 9.03 billion in FY2021 primarily on account of lower sales related expenses in FY2021.

The other expenses decreased from ₹ 8.55 billion in FY2020 to ₹ 7.95 billion in FY2021 primarily on account of decrease in travel and communication related expenses.

8. Goods and service tax charge on linked charges (Revenue account)

Goods and service tax charge on linked charges represents the tax payable on the charges collected on linked products, and the tax is collected from policyholders. Goods and service tax charge on linked charges increased by 0.3% from ₹ 6.53 billion in FY2020 to ₹ 6.55 billion in FY2021.

9. Benefits paid (net) and interim bonus paid (Revenue account)

The following table sets forth, for the periods indicated, summary of benefits paid:

Particulars	₹ billion)	
	FY2020	FY2021
Surrender claims	149.79	162.13
Maturity and annuity claims	28.19	40.11
Mortality (death) claims	16.12	27.29
Survival benefits and other claims ¹	5.28	6.44
Amount recovered from reinsurer	(5.61)	(9.56)
Total	193.77	226.41

¹ Includes interim bonus paid.

¹⁴ New business strain arises when the premium paid at the commencement of a contract is not sufficient to cover the initial expenses including acquisition costs and any mathematical reserve that our Company needs to set up at that point.

Benefits paid (net of reinsurance) and interim bonus paid increased from ₹ 193.77 billion in FY2020 to ₹ 226.41 billion in FY2021. This increase was primarily on account of an increase in surrender claims from ₹ 149.79 billion in FY2020 to ₹ 162.13 billion in FY2021 and increase in mortality (death) claims from ₹ 16.12 billion in FY2020 to ₹ 27.29 billion in FY2021. The COVID-19 related death claims and health claims (net of reinsurance) in FY2021 was ₹ 2.15 billion.

10. Change in valuation of policy liabilities (Revenue account)

The following table sets forth, for the periods indicated, summary of the changes in valuation of liabilities:

Particulars	₹ billion)	
	FY2020	FY2021
Gross: Policy liabilities (non-unit/mathematical reserves)	156.40	148.18
Amount ceded in reinsurance	(68.37)	(19.59)
Change in non-unit/mathematical reserves (net) (A)	88.03	128.59
Fund reserve	(156.63)	397.34
Funds for discontinued policies	18.03	17.31
Change in fund reserve (B)	(138.60)	414.65
Total change in the valuation of policy liabilities (A + B)	(50.57)	543.24

Change in non-unit/mathematical reserves (net of amount ceded in reinsurance) increased from ₹ 88.03 billion in FY2020 to ₹ 128.59 billion in FY2021 reflecting broadly the increase in premium and investment income net of benefit outgo.

Change in fund reserve (including discontinued policies), which represents liability carried on account of units held by unit-linked policyholders, increased from ₹ (138.60) billion in FY2020 to ₹ 414.65 billion in FY2021 primarily due to higher investment income and lower benefits paid in the unit-linked portfolio.

11. Provision for taxation (Revenue account)

The provision for taxation shown in the Revenue accounts represents tax charged on the total surplus (grossed up for bonus) of the participating line of business in the Revenue account, in line with the Company's accounting policy. The provision for taxation increased from ₹ 1.31 billion in FY2020 to ₹ 1.42 billion in FY2021 primarily on account of an increase in the allocation of bonus to participating policyholders partly offset by decrease in surplus for the Par life line of business.

12. Surplus after tax (Revenue account) and Net transfer to shareholders' account

As a result of the above changes in income and expenses, surplus after tax in the Revenue account decreased from ₹ 21.87 billion in FY2020 to ₹ 21.06 billion in FY2021.

The surplus generated in the Revenue account after setting aside fund for future appropriation is transferred to Profit and loss account (Shareholders' account) based on the recommendation of the Appointed Actuary. The net transfer to shareholders' account decreased from ₹ 4.92 billion in FY2020 to ₹ 4.10 billion in FY2021.

The remaining surplus of ₹ 1.21 billion in FY2021 was retained as a fund for future appropriation.

Segment-wise net transfer to shareholders' account is as under:

Particulars	₹ billion)	
	FY2020	FY2021
Participating business	0.65	0.31
Non-participating business	(9.80)	(13.88)
Linked business	14.07	17.67
Net transfer to shareholders' account	4.92	4.10

Participating business: The surplus in the Revenue account for participating line of business is net of bonus and interim bonus. The surplus (grossed up for bonus) increased from ₹ 8.51 billion in FY2020 to ₹ 9.25 billion in FY2021. The shareholders' profits in participating business depend on the total bonuses declared to the policyholders. Currently, one-ninth of the bonus declared to policyholders is transferred to shareholders. The transfer to shareholders for the participating line of business decreased from ₹ 0.65 billion in FY2020 to ₹ 0.31 billion in FY2021 on account of one time transfer of ₹ 0.49 billion to par policyholder offset in part by an increase in bonus declared to the policyholders.

Non-participating business: The surplus in the Revenue account for non-par line of business arises primarily from premium and investment income net of expenses, claims, and policyholders liabilities. The deficit in the non-par line of business before contribution from shareholders increased from ₹ 9.80 billion in FY2020 to ₹ 13.88 billion in FY2021 primarily on account of higher new business strain resulting from the new business growth of non-par segment.

Linked business: The surplus in the Revenue account for the linked lines of business arises primarily from charges levied on the policyholders' fund net of expenses, claims and policyholders' liabilities. The surplus in linked line of business before contribution from shareholders increased from ₹ 14.07 billion in FY2020 to ₹ 17.67 billion in FY2021 primarily on account of higher investment income partly offset by higher claims and policyholders' liabilities.

13. Investment and other income (Profit and loss account)

The following table sets forth, for the periods indicated, summary of income from investments:

Particulars	₹ billion)	
	FY2020	FY2021
Interest, dividend and rent	4.48	4.82
Profit/(loss) on sale of investments	2.13	2.92
Accretion of discount/ (amortisation of premium)	(0.01)	(0.05)
Provision for diminution in the value of investments	(0.47)	(0.29)
Investment income (net)	6.13	7.40
Other income	0.01	-
Total income	6.14	7.40

Investment income (net) increased from ₹ 6.13 billion in FY2020 to ₹ 7.40 billion in FY2021 primarily on account of profit/ (loss) on sale of investments. Interest, dividend and rent increased from ₹ 4.48 billion in FY2020 to ₹ 4.82 billion in FY2021 primarily on account of an increase in interest income due to an increase in the interest-earning assets. Profits and losses are realised as the portfolio is realigned based on the market conditions and expected attractiveness of securities and sectors. During FY2021, profit on sale on investments (net of loss on the sale of investments & net of provision for diminution in value of investments) increased from ₹ 1.65 billion in FY2020 to ₹ 2.63 billion in FY2021.

Other income decreased from ₹ 0.01 billion in FY2020 to ₹ Nil in FY2021.

14. Expenses other than those directly related to insurance business (Profit and loss account)

Expenses other than those directly related to the insurance business has increased from ₹ 0.37 billion in FY2020 to ₹ 0.69 billion in FY 2021 primarily on account of interest expenses amounting to ₹ 0.33 billion on issuance of non-convertible debentures during the year. Corporate social responsibility expenses (CSR expenses) are charged to Profit and loss account and have decreased from ₹ 0.17 billion in FY2020 to ₹ 0.11 billion in FY 2021.

15. Provision for tax (Profit and loss account)

Tax on other than participating line of business and shareholders income is shown in Profit and loss account. Provision for tax has increased from ₹ Nil billion in FY2020 to ₹ 1.21 billion in FY2021 on account of withdrawal of dividend exemption resulting in a higher taxable surplus.

16. Profit after tax (Profit and loss account)

Profit after tax decreased from ₹ 10.69 billion in FY2020 to ₹ 9.60 billion in FY2021 primarily on account of a decrease in the transfers from policyholders account (net of contributions from shareholders) from ₹ 4.92 billion to ₹ 4.10 billion.

b. Financial position

The following table sets forth, for the periods indicated, the financial position of the Company:

Particulars	₹ (billion)	
	March 31, 2020	March 31, 2021
Sources of funds		
Shareholders' funds	72.19	91.19
Borrowings	-	12.00
Policyholders' funds		
Fair value change account and revaluation reserve - investment property	(1.88)	30.62
Policy liabilities	1,444.41	1,987.65
Funds for future appropriations	12.33	13.53
Total	1,527.05	2,134.99

Particulars	₹ (billion)	
	March 31, 2020	March 31, 2021
Application of funds		
Investments	1,512.56	2,122.12
Loans	4.63	6.63
Fixed assets	4.78	4.57
Current assets (A)	38.38	38.96
Current liabilities and provisions (B)	33.30	37.29
Net current assets (A-B)	5.08	1.67
Total	1,527.05	2,134.99
Contingent liabilities	6.71	13.12

1. Shareholders fund & capital position

The following table sets forth, for the periods indicated, the details of shareholders' fund of the Company:

Particulars	₹ (billion)	
	March 31, 2020	March 31, 2021
Equity share capital	14.36	14.36
Share premium	34.29	34.33
Balance of profit in profit and loss account	26.51	36.11
Revaluation reserve	0.26	0.23
Fair value change account	(3.23)	6.16
Shareholders' fund (net-worth)	72.19	91.19
Solvency ratio	194.1%	216.8%

During FY2021, there is no capital infusion except from the exercise of stock options to employees under Employee Stock Option Scheme.

The net worth of the Company increased from ₹ 72.19 billion at March 31, 2020 to ₹ 91.19 billion at March 31, 2021 primarily on account of an increase in the balance of profit in profit and loss account and an increase in fair value change account.

The balance of profit in profit & loss account increased from ₹ 26.51 billion in FY2020 to ₹ 36.11 billion in FY2021 on account of profit for the year.

The Company had performed an independent valuation of their investment property and consequently revaluation reserve decreased from ₹ 0.26 billion (Historical cost: ₹ 3.65 billion; revalued amount: ₹ 3.91 billion) at March 31, 2020 to ₹ 0.23 billion (Historical cost: ₹ 3.65 billion; revalued amount: ₹ 3.88 billion) at March 31, 2021.

Fair value change account represents the unrealised gains/loss on equity securities and mutual fund and it increased from ₹ (3.23) billion at March 31, 2020 to ₹ 6.16 billion at March 31, 2021. Movement in fair value change account is a function of the performance of the equity markets and the mix of equity and mutual funds in the portfolio.

The Company had a solvency ratio of 216.8% at March 31, 2021, compared to the regulatory minimum required level of 150%.

2. Borrowings

During FY2021, the Company issued non-convertible debentures of ₹ 12.00 billion with coupon rate of 6.85% per annum payable annually. (Refer note 3.22 of schedule 16)

3. Policyholders' fund

Fair value change account and revaluation reserve - investment property

Fair value change account increased from ₹ (2.54) billion at March 31, 2020 to ₹ 29.93 billion at March 31, 2021. Movement in fair value change account is a function of the performance of the equity markets and the mix of equity and mutual funds in the portfolio.

The Company had performed an independent valuation of investment property and consequently revaluation reserve increased from ₹ 0.66 billion (Historical cost: ₹ 0.19 billion; revalued amount: ₹ 0.84 billion) at March 31, 2020 to ₹ 0.69 billion (Historical cost: ₹ 0.19 billion; revalued amount: ₹ 0.87 billion) at March 31, 2021.

Policy liabilities

The following table sets forth, for the periods indicated, summary of policy liabilities:

Particulars	₹ billion)	
	March 31, 2020	March 31, 2021
Non-unit liabilities (mathematical reserves)	473.55	602.16
Provision for linked liabilities (fund reserves)	880.37	1,277.70
Funds for discontinued policies	90.48	107.79
Policy liabilities	1,444.40	1,987.65

The movement in policy liabilities is explained in the element-wise analysis of the Revenue account.

4. Funds for future appropriation (FFA)

The following table sets forth, for the periods indicated, summary of funds for future appropriation:

Particulars	₹ billion)	
	March 31, 2020	March 31, 2021
Non-linked	12.33	13.53
Total	12.33	13.53

FFA increased from ₹ 12.33 billion in FY2020 to ₹ 13.53 billion in FY2021 on account of an increase in the undistributed surplus of participating line of business.

5. Investments

The following table sets forth, for the periods indicated, summary of investments:

Particulars	₹ billion)	
	March 31, 2020	March 31, 2021
Shareholders' investments	74.21	100.90
Policyholders' investments (non-linked)	467.50	635.73
Asset held to cover linked liabilities	970.85	1,385.49
Total Investments	1,512.56	2,122.12

Total investments increased from ₹ 1,512.56 billion at March 31, 2020 to ₹ 2,122.12 billion at March 31, 2021. The increase in shareholders' investments is largely attributable to strong equity market performance in FY2021 and the profit generated during the year.

The increase in policyholders' non-linked investments is largely attributable to net inflows into the fund. In case of the Asset held to cover linked liabilities, the increase is primarily attributable to unrealised gains due to improved equity market performance in FY2021 and the net inflow during the year.

The investment held in unit linked funds (Asset held to cover linked liabilities) at March 31, 2021 was 65.3% of the total investment assets as against 64.2% at March 31, 2020. Further, of the total investment assets at March 31, 2021, 45.5% of the assets were held as equity at March 31, 2021 as against 39.9% at March 31, 2020.

6. Loans

The Company has seen a healthy growth in loan against policies from ₹ 4.63 billion at March 31, 2020 to ₹ 6.63 billion at March 31, 2021 primarily on account of the higher number of policyholders availing this facility. The Company had performed an impairment assessment and accordingly no impairment was recognised.

7. Fixed assets

Fixed assets decreased from ₹ 4.78 billion at March 31, 2020 to ₹ 4.57 billion at March 31, 2021.

8. Net current assets

(i) Details of current assets

The following table sets forth, for the periods indicated, summary of current assets:

Particulars	₹ billion)	
	March 31, 2020	March 31, 2021
Income accrued on investments	12.56	12.11
Assets held for unclaimed amount of policyholders ¹	8.33	8.09
Cash and bank balances	8.11	5.57
Outstanding premium	2.18	1.70
GST unutilised credit	1.73	1.90
Sundry Debtors (Investments) ²	1.66	2.75
Advance taxes and tax deducted at source	1.52	1.17
Balance due from Reinsurers	0.44	2.83
Prepayments	0.36	0.30
Deposits	0.35	0.36
Other advances and receivables ³	1.14	2.19
Total	38.38	38.97

¹ Including Income on Unclaimed amount of policyholders

² Represents receivables towards investments sold

³ Includes other advances net of provision for doubtful advance, other receivables net of provision for doubtful receivables, agents balance net of provision for doubtful agent balances, due from subsidiary and advances to employees.

The explanation for key elements is as mentioned below:

Income accrued on investments decreased from ₹ 12.56 billion at March 31, 2020 to ₹ 12.11 billion at March 31, 2021.

Pursuant to IRDAI circular on "Handling of unclaimed amounts pertaining to policyholders", the Company has created a single segregated fund to manage all the unclaimed monies. **Assets held for the unclaimed amount of policyholders** decreased from ₹ 8.33 billion at March 31, 2020 to ₹ 8.09 billion at March 31, 2021.

Cash and bank balances decreased from ₹ 8.11 billion at March 31, 2020 to ₹ 5.57 billion at March 31, 2021.

Outstanding premium represents the premium due but not received on participating & non-participating, non-linked products as at March 31 and which are within the grace period. It decreased from ₹ 2.18 billion at March 31, 2020 to ₹ 1.70 billion at March 31, 2021.

GST unutilised credit represents GST input tax credit which will be utilised in the future for set-off against payment of GST liabilities. It increased from ₹ 1.73 billion at March 31, 2020 to ₹ 1.90 billion at March 31, 2021.

Sundry debtors (investments) represents the sales proceeds pending to be received (but not overdue) on sale of investment securities. It increased from ₹ 1.66 billion at March 31, 2020 to ₹ 2.75 billion at March 31, 2021.

Advance taxes and tax deducted at source decreased from ₹ 1.52 billion at March 31, 2020 to ₹ 1.17 billion at March 31, 2021 primarily on account of income tax refund received.

(ii) Details of current liabilities

The following table sets forth, for the periods indicated, summary of current liabilities:

Particulars	₹ (billion)	
	March 31, 2020	March 31, 2021
Unclaimed amount of policyholders ¹	8.33	8.09
Sundry creditors ²	7.97	8.14
Policyholders' claims payable	7.67	7.65
Unallocated premium (including premium received in advance)	3.78	5.19
Goods and Service tax/Service tax payable	2.07	2.96
Payable to unit fund ³	1.65	2.38
Payable to agents (agents balances)	0.89	1.42
Balance due to other reinsurers	0.16	0.06
Other liabilities ³	0.50	1.17
Provision for leave encashment and gratuity	0.28	0.23
Total	33.30	37.29

¹ Including Interest on Unclaimed amount of policyholders.
² Including due to holding company, expenses payable and payable towards investments purchased.
³ Including TDS payable and other deposits.

The explanation for key elements is as mentioned below:

The details of **unclaimed amounts of policyholders** including breakup and ageing at March 31, 2021, and March 31, 2020 is given in note 3.5 and 3.6 of Schedule 16: Significant accounting policies and notes forming part of the financial statements for the year ended March 31, 2021.

Sundry creditors representing creditors for expenses and investment increased from ₹ 7.97 billion at March 31, 2020 to ₹ 8.14 billion at March 31, 2021.

Policyholders' claims payable represent amounts payable to the policyholders for all claims (death, maturity, survival, surrender, foreclosure, annuity, etc.) that are intimated to the Company and are outstanding due to pending investigation as a part of the normal claims process or pending due to incomplete documentation from the policyholders. The decrease in claims payable from ₹ 7.67 billion at March 31, 2020 to ₹ 7.65 billion at March 31, 2021 is primarily on account of decrease in maturity related claims payable.

Unallocated premium including premium received in advance primarily represents premium received from customers where policy issuance is in progress or pending due to requirements awaited from customers. It increased from ₹ 3.78 billion at March 31, 2020 to ₹ 5.19 billion at March 31, 2021.

Goods and Service tax/Service tax payable primarily represents goods and service tax payable in respect of services rendered by the Company.

Payable to unit fund increased from ₹ 1.65 billion at March 31, 2020 to ₹ 2.38 billion at March 31, 2021. The amount represents payable to unit-linked policyholders account form shareholders account, which is transferred to the unit-linked policyholders account immediately on the next banking day and hence held as a current liability.

Payable to agents represents the amount payable to insurance agents, brokers, insurance marketing firms and web aggregators towards commission. The amount outstanding is primarily attributable to the business sourced during the last month of the financial year.

9. Contingent liability

The contingent liability increased from ₹ 6.71 billion at March 31, 2020 to ₹ 13.12 billion at March 31, 2021. The increase in contingent liability is primarily attributable to the investment made in partly paid secured non-convertible debentures during the year. At March 31, 2021 the uncalled portion of the debentures amounted to ₹ 10.61 billion (March 31, 2020 ₹ 4.50 billion).

c. Cash flow statement

The following table sets forth, for the periods indicated, a summary of the cash flows:

Particulars	₹ billion	
	FY2020	FY2021
Net cash generated from/(used in) operating activities	86.00	73.20
Net cash generated from/(used in) investing activities	(108.02)	(50.90)
Net cash generated from/(used in) financing activities	(4.05)	12.05

Cash flows from operating activities:

Net cash flows generated from operating activities decreased from ₹ 86.00 billion in FY2020 to ₹ 73.20 billion in FY2021 primarily on account of an increase in policy benefits paid offset in part by an increase in premium and other receipts.

Cash flows from investing activities:

Net cash flows used in investing activities decreased from ₹ 108.02 billion in FY2020 to ₹ 50.90 billion in FY2021 on account of decrease in the sale of investments offset in part by the purchase of money markets and liquid mutual funds.

Cash flows from financing activities:

Net cash flows from financing activities increased from ₹ (4.05) billion in FY2020 to ₹ 12.05 billion in FY2021 primarily on account of an issuance of non-convertible debenture of ₹ 12.00 billion in during the year.

d. Key financial ratios

The following table sets forth, for the periods indicated, the key financial ratios excluding the ratios that are mentioned in the above sections:

Particulars	FY2020	FY2021
Persistence ratio ¹		
- 13 th month	86.8%	87.1%
- 61 st month	58.7%	59.8%
Expense ratio ²	15.9%	14.6%
Solvency ratio	194.1%	216.8%

¹ As per IRDA circular dated January 23, 2014.

² Total cost including commission/total premium-10% of Single premium.

Persistence ratio: The Company has a strong focus on improving the quality of business and customer retention, which is reflected in our best in class 13th month persistence ratios. Our 13th month persistence stood at 87.1% for FY2021. The 61st month persistence stood at 59.8%.

Expense ratio: The cost to total weighted received premium (TWRP) ratio stood at 14.6% in FY2021 compared to 15.9% in FY2020.

Solvency ratio: The Company had a solvency ratio of 216.8% at March 31, 2021, compared to the regulatory minimum required level of 150%.

C. Consolidated financial results and subsidiary performance

The Company has a wholly-owned subsidiary, ICICI Prudential Pension Funds Management Company Limited (PFM). The PFM is licensed by the Pension Funds Regulatory and Development Authority as a Pension Fund Manager under the National Pension System (NPS). The PFM had also obtained registration as a Point of Presence (PoP) for NPS distribution and servicing and started its operations as a PoP during the quarter ended September 30, 2019.

Pension fund industry

The total assets under management (AUM) of the pension fund industry has grown from ₹ 4,174.79 billion at March 31, 2020 to ₹ 5,780.26 billion at March 31, 2021. This largely comprises funds from the government sector of ₹ 5,103.06 billion. The AUM from the private sector, Atal Pension Yojana and National Pension System lite segments was ₹ 476.76 billion, ₹ 156.87 billion and ₹ 43.54 billion respectively, a growth of 79.5%, 49.0% and 16.8% in FY2021.

Business

The subscribers' funds managed by the PFM increased from ₹ 43.53 billion at March 31, 2020 to ₹ 75.59 billion at March 31, 2021, an increase of 73.7% during the year.

The PFM has a market share of 15.9% in the private sector AUM at March 31, 2021 as against 16.4% at March 31, 2020.

The net worth of PFM at March 31, 2021 is ₹ 0.29 billion (at March 31, 2020 ₹ 0.33 billion).

For the year ended March 31, 2021, the PFM registered a loss of ₹ 0.04 billion as against ₹ 0.02 billion last year. The current operations of the PFM is not significant in the context of the overall profit of the Company as the subsidiary is still scaling up. An improvement is expected in the financial performance of the subsidiary as fresh certificate of registration was granted by Pension Fund Regulatory and Development Authority (PFRDA), under the new request for proposal rolled out in December 2020. Under this, the investment management fee has been increased to 0.09% with effect from April 1, 2021 in comparison to 0.01% earlier, subject to the assets under management (AUM) slab rates stipulated by the PFRDA. Also, the license is now perpetual in nature.

Basis of consolidation

The consolidated financial statements are prepared in accordance with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014, section 129(4) of the Companies Act, 2013. The financials are consolidated on a line-by-line basis in accordance with AS 21 on 'Consolidated Financial Statements'.

The consolidated profit after tax for the Company decreased from ₹ 10.67 billion in FY2020 to ₹ 9.56 billion in FY2021.

III. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The internal controls of the Company are commensurate with the business requirements, its scale of operation and applicable statutes to ensure orderly and efficient conduct of business. These controls have been designed to provide a reasonable assurance with regard to maintaining proper accounting controls, safeguarding of assets, prevention, and detection of frauds and errors, ensuring operating effectiveness, reliability of financial reporting, and compliance with applicable regulations.

In most aspects of operations and processes, the Company has deployed automation for control and efficiency. The Company operates in a robust IT control environment with adequate controls focused on reconciliation between systems, auto checks to avoid any duplicate data upload, reconciliation of all jobs run at the beginning and end of day, matching of trial balance and ensuring no unposted entries in the system monthly. The IT change management work flow is tracked in an application and changes moved to production only after user acceptance testing sign off by business teams. The Company has an automated control over access management with addition/deletion/modification of access to IT

environment as per defined authorisation matrix. The reconciliation of user rights in applications is conducted every quarter as part of access management. In conjunction with the IT controls, all financial transactions also have a compensating detective controls (system exception reports, maker checker, etc.) at the process level. These controls are covered under the IFC framework which is aligned with Internal Control Framework 2013 given by the Committee of Sponsoring Organisations (COSO) of the Treadway Commission and tested at regular intervals for design and operating effectiveness.

Due to COVID-19 pandemic, the facility to work from home (WFH) was provided to the employees of the Company through IT systems. The systems were hardened and configured with requisite data security controls. The day to day operations of the Company were carried out through remote location/WFH via secured servers. There had been no material changes in the process level controls or activities conducted in the financial statement closing process of the Company. The Company had tested all material controls over financial reporting at March 31, 2021 and found them to be operating effectively.

In addition, internal audits are undertaken to reviews significant operational areas regularly. The Audit Reports, submitted by the Internal Auditors, are reviewed by the Audit Committee and corrective action is initiated to strengthen the controls and enhance the effectiveness of the existing systems. Statutory and Internal Auditors are also invited to the Audit Committee meetings to ascertain their views on the adequacy of internal control systems. The management believes that strengthening internal controls is a continuous process and it will, therefore, continue its efforts to keep pace with changing business needs and environment.

Enterprise Risk Management

The Company recognises that risk is an integral element of the business and managed acceptance of risk is essential for generation of shareholder value. The Company's acceptance of risk is dependent on the return on risk-adjusted capital and consistency with its strategic objectives. Having accepted a risk, the Company may cede or hedge it where this is cost effective. In general therefore, the Company's control procedures and systems are designed to manage risk, rather than eliminate it. However, at certain times, there may also exist some risks for which the Company has no tolerance and which are actively avoided.

The Company has in place a risk management framework with the following aims:

- Determining the risk profile of the Company i.e. the aggregate level of risks that the Company has undertaken in pursuit of profitable business.
- Identification, measurement, monitoring and control of risk for the purpose of protecting the interests of key stakeholders.
- Enhancing the Company's ability to identify and pursue opportunities that offer attractive risk-adjusted returns by providing transparent, accurate and timely risk information.
- Embedding risk-based decision making in key management processes and fostering a culture of risk awareness.
- Limiting the Company's exposure to adverse outcomes through risk limits.
- Ensuring compliance with regulatory requirements.
- Focusing on ensuring that it possesses the appropriate capabilities and experience in managing and transferring risks.
- Minimising reputational risk.

RISK GOVERNANCE FRAMEWORK

The risk governance structure of the Company consists of the Board, the Board Risk Management Committee (BRMC), the Executive Risk Committee (ERC) and its supporting committees.

The risks faced by the Company are classified into market, credit, liquidity, insurance, operational and reputation. In addition to these risks, the life insurance industry faces a number of emerging risks. Even as the ongoing COVID-19 pandemic continues to pose several challenges for life insurers, there are growing risks related to ESG (environmental, social and governance) issues. For the Company, governance, ethics and sustainability

are the overall responsibility of the Board, with its Committees playing key roles in identifying, mitigating and managing ESG risks and other material issues. One of the most prominent ESG risks is that of climate change and its potentially far-reaching consequences. There is currently a lot of uncertainty about the impact of climate change and the Company has started working to better understand and address the potential impacts on its business. For the impact of ESG risks on the asset side, the Company is implementing a framework for investment decisions that will support mitigation of risks due to climate changes as well as other environmental, social and governance risks by factoring these in its investment decisions. For the liability side, it is difficult to estimate the impact of climate change on mortality and morbidity given the complex interactions with other factors such as environmental, social and demographic changes. Over the short-term, climate change is not expected to have a material impact on the Company's mortality and morbidity claims. Over the longer term, the financial impact of climate risks on the Company's insurance liabilities could be more significant. Apart from climate change, there are other emerging risks associated with public health trends such as increase in obesity related disorders and demographic changes such as population urbanisation and ageing. The Company's risk management framework seeks to identify, measure and control its exposures to all these risks within its overall risk appetite.

The risk philosophy of the Company is outlined in the Board approved risk policy ('the Policy') which is reviewed by the Board at least annually. The Policy details identification, measurement, monitoring and control standards relating to the various individual risks. The Policy covers aspects related to:

- Financial Risk Management or Asset Liability Management ('ALM'): covering market risk, credit risk, liquidity risk and insurance risk
- Operational Risk Management
- Reputation Risk Management

In addition to the above, the Board has approved the following policies that assist in managing some of the above risks:

- Underwriting Policy
- Reinsurance Policy
- Outsourcing Policy
- Fraud Risk Management Policy
- Information & Cyber Security Policy

This framework in conjunction with the three lines of defence helps the Company manage risk. The key responsibilities of each line are laid out below:

The risk management model of the Company comprises a four-stage continuous cycle, namely the identification and assessment, measurement, monitoring and control of risks.

1. Risk Identification

The Company identifies its risk exposure through a variety of techniques and processes, including:

- 1) Stress testing of the current financial condition of the Company. Risk may be identified by reference to the Embedded Value¹ (EV) or to the solvency position of the Company. The Company assesses the effectiveness of the risk controls through periodic stress testing exercises. These exercises analyze the Company’s resilience under various adverse scenarios, such as severe economic shocks and the impact of catastrophic events like pandemics, which could materialize as a consequence of several risk factors including climate change and other emerging risks.
- 2) Product development process by way of analysis of the sensitivity of profit margins and of profit patterns to market and insurance risks. Any liquidity or operational risk arising out of the new product or modification of an existing product is assessed prior to product launch.
- 3) Business planning process by way of analysis of the sensitivity of the projected solvency and emergence of profit to market and insurance risks.
- 4) Tracking of key liquidity risk indicators.

- 5) The Board of the Company periodically reviews the potential impact of strategic risks such as changes in macro-economic factors, government policies, regulatory environment and tax regime on the business plan of the Company. The Company has a framework in place for identifying business concentration risk and it actively engages in diversification of business across various drivers including distribution partners and product segments.
- 6) Risk and Control Self-Assessment (RCSA) to identify and assess operational risks in terms of their likelihood and impact by each business unit within the Company. The RCSA activity is done with due cognisance to any loss events or audit findings.
- 7) The Company evaluates legal and regulatory risk by monitoring the implementation of relevant requirements and monitoring for any deviations.
- 8) Reputation risk is monitored based on trends in regulatory orders (if any), media mentions, customer complaints and legal cases.

2. Risk Measurement

The Company uses the following approaches to measure its risk exposure.

- 1) Risk to the EV: Value at Risk (VaR) of the EV is an appropriate measure of risk exposure for market, credit and insurance risks. The VaR is measured by calculating the reduction in the EV under extreme economic and non-economic scenarios.

¹The Embedded Value of the Company is the present value of shareholders’ interests in the earnings distributable from assets allocated to the covered business after sufficient allowance for the aggregate risks in the covered business.

The stresses are benchmarked to European Insurance and Occupational Pensions Authority (EIOPA) standards as they develop, subject to appropriate adjustments for local conditions and the Company's stage of development.

- 2) Risk to the growth of the EV: In addition to the risk to the current EV, the Company also considers risks that impede future growth of the EV like insufficient new business profit growth and over-run in acquisition or renewal expenses, caused by adverse deviation of actual unit costs from planned unit costs.
- 3) Risk to the statutory position: The Company considers the impact of market risk on its statutory position and assesses the quality of its ALM by performing a resilience test periodically on the quasi-regulatory balance sheet. The quasi-regulatory balance sheet is obtained by marking to market the assets on the regulatory balance sheet. The liabilities are determined with reference to the market value of assets and by preserving the margins for adverse deviation in accordance with applicable regulation and professional guidance. The quasi-regulatory balance sheet is subjected to economic shocks and the solvency ratios and free assets under the stress scenarios monitored.
- 4) Liquidity ratio of highly liquid assets to near-term liabilities is tracked in order to assess the liquidity position.
- 5) Operational and fraud losses are measured as a proportion of profit before tax to identify the extent of deviation from the agreed tolerance limit. In addition, key operational risk indicators are tracked.
- 6) Reputation risk score is calculated based on a methodology of rating various parameters impacting the risk such as regulatory concerns, media mentions, customer complaints and legal cases.

3. Risk Monitoring

The ERC reviews all the risks and presents a risk report to the BRMC on a quarterly basis. The BRMC informs the Board of the key findings.

4. Risk Control

Identified risks are managed by one or more of the following techniques

- Retention (acceptance);
- Avoidance;
- Transfer or;
- Reduction (mitigation).

The nature of the controls implemented and the level of control exercised are based upon the:

- Potential severity of the risk;
- Frequency of the risk occurring;
- Cost of implementing controls relative to the significance of the risk;
- Risk appetite.

a. Market risk:

1. Launching new products can significantly alter the risk profile of the Company's balance sheet. Market risks inherent in the new products or significant modifications to existing products are identified at the product design stage and a risk report placed before the ERC. The products are launched only after approval by the ERC.
2. Asset Liability Management (ALM): Asset-liability management involves minimising the risk due to mismatches in assets and liabilities. Mismatches could arise either due to asymmetric changes in the value of assets and liabilities as a consequence of changes in macroeconomic factors such as interest rates, or due to asynchronous cash inflows and outflows. The Company has developed detailed investment specifications that govern the investment strategy and limits for each fund depending on the profile of the liability backed by those assets. For each category of products, the investment specifications specify limits to permissible exposures to various asset classes along with duration guidelines for fixed income instruments. The investment specifications are designed to achieve the risk versus return objectives and policyholders' reasonable expectations while maintaining the risk within the Company's risk appetite and with due consideration of regulatory requirements. The mitigation strategies for different portfolios are as follows:

i. Category 1: Non-linked business where the benefits to policyholders are based on performance of the underlying investments

For these funds the Company's asset allocation strategy, which includes investments in equities, is designed to achieve the twin objectives of managing risks arising from guarantees and optimising policyholder returns, subject to regulatory constraints. Asset Liability Management (ALM) is done through regular monitoring of the equity backing ratio and debt duration against limits as applicable. The bonus declaration mechanism for participating products also helps in the smoothing of the volatility of the investment returns.

ii. Category 2: Non-linked business where the benefits and premiums are fixed at the start of the contract

The liabilities for these lines of business are obligations to policyholders or to meet expenses and have to be met either at a fixed time or on the occurrence of a contingency. The Company manages the risk on such products by investing only in fixed income instruments. Further, a combination of duration matching and cash flow matching approaches is used to mitigate asset liability mismatches. The Company uses interest rate derivatives to hedge interest rate risk. In particular, a forward rate agreement (FRA), which is a particular type of interest rate derivative, allows the Company to lock in now the interest rates at which the future premiums would be invested.

iii. Category 3: Linked products with guarantees

The Company uses a mix of stochastic and deterministic approaches to calculate the cost for providing the guarantee and holds a reserve on this account. The Company manages the investment risk arising from these products by setting limits on the equity backing ratio and debt duration.

iv. Category 4: Linked products without guarantees

The linked portfolio without guarantees has minimal investment risk to the solvency of the Company. These funds are managed with respect to an appropriate benchmark index and do not require any active ALM.

b. Credit risk:

The Company manages the credit risk of its investments through the following measures:

1. Exposure limits for companies, groups and industries in accordance with IRDAI norms and limits as per its own Investment Policy;
2. Restricting investments primarily to securities rated AA and above;
3. Engagement with select and financially sound reinsurers as per internal guidelines for reinsurance. The credit risk on reinsurance contracts are reviewed when the Company plans to enter into a relationship with a new reinsurer, or in case of significant events like credit rating downgrades of existing reinsurers;
4. Approved counter-parties are used to minimize settlement risk

c. Liquidity risk:

The Company faces limited liquidity risk due to the nature of its liabilities. The Company has put the following mitigants in place:

1. The Investment Specifications as a part of the asset liability management framework provide guidelines to manage liquidity risk by specifying the minimum investment in highly liquid assets, taking account of constraints on the fungibility of assets among funds, and by specifying cash flow matching for certain funds.
2. The Company has a liquidity contingency plan, which addresses the following
 - a) Identifying mitigants to liquidity stress arising out of contingencies;
 - b) Communication and action protocol;
 - c) Restoring normality in the event of any contingency;

3. New products are launched only after approval by the ERC.

The ERC also evaluates the impact of market liquidity on any hedging or asset allocation strategy required by the product.

d. Mortality, Morbidity and Longevity risks:

The Company uses the following approaches to manage its mortality and morbidity risk:

1. **Developing new products:** The Company designs exclusions and terms and conditions in consultation with reinsurers and with due regards to market practices to manage the mortality, morbidity and longevity risks. In order to deal with a changing insurance landscape or emerging risks, new products could be developed with more suitable product features, policy wordings, exclusions and terms and conditions.
2. **Product approval process:** Launching new products can significantly alter the risk profile of the Company's balance sheet. Insurance risks inherent in the new products or significant modifications to existing products are identified at the product design stage and products are launched only after approval by the ERC.
3. **Reinsurance:** The Company uses appropriate reinsurance arrangements, including catastrophe reinsurance, to manage insurance risk. Such reinsurance arrangements can support in risk transfer of emerging risks as well. The Company's reinsurance exposures are considered and approved by the ERC periodically.
4. **Re-pricing:** The Company also reserves the right to re-price future new business with IRDAI approval, in case of adverse experience due to changes in insurance environment or emerging risks.
5. **Underwriting and claims controls:** Underwriting procedures and processes are in place to identify risk at the time of acceptance of the contract for different classes of business. A review of the underwriting strategy is carried out periodically. The underwriting strategy can be adjusted to allow for any changes in the insurance risk landscape or emerging risks. Claims procedures are also in place to assess and manage the risks at the claims stage, which are reviewed periodically.
6. **Experience analysis:** The Company periodically reviews the actual experience relative to the expected experience for mortality, morbidity and longevity. Such a review will provide the Company insights on emerging risks if the Company faces any. In the current situation of COVID-19 pandemic, the Company has been closely monitoring the overall mortality experience including the deaths on account of COVID-19. The Company has been holding additional provisions towards potential COVID-19 claims and adequacy of this reserve has been continually assessed, in line with the claims experience.

7. Review of bases: The Company conducts a review at least annually of the bases of assumptions, which are used for various purposes such as valuation, pricing etc. to assess any change in risk profile. A widespread increase in mortality or morbidity, for example as a result of climate changes or emergence on new diseases, may require the Company to re-evaluate its assumptions.

e. Persistency risk:

The Company uses the following approaches to manage the risk:

1. Experience analysis: The Company conducts its experience analysis regularly to ensure that corrective action can be initiated at the earliest opportunity and that assumptions used in product pricing and embedded value reporting are in line with experience.
2. Product features: The Company uses features like loyalty bonuses and additional allocation of units to encourage policyholders to continue with the policy.
3. Service initiatives: The Company uses a combination of proactive and reactive interventions to manage persistency. The interventions could include attaching direct debit or ECS mandates at new business stage, sending communication via different media such as emails to customers and distributors and reminders and telephonic interviews with customers.
4. Aligning key performance indicators: The Company uses different key performance indicators for different levels of hierarchy in sales and operations to align interests and ensure adequate focus on persistency.

f. Expense risk:

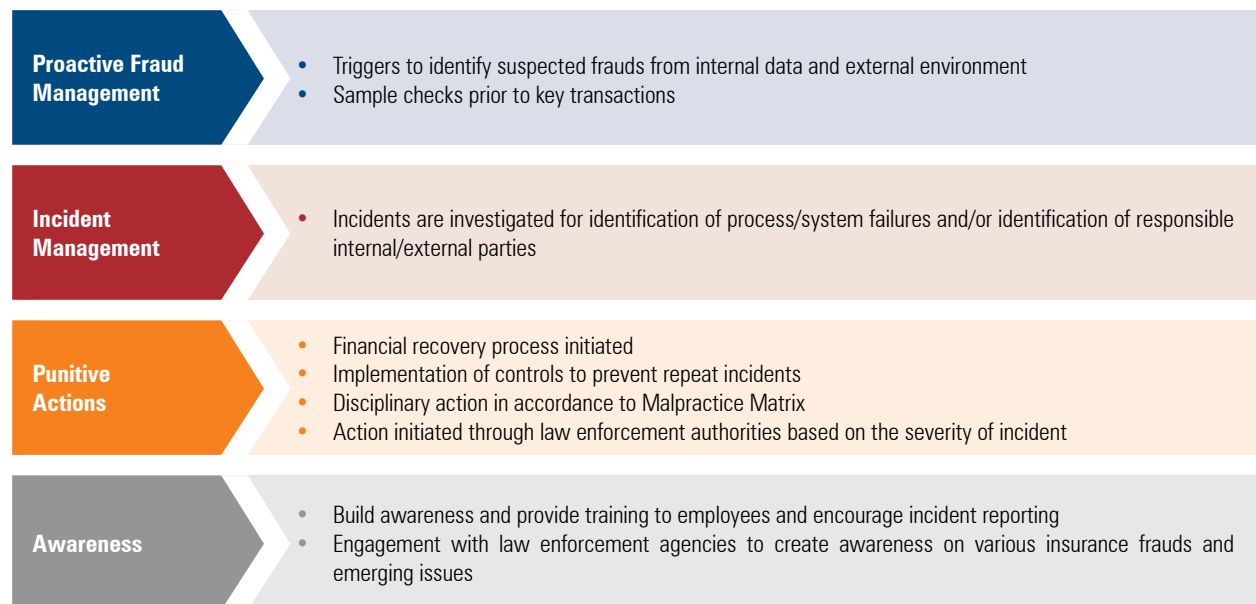

The Company uses the following approaches to manage the risk:

1. **Experience analysis:** The Company actively monitors its expense levels, which are then fed back into new product pricing, calculation of reserves and management reporting. In case of any adverse deviations between actual unit costs and planned unit costs, mitigation measures are taken.
2. **Aligning key performance indicators:** The Company uses different key performance indicators to align interests and ensure adequate focus on expense.

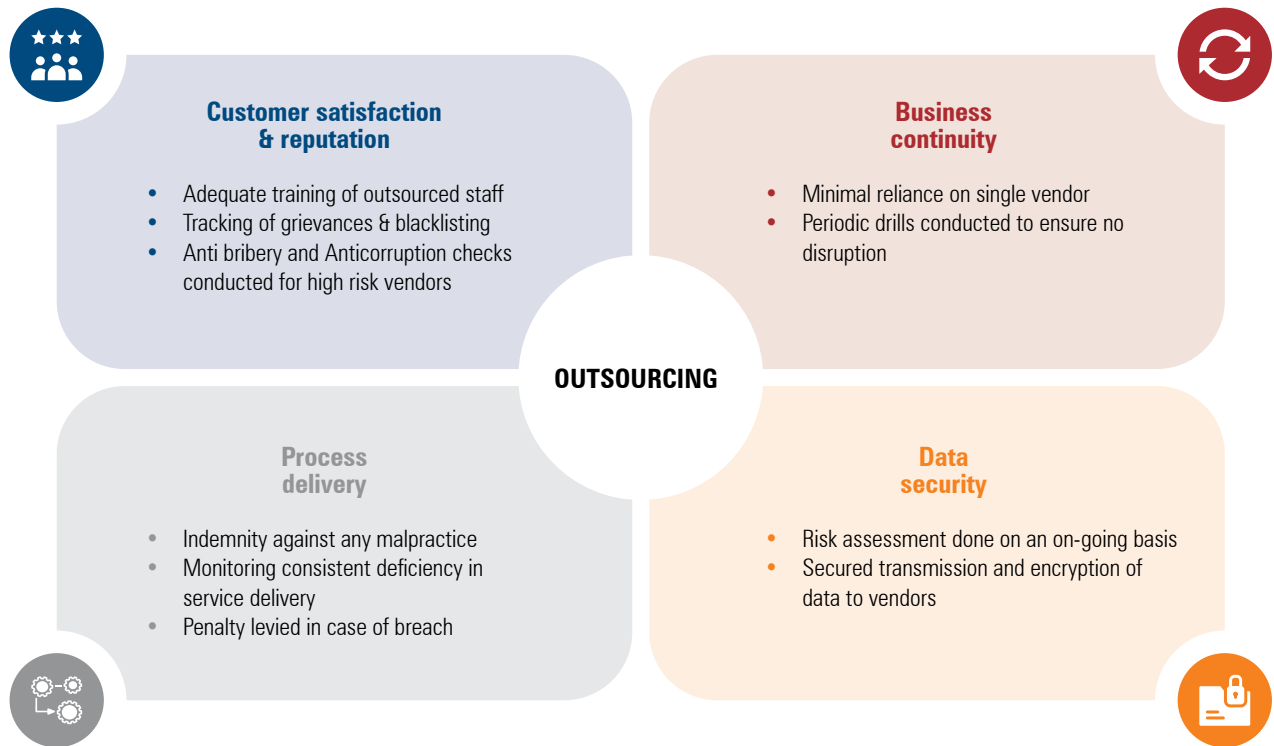

g. Operational risk: The Company uses the following approaches to manage the risk:

- i. Mitigation plans are developed for high risk items identified and monitored by the risk committees
- ii. The Company actively promotes a risk awareness culture by improving understanding through communication and education among management, employees, contractors and vendors. Appropriate training material is developed and cascaded to improve knowledge and promote a strong operational risk practice. Further, risk champions have been nominated across various functions who support the risk management teams to identify risks proactively and create an awareness culture within such functions.
- iii. The Company also has in place policies to manage operational risk like Whistle-blower policy, Code of Business Conduct and Ethics for directors / employees, Code of Conduct for Prevention of Insider trading, Anti Money Laundering and Counter financing of Terrorism policy and Anti-Bribery Policy.

iv. Fraud Risk Management: The Company ensures adherence to Fraud prevention framework laid down by the regulator and directives under Companies Act 2013. The following approach has been adopted to prevent fraud:

v. **Outsourcing Risk:** Processes of the Company are outsourced, where it is convinced of the advantages by entering in such arrangements, as permitted under IRDAI (Outsourcing of Activities by Indian Insurers) Regulations 2017 (“the regulation”). The Company has an Outsourcing policy and it follows the below operating framework for the required due-diligence for any new activity or vendor empanelment. The Company has constituted an Outsourcing Committee which oversees the compliance to the regulation.

vi. **Business Continuity Management (BCM):** The Company has a Business Continuity Management (BCM) framework to ensure resilience and continuity of key products and services at minimum acceptable level to achieve business-as usual presence in the market place and safety of human resources. The Company regularly tests its disaster recovery plans and updates its business continuity plans to better integrate evolving risks and the findings of its testing programs. As part of the BCM framework, business impact analysis and risk assessment is conducted to assess the likely impact on the Company's business processes due to adverse events like, natural disaster, pandemic, technical disruption like cyber-attack, administrative decisions like lockdown, etc. The Company has been accredited with the ISO 22301:2012 certification for the business continuity management systems. In the current situation of the COVID-19 pandemic, the Company has taken measures to ensure that its employees and customers are least impacted and the Company is able to serve or take care of them. The Company has been periodically reviewing the business continuity plan and updating it based on the learnings from the current situation of COVID-19 pandemic. The key BCM objectives and the framework are depicted below.

<p>Safety of personnel</p> <ul style="list-style-type: none"> • Disaster management protocol • Employee training and awareness • Assessment and testing 	<p>Availability of information</p> <ul style="list-style-type: none"> • Back-up for all critical information • Disaster recovery plan • Periodic testing 	<p>Continuity of critical processes</p> <ul style="list-style-type: none"> • Identify critical functions • Minimum resource defined • Business continuity plan testing 	<p>Crisis communication</p> <ul style="list-style-type: none"> • Employee level communication • Alternative locations/ transcript for customers • Inform regulator/ management
---	--	--	--

- vi. **Information and Cyber Security:** The Company has an information and cyber security framework that ensures all information assets are safeguarded by establishing comprehensive management processes throughout the organisation and business information is protected adequately through appropriate controls and proactive measures. The Company aims to reduce risks of unauthorized access, modification, sharing or destruction of data, service disruption. Access rights are role-based and a system-based authority matrix is used to govern the same. All IT applications are periodically assessed for security vulnerabilities. The Company has mechanism in place to monitor cyber security events to detect and respond to any threats to its network, application and infrastructure.

Regular risk assessment and audits conducted to validate controls

- h. **Reputation risk:** Reputation risk can be defined as the risk of negative opinion about the financial stability, service levels, integrity, transparency or any other aspect, in the minds of the stakeholders, resulting in a decline in business volumes and eventually impacting continuity of business.

The Company has defined a reputation risk framework and periodically monitors various parameters that could impact the reputation of the Company. The Company uses various approaches to manage reputation risk such as faster resolution of customer grievances, root cause analysis of complaints and identification of issues through proactive management of adverse feedbacks in the media.

Financial Statements

Management Report

for the year ended March 31, 2021

In accordance with the Insurance Regulatory and Development Authority (IRDA) (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations, 2002, and circulars/ guidelines issued by IRDAI thereafter the following Management Report is submitted for the financial year ended March 31, 2021:

1. CERTIFICATE OF REGISTRATION

The certificate of registration under Section 3 of the Insurance Act, 1938 granted by IRDAI on November 24, 2000 is valid at March 31, 2021 and as on the date of this report.

2. STATUTORY LIABILITIES/DUES

We hereby certify that all dues payable to the statutory authorities have been duly paid except those under dispute or disclosed under contingent liabilities in the notes to accounts forming part of the financial statements.

3. SHAREHOLDING PATTERN

We hereby confirm that the shareholding pattern of the Company has been in accordance with the statutory requirements. Further, during the year ended March 31, 2021 ICICI Bank Limited had sold 21,500,000 equity shares (1.50%) held in the Company, in the secondary market and at March 31, 2021 ICICI Bank's shareholding in the Company stands at 51.37%. There was no capital infusion by the promoters during the year.

The shareholding pattern is available in Schedule 5A which forms part of financial statements. Further, the shareholding pattern, in accordance with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 is disclosed quarterly, within 21 days of the end of quarter on the website of the Company at www.iciciprulife.com and that of the stock exchanges, i.e. www.nseindia.com and www.bseindia.com.

4. INVESTMENTS OUTSIDE INDIA

We hereby declare that no investments, directly or indirectly have been made outside India from the funds of the holders of policies issued in India.

5. SOLVENCY MARGIN

We hereby confirm that the Company has maintained adequate assets to cover both its liabilities and required solvency margin as prescribed under Section 64VA of the Insurance Act, 1938 and the IRDAI (Assets, Liabilities and Solvency Margin of Life Insurance Business) Regulations, 2016.

The actual solvency ratio as compared to required minimum solvency ratio of 150% is as below:

Particulars	March 31, 2021	March 31, 2020
Actual solvency ratio	216.8%	194.1%

6. VALUATION OF ASSETS IN THE BALANCE SHEET

We certify that the values of all assets have been reviewed on the date of the Balance Sheet and to best of our knowledge and belief the assets set forth in the Balance Sheets are shown in the aggregate at amounts not exceeding their realisable or market value under several headings – "Loans", "Investments", "Agents Balances", "Outstanding Premiums", "Interest, Dividend and Rents outstanding", "Interest, Dividends and Rents accruing but not due", "Amounts due from other persons or bodies carrying on insurance business", "Sundry Debtors", "Cash" and items specified under "Other Assets" except debt securities held in non-linked and shareholder funds.

As required by IRDAI (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations 2002, all debt securities and redeemable preference shares made from Policyholders' non-linked funds and Shareholders' funds are considered as 'held to maturity' and accordingly measured at historical cost, subject to amortisation of premium or accretion of discount.

The book value and the market value of these investments is as follows:

Particulars	March 31, 2021		March 31, 2020	
	Balance Sheet value	Market Value	Balance Sheet value	Market value
Debt investments in non-linked and shareholder funds	627,119,142	646,555,086	448,637,066	473,608,857
Total investments in non-linked and shareholder funds	736,627,152	756,063,097	541,712,211	566,684,002

(₹ '000)

7. APPLICATION AND INVESTMENTS OF LIFE INSURANCE FUNDS

We certify that no part of the life insurance fund has been directly or indirectly applied in contravention of the provisions of the Insurance Act, 1938 as amended from time to time relating to the application and investments of the life insurance funds and all investments made are in accordance in with IRDAI (Investment) Regulations, 2016 and orders/ directions issued by IRDAI thereafter.

8. OVERALL RISK EXPOSURE AND STRATEGY ADOPTED TO MITIGATE THE SAME

The Company recognises that risk is an integral element of the business and managed acceptance of risk is essential for generating shareholder value. The risk governance structure of the Company consists of the Board, the Board Risk Management Committee (BRMC), the Executive Risk Committee (ERC) and its sub-committees. The risk philosophy of the Company is outlined in the Board approved risk policy which is reviewed by the Board

at least annually. The Board risk policy details identification, measurement, monitoring and control standards relating to various individual risks, namely investment (market, credit and liquidity), insurance, operational (including legal, compliance, outsourcing, business continuity, information and cyber security) and reputation. The Board periodically reviews the potential impact of strategic risks such as changes in macro-economic factors, government policies, regulatory environment and tax regime on the business plan of the Company.

In addition to these risks, the life insurance industry faces a number of emerging risks. Even as the ongoing COVID-19 pandemic continues to pose several challenges for life insurers, there are new risks related to ESG (environmental, social and governance) issues. For the Company, governance, ethics and sustainability are the overall responsibility of the Board, with its Committees playing key roles in identifying, mitigating and managing ESG risks and other material issues. One of the most prominent ESG risks is that of climate change and its potentially far-reaching consequences. There is currently a lot of uncertainty about the impact of climate change and the Company has started working to better understand and address the potential impacts on its business. Apart from climate change, there are emerging risks associated with public health trends such as increase in obesity related disorders and demographic changes such as population urbanisation and ageing. The risk management framework of the Company seeks to identify, measure and control its exposures to all these risks within its overall risk appetite. The key aspects of the Company's risk management framework have been outlined below. Further information on the Company's approach to risk management has been set out in the sections on 'Enterprise Risk Management' and 'Risks and Opportunities' of this Report.

8.1. Investment risk

Investment risk is the risk arising out of variations in the level or volatility of market prices of assets and financial instruments, including the risk arising from any mismatch between assets and liabilities, due to external market and economic factors. The Company faces limited liquidity risk due to the nature of its liabilities. The key mitigation approaches for this risk are as follows:

- (a) Product approval process: Launching new products can significantly alter the risk profile of the Company's Balance Sheet. Investment risks inherent in new products or significant modifications to existing products are identified at product design stage and products are launched only after approval by the ERC.
- (b) Asset Liability Management (ALM): The Company has detailed Investment Specifications that govern the investment strategy and limits for each fund depending on the profile of the liability backed by those assets. For each category of products, the Investment Specifications define limits to permissible exposures to various asset classes, duration guidelines for fixed income instruments and minimum investment in liquid assets. The Company also uses derivatives to hedge interest rate risk.

- (c) Exposure limits have been defined for companies, groups and industries in accordance with regulatory guidelines and the Company's internal Investment Policy. The Company restricts investments primarily to securities rated AA and above.

- (d) The Company has a liquidity contingency plan in place.

8.2. Insurance Risk

Insurance risk is the risk arising because of variance to the best estimate or because of random fluctuations in the frequency, size and timing of insurance liabilities. Insurance risk comprise the following components: mortality, morbidity, persistency and expense risk. These risks are mitigated through the following:

- (a) Product approval process: Insurance risks inherent in the new products or significant modifications to existing products are identified at product design stage and products are launched only after approval by the ERC. The Company, in its product design, incorporates product features and uses appropriate policy wordings to mitigate insurance risk.
- (b) Reinsurance: The Company uses appropriate reinsurance arrangements, including catastrophe reinsurance, to manage insurance risk. The arrangements are with select and financially sound reinsurers. The Company's reinsurance exposures are considered and approved by the ERC periodically.
- (c) Underwriting and claims controls: Underwriting and claims policies and procedures are in place to assess and manage mortality and morbidity risks. The Company seeks to minimise these risks by diversifying its business portfolio and adhering to appropriate and segmented underwriting norms. The Company conducts periodic reviews of both underwriting and claims procedures.
- (d) Experience analysis: The Company conducts its experience analysis regularly to ensure that corrective action can be initiated at the earliest opportunity and that assumptions used in product pricing, reserving and embedded value reporting are in line with the experience. The Company actively monitors its claims experience, persistency levels and expense ratios. In the current situation of COVID-19 pandemic, the Company has been closely monitoring the overall mortality experience including the deaths on account of COVID-19. The Company has been holding additional provisions towards potential COVID-19 claims and adequacy of this reserve has been continually assessed, in line with the claims experience.
- (e) Aligning key performance indicators: The Company uses appropriate key performance indicators for different levels of hierarchy in sales and operations to align interests and ensure adequate focus on insurance risk especially, persistency and expense.

8.3. Operational risk

Operational risk is the risk of loss, resulting from inadequate or failed internal processes, people and systems, or from external events.

The Company uses the following approaches to manage the operational risk:

- (a) The Company develops and monitors mitigation plans for high risk items identified through the Risk and Control Self-Assessment (R&CSA) conducted by each business function, through analysis of, loss events and/review of audit findings.
- (b) The Company continuously monitors internal loss events and ensures adequate mitigation for material impact events to avoid recurrence of such instances
- (c) The Company actively promotes a risk awareness culture by improving understanding through communication and education amongst management, employees, contractors and vendors. It further engages with law enforcement agencies to create awareness on various insurance frauds and emerging issues
- (d) **Fraud Management:** The Company follows both a proactive and reactive approach to manage fraud. Proactive management is done by using triggers to identify suspected frauds and through random sample checks. Reactive management is done through incident management. Investigation is done for identification of process or system failures and identification of responsible internal or external parties. The Company ensures implementation of controls to prevent recurrence of such incidents, financial recovery process whenever applicable and disciplinary action against involved employees in accordance with the Company's Code of Conduct. It also initiates actions through law enforcement authorities based on severity of incidents.
- (e) **Outsourcing Risk:** Processes of the Company are outsourced as permitted under the regulatory guidelines. The Company carries out required due-diligence for any new activity or vendor empanelment and annual assessment of outsourced vendors.
- (f) **Business Continuity Management (BCM):** The Company has a BCM framework to ensure resilience and continuity of key products and services at a minimum acceptable level to achieve business-as usual presence in the market place and safety of human resources. This includes systems and processes for management of risk including use of disaster recovery sites and business continuity plans for critical processes which are being tested periodically. The Company has also been periodically reviewing the business continuity plan and updating it based on the learnings from the current

situation of the COVID-19 pandemic. Based on the business continuity practices followed, the Company has been awarded certification under ISO 22301: 2012 standard.

- (g) **Information and cyber security:** The Company has an information and cyber security framework that ensures all information assets are safeguarded by establishing comprehensive management processes throughout the organisation. The Company's controls include deployment of security solutions like firewall, intrusion prevention system, anti-malware solutions and dynamic URL(Uniform Resource Locator) filtering. Further a program for vulnerability assessment of critical information technology applications and infrastructure. The Company has been periodically reviewing the business continuity plan and updating it based on the learnings from the current situation of the COVID-19 pandemic.
- (h) The Company has a whistle-blower policy that facilitates reporting of observed breaches. Depending on the nature and seriousness of non-compliant behavior, the Company may take corrective actions against the erring employees as laid down in its Code of conduct.

8.4. Reputation risk

Reputation risk is defined as the risk of negative opinion about the financial stability, service levels, integrity, transparency or any other aspect, in the minds of the stakeholders, resulting in a decline in business volumes which eventually impact continuity of business. The Company has a framework in place for managing reputation risk and periodically monitors various parameters that could impact the reputation of the Company.

9. OPERATIONS ABROAD

The Company has one representative office in Dubai, United Arab Emirates. This representative office does not contract liability overseas and all the policies are underwritten and issued in India.

10. CLAIMS

The average time taken by the Company from the date of submission of the final requirement by the claimant to despatch of claim payment, in respect of mortality and morbidity claims, was as follows:

Period	Average time taken for claim settlement (in days)
FY 2021	5
FY 2020	5
FY 2019	4
FY 2018	3
FY 2017	4
FY 2016	5

The ageing of claims registered and not settled at March 31, 2021 has been detailed herein below:

Linked business:

(₹ in lacs)

Period	Up to 30 days		Greater than 30 days and up to 6 months		Greater than 6 months and up to 1 year		Greater than 1 year and up to 5 years		Greater than 5 years	
	No. of claims	Amount	No. of claims	Amount	No. of claims	Amount	No. of claims	Amount	No. of claims	Amount
FY2021	336	366	77	80	6	1	2	4	-	-
FY2020	217	457	58	219	4	13	1	18	1	5
FY2019	251	333	36	131	1	1	2	39	-	-
FY2018	213	184	31	89	-	-	2	18	-	-
FY2017	249	179	46	103	-	-	-	-	-	-
FY2016	412	271	107	241	-	-	-	-	1	9

Non Linked business:

(₹ in lacs)

Period	Up to 30 days		Greater than 30 days and up to 6 months		Greater than 6 months and up to 1 year		Greater than 1 year and up to 5 years		Greater than 5 years	
	No. of claims	Amount	No. of claims	Amount	No. of claims	Amount	No. of claims	Amount	No. of claims	Amount
FY2021	1,414	4,675	1,908	8,933	395	1,145	118	157	3	149
FY2020	3,284	3,474	1,405	4,646	271	797	27	95	4	177
FY2019	643	979	256	2,053	3	23	9	98	2	139
FY2018	44	638	26	1,155	1	26	7	633	-	-
FY2017	29	104	23	881	3	26	2	81	-	-
FY2016	39	472	18	181	-	-	5	154	-	-

Claims which have remained unpaid for greater than 6 months are due to lack of proof of title or pending receipt of necessary documentation from the customer.

11. VALUATION OF INVESTMENTS

11.1. Other than unit linked and Shareholders' funds

We hereby certify that as prescribed under the IRDAI (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations 2002 and orders/ directions issued by IRDAI thereafter, all debt securities including government securities and redeemable preference shares made from Policyholders' non-linked funds and Shareholders' funds are considered as 'held to maturity' and accordingly measured at historical cost, subject to amortisation of premium or accretion of discount over the remaining period of maturity/holding based on Yield to Maturity (effective interest rate method).

Money market instruments are valued at historical cost, subject to accretion of discount over the remaining period till maturity based on effective interest rate method.

Listed equity shares and equity exchange traded funds (ETF) at the Balance Sheet date are stated at fair value being the last quoted closing price on the National Stock Exchange of India Limited ('NSE') (in case the securities are not listed on NSE, the last quoted closing price on the BSE Limited ('BSE') is used). Unlisted equity shares are stated at historical cost. Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the Company retains all the associated risks and rewards of these securities.

Mutual fund units are valued based on previous days' net asset values. Unrealised gains/losses arising due to changes in the fair value of listed equity shares, equity exchange traded funds and mutual fund units are taken to the "Fair Value Change Account" in the Balance Sheet.

Investment property is held to earn rental income or for capital appreciation and is not occupied by the Company. Investment property is initially valued at cost including any directly attributable transaction costs. Investment property is revalued at least once in every three years. The change in carrying amount of investment property is taken to "Revaluation reserve" in the Balance Sheet.

Investments in venture fund units are valued at historical cost.

Investments in reverse repo and tri-party repo are valued at cost plus interest accrued on reverse repo rate.

Fixed deposits with banks are valued at cost.

Forward Rate Agreement (FRA) contracts are valued at the difference between the market value of underlying bond at the spot reference yield taken from the SEBI approved rating agency and present value of the contracted forward price of underlying bond including present value of intermediate coupon inflows from valuation date till FRA contract settlement date, discounted by the INR-Overnight Index Swap (OIS) rate curve.

11.2. Linked investments

We certify that the investments in linked business are valued on mark-to-market basis.

Central and State government securities are valued as per the valuation price provided by CRISIL Limited ('CRISIL').

Debt securities other than government securities with a residual maturity over 182 days are valued on a yield to maturity basis, by using spreads over the benchmark rate (based on the matrix released by CRISIL on a daily basis) to arrive at the yield for pricing the security.

Debt securities with a residual maturity upto 182 days are valued at last valuation price plus the difference between the redemption value and last valuation price, based on effective interest rate method over the remaining term of the instrument (based on the matrix released by CRISIL on daily basis).

Money market instruments are valued at historical cost, subject to accretion of discount over the period of maturity/holding based on effective interest rate method.

Listed equity shares, preference shares and equity ETFs are valued at market value, being the last quoted closing price on the NSE (in case of securities not listed on NSE, the last quoted closing price on the BSE is used). Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the Company retains all the associated risks and rewards of these securities.

Mutual fund units are valued based on previous days' net asset value. Venture fund units are valued at the latest available net asset value of the respective fund.

Securities with call option are valued at the lower of the value as obtained by valuing the security upto the final maturity date or the call option date. In case there are multiple call options, the security is valued at the lowest value obtained by valuing the security at various call dates or upto the final maturity date (based on the matrix released by CRISIL on a daily basis).

Securities with put option are valued at the higher of the value as obtained by valuing the security upto the final maturity date or the put option date. In case there are multiple put options, the security is valued at the highest value obtained by valuing the security at various put dates or upto the final maturity date (based on the matrix released by CRISIL on a daily basis).

Securities with both put and call option on the same day would be deemed to mature on the put/call date and would be valued on a yield to maturity basis, by using spreads over the benchmark rate based on the matrix released by CRISIL on a daily basis.

Investments in reverse repo and tri-party repo are valued at cost plus interest accrued on reverse repo rate.

Unrealised gains and losses are recognised in the Revenue account as prescribed by IRDAI (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002.

Fixed deposits with banks are valued at cost.

12. REVIEW OF ASSET QUALITY AND PERFORMANCE OF INVESTMENTS

All investments are made in accordance with the regulatory norms, Investment Policy, fund objectives of unit linked funds, asset liability management guidelines and risk profile of the respective fund.

12.1. Asset composition

The portfolio mix of assets of the Company at March 31, 2021 is as follows:

Asset class	Linked funds	Non-Linked funds	Shareholders' funds	Total	Amount (₹ billion)
Equity shares ^	62.1%	13.0%	19.7%	45.0%	964.83
Government securities	15.3%	61.0%	42.2%	30.5%	654.20
Debentures and bonds*	11.3%	19.4%	20.8%	14.2%	304.15
Money market instruments	10.1%	3.2%	8.7%	8.0%	170.47
Fixed deposits	0.1%	0.5%	2.6%	0.4%	7.87
Loan against policies	-	1.0%	-	0.3%	6.63
Investment property	-	0.1%	3.8%	0.2%	4.76
Net current assets and other investments	1.1%	1.7%	2.3%	1.4%	29.28
Total	1,385.49	653.61	103.08	100.0%	2,142.18
Fund mix (%)	64.7%	30.5%	4.8%	100.0%	

Note: Total may not tie up with the sum of individual numbers due to rounding off

^ includes investment in equity exchange traded funds, convertible preference shares and subsidiary

* includes non-convertible preference shares

The Company has a diversified portfolio spread across various asset classes, companies, groups and industries. Investments in equity and related instruments are made with the objective of long term capital appreciation to deliver superior long-term returns. 72.6% of the investment in equity shares are held in companies forming part of Nifty 50 and 99.1% in companies forming part of Nifty 500 index.

At March 31, 2021, 96.8% of assets in the fixed income portfolio (including money market instruments) are in highest credit rated securities (Sovereign/AAA or equivalent) and 99.5% are in securities rated AA and above. 100% of the money market instruments have sovereign/A1+ or equivalent rating. The Company does not hold any non-performing assets in its debt portfolio.

12.2. Fund performance

Linked funds

The fund performance of linked funds, which have completed three years and with an asset size of over ₹ 5.00 billion, for one year and trailing three years is as follows:

14. MANAGEMENT RESPONSIBILITY STATEMENT

The Management confirms that:

- 1) In the preparation of financial statements, the applicable accounting standards, principles and policies are followed along with proper explanations relating to material departures, if any;
- 2) The management has adopted accounting policies and applied them consistently and made judgements and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the operating profit and of the profit of the Company for the year;
- 3) The management has taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the applicable provisions of the Insurance Act, 1938 and Companies Act, 2013 to the extent applicable, for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- 4) The management has prepared the financial statements on a going concern basis;
- 5) The management has ensured that an internal audit system commensurate with the size and nature of the business exists and is operating effectively.

Independent Auditor's Report

To the Members of
ICICI Prudential Life Insurance Company Limited

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

OPINION

We have audited the accompanying standalone financial statements of ICICI Prudential Life Insurance Company Limited (the "Company"), which comprise the Balance Sheet as at 31 March 2021, the Revenue Account (also called the "Policyholders' Account" or the "Technical Account"), the Profit and Loss Account (also called the "Shareholders' Account" or the "Non-Technical Account") and the Receipts and Payments Account for the year then ended, and notes to standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required in accordance with the Insurance Act, 1938 (the "Insurance Act"), the Insurance Regulatory and Development Authority Act, 1999 (the "IRDA Act"), the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations, 2002 (the "IRDA Financial

Statements Regulations"), orders/ directions/circulars issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") and the Companies Act, 2013 (the "Act"), to the extent applicable, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Accounting Standards prescribed under section 133 of the Act, to the extent applicable, of the state of affairs of the Company as at 31 March 2021, its net surplus, its profit and its receipts and payments for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters below to be the key audit matters to be communicated in our report.

Information Technology (IT) systems

Key audit matter	How our audit has addressed the key audit matter
<p>The Company is highly dependent on information systems and controls to process and record large volume of transactions, such that there exists a risk that gaps in the IT control environment could result in the financial accounting and reporting records being materially misstated.</p> <p>In addition, due to the COVID-19 situation, IT systems have been made accessible to employees on a remote basis which has resulted in increasing challenges around the data protection.</p> <p>Due to the pervasive nature, complexity and importance of the impact of the IT systems and related control environment on the Company's financial reporting process, we have identified testing of such IT systems and related control environment as a key audit matter for the current year audit.</p>	<p>We have involved our IT specialists in our assessment of the IT systems and controls over financial reporting, which included carrying out the following key audit procedures:</p> <ul style="list-style-type: none"> Understood General IT Controls (GITC) over key financial accounting and reporting systems (referred to as "in-scope systems") which covered access controls, program/ system changes, program development and computer operations i.e. job processing, data/ system backup and incident management; Understood the IT infrastructure i.e. operating systems and databases and related data security controls in remote working scenario due to COVID-19; Tested controls over IT infrastructure covering user access including privilege users and system changes; Evaluated design and operating effectiveness for in-scope systems and application controls which covered segregation of duties, system interfaces, completeness and accuracy of data feeds and system reconciliation controls;

Key audit matter	How our audit has addressed the key audit matter
	<ul style="list-style-type: none"> Evaluated policies and strategies adopted by the Company in relation to operational security of key information infrastructure, data and client information management and monitoring and crisis management; and Assessed whether controls have remained unchanged during the year or were changed after considering controls around change management process.

Valuation of Investments (31 March 2021: INR 2,122,118,584, 31 March 2020: INR 1,512,561,978) (INR in Thousand)

Refer Schedule 8,8A and 8B of the standalone financial statements and refer schedule 16 note 2.12 on accounting policy

Key audit matter	How our audit has addressed the key audit matter
<p>The Company’s investment portfolio consists of Policyholders investments (unit linked and non-linked) and Shareholders investments. The Company’s investment portfolio represents 99 percent of the Company’s total assets as at 31 March 2021. The investments are valued in accordance with the accounting policy framed as per Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016 (the “Investment Regulations”) issued by IRDAI and / or policies approved by the Board of Directors of the Company (collectively ‘the accounting policy’).</p> <p>Investments in unit linked portfolio of INR 1,385,491,431 thousand are valued based on observable inputs as per their accounting policy and gains/losses are recognized in Revenue account. These unit linked portfolio investments do not represent an area of higher risk of material misstatement, however, are considered as a key audit matter due to their materiality to the standalone financial statements.</p> <p>Investments in non-linked and shareholders portfolio of INR 736,627,153 thousand are valued as per their accounting policy, basis which:</p> <ul style="list-style-type: none"> the unrealized gains/ losses arising due to changes in fair value of listed equity shares and mutual fund units are taken to the “Fair Value Change Account” in Balance Sheet; and debt securities and unlisted equity shares are valued at historical cost. <p>Further, these investments in the non-linked and shareholders portfolio are assessed for impairment as per the Company’s investment policy which involves significant management judgement.</p> <p>Further, there may be increased economic stress in various sectors due to the COVID-19 pandemic and which may have an impact on the valuation of investments, which is relevant in undertaking impairment assessment.</p> <p>Hence, the valuation of investments (including impairment assessment) was considered to be one of the areas which would require significant auditor attention and one of the matter of most significance in the standalone financial statements.</p>	<p>We have carried out the following key audit procedures:</p> <ul style="list-style-type: none"> Understood the Company’s process and tested the controls on the valuation of investments; Tested the design, implementation and operating effectiveness of key controls over the valuation process, including the Company’s assessment and approval of estimates and assumption used for valuation including key authorization and data input controls thereof; Assessed valuation methodologies with reference to Investment Regulations issued by IRDAI and the Company’s own Board approved valuation policy; For selected samples of listed investments, performed independent price checks using external quoted prices and by agreeing the inputs which were used in the Company’s valuation techniques to external data; For selected samples of cost measured investments, we have tested Company’s assessment of impairment and evaluated whether the same was in accordance with the Company’s impairment policy; and Evaluated how the Company has factored in the impact of COVID-19 disruptions in the investment valuation process (including impairment assessment).

INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITOR’S REPORT THEREON

The Company’s management and Board of Directors are responsible for the other information. The other information comprises the Management Report, Director’s Report, Corporate Governance, Management Discussion and Analysis and Enterprise Risk Management included in the Company’s Annual Report, but does not include the standalone financial statements and the auditor’s report thereon. Our opinion on the standalone financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT'S AND BOARD OF DIRECTORS RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, net surplus/deficit, profit/loss and receipts and payments of the Company in accordance with the accounting principles generally accepted in India, including the provisions of the Insurance Act, the IRDA Act, the IRDA Financial Statements Regulations and orders/directions/circulars issued by the IRDAI in this regard and Accounting Standards specified under section 133 of the Act, to the extent applicable. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to the financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTER

The actuarial valuation of liabilities for life policies in force and policies in respect of which premium has been discontinued but liability exists as at 31 March 2021 is the responsibility of the Company's Appointed Actuary (the "Appointed Actuary"). The actuarial valuation of these liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists as at 31 March 2021 has been duly

certified by the Appointed Actuary and in her opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by the IRDAI and the Institute of Actuaries of India in concurrence with the Authority. Accordingly, we have relied upon the Appointed Actuary's certificate in this regard for forming our opinion on the valuation of liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists in the standalone financial statements of the Company. Our opinion is not modified in this respect of this matter.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by IRDA Financial Statements Regulations, we have issued a separate certificate dated 19 April 2021 certifying the matters specified in paragraphs 3 and 4 of Schedule C to the IRDA Financial Statements Regulations.
2. As required by the IRDA Financial Statements Regulations read with Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) As the Company's financial accounting system is centralized, no returns for the purpose of our audit are prepared at the branches and other offices of the Company;
 - d) The standalone balance sheet, the standalone revenue account, the standalone profit and loss account and the standalone receipts and payment account dealt with by this Report are in agreement with the books of account;
 - e) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards prescribed under Section 133 of the Act, to the extent not inconsistent with the accounting principles prescribed in the IRDA Financial Statements Regulations and orders/ directions/ circulars issued by IRDAI in this regard;
 - f) In our opinion and to the best of our information and according to the explanations given to us, investments have been valued in accordance with the provisions of the Insurance Act, the IRDA Financial Statements Regulations and orders/ directions/ circulars issued by IRDAI in this regard;
 - g) In our opinion, the accounting policies selected by the Company are appropriate and are in compliance with the Accounting Standards specified under Section 133 of the Act, to the extent

they are not inconsistent with the accounting principles as prescribed in the IRDA Financial Statements Regulations and orders/directions/circulars issued by the IRDAI in this regard;

- h) On the basis of written representations received from the directors as on 31 March 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act;
- i) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A";
- j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Schedule 16 note 3.46 to the standalone financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Schedule 16 note 3.47 to the standalone financial statements;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company; and
 - iv. The disclosures in the standalone financial statements regarding holdings as well as dealings in specified bank notes is not applicable to the Company – Refer Schedule 16 note 3.50 to the standalone financial statements.
- k) With respect to the matter to be included in the Auditor's Report under section 197(16), in our opinion and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act read with Section 34A of the Insurance Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act read with Section 34A of the Insurance Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure A

TO THE INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF ICICI PRUDENTIAL LIFE INSURANCE COMPANY LIMITED FOR THE YEAR ENDED 31 MARCH 2021

REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE AFORESAID STANDALONE FINANCIAL STATEMENTS UNDER CLAUSE (i) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013

(Referred to in paragraph 2(i) under "Report on Other Legal and Regulatory Requirements" section of our report of even date)

In conjunction with our audit of the standalone financial statements of ICICI Prudential Life Insurance Company Limited (the "Company") as of and for the year ended 31 March 2021, we have audited the internal financial controls with reference to the standalone financial statements of the Company as of that date.

MANAGEMENT'S AND BOARD OF DIRECTORS RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under Insurance Act, 1938 (the "Insurance Act"), the Insurance Regulatory and Development Authority Act, 1999 (the "IRDA Act"), the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations, 2002 (the "IRDA Financial Statements Regulations"), orders/ directions/circulars issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") and the Companies Act, 2013 (the "Act"), to the extent applicable.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

A Company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to

standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to the standalone financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

OTHER MATTER

The actuarial valuation of liabilities for life policies in force and policies in respect of which premium has been discontinued but liability exists as at 31 March 2021 has been certified by the Appointed Actuary as per the IRDA Financial Statements Regulations, and has been relied upon by us, as mentioned in "Other Matter" of our audit report on the standalone financial statements for the year ended 31 March 2021. Accordingly, our opinion on the internal financial controls with reference to the standalone financial statements does not include reporting on the design and operating effectiveness of the management's internal controls over the valuation and accuracy of the aforesaid actuarial valuation. Our opinion is not modified in respect of the above matter.

Independent Auditor's Certificate

Independent Auditor's Certificate referred to paragraph 1 under 'Report on Other Legal and Regulatory Requirements' forming part of the Independent Auditor's Report dated 19 April 2021

To,
The Members of,
ICICI Prudential Life Insurance Company Limited

- This certificate is issued in accordance with the terms of our joint engagement letter dated 20 July 2020 with ICICI Prudential Life Insurance Company Limited (the "Company").
- This certificate is issued to comply with the provisions of paragraphs 3 and 4 of Schedule C read with regulation 3 of the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations 2002, (the "IRDA Financial Statements Regulations").

MANAGEMENT'S RESPONSIBILITY

- The Company's Board of Directors is responsible for complying with the provisions of The Insurance Act, 1938 (amended by the Insurance Laws (Amendment) Act 2015) (the "Insurance Act"), the Insurance Regulatory and Development Authority Act, 1999 (the "IRDA Act"), the IRDA Financial Statements Regulations, orders/directions/circulars issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") which includes the preparation and maintenance of books of accounts and Management Report. This includes collecting, collating and validating data and designing, implementing and monitoring of internal controls suitable for ensuring the aforesaid and applying an appropriate basis of preparation that are reasonable in the circumstances and providing all relevant information to the IRDAI.

AUDITOR'S RESPONSIBILITY

- Pursuant to the requirements of the IRDA Financial Statements Regulations, it is our responsibility to obtain reasonable assurance and form an opinion based on our audit and examination of books of accounts and other records maintained by the Company as to whether the Company has complied with the matters contained in paragraphs 3 and 4 of Schedule C read with Regulation 3 of IRDA Financial Statements Regulations as of and for the year ended 31 March 2021.
- We conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) (the "Guidance Note") issued by ICAI. The Guidance Note requires that we comply with the independence and other ethical requirements of the Code of Ethics issued by the ICAI.
- We have complied with the relevant applicable requirements of the Standard on Quality Control ("SQC") 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

OPINION

- In accordance with information and explanations given to us and to the best of our knowledge and belief and based on our audit and examination of the books of account and other records maintained by the Company for the year ended 31 March 2021, we certify that:
 - We have reviewed the Management Report attached to the standalone financial statements for year ended 31 March 2021, and on the basis of our review, there is no apparent mistake or material inconsistencies in the Management Report read with the standalone financial statements;
 - Based on management representations and compliance certificates submitted to the Board of Directors by the officers of the Company charged with compliance and the same being noted by the Board, nothing has come to our attention that causes us to believe that the Company has not complied with the terms and conditions of registration as stipulated by the IRDAI;
 - We have verified the cash balances as at 31 March 2021, to the extent considered necessary, with the books of accounts by actual inspection or management certificates received. For securities relating to the Company's loans and investments as at 31 March 2021, we have verified the confirmations received from the Custodian/ Depository Participants appointed by the Company or from counterparties, with the books of accounts, as the case may be. As at 31 March 2021, the Company does not have reversions and life interests;
 - The Company is not the trustee of any trust; and
 - No part of the assets of the Policyholders' Funds has been directly or indirectly applied in contravention to the provisions of the Insurance Act relating to the application and investments of the Policyholders' Funds.

RESTRICTION ON USE

- This certificate is issued at the request of the Company, solely for inclusion in the annual accounts of the Company in order to comply with the provisions of paragraphs 3 and 4 of Schedule C read with regulation 3 of the IRDA Financial Statements Regulations and is not intended to be and should not be used for any other purpose without our prior consent. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose.

Independent Auditor's Certificate

Independent Auditor's Certificate in accordance with Schedule I(B)(11)(d) of the Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016 dated 1 August 2016.

To
The Board of Directors
ICICI Prudential Life Insurance Company Limited
ICICI Prulife Towers
1089, Appasaheb Marathe Marg
Prabhadevi
MUMBAI 400 025

1. This certificate is issued in accordance with terms of our joint engagement letter dated 20 July 2020 with ICICI Prudential Life Insurance Company Limited (the "Company"), wherein as per the requirements of the Schedule I(B)(11)(d) to the Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016 dated 1 August 2016 (the "Regulations"), we are required to issue a certificate regarding the application of the Net Asset Value ("NAV") for applications received on 31 March 2021.

MANAGEMENT'S RESPONSIBILITY

2. The preparation and maintenance of all accounting and other relevant supporting records and documents is the responsibility of the management of the Company. This responsibility includes the design, implementation and maintenance of internal controls relevant to the application of NAV for applications received on 31 March 2021.
3. The Management is also responsible for ensuring that the Company complies with the requirements of the Regulations and provide all relevant information to Insurance Regulatory and Development Authority of India.

AUDITOR'S RESPONSIBILITY

4. Pursuant to the requirements of this certificate, our responsibility is to provide reasonable assurance as to whether:
 - (a) The applications received on 31 March 2021 upto 3.00 p.m. have been stamped and processed with NAV of 31 March 2021;
 - (b) The applications received on 31 March 2021 after 3.00 p.m. have been stamped and processed with NAV of 1 April 2021; and
 - (c) The Company has declared NAV for 31 March 2021 which is a business day, on a basis consistent with its accounting policies as disclosed in its audited standalone financial statements for the year ended 31 March 2021.

5. We have jointly audited the standalone financial statements of the Company as of and for the financial year ended 31 March 2021, on which we issued an unmodified audit opinion vide our audit report dated 19 April 2021. Our audit of these standalone financial statements was conducted in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India (the "ICAI"). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free of material misstatement. Our audit was not planned and performed in connection with any transactions to identify matters that may be of potential interest to third parties.
6. In this connection, we have performed the following procedures:
 - (a) Obtained the list of applications for New business, Renewal premium, Top up, Surrender, Freeloop cancellation, Fund switches, Withdrawal and Partial withdrawal received in respect of Unit linked products on 31 March 2021 (together referred to as "Application Forms") from the Company;
 - (b) Selected samples of Application Forms from listing mentioned in paragraph 6(a) above and verified whether:
 - i) The applications received on 31 March 2021 upto 3.00 p.m. have been appropriately stamped and processed with NAV of 31 March 2021;
 - ii) The applications received on 31 March 2021 after 3.00 p.m. have been appropriately stamped and processed with NAV of 1 April 2021; and
 - iii) The NAV applied for applications received on 31 March 2021 is traced to the respective NAV declared by the Company.
 - (c) We have read the certificate dated 8 April 2021 of the Concurrent auditor of the Company, M/s. Majithia & Associates, Chartered Accountants which has been furnished to us certifying compliance with Regulation 5 of Schedule I(B); and
 - (d) Obtained representation from the Management that the Company has declared 31 March 2021 as a business day for accepting Application Forms and that it has declared NAV for 31 March 2021.

7. We conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) (the "Guidance Note") issued by the ICAI. The Guidance Note requires that we comply with the independence and other ethical requirements of the Code of Ethics issued by the ICAI.
8. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

OPINION

9. Based on the procedures performed by us, as mentioned in paragraph 6 above, according to the information and explanations provided to us and representations by the Company's management, we report that:

SCHEDULE: 16

Significant accounting policies and notes forming part of the standalone financial statements for the year ended March 31, 2021

1. Corporate Information

ICICI Prudential Life Insurance Company Limited ('the Company'), promoted by ICICI Bank Limited and Prudential Corporation Holdings Limited, incorporated on July 20, 2000 as a Company under the Companies Act, 2013 ('the Act'). The Company is licensed by the Insurance Regulatory and Development Authority of India ('IRDAI') for carrying life insurance business in India. The license is in force as at March 31, 2021. The equity shares of the Company are listed on the National Stock Exchange of India (NSE) and The BSE Limited (BSE).

The Company carries on business of providing life insurance, pensions and health insurance products to individuals and groups. Riders providing additional benefits are offered under some of these products. The business is conducted in participating, non-participating and unit linked lines of businesses. These products are distributed through individual agents, corporate agents, banks, brokers, the Company's proprietary sales force and the Company website.

2. Summary of significant accounting policies

2.1. Basis of preparation

The accompanying standalone financial statements are prepared and presented under the historical cost convention, unless otherwise stated, and on accrual basis of accounting, in accordance with accounting principles generally accepted in India (Indian GAAP). The company has prepared the standalone financial statements in compliance with the accounting standards notified under section 133 of the Companies Act 2013, to the extent applicable and in accordance with the provisions of the Insurance Act, 1938, Insurance Regulatory and Development Authority Act, 1999, the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations, 2002 and various orders/directions/circulars issued by the IRDAI and the practices prevailing within the insurance industry in India. Accounting policies applied have been consistent with previous year.

The management evaluates all recently issued or revised accounting pronouncements on an ongoing basis.

2.2. Use of estimates

The Company's management makes estimates and assumptions that affect the reported amounts of income and expenses for the year, reported balances of assets and liabilities, and disclosures relating to contingent liabilities as on the date of the financial statements. The estimates and assumptions used in the accompanying standalone financial statements are based upon management's evaluation of the relevant facts and circumstances as on the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively.

2.3. Revenue recognition

2.3.1. Premium income

Premium for non-linked policies is recognised as income (net of goods and service tax) when due from policyholders. For unit linked business, premium is recognised as income when the associated units are created. Premium on lapsed policies is recognised as income when such policies are reinstated.

Products having regular premium paying plans with limited premium payment term and/or pre-determined policy term are treated as regular business with due classification of premium into first year and renewal. Premium income on products other than aforesaid is classified as single premium.

Top up premiums are considered as single premium.

2.3.2. Reinsurance premium ceded

Reinsurance premium ceded is accounted in accordance with the terms and conditions of the relevant treaties with the reinsurer. Profit commission on reinsurance ceded is netted off against premium ceded on reinsurance.

2.3.3. Reinsurance premium accepted

Reinsurance premium accepted is accounted in accordance with the terms and conditions of the relevant treaties/arrangements with the insurer.

2.3.4. Income from investments

Interest income on investments is recognised on accrual basis. Amortisation of premium or accretion of discount on debt securities is recognised over the remaining term of such instruments on the basis of effective interest rate method.

Dividend income, in respect of other than unit linked business, is recognised when the right to receive dividend is established. Dividend income, in respect of unit linked business, is recognised on the 'ex-dividend date'.

Fees received on lending of equity shares under Securities Lending and Borrowing scheme (SLB) is recognised as income over the period of the lending on a straight-line basis.

Lease rentals on investment property is recognised on accrual basis and include only the realised rent and does not include any notional rent, as prescribed by IRDA (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002. Costs related to operating and maintenance of investment property are recognised as expense in the Revenue Account or Profit and Loss Account, when incurred.

Profit or loss on sale/redemption of debt securities for other than unit linked business is the difference between the sale consideration net of expenses and the weighted average amortised cost as on the date of sale. Profit or loss on sale/redemption of debt securities for unit linked business is the difference between the sale consideration net of expenses and the weighted average book cost as on the date of sale.

Schedules

forming part of financial statements (continued)

Profit or loss on sale/redemption of equity shares, equity exchange traded fund (ETF) and mutual fund units is the difference between the sale consideration net of expenses and the weighted average book cost as on the date of sale. In respect of other than unit linked business, the profit or loss also includes the accumulated changes in the fair value previously recognised in Balance Sheet as "Fair Value Change Account".

2.3.5. Income from unit linked policies

Income from unit linked policies, which includes fund management charges, policy administration charges, mortality charges and other charges, if any, are recovered from the unit linked funds in accordance with terms and conditions of policies issued and are recognised when due.

2.3.6. Fees and charges

Fees and charges include policy reinstatement fee and loan processing fee which are recognised on receipt basis.

Interest income on policy loans is also included in fees and charges which is recognised on an accrual basis.

2.4. Acquisition cost

Acquisition costs are costs that vary with and are primarily related to acquisition of insurance contracts. It consists of costs like commission, stamp duty, policy issuance, employee cost and other related costs pertaining to the acquisition of insurance contracts. These costs are expensed in the period in which they are incurred.

2.5. Employee benefits

2.5.1. Short term employee benefits

Employee benefits payable within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, bonuses, short term compensated absences and other non-monetary benefits are recognised in the period in which the employee renders the related service. All short term employee benefits are accounted on undiscounted basis.

2.5.2. Long term employee benefits: Post-employment

The Company has both defined contribution and defined benefit plans.

Defined contribution plan

Superannuation and National Pension Scheme- The Company has a defined contribution scheme for Superannuation and National Pension Scheme for employees who opt for it. The Superannuation scheme is managed by ICICI Prudential Life Insurance Company Limited Superannuation Scheme and the National Pension Scheme is managed and administered by pension fund management companies licensed by the Pension Funds Regulatory and Development Authority ('PFRDA'). The contributions made to both the schemes are on a monthly basis, when due, and charged to Revenue Account and Profit and Loss Account, as applicable. The Company does not have any further obligation beyond the contributions made to the funds.

Defined benefit plans

Gratuity and Provident fund are defined benefit obligations.

Gratuity: The gratuity benefit payable to the employees of the Company is as per the provisions of the Payment of Gratuity Act, 1972 or the Company's gratuity plan, whichever is higher. The gratuity liability of the Company is actuarially determined by an independent actuary at each Balance Sheet date using projected unit credit method.

The Company contributes towards net liabilities to ICICI Prudential Life Insurance Company Limited Employees' Group Gratuity Cum Life Insurance Scheme.

The Company recognises the net obligation of the Scheme in Balance Sheet as an asset or liability, respectively in accordance with Accounting Standard (AS) 15 (revised 2005), 'Employee benefits'. The discount rate used for estimation of liability is based on Government securities yield. Gain or loss arising from change in actuarial assumptions/experience adjustments is recognised in the Revenue account and Profit or Loss account for the period in which they emerge. Estimated rate of return on plan assets is based on the expected average long-term rate of return on investments of the Fund during the estimated term of the obligations.

Provident fund: The Company's defined benefit obligation towards interest rate guarantee on the exempt provident fund is actuarially determined by an independent actuary and measured in accordance with the Guidance Note (GN 29) on Valuation of Interest Rate Guarantees on Exempt Provident Funds under AS 15 (Revised) issued by The Institute of Actuaries of India. The contribution paid or payable is charged to the Revenue Account and Profit or Loss Account during the period in which the employee renders the related service.

2.5.3. Other long term employee benefits

Other long term employee benefits includes accumulated compensated absences that are entitled to be carried forward for future encashment or availment, at the option of the employee subject to the rules framed by the Company and includes long term retention incentive payable to employees on fulfilment of criteria prescribed the Company. The Company's liability towards accumulated compensated absences entitlement outstanding at the close of the year and long term retention incentive are determined actuarially, by an independent actuary using projected unit credit method and are recognised as a liability at the discounted present value of the obligation as at the Balance Sheet date. The Company assumes net liability for the above in accordance with AS-15 (Revised).

2.5.4. Employee share based payments

The Employee Stock Option Scheme ('the Scheme') provides that eligible employees are granted options to subscribe to equity shares of the Company which vest in a graded manner. The vested options may be exercised within a specified period.

Schedules

forming part of financial statements (continued)

The Company follows the intrinsic value method to account for its share-based employee compensation plans in accordance with the Guidance Note on Accounting for Employee Share based Payments, issued by the Institute of Chartered Accountants of India (ICAI). Intrinsic value is measured as the excess, if any, of the fair market price of the underlying stock over the exercise price on the grant date and amortised over the vesting period. The fair market price is the latest closing price, immediately prior to the grant date, on the stock exchange on which the shares of the company are listed. If the shares are listed on more than one stock exchange, then, the stock exchange where there is highest trading volume on the said date is considered.

2.6. Operating leases

Leases where the lessor effectively retains substantially all the risks and rewards of ownership are classified as operating leases. Payments made under operating lease including escalations are recognised as an expense, on a straight line basis, over the lease term in Revenue/ Profit and Loss Account over the non-cancellable lease term.

2.7. Borrowing costs

Borrowing costs are charged to the Profit and Loss Account in the period in which these are incurred.

2.8. Provision for doubtful debts

The Company regularly evaluates the probability of recovery and provides for doubtful deposits, advances and others receivables in accordance with the Company's policy which is in line with the IRDAI regulations.

2.9. Benefits paid

Benefits paid comprise of policy benefits and claim settlement costs, if any.

Death and rider claims are accounted for on receipt of intimation. Survival, maturity and annuity benefits are accounted when due. Withdrawals and surrenders under non linked policies are accounted on the receipt of intimation. Withdrawals and surrenders under unit linked policies are accounted in the respective schemes when the associated units are cancelled. Claim settlement cost, legal & other fees shall also form part of claim cost wherever applicable.

Reinsurance claims are accounted for in the period in which the claim is intimated.

Repudiated claims and other claims disputed before the judicial authorities are provided for on prudent basis as considered appropriate by the management.

2.10. Actuarial liability valuation

The actuarial liabilities are calculated in accordance with the accepted actuarial practice, requirements of Insurance Act, 1938, as amended from time to time, regulations notified by the Insurance Regulatory and Development Authority of India, relevant Guidance Notes and Actuarial Practice Standards of the Institute of Actuaries of India.

The prescribed method of valuation is the Gross Premium Valuation (GPV). The reserve held represents the net present value of benefits and expenses less premiums. The following is the broad method of the valuation:

- The reserves are calculated on a per policy basis.
- Any negative reserves are zeroised, so that a policy is not treated as an asset.
- The minimum value of reserves is the higher of the guaranteed surrender value, non- guaranteed surrender value and zero.

Valuation parameters are set prudently and include a margin for adverse deviation (MAD) as required under APS7 issued by Institute of Actuaries of India.

For linked business, unit liabilities are fully matched. A non-unit reserve is also held which includes provision for the cost of any guarantee.

2.11. Funds for Future Appropriations (FFA)

FFA (Participating)

The unappropriated surplus in the participating fund is held in the Balance Sheet as Funds for Future Appropriations.

No Funds for Future Appropriations is held for other funds.

2.12. Investments

Investments are made and accounted for in accordance with the Insurance Act, 1938, Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016, Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002, Investments – Master circular, Investment Policy of the Company and various other circulars/notifications issued by the IRDAI in this context from time to time.

Investments are recorded at cost on the date of purchase, which includes brokerage and taxes, if any, but excludes interest accrued as on the date of purchase.

Broken period interest paid/received is debited/credited to income accrued on investments and deposits.

Bonus entitlements are recognised as investments on the 'ex- bonus date'.

Rights entitlements are recognised as investments on the 'ex-rights date'.

Any front end discount on investments is reduced from the cost of such investments.

2.12.1. Classification

Investments maturing within twelve months from the Balance Sheet date and investments made with the specific intention to dispose them off within twelve months from the Balance Sheet date are classified as short-term investments.

Investments other than short-term investments are classified as long-term investments.

Schedules

forming part of financial statements (continued)

2.12.2. Valuation - Other than Unit Linked business

All debt securities including government securities and redeemable preference shares are considered as 'held to maturity' and stated at historical cost, subject to amortisation of premium or accretion of discount over the remaining period to maturity on effective interest rate method.

Money market instruments are valued at historical cost, subject to accretion of discount over the remaining period to maturity based on effective interest rate method.

Listed equity shares and equity exchange traded funds (ETF) at the Balance Sheet date are stated at fair value being the last quoted closing price on the National Stock Exchange of India Limited ('NSE') (in case the securities are not listed on NSE, the last quoted closing price on BSE Limited ('BSE') is used). Unlisted equity shares are stated at historical cost. Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the Company retains all the associated risks and rewards of these securities.

Mutual fund units are valued based on the previous days' net asset values.

Unrealised gains/losses arising due to changes in the fair value of listed equity shares and mutual fund units are taken to the "Fair Value Change Account" in the Balance Sheet.

Investment property is held to earn rental income or for capital appreciation and is not occupied by the Company. Investment property is initially valued at cost including any directly attributable transaction costs. Investment property is revalued at least once in every three years. The change in carrying amount of investment property is taken to "Revaluation reserve" in the Balance Sheet.

Investments in venture fund units are valued at historical cost.

Investments in reverse repo and tri-party repo are valued at cost plus interest accrued.

Fixed deposits with banks are valued at cost.

The Company assesses at each Balance Sheet date whether there is any evidence of impairment of any investments. In case of impairment, the carrying value of such investment is reduced to its fair value and the impairment loss is recognised in the Revenue/Profit and Loss account after adjusting it with previously recognised revaluation reserve/fair value change account. However, at the Balance Sheet date if there is any indication that a previously recognised impairment loss no longer exists, then such loss is reversed and the investment is restated to that extent.

2.12.3. Valuation - Unit Linked business

Central and State government securities are valued as per the valuation price provided by Credit Rating Information Services of India Limited (CRISIL).

Debt securities other than government securities with a residual maturity over 182 days are valued on a yield to maturity basis, by using spreads over the benchmark rate (based on the matrix released by CRISIL on daily basis) to arrive at the yield for pricing the security.

Debt securities with a residual maturity upto 182 days are valued at last valuation price plus the difference between the redemption value and last valuation price, based on effective interest rate method over the remaining period to maturity of instrument. (based on the matrix released by the CRISIL on daily basis).

Money market instruments are valued at historical cost, subject to accretion of discount over the period of maturity/holding based on effective interest rate method.

Listed equity shares, redeemable preference shares and equity ETF are valued at market value, being the last quoted closing price on NSE (in case of securities not listed on NSE, the last quoted closing price on BSE is used). Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the Company retains all the associated risks and rewards of these securities.

Mutual fund units are valued based on previous day's Net Asset Value.

Venture fund units are valued at the latest available net asset value of the respective fund.

Securities with call option are valued at the lower of the value as obtained by valuing the security upto final maturity date or the call option date. In case there are multiple call options, the security is valued at the lowest value obtained by valuing the security at various call dates or upto the final maturity date (based on the matrix released by the CRISIL on daily basis)

Securities with put option are valued at the higher of the value as obtained by valuing the security upto final maturity date or the put option date. In case there are multiple put options, the security is valued at the highest value obtained by valuing the security at various put dates or upto the final maturity date (based on the matrix released by CRISIL on a daily basis)

The securities with both put and call option on the same day would be deemed to mature on the put/call date and would be valued on a yield to maturity basis, by using spreads over the benchmark rate based on the matrix released by CRISIL on daily basis. Investments in reverse repo and tri-party repo are valued at cost plus interest accrued.

Unrealised gains and losses are recognised in the Revenue account as prescribed by IRDA (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002.

Fixed deposits with banks are valued at cost.

Schedules

forming part of financial statements (continued)

2.12.4. Transfer of investments

Transfer of investments from Shareholders' account to the Policyholders' account to meet the deficit in the Policyholders' account is made at the cost price or market price, whichever is lower. In case of debt securities including money market instruments, all transfers are made at the lower of the market price and the net amortized cost.

The transfer of investments between unit linked funds is done at the price as specified below.

- a. In case of equity, preference shares, ETFs and Government Securities market price of the latest trade.
- b. In case of securities mentioned in (a) if the trade has not taken place on the day of transfer and for all other securities not part of (a) previous day valuation price.

No transfer of investments is carried out between non-linked policyholders' funds.

2.13. Interest rate derivatives

Interest rate derivative contracts are used for hedging of highly probable forecasted transactions on insurance contracts and investment cash flows in life, pension and annuity business. The Company follows hedge accounting in accordance with the 'Guidance Note on Accounting for Derivative Contracts' issued by the Institute of Chartered Accountants of India (ICAI) and IRDAI Investment Master Circular as amended from time to time.

At the inception of the hedge, the Company documents the relationship between the hedging instrument and the hedged item, the risk management objective and strategy for undertaking the hedge, nature of risk being hedged, identification of the instrument and the hedged item and the methods used to assess the hedge effectiveness. Hedge effectiveness is the extent to which changes in the fair value or the cash flows of the hedging instrument offset changes in the fair value or the cash flows of the hedged item. Hedge effectiveness is ascertained at the time of inception of the hedge and on each reporting date.

The Forward Rate Agreement (FRA) contract is valued at the difference between the market value of underlying bond at the spot reference yield taken from the SEBI approved rating agency and present value of the contracted forward price of underlying bond including present value of intermediate coupon inflows from valuation date till FRA contract settlement date, discounted by the INR-Overnight Index Swap (OIS) rate curve.

The Company follows cash flow hedge accounting for interest rate derivatives. The portion of the fair value gain/loss on the interest rate derivative that is determined to be an effective hedge is recognised directly in 'Credit/(Debit) Fair Value Change Account' in the Balance Sheet under policyholders' funds and the portion that gets determined as ineffective hedge or ineffective portion of effective hedge, based on the hedge effectiveness assessment is recognized in the Revenue Account under head "Transfer/Gain on revaluation/Change in fair value".

The accumulated gains or losses that were recognised directly in the 'Credit/(Debit) Fair Value Change Account' in the Balance Sheet are reclassified into the Revenue Account, in the same period or periods during which income on the investments acquired from underlying forecasted cash flow is recognized in the Revenue Account. In the event that all or any portion of gain or loss, recognised directly in the 'Credit/(Debit) Fair Value Change Account' in the Balance Sheet is not expected to be recovered in future periods, the amount that is not expected to be recovered is reclassified to the Revenue Account.

2.14. Loans

Loans are stated at historical cost less repayments, subject to provision for impairment, if any.

Loans are classified as short term in case the maturity is less than twelve months. Loans other than short term are classified as long term.

2.15. Fixed assets and Impairment

2.15.1. Tangible assets and depreciation

Tangible assets are stated at acquisition cost less accumulated depreciation and impairment loss, if any. Cost includes the purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities) and any cost directly attributable to bring the asset to its working condition for its intended use and other incidental expenses incurred upto that date. Subsequent expenditure incurred on tangible assets is expensed out except where such expenditure results in an increase in future benefits from the existing assets beyond its previously assessed standard of performance.

The useful life of various category of assets is as below:

Asset	Useful life (years)
Office buildings on freehold land	60
Improvement to leasehold properties	60 years or lease period whichever is lower
Furniture and fixtures	5 to 10
Office equipment	5 to 10
Information technology equipment	3
Communication networks and servers	6
Motor vehicles	5

Schedule II of the Companies Act 2013 specifies the useful life of eight years for motor vehicle. As per Company policy, the motor vehicle is transferred to employee on completion of five years or at written down value (WDV) in case of separation of employee before five years. Accordingly, the Company has depreciated the motor vehicle over five years. Assets costing upto ₹ 5,000 are considered to be immaterial in value and hence fully depreciated in the month of acquisition.

Schedules

forming part of financial statements (continued)

Depreciation is provided using straight-line method ('SLM') prorated from the date of being ready to use, upto the date of sale, based on estimated useful life for each class of asset.

2.15.2. Intangibles

Intangible assets comprising software are stated at cost less amortisation. Significant expenditure on improvements to software are capitalised when it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably. Subsequent capital expenditures are amortised over the remaining useful life of original software. Software expenses are amortised using SLM over a period of 4 years from the date of being ready to use.

2.15.3. Capital work in progress

Assets not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses.

2.15.4. Impairment of assets

Management periodically assesses, using external and internal sources, whether there is any indication that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset unit is made. Impairment occurs where the carrying value of the asset exceeds the recoverable amount. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the asset and its ultimate disposal. If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount, subject to a maximum of depreciable historical cost.

2.16. Taxation

2.16.1. Direct taxes

Income tax expense comprises of current tax (i.e. amount of tax for the year determined in accordance with the Income Tax Act, 1961) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the year).

Current tax is the amount expected to be paid to the tax authorities after taking credit for allowances and exemptions in accordance with the Income Tax Act, 1961.

The Company calculates tax for the participating lines of business in order to ensure that the expenses pertaining to and identifiable with a particular line of business are represented as such to enable a more appropriate presentation of the financial statements. Accordingly, tax charge/credit on surplus/deficit arising from the participating line of business is disclosed separately in the Revenue account.

The deferred tax asset and liabilities are recognised using the tax rates that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are recognised and carried forward only to the extent there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. However, deferred tax asset in respect of unabsorbed depreciation or carried forward loss are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed at each Balance Sheet date and written down or written up to reflect the amount that is reasonable / virtually certain (as the case may be) to be realised.

2.16.2. Indirect taxes

Goods and Services tax liability on life insurance service is set-off against the respective input tax credits available from tax paid on input services for each state. Unutilised credits, if any, are carried forward under "Advances and other assets" for future set-off, where there is reasonable certainty of utilisation.

2.17. Provisions and contingencies

Provision is recognized when the company has a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined based on the management estimate of amount required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

A disclosure of a contingent liability is made when there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources or it cannot be reliably estimated. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed.

2.18. Segmental reporting

Identification of segments

Based on the primary segments identified under IRDA (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002 ('the Regulations') read with AS 17 on "Segmental Reporting" notified under section 133 of the Companies Act 2013 and rules thereunder, the Company has classified and disclosed segmental information separately for Shareholders' and Policyholders'. Within Policyholders', the businesses are further segmented into Participating (Life and Pension), Non-Participating (Life and Pension), Non-Participating variable (Life and Pension), Annuity, Health and Linked (Life, Pension, Health and Group).

There are no reportable geographical segments, since all business is written in India.

Schedules

forming part of financial statements (continued)

Allocation/ Apportionment methodology

The allocation and apportionment of revenue, expenses, assets and liabilities to specific segments is done in the following manner, which is applied on a consistent basis.

- Revenue, expenses, assets and liabilities that are directly identifiable to the respective segments are allocated on actual basis;
- Other revenue, expenses (including depreciation and amortisation), assets and liabilities that are not directly identifiable to a respective segment are apportioned based on one or combination of some of the relevant drivers which includes:
 - Number of policies
 - Weighted annualised first year premium income
 - Annualised premium since inception
 - Sum assured
 - Total premium income
 - Medical cases
 - Funds under management
 - Commission
 - Total operating expenses (for assets and liabilities)
 - Use of asset (for depreciation expense)

2.19. Foreign exchange transactions

Initial recognition: Foreign currency transactions are recorded in Indian Rupees, by applying to the foreign currency amount the exchange rate between the Indian Rupee and the foreign currency at the date of the transaction.

Conversion: Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange differences: Exchange differences arising on such conversions are recognised as income or as expenses in the period in which they arise either in the Revenue Account or the Profit and Loss Account, as the case may be.

2.20. Earnings per share

Basic earnings per share are calculated by dividing the profit or loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the profit or loss after tax for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects

of all dilutive potential equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value. Dilutive potential equity shares are determined independently for each period presented.

2.21. Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Receipts and Payments account include cash and cheques in hand, bank balances, liquid mutual funds and other investments with original maturity of three months or less which are subject to insignificant risk of changes in value.

Receipts and Payments Account is prepared and reported using the Direct Method in accordance with Accounting Standard (AS) 3, "Cash Flow Statements" as per requirements of Master Circular of IRDA (Preparation of Financial Statements and Auditors' Report of Insurance Companies) regulations, 2002.

2.22. Unclaimed amount of policyholders

Pursuant to IRDAI circular no. IRDA/F&A/CIR/CLD/114/05/2015 dated May 28, 2015 and IRDA/F&A/CIR/CPM/134/07/2015 dated July 24, 2015 on "Handling of unclaimed amounts pertaining to policyholders" ("the Regulations"), and IRDA/F&A/CIR/Misc/282/11/2020 dated November 17, 2020 the Company has created a single segregated fund to manage all unclaimed monies.

Unclaimed amount of policyholders' liability is determined on the basis of NAV of the units outstanding as at the valuation date.

Assets held for unclaimed amount of policyholders and unclaimed amount of policyholders' liability are considered as Current Assets & Current Liabilities, and disclosed in Schedule 12 "Advances and Other Assets" and Schedule 13 "Current Liabilities" respectively.

Income on unclaimed amount of policyholders is accreted to the unclaimed fund and is accounted for on an accrual basis, net of fund management charges.

The unclaimed amount of policyholders which are more than 120 months as on 30 September every year, are transferred to the Senior Citizens' Welfare Fund (SCWF) on or before 01 March of that financial year.

Schedules

forming part of financial statements (continued)

3. Notes to Accounts

3.1. Contingent liabilities

Particulars	(₹ '000)	
	At March 31, 2021	At March 31, 2020
Partly-paid up investments*	10,612,933	4,500,000
Claims, other than those under policies, not acknowledged as debts comprising of:		
-Claims made by vendors for disputed payments	1,176	1,176
-Claims for damages made by landlords (of premises taken on lease)	41,354	41,354
-Claims made by employees and advisors for disputed dues and compensation	8,523	9,023
Underwriting commitments outstanding (in respect of shares and securities)	-	-
Guarantees given by or on behalf of the Company by various banks in favour of government authorities, hospital and court	-	-
Statutory demands/liabilities in dispute, not provided for#	1,536,996	1,536,996
Reinsurance obligations to the extent not provided for	-	-
Policy related claims under litigation in different consumer forums:		
-Claims for service deficiency	69,585	70,921
-Claims against repudiation	845,791	547,788
Total	13,116,358	6,707,258

*in respect of partly paid debentures & equity shares

#amount pertains to objections raised by office of the Commissioner of Service tax, Goods and Service tax Mumbai on certain tax positions taken by the Company.

3.2 Actuarial method and assumptions

The actuarial liability in respect of both participating and non-participating policies is calculated using the gross premium method, using assumptions for interest, mortality, morbidity, expense and inflation and, in the case of participating policies, future bonuses together with allowance for taxation and allocation of profits to shareholders. These assumptions are determined as prudent estimates at the date of valuation including allowances for possible adverse deviations.

The liability for the unexpired portion of the risk for the non-unit liabilities of linked business and attached riders is the higher of the liability calculated using discounted cash flows and the unearned premium reserve.

An unexpired risk reserve and a reserve in respect of claims incurred but not reported is held for contracts wherein there is a possibility of lag in intimation of claims.

The unit liability in respect of linked business is the value of the units standing to the credit of policyholders, using the Net Asset Value ('NAV') prevailing at the valuation date.

A brief of the assumptions used in actuarial valuation is as below:

- The interest rates used for valuing the liabilities are in the range of 3.13% to 5.56% per annum. The interest rates used at March 31, 2020 were in the range of 4.25% to 6.59% per annum.
- Mortality rates used are based on the published "Indian Assured Lives Mortality (2012 – 2014) Ult." mortality table for assurances and LIC (a) 96-98 table for annuities adjusted to reflect expected experience. Morbidity rates used are based on CIBT 93 table, adjusted for expected experience, or on risk rates provided by reinsurers.
- Expenses are provided for at least at the current levels in respect of renewal expenses, with no allowance for any future improvement.
- Per policy renewal expenses are assumed to inflate at 4.22% per annum. The expense inflation assumption used at March 31, 2020 was 4.05%.
- The bonus rates for participating business to be declared in the future is consistent with the valuation assumptions.
- The tax rate applicable for valuation at March 31, 2021 is 14.56% per annum. The tax rate applicable for valuation at March 31, 2020 was 14.56% per annum.

Certain explicit additional provisions are made, which include the following:

- Reserves for additional expenses that the Company may have to incur if it were to close to new business twelve months after the valuation date.
- Reserves for guarantees available to individual and group insurance policies.
- Reserves for cost of non-negative claw back additions.
- Reserves for free look option given to policyholders calculated using a free look cancellation rate of 2.70% as on March 31, 2021. The free look cancellation assumption used at March 31, 2020 was 2.70%.
- Reserves for lapsed policies eligible for revivals.
- Based on its current evaluation, the Company is carrying a provision of ₹ 29,864 lakhs as at March 31, 2021, for potential claims due to COVID, in excess of normal provisions. Additionally a provision for Incurred but Not Reported claims on account of Covid-19 of ₹ 3,364 lakhs is also held.
- An additional reserve is held for incurred but not reported claims.

Schedules

forming part of financial statements (continued)

3.3. Funds for Future Appropriations ('FFA')

The balance of unit-linked FFA at March 31, 2021 of ₹ Nil (March 31, 2020: ₹ Nil) and participating FFA of ₹ 13,531,799 thousand (March 31, 2020: ₹ 12,326,605 thousand) is not available for distribution to Shareholders. Such amount is classified under Funds for Future appropriations, in the Balance Sheet.

3.4. Claims settled and remaining unpaid

Claims settled and remaining unpaid for a period of more than six months at March 31, 2021 is ₹ 33,902 thousand (March 31, 2020: ₹ 30,314 thousand).

3.5. Reconciliation of unclaimed amounts of policyholders

Pursuant to IRDAI circular No. IRDA/F&A/CIR/CLD/114/05/2015 dated May 28, 2015 and IRDA/F&A/CIR/CPM/134/07/2015 dated July 24, 2015 on "Handling of unclaimed amounts pertaining to policyholders", the Company has created a single segregated fund to manage all the unclaimed monies. The amount in such unclaimed fund has been invested in money market instruments and /or fixed deposit of scheduled banks.

The amount in the unclaimed fund has been disclosed in schedule 12 as "Assets held for unclaimed amount of policyholders". Investment income accruing to the unclaimed fund has been credited to the fund and disclosed as 'Other Income under Linked Life segment in the Revenue Account. Such investment income net of fund management charges ('FMC') is paid/ accrued as "interest on unclaimed amounts" in schedule 4 of the financial statements as "Benefits paid".

Reconciliation of unclaimed amounts of policyholders:

Further in accordance with the master circular IRDA/F&A/CIR/Misc/282/11/2020 issued by the IRDAI on November 17, 2020, the details of unclaimed amounts and investment income at March 31, 2021 is tabulated as under:

Particulars	(₹ in lacs)*			
	For year ended March 31, 2021		For year ended March 31, 2020	
	Policy Dues	Income Accrued	Policy Dues	Income Accrued
Opening Balance at April 01	79,038	4,285	59,745	6,783
Add: Amount transferred to Unclaimed Fund	92,251	295	41,217	214

Total	83,323	412	17,868	16,887	9,911	10,264	4,191	22,918	872

*amount disclosed in lacs in accordance with IRDA/F&A/CIR/Misc/282/11/2020

**cheques issued but not encashed by policyholder/beneficiary do not include cheques which are within the validity period.

In accordance with IRDAI Master circular No. IRDA/F&A/CIR/Misc/282/11/2020 on "Unclaimed Amount of Policyholders" dated November 17, 2020 read with rule 3 (6) of Senior Citizens' Welfare Fund Rules, 2016, the unclaimed of policyholders which are more than 120 months as on 30 September every year, will be transferred to the Senior Citizens' Welfare Fund (SCWF) on or before 01 March of that financial year.

3.7. Direct taxes

The current tax provision is determined in accordance with the provisions of Income Tax Act, 1961. The provision for current tax for the year ended March 31, 2021 is ₹ 2,630,972 thousand (year ended March 31, 2020: ₹ 1,313,915 thousand).

The provision for current tax includes an amount of ₹ 1,418,455 thousand for the year ended March 31, 2021 (year ended March 31, 2020: ₹ 1,313,915 thousand) which has been charged on the total surplus of the participating line of business in Revenue Account, in line with the Company's accounting policy.

Further, tax expense amounting to ₹ 1,212,517 for the year ended March 31, 2021 (year ended March 31, 2020: ₹ Nil) pertaining to other than participating line of business has been charged to Profit & loss account.

Deferred tax asset is recognized on the linked funds for future appropriation to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax asset can be realized.

Deferred tax charge for the year ended March 2021 is ₹ Nil (year ended March 31, 2020: ₹ 446 thousand).

Schedules

forming part of financial statements (continued)

3.8. Operating lease commitments

The Company takes premises, motor vehicles, office equipments and servers on operating lease. Certain lease arrangements provide for cancellation by either party and also contain a clause for renewal of the lease agreement. Lease payments on cancellable and non-cancellable operating lease arrangements are charged to the Revenue account and the Profit and Loss account over the lease term on a straight line basis. The total operating lease rentals charged for the year ended March 31, 2021 is ₹ 596,948 thousand (year ended March 31, 2020: ₹ 630,803 thousand).

Lease rentals pertaining to non-cancellable leases charged to the Revenue account and the Profit and Loss account for the year ended March 31, 2021 is ₹ 28,851 thousand (year ended March 31, 2020: ₹ 31,494 thousand). The future minimum lease payments in respect of these non-cancellable leases at the Balance Sheet date are summarised below:

Particulars	(₹ in 000)	
	At March 31, 2021	At March 31, 2020
Not later than one year	30,411	21,000
Later than one year but not later than five years	114,042	-
Later than five years	-	-

The amount in the above table does not include indirect taxes applicable at the time of payment

3.9. Assets given on operating lease

The Company has entered into an agreement in the nature of leave and license for leasing out the investment property. This is in the nature of operating lease and lease arrangement contains provisions for renewal. There are no restrictions imposed by lease arrangement and the rent is not determined based on any contingency. The total lease payments received in respect of such lease recognised in the Revenue account and the Profit and Loss account for the year ended March 31, 2021 is ₹ 377,612 thousand (year ended March 31, 2020: ₹ 188,025 thousand).

(ii) Provident fund

Provident fund benefits are aimed at providing security to staff members and their dependents on retirement, disability or death. Both employee and the company contribute an equal percentage of the basic salary, a part of which is towards Government administered pension fund and balance portion is contributed to the fund administered by trustees. The provident fund is managed by ICICI Prudential Life Insurance Company Employees' Provident Fund Trust.

Schedules

forming part of financial statements (continued)

The minimum rate at which the annual interest is payable by the trust to members is prescribed by the Government. The Company has an obligation to make good the shortfall, if any, between the Government prescribed rate and actual return earned by the provident fund.

3.17. Employee Stock Option Scheme ("ESOS")

The Company granted options to its employees under its Employee Stock Option Scheme, prior to listing, since approval of its Employee Stock Option Scheme – 2005. This pre-IPO scheme was referred to as 'ESOS 2005' or 'Scheme'. The Scheme permitted the grant of stock options up to 3% of the issued capital of the Company. The Board of Directors have approved the amendment of ESOS 2005 (hereafter referred to as 'ESOS 2005 (Revised)'). As per the ESOS 2005 (Revised), the aggregate number of shares issued or issuable since March 31, 2016 pursuant to the exercise of any Options granted to the Eligible Employees issued pursuant to the Scheme or any other stock option scheme of the Company, shall not exceed a figure equal to 2.64% of the number of shares issued as on March 31, 2016. The maximum number of Options that can be granted to any Eligible Employee in a financial year shall not exceed 0.1% of the issued Shares of the Company at the time of grant of Options. The Exercise Price shall be determined by the Board Nomination & Remuneration Committee in concurrence with the Board of Directors of the Company on the date the Options are granted and shall be reflected in the Award Confirmation. These changes (ESOS 2005 (Revised)) were approved by the shareholders of the Company in the Annual General Meeting held on July 17, 2017. The Company granted options in nine more tranches under ESOS 2005 (Revised), namely 2017-18, 2018-19, 2018-19 special options, 2018-19 joining options, 2019-20, 2019-20 joining options, 2020-21 and two tranches of 2020-21 joining options. On April 24, 2019, the exercise period of the ESOS 2005 (Revised) was modified to not exceed five years from the date of vesting of Options as may be determined by the Board Nomination & Remuneration Committee for each grant. This amendment was approved by the shareholders of the Company at the Annual General Meeting held on July 17, 2019.

The Company follows intrinsic value method and hence there was no charge in the Revenue Account and the Profit and Loss account on account of new grants during the year.

The salient features of tranches issued under ESOS 2005 (Revised) which have options outstanding as at March 31, 2021 are as stated below:

Date of Grant	2017-18	2018-19	2018-19 Special Options	2018-19 Joining Options	2019-20	2019-20 Joining Options	2020-21	2020-21 Joining Options	2020-21 Joining Options
	July 25, 2017	April 24, 2018	April 24, 2018	January 22, 2019	April 24, 2019	July 24, 2019	May 10, 2020	June 11, 2020	January 27, 2021
Number of options granted	656,300	2,167,900	4,980,250	156,000	4,993,600	80,000	5,072,200	25,000	50,000
Maximum term for exercising the options granted	Five years from date of vesting of stock options

Exercise price of all the options outstanding for all years for 2017-18, 2018-19, 2018-19 Special Options, 2018-19 Joining Options, 2019-20, 2019-20 Joining Options, 2020-21, 2020-21 Joining Options and 2020-21 Joining Options schemes is ₹ 468.60, ₹ 388.40, ₹ 388.40, ₹ 351.65, ₹ 369.50, ₹ 383.10, ₹ 400.10, ₹ 396.95 and ₹ 501.90 respectively.

A summary of status of Company's Employee Stock Option Scheme in terms of options granted, forfeited and exercised is given below:

Particulars	Year ended March 31, 2021		Year ended March 31, 2020	
	Number of options	Weighted average exercise price	Number of options	Weighted average exercise price
Outstanding at the beginning of the year	12,361,107	383.64	7,723,317	390.92
Add: Granted during the period	5,147,200	401.07	5,073,600	369.71
Less: Forfeited/lapsed during the period	205,967	366.17	357,700	386.87
Less: Exercised during the period	126,640	359.19	78,110	183.63
Outstanding at the end of the period	17,175,700	389.25	12,361,107	383.64
Exercisable at the end of the year*	3,298,600	393.85	1,031,617	407.76

*vested options available for exercise as at March 31, 2021

Schedules

forming part of financial statements (continued)

Out of the total outstanding stock options of the previous year, 2,412,290 options are vested during the year ended March 31, 2021 and ₹ 45,487 thousand was realised by exercise of options during the year ended March 31, 2021. During the year ended March 31, 2021 the Company has recognized a compensation cost of ₹ Nil (year ended March 31, 2020: ₹ Nil) as the intrinsic value of the options.

Had the company followed fair value method based on binomial tree model valuing its options compensation cost for the year ended would have been higher by ₹ 331,499 thousand (March 31, 2020: ₹ 502,473 thousand) and the proforma profit after tax would have been ₹ 9,269,965 thousand (March 31, 2020: ₹ 10,185,014 thousand). On a proforma basis, the company's basic and diluted earnings per share would have been ₹ 6.46 (March 31, 2020: ₹ 7.09) and ₹ 6.44 (March 31, 2020: ₹ 7.08) respectively

Fair value methodology

The assumptions considered in the pricing model for the ESOPs granted during the year are as below:

Particulars	March 31, 2021	March 31, 2020	Basis
Risk-free interest rate	4.87% to 5.78%	6.42% to 7.66%	G-Sec yield at grant date for tenure equal to the expected term of ESOPs
Expected life of the options	3.50 to 5.50 years	3.50 to 5.50 years	Simplified method (average of minimum and maximum life of options)
Dividend yield	0.16% to 0.59%	0.82% to 1.22%	Based on recent dividend declared
Expected volatility	17.90% to 20.19%	12.39% to 13.37%	Based on historical volatility determined on the basis of Nifty 50

The weighted average price of options exercised during the year ended March 31, 2021 is ₹ 359.19 (year ended March 31, 2020: ₹ 183.63).

The weighted average remaining contractual life of options outstanding at the end of the period is as follows:

Exercise price range (in ₹)	At March 31, 2021		At March 31, 2020	
	Options outstanding	Weighted average remaining contractual life (in years)	Options outstanding	Weighted average remaining contractual life (in years)
130 ¹	-	-	29,067	0.1
468.60	606,900	8.4	606,900	9.4
388.40 ²	6,345,980	5.1	6,524,440	6.1
351.65	156,000	4.9	156,000	5.9

3.20. Managerial Remuneration

The appointment of managerial personnel is in accordance with the requirements of Section 34A of the Insurance Act, 1938. IRDAI has issued guidelines on August 05, 2016 on remuneration of Non- Executive Directors and Managing Director ('MD') /Chief Executive Officer ('CEO') / Whole Time Directors ('WTD'), which have prescribed certain qualitative and quantitative disclosures. The disclosures for year ended March 31, 2021 are given below:

Remuneration to MD/CEO/WTD:

Qualitative disclosures:

A) Information relating to the bodies that oversee remuneration.

Name, composition and mandate of the main body overseeing remuneration:

The Board Nomination and Remuneration Committee (BNRC/Committee) is the body which oversees aspects pertaining to remuneration. The functions of the Committee include identifying persons who are qualified to become Directors and who may be appointed in senior management in accordance with the criteria laid down and recommending to the Board their appointment and removal and formulating a criteria and specifying the manner for effective evaluation of every individual director's performance, evaluation of the performance of the Board and its committees, and reviewing its implementation and compliance; considering to extend or continue the term of appointment of the Independent Director, on the basis of the report of performance evaluation of Independent Directors; recommending to the Board a policy relating to the remuneration for the Directors, key managerial personnel and other employees; recommending to the Board all remuneration, in whatever form, payable to senior management; ensuring that the level and composition of remuneration is reasonable and sufficient to attract, retain and motivate Directors of

the quality required to run the Company successfully; ensuring that the relationship of remuneration to performance is clear and meets appropriate performance benchmarks; approving the compensation program and ensuring that remuneration to Directors, key managerial personnel and senior management involves a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals; formulating the criteria for determining qualifications, positive attributes and independence of a Director; devising a policy on diversity of the Board; considering and approving employee stock option schemes and administering and supervising the same.

External consultants whose advice has been sought, the body by which they were commissioned and in what areas of the remuneration process:

The Company employed the services of reputed consulting firms for market benchmarking in the area of compensation.

Scope of the Company's remuneration policy (e.g. by regions, business lines), including the extent to which it is applicable to foreign subsidiaries and branches:

The Company's Policy on Compensation & Benefits ("Compensation Policy") for Managing Director & CEO, Other wholetime Directors, non-executive Directors, Key Management Person (KMP), Senior Management Personnel (SMP) and other employees was last amended and approved by the BNRC and the Board at its Meeting held on August 28, 2020.

Type of employees covered and number of such employees:

All employees of the Company are governed by the Compensation Policy. The total number of permanent employees governed by the Compensation Policy of the Company at March 31, 2021 was 14,413.

Schedules

forming part of financial statements (continued)

B) Information relating to the design and structure of remuneration process.

Key features and objectives of remuneration policy:

The Company has historically followed prudent compensation practices under the guidance of the Board and the BNRC. The Company's approach to compensation is based on the ethos of meritocracy and fairness within the framework of prudent risk management. This approach has been incorporated in the Compensation Policy, the key elements of which are given below:

Effective governance of compensation:

The Company follows prudent compensation practices under the guidance of the BNRC and the Board. The decision relating to the remuneration of the Managing Director and CEO (MD & CEO) and other wholetime Directors is reviewed and approved by the BNRC and the Board. The BNRC and the Board approves the Key Performance Indicators (KPIs) and the performance threshold for payment of performance bonus, if applicable. The BNRC assesses business performance against the KPIs. Based on its assessment, it makes recommendations to the Board regarding compensation for MD & CEO and other wholetime Directors, performance bonus and long-term pay for all eligible employees, including senior management and key management persons.

Alignment of compensation philosophy with prudent risk taking:

The Company seeks to achieve a prudent mix of fixed and variable pay, with a higher proportion of variable pay at senior levels. For the MD & CEO and other wholetime Directors, compensation is sought to be aligned to both pre-defined performance objectives of the Company as well as prudent risk parameters. In addition, the Company has an Employees Stock Option Scheme aimed at enabling employees to participate in the long-term growth and financial success of the Company through stock option grants that vest over a period of time.

Whether the Remuneration Committee reviewed the firm's remuneration policy during the past year, and if so, an overview of any changes that were made:

The BNRC reviewed the Company's Compensation and Benefits policy (the Policy) at its meetings held on July 13, 2020 and August 28, 2020. The key changes in the Policy are:

- In line with the Insurance Regulatory and Development Authority of India (IRDAI) circular dated June 30, 2020 highlighting that the monetary value of perquisites including retiral benefits should have monetary ceilings and are accounted for as part of Fixed pay, the nomenclature of the compensation elements and the definition of Fixed Pay for the MD & CEO and other WTDs have been amended to include non-cash benefits and perquisites, contribution towards superannuation/ retivals and any other form of non-cash benefits & perquisites including reimbursable benefits & perquisites with monetary ceilings. Accordingly, the definition of variable pay has also been consequently amended.

- Methodology of valuing stock options has been incorporated for clarity.
- The clause for Guaranteed bonus & Severance pay for Whole-time Directors has been modified to strengthen governance.
- The clause on review of compensation for the MD & CEO and other Whole-time Directors has been modified for better clarity and in line with the IRDAI circular dated June 30, 2020.
- The current list of non-cash benefits and perquisites provided to employees including KMPs/SMPs has been included in the list of non-cash benefits and perquisites.
- A section related to compensation for non-executive Independent Director as Chairman/Chairperson of the Company, if any, has been incorporated into the policy. The remuneration payable in the case of an Independent Director being the Chairman/Chairperson of the Company has been outlined in the policy to enable providing administrative support to the Chairman, and in accordance with the provisions of the extant applicable regulatory and statutory requirements.
- The frequency for the review of the Compensation Policy has been incorporated.

Description of the ways in which current and future risks are taken into account in the remuneration processes.

- The Company follows prudent compensation practices under the guidance of the Board and the Board Nominations & Remuneration Committee (BNRC). The Company's approach to compensation is based on the ethos of meritocracy and fairness within the framework of prudent risk management. The performance rating assigned to employees is based on assessment of performance delivered against a set of defined performance objectives. These objectives are balanced in nature and comprise a holistic mix of financial, customer, people, process, quality, compliance objectives and/or any other parameters as may be deemed fit.
- For the MD & CEO and other wholetime Directors, compensation is sought to be aligned to both pre-defined performance objectives of the Company as well as prudent risk parameters.
- For the MD & CEO and other wholetime Directors, the quantum of bonus does not exceed a certain percentage (as stipulated in the Compensation Policy) of total fixed pay in a year; if the quantum of bonus exceeds a pre-defined percentage of the total fixed pay, a part of the bonus is deferred and paid over a pre-defined period.
- The deferred part of the variable pay (performance bonus) for wholetime Directors is subject to malus, under which, the Company will prevent vesting of all or part of the variable pay in the event of an enquiry determining gross negligence or integrity breach.
- In claw back arrangements with wholetime Directors, the employee agrees to return, in case asked for, the previously paid variable pay to the Company in the event of an enquiry determining gross negligence or integrity breach, taking into account relevant regulatory stipulations.

Schedules

forming part of financial statements (continued)

- For malus and clawback, acts of gross negligence and integrity breach are covered under the purview of the compensation policy. Errors of judgment shall not be construed to be breaches.

Description of the ways in which the Company seeks to link performance during a performance measurement period with levels of remuneration.

The Company's approach to compensation is based on the ethos of meritocracy and fairness within the framework of prudent risk management. The extent of variable pay for individual employees is linked to individual performance for sales frontline employees and to individual and organisation performance for non-sales frontline employees and employees in the management cadre. For the latter, the performance rating assigned is based on assessment of performance delivered against a set of defined performance objectives. These objectives are balanced in nature, and comprise a holistic mix of financial, customer, people, process, quality and compliance objectives and/or any other parameters as may be deemed fit. For the MD & CEO and other wholtime Directors, to ensure effective alignment of compensation with prudent risk parameters, the Company takes into account various risk parameters along with other pre-defined performance objectives of the Company.

1 to 5 years	-
Above 5 years	12,000,000

3.23. Investments

- The investments are made from the respective funds of the Policyholders' or Shareholders' and investment income thereon has been accounted accordingly.
- All investments are performing investments.

3.24. Interest rate derivatives

In line with the requirement of IRDAI Investment Master circular, the Company has put in place a derivative policy approved by Board which covers various aspects that apply to the functioning of the derivative transactions undertaken to substantiate the hedge strategy to mitigate the interest rate risk, thereby managing the volatility of returns from future fixed income investments, due to variations in market interest rates.

- The Company has during the year, as part of its hedging strategy, entered into Forward Rate Agreements (FRA) transactions to hedge the interest rate sensitivity for highly probable forecasted transactions as permitted by the IRDAI Investment Master Circular. The Forward Rate Agreement derivative contracts are over-the-counter (OTC) transactions, agreeing to buy notional value of a debt security at a specified future date, at a price determined at the time of the contract with an objective to lock in the price of an interest bearing security at a future date.

Sr. no.	Particulars	(₹ '000)	
		March 31, 2021	March 31, 2020
i)	Total notional exposure of Forward rate agreements (FRA) undertaken during the year	8,100,000	-

Closing balance	-	54,484	54,484	-	-	-

d) A net amount of ₹ 76,781 thousand for the year ended March 31, 2021 (Previous year Nil) was recognised in Revenue Account being the portion of loss determined to be ineffective portion of the effective hedge. The amount that was removed from the cash flow hedge reserve account during the year ended March 31, 2021 in respect of forecast transaction for which hedge accounting had previously been used but is no longer expected to occur is Nil (Previous year Nil). The hedged forecast transactions are expected to occur over the outstanding tenor of underlying policy liabilities and corresponding hedging gain/loss will accordingly flow to the Revenue Account

e) Disclosures on risk exposure in Interest rate derivatives:

i. Interest rate derivative hedging instruments: Derivatives are financial instruments whose characteristics are derived from the underlying assets, or from interest and exchange rates or indices. Interest rate derivatives include forward rate agreements, interest rate swaps and interest rate futures. The Company during the financial year has entered into forward rate agreement (FRA) derivative instrument to hedge exposure due to interest rate sensitivity for highly probable forecasted transactions. These hedges were entered only for hedging purpose to hedge the interest rate risk. This hedge is carried in accordance with its established policies, strategy, objective and applicable regulations.

ii. Derivative policy, process and hedge effectiveness assessment: The Company has a well- defined Board approved derivative policy and standard operating procedures setting out the strategic objectives, regulatory and operational framework and risks associated with interest rate derivatives. The policy includes the risk measurement and monitoring, processes to be followed and controls thereon. The accounting treatment has been documented and ensures a process of periodic effectiveness assessment and accounting in accordance with applicable accounting standard issued by the Institute of Chartered Accountants of India (ICAI).

The Company has clearly defined roles and responsibilities to ensure independence and accountability through the investment decision, trade execution, to settlement, accounting and periodic reporting and audit of the Interest rate derivative exposures. The overall policy, risk management framework for the Interest rate derivatives are monitored by the Board Risk Management Committee.

iii. Scope and nature of risk identification, risk measurement, and risk monitoring: The derivative policy as approved by the Board identify risk associated with interest rate derivatives transactions and sets appropriate market risk limits such as stress testing and value-at-risk limits. Financial risks of the derivative portfolio are measured and monitored on periodic basis.

f) Risk exposure in Forward Rate Agreement

A hedge is deemed effective, if it has a high statistical correlation between the change in value of the hedged item and the hedging instrument (FRA). Gains or losses arising from hedge ineffectiveness, if any, are recognised in the Revenue Account. The tenor of the hedging instrument may be less than or equal to the tenor of underlying hedged transaction.

The exposure limit has been calculated on the basis of Credit Equivalent Amount using the Current Exposure Method (CEM) as detailed below:

The Credit Equivalent Amount of a market related off-balance sheet transaction calculated using the CEM is the sum of

- The current credit exposure (gross positive mark to market value of the contract)
- Potential future credit exposure which is a product of the notional principal amount across the outstanding contract and a factor that is based on the mandated credit conversion factors as prescribed under the IRDAI circular on Interest Rate Derivatives, which is applied on the residual maturity of the contract

3.26. Valuation of Investment property

In accordance with the IRDAI Regulations, 2002 (Preparation of Financial Statements and Auditors' Report of Insurance Companies), the Company's investment property has been revalued. The Company has revalued all its investment properties held for more than one year and market value for such properties is based on valuation performed by an independent valuer at March 31, 2021. The opinion on market value by the independent valuer, is prepared in accordance with the "The RICS Valuation Standards" published by the Royal Institution of Chartered Surveyors ("RICS"), subject to variation to meet local established law, custom, practice and market conditions. The methods used in valuation of property includes "Direct comparable approach". The real estate investment property is accordingly valued at ₹ 4,756,735 thousand at March 31, 2021 (March 31, 2020: ₹ 4,750,245 thousand). The historical cost of the property is ₹ 3,836,532 thousand (March 31, 2020: ₹ 3,836,532 thousand).

3.27. Impairment of investment assets

In accordance with the impairment policy of the Company, diminution in the value of investments has been recognised under the head "Provision for diminution in the value of investments (Net)" in the Revenue account and the Profit and Loss account.

The total impairment loss recognised for the year ended March 31, 2021 is ₹ 487,077 thousand (year ended March 31, 2020: ₹ 2,597,937 thousand).

Impairment loss recognized in the revenue account for the year ended March 31, 2021 is ₹ 201,234 thousand (March 31, 2020: ₹ 2,132,353 thousand).

Further, impairment loss recognised in the Profit and Loss account for the year ended March 31, 2021 is ₹ 285,843 thousand (March 31, 2020: ₹ 465,584 thousand)

3.28. Encumbrances of assets

The assets of the Company are free from all encumbrances except to the extent assets or monies are required to be deposited as margin contributions for investment trade obligations of the Company or as mandated by the court, as detailed below:

a. Assets deposited with National Securities Clearing Corporation Limited (NSCCL) and Indian Clearing Corporation Limited (ICCL)

Fixed deposit of ₹ Nil (March 31, 2020: ₹ 1,000,000 thousand for NSCCL) has been deposited with NSCCL towards margin requirement for equity trade settlement.

Terms of pledge: Physical custody of the fixed deposits are with respective clearing houses, however the income accrued on these deposits shall be passed on to the Company on the maturity of the deposits. These deposits can be invoked by the clearing houses in case of any default by the Company in settlement of equity transactions.

Schedules

Schedules

forming part of financial statements (continued)

3.46. Pending litigations

The Company's pending litigation comprises of claims against the Company primarily by the customers and proceedings pending with Tax authorities. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in its standalone financial statements. The Company does not expect the outcome of these proceedings to have a material adverse effect on its financial statements at March 31, 2021. Refer note 3.1 for details on contingent liabilities.

In respect of litigations, where the management assessment of a financial outflow is probable, the Company has made a provision of ₹ 432,176 thousand at March 31, 2021 (At March 31, 2020: ₹ 352,415 thousand).

3.47. Long term contracts

The Company has a process whereby periodically all long term contracts are assessed for material foreseeable losses. At the year end, the Company has reviewed and ensured that adequate provision as required under any law / accounting standards for material foreseeable losses on such long term contracts including derivative contracts has been made in the financial statements.

For insurance contracts, actuarial valuation of liabilities for policies is done by the Appointed Actuary of the Company. The methods and assumptions used in valuation of liabilities are in accordance with the regulations issued by the Insurance Regulatory and Development Authority of India ("IRDAI") and actuarial practice standards and guidance notes issued by the Institute of Actuaries of India.

3.48. Corporate Social Responsibility

The amount required to be spent by the Company on Corporate Social Responsibility (CSR) related activities during the year ended March 31, 2021 was ₹ 108,425 thousand (year ended March 31, 2020: ₹ 170,685 thousand).

The following table sets forth, for the periods indicated, the amount spent by the Company on CSR related activities.

Particulars	Year ended March 31, 2021			Year ended March 31, 2020		
	In cash	Yet to be paid	Total	In cash	Yet to be paid	Total
Construction/acquisition of any assets	-	-	-	-	-	-
On purpose other than above	107,774	1,098	108,872	162,752	8,811	171,563

Amounts of related party transactions with ICICI Foundation for Inclusive Growth pertaining to CSR related activities for year ended March 31, 2021 was ₹ Nil (year ended March 31, 2020: ₹ 134,965 thousand)

The following table sets forth, for the periods indicated, the details of movement of amounts yet to be paid for CSR related activities.

Particulars	Year ended	
	March 31, 2021	March 31, 2020
Opening balance	8,811	12,140
Expense provided during the year	108,872	171,563
Excess spent carried forward to the next year	950	-
Paid during the year	(117,535)	(174,892)
Closing balance	1,098	8,811

There is no unspent amount for the year under section 135 (5) of Companies Act 2013.

The following table sets forth, details of amount spent in excess of the requirement and excess amount to be carried forward to the succeeding financial year under section 135 (5) of Companies Act

Opening Balance (Excess spent carried forward)	Amount spent during the year	Amount required to be spent during the year	Amount spent during the year but not carried forward	Closing Balance (Excess spent carried forward)
Nil	109,822	108,425	447	950

Schedules

forming part of financial statements (continued)

3.49. Loans and advances to subsidiaries, associates and related entities

Pursuant to Securities and Exchange Board of India (Listing obligations and disclosure requirements) Regulations, 2015, disclosures pertaining to loans and advances given to subsidiaries, associates and related entities are given below:

There are no loans and advances given to subsidiaries, associates and firms/companies in which directors are interested except for advances which are in the normal course of business but not in the nature of loans (year ended March 31, 2020: ₹ Nil)

There are no investments by the loanee in the shares of the Company.

3.50. Specified Bank Notes

The disclosure requirements for the details of specified bank notes (SBNs) are not provided, since the Company is an insurance company.

3.51. Contribution to Policyholders' account

The following table sets forth, for the periods indicated, the amount contributed from Shareholders' Account in the Revenue Account.

		(₹ '000)	
S.No.	Particulars	Year ended March 31, 2021	Year ended March 31, 2020
1	Towards excess of Expense of Management	979,474	4,435,307
2	Towards deficit funding and others (note1)	14,768,321	10,534,784
	Total	15,747,795	14,970,091

Expense of Management

In accordance with the IRDAI (Expenses of Management of insurers transacting life insurance business) regulation 2016 read with circular IRDA/F&A/CIR/MISC/184/10/2019 dated October 4, 2019, expense of management in excess of allowable limit in any business segment is required to be borne by the Shareholders' and separately disclosed in the Profit and Loss account & the Revenue Account.

The Company is in compliance with the expense of management regulation at an overall level. Further for the Non-par line of business, during the year ended March 31, 2021, expense of management in excess of allowable limits amounting to ₹ 979,474 thousand has been charged to and separately disclosed in the Profit and Loss account. (March 31, 2020: ₹ 4,435,307 thousand).

Note:

- The contributions from the shareholders' account in the Revenue Account for the year ended March 31, 2021 include an amount of ₹ 490,087 thousand transferred to participating line of business in compliance with the IRDAI's letter dated February 18, 2021 in relation to tax charged to participating line of business in FY2014-15. (year ended March 31, 2020: ₹ Nil)

3.52. Potential impact due to outbreak of COVID-19

Business Operations

The rapid global outbreak of the Corona virus (COVID-19) pandemic has also impacted India and as the companies in India approached their year-end, there was an urgent need to activate the Business Continuity Plan (BCP) to enable employees to work from home (WFH).

The facility to WFH was provided to the employees of the Company only through Company systems, which are hardened and are configured with requisite data security controls. The usual operations of the Company are carried out through remote location/ WFH via secured servers.

There have been no material changes in the controls or processes followed in the financial statement closing process of the Company. The Company has tested all the material controls over financial reporting as at March 31, 2021 and found them to be operating effectively.

Valuation of investment assets

The investment assets for the Company primarily include assets held to cover linked liability, assets for participating policyholder, assets for non-participating (investment) policyholder, assets for other non-participating policyholders and assets pertaining to shareholders'.

Schedules

forming part of financial statements (continued)

The investment risk on the assets held to cover linked liability is borne by the linked policyholders. The investment risk on assets held for the non-guaranteed portion of some of the non-participating policies and participating policies is borne by the respective policyholders. The impact of market value changes is therefore a pass through to large extent and impact on profitability of the Company is limited.

Further, the assets for other non-participating policyholders and assets pertaining to shareholders' investments include ~ 67% in Central Government and State Government securities and ~ 23% in AAA or equivalent rated corporate securities.

In accordance with the impairment policy of the Company, the quantitative and qualitative assessment is done by the Company as at March 31, 2021. These assessments have taken into account potential implications arising from COVID-19 on the investee companies. The details of impairment of investment assets is given in note 3.27.

Further, the Company has evaluated the recoverability of all the investment assets and the Company expects to recover the carrying amount of these assets.

Valuation of policy liabilities and solvency

We have observed the peak of reporting of claims around the month of September-October 2020, and we have been observing a downward trend in month on month claims reported since then basis the claim experience analysis due to Covid-19 on overall portfolio.

A global provision has been held to allow for additional claims on account of Covid-19, as the expected death outgo, net of reinsurance recovery, over next 12 months of FY2022. The age cohort wise Covid-19 claim experience as a % of IALM 12-14 on overall portfolio has been observed and the mortality assumption for Covid-19 claims are set based on the same with a margin of prudence.

The Company had carried out a stress test at March 31, 2021 position to assess potential impact on solvency margin taking into account the market stress and assess the solvency to be in line with the requirement of the IRDAI.

Recoverability of other current assets

The Company has evaluated the recoverability of its current assets which primarily includes investment related assets (interest accrued) and assets held for unclaimed amount of policyholders. The outstanding premium includes premium due for policies in grace period and have a corresponding policy liability amount ascertained for the same. The Company expects to recover the carrying amount of all these assets.

The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

3.53. Previous year comparatives

Previous year's figures have been regrouped and reclassified wherever necessary to conform to current year's presentation.

Independent Auditor's Report

**To the Members of
ICICI Prudential Life Insurance Company Limited**

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

OPINION

We have audited the accompanying consolidated financial statements of ICICI Prudential Life Insurance Company Limited (hereinafter referred to as the "Holding Company") and its subsidiary "ICICI Prudential Pension Funds Management Company Limited" (Holding Company and its subsidiary together referred to as the "Group"), which comprise the Consolidated Balance Sheet as at 31 March 2021, the Consolidated Revenue Account (also called the "Policyholders' Account" or the "Technical Account"), the Consolidated Profit and Loss Account (also called the "Shareholders' Account" or the "Non-Technical Account") and Consolidated Receipts and Payments Account for the year then ended and notes to consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of report of the other auditor on separate financial statements of such subsidiary as were audited by the other auditor, the aforesaid consolidated financial statements give the information required by the Insurance Act, 1938 (the "Insurance Act"), the Insurance

Regulatory and Development Authority Act, 1999 (the "IRDA Act"), the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations, 2002 (the "IRDA Financial Statements Regulations"), orders/ directions/circulars issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") and the Companies Act, 2013 (the "Act"), to the extent applicable, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2021, its consolidated net surplus, its consolidated profit and its consolidated receipts and payments for the year then ended.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of audit report of the other auditor referred to in sub-paragraph (b) of the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters below to be the key audit matters to be communicated in our report.

Information Technology (IT) systems	
Key audit matter	How our audit has addressed the key audit matter
<p>The Holding Company's is highly dependent on information systems and controls to process and record large volume of transactions, such that there exists a risk that gaps in the IT control environment could result in the financial accounting and reporting records being materially misstated.</p> <p>In addition, due to the COVID-19 situation, IT systems have been made accessible to employees on a remote basis which has resulted in increasing challenges around data protection.</p> <p>Due to the pervasive nature, complexity and importance of the impact of the IT systems and related control environment on the Company's financial reporting process, we have identified testing of such IT systems and related control environment as a key audit matter for the current year audit.</p>	<p>We have involved our IT specialists in our assessment of the IT systems and controls over financial reporting, which included carrying out the following key audit procedures:</p> <ul style="list-style-type: none"> Understood General IT Controls (GITC) over key financial accounting and reporting systems (referred to as "in-scope systems") which covered access controls, program/ system changes, program development and computer operations i.e. job processing, data/ system backup and incident management; Understood the IT infrastructure i.e. operating systems and databases and related data security controls in remote working scenario due to COVID-19; Tested controls over IT infrastructure covering user access including privilege users and system changes; Evaluated design and operating effectiveness for in-scope systems and application controls which covered segregation of duties, system interfaces, completeness and accuracy of data feeds and system reconciliation controls; Evaluated policies and strategies adopted by the Company in relation to operational security of key information infrastructure, data and client information management, and monitoring and crisis management; and Assessed whether controls have remained unchanged during the year or were changed after considering controls around change management process.

Valuation of Investments (31 March 2021: 2,122,024,171, 31 March 2020: 1,512,505,196) (INR in Thousand)

Refer Schedule 8,8A and 8B of the consolidated financial statements and refer schedule 16 note 2.12 on accounting policy

Key audit matter

How our audit has addressed the key audit matter

The Holding Company’s investment portfolio consists of Policyholders investments (unit linked and non-linked) and Shareholders investments. The Holding Company’s investment portfolio represents 99 percent of the Group’s total assets as at 31 March 2021. The investments are valued in accordance with the accounting policy framed as per Insurance Regulatory and Development Authority of India (Investment Regulations, 2016 (the “Investment Regulations”) issued by IRDAI and / or policies approved by the Board of Directors of the Company (collectively ‘the accounting policy’).

Investments in unit linked portfolio of INR 1,385,491,431 thousand are valued based on observable inputs as per their accounting policy and gains/losses are recognized in Revenue account. These unit linked portfolio investments do not represent an area of higher risk of material misstatement, however, are considered as a key audit matter due to their materiality to the consolidated financial statements.

Investments in non-linked and shareholders portfolio of INR 736,532,740 thousand are valued as per their accounting policy, basis which:

- the unrealized gains/ losses arising due to changes in fair value of listed equity shares and mutual fund units are taken to the “Fair Value Change Account” in Balance Sheet; and
- debt securities and unlisted equity shares are valued at historical cost.

Further, these investments in the non-linked and shareholders portfolio are assessed for impairment as per the Company’s investment policy which involves significant management judgement.

Further, there may be increased economic stress in various sectors due to the COVID-19 pandemic and which may have an impact on the valuation of investments, which is relevant in undertaking impairment assessment.

Hence, the valuation of investments (including impairment assessment) was considered to be one of the areas which would require significant auditor attention and one of the matter of most significance in the consolidated financial statements.

We have carried out the following key audit procedures:

- Understood the Holding Company’s process and tested the controls on the valuation of investments;
- Tested the design, implementation and operating effectiveness of key controls over the valuation process, including the Holding Company’s assessment and approval of estimates and assumption used for valuation including key authorization and data input controls thereof;
- Assessed valuation methodologies with reference to Investment Regulations issued by IRDAI and the Holding Company’s own Board approved valuation policy;
- For selected samples of listed investments, performed independent price checks using external quoted prices and by agreeing the inputs which were used in the Holding Company’s valuation techniques to external data;
- For selected samples of cost measured investments, we have tested the Holding Company’s assessment of impairment and evaluated whether the same was in accordance with the Holding Company’s impairment policy; and
- Evaluated how the Holding Company has factored in the impact of COVID-19 disruptions in the investment valuation process (including impairment assessment).

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR’S REPORT THEREON

The Holding Company’s management and Board of Directors are responsible for the other information. The other information comprises the Holding Company’s Management Report, Director’s Report, Corporate Governance, Management Discussion and Analysis and Enterprise Risk Management included in the Company’s Annual Report, but does not include the consolidated financial statements and our auditor’s report thereon. Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT’S AND BOARD OF DIRECTORS RESPONSIBILITIES FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company’s Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial

statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated net surplus/ deficit, consolidated profit/loss and the consolidated receipts and payments of the Group in accordance with the accounting principles generally accepted in India, including the provisions of the Insurance Act, the IRDA Act, the IRDA Financial Statements Regulations and orders/directions/circulars issued by the IRDAI in this regard, and Accounting Standards specified under section 133 of the Act, to the extent applicable.

The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and the Board of Directors of the companies included in the Group are responsible for assessing the ability of the each Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group is responsible for overseeing the financial reporting process of the Group.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks,

and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting in preparing of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group (Holding Company and subsidiary) to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entity included in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been audited by other auditor, such other auditor remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para (b) of the section titled 'Other Matters' in this audit report.

We believe that the audit evidence obtained by us along with the consideration of audit report of the other auditor referred to in subparagraph (b) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

- (a) The actuarial valuation of liabilities for life policies in force and policies in respect of which premium has been discontinued but liability exists as at 31 March 2021 is the responsibility of the Holding Company's Appointed Actuary (the "Appointed Actuary"). The actuarial valuation of these liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists as at 31 March 2021 has been duly certified by the Appointed Actuary and in her opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by IRDAI and the Institute of Actuaries of India in concurrence with the Authority. We have relied upon the Appointed Actuary's certificate in this regard for forming our opinion on the valuation of liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists for these financial statements.
- (b) We did not audit the financial statements of a subsidiary company, whose financial statements reflect total assets of ₹ 320,116 thousand as at 31 March 2021, total revenues of ₹ 30,968 thousand and net cash outflow amounting to ₹ 4,208 thousand for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditor whose report has been furnished to us by the Holding Company's Management, and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of such subsidiary and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary, is based solely on the audit report of the other auditor. In our opinion and according to the information and explanations given to us by the Management of the Holding Company, these financial statements are not material to the Group.

Our opinion on the consolidated financial statements, and our Report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditor.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditor on separate financial statement of the subsidiary as were audited by other auditor, as noted in the "Other Matters" paragraph, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the report of the other auditor;
 - c) The consolidated balance sheet, the consolidated revenue account, the consolidated profit and loss account and the consolidated receipts and payments account dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act to the extent not inconsistent with the accounting principles prescribed in the IRDA Financial Statements Regulations and orders / directions / circulars issued by IRDAI in this regard;
 - e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2021 taken on record by the Board of Directors of the Holding Company and the report of the statutory auditor of its subsidiary company, none of the directors of the Group companies is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act; and
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
2. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditor on separate financial statements of the subsidiary, as noted in the "Other Matters" paragraph:

- i. The consolidated financial statements disclose the impact of pending litigations as at 31 March 2021 on the consolidated financial position of the Group - Refer schedule 16 Note 3.23 to the consolidated financial statements;
- ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, on long-term contracts including derivative contracts - Refer schedule 16 Note 3.24 to the consolidated financial statements in respect of such items as it relates to the Group;
- iii. There are no amounts which are required to be transferred to the Investor Education and Protection Fund by the Holding Company or its subsidiary company; and
- iv. The disclosures in the consolidated financial statements regarding holdings as well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made since they do not pertain to the

financial year ended 31 March 2021 – Refer schedule 16 Note 3.27 to the consolidated financial statements.

3. With respect to the matter to be included in the Auditor's report under section 197(16), in our opinion and according to the information and explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of Section 197 of the Act read with section 34A of the Insurance Act. Based on the report of the statutory auditor of the subsidiary company which was not audited by us, the remuneration paid by the subsidiary company to its directors during the year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiary company is not in excess of the limit laid down under Section 197 of the Act read with Section 34A of the Insurance Act, as may be applicable. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure A

TO THE INDEPENDENT AUDITOR'S REPORT OF THE CONSOLIDATED FINANCIAL STATEMENTS OF ICICI PRUDENTIAL LIFE INSURANCE COMPANY LIMITED FOR THE YEAR ENDED 31 MARCH 2021

REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE AFORESAID CONSOLIDATED FINANCIAL STATEMENTS UNDER CLAUSE (j) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013

(Referred to in paragraph 1(f) under "Report on Other Legal and Regulatory Requirements" section of our report of even date)

In conjunction with our audit of the consolidated financial statements of ICICI Prudential Life Insurance Company Limited as of and for the year ended 31 March 2021, we have audited the internal financial controls with reference to consolidated financial statements of ICICI Prudential Life Insurance Company Limited (hereinafter referred to as "the Holding Company") and its subsidiary company "ICICI Prudential Pension Funds Management Company Limited", which is a company incorporated in India under the Companies Act, 2013 as of that date.

MANAGEMENT'S AND BOARD OF DIRECTORS RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS

The respective Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under Insurance Act, 1938 (the "Insurance Act"), the Insurance Regulatory and Development Authority Act, 1999 (the "IRDA Act"), the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations, 2002 (the "IRDA Financial Statements Regulations"), orders/ directions/circulars issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") and the Companies Act, 2013 (the "Act"), to the extent applicable.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the

extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor of the subsidiary in terms of their report referred to in the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

A Company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Holding Company and its subsidiary company incorporated in India, have in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note.

OTHER MATTERS

- a. The actuarial valuation of liabilities for life policies in force and policies in respect of which premium has been discontinued but liability exists as at 31 March 2021 has been certified by the Holding Company's Appointed Actuary as per the IRDA Financial Statement Regulations, and has been relied upon by us, as mentioned in "Other Matters" of our audit report on the consolidated financial statements of the Group for the year ended 31 March 2021. Accordingly, our opinion on the internal financial controls with reference to consolidated financial statements does not include reporting on the design and operating effectiveness of the management's internal controls over the valuation and accuracy of the aforesaid actuarial valuation.
- b. Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to the subsidiary company, which is a company incorporated in India, is based on the corresponding report of the auditor of such subsidiary company incorporated in India.

Our opinion is not modified in respect of the above matters.

SCHEDULE: 16

Significant accounting policies and notes forming part of the Consolidated Financial Statements for the year ended March 31, 2021

1. Corporate Information

These financial statements comprise of the consolidated financial statements of ICICI Prudential Life Insurance Company Limited, the holding company, with the financial statements of its subsidiary ICICI Prudential Pension Funds Management Company Limited (together referred to as "the Group").

ICICI Prudential Life Insurance Company Limited promoted by ICICI Bank Limited and Prudential Corporation Holdings Limited, incorporated on July 20, 2000 as a Company under the Companies Act, 2013 ('the Act'). The holding company is licensed by the Insurance Regulatory and Development Authority of India ('IRDAI') for carrying life insurance business in India. The license is in force as at March 31, 2021. The equity shares of the holding company are listed on the National Stock Exchange of India (NSE) and The BSE Limited (BSE).

The holding company carries on business of providing life insurance, pensions and health insurance products to individuals and groups. Riders providing additional benefits are offered under some of these products. The business is conducted in participating, non-participating and unit linked lines of businesses. These products are distributed through individual agents, corporate agents, banks, brokers, the Company's proprietary sales force and the holding company website.

ICICI Prudential Pension Funds Management Company Limited ('the Subsidiary') is a wholly owned subsidiary of ICICI Prudential Life Insurance Company Limited, incorporated on April 22, 2009 as a company under the Companies Act, 1956 ('the Act'). The Subsidiary is licensed by the Pension Funds Regulatory and Development Authority ('PFRDA') for acting as a Pension Fund Manager for the management of the pension funds under the National Pension System. The license is in force at March 31, 2021. The Company has further obtained registration as Point of Presence (PoP) for NPS distribution and servicing for public at large through physical as well as online platform with effect from February 13, 2019. The Company commenced the PoP business during quarter ended September 30, 2019.

2. Summary of significant accounting policies

2.1. Basis of preparation

The accompanying consolidated financial statements are prepared and presented under the historical cost convention, unless otherwise stated, and on the accrual basis of accounting, in accordance with accounting principles generally accepted in India ('Indian GAAP'). The Group has prepared the financial statements in compliance with the accounting standards notified under section 133 of the Companies Act 2013, to the extent applicable and in accordance with the provisions of the Insurance Act, 1938 Insurance Regulatory and Development Authority Act, 1999, the Insurance Regulatory and Development Authority (Preparation of Financial

Statements and Auditors' Report of Insurance Companies) Regulations, 2002 and various orders/directions/circulars issued by the IRDAI and the practices prevailing within the insurance industry in India. Accounting policies applied have been consistent with previous year.

The management evaluates all recently issued or revised accounting pronouncements on an ongoing basis.

2.2. Use of estimates

The Group's management makes estimates and assumptions that affect the reported amounts of income and expenses for the year, reported balances of assets and liabilities, and disclosures relating to contingent liabilities as on the date of the financial statements. The estimates and assumptions used in the accompanying consolidated financial statements are based upon management's evaluation of the relevant facts and circumstances as on the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively.

2.3. Revenue recognition

2.3.1. Premium income

Premium for non-linked policies is recognised as income (net of goods and service tax) when due from policyholders. For unit linked business, premium is recognised as income when the associated units are created. Premium on lapsed policies is recognised as income when such policies are reinstated.

Products having regular premium paying plans with limited premium payment term and/or pre-determined policy term are treated as regular business with due classification of premium into first year and renewal. Premium income on products other than aforesaid is classified as single premium.

Top up premiums are considered as single premium.

2.3.2. Reinsurance premium ceded

Reinsurance premium ceded is accounted in accordance with the terms and conditions of the relevant treaties with the reinsurer. Profit commission on reinsurance ceded is netted off against premium ceded on reinsurance.

2.3.3. Reinsurance premium accepted

Reinsurance premium accepted is accounted in accordance with the terms and conditions of the relevant treaties/arrangements with the insurer.

2.3.4. Income from investments

Interest income on investments is recognised on accrual basis. In case of Life insurance business, amortisation of premium or accretion of discount on debt securities is recognised over the remaining term of such instruments on the basis of effective interest rate method.

Dividend income, in respect of other than unit linked business, is recognised when the right to receive dividend is established. Dividend income, in respect of unit linked business, is recognised on the 'ex-dividend date'.

Fees received on lending of equity shares under Securities Lending and Borrowing scheme (SLB) is recognised as income over the period of the lending on a straight-line basis.

Schedules

forming part of consolidated financial statements (continued)

Lease rentals on investment property is recognised on accrual basis and include only the realised rent and does not include any notional rent, as prescribed by IRDA (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002. Costs related to operating and maintenance of investment property are recognised as expense in the Revenue Account or Profit and Loss Account, when incurred.

Profit or loss on sale/redemption of debt securities for other than unit linked business is the difference between the sale consideration net of expenses and the weighted average amortised cost as on the date of sale. Profit or loss on sale/redemption of debt securities for unit linked business is the difference between the sale consideration net of expenses and the weighted average book cost as on the date of sale.

Profit or loss on sale/redemption of equity shares, equity exchange traded fund (ETF) and mutual fund units is the difference between the sale consideration net of expenses and the weighted average book cost as on the date of sale. In respect of other than unit linked business, the profit or loss also includes the accumulated changes in the fair value previously recognised in Balance Sheet as "Fair Value Change Account".

2.3.5. Income from unit linked policies

Income from unit linked policies, which includes fund management charges, policy administration charges, mortality charges and other charges, if any, are recovered from the unit linked funds in accordance with terms and conditions of policies issued and are recognised when due.

2.3.6. Fees and charges

In case of Life Insurance business, fees and charges include policy reinstatement fee and loan processing fee which are recognised on receipt basis

Interest income on loans is also included in fees and charges which is recognised on an accrual basis.

In case of Pension Fund Management business, Investment management fees are recognised on an accrual basis in accordance with the terms of contract between the subsidiary and the National Pension System Trust, established by the PFRDA.

2.4. Acquisition cost

Acquisition costs are costs that vary with and are primarily related to acquisition of insurance contracts. It consists of costs like commission, stamp duty, policy issuance, employee cost and other related costs pertaining to the acquisition of insurance contracts. These costs are expensed in the period in which they are incurred.

2.5. Employee benefits

2.5.1. Short term employee benefits

Employee benefits payable within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, bonuses, short term compensated absences and other non-monetary benefits are recognised in the period in which the employee renders the related service. All short term employee benefits are accounted on undiscounted basis.

2.5.2. Long term employee benefits: Post-employment

The holding company has both defined contribution and defined benefit plans.

Defined contribution plan

Superannuation and National Pension Scheme- The holding company has a defined contribution scheme for Superannuation and National Pension Scheme for employees who opt for it. The Superannuation scheme is managed by ICICI Prudential Life Insurance Company Limited Superannuation Scheme and the National Pension Scheme is managed and administered by pension fund management companies licensed by the Pension Funds Regulatory and Development Authority ('PFRDA'). The contributions made to the both the schemes are on a monthly basis, when due, and charged to Revenue Account and Profit and Loss Account, as applicable. The holding company does not have any further obligation beyond the contributions made to the funds.

Defined benefit plans

Gratuity and Provident fund are defined benefit obligations.

Gratuity: The gratuity benefit payable to the employees of the holding company is as per the provisions of the Payment of Gratuity Act, 1972 or the holding company's gratuity plan, whichever is higher. The gratuity liability of the holding company is actuarially determined by and independent actuary at each Balance Sheet date using projected unit credit method.

The holding company contributes towards net liabilities to ICICI Prudential Life Insurance Company Limited Employees' Group Gratuity Cum Life Insurance Scheme.

The holding company recognises the net obligation of the Scheme in Balance Sheet as an asset or liability, respectively in accordance with Accounting Standard (AS) 15 (revised 2005), 'Employee benefits'. The discount rate used for estimation of liability is based on Government securities yield. Gain or loss arising from change in actuarial assumptions/experience adjustments is recognised in the Revenue account and Profit or Loss account for the period in which they emerge. Estimated rate of return on plan assets is based on the expected average long-term rate of return on investments of the Fund during the estimated term of the obligations.

Provident fund: The holding company's defined benefit obligation towards interest rate guarantee on the exempt provident fund is actuarially determined by and independent actuary and measured in accordance with the Guidance Note (GN 29) on Valuation of Interest Rate Guarantees on Exempt Provident Funds under AS 15 (Revised) issued by The Institute of Actuaries of India. The contribution paid or payable is charged to the Revenue Account and Profit or Loss Account during the period in which the employee renders the related service.

2.5.3. Other long term employee benefits

Other long term employee benefits includes accumulated compensated absences that are entitled to be carried forward for future encashment or availment, at the option of the employee subject to the rules framed by the holding company and includes long term retention incentive payable to

Schedules

forming part of consolidated financial statements (continued)

employees on fulfilment of criteria prescribed the holding company. The holding company's liability towards accumulated compensated absences entitlement outstanding at the close of the year and long term retention incentive are determined actuarially, by an independent actuary using projected unit credit method and are recognised as a liability at the discounted present value of the obligation as at the Balance Sheet date. The holding company assumes net liability for the above in accordance with AS-15 (Revised).

2.5.4. Employee share based payments

The Employee Stock Option Scheme ('the Scheme') provides that eligible employees are granted options to subscribe to equity shares of the holding company which vest in a graded manner. The vested options may be exercised within a specified period.

The Company follows the intrinsic value method to account for its share-based employee compensation plans in accordance with the Guidance Note on Accounting for Employee Share based Payments, issued by the Institute of Chartered Accountants of India (ICAI) Intrinsic value is measured as the excess, if any, of the fair market price of the underlying stock over the exercise price on the grant date and amortised over the vesting period. The fair market price is the latest closing price, immediately prior to the grant date, on the stock exchange on which the shares of the company are listed. If the shares are listed on more than one stock exchange, then, the stock exchange where there is highest trading volume on the said date is considered.

2.6. Operating leases

Leases where the lessor effectively retains substantially all the risks and rewards of ownership are classified as operating leases. Payments made under operating lease including escalations are recognised as an expense, on a straight line basis, over the lease term in Revenue/ Profit and Loss Account over the non-cancellable lease term.

2.7. Borrowing costs

Borrowing costs are charged to the Profit and Loss Account in the period in which these are incurred.

2.8. Provision for doubtful debts

The Company regularly evaluates the probability of recovery and provides for doubtful deposits, advances and others receivables in accordance with the Company's policy which is in line with the IRDAI regulations.

2.9. Benefits paid

Benefits paid comprise of policy benefits and claim settlement costs, if any.

Death and rider claims are accounted for on receipt of intimation. Survival, maturity and annuity benefits are accounted when due. Withdrawals and surrenders under non linked policies are accounted on the receipt of intimation. Withdrawals and surrenders under unit linked policies are accounted in the respective schemes when the associated units are cancelled. Claim settlement cost, legal & other fees shall also form part of claim cost wherever applicable.

Reinsurance claims are accounted for in the period in which the claim is intimated.

Repudiated claims and other claims disputed before the judicial authorities are provided for on prudent basis as considered appropriate by the management.

2.10. Actuarial liability valuation

The actuarial liabilities are calculated in accordance with the accepted actuarial practice, requirements of Insurance Act, 1938, as amended from time to time, regulations notified by the Insurance Regulatory and Development Authority of India, relevant Guidance Notes and Actuarial Practice Standards of the Institute of Actuaries of India.

The prescribed method of valuation is the Gross Premium Valuation (GPV). The reserve held represents the net present value of benefits and expenses less premiums. The following is the broad method of the valuation.

- The reserves are calculated on a per policy basis.
- Any negative reserves are zeroised, so that a policy is not treated as an asset.
- The minimum value of reserves is the higher of the guaranteed surrender value, non- guaranteed surrender value, and zero.

Valuation parameters are set prudently and include a margin for adverse deviation (MAD) as required under APS7 issued by Institute of Actuaries of India.

For linked business, unit liabilities are fully matched. A non-unit reserve is also held which includes provision for the cost of any guarantee.

2.11. Funds for Future Appropriations (FFA) FFA (Participating)

The unappropriated surplus is held in the Participating Fund is held in the Balance Sheet as Funds for Future Appropriations.

No Funds for Future Appropriations is held for other funds.

2.12. Investments

Investments are made and accounted for in accordance with the Insurance Act, 1938, Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016, Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002, Investments – Master circular, Investment Policy of the Company and various other circulars/notifications issued by the IRDAI in this context from time to time.

Investments are recorded at cost on the date of purchase, which includes brokerage and taxes, if any, but excludes interest accrued as on the date of purchase.

Broken period interest paid/received is debited/credited to income accrued on investments and deposits.

Bonus entitlements are recognised as investments on the 'ex- bonus date'.

Rights entitlements are recognised as investments on the 'ex-rights date'.

Any front end discount on investments is reduced from the cost of such investments.

Schedules

forming part of consolidated financial statements (continued)

2.12.1. Classification

Investments maturing within twelve months from the Balance Sheet date and investments made with the specific intention to dispose them off within twelve months from the Balance Sheet date are classified as short-term investments.

Investments other than short-term investments are classified as long-term investments.

2.12.2. Valuation - Other than Unit Linked business

All debt securities including government securities and redeemable preference shares are considered as 'held to maturity' and stated at historical cost, subject to amortisation of premium or accretion of discount over the remaining period to maturity on effective interest rate method.

Money market instruments are valued at historical cost, subject to accretion of discount over the remaining period to maturity based on effective interest rate method.

Listed equity shares and equity exchange traded funds (ETF) at the Balance Sheet date are stated at fair value being the last quoted closing price on the National Stock Exchange of India Limited ('NSE') (in case the securities are not listed on NSE, the last quoted closing price on BSE Limited ('BSE') is used). Unlisted equity shares are stated at historical cost. Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the Company retains all the associated risks and rewards of these securities.

Mutual fund units are valued based on the previous days' net asset values.

Unrealised gains/losses arising due to changes in the fair value of listed equity shares and mutual fund units are taken to the "Fair Value Change Account" in the Balance Sheet.

Investment property is held to earn rental income or for capital appreciation and is not occupied by the Company. Investment property is initially valued at cost including any directly attributable transaction costs. Investment property is revalued at least once in every three years. The change in carrying amount of investment property is taken to "Revaluation reserve" in the Balance Sheet.

Investments in venture fund units are valued at historical cost.

Investments in reverse repo and tri-party repo are valued at cost plus interest accrued.

Fixed deposits with banks are valued at cost.

The Company assesses at each Balance Sheet date whether there is any evidence of impairment of any investments. In case of impairment, the carrying value of such investment is reduced to its fair value and the

impairment loss is recognised in the Revenue/Profit and Loss account after adjusting it with previously recognised revaluation reserve/fair value change account. However, at the Balance Sheet date if there is any indication that a previously recognised impairment loss no longer exists, then such loss is reversed and the investment is restated to that extent.

2.12.3. Valuation - Unit Linked business

Central and State government securities are valued as per the valuation price provided by Credit Rating Information Services of India Limited (CRISIL).

Debt securities other than government securities with a residual maturity over 182 days are valued on a yield to maturity basis, by using spreads over the benchmark rate (based on the matrix released by CRISIL on daily basis) to arrive at the yield for pricing the security.

Debt securities with a residual maturity upto 182 days are valued at last valuation price plus the difference between the redemption value and last valuation price, based on effective interest rate method over the remaining period to maturity of instrument. (based on the matrix released by the CRISIL on daily basis).

Money market instruments are valued at historical cost, subject to accretion of discount over the period of maturity/holding based on effective interest rate method.

Listed equity shares, redeemable preference shares and equity ETF are valued at market value, being the last quoted closing price on NSE (in case of securities not listed on NSE, the last quoted closing price on BSE is used). Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the Company retains all the associated risks and rewards of these securities.

Mutual fund units are valued based on previous day's Net Asset Value.

Venture fund units are valued at the latest available net asset value of the respective fund.

Securities with call option are valued at the lower of the value as obtained by valuing the security upto final maturity date or the call option date. In case there are multiple call options, the security is valued at the lowest value obtained by valuing the security at various call dates or upto the final maturity date (based on the matrix released by the CRISIL on daily basis)

Securities with put option are valued at the higher of the value as obtained by valuing the security upto final maturity date or the put option date. In case there are multiple put options, the security is valued at the highest value obtained by valuing the security at various put dates or upto the final maturity date (based on the matrix released by CRISIL on a daily basis)

The securities with both put and call option on the same day would be deemed to mature on the put/call date and would be valued on a yield to maturity basis, by using spreads over the benchmark rate based on the matrix released by CRISIL on daily basis. Investments in reverse repo and tri-party repo are valued at cost plus interest accrued.

Schedules

forming part of consolidated financial statements (continued)

Unrealised gains and losses are recognised in the Revenue account as prescribed by IRDA (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002.

Fixed deposits with banks are valued at cost.

2.12.4. Valuation – Pension fund management business

Short term investments are carried at lower of cost or fair value determined on an individual investments basis. Long term investments are carried at cost.

2.12.5. Transfer of investments

Transfer of investments from Shareholders' account to the Policyholders' account to meet the deficit in the Policyholders' account is made at the cost price or market price, whichever is lower. In case of debt securities including money market instruments, all transfers are made at the lower of the market price and the net amortized cost.

The transfer of investments between unit linked funds is done at the price as specified below.

- a. In case of equity, preference shares, ETFs and Government Securities market price of the latest trade.
- b. In case of securities mentioned in (a) if the trade has not taken place on the day of transfer and for all other securities not part of (a) previous day valuation price.

No transfer of investments is carried out between non-linked policyholders' funds.

2.13. Interest rate derivatives

Interest rate derivative contracts are used for hedging of highly probable forecasted transactions on insurance contracts and investment cash flows in life, pension and annuity business. The Company follows hedge accounting in accordance with the 'Guidance Note on Accounting for Derivative Contracts' issued by the Institute of Chartered Accountants of India (ICAI) and IRDAI Investment Master Circular as amended from time to time.

At the inception of the hedge, the Company documents the relationship between the hedging instrument and the hedged item, the risk management objective and strategy for undertaking the hedge, nature of risk being hedged, identification of the instrument and the hedged item and the methods used to assess the hedge effectiveness. Hedge effectiveness is the extent to which changes in the fair value or the cash flows of the hedging instrument offset changes in the fair value or the cash flows of the hedged item. Hedge effectiveness is ascertained at the time of inception of the hedge and on each reporting date.

The Forward Rate Agreement (FRA) contract is valued at the difference between the market value of underlying bond at the spot reference yield taken from the SEBI approved rating agency and present value of the contracted forward price of underlying bond including present value of intermediate coupon inflows from valuation date till FRA contract settlement date, discounted by the INR-Overnight Index Swap (OIS) rate curve.

The Company follows cash flow hedge accounting for interest rate derivatives. The portion of the fair value gain/loss on the interest rate derivative that is determined to be an effective hedge is recognised directly in 'Credit/(Debit) Fair Value Change Account' in the Balance Sheet under policyholders' funds and the portion that gets determined as ineffective hedge or ineffective portion of effective hedge, based on the hedge effectiveness assessment is recognized in the Revenue Account under head "Transfer/Gain on revaluation/Change in fair value".

The accumulated gains or losses that were recognised directly in the 'Credit/(Debit) Fair Value Change Account' in the Balance Sheet are reclassified into the Revenue Account, in the same period or periods during which income on the investments acquired from underlying forecasted cash flow is recognized in the Revenue Account. In the event that all or any portion of gain or loss, recognised directly in the 'Credit/(Debit) Fair Value Change Account' in the Balance Sheet is not expected to be recovered in future periods, the amount that is not expected to be recovered is reclassified to the Revenue Account.

2.14. Loans

Loans are stated at historical cost less repayments, subject to provision for impairment, if any.

Loans are classified as short term in case the maturity is less than twelve months. Loans other than short term are classified as long term.

2.15. Fixed assets and Impairment

2.15.1. Tangible assets and depreciation

Tangible assets are stated at acquisition cost less accumulated depreciation and impairment loss, if any. Cost includes the purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities) and any cost directly attributable to bring the asset to its working condition for its intended use and other incidental expenses incurred upto that date. Subsequent expenditure incurred on tangible assets is expensed out except where such expenditure results in an increase in future benefits from the existing assets beyond its previously assessed standard of performance.

The useful life of various category of assets is as below:

Asset	Useful life (years)
Office buildings on freehold land	60
Improvement to leasehold properties	60 years or lease period whichever is lower
Furniture and fixtures	5 to 10
Office equipment	5 to 10
Information technology equipment	3
Communication networks and servers	6
Motor vehicles	5

Schedules

forming part of consolidated financial statements (continued)

Schedule II of the Companies Act 2013 specifies the useful life of eight years for motor vehicle. As per Company policy, the motor vehicle is transferred to employee on completion of five years or at written down value (WDV) in case of separation of employee before five years. Accordingly, the Company has depreciated the motor vehicle over five years. Assets costing upto ₹ 5,000 are considered to be immaterial in value and hence fully depreciated in the month of acquisition.

Depreciation is provided using straight-line method ('SLM') prorated from the date of being ready to use, upto the date of sale, based on estimated useful life for each class of asset.

2.15.2. Intangibles

Intangible assets comprising software are stated at cost less amortisation. Significant expenditure on improvements to software are capitalised when it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably. Subsequent capital expenditures are amortised over the remaining useful life of original software. Software expenses are amortised using SLM over a period of 4 years from the date of being ready to use.

2.15.3. Capital work in progress

Assets not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses.

2.15.4. Impairment of assets

Management periodically assesses, using external and internal sources, whether there is any indication that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset unit is made. Impairment occurs where the carrying value of the asset exceeds the recoverable amount. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the asset and its ultimate disposal. If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount, subject to a maximum of depreciable historical cost.

2.16. Taxation

2.16.1. Direct taxes

Income tax expense comprises of current tax (i.e. amount of tax for the year determined in accordance with the Income Tax Act, 1961) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the year).

Current tax is the amount expected to be paid to the tax authorities after taking credit for allowances and exemptions in accordance with the Income Tax Act, 1961.

The Company calculates tax for the participating lines of business in order to ensure that the expenses pertaining to and identifiable with a particular line of business are represented as such to enable a more appropriate presentation of the financial statements. Accordingly, tax charge/credit on surplus/deficit arising from the participating line of business is disclosed separately in the Revenue account.

The deferred tax asset and liabilities are recognised using the tax rates that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are recognised and carried forward only to the extent there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. However, deferred tax asset in respect of unabsorbed depreciation or carried forward loss are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed at each Balance Sheet date and written down or written up to reflect the amount that is reasonable / virtually certain (as the case may be) to be realised.

2.16.2. Indirect taxes

Goods and Services tax liability on life insurance service is set-off against the respective input tax credits available from tax paid on input services for each state. Unutilised credits, if any, are carried forward under "Advances and other assets" for future set-off, where there is reasonable certainty of utilisation.

2.17. Provisions and contingencies

Provision is recognized when the company has a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined based on the management estimate of amount required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

A disclosure of a contingent liability is made when there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources or it cannot be reliably estimated. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed.

2.18. Segmental reporting

Identification of segments

Based on the primary segments identified under IRDA (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002 ('the Regulations') read with AS 17 on "Segmental Reporting" notified under section 133 of the Companies Act 2013 and rules thereunder, the Company has classified and disclosed segmental information separately for Shareholders' and Policyholders'. Within Policyholders', the businesses are further segmented into Participating

(Life and Pension), Non-Participating (Life and Pension), Non-Participating variable (Life and Pension), Annuity, Health and Linked (Life, Pension, Health and Group).

There are no reportable geographical segments, since all business is written in India.

Allocation/ Apportionment methodology

The allocation and apportionment of revenue, expenses, assets and liabilities to specific segments is done in the following manner, which is applied on a consistent basis.

- Revenue, expenses, assets and liabilities that are directly identifiable to the respective segments are allocated on actual basis;
- Other revenue, expenses (including depreciation and amortisation), assets and liabilities that are not directly identifiable to a respective segment are apportioned based on one or combination of some of the relevant drivers which includes:
 - Number of policies
 - Weighted annualised first year premium income
 - Annualised premium since inception
 - Sum assured
 - Total premium income
 - Medical cases
 - Funds under management
 - Commission
 - Total operating expenses (for assets and liabilities)
 - Use of asset (for depreciation expense)

2.19. Foreign exchange transactions

Initial recognition: Foreign currency transactions are recorded in Indian Rupees, by applying to the foreign currency amount the exchange rate between the Indian Rupee and the foreign currency at the date of the transaction.

Conversion: Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange differences: Exchange differences arising on such conversions are recognised as income or as expenses in the period in which they arise either in the Revenue Account or the Profit and Loss Account, as the case may be.

2.20. Earnings per share

Basic earnings per share are calculated by dividing the profit or loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the profit or loss after tax for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value. Dilutive potential equity shares are determined independently for each period presented.

2.21. Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Receipts and Payments account include cash and cheques in hand, bank balances, liquid mutual funds and other investments with original maturity of three months or less which are subject to insignificant risk of changes in value.

Receipts and Payments Account is prepared and reported using the Direct Method in accordance with Accounting Standard (AS) 3, "Cash Flow Statements" as per requirements of Master Circular of IRDA (Preparation of Financial Statements and Auditors' Report of Insurance Companies) regulations, 2002.

2.22. Unclaimed amount of policyholders

Pursuant to IRDAI circular no. IRDA/F&A/CIR/CLD/114/05/2015 dated May 28, 2015, IRDA/F&A/CIR/CPM/134/07/2015 dated July 24, 2015 on "Handling of unclaimed amounts pertaining to policyholders" ("the Regulations") and IRDA/F&A/CIR/Misc/282/11/2020 dated November 17, 2020, the Company has created a single segregated fund to manage all unclaimed monies.

Unclaimed amount of policyholders' liability is determined on the basis of NAV of the units outstanding as at the valuation date.

Assets held for unclaimed amount of policyholders and unclaimed amount of policyholders' liability are considered as Current Assets & Current Liabilities, and disclosed in Schedule 12 "Advances and Other Assets" and Schedule 13 "Current Liabilities" respectively.

Income on unclaimed amount of policyholders is accreted to the unclaimed fund and is accounted for on an accrual basis, net of fund management charges.

The unclaimed of policyholders which are more than 120 months as on 30 September every year, are transferred to the Senior Citizens' Welfare Fund (SCWF) on or before 01 March of that financial year.

Schedules

forming part of consolidated financial statements (continued)

3. Notes to Accounts

3.1. Contingent liabilities

Particulars	(₹ 000)	
	At March 31, 2021	At March 31, 2020
Partly-paid up investments*	10,612,933	4,500,000
Claims, other than those under policies, not acknowledged as debts comprising of:		
-Claims made by vendors for disputed payments	1,176	1,176
-Claims for damages made by landlords (of premises taken on lease)	41,354	41,354
-Claims made by employees and advisors for disputed dues and compensation	8,523	9,023
Underwriting commitments outstanding (in respect of shares and securities)	-	-
Guarantees given by or on behalf of the Company by various banks in favour of government authorities, hospital and court	-	-
Statutory demands/liabilities in dispute, not provided for#	1,536,996	1,536,996
Reinsurance obligations to the extent not provided for	-	-
Policy related claims under litigation in different consumer forums:		
-Claims for service deficiency	69,585	70,921
-Claims against repudiation	845,791	547,788
Total	13,116,358	6,707,258

*in respect of partly paid debentures & equity shares

#amount pertains to objections raised by office of the Commissioner of Service tax, Goods and Service tax Mumbai on certain tax positions taken by the Company.

3.2 Actuarial method and assumptions

The actuarial liability in respect of both participating and non-participating policies is calculated using the gross premium method, using assumptions for interest, mortality, morbidity, expense and inflation and, in the case of participating policies, future bonuses together with allowance for taxation and allocation of profits to shareholders. These assumptions are determined as prudent estimates at the date of valuation including allowances for possible adverse deviations.

The liability for the unexpired portion of the risk for the non-unit liabilities of linked business and attached riders is the higher of the liability calculated using discounted cash flows and the unearned premium reserve.

An unexpired risk reserve and a reserve in respect of claims incurred but not reported is held for contracts wherein there is a possibility of lag in intimation of claims.

The unit liability in respect of linked business is the value of the units standing to the credit of policyholders, using the Net Asset Value ('NAV') prevailing at the valuation date.

A brief of the assumptions used in actuarial valuation is as below:

- The interest rates used for valuing the liabilities are in the range of 3.13% to 5.56% per annum. The interest rates used at March 31, 2020 were in the range of 4.25% to 6.59% per annum.
- Mortality rates used are based on the published "Indian Assured Lives Mortality (2012 – 2014) Ult." mortality table for assurances and LIC (a) 96-98 table for annuities adjusted to reflect expected experience. Morbidity rates used are based on CIBT 93 table, adjusted for expected experience, or on risk rates provided by reinsurers.
- Expenses are provided for at least at the current levels in respect of renewal expenses, with no allowance for any future improvement.
- Per policy renewal expenses are assumed to inflate at 4.22% per annum. The expense inflation assumption used at March 31, 2020 was 4.05%.
- The bonus rates for participating business to be declared in the future is consistent with the valuation assumptions.
- The tax rate applicable for valuation at March 31, 2021 is 14.56% per annum. The tax rate applicable for valuation at March 31, 2020 was 14.56% per annum.

Schedules

forming part of consolidated financial statements (continued)

Certain explicit additional provisions are made, which include the following:

- a) Reserves for additional expenses that the Company may have to incur if it were to close to new business twelve months after the valuation date.
- b) Reserves for guarantees available to individual and group insurance policies.
- c) Reserves for cost of non-negative claw back additions.
- d) Reserves for free look option given to policyholders calculated using a free look cancellation rate of 2.70% as on March 31, 2021. The free look cancellation assumption used at March 31, 2020 was 2.70%.
- e) Reserves for lapsed policies eligible for revivals.
- f) Based on its current evaluation, the Company is carrying a provision of ₹ 29,864 lakhs as at March 31, 2021, for potential claims due to COVID, in excess of normal provisions. Additionally a provision for Incurred but Not Reported claims on account of Covid-19 of ₹ 3,364 lakhs is also held.
- g) An additional reserve is held for incurred but not reported claims.

3.3. Reconciliation of unclaimed amounts of policyholders

Pursuant to IRDAI circular No. IRDA/F&A/CIR/CLD/114/05/2015 dated May 28, 2015 and IRDA/F&A/CIR/CPM/134/07/2015 dated July 24, 2015 on "Handling of unclaimed amounts pertaining to policyholders", the Company has created a single segregated fund to manage all the unclaimed monies. The amount in such unclaimed fund has been invested in money market instruments and /or fixed deposit of scheduled banks.

The amount in the unclaimed fund has been disclosed in schedule 12 as "Assets held for unclaimed amount of policyholders". Investment income accruing to the unclaimed fund has been credited to the fund and disclosed as "Other Income under Linked Life segment in the Revenue Account. Such investment income net of fund management charges ("FMC") is paid/ accrued as "interest on unclaimed amounts" in schedule 4 of the financial statements as "Benefits paid".

Reconciliation of unclaimed amounts of policyholders:

Further in accordance with the master circular IRDA/F&A/CIR/Misc/282/11/2020 issued by the IRDAI on November 17, 2020, the details of unclaimed amounts and investment income at March 31, 2021 is tabulated as under:

(₹ in lacs)

Particulars	For year ended March 31, 2021		For year ended March 31, 2020	
	Policy Dues	Income Accrued	Policy Dues	Income Accrued
Opening Balance at April 01	79,038	4,285	59,745	6,783
Add: Amount transferred to Unclaimed Fund	92,251	295	41,217	214
Add: Cheques issued out of the unclaimed amount but not encashed by the policyholders (stale cheques)	13,451	67	53,673	422
Add: Investment Income on Unclaimed Fund	-	3,772	-	3,479
Less: Amount of claims paid during the quarter	107,056	3,299	74,968	6,558
Less: Amount transferred to SCWF (net of claims paid in respect of amounts transferred earlier)	1,749	180	629	55
Closing Balance of Unclaimed Amount Fund at March 31	75,935	4,940	79,038	4,285

*amount disclosed in lacs in accordance with IRDAI master circular No. IRDA/F&A/CIR/Misc/282/11/2020

Schedules

forming part of consolidated financial statements (continued)

3.4. Age wise analysis of unclaimed amount of policyholders

In accordance with master circular IRDA/F&A/CIR/Misc/282/11/2020 issued by the IRDAI on November 17, 2020, the age wise analysis of unclaimed amount of the policyholders at is tabulated below:

For the year ended March 31, 2021

Particulars	Total amount	Age-wise analysis (₹ in lacs)*							
		Outstanding period in months							
		0-6	7-12	13-18	19-24	25-30	31-36	37-120	More than 120
Claims settled but not paid to the policyholders / beneficiaries due to any reasons except under litigation from the insured/policyholders:	32	2	1	-	-	-	25	4	-
Sum due to the policyholders/beneficiaries on maturity or otherwise:	29,934	3	10,413	5,177	2,413	2,921	2,348	6,649	10
Any excess collection of the premium/tax or any other charges which is refundable to the policyholder / beneficiaries either as terms of conditions of the policy or as per law or as may be directed by the Authority but not refunded so far:	77	-	29	9	4	4	5	25	1
Cheques issued but not encashed by the policyholder / beneficiaries**:	50,832	152	8,757	8,368	4,258	3,902	1,832	20,972	2,591
Total	80,875	157	19,200	13,554	6,675	6,827	4,210	27,650	2,602

For the year ended March 31, 2020

Particulars	Total amount	Age-wise analysis (₹ in lacs)*							
		Outstanding period in months							
		0-6	7-12	13-18	19-24	25-30	31-36	37-120	More than 120
Claims settled but not paid to the policyholders / beneficiaries due to any reasons except under litigation from the insured/policyholders:	33	-	1	-	23	9	-	-	-
Sum due to the policyholders/beneficiaries on maturity or otherwise:	27,541	-	6,200	7,034	4,548	5,200	1,587	2,972	-
Any excess collection of the premium/tax or any other charges which is refundable to the policyholder / beneficiaries either as terms of conditions of the policy or as per law or as may be directed by the Authority but not refunded so far:	134	-	9	79	14	10	9	13	-
Cheques issued but not encashed by the policyholder / beneficiaries**:	55,615	412	11,658	9,774	5,326	5,045	2,595	19,933	872
Total	83,323	412	17,868	16,887	9,911	10,264	4,191	22,918	872

*amount disclosed in lacs in accordance with IRDA/F&A/CIR/Misc/282/11/2020

**cheques issued but not encashed by policyholder/beneficiary do not include cheques which are within the validity period.

In accordance with IRDAI Master circular No. IRDA/F&A/CIR/Misc/282/11/2020 on "Unclaimed Amount of Policyholders" dated November 17, 2020 read with rule 3 (6) of Senior Citizens' Welfare Fund Rules, 2016, the unclaimed of policyholders which are more than 120 months as on 30 September every year, will be transferred to the Senior Citizens' Welfare Fund (SCWF) on or before 01 March of that financial year.

Schedules

forming part of consolidated financial statements (continued)

3.5. Direct taxes

The current tax provision is determined in accordance with the provisions of Income Tax Act, 1961. The provision for current tax for the year ended March 31, 2021 is ₹ 2,630,973 thousand (year ended March 31, 2020: ₹ 1,313,915 thousand).

The provision for current tax includes an amount of ₹ 1,417,574 thousand for the year ended March 31, 2021 (year ended March 31, 2020: ₹ 1,313,915 thousand) which has been charged on the total surplus of the participating line of business in Revenue Account, in line with the Company's accounting policy.

Further, tax expense amounting to ₹ 1,206,951 for the year ended March 31, 2021 (year ended March 31, 2020: ₹ Nil) pertaining to other than participating line of business has been charged to Profit & loss account.

Deferred tax asset is recognized on the linked funds for future appropriation to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax asset can be realized.

The deferred tax position and the movement for the period ended March 31, 2021 is summarised below:

Particulars	(₹ '000)		
	At April 1, 2020	Charge/ (Credit) for the period	At March 31, 2021
Deferred tax liability on :			
Difference in amortization /depreciation on fixed assets as per tax books and accounting books	20	(13)	7
Total	20	(13)	7

Deferred tax credit for the year ended March 31, 2021 is ₹ 13 thousand (year ended March 31, 2020: deferred tax charge ₹ 426 thousand).

3.6. Operating lease commitments

The Company takes premises, motor vehicles, office equipments and servers on operating lease. Certain lease arrangements provide for cancellation by either party and also contain a clause for renewal of the lease agreement. Lease payments on cancellable and non-cancellable operating lease arrangements are charged to the Revenue account and the Profit and Loss account over the lease term on a straight line basis. The total operating lease rentals charged for the year ended March 31, 2021 is ₹ 596,948 thousand (year ended March 31, 2020: ₹ 630,803 thousand).

Lease rentals pertaining to non-cancellable leases charged to the Revenue account and the Profit and Loss account for the year ended March 31, 2021 is ₹ 28,851 thousand (year ended March 31, 2020: ₹ 31,494 thousand). The future minimum lease payments in respect of these non-cancellable leases at the Balance Sheet date are summarised below:

Particulars	(₹ '000)	
	At March 31, 2021	At March 31, 2020
Not later than one year	30,411	21,000
Later than one year but not later than five years	114,042	-
Later than five years	-	-

The amount in the above table does not include indirect taxes applicable at the time of payment

3.7. Assets given on operating lease

The Company has entered into an agreement in the nature of leave and license for leasing out the investment property. This is in the nature of operating lease and lease arrangement contains provisions for renewal. There are no restrictions imposed by lease arrangement and the rent is not determined based on any contingency. The total lease payments received in respect of such lease recognised in the Revenue account and the Profit and Loss account for the year ended March 31, 2021 is ₹ 377,612 thousand (year ended March 31, 2020: ₹ 188,025 thousand).

Schedules

(ii) Provident fund

Provident fund benefits are aimed at providing security to staff members and their dependents on retirement, disability or death. Both employee and the company contribute an equal percentage of the basic salary, a part of which is towards Government administered pension fund and balance portion is contributed to the fund administered by trustees. The provident fund is managed by ICICI Prudential Life Insurance Company Employees' Provident Fund Trust.

The minimum rate at which the annual interest is payable by the trust to members is prescribed by the Government. The Company has an obligation to make good the shortfall, if any, between the Government prescribed rate and actual return earned by the provident fund.

Schedules

forming part of consolidated financial statements (continued)

Leave accumulation policy of the Company is given below:

Criteria	Level 1 to 6	Level 7 & above
Employment upto 5 years	NA	60 days
Employment more than 5 years	60 days	90 days

While computing liability, 2% leave availment has been assumed for each subsequent year following the valuation date.

3.11. Employee Stock Option Scheme ("ESOS")

The Company granted options to its employees under its Employee Stock Option Scheme, prior to listing, since approval of its Employee Stock Option Scheme – 2005. This pre-IPO scheme was referred to as 'ESOS 2005' or 'Scheme'. The Scheme permitted the grant of stock options up to 3% of the issued capital of the Company. The Board of Directors have approved the amendment of ESOS 2005 (hereafter referred to as 'ESOS 2005 (Revised)'). As per the ESOS 2005 (Revised), the aggregate number of shares issued or issuable since March 31, 2016 pursuant to the exercise of any Options granted to the Eligible Employees issued pursuant to the Scheme or any other stock option scheme of the Company, shall not exceed a figure equal to 2.64% of the number of shares issued as on March 31, 2016. The maximum number of Options that can be granted to any Eligible Employee in a financial year shall not exceed 0.1% of the issued Shares of the Company at the time of grant of Options. The Exercise Price shall be determined by the Board Nomination & Remuneration Committee in concurrence with the Board of Directors of the Company on the date the Options are granted and shall be reflected in the Award Confirmation. These changes (ESOS 2005 (Revised)) were approved by the shareholders of the Company in the Annual General Meeting held on July 17, 2017. The Company granted options in nine more tranches under ESOS 2005 (Revised), namely 2017-18, 2018-19, 2018-19 special options, 2018-19 joining options, 2019-20, 2019-20 joining options, 2020-21 and two tranches of 2020-21 joining options. On April 24, 2019, the exercise period of the ESOS 2005 (Revised) was modified to not exceed five years from the date of vesting of Options as may be determined by the Board Nomination & Remuneration Committee for each grant. This amendment was approved by the shareholders of the Company at the Annual General Meeting held on July 17, 2019.

The Company follows intrinsic value method and hence there was no charge in the Revenue Account and the Profit and Loss account on account of new grants during the year.

The salient features of tranches issued under ESOS 2005 (Revised) which have options outstanding as at March 31, 2021 are as stated below:

Date of Grant	2017-18	2018-19	2018-19 Special Options	2018-19 Joining Options	2019-20	2019-20 Joining Options	2020-21	2020-21 Joining Options	2020-21 Joining Options
	July 25, 2017	April 24, 2018	April 24, 2018	January 22, 2019	April 24, 2019	July 24, 2019	May 10, 2020	June 11, 2020	January 27, 2021
Number of options granted	656,300	2,167,900	4,980,250	156,000	4,993,600	80,000	5,072,200	25,000	50,000

Schedules

forming part of consolidated financial statements (continued)

A summary of status of Company's Employee Stock Option Scheme in terms of options granted, forfeited and exercised is given below:

Particulars	Year ended March 31, 2021		Year ended March 31, 2020	
	Number of options	Weighted average exercise price	Number of options	Weighted average exercise price
Outstanding at the beginning of the year	12,361,107	383.64	7,723,317	390.92
Add: Granted during the period	5,147,200	401.07	5,073,600	369.71
Less: Forfeited/lapsed during the period	205,967	366.17	357,700	386.87
Less: Exercised during the period	126,640	359.19	78,110	183.63
Outstanding at the end of the period	17,175,700	389.25	12,361,107	383.64
Exercisable at the end of the year*	3,298,600	393.85	1,031,617	407.76

*vested options available for exercise as at March 31, 2021

Out of the total outstanding stock options of the previous year, 2,412,290 options are vested during the year ended March 31, 2021 and ₹ 45,487 thousand was realised by exercise of options during the year ended March 31, 2021. During the year ended March 31, 2021 the Company has recognized a compensation cost of Nil (year ended March 31, 2020: ₹ Nil) as the intrinsic value of the options.

Had the company followed fair value method based on binomial tree model valuing its options compensation cost for the year ended would have been higher by ₹ 331,499 thousand (March 31, 2020: ₹ 502,473 thousand) and the proforma profit after tax would have been ₹ 9,230,052 thousand (March 31, 2020: ₹ 10,167,321 thousand). On a proforma basis, the company's basic and diluted earnings per share would have been ₹ 6.43 (March 31, 2020: ₹ 7.08) and ₹ 6.42 (March 31, 2020: ₹ 7.07) respectively

3.12. Foreign exchange gain/loss

Transactions in foreign currencies are recorded at exchange rate prevailing on the date of transaction. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement is recognised as income or expense, as the case may be. The net foreign exchange fluctuation loss debited to Revenue account for the year ended March 31, 2021 is ₹ 6,058 thousand (year ended March 31, 2020: ₹ 3,700 thousand).

3.13. Earnings per share

Sr. No.	Particulars	(₹ '000)	
		At March 31, 2021	At March 31, 2020
I	Net profit as per the Profit and Loss account available for equity shareholders for both basic and diluted earnings per equity share of ₹ 10 each	9,561,554	10,669,794
II	Weighted average number of equity shares for earnings per equity share		
(a)	For basic earnings per equity share	1,435,901,456	1,435,836,106
(b)	For diluted earnings per equity share		
	Number of equity shares for basic earnings per equity share as per (II) (a)	1,435,901,456	1,435,836,106
	Add: Weighted average outstanding employee stock options deemed to be issued for no consideration	2,738,425	2,301,037
	Weighted number of equity shares for diluted earnings per equity share	1,438,639,881	1,438,137,143
III	Earnings per equity share		
	Basic (in ₹) for the period	6.66	7.43
	Diluted (in ₹) for the period	6.65	7.42
	Face value (in ₹)	10.00	10.00

3.14. Commitments

Commitments made and outstanding (net of advances) for Company's investment in Real estate (Investment property) is ₹ Nil (March 31, 2020 ₹ Nil).

Estimated amount of contracts remaining to be executed on fixed assets to the extent not provided for (net of advance) is ₹ 287,425 thousand (March 31, 2020: ₹ 318,281 thousand)

There are no loan commitments made by the Company (March 31, 2020 ₹ Nil).

Schedules

forming part of consolidated financial statements (continued)

3.15. Borrowings

During the year ended March 31, 2021, the Company has raised ₹ 12,000,000 thousand through an issue of listed, unsecured redeemable subordinated Non - Convertible Debentures through private placements in the nature of Subordinated Debt which qualifies as other forms of capital under Insurance Regulatory and Development Authority of India (Other Forms of Capital) Regulations, 2015.

Issue Size	₹ 12,000,000 thousand
Allotment Date	November 6, 2020
Redemption Date	November 6, 2030 subject to exercise of any call option
Call option Date	November 6, 2025 and annually thereafter
Coupon Rate	6.85% per annum
Credit Rating	"CRISIL AAA/Stable" by CRISIL and "[ICRA]AAA(Stable)" by ICRA
Listing	Listed on WDM segment of NSE
Interest Payment Frequency	Annual

Debenture redemption reserve is not required to be created as per Companies (Share Capital & Debenture) Amendment Rules, 2019 dated August 16, 2019

B) Maturity pattern from the date of issuance

Maturity Buckets	(₹ '000)
	Borrowings
1 to 5 years	-
Above 5 years	12,000,000

3.16. Interest rate derivatives

In line with the requirement of IRDAI Investment Master circular, the Company has put in place a derivative policy approved by Board which covers various aspects that apply to the functioning of the derivative transactions undertaken to substantiate the hedge strategy to mitigate the interest rate risk, thereby managing the volatility of returns from future fixed income investments, due to variations in market interest rates.

a) The Company has during the year, as part of its hedging strategy, entered into Forward Rate Agreements (FRA) transactions to hedge the interest rate sensitivity for highly probable forecasted transactions as permitted by the IRDAI Investment Master Circular. The Forward Rate Agreement derivative contracts are over-the-counter (OTC) transactions, agreeing to buy notional value of a debt security at a specified future date, at a price determined at the time of the contract with an objective to lock in the price of an interest bearing security at a future date.

Sr. No.	Particulars	At March 31, 2021	At March 31, 2020
i)	Total notional exposure of Forward rate agreements (FRA) undertaken during the year	8,100,000	-
ii)	Total notional exposure of Forward rate agreements (FRA) outstanding as at the Balance Sheet date	8,100,000	-
iii)	Notional principal amount of FRA outstanding and not 'highly effective' as at Balance sheet date	-	-
iv)	Mark-to-market value of FRA and not 'highly effective' as at Balance sheet date	-	-
v)	Loss which would be incurred if counterparty failed to fulfil their obligation under agreements	-	-

b) The fair value mark to market (MTM) gains or losses in respect of FRA outstanding at the Balance Sheet date is ₹ 131,265 thousand for the year ended March 31, 2021 (Previous year ₹ Nil).

Schedules

forming part of consolidated financial statements (continued)

c) Movement in cash flow hedge reserve

(₹ '000)

Cash flow hedge reserve account	At March 31, 2021			At March 31, 2020		
	Realised	Unrealised	Total	Realised	Unrealised	Total
Opening balance	-	-	-	-	-	-
Add: Change during the year	-	54,484	54,484	-	-	-
Less: Amounts Reclassified to Revenue /Profit & Loss Account included in 'Interest, Dividends & Rent- Gross'	-	-	-	-	-	-
Closing balance	-	54,484	54,484	-	-	-

d) A net amount of ₹ 76,781 thousand for the year ended March 31, 2021 (Previous year Nil) was recognised in Revenue Account being the portion of loss determined to be ineffective portion of the effective hedge. The amount that was removed from the cash flow hedge reserve account during the year ended March 31, 2021 in respect of forecast transaction for which hedge accounting had previously been used but is no longer expected to occur is ₹ Nil (Previous year ₹ Nil). The hedged forecast transactions are expected to occur over the outstanding tenor of underlying policy liabilities and corresponding hedging gain/loss will accordingly flow to the Revenue Account

e) Disclosures on risk exposure in Interest rate derivatives:

i. Interest rate derivative hedging instruments: Derivatives are financial instruments whose characteristics are derived from the underlying assets, or from interest and exchange rates or indices. Interest rate derivatives include forward rate agreements, interest rate swaps and interest rate futures. The Company during the financial year has entered into forward rate agreement (FRA) derivative instrument to hedge exposure due to interest rate sensitivity for highly probable forecasted transactions. These hedges were entered only for hedging purpose to hedge the interest rate risk. This hedge is carried in accordance with its established policies, strategy, objective and applicable regulations.

ii. Derivative policy, process and hedge effectiveness assessment: The Company has a well- defined Board approved derivative policy and standard operating procedures setting out the strategic objectives, regulatory and operational framework and risks associated with interest rate derivatives. The policy includes the risk measurement and monitoring, processes to be followed and controls thereon. The accounting treatment has been documented and ensures a process of periodic effectiveness assessment and accounting in accordance with applicable accounting standard issued by the Institute of Chartered Accountants of India (ICAI).

The Company has clearly defined roles and responsibilities to ensure independence and accountability through the investment decision, trade execution, to settlement, accounting and periodic reporting and audit of the Interest rate derivative exposures. The overall policy, risk management framework for the Interest rate derivatives are monitored by the Board Risk Management Committee.

iii. Scope and nature of risk identification, risk measurement, and risk monitoring: The derivative policy as approved by the Board identify risk associated with interest rate derivatives transactions and sets appropriate market risk limits such as stress testing and value-at-risk limits. Financial risks of the derivative portfolio are measured and monitored on periodic basis.

f) Risk exposure in Forward Rate Agreement

A hedge is deemed effective, if it has a high statistical correlation between the change in value of the hedged item and the hedging instrument (FRA). Gains or losses arising from hedge ineffectiveness, if any, are recognised in the Revenue Account. The tenor of the hedging instrument may be less than or equal to the tenor of underlying hedged transaction.

Schedules

forming part of consolidated financial statements (continued)

The exposure limit has been calculated on the basis of Credit Equivalent Amount using the Current Exposure Method (CEM) as detailed below:

The Credit Equivalent Amount of a market related off-balance sheet transaction calculated using the CEM is the sum of

- The current credit exposure (gross positive mark to market value of the contract)
- Potential future credit exposure which is a product of the notional principal amount across the outstanding contract and a factor that is based on the mandated credit conversion factors as prescribed under the IRDAI circular on Interest Rate Derivatives, which is applied on the residual maturity of the contract

3.17. Valuation of Investment property

In accordance with the IRDAI Regulations, 2002 (Preparation of Financial Statements and Auditors' Report of Insurance Companies), the Company's investment property has been revalued. The Company has revalued all its investment properties held for more than one year and market value for such properties is based on valuation performed by an independent valuer at March 31, 2021. The opinion on market value by the independent valuer, is prepared in accordance with the "The RICS Valuation Standards" published by the Royal Institution of Chartered Surveyors ("RICS"), subject to variation to meet local established law, custom, practice and market conditions. The methods used in valuation of property includes "Direct comparable approach". The real estate investment property is accordingly valued at ₹ 4,756,735 thousand at March 31, 2021 (March 31, 2020: ₹ 4,750,245 thousand). The historical cost of the property is ₹ 3,836,532 thousand (March 31, 2020: ₹ 3,836,532 thousand).

3.18. Impairment of investment assets

In accordance with the impairment policy of the Company, diminution in the value of investments has been recognised under the head "Provision for diminution in the value of investments (Net)" in the Revenue account and the Profit and Loss account.

The total impairment loss recognised for the year ended March 31, 2021 is ₹ 487,077 thousand (year ended March 31, 2019: ₹ 2,597,937 thousand).

Impairment loss recognized in the revenue account for the year ended March 31, 2021 is ₹ 201,234 thousand (March 31, 2020: ₹ 2,132,353 thousand).

Further, impairment loss recognised in the Profit and Loss account for the year ended March 31, 2021 is ₹ 285,843 thousand (March 31, 2020: ₹ 465,584 thousand)

3.19. Encumbrances of assets

The assets of the Company are free from all encumbrances except to the extent assets or monies are required to be deposited as margin contributions for investment trade obligations of the Company or as mandated by the court, as detailed below:

- Assets deposited with National Securities Clearing Corporation Limited (NSCCL) and Indian Clearing Corporation Limited (ICCL)**
Fixed deposit of ₹ Nil (March 31, 2020: ₹ 1,000,000 thousand for NSCCL) has been deposited with NSCCL towards margin requirement for equity trade settlement.

Terms of pledge: Physical custody of the fixed deposits are with respective clearing houses, however the income accrued on these deposits shall be passed on to the Company on the maturity of the deposits. These deposits can be invoked by the clearing houses in case of any default by the Company in settlement of equity transactions.

- Assets encumbered with Clearing Corporation of India Limited (CCIL)**

a)	(i) Principal amount remaining unpaid to supplier under MSMED Act	-	-
	(ii) Interest on (a)(i) above	-	-
b)	(i) Amount of principle paid beyond the appointed date (as per section 16)	-	-
	(ii) Amount of interest paid beyond the appointed date (as per section 16)	-	-
c)	Amount of interest due and payable for the period of delay in making payment but without adding the interest specified under section 16 of the MSMED Act	-	-
d)	Amount of interest accrued and due	-	-
e)	Amount of further interest remaining due and payable even in succeeding years	-	-

Schedules

forming part of consolidated financial statements (continued)

3.22. Dividend

Interim dividend appropriation for the year ended March 31, 2021 is ₹ Nil (year ended March 31, 2020: ₹ 1,384,784 thousand including dividend distribution tax of ₹ 236,113 thousand)

Final dividend proposed for year ended March 31, 2021 is ₹ 2,871,978 thousand (year ended March 31, 2020: ₹ Nil)

Unclaimed dividend of ₹ 7,033 thousand at March 31, 2021 (at March 31, 2020: ₹ 7,055 thousand) represents dividend paid but not claimed by shareholders, and are represented by a bank balance of an equivalent amount.

3.23. Pending litigations

The Company's pending litigation comprises of claims against the Company primarily by the customers and proceedings pending with Tax authorities. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in its standalone financial statements. The Company does not expect the outcome of these proceedings to have a material adverse effect on its financial statements at March 31, 2021. Refer note 3.1 for details on contingent liabilities.

In respect of litigations, where the management assessment of a financial outflow is probable, the Company has made a provision of ₹ 432,176 thousand at March 31, 2021 (At March 31, 2020: ₹ 352,415 thousand).

3.24. Long term contracts

The Company has a process whereby periodically all long term contracts are assessed for material foreseeable losses. At the year end, the Company has reviewed and ensured that adequate provision as required under any law / accounting standards for material foreseeable losses on such long term contracts including derivative contracts has been made in the financial statements.

For insurance contracts, actuarial valuation of liabilities for policies is done by the Appointed Actuary of the Company. The methods and assumptions used in valuation of liabilities are in accordance with the regulations issued by the Insurance Regulatory and Development Authority of India ("IRDAI") and actuarial practice standards and guidance notes issued by the Institute of Actuaries of India.

3.25. Corporate Social Responsibility

The amount required to be spent by the Company on Corporate Social Responsibility (CSR) related activities during the year ended March 31, 2021 was ₹ 108,425 thousand (year ended March 31, 2020: ₹ 170,685 thousand).

The following table sets forth, for the periods indicated, the amount spent by the Company on CSR related activities.

Particulars	Year ended March 31, 2021			Year ended March 31, 2020		
	In cash	Yet to be paid	Total	In cash	Yet to be paid	Total
	Construction/acquisition of any assets	-	-	-	-	-
On purpose other than above	107,774	1,098	108,872	162,752	8,811	171,563

Amounts of related party transactions with ICICI Foundation for Inclusive Growth pertaining to CSR related activities for year ended March 31, 2021 was ₹ Nil (year ended March 31, 2020: ₹ 134,965 thousand)

The following table sets forth, for the periods indicated, the details of movement of amounts yet to be paid for CSR related activities.

Particulars	Year ended	
	March 31, 2021	March 31, 2020
Opening balance	8,811	12,140
Expense provided during the year	108,872	171,563
Excess spent carried forward to the next year	950	-
Paid during the year	(117,535)	(174,892)
Closing balance	1,098	8,811

There is no unspent amount for the year under section 135 (5) of Companies Act 2013.

Schedules

forming part of consolidated financial statements (continued)

The following table sets forth, details of amount spent in excess of the requirement and excess amount to be carried forward to the succeeding financial year under section 135 (5) of Companies Act

(₹ '000)				
Opening Balance(Excess spent carried forward)	Amount spent during the year	Amount required to be spent during the year	Amount spent during the year but not carried forward	Closing Balance (Excess spent carried forward)
Nil	109,822	108,425	447	950

3.26. Loans and advances to subsidiaries, associates and related entities

Pursuant to Securities and Exchange Board of India (Listing obligations and disclosure requirements) Regulations, 2015, disclosures pertaining to loans and advances given to subsidiaries, associates and related entities are given below:

There are no loans and advances given to subsidiaries, associates and firms/companies in which directors are interested except for advances which are in the normal course of business but not in the nature of loans (year ended March 31, 2020: ₹ Nil)

There are no investments by the loanee in the shares of the Company.

3.27. Specified Bank Notes

The disclosure requirements for the details of specified bank notes (SBNs) are not provided, since the Company is an insurance company.

3.28. Potential impact due to outbreak of COVID-19 Business Operations

The rapid global outbreak of the Corona virus (COVID-19) pandemic has also impacted India and as the companies in India approached their year-end, there was an urgent need to activate the Business Continuity Plan (BCP) to enable employees to work from home (WFH).

The facility to WFH was provided to the employees of the Company only through Company systems, which are hardened and are configured with requisite data security controls. The usual operations of the Company are carried out through remote location/ WFH via secured servers.

There have been no material changes in the controls or processes followed in the financial statement closing process of the Company. The Company has tested all the material controls over financial reporting as at March 31, 2021 and found them to be operating effectively.

Valuation of investment assets

The investment assets for the Company primarily include assets held to cover linked liability, assets for participating policyholder, assets for non-participating (investment) policyholder, assets for other non-participating policyholders and assets pertaining to shareholders'.

The investment risk on the assets held to cover linked liability is borne by the linked policyholders. The investment risk on assets held for the non-guaranteed portion of some of the non-participating policies and participating policies is borne by the respective policyholders. The impact of market value changes is therefore a pass through to large extent and impact on profitability of the Company is limited.

Further, the assets for other non-participating policyholders and assets pertaining to shareholders' investments include ~ 67% in Central Government and State Government securities and ~ 23% in AAA or equivalent rated corporate securities.

In accordance with the impairment policy of the Company, the quantitative and qualitative assessment is done by the Company as at March 31, 2021. These assessments have taken into account potential implications arising from COVID-19 on the investee companies. The details of impairment of investment assets is given in note 3.18.

Further, the Company has evaluated the recoverability of all the investment assets and the Company expects to recover the carrying amount of these assets.

Schedules

forming part of consolidated financial statements (continued)

Valuation of policy liabilities and solvency

We have observed the peak of reporting of claims around the month of September-October 2020, and we have been observing a downward trend in month on month claims reported since then basis the claim experience analysis due to Covid-19 on overall portfolio.

A global provision has been held to allow for additional claims on account of Covid-19, as the expected death outgo, net of reinsurance recovery, over next 12 months of FY2022. The age cohort wise Covid-19 claim experience as a % of IALM 12-14 on overall portfolio has been observed and the mortality assumption for Covid-19 claims are set based on the same with a margin of prudence.

The Company had carried out a stress test at March 31, 2021 position to assess potential impact on solvency margin taking into account the market stress and assess the solvency to be in line with the requirement of the IRDAI.

Recoverability of other current assets

The Company has evaluated the recoverability of its current assets which primarily includes investment related assets (interest accrued) and assets held for unclaimed amount of policyholders. The outstanding premium includes premium due for policies in grace period and have a corresponding policy liability amount ascertained for the same. The Company expects to recover the carrying amount of all these assets.

The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

3.29. Previous year comparatives

Previous year's figures have been regrouped and reclassified wherever necessary to conform to current year's presentation.

Embedded Value Results

This report on Embedded Value Results as at March 31, 2021 has been prepared by the Company and the results presented in the report have been reviewed by Milliman Advisors LLP.

1 BASIS OF PREPARATION

The Embedded Value (EV) is a measure of the consolidated value of the shareholders' interest in the life insurance business. The EV Results have been prepared based on the Indian Embedded Value (IEV) methodology and principles as set out in Actuarial Practice Standard 10¹ (version 1.02) (APS10) issued by the Institute of Actuaries of India (IAI). As APS10 is applicable for the limited purpose of an Initial Public Offering (IPO), compliance with APS10 is limited to the methodology and principles used to develop the EV Results presented in this report. The EV methodology is broadly in line with the Market Consistent Embedded Value² (MCEV) principles used in Europe.

A detailed description of the EV methodology is provided in section 3.

2 KEY RESULTS

2.1 Value of new business (VNB)

New business details (₹ bn)	FY2020	FY2021
Value of New Business (VNB)	16.05	16.21
Protection	9.58	8.66
Savings	6.47	7.55
New Business Margin (VNB/APE)	21.7%	25.1%
Single Premium	60.02	81.53
Regular Premium	67.80	56.47
Annual Premium Equivalent (APE)	73.81	64.62
Protection	11.16	10.46
Savings	62.65	54.16

Components of VNB (₹ bn)	As at March 31, 2020	As at March 31, 2021
Present value of future profits (PVFP) for new business	17.88	17.74
Time value of financial options and guarantees (TVFOG)	(0.05)	(0.01)
Cost of residual non-hedgeable risks (CRNHR)	(1.13)	(0.94)
Frictional cost of required capital (FC)	(0.65)	(0.59)
Value of new business	16.05	16.21

2.2 EV

Components of EV (₹ bn)	As at March 31, 2020	As at March 31, 2021
Free surplus (FS)	31.26	47.77
Required capital (RC)	47.17	47.45
Adjusted net worth (ANW)	78.43	95.22
Present value of future profits (PVFP)	158.96	204.95
Time value of financial options and guarantees (TVFOG)	(0.88)	(1.60)
Cost of residual non-hedgeable risks (CRNHR)	(4.13)	(4.86)
Frictional cost of required capital (FC)	(2.08)	(2.64)
Value of in-force business (VIF)	151.87	195.84
Embedded value (EV)	230.30	291.06
EV operating earnings (EVOP)	32.88	35.05
Return on Embedded Value (ROEV)	15.2%	15.2%
Growth in EV	6.5%	26.4%

¹The Actuarial Practice Standard 10 for the EV method is available at http://www.actuariesindia.org/downloads/APS/APS_10_modification_ver1_02_28_03_2015.pdf

²The MCEV principles as defined by the CFO forum are available at http://www.cfoforum.nl/downloads/MCEV_Principles_and_Guidance_October_2009.pdf

2.3 Analysis of movement

The graph and table below analyse the movement in embedded value from ₹230.30 bn to ₹291.06 bn during FY2021.

1: EVOP is the embedded value operating profit net of tax

2: ROEV is the return on embedded value net of tax

3: Mortality variance includes negative impact of COVID claims ₹ 2.64 billion net reinsurance

Components (₹ bn)	FY2020	FY2021
Opening EV	216.23	230.30
Expected return on existing business (unwind)		
At reference rates	12.64	10.24
At expected excess 'real world' return over reference rates	4.61	6.37
Operating assumption changes	(2.25)	3.09
VNB added during the period	16.05	16.21
Operating experience variance		
Persistency	0.85	1.10
Mortality / morbidity	0.42	(2.37)
Expenses	0.01	0.01
Others	0.56	0.41
EV operating earnings (EVOP)	32.88	35.05
Economic assumption changes and investment variance	(14.76)	25.67
EV total earnings	18.12	60.72
Capital contributions / (dividends paid out)	(4.05)	0.04
Closing EV	230.30	291.06

2.4 Sensitivities

No.	Scenario (₹ bn)	Change in embedded value	Change in new business value
	Base results	291.06	16.21
1	Reference rates		
1a	An increase of 100 bps in the reference rates	(2.8%)	0.7%
1b	A decrease of 100 bps in the reference rates	3.0%	(1.7%)
2	Acquisition expenses		
2a	10% increase in acquisition expenses	Nil	(10.5%)
2b	10% decrease in acquisition expenses	Nil	10.4%
3	Maintenance expenses		
3a	10% increase in maintenance expenses	(0.6%)	(2.5%)
3b	10% decrease in maintenance expenses	0.6%	2.5%
4	Persistency		
4a	10% increase (multiplicative) in the policy / premium discontinuance rates and partial withdrawal rates	(0.9%)	(3.1%)
4b	10% decrease (multiplicative) in the policy / premium discontinuance rates and partial withdrawal rates	1.0%	3.2%
5	Mortality/Morbidity		
5a	An increase of 10% (multiplicative) in the mortality / morbidity rates	(1.6%)	(10.2%)
5b	A decrease of 10% (multiplicative) in the mortality / morbidity rates	1.6%	10.4%
6	Taxation		
6a	Assumed tax rate increased to 25%	(6.2%)	(11.1%)
7	Equity		
7a	Equity values increase by 10%	2.9%	1.3%
7b	Equity values decrease by 10%	(2.9%)	(1.6%)

3 METHODOLOGY

The EV consists of the two following components:

- Adjusted net worth (ANW), consisting of:
 - Free surplus (FS) allocated to the covered business; and
 - Required capital (RC).
- Value of in-force covered business (VIF).

3.1 Covered business

The business covered under the EV Results (covered business) includes all business that has been written by the Company including the life assurance and pensions business, accident and health-insurance business and group business.

The business written by ICICI Prudential Pension Funds Management Co. Ltd., a subsidiary of ICICI Prudential which writes pensions fund management business, is not included as covered business. The value of ICICI Prudential Pension Funds Management Co. Ltd is reflected in ANW based on the value at which it is carried in the audited financial statements of the Company, which is ₹ 288.46 mn as at March 31, 2021.

3.2 RC

RC is the value of assets attributed to the covered business over and above that which is required to back the liabilities for covered business, the distribution of which to shareholders is restricted.

The level of RC is set equal to the amount required to be held to meet supervisory requirements or otherwise encumbered by supervisory or legal restrictions that prevent its distribution. The amount of RC is presented from the shareholders' perspective and is net of the funds for future appropriation (FFAs) and the book value of subordinated debt, to the extent allowed by the regulations to meet the RC.

3.3 FS

The FS is the market value of any assets allocated to, but not required to support, the in-force covered business as at the valuation date.

The FS has been determined as the adjusted net worth of the Company, less the RC as defined above. The adjusted net worth of the Company is calculated as the net shareholders' funds, as per the audited financial statements, adjusted so as to revalue to market value those assets and those liabilities that are dependent on asset values, which are not at market value in the audited financial statements. The mark to market adjustment is net of tax applicable.

The Company had raised ₹ 12 billion of subordinate debt capital through a private placement of non-convertible debentures (NCDs) in November 2020. The difference between the book value and the market value of liability associated with the NCDs is reflected in the FS.

The FFA, which comprises all funds which have not been explicitly allocated either to policyholders or to shareholders at the valuation date, is reported as policyholder funds. The

shareholders have a 10% interest in the FFA accrued in respect of participating business. The value of the shareholders' interest in the FFA is included in the VIF, at its market value, and therefore does not form part of the ANW.

3.4 VIF

The VIF represents the present value of the shareholders' interest in the earnings distributable from the assets allocated to the covered business after sufficient allowance for the aggregate risks in the business. The VIF consists of the following components:

- the present value of future profits (PVFP); adjusted for
- the time value of financial options and guarantees (TVFOG);
- the frictional costs of required capital (FC); and
- the cost of residual non-hedgeable risks (CRNHR).

PVFP

The PVFP is the present value of projected distributable profits to shareholders arising from the in-force covered business, determined by projecting the post taxation shareholder cash flows from the in-force covered business and the assets backing the associated liabilities. The distributable profits also include the release to shareholders of the amounts from the FFA. For one year renewable group term business, any future profits arising from the expected renewals from existing members are included in the PVFP.

For products with reviewable rates and charges, the projection of future cash flows assumes that the rates and charges as at the valuation date remain unchanged.

The projection of future distributable profits arising from the covered business is carried out using best estimate non-economic assumptions and market consistent economic assumptions.

Distributable profits are determined by reference to liabilities determined in accordance with the statutory requirements for life insurance companies.

The Company holds 'global reserves' calculated outside of its actuarial models as at the valuation date. Wherever appropriate, the shareholders' interest in the assets backing such global reserves is calculated by assuming a suitable release pattern of such reserves.

TVFOG

The TVFOG reflects the value of the additional cost to shareholders that may arise from the embedded financial options and guarantees attaching to the covered business. The intrinsic value of such options and guarantees is reflected in the PVFP.

A stochastic approach is used to determine the TVFOG using methods and assumptions consistent with the underlying embedded value. The economic assumptions used in determining the TVFOG ensure that the projected cash flows are valued in line with the price of similar cash flows that are traded in the capital markets.

FC

The VIF includes an allowance for the FC of RC for the covered business. These FCs represent investment management expenses and taxation costs associated with holding the RC. The investment costs have been reflected as an explicit reduction from the gross investment return.

CRNHR

The CRNHR is an allowance for risks to shareholder value to the extent that these are not already allowed for in the TVFOG or the PVFP. In particular, the CRNHR makes allowance for:

- asymmetries in the impact of the risks on shareholder value; and
- risks that are not allowed for in the TVFOG or the PVFP (e.g. operational risk).

The CRNHR reflects operational risk, catastrophe mortality/morbidity risk and mass lapsation risk. The CRNHR has been determined using a cost of capital approach. The CRNHR is the present value of a notional cost of capital charge levied on the projected capital in respect of the residual non-hedgeable risks. Allowance has been made for diversification benefits among the non-hedgeable risks, other than the operational risk.

3.5 New business and renewals

The VIF includes the value attributable to shareholders considering the expected renewal premiums on the in-force business, including any foreseeable variations in the level of renewal premiums, but excludes any value relating to future new business (i.e. the new business that may be written after the applicable valuation date).

The VNB reflects the additional value to shareholders created through the activity of writing new business over the stated period ending on the valuation date, and includes the value from the expected renewal premiums on that new business.

The new business comprises both individual and group policies sold during the reporting period, including the expected renewal premiums and expected future contractual alterations to those contracts. It also includes the non-contractual single premium payments received during the reporting period. New business for one year renewable group term business and group micro business is taken as the business from new members that have joined an existing or new scheme during the financial year, and the VNB includes the value arising from the expected renewal premiums of this business. The VNB is calculated in the same way as the VIF, with appropriate allowance for changes in the ANW during the reporting period.

The VNB is determined as at March 31, 2021 and takes into account acquisition commissions and acquisition expenses actually incurred in the full year to March 31, 2021.

3.6 Analysis of movement of EV

A brief description of the various components is provided below

Components	Description
Expected return on existing business	(1) Expected investment income at opening reference rate on VIF and ANW; (2) Expected excess 'real world' investment return over the opening reference rate on VIF and ANW.
Operating assumption changes	This is the impact of updating of non-economic assumptions both on best estimate and statutory bases, to those adopted in the closing EV.
VNB added during the period	This is as described in section 3.5 above
Operating experience variance	The variance arising from discontinuance and mortality / morbidity is analysed at a policy level, by considering the actual change in the policy status from the opening EV to the closing EV dates. The operating experience variance captures the difference between the actual and expected experience and is calculated in the following order: a. Discontinuance rates b. Mortality / morbidity rates c. Expenses
Economic assumption changes and investment variance	Economic assumption changes reflect the update of the reference rate yield curve, inflation and valuation economic assumptions from opening EV to closing EV. The investment variance is the difference between the actual investment return and the expected 'real world' rates for existing business as at March 31, 2020 and the closing and opening reference rates (the reference rates at the end of each month during which the new business is sold) for new business written during FY2021.
Capital contributions / (dividends paid out)	These are the actual capital infusions / dividends paid out to the shareholders, including the dividend distribution tax incurred (if any) during the period.

3.7 Sensitivities

Sensitivity analyses are carried out for one parameter at a time and do not include changes in other parameters not explicitly mentioned as part of the sensitivity.

The key assumption changes represented by each of the sensitivities and their impact on EV and VNB are provided in section 2.

4 ASSUMPTIONS

The projections of future shareholder cash flows expected to emerge from covered in-force and new business have been determined using best estimate assumptions. These assumptions (both economic and non-economic) are reviewed annually and have been updated as appropriate.

4.1 Economic assumptions

Investment returns and discount rates used in the calculation of opening and closing EV are based on reference rates at March 31, 2020 and March 31, 2021 respectively. The PVFP before TVFOG is calculated assuming that assets earn, before tax and investment management expenses, the reference rates assumed, and by discounting all cash flows using the reference rates assumed which are gross of tax and investment management expenses. The reference rates are derived from the zero coupon yield curve as published on Clearing Corporation of India Limited³ website, by adjusting the published yields so that they derive the market value of the Company's government bond portfolio. The reference rates assumed in the calculation of EV are set out below:

Tenor (years)	Reference rate (one year forward rates)	
	March 31, 2020	March 31, 2021
1	4.83%	3.91%
5	7.43%	7.38%
10	7.32%	7.93%
15	7.17%	7.48%
20	7.14%	7.02%
25	7.14%	6.72%
30	7.14%	6.55%

Investment returns and discount rates used in the calculation of VNB are based on the CCIL published yield curves for each month of sale of new business, adjusted so that they derive the then market value of the Company's government bond portfolio.

4.2 Non-economic assumptions

Demographic assumptions

The best estimate assumptions for persistency, mortality and morbidity have been derived based on the Company's own experience. An allowance for future improvements in respect of mortality has been reflected for annuities.

Commission and Expense assumptions

The expense assumptions have been derived based on the Company's actual expenses during FY2021 with no anticipation of productivity gains or cost efficiencies. The fixed renewal expenses are inflated from FY2022 onwards using the best estimate inflation rate assumed.

The commission rates under different products are based on the actual commission payable (if any) to the distributors.

Tax rates

In determining the EV Results, allowance has been made for future taxation costs expected to be incurred by the Company. This includes both corporate taxes and Goods and Services Tax ("GST").

The taxation costs reflected in the EV Results make an allowance for the fact that the Company is allowed to reduce its taxable income by dividend income earned, subject to a maximum of the dividend declared and distributed⁴.

Re: Milliman's opinion on the Embedded Value results as at 31 March 2021 ("Opinion")

Dear Members of the Board

Introduction

ICICI Prudential Life Insurance Company Limited ('ICICI Prudential', 'the Company') has prepared embedded value calculations following the methodology and principles set out in the Actuarial Practice Standard 10 (version 1.02) ("APS10") issued by the Institute of Actuaries of India. These calculations consist of the following (together referred to as the "Results"):

- Indian Embedded Value ("IEV") as at 31 March 2021;
- the value of one year of new business ("VNB") for new business sold during the year ending 31 March 2021;
- an analysis of the movement of IEV from 31 March 2020 to 31 March 2021; and
- various sensitivity results on the IEV as at 31 March 2021 and the VNB for business sold during the year ending 31 March 2021.

The Results, along with the methodology and assumptions that have been used to prepare the Results, have been summarized by the Company in the annual report ("Report") that accompanies this Opinion.

Scope of services

Milliman Advisors LLP ('Milliman', 'we', 'us', 'our') has been engaged by ICICI Prudential Life Insurance Company Limited ('ICICI Prudential', 'the Company') to carry out a review and certification of the Results. Our scope of work includes the following:

- a review of the methodology and assumptions used by the Company in developing the Results for compliance with the relevant principles set out in APS10;

- a review of the Company's actuarial models (covering the calculation of IEV, VNB, analysis of movement and sensitivity results) used to develop the Results for a selection of model points covering the more material products comprising the value of in-force business ("VIF") and VNB; and
- a detailed review of the aggregation templates used by the Company to develop the Results, which also included a review of the process used to conduct the analysis of movement of IEV and various sensitivity analyses.

Opinion

Based on the work carried out and subject to the reliances and limitations mentioned below, I am of the opinion that the Results have been developed in all material respects in accordance with the methodology and principles set out in APS10. In particular:

- the methodology used to develop the Results is reasonable and in line with APS10;
- the assumptions (economic and non-economic) used to develop the Results have been developed substantially in line with the requirements of APS10, using the Company's operating experience (for non-economic assumptions), and are reasonable;
- the Results have been prepared materially in accordance with the methodology and assumptions described in the Report, and with the accounting information presented in the financial statements; and
- the Results have been prepared materially in accordance with the requirements of APS10.

Reliances and Limitations

This opinion has been prepared solely for use by ICICI Prudential for inclusion in the Report for the year ending 31 March 2021. It should not be relied upon for any other purpose. Milliman does not intend to create a legal duty to any third party recipient of its work.

We have relied on information supplied by the management and staff of ICICI Prudential. Reliance was placed on, but not limited to, the general accuracy of all the information provided to us.

We have obtained a management representation letter from ICICI Prudential, stating that, to the best of ICICI Prudential's knowledge, the data and information provided to us is accurate and complete and that there are no material inaccuracies or omissions therein.

An actuarial assessment of the components of value of a life insurance company will not necessarily be consistent with the value of a life insurance company or a portfolio in the open market and should not be interpreted in that manner.

The Results are based on a series of assumptions as to future operating experience. It should be recognised that actual experience will differ from these assumptions on account of changes in the operating and economic environment and natural variations in experience. To the extent that actual experience is different from the assumptions, the future projected profits from which the Results are derived will also differ. The Report includes various sensitivity results to illustrate how vulnerable the IEV and VNB results are to changes in assumptions for the key risks. The Results shown are presented at the valuation dates stated and no warranty is given by Milliman that future experience after these valuation dates will be in line with the assumptions made.

Milliman is not a tax expert and is not able to provide tax or accounting advice. Accordingly, it is acknowledged that no reliance will be placed on Milliman, its Partners, or employees with respect to any tax or accounting issue. The allowance for taxation reflected in the Results is based on the Company's interpretation of applicable tax regulations. The Results do not reflect any allowance for withholding or other taxes (if any) that may apply to the payment of future shareholder dividends or on remittances out of India.

The Results have been determined on a going concern basis, and assume a stable economic, legal and regulatory environment going forward. Any change in the general operating environment would add a high degree of uncertainty to the Results. There is continuing uncertainty regarding the longer-term impact of COVID-19 on the economic, legal, and regulatory environment, and the level and nature of business activity, which could materially impact the Results.

Unless explicitly stated, the Results do not consider any external (including regulatory) developments after the valuation date of 31 March 2021. The Results only reflect the impact of the fast developing COVID-19 pandemic to the extent that they reflect economic and operating conditions up to 31 March 2021.

Yours faithfully,

Richard Holloway FIAI
Partner

Glossary of Terms

Accretion of discount / amortisation of premium

Discount / premium refers to the price paid for a bond as against the par value of the bond. This discount / premium is spread over the remaining life of the bond and is called accretion / amortisation respectively

Acquisition Cost

Costs that vary with and are primarily related to the acquisition of new insurance contracts

Affiliated investments

Investments made to parties related to insurers

Annuity business

The business of effecting contracts to pay annuities on human life but does not include contracts under pension business. Annuities provide for a series of payments to be made at regular intervals in return for a certain sum paid up front. A deferred annuity is a contract to pay out regular amounts of benefit to the annuity holder at the end of the deferred period (the vesting date) when annuity payment commences for a specified period of time such as number of years or for life. An immediate annuity is a contract to pay out regular amounts of benefit wherein the contract commences payments, immediately after the contract is commenced.

APE (Annualised Premium Equivalent)

APE (Annualised Premium Equivalent) is the sum of annualised first year premiums on regular premium policies, and ten percent of single premiums, from both individual and group customers.

Asset – Liability Management

It is an ongoing process of formulating, implementing, monitoring and revising strategies related to assets and liabilities to achieve an organisation's financial objectives, given the organisation's risk appetite, risk tolerances and business profile.

Asset share

The accumulation of premiums less actual expenses and mortality costs combined with actual investment returns.

Bancassurance

An arrangement entered into by a bank and an insurance company, through which the insurance company sells or markets its products to the bank's client base.

Basic earnings per share

Net profit after tax divided by weighted average number of shares attributable to equity shareholders outstanding during the year / period.

Bonus (participating policies)

Policyholders are entitled to a share of the surpluses that arise in the participating fund out of a valuation of the assets and liabilities. This share of surplus is typically distributed as bonus to eligible policyholders.

Credit Risk

Risk arising out of partial default, full default or delayed payments from counterparties.

CRNHR

Cost of Residual Non Hedgeable Risks is an allowance for risks to shareholder value to the extent that these are not already allowed for in the TVFOG or the present value of future profits.

Discontinued Policy Fund / Funds for discontinued policies

A segregated fund of the insurer that is set aside and is constituted by the fund value of all discontinued policies determined in accordance with the IRDA (Linked Insurance Products) Regulations, 2013.

Embedded Value (EV)

The measure of the consolidated value of shareholders' interest in the life insurance business. It is calculated as the sum of the Company's adjusted net worth (ANW) and the value of in-force business (VIF). The VIF includes the present value of future profits attributable to shareholders from the in-force business of the Company (which includes the new business written during the previous year). Future profits are computed based on assumptions such as persistency, mortality, morbidity and external factors like interest rates and capital market performance.

Embedded Value Operating Profit (EVOP) and Return on Embedded Value (RoEV)

Embedded Value Operating Profit ("EVOP") is a measure of the increase in the EV during any given period due to matters that can be influenced by management. It excludes changes in the EV due to external factors like changes in economic variables and shareholder-related actions like capital injection or dividend pay-outs. Return on Embedded Value ("RoEV") is the ratio of EVOP for any given period to the EV at the beginning of that period.

Expense ratio or cost ratio

Total expenses including commission, provision for doubtful debts and bad debts written off divided by total weighted received premium (TWRP). Please also see "TWRP".

Fair value change account

Unrealised gains / losses arising due to changes in the fair value of investment assets including listed equity shares, mutual funds and property.

Funds for Future Appropriation

The Funds for Future Appropriation (the "FFA"), comprise funds which have not been explicitly allocated either to policyholders or to shareholders at the valuation date.

Grievance ratio

Number of grievances per 10,000 new business policies issued (retail). A low grievance ratio indicates higher customer satisfaction.

In-force

An insurance policy or contract, reflected on records, that has not expired, matured or otherwise been surrendered or terminated.

Insurance penetration

Insurance premium as % of GDP.

Insurance underwriting

The process by which an insurance company determines whether or not and on what basis it will accept an application for insurance.

Investment assets

All investments made out of Shareholders funds representing solvency margin, non-unit reserves of unit linked insurance business, participating and non-participating funds of policyholders; policyholders' funds of pension and general annuity fund at their carrying value; and policyholders' unit reserves of unit linked insurance business at their market value.

Investment yield

The income earned / received from an investment based on the price paid for the investment (disclosed as a percentage).

Lapse

A life insurance contract lapses if the policyholder does not pay the premiums within the grace period as prescribed under the Insurance Regulatory and Development Authority (Non-Linked Insurance Products) Regulations, 2013 and the Insurance Regulatory and Development Authority (Linked Insurance Products) Regulations, 2013, as applicable.

Linked liabilities (fund reserves)

This represents the liability for units held under the contracts under unit-linked business.

Mathematical reserves

The provision made by an insurer to cover liabilities arising under or in connection with policies or contracts for life insurance business. Mathematical reserves also include specific provision for adverse deviations of the assumptions, such as mortality and morbidity rates, interest rates, and expense rates, and any explicit provisions made, in the valuation of liabilities, in accordance with the regulations made by the IRDAI for this purpose. Please also see "Policy Liabilities".

Maturity benefit

The amount of benefit which is payable on maturity i.e. at the end of the term.

Maturity date

The stipulated date on which benefit may become payable either absolutely or on the occurrence of a contingency.

Morbidity rate

It is a measure of the number of persons belonging to a particular group, categorised according to age or some other factor such as occupation, that are expected to suffer a disease, illness, injury, or sickness.

Mortality charges

The risk charges that are levied on the life cover part to provide the protection benefit to the policyholder.

Mortality rate

A measure of the number of deaths, varying by such parameters as age, gender and health, used in pricing and computing liabilities for future policyholders of life and annuity products, which contain mortality risks.

NAV / Net Asset Value

NAV in the context of the equity shares is computed as the closing net worth of a company, divided by the closing outstanding number of fully paid up equity share. In the context of the unit linked business of our company and the investments made in mutual funds by our company, it represents the value of one unit held by the policyholder / us and is computed as total assets of the fund / scheme divided by number of units outstanding.

Net worth

Net worth represents the shareholders' funds and is computed as sum of share capital and reserves including share premium, share application money and fair value change account net of debit balance in profit and loss account.

New business strain

New business strain arises when the premium paid at the commencement of a contract is not sufficient to cover the initial expenses including acquisition costs and any mathematical reserve that our Company needs to set up at that point.

Non-linked business

Business other than unit linked business.

Non-participating product / policy

Policies without participation in profits, means policies which are not entitled to any share in surplus (profits) during the term of the policy.

Non-unit liabilities

Non-unit liabilities are liabilities held in addition to Linked liabilities (fund reserves) under unit-linked business and represents liabilities in respect of future expenses and benefits in excess of the unit fund. These form part of the mathematical reserves.

Paid up value

It is one of the non-forfeiture options given to the policyholder in case of premium default. In this option, the sum assured is proportionately reduced to an amount which bears the same ratio to the full sum assured as the number of premiums actually paid bears to the total number originally payable in the policy

Participating product / policy

A life insurance policy where the policyholder is entitled to at least a 90% share of the surplus emerging in participating fund and the remaining belongs to the shareholders.

Pension business

Pension business includes business of effecting contracts to manage investments of pension funds or superannuation schemes or contracts to pay annuities that may be approved by the IRDAI.

Persistency ratio

The percentage of premium received from life insurance policies remaining in force to the premiums of all policies issued. It is calculated with respect to policies issued in a fixed period prior to the period of measurement. In other words, it is the percentage of policies that have not lapsed and is expressed as 13th month, 49th month persistency etc. depicting the persistency level at 13th month (2nd year) and 49th month (5th year) respectively, after issuance of contract.

Policy liabilities

The policy liabilities under an insurance contract are the benefits an insurance company has contractually agreed to pay to the policyholders, plus its future expenses less future premiums. Please also see “Mathematical Reserves”.

Present Value of Future Profits or PVFP

Present value of projected distributable profits to shareholders arising from the in-force covered business, determined by projecting the post taxation shareholder cash flows from the in-force covered business and the assets backing the associated liabilities.

Protection gap

As defined in the Swiss Re, Economic Research & Consulting “Closing Asia’s mortality protection gap – July 2020”, the protection gap is measured as the difference between the protection needs of a household and the financial resources available to sustain a family’s future living standards in the event of the premature death of the main breadwinner(s).

Regular premium product

Life insurance product which requires regular periodic payment of premium.

Reinsurance ceded / accepted

Reinsurance means an insurance contract between one insurance company (cedant) and another insurance company (reinsurer) to indemnify against losses on one or more contracts issued by the cedant in exchange for a consideration. The consideration paid / received is termed as reinsurance ceded / accepted. The intent of reinsurance is for an insurance company to reduce the risks associated with underwritten policies by spreading risks across alternative institutions.

Renewal premium

Life insurance premiums falling due in the years subsequent to the first year of the policy.

Retail weighted received premium (RWRP)

Premiums actually received by the insurers under individual products (excluding accrued / due but not paid) and weighted at the rate of ten percent for single premiums.

Required Solvency Margin, Available Solvency Margin and Solvency Ratio

Every insurer is required to maintain an excess of the value of assets over the amount of liabilities of not less than an amount prescribed by the IRDAI, which is referred to as a Required Solvency Margin (RSM).

The actual excess of assets (furnished in IRDA Form AA as specified under the Insurance Regulatory and Development Authority of India (Assets, Liabilities, and Solvency Margin of Life Insurance Business) Regulations, 2016) over liabilities (furnished in Form H as specified in Regulation 4 of Insurance Regulatory and Development Authority of India (Actuarial Report and Abstract for Life Insurance Business) Regulations, 2016) and other liabilities of policyholders’ funds and shareholders’ funds maintained by the insurer is referred to as Available Solvency Margin (ASM).

Solvency ratio is calculated as ratio of ASM over RSM.

Rider

The add-on benefits which are in addition to the benefits under a basic policy

Single premiums

Those policies that require only a single lump sum payment from the policyholder.

Sum assured

The amount that an insurer agrees to pay on the occurrence of a stated contingency.

Surrender

The termination of a life insurance policy at the request of the policyholder after which the policyholder receives the cash surrender value, if any, of the contract.

Surrender charge

In case of linked contracts, surrender charge is the difference between the value of units available to the policyholder and the value paid out at the time of surrender.

Surrender value

It is one of the non-forfeiture options given to the policyholder in case of premium default whereby an amount representing reserve is returned to the policyholder.

Term assurance

A contract to pay an assured amount on the death of the insured during the specified period.

Time Value of Financial Options and Guarantees or TVFOG

Reflects the value of the additional cost to shareholders that may arise from the embedded financial options and guarantees attaching to the covered business. The intrinsic value of such options and guarantees is reflected in the PVFP.

Top-up premium

An additional amount of premium over and above the contractual basic premiums contracted at the commencement of the contract.

Total weighted received premium or TWRP

Measure of premiums received on both retail and group products and is the sum of first year and renewal premiums on regular premium policies and ten percent of single premiums.

Unit linked business

Business of effecting life insurance, pension or health insurance contracts under which benefits are wholly or partly to be determined by reference to the value of underlying assets or any approved index.

Unit linked fund

A unit linked fund pools together the premiums paid by policyholders and invests in a portfolio of assets to achieve the fund(s) objective. The price of each unit in a fund depends on how the investments in that fund perform.

Variable insurance product

Products where the benefits are partially or wholly dependent on the performance of an approved external index / benchmark which is linked to the product.

Value of new business (VNB) and VNB margin

VNB is the present value of expected future earnings from new policies written during any given period and it reflects the additional value to shareholders expected to be generated through the activity of writing new policies during any given period. VNB for any period reflects actual acquisition costs incurred during that period.

VNB margin is the ratio of VNB to APE for any given period and is a measure of the expected profitability of new business.

Notes

A series of horizontal dotted lines for writing notes.

10	Has the Company carried out independent audit/ evaluation of the working of this policy by an internal or external agency?	Y	Y	Y	Y	Y	-	-	Y	Y

P1 The Company is committed to adopting the highest business, governance, ethical and legal standards in the conduct of its operations. The Company has a Code of Conduct (Code) which defines the professional and ethical standards that employees & Directors need to adhere to in compliance with all applicable statutory laws, regulations and internal policies. The Company's subsidiary ICICI Prudential Pension Funds Management Company Limited has its own Code of Conduct approved by their Board. All employees affirm compliance with the Code of Conduct every year. In addition, the Company has several policies to ensure adherence to existing statutory laws and regulations such as the Whistle Blower policy (WB Policy), the Prevention of Sexual Harassment at the Workplace policy (POSH), the Framework for managing Conflict of Interest, the Anti-Bribery & Anti-Corruption Policy etc. The Code of Conduct and the summary of the Whistle Blower Policy are available on the website of the Company (www.iciciprulife.com). The other policies are internal documents and accessible to employees of the organisation. Anti-Bribery & Anti-Corruption Policy conforms to the requirements of anti-bribery statutes and the regulatory guidance issued in relation to the same. The Whistle Blower Policy conforms to the requirements as stipulated by the Companies Act, 2013 and rules made thereunder, Securities and Exchange Board of India (SEBI) (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the SEBI (Prohibition of Insider Trading) Regulations, 2015.

The Company has defined the Employee Service Rules (ESR), the WB Policy and the Grievance Redressal process to administer and ensure compliance to the Code and applicable statutory laws and regulations. The ESR, the WB Policy and the Grievance Redressal process together constitute the framework for classification, enquiry, redressal and reporting of all employee grievances pertaining to any breach of the Code or Company policy or applicable statutory laws and regulations.

The Company has constituted the Governance team as a part of the Human Resources function to ensure that all employee related grievances are suitably investigated and action is taken as per due process stipulated in the ESR and the Grievance Redressal process. The types of grievance are classified under the heads of Fraud, Behavior, Other Code violation, Policy or Process violation and Sexual Harassment. Based on the classification of the grievance, the Governance team initiates investigation and based on the findings of the investigation, recommends suitable action in line with the Disciplinary Action Matrix which is further ratified by the Governance Council of the Company. Pursuant to the decision by the Governance Council on the action to be effected on the Respondent, the Respondent may choose to appeal against the decision of the Governance Council. The appeal is to be made within seven working days from the date of serving the order. The appeal made by the Respondent against the decision of the Governance Council is referred to the Appellate Authority for a final review. The members of the Appellate Authority are nominated by WTD/Head of HR on a case by case basis depending on the seniority of the Respondent and the Complainant. The Appellate Authority may ratify/modify the decision of the Governance Council as it may deem appropriate based on the review of the findings of the case, the circumstances and principles of fairness and consistency. The decision of the Appellate Authority is final and binding on the employee.

P1 The Privacy Policy of the Company provides its commitment to privacy by taking reasonable steps to protect the confidentiality of the personal information provided and protect it from unauthorised access or unauthorised alteration, disclosure or destruction. The policy covers aspects with respect to collection of information, usage of information, sharing of information, storage and retention of information. The Company has controls in place to ensure data is obtained through lawful and transparent means and is also collected and processed only for the stated purpose. The Company undertakes employee awareness programs covering aspects related to information security and data privacy. As part of IT Governance, system audits and vulnerability assessments are conducted periodically. On Data Request Management, we have defined responsibilities and processes to evaluate and respond to law enforcement or Government agencies. The Company has requisite frameworks and processes in place to investigate incidents and take corrective actions through the Information and Cyber Security Policy and Fraud Risk Management Policy. Our privacy policy is available on our website and is in accordance with Information technology (Reasonable security practices and procedures and sensitive personal data or information) Rules, 2011. (www.iciciprulife.com).

The Company is a significant institutional investor in listed companies, securities of which are held by the Company primarily as custodians of the policyholders. Therefore, the Company plays an active role in the general meetings of investee companies and engages with the management of these investee companies at a greater level to improve their governance, in accordance with the Stewardship Code, the compliance of which along with the Stewardship Code itself, is available on the website of the Company (www.iciciprulife.com).

P2 The Company complies with the Insurance Regulatory and Development Authority of India (IRDAI) regulations pertaining to rural and social obligations and product regulations thereby contributing to sustainability and consumer protection respectively. Due regulatory approvals are taken prior to the launch of any product. The details of rural plans of the Company are available on the link: <https://www.iciciprulife.com/insurance-plans/view-all-insurance-plans.html>

The Company's business is unique in nature that it provides a financial safety-net to families across the country through the suite of comprehensive and responsible insurance products that serve the life stage based protection and savings needs of customers. For ensuring the same, the Company is required to invest the policyholders' monies. The Company has in place good governance practices for sound long term investment in addition to the robust risk management framework. Through the board approved Investment Policy the Company has laid out the framework and guidelines for management of investments.

The Company has a Corporate Social Responsibility (CSR) Policy to promote economic and social development which can be viewed on the link: https://www.iciciprulife.com/content/dam/icicipru/about-us/corporate_policies/Corporate%20Social%20Responsibility%20Policy_Final.pdf

The Company's CSR initiatives are undertaken primarily in the areas of healthcare, education, skill development and sustainable livelihoods, employee volunteering and others.

P3 The Company believes in promoting employee well-being and providing a supportive environment to all employees and has guidelines on Employee Health, Safety and Environment (HSE Guidelines) which are available internally for employees.

The Company regularly conducts road safety awareness camps, fire safety drills etc. The Company has adopted employee-oriented policies covering Leave (Extended Leave/Maternity, Adoption Leave), Employee Children's Education Scholarship, Employee's Children with Special Needs, Part time employment, Annual Health Check-up, Medical Insurance, Personal Accident Insurance and Group Term policies etc. These policies are available on the Company's Intranet and accessible to employees of the organisation. For effective redressal of employee grievances, the Company has in place the Code of Conduct, Employee Service Rules and the Whistle Blower policy. The Company also has a Policy against Sexual Harassment at the workplace in adherence to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

Employee health, safety and well-being during the COVID-19 pandemic:

In this year, employee health, safety and well-being emerged as the number one business priority. To proactively respond to the challenges of the pandemic situation, a two tier command center was set up for Business Continuity Plan (BCP) implementation, compliance to Government regulations and for quick decision making on actions to be taken based on emergent needs and ground sensing. Several new initiatives were undertaken to support the health, safety and well-being of employees and to help employees be productive in a work from home mode. The initiatives undertaken are captured under 2 broad themes:

- Physical & psychological well-being
- Enabling work from home

P3 Physical & psychological well-being:

The immediate need was to ensure office safety & hygiene and the same was fulfilled through regular sanitization, fumigation, installation of UV air purifiers and HEPA filters in Air-Conditioners. Social distancing measures were implemented by restricting entry to offices through employee rostering. Plexiglass shields were installed at all customer service desks and all workstations in the corporate office and back office where larger number of employees are housed in one place. Provisions were made for face shields, masks and sanitisers to inculcate safe habits amongst employees and support staff. The Company instituted protocols for office working and a playbook was circulated to all employees on dos and don'ts.

An app – IWorkSafe was created for employees to submit their health status on a daily basis and to enable social distancing via a buzzer. The app was downloaded by all employees which enabled the backend teams to get real time data on health status of all employees. The Company set up monitoring mechanisms to track cases among employees & support staff, support hospitalisation of employees and families and conducted contact tracing. For the year ended March 31, 2021, the Company recorded 891 COVID-19 infections, 122 hospitalisations and one unfortunate death.

The Company supported the health and well-being of employees by offering a variety of programs. Employees were offered free tele-consultation with Company doctors - 1310 employees availed service during the year. A partnership was set up with Health Assure to facilitate COVID-19 testing for all employees. The Company availed of services offered by the health insurance partner and set up a Home Care package to support the medical needs of employees. To ensure affected employees were given sufficient time to recover, COVID-19 leave was provided in addition to sick leave as well. The pandemic brought the discourse on mental health to the forefront and normalised talk about stress and mental health in all forums. Accordingly, the Company set up an Employee Assistance Program through Santulan that offered free tele-counselling for employees and dependents.

Enabling work from home & creating a digital office:

Due to the pandemic and the subsequent restrictions, work from home became the new normal. The Company undertook various initiatives to enable seamless migration. To support accessibility, all employees were equipped with required devices – laptops, tablets and internet dongles. Next, all work applications were migrated to safely enable remote access. Further, remote technology support was offered to all employees to resolve technology issues quickly and ensure smooth working. Employees were also offered reimbursement of data charges / Wi-Fi to encourage them to get higher bandwidth plans. MS Teams was offered to all employees to enable virtual meetings and collaboration among employees. Finally, given the need for ergonomic support while working from home, office chairs were provided to employees with health issues.

A digital office has been set up through the Company's employee app, ATOM and the enterprise social network, PULSE. These apps permit self-service transactions that range from leave / attendance to anything related to compensation, managing team requests such as relocation / leave etc., changing team reporting, booking official travel (all modes) and getting updates on Medclaim. Performance updates to check current performance against targets are made available on the go. Instant query resolution is enabled through call centers for all daily, repeat transactions and IHelpline - an online TAT based query resolver is enabled for any IT / travel desk / reimbursement / performance updates related issues.

P4 The Principle enunciates the aspects of being responsive towards stakeholders, especially those who are disadvantaged, vulnerable and marginalised. The Company has put in place processes to achieve the objectives addressed by this Principle. The initiatives undertaken by ICICI Foundation for Inclusive Growth as well as the CSR programmes and rural & social obligations of the Company conducted pursuant to the CSR policy of the Company, advances the objectives of inclusive growth. These can be viewed by visiting the links mentioned in the note for Principle 2 above and in the Annual Report of the Company.

The Company also offers micro-insurance products such as Sarv Jana Suraksha, a protection product, Anmol Bachat, a savings oriented product, Shubh Raksha Credit and Life, a group micro insurance protection product thereby catering to the rural and social sector obligations of the Company. The Company partners with ICICI Bank in promoting PMJJBY (Pradhan Mantri Jeevan Jyoti Bima Yojana) a social security initiative aimed at making insurance services available to the weaker section of society and low income groups.

For consumer protection, the Company has a Board approved Policy on Protection of Policyholders' Interest, and Grievance Redressal Policy. For effective redressal of employee grievances, the Company has in place the Code of Conduct, Employee Service Rules and the Whistle Blower policy. The Company also has a Policy against Sexual Harassment at the workplace in adherence to the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. Investors may write to the designated persons on the Investor Grievance Redressal section of the Company's website and if necessary, escalate their concerns through the SEBI SCORES platform.

P5 The Company's Code of Conduct (the Code) addresses the requirements of this Principle. The Code emphasises fair employment practices, promotes diversity and safety at the workplace and prohibits harassment and intimidation at the workplace. This Code is available on the website of the Company. For effective redressal of employee grievances, the Company has defined a Code of Conduct, Employee Service Rules (ESR), the Whistle Blower (WB) policy and the Grievance Redressal process. The Company also has in place the Prevention of Sexual Harassment at the Workplace policy (POSH). The ESR and the WB Policy together constitute the framework for classification, enquiry, redressal and reporting of all employee grievances pertaining to any breach of the Code or Company policy or applicable statutory laws and regulations. The Company has constituted the Governance team as a part of the Human Resources function to ensure that all employee related grievances are suitably investigated and action is taken as per due process stipulated in the ESR. The types of grievance are classified under the heads of Fraud, Behavior, Other Code violation, Policy or Process violation and Sexual Harassment. Based on the classification of the grievance, the Governance team initiates investigation and based on the findings of the investigation, recommends suitable action in line with the Disciplinary Action Matrix which is further ratified by the Governance Council of the Company.

The Company has a Talent Acquisition policy that affirms the Company's commitment to being an equal opportunity employer based on meritocracy and reiterates that the Company has zero tolerance for discrimination based on gender, religion, caste or class. Further, the Company has taken steps towards fostering an inclusive workplace. Accordingly, the Company has in place enabling policies to cater to the life stage needs of colleagues such as millennials, those in their mid-careers, late careers and women employees. Employee policies offer options for flexibility, family support, wellness, and learning requirements. Further, the Diversity and Inclusion policy was launched with an emphasis on encouraging women in the workplace and fixed term employment options in roles like underwriting where a large number of women underwriters are employed. Further, the Company conducts a granular review of gender metrics on headcount, hiring and attrition. Additionally, the Company showcases role models & mentors to encourage greater participation of women in the workforce.

In order to protect the privacy of the customers, the Company has a Privacy Policy that provides commitment to privacy by taking reasonable steps to protect the confidentiality of the personal information provided and protect it from unauthorised access or unauthorised alteration, disclosure or destruction. The policy covers aspects with respect to collection of information, usage of information, sharing of information, storage and retention of information. The Company has controls in place to ensure data is obtained through lawful and transparent means and is also collected and processed only for the stated purpose. It undertakes employee awareness programs covering the aspects related to data privacy.

As part of IT Governance, system audits and vulnerability assessments are conducted periodically. On Data Request Management, we have defined responsibilities and processes to evaluate and respond to law enforcement or Government agencies. The Company has requisite frameworks and processes in place to investigate incidents and take corrective actions through the Information and Cyber Security Policy and Fraud Risk Management Policy. Our privacy policy is available on our website and is in accordance with Information technology (Reasonable security practices and procedures and sensitive personal data or information) Rules, 2011. (www.iciciprulife.com).

P6 The aspects outlined under this Principle are not substantially relevant to the Company given the nature of its business. The Company participates in initiatives towards addressing environmental issues and imbibes processes and practices towards an environmentally responsible corporate citizen, which are detailed in its Environmental, Social and Governance (ESG) Report. The ESG Report details out the various measures adopted to reduce energy consumption through periodic maintenance and installation of energy efficient equipment, reduce and manage dry waste (primarily paper waste) through digitization, reduce e-waste and wet waste, and conserve water through efficient practices, thereby minimising the impact on environment. The Company complies with applicable environmental regulations in respect of its premises and operations. The Company has also set up an Executive Committee on Sustainability to periodically review performance on sustainability parameters and integrate sustainability in ongoing business processes.

As a financial services Company, our initiatives are based on the core ethos of responsible consumption & recycling wherever possible. We have a 4 pronged approach to environmental initiatives

Responsible consumption of energy & water: We have been investing in energy efficient equipment such as Variable Refrigerant Flow AC systems, Inverter ACs and energy efficient technologies including LEDs. Periodic maintenance activity & capacity optimisation helps in managing energy efficiency. We have a 24 degree Celsius temperature policy and regular energy audits and heat load assessment. Towards water conservation, sensor-based or water less urinals in all new offices and sensor based & aerator taps are installed. We have a sewage treatment plan at our corporate office and the recycled water is used for gardening.

Reduction of waste and recycle & reuse wherever possible:

To reduce the E-wastage, we ensure safe disposal of office equipment through government certified vendors. We encourage employees to reduce food wastage at our cafeterias and drive reduction in dry waste such as paper through managed print services, tracking of paper consumption, using environment friendly copier paper, minimal use of single use plastic and bio-degradable waste bags. We encourage customers & distributors to adopt digital mode of operations.

- P6 Digitization for customer convenience & operational efficiencies:
 We have end to end digital solutions along the entire customer and employee life cycle from pre sales & customer on-boarding to claims / maturity and from talent acquisition to exit. Customer can send or fetch requisite documents online via Smart Doc app and WhatsApp; fulfilling medical requirement through telephonic or video methods; and finally sending policy document (e-Welcome Kit) online. We provide 24x7 customer service through Chatbot LiGo which is also enabled on WhatsApp and on Google Assistant. We operate digital delivery channels such as our website and those of web aggregators. Life verification of annuitants is also done online. These digital initiatives helps reduce carbon emission by avoiding travel requirements.
- Enhancing the quality of our work environment to promote employee well-being:
 We use natural lighting to the maximum extent possible and we have deployed Air purifiers with HEPA filters in our offices having high foot fall. Also in locations that have AHU for Air-conditioning, UVGI lamps have been installed to improve air quality. We have also deployed live plants within our office premise with the intent to make office space soothing & improve quality of air.
- P7 While there is no specific policy outlined for this Principle, the Company, through trade bodies and associations, puts forth a number of suggestions with respect to the economy and the insurance sector in particular. The Company along with ICICI Foundation for Inclusive Growth, participates in several initiatives to promote inclusive growth.
- P8 The Company has a Corporate Social Responsibility (CSR) Policy to promote inclusive growth through economic and social development initiatives which can be viewed on the link: https://www.icicprulife.com/content/dam/icicpru/about-us/corporate_policies/Corporate%20Social%20Responsibility%20Policy_Final.pdf. The Company's CSR initiatives are undertaken primarily in the areas of healthcare, education, skill development and sustainable livelihoods, employee volunteering and others. The Company complies with the Insurance Regulatory and Development Authority of India (IRDAI) regulations pertaining to rural and social obligations and product regulations thereby contributing to sustainability and consumer protection respectively. Due regulatory approvals are taken prior to the launch of any product. The details of rural plans of the Company are available on the link: <https://www.icicprulife.com/insurance-plans/view-all-insurance-plans.html>
- P9 For consumer protection, the Company has a Board approved policy on Protection of Policyholders' Interest and Customer Grievance Redressal Mechanism Policy. The Company has various touch points to service policyholders such as branches, email, call center, website etc. and has a dedicated customer service team to address customer grievances. The Company adheres to regulatory guidelines on products. The Customer Service team periodically reviews service performance measures, major operational changes or any other issue impacting customer service delivery. The Company has a Board Customer Service and Policyholders Protection Committee that ensures proper procedures and effective mechanism is in place to address policyholders' complaints and grievances.

* Policies wherever stated have been approved by the Board/ Committee of the Board/Senior management of the Company or as required by extant regulations
 #All policies and processes are subject to audits and reviews done internally in the Company from time to time.

(b) If answer to the question at serial number 1 against any principle, is 'No', please explain why: (Tick up to 2 options)

No.	Questions	P6	P7
1	The company has not understood the Principles	-	-
2	The company is not at a stage where it finds itself in a position to formulate and implement the policies on specified principles	-	-
3	The company does not have financial or manpower resources available for the task	-	-
4	It is planned to be done within next 6 months	-	-
5	It is planned to be done within the next 1 year	-	-
6	Any other reason (please specify)	Please refer Note P6 above.	Please refer Note P7 above.

3. Governance related to BR

- (a) Indicate the frequency with which the Board of Directors, Committee of the Board or CEO to assess the BR performance of the Company. Within 3 months, 3-6 months, Annually, More than 1 year?

The Company shall review and assess the initiatives annually.

- (b) Does the Company publish a BR or a Sustainability Report? What is the hyperlink for viewing this report? How frequently it is published?

The Company publishes the Business Responsibility Report annually. The published Business Responsibility Report and ESG Report of the Company can be viewed at www.iciciprulife.com.

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1

- 1. Does the policy relating to ethics, bribery and corruption cover only the Company? Yes/ No. Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/NGOs /Others?**

Yes. The Company is committed to acting professionally, fairly and with integrity in all its dealings. The Company, through the Code of Conduct, has adopted a 'zero-tolerance' approach to bribery and corruption. The Company has put in place an 'Anti-Bribery and Anti-Corruption Policy', which sets forth obligations on part of every employee for prevention, detection and reporting of any act of bribery or corruption. The Code of Conduct is applicable to all employees and Directors of the Company and also fixed-term employees directly engaged by the Company and the contractors appointed by the Company in pursuance to the Outsourcing policy.

- 2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.**

The total number of complaints received from shareholders in FY2021 was 74 and all the complaints have been addressed within the prescribed timeline.

The Company has formulated a Whistle Blower (WB) Policy to encourage employees to report matters without the risk of subsequent victimisation, discrimination or disadvantage. As per the said Policy, employees/Directors can raise concerns related to breach of any law, statute or regulation, issues related to accounting policies and procedures, acts resulting in financial loss or loss of reputation, misuse of office, suspected/actual fraud and criminal offences, non-compliance to anti-bribery & anti-corruption policy, leak of any Unpublished Price Sensitive Information, pursuant to SEBI Regulations or any such information prescribed pursuant to any regulations/laws by the Company or its employees to the Board Audit Committee through specified channels. The policy has been periodically communicated to the employees and also posted on the Company's Intranet. In addition to the above, the Company has instituted several policies to ensure adherence to existing statutory laws and regulations such as the Prevention of Sexual Harassment at the Workplace policy (POSH), Framework for managing Conflict of Interest etc. To administer and ensure compliance to the Code and applicable statutory laws and regulations as maybe there,

the Company has defined the Employee Service Rules (ESR). The ESR defines the terms and conditions of appointment and service, the rules of conduct that employees need to adhere to at the workplace and to lay down the procedure of grievance redressal and disciplinary action in the event of a breach of the Code or any of the Company's policies, statutory laws or regulations as maybe applicable. The ESR and the WB Policy together constitute the framework for classification, enquiry, redressal and reporting of all employee grievances pertaining to any breach of the Code or Company policy or applicable statutory laws and regulations. The Company has constituted the Governance team as a part of the Human Resources function to ensure that all employee related grievances are suitably investigated and action is taken as per due process stipulated in the ESR. The types of grievance are classified under the heads of Fraud, Behavior, Other Code violation, Policy or Process violation and Sexual Harassment. Based on the classification of the grievance, the Governance team initiates investigation and based on the findings of the investigation, recommends suitable action in line with the Disciplinary Action Matrix which is further ratified by the Governance Council.

The customer service team of the Company focuses on building and strengthening customer service orientation by initiating various measures for improvement in customer service. The customer service metrics are periodically reviewed by the whole-time directors and senior officials and steps are taken to reduce customer grievances. The Board Customer Service & Policyholders Protection Committee (CSPPC) also periodically reviews customer complaints and measures taken to reduce them. The Company received 3,076 grievances during the year, of which 3,067 grievances have been resolved.

Principle 2

- 1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.**

The Company provides a range of savings and protection products to cater to all segments of the society. The Company also offers the following micro-insurance products to cater to the rural and social sector obligations of the Company:

ICICI Pru Sarv Jana Suraksha: a protection product;

ICICI Pru Anmol Bachat: a savings oriented product and

ICICI Pru Shubh Raksha Credit - ICICI Pru Shubh Raksha One

ICICI Pru Shubh Raksha Life Group Micro Insurance: a protection product

In addition, an entirely paperless new policy issuance and servicing process has been developed on digital platforms. The digital platform is extended to the Company's employees, advisors and partners too. Due to these initiatives the Company's paper usage has dropped drastically over the years.

More than 96.10% of all our policies issued are logged digitally. The pre-sales process, application form submission, payment, document submission and servicing is enabled online.

Post policy issuance, the contract is emailed to customers. Customers have been requested to open e-insurance accounts, an electronic repository of the policies to enable them to electronically store and administer their policy.

The above initiatives and digital processes have not only provided speed and convenience to customers and distributors, but has also had a positive impact on environment.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product(optional):

(a) Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain?

Not applicable considering the nature of business of the Company.

(b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?

Please refer to our response in Principle 6.

3. Does the Company have procedures in place for sustainable sourcing (including transportation)?

Not applicable considering the nature of business of the Company.

4. Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

Not applicable considering the nature of business of the Company.

5. Does the Company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

As the Company is not a manufacturing company, this point is not applicable.

Principle 3

1. Please indicate the total number of employees – 14413

2. Please indicate the total number of employees hired on temporary/ contractual/ casual basis – 62

3. Please indicate the number of permanent women employees – 3737

4. Please indicate the number of permanent employees with disabilities –

The Company is an equal opportunity employer and does not discriminate based on gender, religion, caste, class or physical disability. The Company does not specifically track the number of employees with disabilities. Based on the income tax declarations which enable claiming income tax deduction for self-disability, the Company has five such employees.

5. Do you have an employee association that is recognised by management –

The Company does not have an employee association.

6. What percentage of your permanent employees is members of this recognised employee association?

Not applicable.

7. Please indicate the number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

The Company does not engage in any form of child labour/forced labour/involuntary labour and does not adopt any discriminatory employment practices. The Company has a policy against sexual harassment and a formal process for dealing with complaints of harassment or discrimination. The said policy is in line with relevant Act passed by the Parliament in 2013. The Company, through the policy ensures that all such complaints are resolved within defined timelines. During the calendar year 2020, 7 cases were investigated and were disposed of.

8. What percentage of your under mentioned employees were given safety & skill up- gradation training in the last year?

- a. Permanent Employees
- b. Permanent Women Employees
- c. Casual/Temporary/Contractual Employees
- d. Employees with Disabilities

Learning & Growth is a key employee value proposition and the Company aims to facilitate capability building of employees through digital learning, on-the-job training, job rotation opportunities, job enrichment and opportunities for career progression. The Company follows an integrated capability development framework for developing a culture of excellence. An integrated learning & development framework has been institutionalised to nurture and build capabilities of employees for superior performance in their current role and to prepare them for future challenges. All new employees undergo mandatory orientation sessions as well as regulatory and compliance training. Employees at junior, middle and senior levels undergo need-based training programs including management development and leadership workshops apart from functional skills programs on product & process knowledge. Senior managers participate in a 360 degree exercise and receive feedback on the Company's Leadership Anchors. One-on-one coaching & mentoring sessions are conducted as needed by senior leaders to support the development of their direct reports.

To facilitate learning on the job, the Company has an Internal Job Posting system that encourages job rotation and multiskills. Through the Internal Job Posting (IJP) system, employees are offered the opportunity to take on challenging roles across a variety of functions and geographies and thereby facilitate their career growth and success. Mobile-first based learning systems, social learning and digital collaboration tools have been deployed to curate, socialise and contextualise learning for individuals and teams. Digital knowledge repositories are available to enable new hires to access key learning content on the go and on demand.

The Company has in place a multi-platform, mobile first and customized digital learning delivery model that caters to the needs of employees across levels. Accordingly, "Learn at one's pace and time" has been enabled via Learner's Box, the Company's own Learning Management System. This is the go-to system for frontline sales employees to access domain specific programs and undergo testing and certification. The LinkedIn Learning platform has been made available to all managers. Customized learning journeys are assigned to employees based on individual and functional needs. Each assigned course is linked to the Company's Leadership Anchors. The Company has deployed AI-based learning via "My Coach" that has been established to enable sales frontline staff to improve their pitching skills by offering machine generated feedback on every pitch received.

The Company accords paramount importance to Health & Safety of the employees and provides a safe and healthy workplace to its employees across all the branches. Hygiene to precaution against the fire hazards and all parameters towards protection of employee's health and safety are focused and monitored. During the COVID 19 pandemic, the Company has proven its commitment towards the health & safety of the employees. Fire safety drills have been conducted for all offices. Fire safety week was celebrated in FY2021 at all locations in which fire evacuation drills were conducted. Fire drill trainings were conducted following social distancing norms. Educative mailers have been circulated as a part of the campaign periodically to all employees covering all arenas of fire safety – e.g. "Participate in your fire drill", "Please be aware of emergency evacuation routes", "Do's and Don'ts for fire marshals", "How to operate fire extinguishers", "Fire safety and fire evacuation" and more on these themes .

Fire safety sessions have been conducted at branches by fire brigade officials for employees and also special sessions have been organised for new joiners. COVID-19 safety norms were followed during training sessions. Road safety sessions have been conducted at branches by traffic police officials for employees and also special sessions have been organised for new joiners, where ever feasible – following all social distancing norms.

Workplace safety sessions were conducted to highlight the need for safety at the workplace. These sessions also covered measures of managing at the workplace during the COVID-19 pandemic and directed specifically towards managers. Additionally, communication campaigns were launched to encourage adherence to COVID-19 appropriate behaviors via an e-pledge; health advisories as per the guidelines of Ministry of Home Affairs, branch visit advisories, branch protocols in case of COVID-19 positive employees were released on a regular basis; employees were encouraged to avail of the various policies and benefits offered. Educative mailers were circulated to all employees on Health, Safety & Environment (HSE), and natural calamities, epidemics and ergonomics and women safety on a regular basis. The Company introduced an app IWorkSafe, which

was created for employees to submit their health status daily and to enable social distancing via a buzzer. The app has been downloaded by 100% employees which enables the backend teams to get real-time data on health status. The Company supported the health and well-being of employees by offering a variety of programs. Employees were offered free tele-consultation with Company empanelled doctors; during the year, this service was availed by 1,310 employees. A partnership was set up with a health service provider to facilitate COVID-19 testing for all employees – 69 appointments were booked. The Company availed of services offered by the health insurance partner and set up Home Care packages to support the medical needs of employees. To ensure affected employees are given sufficient time to recover, COVID-19 leave was provided in addition to sick leave. The Company ensured that mental health and stress was discussed in various forums. Accordingly, the Company set up an Employee Assistance Program through a counselling service partner that offered free tele-counselling for employees and dependents – 154 sessions were conducted.

Other COVID-19 safety initiatives for employees:

- Re organizing the seating layout to ensure the 6 feet distance amongst the employees,
- Rostering of the employees to ensure less crowd in the branches,
- COVID Marshall were appointed at all branches to give special care to the employees during COVID-19,
- Mandatory use of mask during office hours,
- Thermal Screening of the employees and customers,
- Installed touch less sanitizer dispensers and sanitized floor mats,
- Introduced the in-house deep sanitization activity every week apart from regular wiping of hotspots and mopping of floors.

On the occasion of World Mental Health Day on October 10, 2020, mental health was brought to the forefront through the internal #KindForTheMind campaign. Communication campaigns on being aware, practicing mindfulness and managing anxiety were shared among all employees. A webinar series was organized in partnership with National HRD Network (#MindMatters campaign) and the Company's counseling service partner. 10,000 employees participated on webinars with the Company's Chief Medical Officer, where details and precautions related to COVID-19 were explained, and advice on nutrition and immunity building was provided.

Women's Day was celebrated through an initiative #CelebratingTheExtraordiNaari, a week-long webinar series that covered sessions on women's health, financial planning, nutrition and physical fitness. The week concluded with a panel discussion on enabling success for women in sales careers and creating an equal workplace. Over 400 women employees participated in the webinars and 1,500 permanent employees participated in the closing panel discussion.

Principle 4**1. Has the Company mapped its internal and external stakeholders? Yes/No**

Yes, the Company has mapped its key stakeholder groups, both internal and external.

2. Out of the above, has the Company identified the disadvantaged, vulnerable & marginalized stakeholders.

The Company is guided as per regulations prescribed by IRDAI on a certain percentage of our insurance products to be sold to rural and socially underprivileged customers.

3. Are there any special initiatives taken by the Company to engage with the disadvantaged, vulnerable and marginalized stakeholders. If so, provide details thereof, in about 50 words or so.

The Government of India introduced Pradhan Mantri Jeevan Jyoti Bima Yojana (PMJJBY) as a low premium insurance scheme to widen the penetration of insurance in India. It is aimed at creating a universal social security system. This scheme will be administered in partnership with banks and the participating bank will be the Master Policyholder under this scheme.

This scheme is available to eligible savings bank account holders in the age group of 18 to 50 years, and it offers a risk cover of ₹ 2 lakhs in case of death due to any reason, which would be payable to the nominee, for a low premium of ₹ 330 per annum per member.

While insurance is not a new concept in India, its penetration, especially in rural areas, remains limited. PMJJBY aims to reach such sections and bring them into the fold of formal financial services by offering life insurance cover at nominal cost. As of March 31, 2021, 0.47 million lives were covered under PMJJBY.

Principle 5**1. Does the policy of the Company on human rights cover only the Company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?**

The Company is an equal opportunity, gender neutral employer and has a zero tolerance policy towards any discrimination based on gender, religion, caste or class. The Company strives to uphold meritocracy and fairness at the workplace through transparent policies, systems and processes and has instituted a structured grievance redressal mechanism to address employee concerns. All employee concerns are investigated and action taken based on the findings and the Company's Code of Conduct and Employee Service Rules. The Company's subsidiary ICICI Prudential Pension Funds Management Company Limited has its own Code of Conduct approved by their Board.

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?

For details, kindly refer to our submission above.

Principle 6**1. Does the policy related to Principle 6 cover only the Company or extends to the Group/Joint Ventures/Suppliers/Contractors/NGOs/others.**

As outlined under the Principle 2 above, the aspects outlined under this Principle are not substantially relevant to the Company given the nature of its business.

2. Does the Company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc? Y/N. If yes, please give hyperlink for webpage etc.

It has been our endeavor towards imbuing processes and practices towards being an environmentally responsible corporate citizen.

The Company has an elaborate ESG Report that details the efforts of the Company on sustainability; and is also available on its website.

The Company constantly undertakes technology and digitalization initiatives and works with employees, partners and customers to offer simple and robust technology solutions towards reducing the Company's carbon footprint.

In addition to the above, a few of the initiatives are also highlighted as under:

1. Initiatives in doing business and servicing customers:
 - a) The Company provides digital platforms across policy lifecycle for ease and convenience of customers, with them not required to travel to branches for any of their insurance needs. Some such initiatives are, connecting sales, product and underwriting experts with customers through digital collaboration platforms, sending them pre-sales quotes through Quotes app, and policy documents online and empowering them with exhaustive self-help service modules on website and Customer app.

The entire insurance application form filling process is paperless with digital OTP based consent from customers, and digital confirmation from our agents. The Company's issues policy documents in paperless format in the customer's e-IA account (Electronic Insurance Account) and also in Digilocker.

- b) The Company has enabled anytime, anywhere servicing (24x7) over its digital channels such as the Company website, Mobile App, WhatsApp and its chatbot called LiGo. Customers can access information related to their policies, update their personal details, complete financial and non-financial transactions over these digital servicing channels from the comfort and safety of their homes. These digital touch-points have enabled the Company to cater to the instant gratification needs of discerning customers. In addition, channels such as the Interactive Voice Response (IVR) and Visual IVR, offer convenience to customers to service themselves. The Company has also enabled claimants to intimate claims digitally as well as share claim related documents over the digital channels. To the extent permitted, the Company also

communicates with customers via WhatsApp, SMS and emails and reduces the use of paper. Customers can request for payment receipts, policy document, and even submit documents via WhatsApp, and Smart Doc Upload app. The Company has instituted an Artificial Intelligence based voice engine (Voice bot) with personalized interaction and human touch. The Company uses Humanoid - AI based conversational tool that can reach out to over 50,000 customers in an hour. It has enabled the Company to reach out to customers, deliver superior experience along with scalability. Over 90% of all service interactions are completed through self-help.

By using Artificial Intelligence and Robotic Process Automation the Company has increased productivity by reducing the time taken for underwriting and policy issuance. In the absence of technology it would have taken 130 days to issue 6.5 million policies manually, even with the previous Robotic Process Automation driven process it would have taken 65 days to complete the entire issuance process. However with this innovative smart solution built directly into the policy admin system we were able to complete the policy issuance within 3 days.

- c) The Company operates digital delivery channels such as the website and those of web aggregators. Through the initiative of Term by invite, instant policy issuance is offered without the need for a customer to travel.
- d) The Company created safe, secure and conducive Work From Home environment technologically which has helped employees function effectively while staying at home with zero travel during the recent COVID-19 times, thereby reducing usage of electricity at work.

These digital solutions not only reduce solid waste through avoidance of documentation process but also reduce carbon emission by avoiding travel requirements.

- 2. To reduce paper consumption, the Company emphasizes on the extensive use of 'Managed Print Services' for efficient print management and reduced paper consumption. This helps the Company control printing, improve document security and improve environmental sustainability.
- 3. The Company's new branches have been equipped with efficient electricity consumption using Variable Refrigerant Flow (VRF) ACs, inverter 5 star ACs, light sensor technology and LED lighting and other energy conservation measures. Energy conservation measures have been put in place to reduce the carbon footprint, such as installation of energy efficient equipment, solar hybrid air-conditioning system, solar power lighting in project phase and using living plants within office premises to improve air quality.
- 4. As highlighted in Principle 2, usage of tablets for doing business the digital way, has optimized paper utilization.
- 5. The Company has also undertaken several initiatives for waste management and reduction.

3. Does the Company identify and assess potential environmental risks? Y/N

Yes. The Company complies with applicable environmental regulations in respect of its premises and operations. As a financial services company, focus on the environment is driven primarily by what is consumed and through recycling. The Company tries to address environmental concerns through various measures to reduce energy consumption and towards waste management and water management.

4. Does the Company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if Yes, whether any environmental compliance report is filed?

Not applicable considering the nature of business of the Company.

5. Has the Company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc. Y/N. If yes, please give hyperlink for web page etc.

As outlined above, the Company participates in several initiatives in the area of environment sustainability, as highlighted in point 2 above (of this Principle) and the ESG Report of the Company, which can be accessed on its website.

6. Are the Emissions/Waste generated by the Company within the permissible limits given by CPCB/SPCB for the financial year being reported?

Not applicable considering the nature of business of the Company.

7. Number of show cause/ legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.

Not applicable considering the nature of business of the Company.

Principle 7

1. Is your Company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:

- (a) Life Insurance Council
- (b) The Confederation of Indian Industry (CII)
- (c) The Advertising Standards Council of India (ASCI)
- (d) The Indian Society of Advertisers (ISA)

2. Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)

The Company directly or through trade bodies, associations and the Life Insurance Council, puts forth a number of suggestions with respect to the insurance industry in general, and life insurance in particular.

The Company provide inputs to the Authority and the industry in drafting of policy matters and for promoting initiatives for insurance

penetration, distribution and policyholders' interests. The Company is also part of various committees/working groups formed by the Life Insurance Council for evaluating such initiatives towards greater insurance inclusion.

Principle 8

1. Does the Company have specified programs/initiatives/projects in pursuit of the policy related to Principle 8? If yes, details thereof.

The Company's CSR initiatives focus on inclusive growth through economic and social development. Some of the primary focus areas are healthcare, education, skill development and sustainable livelihoods, support employee engagement in CSR activities and other areas.

Considering the pandemic year, the Company contributed ₹ 100.0 million of its CSR outlay to PM CARES Fund for supporting relief measures against COVID-19 and balance funds have been utilised for honoring its existing CSR commitments.

The Company, through focus area of education, skill development and sustainable livelihood extends support to Catalysts for Social Action for holistic development of 129 underprivileged children staying in three child care homes of Madhya Pradesh. The objective is to improve the rehabilitation outcomes through structured program interventions of education, skilling, vocational training, nutrition and health & hygiene. The Company also supports school education for 3 underprivileged children through Change Makers Society and empowering over 280 school children with personal safety education through Arpan. Further through its healthcare programs the Company has partnered with Tata Memorial Hospital for medical treatment of underprivileged children and youth diagnosed with Cancer. Over 53 patients have been supported through the program. The Company has also partnered with Ekam Foundation, Mumbai and Shrimad Rajchandra Sarvamangal Trust for medical treatment and surgical support to over 26 critically ill underprivileged infants/children. As part of employee volunteering initiative, the employees donate through their payroll to any cause of their choice. In addition, the employees also volunteered to donate ₹ 26.5 million to PM CARES Fund through their payroll for supporting relief measures against COVID-19 pandemic.

For more details on CSR programs initiated by the Company, please refer the annexure on CSR which forms part of Director's report.

2. Are the programs/projects undertaken through in-house team/own foundation/external NGO/government structures/any other organization?

The CSR programs are undertaken either directly by the Company or through ICICI Foundation for Inclusive Growth or with the assistance of implementation partners.

3. Have you done any impact assessment of your initiative?

The Company's initiatives through its partners is reviewed regularly against the defined milestones and outcomes. In addition, ICICI Foundation assesses the impact of all programs undertaken by it. Baseline and endline research studies, process documentation and impact evaluation are carried out depending on the nature of the program. ICICI Foundation is undertaking independent impact assessment based on the extant regulations and the report shall be annexed to the Company's annual report for FY2020-21.

4. What is your Company's direct contribution to community development projects- Amount in INR and the details of the projects undertaken?

The Company has spent ₹ 109.8 million in FY2021 on CSR related activities. Of this, ₹ 100.0 million was contributed to PM CARES Fund for support against COVID-19 pandemic and balance ₹ 9.8 million was utilized for Company's CSR programs undertaken primarily for healthcare, education, skill development and sustainable livelihoods, employee volunteering and others.

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words, or so.

Community development forms the core for all initiatives undertaken by the Company. The programs are designed to reflect the needs of each target population. ICICI Foundation encourages the active engagement of key stakeholders such as the Governments, NGOs, Panchayati Raj Institutions (PRIs), communities and other local institutions in the project planning and implementation to facilitate developing and building community ownership while ensuring the sustainability of the programs.

The Company's initiatives in the area of healthcare, education, skill development and sustainable livelihoods, are focused on enhancing the living outcomes and providing opportunities to target beneficiaries/communities to improve their livelihood.

Principle 9

1. What percentage of customer complaints/consumer cases are pending as on the end of financial year.

9 grievances were pending as on March 31, 2021. 99.71% grievances are resolved in the financial year.

2. Does the Company display product information on the product label, over and above what is mandated as per local laws? Yes/No/N.A. /Remarks(additional information)

Not applicable considering the nature of business of the Company. The Company complies with the disclosure requirements relating to its products and services.

3. Is there any case filed by any stakeholder against the Company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years and pending as on end of financial year. If so, provide details thereof, in about 50 words or so.

In the ordinary course of insurance business, several customers have disputes with the Company which could result in filing a civil suit, criminal complaint or a consumer complaint alleging deficiency of services. The Company always strives to have a cordial relationship with its customers and attempts to have an amicable settlement of the dispute but in some cases needs to pursue legal resolution of the same.

4. Did your Company carry out any consumer survey/ consumer satisfaction trends?

In order to continuously improve the quality of insurance products and services delivered to its customers thus resulting in a highly recommended & trusted brand, the company has in place a robust framework for managing customer experience. This framework involves a holistic measurement system which not only captures

customer satisfaction through CSAT studies but also measures how many customers are likely to recommend the brand to others, by conducting regular Net Promoter Score (NPS) surveys after experiences such as purchasing a new insurance policy or making a claim. The Company on a continuous basis captures the experience of customers buying a new life insurance policy or transacting across various touch points. As part of this exercise, once the customer's transaction is completed, feedback is solicited using multiple mechanisms such as out-calling, e-mail, SMS, IVR, pop-up on the logout page of the secured website & on chat-bot. In addition, a rigorous internal process ensures that insights generated from the measurements are reviewed across multiple levels within the organization and translated into actions such as process and system improvements, for enhancing various facets of customer experience. The Company's focus on improving customer experience and customer service standards reflects in its persistency (a critical measure of customer satisfaction). The Company's 13th month persistency excluding single premium is at 84.8% in FY2021.
