## From the CEO's Desk

## Dear Shareholders,

The financial year 2009 will no doubt go down in our memories as one of the most eventful years we have experienced in our lifetime. What started as a financial crisis in the US turned into an economic crisis and a spiral began that buffeted markets across the globe. India too felt the impact, as exports slowed, and the flow of dollars abated. Fortunately, the Indian financial system held up quite well. If anything, the Indian stock market settlement systems and the financial system as a whole got stress- tested, and came out in good shape.

Yet, the volatile economic scenario and the fluctuating markets took consumers by surprise, who in turn became
apprehensive about their investments. Though insurance is about protection, a large part of insurance sales is tied to investments, i.e. these are unit linked. We faced a few challenges in the bumpy markets-basically weak customer sentiments and low confidence levels. We responded by adopting a strategy comprising of high engagement with our customers. We were among the very few insurance companies in India to go out and meet customers and distributors, alike during this period, and advised them to stay committed to a long term plan. To our surprise, we received their appreciation for meeting them when the markets were rough.

We recognise we are in the business of trust. Our ability to deliver our promise to customers, partners and stakeholders has been richly rewarded, as reflected in our

The foundations of the company are strong: excellent people, robust systems and quality customer service. This will form the bedrock for growth in the future.

It is fair to expect such an excellent franchise to deliver profitability...we will not hesitate to do all that is required to quickly move to the path to profitability.

V. Vaidyanathan > Managing Director \& CEO
strong renewal inflows. We were also the first Indian life insurance company to receive the 'Life Insurance Company of the Year’ award at the Asia Insurance Industry Awards 2008. Our customer service standards are among the finest in the industry. We are a strong brand built on trust and quality customer service, and we are committed to keep it this way.

Looking ahead, the future looks brighter. Global issues are ebbing as we speak, and India looks to resume its long term growth path. As India grows, so will the need for protection. India is very short on long-term social security, and this is a big opportunity in itself. With increasing private sector job opportunities, coupled with the increase in number of self-employed, the need for pensions will only increase. Health in the best of times is an uncertainty, kids' education is increasingly expensive, and hence these present large opportunities for insurance. Insurance is a latent need, but a need it is for sure. We will work out innovative ways of making people discover this need, and we believe this will be the key to opening up the market.

The foundations of the company are strong: excellent people, robust systems and quality customer service. This will form the bedrock for growth in the future.

It is fair to expect such an excellent franchise to deliver profitability, and to be self-sustaining. The expense structure of the industry and for our company will require some rethink, and we will not hesitate to
do all that is required to quickly move to the path to profitability, while eliminating expense overruns. While we will continue to focus on growth, such opportunities will be put to test against minimum boundary conditions of profitability and control. Interestingly, it is possible to increase customer service and reduce costs at the same time as demonstrated by the banking world as they moved from physical to electronic to mobile banking.

We also recognise we have to think long term at every stage, whether it is our market practices, people practices, or our core business model. Every decision we make on these counts will necessarily pass through the "long-term sustainability" filter. We will continue to keep our consumers' interest in the forefront while designing these practices. After all, only if our customers are happy will we be able to grow from strength to strength.

I look forward to developing a strong, stable and profitable franchise in the years to come, and to celebrating many more milestones with you. I look forward to your support.

With warm regards,

V. Vaidyanathan

# Learning is 

## a Continuous process...

ICICI Prudential Life has been able to anticipate, prepare and learn from changes in the business environment. The company has successfully translated these changes into avenues of learning, which has helped it move from strength to strength.

## Towards Continuous Excellence

## Retaining Trust

While financial strength and a powerful brand attract customers to ICICI Prudential Life, it is trust that keeps them with the company. And hence, success goes to the company that is able to build a bond of trust with its customers; trust that emerges from being in close proximity with the consumers, from being transparent in its interactions with customers, from being financially solid and above all being a known and credible brand.

## An adaptive \& proactive DNA

Financial year 2009 presented a paradigm which tested the company's mettle. It presented a challenging environment for sure, but the company has a DNA which is adaptive and more importantly proactive. The volatility in the Indian equity markets affected the sentiments of the retail consumers who either withdrew or withheld
their investments in life insurance plans. ICICI Prudential Life realised the need to address its customers' concerns and hence proactively set out to empower them with the right knowledge, thereby enabling them to ride over the volatility. The company was quick to learn from the challenges and designed specific products and services to enable consumers continue their investments towards their long-term financial needs. Further, the company also enhanced its engagement with its distribution partners and invested significantly towards training and re-skilling its partners to cope with the changed consumer mindset.

## Strong \& stable financial base

While it is critical to be in close proximity with the consumers, it is equally important to have a solid financial infrastructure that emerges from being fundamentally strong and stable. With continuous support from ICICI Bank and Prudential

66 success goes to the company that is able to build a bond of trust with its customers; trust that emerges from being in close proximity with the consumers, from being transparent in its interactions with customers, from being financially solid and above all being a known and credible brand. 99

Puneet Nanda > Executive Vice President

plc, the company remained one of the highest capitalised life insurers in India with an infused capital of Rs 47.80 billion. For consumers, this large capital base is another measure of the strength of the company. Today, ICICI Prudential Life is also one of the top managers of retail wealth with a strong asset base.

Its investment philosophy of safety, stability \& long-term returns to the policyholders, has consistently resulted in the company's funds outperforming their benchmark indices, by significant margins both during bullish and volatile phases.

## Strong consumer commitment

Its sustained competitive edge can be seen through a continued consumer commitment to the brand and its various achievements through the year.

- The company's renewal premiums, one of the key indicators of customers' loyalty towards the brand, have shown a robust growth of $61 \%$
- Customers' trust in the brand was also reflected with a market share of over $10 \%$ - testimony to the company's leadership

## Towards Continuous Excellence

- A strong asset base of over Rs 327 billion makes ICICI Prudential Life one of the top retail asset managers in the country
- Research shows that the company also has the highest recall value and consideration to buy among private insurance players

Since ICICI Prudential Life started its business in 2000, the company has built a strong foundation and rapidly scaled up its product portfolio, distribution, service and fund management capabilities which have helped the company sustain leadership in the industry, since inception. As the environment evolves, we will continue to build and enhance all the capabilities needed to achieve our aspiration of focussing on growth with efficiency. We are confident that this will enable us to outperform in the years to come and we look forward to the future with excitement.

Brand Saliency and Purchase Consideration

66 ICICI Prudential Life's journey of growth and leadership is one that has been built not on trust alone but also on customer centricity ...a philosophy of customer centricity that has led it to set new standards of customer service. 9

Anita Pai > Executive Vice President

## Customer First

ICICI Prudential Life's journey of growth and leadership is one that has been built not on trust alone but also on customer centricity. The company's philosophy of customer-centricity continues to guide it, while introducing effective insurance solutions or while launching simple yet effective services for its customers.

## Convenience: a key to world class service experience

The company's philosophy of customer centricity led it to continuously invest towards providing its customers with easy access, convenience of transaction and set new standards of customer service.

- ICICI Prudential Life leveraged technology to provide services that enhance the consumer's experience with the brand - be it offering services through the internet, mobile networks or other self service options
- Partnered with various organizations to offer over 10,000 customer touch points, a $24 \times 7$ helpline and a wellness program for its health insurance customers

When the Indian financial sector began to feel the effects of the overseas financial crisis, the company quickly adopted a strong twopronged strategy to ride over the volatility.

## Reassure consumers with relevant products

The primary challenge the company faced during the volatile times, was to convince the retail investor of the safety of their savings invested in life insurance, thereby protecting their long term financial goals. Understanding the underlying need for security, the company was quick to respond to the situation.

- Introduced various return guarantee options, to cushion the investor's savings and enable them to continue to invest

## Towards Continuous Excellence

towards their long-term financial goals, without the risk of a downside

## Educating during the changing economic scenario

Realising that weak sentiment was resulting in investors becoming hesitant to save through market-linked life insurance products, the company directed its efforts towards reassuring its customers. To ensure consumers were well informed, the company adopted various routes to communicate to its consumers.

- Organised various interactive customer education forums bringing together the company's high net-worth customers and its senior management, to effectively deal with weak customer sentiments, by assuring and advising them of the safety of their investments
- Communicated effectively through personalised letters to its customers. Imparted appropriate training to all relevant customer touchpoints - partners and advisors alike, on how to handle sensitive customer queries
- The changed environment meant that consumers were seeking re-assurance and the right guidance to tide over the volatile equity markets. This clearly reflected in the advertisement campaigns and the mass media initiatives that ICICI Prudential Life launched in the year

All these clearly held ICICI Prudential Life in a good stead with its customers and today the company has the recognition of having the highest brand awareness and consideration amongst private life insurers.

## Effective services in rural India

With an established presence in rural India, it was essential to offer this consumer segment effective service options at par with their urban counterparts, services that they could relate to.

- To empower its rural customers and offer them various premium payment gateways, ICICI Prudential Life partnered with relevant local institutions
- It regionalised all communication for this consumer segment, including call centre assistance, sales literature, etc.
- Launched exclusive service camps in rural areas

All these initiatives clearly translated into building a superior brand, creating great products, simplifying processes and providing the customer with multiple access points to be in close proximity with the company. It further strengthened ICICI

Prudential Life's consumer base and their trust in the brand.

Today, the company has successfully issued over 9 million policies to customers across the country and has been recognized as the Most Trusted Brand amongst private life insurers by The Economic Times - Brand Equity Most Trusted Brands 2009 survey - a testimony to the success of ICICI Prudential Life's customer centric initiatives.

## Towards Continuous Excellence

## Managing Risks

As ICICI Prudential Life drives itself to generate profitable growth, the company has also set out to implement a comprehensive risk management process over the course of the year. An Executive Risk Committee was set up to identify and implement best practices in the area of risk management. The risks faced by the company are classified into three categories - investments risks, insurance risks and operational risks. The Executive Risk Committee's function is to identify, monitor, manage and control the risks in each of these categories.

For the purpose of measuring and monitoring of the insurance and investment risks, the company has developed a risk dashboard for its management committee. The dashboard provides a single view of the exposure of the different lines of business to the various risks. The dashboard quantifies risks to its statutory and economic balance sheets
by applying shocks to the assets and liabilities. The shocks to the economic balance sheet are based on the standard model shocks as advised by the CEIOPS as part of the ongoing consultation process for Solvency II. The shocks to the statutory balance sheet are derived from the shocks applied to the economic balance sheet.

During the financial year 2009, significant attention was paid to identifying, measuring and reporting operational risks. Operational risks are based on identifying 'those things that can go wrong'. Key operational risks are reported to the management committee through the dashboard on a monthly basis. Key business practice risks are further consolidated into a sourcing channel-wise operational risk score to track risk trends at a channel and company level.

## Financial highlights

- The company experienced significant reduction in its expense ratio, which dropped from $14.9 \%$ in the financial year 2008 to $11.8 \%$ in financial year 2009

## 66 As ICICI Prudential Life drives itself to generate profitable growth, the company has also set out to implement a comprehensive risk management process over the course of the year. <br> Dr. Avijit Chatterjee > Appointed Actuary

- ICICI Prudential Life's statutory losses also saw a decrease from Rs 13.95 billion in financial year 2008 to Rs 7.80 billion in financial year 2009
- The company's New Business Profit (NBP) stood at Rs 10.04 billion for financial year 2009, resulting in a stable new business margin of $18.9 \%$

While ICICI Prudential Life continued to stay ahead of competition, there were peaks and troughs. With policyholders turning risk averse, new business premium flows slowed down and for the first time in the history of the company, the APE declined by $19 \%$. However, the company was quick to adapt and implemented strategies conducive to the changed environment.

## Product development

One particular response to the financial turbulence was to launch the Return Guarantee Fund. This fund offers a guaranteed return after five years and is available across a wide range of group

and retail products, and to both new and existing policyholders.

Another move was to continue to develop the company's health insurance portfolio. The company launched Health Saver, a unique product proposition: it combines regular savings in a unit linked platform with long-term health insurance on a reimbursement basis, all covered under section 80D of the Income Tax Act.

# The key to Success 

## is the ability to <br>  to change

Being adaptive is a part of ICICI Prudential Life's DNA. The company has been able to adoptits learnings and respond to change by translating its experience into actionable initiatives, thereby taking the company ahead in its journey towards excellence. The company's ability to adapt and capitalize on the opportunities is the hallmark of its success.

## Adapting to Change

The uncertainty in the world's financial markets in the financial year 2009, touched the shores of nearly every country, and India with its increasing global linkages certainly felt the effects. Customers turned risk averse and their preferences changed as they started looking for assured returns. ICICI Prudential Life immediately responded by adopting a strategy that offered relevant products and high consumer engagement, to retain and strengthen the confidence consumers' had in the brand.

## Responding to the changing environment

With markets becoming volatile, consumers felt safe holding on to cash rather than investing it. In fact, many consumers were even apprehensive to pay towards their existing policies, thereby damaging the longterm benefits they offered. Keeping in mind the ability of life insurance to help consumers meet their long-term financial goals, ICICI Prudential Life began by informing consumers on the benefits of investing in the
markets at that time. Next, understanding the underlying need of security, especially during volatility, the company introduced various return guarantee options. Further, ICICI Prudential Life initiated consumer engagement programs to empower its customers with the right knowledge about the company, investment options and the markets.

While a return guarantee product such as LifeStage Assure was a boon for new customers, the company felt the need to go beyond and protect the investments of its existing policyholders, thereby leading to the launch of Return Guarantee Fund (RGF). ICICI Prudential Life became the only life insurance company to launch a fund that benefited both the new and the old customers alike by giving them a choice of guarantee across all product categories, be it retirement, child or wealth products. RGF proved to be a huge success and garnered over Rs 8 billion, in less than 3 months of its launch.

Keeping in mind the need to communicate continuously with its consumers and distributors alike, ICICI Prudential Life:

- Launched Winning Moves, where the senior management met key customers, across India to respond to all the queries they may have on their investments with the company
- Winning Moves was further extended to a larger base of customers through teleconference calls
- Leveraged its existing partnership with a leading business television channel through, 'Forever Young' to advice consumers on financial planning, especially during volatile times
- Focused on communicating the benefits of long term goal based savings through its specific advertisement campaigns
- The company invested in training and re-skilling its sales force and distribution partners to empower them to handle customer queries effectively

## Stronger product portfolio and effective services

While the company's ability to respond to the changed environment was clearly established through its strategic approach, it continued to build its product portfolio and service infrastructure for consumers across India.

## Leveraging consumer insights to strengthen health portfolio

The company continued to offer consumers products to cover them at every stage of their lives. It invested in extending the benefits of health insurance to consumers. ICICI Prudential Life played on its ability to understand consumers' pulse and strengthen its already existing world class health insurance portfolio.

- Became the first company to launch a health insurance product that combined the benefits of hospitalization reimbursement and fund accumulation. Health Saver changed the entire landscape of the health insurance industry in India
- Introduced Health Active, a unique wellness program to guide and help customers lead a healthy life

## Adapting to Change

## Enhancing consumer experience

Technology-enabled services continued to differentiate ICICI Prudential Life from its competitors. The company effectively utilized mobile and web technology to offer simple yet effective services to its consumers.

- Launched iCLAIM, a first-of-its kind service in the industry, which provides consumers the option to reach out for assistance from the company officials and get a prompt resolution, while making claim through a simple SMS
- Launched webchat services and provided premium payment facilities through IVR
- Introduced E-Portfolio statements, a first of its kind service in the life insurance industry, to provide customized e-statement with complete investment details

Reaching out to consumers through service camp

The success of the deployment of technology, to provide easy access to the customers, can be gauged through the high premium garnered by the company through its website www.iciciprulife.com. Over Rs 4.40 billion premium was garnered during FY2009 through its website.

## Empowering rural India

Financial year 2009 saw ICICI Prudential Life strengthen its presence and infrastructure in rural India through various unique initiatives. This led to the company to sell over 2 million policies in rural India and become a preferred brand for life insurance in these areas.

- Offered customers an option to pay their premiums in cash, a mode they are most comfortable in
- Tied-up with local institutions such as India Post, Suvidha Infoserve, rural banks etc. that enjoy strong equity amongst the rural community
- Organised service camps in key rural locations, to enable consumers get responses to any queries on their policies/investments
- Designed and developed unique marketing initiatives, which rural India could relate to. This included participation in fairs, conducting street plays across various locations, conducting road shows, van activities and wall paintings

## Empowering People

Fun at work

## Investing in re-skilling people

With the external environment undergoing extensive change, it was critical for employees to adapt to the change with agility and flexibility. This demanded that the company learn new ways of working and proactively embracing the change itself. ICICI Prudential Life has exemplified the spirit of leadership by embracing change with vigour.

## Culture of growth \& efficiency

Aligning employees to the culture of growth and efficiency were imperatives for sustaining dominance and ICICI Prudential Life proactively pursued efficiency improvements in its operations. This necessitated a shift in mind-set. Whilst this was reinforced through communication sessions, employees were also exhorted to identify opportunities to eliminate waste and support in building a sustainable, profitable organization.

## Regular communication through multiple platforms

To address various issues arising out of the changed environment, multiple communication platforms were leveraged to build perspective amongst employees at frequent intervals. Broadly the initiatives maybe categorized as interactive Q\&A sessions, face to face meeting with the senior management and circulation of standardized communication packs from top management that reinforced positive messages and recommended strategies to deal with the market reality.

To cascade the key messages and address employee queries, video conferencing and tele-conferencing were arranged between the sales leadership and their teams. This multi pronged communication strategy ensured reach and served a long way in assuaging apprehensions and boosting morale.

## Empowering People

## Leadership development

ICICI Prudential Life also invested significantly to re-skill its managers, sales force and advisors with selling strategies in the context of a changed market scenario and convert it into opportunities for business growth and success. Further, there is a robust functional training and certification architecture for building domain competence using face to face and e-learning platforms and over 15,500 employees were certified in the last year.

Over the past eight years, ICICI Prudential Life has striven to hire, train and retain the best talent - passionate, entrepreneurial individuals who have the courage to take bold steps, to challenge status quo, ensuring that the vitality of the organization is never compromised. This effort is testimony of ICICI Prudential Life's ability to lead through change and script its success story for the future.

Building leaders for tomorrow

## Towards community development

ICICI Prudential Life is also committed to strengthening the community around it by leveraging its resources and expertise for self sustaining activities for the communities it serves. This is achieved through community initiatives, or working within focus areas that are in line with its overall business objectives.

Financial year 2009 saw ICICI Prudential Life develop exclusive life insurance solutions, especially for the lower income segment in India.

- Launched Anmol Nivesh and Sarva Jana Suraksha to help consumers in the lower income group to meet their savings and protection needs, effectively
- The company became the first Indian life insurance company to be offered a special grant by the International Labour Organisation's Micro Insurance Innovation Facility for Anmol Nivesh, a product designed exclusively for the tea plantation workers in Assam

Keeping in mind that ICICI Prudential Life's strengths lie in providing financial solutions in the retirement space, the company realised the need to enable holistic post retirement planning.

- Carried the partnership with Dignity Foundation forward through ActivAge.

Committinent towards community development

Dignity Foundation is a non profit organization dedicated to the cause of productive ageing. ActivAge is designed to enable senior citizens to lead a more active, wholesome life and age productively

- In sync with the company's core proposition that life after retirement should be spent meaningfully, it launched www.dignitysecondcareers.org, the first exclusive job portal for senior citizens to commence their second careers

Further, the company also channelized funds towards natural calamities as part of its CSR (Corporate Social Responsibility) initiatives. At ICICI Prudential Life, employees were encouraged to contribute to the cause of rehabilitation for the Bihar flood-affected victims. The internal fund raising campaign garnered over Rs 17 million through employee donations and the company matched this collection with an equal contribution, thereby taking the funds to Rs 35.56 million.

# The <br> Strength of tomorrow is established 

ICICI Prudential Life has been successful in translating present challenges into opportunities. Over the years, it has built an infrastructure for growth and strengthened its foundation for a sustainable future. Today, the company's brand value is testimony to the fact.

# on the action of today 

## DIRECTORS' REPORT

Your Directors have pleasure in presenting the Ninth Annual Report of ICICI Prudential Life Insurance Company Limited (the Company) with the audited statement of accounts for the year ended March 31, 2009.

## OPERATIONS REVIEW \& OUTLOOK

The performance for fiscal 2009 is summarised below:
(Rs. in billion)

| Particulars | Fiscal 2009 | Fiscal 2008 |
| :--- | ---: | ---: |
| Number of new Policies (in 000's) | $\mathbf{2 , 6 3 7}$ | 2,913 |
| Financials: |  |  |
| Premium income of which | $\mathbf{1 5 3 . 5 6}$ | 135.61 |
| • New business premium (including single premium) | $\mathbf{6 4 . 8 4}$ | 80.35 |
| - Renewal premium | $\mathbf{8 8 . 7 2}$ | 55.26 |
| Profit/Loss) before taxation | $\mathbf{( 8 . 8 1 )}$ | $(15.43)$ |
| Provision for taxation (deferred tax) | $\mathbf{1 . 0 1}$ | 1.48 |
| Profit/Loss after taxation | $\mathbf{( 7 . 8 0 )}$ | $(13.96)$ |
| Sum assured in force - |  |  |
| - Basic policy | $\mathbf{1 , 6 5 4 . 3 5}$ | $1,350.73$ |
| - Total (Basic + Riders) | $\mathbf{1 , 8 7 9 . 0 2}$ | $1,599.95$ |
| Annualized premium equivalent (APE) | $\mathbf{5 3 . 0 2}$ | 65.19 |
| Assets held | $\mathbf{3 2 7 . 8 8}$ | 285.78 |
| Expense ratio* | $\mathbf{1 1 . 8 \%}$ | $14.9 \%$ |
| Sales \& Distribution Strength: |  |  |
| Geographical spread - | $\mathbf{2 , 1 0 4}$ | $\mathbf{1 , 9 5 6}$ |
| - Number of offices | $\mathbf{1 , 8 0 4}$ | $\mathbf{1 , 6 6 9}$ |
| - Number of locations | $\mathbf{2 7 7}$ | $\mathbf{2 9 1}$ |

* Expense ratio = All expenses (excluding commission and front line sales cost)/(Total premium income - 90\% of single premium - $50 \%$ of limited pay premium)

During the year ended March 31, 2009, the Company registered total premium income of Rs. 153.56 billion, showing an increase of $13.2 \%$ over the earlier year. The Company's new business premium income stood at Rs. 64.84 billion down by $19.3 \%$ over the earlier year. The renewal premiums continue to grow and stood at Rs. 88.72 billion for the year, showing a healthy growth of $60.6 \%$ over the earlier year. During the year, the Company crossed the milestone of issuing 9 million policies since inception, with about 2.64 million policy issuances during the year.

## OUR REACH

The Company reaches its customers through 2,104 offices in 1,804 locations at March 31, 2009. In addition to this, customers have access to 2,900 offices of our distribution partners. At March 31, 2009, the Company had over 24,400 employees and over 277,000 advisors and is thus well-equipped to cater to the needs of customers.

## PRODUCTS

The Company has launched innovative and unique products during the year.
Among these are the Health Saver, a unit linked health insurance policy which is unique in the Indian market. The policyholder pays regular premiums, which qualify under Section 80D of the Income Tax Act, into a unit linked savings policy on which risk charges are levied to cover the cost of hospitalisation on a reimbursement basis. The unit linked fund may also be drawn down to reimburse the policyholder for proven incurred health expenses. The Company has also launched the Return Guarantee Fund (RGF), which consists of a series of closed-ended tranches in each of which
the unit price at date of termination is guaranteed. Each tranche is backed with a suitable portfolio of high quality bonds. The RGF is available on retail and group unit linked products.

## DIVIDEND

The financial operations have resulted in a loss (after tax) of Rs. 7.80 billion down from Rs. 13.95 billion over the earlier year. The losses are due to new business strain and the setting up of infrastructure that will take time to reach peak production. In view of the loss incurred, the Directors are unable to recommend any dividend.

## CLAIMS

The Company believes that every claim is a fulfillment of promise that we have made to our policyholders and we aim to process the claims in the quickest and most transparent manner. The processes are designed to ensure efficient service and the performance metrics are monitored regularly.
During the year, the Company has settled over 10,000 mortality claims. The average time taken from the date of submission of final requirement by the claimant to the dispatch of claim payment was around 7 days.

## GOVERNANCE

As a good corporate citizen reflecting the parentage of the shareholders, the Company has institutionalised its governance framework, brief details of which are as follows:

## A. BOARD OF DIRECTORS

The Board comprises 12 Directors - three nominated by ICICI Bank Limited, two nominated by Prudential Plc, four Independent Directors, a Managing Director and two Whole Time Directors. Except the Managing Director and the two Whole Time Directors, all other Directors including the Chairman of the Board are Non-Executive Directors. There is a clear segregation of responsibility and authority between the Chairman and the Managing Director. The Board of Directors is responsible for overall corporate strategy and other Board related matters. The Managing Director oversees implementation of strategy, achievement of the business plan and day-to-day activities and operations related issues. There is an appropriate mix of Executive, Non-Executive and Independent Directors to maintain the professionalism and independence of the Board. The Independent Directors are eminent personalities with significant expertise in the fields of finance, law, strategy, marketing and insurance. None of the Directors is related to any other Director or employee of the Company.

## B. BOARD COMMITTEES

The Board has 4 Committees, details of which are as follows:
\(\left.$$
\begin{array}{|l|l|l|l|l|}\hline & \begin{array}{l}\text { Board Risk Management and } \\

## C. GRIEVANCE REDRESSAL COMMITTEE

The Grievance Redressal Committee is chaired by Mr. R. Narayanan, with three other members from senior management. The Committee's objective is to provide accessible machinery to the policyholders for settlement of their grievances. The Committee ensures a fair and expeditious complaint handling system. It also provides feedback to management for systems review, where required.

## D. INTERNAL AUDIT FRAMEWORK

The Company has in place an internal audit framework with a risk based audit approach. The internal audit covers auditing of processes as well as transactions. Key audit observations and recommendations made are reported to the Board Risk Management \& Audit Committee. Implementation of the recommendations is actively monitored.

## E. RISK MANAGEMENT FRAMEWORK

Investment Risk: The Company measures Investment Risk through resilience testing of the assets and liabilities on the Balance Sheet. This metric is a key driver in determining the investment strategies. The assets under management for the linked portfolio, in respect of which there is minimal investment risk on the regulatory Balance Sheet, amount to over 87.3\% of the policyholders funds. All linked funds are benchmarked against appropriate external indices. For the non-linked portfolio, the Company manages the interest rate risk on the single premium non-participating portfolio by duration matching, rebalanced monthly. On the participating portfolio, the Company's asset allocation strategy, which includes investments in equities, is designed to achieve the twin objectives of managing risks arising from guarantees and optimising returns, subject to regulatory constraints. In addition, there are exposure limits to companies, groups and industries. The credit risk is managed by restricting investments only in government bonds and highly rated corporate securities above and constant monitoring of the credit portfolio. The Executive Investment Committee, consisting of the CEO and key members of the executive management team reviews investment strategy, performance and provides guidance for managing investment related risks.

Operational Risks: The Risk Management\& Audit Committee supervises the audit, operational risk and compliance related aspects. It assesses and rates the various operational risks including in the areas of information security and availability risk and sales related risks and prepares a mitigating plan. The Internal Audit Department carries
out audits according to the risk based audit plan and reports the key findings to the Risk Management \& Audit Committee on quarterly basis. The Company has also constituted an Internal Controls Committee ('ICC') consisting of key members from the management team. The ICC meets on a quarterly basis to discuss key findings made by Internal Audit and to review the status of implementation of recommendations made. This has helped in expediting the time required for mitigation of these risks.

## WHISTLE BLOWER POLICY

The Company has a Whistle Blower Policy which is designed to provide its employees a channel for communicating any issues in the areas of breaches of the code of conduct, legal violation and irregularities in accounting policies and procedures.

## RURAL AND SOCIAL BUSINESS

More than 774,700 policies were issued in rural areas, constituting over $29 \%$ of total policy issuances. The Company also covered more than 132,600 lives falling within the norm of 'social sector' business.

## DIRECTORS

During the year under review, Mr. H. T. Phong, Ms. Kalpana Morparia, and Mr. M. P. Modi stepped down from the Board with effect from July 23, 2008, August 29, 2008, and January 15, 2009 respectively. The Board places on record its appreciation for their valuable contribution during this tenure.

The Board appointed Mr. Adrian O'Connor, Mr. K. Ramkumar and Mr. Vinod Kumar Dhall as Additional Directors on July 23, 2008, October 13, 2008 and March 5, 2009 respectively till the ensuing Annual General Meeting and are proposed to be appointed as Directors retiring by rotation at the ensuing Annual General Meeting. Notice has been received from a Member proposing them as Directors as required under Section 257 of the Companies Act, 1956.
Mr. Keki Dadiseth, Prof. Marti G. Subrahmanyam and Ms. Rama Bijapurkar will retire by rotation at the above Annual General Meeting and are eligible for re-appointment.

Mr. K. V. Kamath stepped down from the Board effective closure of the Board meeting held on April 21, 2009. Ms. Chanda D. Kochhar was appointed as the Chairperson of the Board effective closure of the Board meeting held on April 21, 2009. Ms. Shikha Sharma tendered her resignation as Managing Director \& CEO of the Company, and the same was accepted by the Board effective close of business hours on April 30, 2009. Mr. N. S. Kannan was appointed as the Executive Director \& CFO of ICICI Bank and stepped down from the Board of the Company as an Executive Director effective May 1, 2009. In view of his appointment as the Managing Director of ICICI Lombard General Insurance Company Limited, Mr. Bhargav Dasgupta, Executive Director, resigned from the Board effective from the end of day on April 30, 2009. The Board places on record its appreciation for their valuable contribution during the tenure.

At the Board meeting held on April 21, 2009, Mr. N. S. Kannan was nominated by ICICI Bank as a Director on the Board of the Company. The Board appointed him as an Additional Director effective May 1, 2009 till the ensuing Annual General Meeting and proposed to appoint him as a Director retiring by rotation at the ensuing Annual General Meeting. Notice has been received from a Member proposing him as a Director as required under Section 257 of the Companies Act, 1956. At the Board Meeting held on April 25, 2009, Mr. V. Vaidyanathan was appointed as the Managing Director \& CEO of the Company effective May 1, 2009 subject to the approval of the Members of the Company and the Insurance Regulatory and Development Authority.

## DETAILS AS PER SECTION 217(2A)

As required by the provisions of Section 217 (2A) of the Companies Act, 1956, read with the Companies (Particulars of Employees) Rules, 1975, as amended, the names and relevant particulars of the employees are set out in Annexure to the Directors' Report.

## INCREASE IN SHARE CAPITAL

The paid-up capital of the Company was increased by Rs. 0.26 billion (face value) contributed by the parent organisations, ICICI Bank Limited and Prudential PIc, UK and the members of the Employee Stock Option Scheme taking the paid-up capital to Rs. 14.27 billion (face value) at March 31, 2009.

## PUBLIC DEPOSITS

During the year under review, the Company has not accepted any deposits under Section 58A of the Companies Act, 1956.

## AUDITORS

M/s. Walker, Chandiok \& Co, and M/s. B S R \& Co., Chartered Accountants were re-appointed as joint statutory auditors of the Company at the last Annual General Meeting. They are retiring at the ensuing Annual General Meeting and are eligible for re-appointment.

## ADDITIONAL INFORMATION

In view of the nature of business activity of the Company, the information relating to the conservation of energy and technology absorption, as required under Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988, is not required to be given. Details of foreign exchange earnings and outgo required under above Rules are as under:
(Rs. in million)

| Particulars | Fiscal 2009 | Fiscal 2008 |
| :--- | ---: | ---: |
| Foreign Exchange Earnings \& Outgo |  |  |
| - Earnings | - | - |
| - Outgo | $\mathbf{4 2 5 . 0 8}$ | 332.50 |

## DIRECTORS' RESPONSIBILITY STATEMENT

The Directors confirm that:

1. in the preparation of the annual accounts, the applicable accounting standards have been followed;
2. the Directors have selected such accounting policies and applied them consistently and made judgements and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the loss of the Company for that period;
3. the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities; and
4. the Directors have prepared the annual accounts on a going concern basis.

## ACKNOWLEDGEMENTS

The Directors are grateful to the Insurance Regulatory \& Development Authority, Reserve Bank of India and Government of India for their continued co-operation, support and advice.

The Directors would also like to take this opportunity to express sincere thanks to its valued customers for their continued patronage.

The Directors express their gratitude for the valuable advice, guidance and support received from time to time, from the auditors and the statutory authorities. The Directors express their deep sense of appreciation to all employees and distributors, who continue to display outstanding professionalism and commitment, enabling the organisation to retain market leadership in its business operations. Finally, the Directors wish to express their gratitude to ICICI Bank Limited and Prudential Corporation Holdings Limited for their continued trust and support.

## MANAGEMENT REPORT

In accordance with the provisions of the Insurance Regulatory and Development Authority ('IRDA') (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations, 2002, the following Management Report is submitted for the financial year ended March 31, 2009:

## 1. Certificate of Registration

The Certificate of Registration under Section 3 of the Insurance Act, 1938 was granted by IRDA on November 24, 2000. The Company has obtained renewal of registration certificate from IRDA for the financial year ended March 31, 2010 as required under Section 3A of the Insurance Act, 1938.

## 2. Statutory liabilities

We hereby certify that all dues payable to the statutory authorities have been duly paid except those under dispute or disclosed under contingent liabilities in the notes to accounts forming part of the financial statements.

## 3. Shareholding pattern

We hereby confirm that the shareholding pattern of the Company during the year under review was in accordance with the statutory requirements.

During the year, the Company issued additional 25,000 thousand equity shares of Rs. 10 each to ICICI Bank Limited and Prudential Corporation Holdings Ltd. UK in the ratio of $74: 26$ at a premium of Rs. 390. The total capital infusion by promoters during the year (at face value) amounted to Rs. 250,000 thousand.
The Company has an approved Employees Stock Option Scheme under which 1,143,570 shares have been allotted during the year under review.

The shareholding pattern of the Company at March 31, 2009 was as follows:

1. ICICI Bank Limited $-73.93 \%$
2. Prudential Corporation Holdings Limited $-25.97 \%$
3. Others $-0.10 \%$
4. Investments outside India

We hereby declare that no investments, directly or indirectly have been made outside India of the funds of the holders of policies issued in India.

## 5. Solvency margin

We hereby confirm that the Company has adequate assets to cover both its liabilities and required solvency margin under Section 64VA of the Insurance Act, 1938, the IRDA (Assets, Liabilities and Solvency Margin of Insurers) Regulations, 2000.

## 6. Valuation of Assets in the Balance Sheet

We certify that the values of all the assets have been reviewed on the date of Balance Sheet and that to the best of our belief the assets set forth in the Balance Sheet are shown in aggregate at amounts not exceeding their realisable or market value.

Market value of fixed income investments made in shareholders fund and non-linked funds, which are valued at amortised cost as per IRDA guidelines, is higher by Rs. 485,362 thousand as at March 31, 2009. As at the same date, unrealised gains on equity and mutual fund investments in shareholders fund and non-linked funds amounts to Rs. 211,700 thousand. The value of real estate has been subjected to revaluation during the year ended March 31, 2007 and the change in the carrying amount thereby amounting to Rs. 316,319 thousand has been taken to the Revaluation Reserve under the policyholders' funds in the Balance Sheet.

## 7. Application and Investments of Life Insurance Funds

We certify that no part of the life insurance fund has been directly or indirectly applied in contravention of the provisions of the Insurance Act, 1938.

## 8. Overall risk exposure and strategy adopted to mitigate the same

The mitigation strategy in respect of various risks is as under:

1. Investment risk - The Company measures Investment Risk by resilience testing of the assets and liabilities on the Balance Sheet. This metric is a key driver in determining the investment strategies. The assets under management for the linked portfolio, in respect of which there is minimal investment risk on the regulatory Balance Sheet, amount to over $87 \%$ of the policyholders funds. For the non-linked portfolio, the Company manages the interest rate risk on the single premium non-participating portfolio by duration matching, rebalanced monthly. On the participating portfolio, the Company's asset allocation strategy, which includes investments in equities, is designed to achieve the twin objectives of managing risks arising from guarantees and optimising returns, subject to regulatory constraints. The equity portfolio is benchmarked against BSE 100. In addition, there are exposure limits to companies, groups and industries. The credit risk is managed by restricting investments only in securities rated AA and above and constant monitoring of the credit portfolio.
2. Unit-linked products with guarantees - Some guarantees are provided in some of the individual and group unit-linked products, for which the risk management framework is as follows:

- For individual products: There are three types of guarantees that are provided. For a category of products, the guarantee is on the amounts invested in the unit funds. This guarantee reduces by the amount of charges made and is increased at the end of each year by a declared amount based on the investment performance during the year of the underlying fund. For another category of products, the guarantee is on the entire premium paid. For both these categories, the guarantee is applicable only on death or maturity and not on surrender of the policy. A cost for providing the guarantee has been priced into the product and a reserve is held on this account while the asset portfolio is prudently set as a mix between risky and non-risky assets. The third type of guarantee is offered on the return guarantee funds ('RGF') that were launched this year. These are tranches of closed-ended bond funds where the NAV at maturity is guaranteed. The guaranteed NAV is set with reference to the market yields available at the time of launch of each tranche and after making allowances for any mismatch and credit risk. The assets backing the fund are duration matched to manage the interest rate risk. The credit risk is managed by choice of bonds and diversification. Appropriate reserves are also set up for the RGF.
- For the Group Gratuity product: The guarantee is only applicable on withdrawal of the scheme and is only to the extent of contributions made to the fund less any withdrawals from the fund. A charge is levied in respect of the guarantee; the Company does not expect this guarantee to be onerous as it is applicable only after three years whilst investments are confined to short term debt securities and money market instruments.
- For the Group Superannuation product: The guarantee is applicable when a member of the group leaves the scheme due to retirement, death or resignation and is to the extent of contributions made to the fund. A charge is levied in respect of the guarantee and a reserve is held on this account whilst the asset portfolio is prudently set as a mix between risky and non-risky assets.

3. Operational risks - The Risk Management and Audit Committee supervises the audit, operational risk and compliance related aspects. It assesses and rates the various operational risks including in the areas of Information Security and Availability risk and Sales related risks and prepares a mitigating plan. The Internal Audit Department carries out audits according to the Risk Based Audit Plan and reports the findings to the Risk Management and Audit Committee on quarterly basis. It also holds quarterly meetings of Internal Controls Committee to highlight the key findings and seek faster and total mitigation of these risks.
4. Persistency - The Company actively monitors its persistency experience, which is then fed back into new product pricing as well as management reporting. The Company also runs various service initiatives to manage persistency better.
5. Morbidity and Mortality risk - Mortality experience continues to be favourable, exhibiting the characteristics of a select portfolio. However these are early years and a better picture of development of ultimate rates will emerge over the next few years. The morbidity risk taken by the Company is increasing steadily with increasing health insurance sales. It is too early to conclude regarding the emerging morbidity experience based on the experience.
6. Reinsurance - Reinsurance is a key to the risk management strategy. The Company has re-insurance agreements with Swiss Re, RGA Re, Gen Re and Munich Re. The insurance retention limits have, at a product level, been derived from the Company's assessment of optimal level of profitability and risk sharing. The Company also has a catastrophe treaty to manage risks arising out of catastrophic events.

## 9. Operations abroad

The Company has set up representative offices in the Kingdom of Bahrain and the United Arab Emirates.
10. Claims

In respect of mortality claims, the average time taken by the Company from the date of submission of the final requirement by the claimant to despatch of claim payment was as follows:

| Period | Average claim settlement time (in days) |
| :---: | :---: |
| $2008-09$ | 7 |
| $2007-08$ | 6 |
| $2006-07$ | 7 |
| $2005-06$ | 7 |
| $2004-05$ | 8 |
| $2003-04$ | 9 |
| $2002-03$ | 11 |

The ageing of claims registered and not settled as of March 31, 2009 has been detailed herein below:

## Linked business:

(Rs. in '000s)

| Period | Number of Claims | Amount |
| :--- | ---: | ---: |
| Upto 30 days | 270 | 48,708 |
| Greater than 30 days and upto 6 months | 315 | 43,252 |
| Greater than 6 months and upto 1 year | 66 | 15,002 |
| Greater than 1 year and upto 5 years | 49 | 9,883 |
| Greater than 5 years | - | - |

Non-Linked business:
(Rs. in '000s)

| Period | Number of Claims | Amount |
| :--- | ---: | ---: |
| Upto 30 days | 34 | 19,957 |
| Greater than 30 days and upto 6 months | 56 | 16,822 |
| Greater than 6 months and upto 1 year | 27 | 1,920 |
| Greater than 1 year and upto 5 years | 13 | 4,542 |
| Greater than 5 years | - | - |

Claims remain unpaid for greater than 6 months for want of proof of title or the cause of death or pending other necessary documentation, to determine the claim liability.

## 11. Valuation of investments

We hereby certify that the investments in debt securities except for linked business are stated at historical cost subject to amortisation of premium or accretion of discount in the revenue account or the profit and loss account over the period of maturity/holding on a straight line basis. The equity and mutual fund investments are valued at fair value as on the balance sheet date. Investments in venture funds and secured loans from policyholders' funds are valued at cost. Investment in real estate is valued at historical cost, subject to revaluation (done at least once in every three years) and provision for impairment, if any.

The investments of linked business are valued as per the terms of the respective schemes at mark-to-market basis, as follows:

- Equity Shares: All traded equity shares are valued at closing price on the National Stock Exchange (NSE) on valuation day (in case of securities not listed on NSE, the last quoted closing price on the Bombay Stock Exchange ('BSE') is used).
- Government Securities: All traded Government of India Securities are valued as per CRISIL Gilt Valuer.
- Debt Securities: All debt securities are valued as per CRISIL Bond Valuer.
- Mutual Fund Units: Units of the Mutual Fund are valued at the NAV of the immediate previous day of the valuation day.
- Others: As per market practice and the approved valuation policy.

12. Review of Asset Quality

Investments are made in accordance with the Insurance Regulatory and Development Authority (Investments) (4th Amendment) Regulations, 2008. The portfolio mix of funds under management of the Company as on March 31, 2009 is as under:

| Portfolio | \% of Total Investments * |
| :--- | ---: |
| Government of India securities | $9.82 \%$ |
| Debentures and Bonds | $18.25 \%$ |
| Money market instruments | $13.93 \%$ |
| Fixed deposits | $2.91 \%$ |
| Equity | $48.85 \%$ |
| Mutual funds and Venture funds | $3.78 \%$ |
| Net current assets and other securities | $2.46 \%$ |
| Total | $\mathbf{1 0 0 . 0 0 \%}$ |

* Funds under management are valued considering the amortized cost and the mark-to-market (gains/losses) for non-linked funds and linked funds, respectively.

Returns generated by major portfolios during the year are given below:

| Fund | Assets Held <br>  <br>  <br> (Rs. in '000s) | $\mathbf{1}$ year (Annualized) |  | 2 year (Annualized) |  | 3 year (Annualized) |  |
| :--- | ---: | ---: | ---: | ---: | ---: | ---: | ---: |
|  | Fund | Benchmark | Fund | Benchmark | Fund | Benchmark |  |
| Maximiser | $76,066,373$ | $(33.88 \%)$ | $(39.97 \%)$ | $(9.16 \%)$ | $(13.36 \%)$ | $(3.90 \%)$ | $(5.75 \%)$ |
| Balancer | $21,685,530$ | $(8.73 \%)$ | $(10.69 \%)$ | $3.07 \%$ | $1.40 \%$ | $4.25 \%$ | $3.35 \%$ |
| Protector | $14,783,473$ | $9.77 \%$ | $7.35 \%$ | $9.39 \%$ | $7.78 \%$ | $8.11 \%$ | $6.42 \%$ |
| Pension Maximiser | $21,569,264$ | $(34.99 \%)$ | $(39.97 \%)$ | $(10.09 \%)$ | $(13.36 \%)$ | $(4.03 \%)$ | $(5.75 \%)$ |
| Pension Balancer | $9,248,930$ | $(6.68 \%)$ | $(10.69 \%)$ | $4.11 \%$ | $1.40 \%$ | $5.26 \%$ | $3.35 \%$ |
| Pension Protector | $8,697,844$ | $9.79 \%$ | $7.35 \%$ | $9.50 \%$ | $7.78 \%$ | $8.21 \%$ | $6.42 \%$ |
| Flexi Growth | $32,066,307$ | $(34.18 \%)$ | $(40.02 \%)$ | $(9.49 \%)$ | $(14.56 \%)$ | NA | NA |
| Pension Flexi Growth | $23,004,006$ | $(36.06 \%)$ | $(40.02 \%)$ | $(11.73 \%)$ | $(14.56 \%)$ | NA | NA |

The Company maintains a balance of sovereign and corporate bonds in its debt portfolio. Most of the corporate bonds held in the portfolio are in the highest rating category. Within corporate bonds, the Company has a welldiversified portfolio across issuers and industries. Similarly, the Company has an equity portfolio which is welldiversified and investments are primarily made in blue-chip stocks, spread across issuers and industries. In view of the foregoing, the Company has high quality of assets at all points in time.
13. Payments made to parties in which Directors are interested

The details of such payments for the year ended March 31, 2009 are given below:
(Rs. in "000s)

| Sr. No. | Name of Director | Entity in which Director is interested | Interested as | Amount paid |

## 14. Management Responsibility Statement

The Management confirms that:
(i) in the preparation of financial statements, the applicable accounting standards, principles and policies have been followed along with proper explanations relating to material departures, if any;
(ii) the management has adopted accounting policies and applied them consistently and made judgements and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the operating loss and of the loss of the Company for the year;
(iii) the management has taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the applicable provisions of the Insurance Act, 1938 and the Companies Act, 1956, for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
(iv) the management has prepared the financial statements on a going concern basis;
(v) the management has ensured that an internal audit system commensurate with the size and nature of the business exists and is operating effectively.

# For \& on behalf of the Board of Directors 

## Avijit Chatterjee

Appointed Actuary

Shikha Sharma
Managing Director

## Keki Dadiseth

Director

## N. S. Kannan

Executive Director
Place: Mumbai
Date: April 21, 2009

## CORPORATE GOVERNANCE

As a good corporate citizen reflecting the parentage of the stakeholders, the Company continues to institutionalise its governance framework. The Company's governance framework encompasses not only regulatory and legal requirements but also several voluntary practices aimed to ensure maximising shareholder value legally, ethically and on a sustainable basis, while ensuring fairness to every stakeholder; customers, employees, investors and regulators.

Following are the brief details of the Company's corporate governance framework:

## Board Structure

During the financial year 2009 the Board comprised of 12 Directors - three nominated by ICICI Bank Limited, two nominated by Prudential Plc, four Independent Directors, a Managing Director and two Whole Time Directors. Except the Managing Director and the two Whole Time Directors, all other Directors including the Chairman of the Board are Non-Executive Directors. There is a clear segregation of responsibility and authority between the Chairman and the Managing Director. The Board of Directors is responsible for overall corporate strategy and other Board related matters. The Managing Director oversees implementation of strategy, achievement of the business plan and day-today activities and operations related issues. There is an appropriate mix of Executive, Non-Executive and Independent Directors to maintain the professionalism and independence of the Board. The Independent Directors are eminent personalities with significant expertise in the fields of finance, law, strategy and insurance. None of the Directors is related to any other Director or employee of the Company.

## Recent Management Changes

During the year under review, Mr. H. T. Phong, Ms. Kalpana Morparia, and Mr. M. P. Modi stepped down from the Board with effect from July 23, 2008, August 29, 2008, and January 15, 2009 respectively. The Board places on record its appreciation for their valuable contribution during their tenure.

The Board appointed Mr. Adrian O'Connor, Mr. K. Ramkumar and Mr. Vinod Kumar Dhall as Additional Directors on July 23, 2008, October 13, 2008 and March 5, 2009 respectively till the ensuing Annual General Meeting and are proposed to be appointed as Directors retiring by rotation at the ensuing Annual General Meeting.

Mr. Keki Dadiseth, Prof. Marti G. Subrahmanyam and Ms. Rama Bijapurkar will retire by rotation at the above Annual General Meeting and are eligible for re-appointment.

Mr. K. V. Kamath stepped down from the Board effective closure of the Board meeting held on April 21, 2009. Ms. Chanda D. Kochhar was appointed as the Chairperson of the Board effective closure of the Board meeting held on April 21, 2009. Ms. Shikha Sharma tendered her resignation as Managing Director and CEO of the Company, and the same was accepted by the Board effective close of business hours on April 30, 2009. Mr. N. S. Kannan was appointed as the Executive Director and CFO of ICICI Bank and stepped down from the Board of the Company as an Executive Director effective May 1, 2009. In view of his appointment as the Managing Director of ICICI Lombard General Insurance Company Limited, Mr. Bhargav Dasgupta, Executive Director, resigned from the Board effective from the end of day on April 30, 2009. The Board places on record its appreciation for their valuable contribution during the tenure.

At the Board meeting held on April 21, 2009, Mr. N. S. Kannan was nominated by ICICI Bank as a Director on the Board of the Company. The Board appointed him as an Additional Director effective May 1, 2009 till the ensuing Annual General Meeting and proposed to appoint him as a Director retiring by rotation at the ensuing Annual General Meeting. At the Board Meeting held on April 25, 2009, Mr. V. Vaidyanathan was appointed as the Managing Director and CEO of the Company effective May 1, 2009 subject to the approval of the Members of the Company and the Insurance Regulatory and Development Authority.

## Information on Directors

## Ms. Chanda D. Kochhar - Chairperson

Ms. Chanda D. Kochhar is the Managing Director and Chief Executive Officer of ICICI Bank Limited. She began her career with ICICI as a Management Trainee in 1984 and has thereon successfully risen through the ranks by handling multidimensional assignments and heading all the major functions in the Bank at various points in time. In 1993 when ICICI decided to enter commercial banking, she was deputed to ICICI Bank as a part of the core team to set up the bank.

In July 2000, she was chosen to head the Retail finance division of ICICl and has been instrumental in scaling up the business. In April 2001, she was promoted as an Executive Director, heading the retail business in the Bank.

In April 2006, she was appointed as the Deputy Managing Director with responsibility for both Corporate and Retail banking business of ICICI Bank and from October 2006 to October 2007, she handled the International and Corporate businesses of ICICI Bank. In October 2007, she was appointed as the Joint Managing Director \& CFO. She was heading the Corporate Centre, was the Chief Financial Officer (CFO) and was also the official spokesperson for ICICI Bank.

Ms. Kochhar holds Bachelors Degree in Arts and is an MBA and an ICWA. She did her Masters in Management Studies (Finance) from the Jamnalal Bajaj Institute of Management Studies, Mumbai.

Ms. Kochhar has been appointed as a Director of ICICI Prudential in May 2002.

## Mr. N. S. Kannan - Director

Mr. N. S. Kannan is the Executive Director and Chief Financial Officer of ICICI Bank Limited. In addition to Finance, Taxation and Communications, his responsibilities include Compliance, Internal Audit, Corporate Legal and Global Treasury operations.

Prior to the current assignment, Mr. Kannan was the Executive Director of ICICI Prudential Life Insurance Company. He looked after the Corporate Centre including the finance and accounts functions, Investor/analyst relations, Investment Management, Corporate Strategy, Corporate Communications, Human Resources and Business Intelligence.

Prior to shifting to ICICl Prudential, Mr. Kannan was the Chief Financial Officer and Treasurer of ICICl Bank. Mr. Kannan has been with the ICICl group for over 18 years. He joined the ICICl group in 1991 as a project officer. During his tenure at ICICl group, he has handled project finance operations, infrastructure financing, structured finance and treasury operations.

Mr. Kannan is a postgraduate in management from the Indian Institute of Management, Bangalore with a gold medal for best all-round performance. He is also a Chartered Financial Analyst from the Institute of Chartered Financial Analysts of India and an Honours graduate in Mechanical Engineering.

Mr. Kannan has been appointed as a Director of ICICI Prudential in May 2009.

## Mr. K. Ramkumar - Director

Mr. Ramkumar is the Executive Director on the Board of ICICI Bank effective February 1, 2009 and is responsible for Operations \& Credit, Treasury Middle-Office and Human Resource functions.

Prior to joining ICICI Bank in 2001 Mr. Ramkumar had over 16 years of experience in companies such as Hindustan Aeronautics, Brookebond Lipton India Limited (now Hindustan Unilever Limited) and ICI India Ltd. His work in these companies has mainly been in the areas of Human Resources Management and Production Management.

At ICICI Bank Mr. Ramkumar has been responsible for Human Resource function, initially for the Bank and then for all the companies in the ICICl Group.

He has worked extensively in the areas of recruitment, competency design, succession management, learning and development and Leadership Development. Under his guidance, ICICI Bank has implemented cutting edge practices and methodologies in the domain of leadership development, learning, creation and use of psychometric tools.

Mr. Ramkumar also has extensive experience in the areas of process design and quality management to create scale and efficiency. At ICICI Bank, he has driven cost productivity across the organisation through work methodisation $\&$ norming, and process \& structure optimisation.

Mr. Ramkumar has completed his PGDM from Madras School of Social Work in 1984 and BSc. Chemistry in 1982.
Mr. Ramkumar has been appointed as a Director of ICICI Prudential in October 2008.

## Mr. Barry Stowe - Director

Mr. Barry Stowe is the Chief Executive of Prudential Corporation Asia, one of the leading life insurers in Asia. He joined Prudential in October 2006 where he is responsible for an extensive network of over 30 life insurance and fund management operations spanning 12 diverse markets.

Mr. Barry Stowe has considerable experience in the Asian market, having spent three years as the Regional Head for AIG Accident and Health in Southeast Asia before his appointment to the Hong Kong-based role of President, Accident and Health Worldwide.

Mr. Barry Stowe has been appointed as a Director of ICICI Prudential in November 2006.

## Mr. Adrian O'Connor - Director

Mr. Adrian O'Connor is a Fellow of the Institute of Actuaries and a Fellow of the Society of Actuaries.
Mr. O'Connor is the Chief Financial Officer at Prudential Corporation Asia. He is responsible for all aspects of financial management as well as the strategic planning process. He is also responsible for monitoring the ongoing delivery of key initiatives for Prudential's insurance business across the Asia region, including defining and measuring successes in all key markets. He is also responsible for driving insurance product strategy as well as overseeing the secretarial functions for Prudential Corporation Asia. Mr. O'Connor is also a member of Prudential Corporation Asia's Board of Directors.

Mr. O'Connor has over 25 years of experience in the life insurance industry in Europe, USA and Asia. Prior to his appointment at Prudential, Mr. O'Connor was Senior Vice President and Chief Actuary of New York Life International. He has also held senior management positions at AIG including Chief Financial Officer of their Worldwide Accident and Health Business and a number of actuarial roles.

Mr. O'Connor has been appointed as a Director of ICICI Prudential in July 2008.

## Mr. Keki Dadiseth - Independent Director

Mr. Keki Dadiseth holds a Bachelor's degree in Commerce from Bombay University and is a Fellow Member of the Institute of Chartered Accountants of England and Wales. Mr. Dadiseth retired as the Chairman of Hindustan Lever Limited, India's largest fast moving consumer goods company, in May 2000. Prior to this, as a Board member of HLL, he headed several businesses of the group such as Detergents and Personal Products and was also responsible for the acquisitions and mergers by the group.

Mr. Dadiseth has been appointed as an Independent Director of ICICI Prudential in April 2006.

## Prof. Marti G. Subrahmanyam - Independent Director

Prof. Marti G. Subrahmanyam holds a degree in mechanical engineering from the Indian Institute of Technology, Chennai, a post-graduate diploma in business administration from the Indian Institute of Management, Ahmedabad and a doctorate in finance and economics from the Massachusetts Institute of Technology.

Prof. Marti Subrahmanyam has served as a consultant to several corporations, industrial groups and financial institutions in the US, Europe, Asia and Latin America. He has published numerous articles and books in the areas of corporate finance, capital markets and international finance. He has been a visiting professor at leading academic institutions in Australia, UK, France, Germany, India, Italy and Singapore including the University of Melbourne, INSEAD, France and Churchill College, Cambridge University. He has taught extensively on executive programs in over 20 countries across the world. Prof. Marti Subrahmanyam is a recipient of several teaching awards, including New York University's distinguished teaching medal in 2003. He is Charles E. Merrill Professor of Finance and Economics in the Stern School of Business at New York University since 1991.

Prof. Marti G. Subrahmanyam has been appointed as an Independent Director of ICICI Prudential in July 2007.

## Ms. Rama Bijapurkar - Independent Director

Ms. Rama Bijapurkar holds a Bachelor's degree in Science (B.Sc. (Hons.) Physics) and PGDBM from IIM, Ahmedabad.

She is one of the most respected thought leaders on market strategy and consumer related issues in India. She is also a keen commentator on social and cultural changes. She runs her own market strategy consulting practice and works with leading Indian and global companies, guiding the development of their business-market strategies.

Ms. Rama Bijapurkar has been appointed as an Independent Director of ICICI Prudential in January 2008.

## Mr. Vinod Kumar Dhall - Independent Director

Mr. Vinod Kumar Dhall has a Law degree from the University of Delhi and a Masters degree in Mathematics from the University of Allahabad.

Mr. Dhall entered the Indian Administrative Service in 1966 and retired as Secretary, Government of India. Subsequently, he was Member and acting Chairman of the Competition Commission of India for 5 years till he resigned from the position in July, 2008.

During his career, he specialised in the fields of Corporate Affairs, Industry, Commerce and Finance, in which his total experience has been for about 27 years. Mr. Dhall has handled matters like Corporate Governance, Competition Law and Policy, Industrial Development and Investment Promotion, Foreign Investment, Industrial Financing, Business Management, Corporate Law Reforms, Economic Reforms, and Budget and Expenditure Management.

Currently, Mr. Dhall has set up a law firm, specialising in competition law and connected corporate law areas. He also advises/lectures on corporate governance issues.

Mr. Dhall has been appointed as an Independent Director of ICICI Prudential Life Insurance in March 2009.

## Mr. V. Vaidyanathan - Managing Director and CEO w.e.f. May 1, 2009

Mr. V. Vaidyanathan is the Managing Director and Chief Executive Officer of ICICI Prudential (with effect from May 1, 2009). Currently, he is also on the Board of ICICI Prudential Pension Funds Management Company Limited, a 100\% subsidiary of the Company. Mr. Vaidyanathan was earlier an Executive Director of ICICI Bank and brings with him nearly two decades of experience in the financial services domain. He was also the chairman of ICICI Home Finance Company, and has served on the Boards of ICICI Lombard General Insurance, and CIBIL.

Since joining the ICICl group in the year 2000, he has built a strong retail banking business which includes 1400 ICICI bank branches in 800 cities, 25 million customers, USD 30 bn in assets, a strong liability base, and a team of 26000 employees. His contribution has won him many awards in the banking industry, and is well recognized in the ICICI Group. He was recently profiled among 'India's Top 25 executives' by a leading business magazine in India. He is an alumnus of Birla Institute of Technology and Harvard Business School, AMP.

## Board membership criteria

The Board of Directors had adopted following norms at their meeting held on April 24, 2007:

- All Directors to sign Deed of Covenants and the Board Compensation and Nominations Committee or the Board (in respect of members of the Board Compensation and Nominations Committee) shall evaluate the declarations submitted by the Directors to meet the fit and proper criteria annually
- Disclosure of interest, annual disclosure and change in Board/Committee memberships shall be placed before the Board and taken on record as required by the Companies Act, 1956
- Minimum age at the time of first appointment of Directors shall be 35 years and maximum age 70 years
- A non-executive Director (other than nominee Directors) shall hold office for a maximum period of 8 consecutive years.
- If a Director remains absent for 4 consecutive meetings of the Board even with leave of absence, he/she shall vacate office.

## Availability of information to the members of the Board

At the meetings, the Board welcomes managers who can provide additional insights into the items being discussed.

The information regularly supplied to the Board includes:

- Quarterly and annual operations plans and updates.
- Minutes of Board Risk Management and Audit Committee, Board Investment Committee, Board Compensation and Nominations Committee (formerly called as the Board Governance Committee) and Share Transfer Committee as well as abstracts of circular resolutions passed.
- General notices of interest.
- Information of appointment of Company Secretary and Appointed Actuaries.
- Investment made in category of ‘other investments'.
- Approval of opening of offices in India and abroad.
- Approval of Employee Stock Options Scheme and the yearly grant of options under the said scheme.
- Policies for review.
- Financial statements for the period.

## Board Committees

The Board has 4 Committees, details of which are as follows:

## (a) Board Risk Management \& Audit Committee

The Board Risk Management \& Audit Committee currently comprises of:

- Mr. Keki Dadiseth - Chairman
- Mr. K. Ramkumar
- Mr. Adrian O'Connor

## Scope and terms of reference:

The primary objective of the Audit Committee of ICICI Prudential Life Insurance Company Limited is to oversee the risk management, financial reporting and internal control systems with a view to ensure accurate, timely and proper disclosures, and transparency, integrity and quality of financial reporting. The Committee oversees the work carried out in the process of financial reporting by the management, the internal auditors and the statutory auditor. Key terms of reference of this Committee include:

- directing and overseeing the audit plan,
- provide an assurance on the independence of the statutory auditor and objectivity of the internal auditor,
- review and oversee the integrity of financial statements,
- review of findings of internal and statutory auditors,
- review the adequacy of internal controls including information system controls and security,
- recommend the appointment of statutory auditors and fixing their remuneration,
- review of quarterly compliance certificate,
- monitoring the resolution of whistle-blowing complaints,
- consider and, if deemed fit, pre-approve all non-auditing services to be provided by the statutory auditor to the Company,
- approve valuation report and financial condition report and
- approve the SGL reconciliation statement

Attendance during the financial year 2008-09:

| Name of the Director | Number of meetings |  |
| :--- | :---: | :---: |
|  | Held | Attended |
| Mr. M.P. Modi - Chairman (upto January 15, 2009) | 4 | 4 |
| Mr. Keki Dadiseth - Chairman (effective April 21, 2009) | 4 | - |
| Mr. H. T. Phong (upto July 23, 2008) | 4 | 2 |
| Mr. Adrian O'Connor (effective October 13, 2008) | 4 | 2 |
| Ms. Chanda D. Kochhar (upto December 26, 2008) | 4 | 1 |
| Mr. K. Ramkumar (effective January 15, 2009) | 4 | 1 |

(b) Board Investment Committee

As per IRDA (Investment) Regulations, 2000, every insurer has to constitute an Investment Committee which shall consist of minimum two non-executive Directors, principal officers, chief of finance and investment decisions and Appointed Actuary.

During financial year 2009, the Board Investment Committee comprised of:

- Prof. Marti G. Subrahmanyam - Chairman
- Ms. Chanda D. Kochhar
- Ms. Shikha Sharma*
- Mr. N. S. Kannan*
- Mr. Adrian O'Connor
- Dr. Avijit Chatterjee
- Mr. Puneet Nanda
* ceased to be a member consequent to their stepping down from the Board effective from the close of business hours on April 30, 2009

## Scope and terms of reference:

Recommend and review investment policy and changes thereto, review investments and oversee the risk management framework for investments. Key terms of reference of this Committee include:

- half yearly review of Investment Policy.
- approve investments in other investments category.
- directing and monitoring investment decision and returns.
- It shall also decide large value investments.

Attendance during the financial year 2008-09:

| Name of the Director | Number of meetings |  |
| :--- | :---: | :---: |
|  | Held | Attended |
| Ms. Kalpana Morparia - Chairperson (upto August 29, 2008) | 4 | 2 |
| Prof. Marti G. Subrahmanyam - Chairman (effective December 26, 2008) | 4 | 3 |
| Mr. H. T. Phong (upto July 23, 2008) | 4 | 2 |
| Mr. Adrian O'Connor (effective October 13, 2008) | 4 | 2 |
| Ms. Chanda D. Kochhar (effective December 26, 2008) | 4 | 1 |
| Ms. Shikha Sharma (upto April 30, 2009) | 4 | 4 |
| Mr. N. S. Kannan (upto April 30, 2009) | 4 | 4 |
| Mr. Puneet Nanda | 4 | 4 |
| Dr. Avijit Chatterjee | 4 | 4 |

(c) Board Compensation \& Nominations Committee

The Board Governance Committee was renamed as the Board Compensation \& Nominations Committee effective January 15, 2009. The Committee currently comprises of:

- Ms. Rama Bijapurkar - Chairperson
- Mr. K. Ramkumar
- Mr. Adrian O'Connor

## Scope and terms of reference:

Nominating Directors to the Board, fixing their remuneration and approving executive compensation program.
Key terms of reference of this Committee include:

- grant of Employee stock options
- determining PF interest rate
- determine Directors' remuneration
- approve the executive compensation program

## Attendance during the financial year 2008-09:

| Name of the Director | Number of meetings |  |
| :--- | :---: | :---: |
|  | Held | Attended |
| Ms. Kalpana Morparia - Chairperson (upto August 29, 2008) | 3 | 2 |
| Ms. Rama Bijapurkar - Chairperson (effective December 26, 2008) | 3 | 2 |
| Mr. H. T. Phong (upto July 23, 2008) | 3 | 2 |
| Mr. Adrian O'Connor (effective October 13, 2008) | 3 | 1 |
| Ms. Shikha Sharma (upto January 6, 2009) | 3 | 2 |
| Mr. K. Ramkumar (effective December 26, 2008) | 3 | 1 |

## (d) Share Transfer Committee

The Board of Directors had, at their meeting held on July 23, 2008, constituted a Share Transfer Committee comprising the following Directors:

- Ms. Shikha Sharma
- Mr. N. S. Kannan
- Mr. Bhargav Dasgupta

## Scope and terms of reference:

- approval of transfer of shares held in the form of physical share certificates
- approval of requests for split of share certificates
- approval of issue of duplicate share certificates
- any other activities which are incidental or ancillary thereto

## Attendance during the financial year 2008-09:

| Name of the Director | Number of meetings held | Number of meetings attended |
| :--- | ---: | ---: |
| Ms. Shikha Sharma | 7 | 2 |
| Mr. N. S. Kannan | 7 | 7 |
| Mr. Bhargav Dasgupta | 7 | 7 |

## Grievance Redressal Committee

The Grievance Redressal Committee is chaired by Mr. R. Narayanan, with three other members from senior management. The Committee's objective is to provide accessible machinery to the policyholders for settlement of their grievances. The Committee ensures a fair and expeditious complaint handling system. It also provides feedback to management for systems review, where required.

## Internal Audit Framework

The Company has in place an internal audit framework with a risk based audit approach. The internal audit covers auditing of processes as well as transactions.

The company has designed its internal control framework to provide reasonable (not absolute) assurance to ensure compliance with internal policies and procedures, regulatory matters and to safeguard reliability of the financial reporting and its disclosures. The Board considers that the internal control framework is appropriate to the business.

Risks assessments are conducted for assessing the risks emerging from it and are classified into the following:

1. Operational risk
2. Regulatory risk
3. Financial risk

Risk classification assists in evaluating the likelihood and the impact of this along with the efforts required to mitigate the risk.

Key audit observations and recommendations made are reported to the Board Risk Management and Audit Committee. Implementation of the recommendations is actively monitored.

## Risk Management framework

(a) Investment risk - The Company measures Investment Risk by resilience testing of the assets and liabilities on the Balance Sheet. This metric is a key driver in determining the investment strategies. The assets under management for the linked portfolio, in respect of which there is minimal investment risk on the regulatory Balance Sheet, amount to over $87 \%$ of the policyholders funds. For the non-linked portfolio, the Company manages the interest rate risk on the single premium non-participating portfolio by duration matching, rebalanced monthly. On the participating portfolio, the Company's asset allocation strategy, which includes investments in equities, is designed to achieve the twin objectives of managing risks arising from guarantees and optimising returns, subject to regulatory constraints. The equity portfolio is benchmarked against BSE 100. In addition, there are exposure limits to companies, groups and industries. The credit risk is managed by restricting investments only in securities rated AA and above and constant monitoring of the credit portfolio.
(b) Unit-linked products with guarantees - Some guarantees are provided in some of the individual and group unitlinked products, for which the risk management framework is as follows:

- For individual products: There are three types of guarantees that are provided. For a category of products, the guarantee is on the amounts invested in the unit funds. This guarantee reduces by the amount of charges made and is increased at the end of each year by a declared amount based on the investment performance during the year of the underlying fund. For another category of products, the guarantee is on the entire premium paid. For both these categories, the guarantee is applicable only on death or maturity and not on surrender of the policy. A cost for providing the guarantee has been priced into the product and a reserve is held on this account while the asset portfolio is prudently set as a mix between risky and non-risky assets. The third type of guarantee is offered on the return guarantee funds ('RGF') that were launched this year. These are tranches of closed-ended bond funds where the NAV at maturity is guaranteed. The guaranteed NAV is set with reference to the market yields available at the time of launch of each tranche and after making allowances for any mismatch and credit risk. The assets backing the fund are duration matched to manage the interest rate risk. The credit risk is managed by choice of bonds and diversification. Appropriate reserves are also set up for the RGF.
- For the Group Gratuity product: The guarantee is only applicable on withdrawal of the scheme and is only to the extent of contributions made to the fund less any withdrawals from the fund. A charge is levied in respect of the guarantee; the Company does not expect this guarantee to be onerous as it is applicable only after three years whilst investments are confined to short term debt securities and money market instruments.
- For the Group Superannuation product: The guarantee is applicable when a member of the group leaves the scheme due to retirement, death or resignation and is to the extent of contributions made to the fund. A charge is levied in respect of the guarantee and a reserve is held on this account whilst the asset portfolio is prudently set as a mix between risky and non-risky assets.
(c) Operational risks - The Risk Management and Audit Committee supervises the audit, operational risk and compliance related aspects. It assesses and rates the various operational risks including in the areas of Information Security and Availability risk and Sales related risks and prepares a mitigating plan. The Internal Audit Department carries out audits according to the Risk Based Audit Plan and reports the findings to the Risk Management and Audit Committee on quarterly basis. It also holds quarterly meetings of Internal Controls Committee to highlight the key findings and seek faster and total mitigation of these risks.

## (d) Insurance risks -

- Persistency - The Company actively monitors its persistency experience, which is then fed back into new product pricing as well as management reporting. The Company also runs various service initiatives to manage persistency better.
- Morbidity and Mortality risk - Mortality experience continues to be favourable, exhibiting the characteristics of a select portfolio. However these are early years and a better picture of development of ultimate rates will emerge over the next few years. The morbidity risk taken by the Company is increasing steadily with increasing health insurance sales. It is too early to conclude regarding the emerging morbidity experience.
- Reinsurance - Reinsurance is a key to the risk management strategy. The Company has re-insurance agreements with Swiss Re, RGA Re, Gen Re and Munich Re. The insurance retention limits have, at a product level, been derived from the Company's assessment of optimal level of profitability and risk sharing. The Company also has a catastrophe treaty to manage risks arising out of catastrophic events.
(e) Expense risks - Arises on account of probability of actual expense exceeding the priced expenses. Annual plan provides the glide path towards meeting the priced expenses.
Analysis of actual expenses on a periodic basis vis-à-vis plan is a key lead indicator of expense risk.
There are teams at both senior leadership \& middle management driving cost efficiency measures with cost owners.
Company has following mechanism for managing expense risks:
- Quarterly plan reset: The resource requirements are adjudged $\&$ reset quarterly basis revised business forecast for the year.
- Contingent plans: Unforeseen developments are met through contingent budgets after critical evaluation on a case to case basis.
- Overall cap: Increase in spend in one area is managed through saves generated in other areas. Overall increase in permitted only in exceptional circumstances with prior approval from senior leadership

## Code of business conduct and ethics

We can continue to build on the trust and respect we have earned, only if all employees act with integrity, responsibility, in accordance with the highest possible standards of professional and ethical conduct and respect for the laws of the country. To meet this objective we have laid down the Code of Conduct highlighting the basic ethical standards that are required to be met by all employees acting on behalf of the Company. All employees must conduct themselves in a manner aligned with the language and spirit of this Code and seek to avoid even the appearance of improper behaviour.

The Code lays down the broad framework of general guiding principles, covering mainly:

- General employment conduct
- Conflict of interest
- Confidentiality of information
- Compliance to laws, rules and regulations
- Insider trading policy
- Health, safety and environment
- Whistle blowing policy
- Prevention of workplace harassment policy
- Sales governance policy
- IT security policy

The company's Whistle Blowing policy facilitates employees to report any breaches to the code of conduct, any legal violation in relation to work related issues and any non-adherence to accounting policies and procedures adopted to present true and fair view of the operations and financial position of the Company.
The mechanism also provides for adequate safeguards against victimisation of employees who avail of the mechanism and also provide for direct access to the Chairman of the Audit Committee. The Company further affirms that during fiscal 2009, no employee has been denied access to the audit committee.
Company has a policy of communicating the Code of Conduct including the Whistle Blowing policy on a regular basis. Management makes every effort to talk about the commitment to ethical behaviour in memos, newsletters, and speeches to company personnel.
As per the process, employees are encouraged to report to their supervisor/HR/Compliance any suspected violations of internal policies, code of conduct, external legal and regulatory requirements etc. Prompt and thorough investigation of alleged violation is conducted by an independent authority, reporting directly to the Head - Internal Audit, and appropriate corrective action is then taken by HR, if needed.

## MANAGEMENT DISCUSSION AND ANALYSIS

## 1. Industry and competitive dynamics

India is one of the fastest growing emerging insurance markets globally. Until the year 2000, the Indian Insurance market was a monopoly of the Life Insurance Corporation of India (LIC). Since liberalisation, the Indian insurance market has grown rapidly with insurance penetration rising from $1.2 \%$ in fiscal 2000 to $\sim 4.4 \%$ in fiscal 2009.
The Indian economic fundamentals, such as structural shift of the economy towards the service sector, favourable demographic profile, rising income and higher orientation towards savings by households gave a conducive environment for the insurance industry to record unprecedented growth between 2000 to 2008. The growth has been led by the private life insurance companies, which have expanded the market by developing new and innovative distribution channels, geographical expansion and innovative products for the consumer. The new business premium registered a CAGR of $30 \%$ in the period from fiscal 2000 to fiscal 2008 , with the private players garnering $50 \%$ of the market share by fiscal 2008 . The table below depicts the multifold growth of the life insurance sector post liberalisation:

| Particulars | Fiscal 2000 | Fiscal 2005 | Fiscal 2008 | Fiscal 2009 |
| :--- | ---: | ---: | ---: | ---: |
| Number of Players | 1 | 14 | 18 | $\mathbf{2 2}$ |
| New Business Premium (Rs. bn) | 64 | 253 | 930 | $\mathbf{8 7 1}$ |
| Total Premium (Rs. bn) | 270 | 786 | 1,950 | $\sim \mathbf{2 , 1 7 0}$ |
| Penetration as a \% of GDP | $1.2 \%$ | $2.6 \%$ | $4.4 \%$ | $\sim \mathbf{\sim 4 . 4 \%}$ |
| Insurance Premium per capita (Rs) | 280 | 700 | $\sim 1,700$ | $\sim \mathbf{1 , 9 0 3}$ |

Fiscal 2009 presented a paradigm which tested the industry's ability to adapt. The external environment changed dramatically with the financial turmoil. These unprecedented events had a far reaching impact on the industry as a whole. With investors turning risk averse, new business premium flows slowed down and the total industry reported a negative growth of $10 \%$ for the first time since liberalisation while private industry grew by $1 \%$.
The Company proved its agility by quickly responding to the environment by adopting a multi-pronged strategy around products, customer communication and distributor engagement.

- Products - With customers being risk averse their preference shifted to products with gaurantee. The Company adapted to the environment and accordingly launched products with assured returns.
- Customer communication - The communication was geared to provide comfort to customers on the financial stability of the sector and the Company as well as to communicate that given the long term objectives that are being saved towards, the shorter term volatility has less impact.
- Distributor engagement / communication - It was imperative to engage with the distributors and facilitate them in handling customers in a volatile market environment while reiterating the message of long term savings.
As a result of our strategy we sustained our private market leadership for ninth year in succession. The market share of the company for fiscal 2009 stood at $10.9 \%$. Our strategy also helped affirm customer confidence and trust which was corroborated by the growth in the Company's renewal premium by $61 \%$ in fiscal 2009 and an increase in funds under management from Rs. 285.78 bn in fiscal 2008 to Rs. 327.88 bn in fiscal 2009.
The Company, in addition to maintaining its market leadership in private space, continued its focus towards the path of achieving break-even over the next few years through extensive initiatives around cost management, launch of innovative products with higher profitability and improved customer servicing for business retention
The company is well positioned to take advantage of the economic turnaround with one of the largest distribution franchises including over 277,000 agents; 2,099 branches and over 200 corporate tie-ups. The focus towards achieving a balanced distribution mix continues with alternate channels contributing 44\% of APE for fiscal 2009. Further, the company has an employee base of 24,000 to cater to the needs of its large customer base.

## 2. Financial statements

Financial statements of the Company have been prepared and presented under the historical cost convention, on the accrual basis of accounting, in accordance with accounting principles generally accepted in India, in compliance with the accounting standards (`AS') prescribed in the Companies (Accounting Standards) Rules, 2006, to the extent applicable, and in accordance with the provisions of the Insurance Act, 1938, Insurance Regulatory and Development Authority Act, 1999, and the regulations framed there-under, the Companies Act, 1956, to the extent applicable, various circulars issued by IRDA and the practices prevailing within the insurance industry in India.

The management evaluates all recently issued or revised accounting pronouncements on an ongoing basis. The estimates and assumptions used in the financial statements are based upon management's evaluation of the relevant facts and circumstances as on the date of the financial statements. Such estimates and assumptions have been made on a prudent and reasonable basis, in order that the financial statements reflect in true and fair manner the form and substance of transactions, and reasonably present our state of affairs and financial position for the year.

## 3. Results from Operations

## Key highlights for fiscal 2009

- The Company's extensive focus on efficiencies helped in net loss after tax being reduced by $44 \%$ from Rs. 13.95 bn in fiscal 2008 to Rs. 7.80 bn in fiscal 2009. This was supported by a decline in expense ratio from $14.9 \%$ in fiscal 2008 to $11.8 \%$ in fiscal 2009 (Expense ratio $=$ All expenses (including commission and front line sales cost) / (Total premium income $-90 \%$ of single premium))
- The Company's continued focus on customer retention was reflected in policy surrenders which came down from $8.4 \%$ of average assets in fiscal 2008 to $6.5 \%$ in fiscal 2009. This affirmed the customer confidence and trust in the Company which was further corroborated by the growth in the Company's renewal premium by $61 \%$ in fiscal 2009 and an increase in funds under management from Rs. 285.78 in fiscal 2008. to Rs. 327.88 bn in fiscal 2009.
- Total premium grew by $13 \%$ in fiscal 2009.
- New Business Profit (NBP) is a metric for the economic value of the new business written during the period and is measured as the present value of the profits for the shareholders on account of new business sales on assumptions of various parameters such as investment returns, inflation, mortality, persistency and expenses. NBP for fiscal 2009 stood at Rs. 10.04 bn with margin at $18.9 \%$ of the APE.
Statement below summarises the company's profit and loss account:
(Rs. in bn)

| Particulars | Fiscal 2009 | Fiscal 2008 |
| :--- | ---: | ---: |
| Premium Income | $\mathbf{1 5 3 . 1 8}$ | 135.37 |
| Income from investments | $\mathbf{( 6 1 . 1 2 )}$ | 29.85 |
| Fees and Charges | $\mathbf{0 . 0 2}$ | 0.03 |
| Commission | $\mathbf{( 7 . 0 0 )}$ | $(8.11)$ |
| Operating expenses | $\mathbf{( 2 7 . 6 9 )}$ | $(30.11)$ |
| Benefits paid | $\mathbf{( 2 2 . 0 7 )}$ | $(20.15)$ |
| Change in valuation of liability in respect of life policies | $\mathbf{( 4 3 . 9 2 )}$ | $(122.03)$ |
| Taxes | $\mathbf{0 . 8 0}$ | 1.19 |
| Surplus/(Deficit) | $\mathbf{( 7 . 8 0 )}$ | $\mathbf{( 1 3 . 9 5 )}$ |

Indian accounting principles do not allow for amortisation of the up-fronted costs over the life of the policy. In the life insurance business while the expenses are incurred upfront, the revenue and profit streams emerge over time. As a result, the business tends to incur losses in the initial years on account of new business strain.
The second driver for losses in the initial years is costs to set up infrastructure that will yield new business over a period of time. The expenses assumed in pricing of products are on the basis of stable state assumption while a lot of cost is incurred upfront on setting up new branches and the additional fixed costs until they operate at a mature sales capacity. These costs include rental costs, branch management costs and other support costs.
During fiscal 2009 the Company through extensive focus on efficiencies, amongst other measures, has been able reduce net loss after tax by $44 \%$ on a $13 \%$ increase in premium income.
a. Premium income

The total premium income increased from Rs 135.37 bn for the year ended March 31, 2008 to Rs. 153.18 bn for the year ended March 31, 2009, a growth of $13 \%$. Similarly renewal business premium grew by Rs. 33.46 bn, a growth of $61 \%$ up from Rs. 55.26 bn for the year ended March 31, 2008 to Rs. 88.72 bn for the year ended March 31, 2009. New business premium for the year ended March 31, 2009 was at Rs. 64.84 bn arising from 2.64 million policies added in fiscal 2009, down from Rs 80.35 bn for the year ended March 31,2008 . Decline in new business premium is primarily attributable to the turmoil faced globally as well as in India in the financial services sector.
Linked business constituted $94.45 \%$ of the total new business premium for the Company for fiscal 2009 compared to $93.91 \%$ for fiscal 2008.
Total policies issued till the end of fiscal 2009 stood at 9.56 million policies.
b. Income from Investments

Details on income from Investments are given in the table below:
(Rs. in bn)

| Particulars | Fiscal 2009 | Fiscal 2008 |
| :--- | ---: | ---: |
| Interest, dividend and rent | $\mathbf{1 1 . 6 9}$ | 6.47 |
| Profit / (loss) on sale of Investments* (net) | $\mathbf{1 1 7 . 0 3 )}$ | 17.06 |
| Unrealised gain/loss | $\mathbf{( 5 5 . 7 8 )}$ | 6.32 |
| Total income / (loss) on Investments | $\mathbf{1 6 1 . 1 2 )}$ | $\mathbf{2 9 . 8 5}$ |

* includes appropriation/expropriation adjustment account

Fiscal 2009 was a year of extreme and unprecedented events. Global financial markets felt the full impact of sub-prime crisis and thus, exhibited extreme volatility and risk aversion. This had an impact on Indian markets as well. BSE Sensex fluctuated between 8,160 and 17,600 during the year accompanied by significant volatility. Similarly, yield on 10 year benchmark government security swung between $9.47 \%$ at its peak due to poor liquidity conditions and the low of $5.10 \%$ on account of huge monetary easing by the central bank, before closing the year at 7.01\%.
It must be noted that as per IRDA regulations on preparation of financial statements the revenue account must include income from investments for shareholders' and policyholders' (for non-unit linked and unit linked business). Income on investments for policyholders' - unit linked business, although disclosed in revenue account, does not get transferred to the shareholders' as it belongs to the linked policyholders and any increase or decrease in income on investments for unit linked business is offset in the revenue account by a corresponding effect in the linked liabilities.
The total income / (loss) on investments includes loss from Policyholders' unit linked business of Rs. 64.32 bn for the year ended March 31, 2009 and income of Rs. 27.24 bn for the year ended March 31, 2008. As discussed above, such income / (loss) does not belong to shareholders and has no impact on the revenue account. Excluding income / (loss) attributable to policyholders' unit linked component, the income / (loss) on investments for the company would be as follows:
(Rs. in bn)

| Particulars | Fiscal 2009 | Fiscal $\mathbf{2 0 0 8}$ |
| :--- | ---: | ---: |
| Interest, dividend and rent | $\mathbf{2 . 7 6}$ | 1.88 |
| Profit / (loss) on sale of Investments (net) | $\mathbf{0 . 4 5}$ | 0.74 |
| Total income / (loss) on Investments | $\mathbf{3 . 2 1}$ | 2.62 |

## Interest, dividend and rent:

During the year ending March 31, 2009, interest income, dividend and rent increased by over $80 \%$ due to higher interest income on account of increased interest rates along with increase in investment in debt securities during the year. The table set forth indicates average investments and average yield earned.
(Rs. in bn)

| Particulars | Fiscal 2009 | Fiscal 2008 |
| :--- | ---: | ---: |
| Average interest earning assets | $\mathbf{1 0 6 . 8 9}$ | 68.62 |
| Average yield | $\mathbf{8 . 6 7 \%}$ | $7.95 \%$ |

## Profit and Loss on sale of investments:

Profit and losses are realised as we realign our portfolio based on market conditions and expected relative attractiveness of securities and sectors going forward.

## Unrealised gain/loss (linked portfolio):

Unrealised gains or losses result from pure marked-to-market valuation of assets held in linked portfolios. The overall income from investments (including policyholders unit linked component) is lower on account of unrealised loss recognised in the linked portfolios whose value eroded on account of the decline witnessed in the equity markets during the fiscal 2009. Equity as an asset class is volatile over short term and therefore, can lead to marked-to-market losses over shorter time periods. However, as an asset class, it delivers healthy positive returns over the long term. We manage our equity funds with a long-term focus and aim to deliver superior risk-adjusted returns over the long term.
We continue to manage our portfolio with a long-term focus in this volatile market scenario. We evaluate the long term performance for all our unit linked funds by tracking their performance against benchmark for all such funds that have been in existence for more than three years. We are pleased to report that as on March 31, 2009 all the unit linked funds that have been outstanding for more than three years have outperformed their respective benchmarks.

Retail life funds: since inception for period ended March 31, 2009

Benchmarks:
Preserver Fund - CRISIL Liquid Fund Index
Protector Fund - CRISIL Composite Bond Index
Balancer Fund - 65\% CRISIL Composite Bond Index + 35\% BSE 100
Maximiser Fund - BSE 100
Inception Dates:
Preserver Fund - May 17, 2004
Protector Fund - April 2, 2002
Balancer Fund - April 2, 2002
Maximiser Fund - November 16, 2001
c. Commission

Commission paid during the year is analysed as follows:
(Rs. in bn)

| Particulars | Fiscal 2009 | Fiscal 2008 |
| :--- | ---: | ---: |
| Total Commission | $\mathbf{7 . 0 0}$ | 8.11 |
| Total Premium (net of reinsurance premium) | $\mathbf{1 5 3 . 1 8}$ | 135.37 |
| Commission as a \% of Premium | $\mathbf{4 . 6 \%}$ | $6.0 \%$ |
| Renewal premium as a \% of Total premium | $\mathbf{5 8 \%}$ | $41 \%$ |
| Pension mix in new business premium | $\mathbf{4 5 \%}$ | $\mathbf{3 7 \%}$ |

There is a reduction in commission by $14 \%$ vis-à-vis the increase in premium by $13 \%$. This is primarily due to increase in proportion of renewal premium and increase in proportion of pension business in new business premium, where commission rates are lower compared to the new life business.
d. Operating expenses
(Rs. in bn)

| Particulars | Fiscal 2009 | Fiscal 2008 | Growth |
| :--- | ---: | ---: | ---: |
| Acquisition costs | $\mathbf{8 . 3 5}$ | 10.84 | $(23 \%)$ |
| Operating expenses |  |  | $(39 \%)$ |
| - Semi variable expenses | $\mathbf{4 . 7 0}$ | 7.74 | $\left(\begin{array}{l}12.88 \\ \text { - Fixed expenses }\end{array}\right.$ |
| Others | $\mathbf{1 . 7 6}$ | 0.71 | $115 \%$ |
| Total Expenses | $\mathbf{2 7 . 6 9}$ | 30.11 | $(8 \%)$ |
| New business premium | $\mathbf{6 4 . 8 4}$ | 80.35 | $(19 \%)$ |
| Total Premium | $\mathbf{1 5 3 . 1 8}$ | 135.37 | $(13 \%)$ |
| Operating expenses as a \% of Premium | $\mathbf{1 8 . 1} \%$ | $\mathbf{2 2 . 2 \%}$ |  |

The total operating expenses of the Company has been broken into acquisition costs, semi variable expenses, fixed expenses and others.
Acquisition costs mainly include frontline sales staff cost; the reduction in acquisition costs of $23 \%$ is in line with fall in new business premium.
Details of semi variable and fixed expenses are given below:
Semi variable expenses, which mainly includes advertising costs, policy related variable costs, sales incentives and meets and employee training, etc, on an aggregate basis have decreased more than proportionate when compared with decrease in new business premium, mainly due to significant focus on cost efficiencies driven by the Company during fiscal 2009.
While fixed expenses have increased when compared to the expense for fiscal 2008, there is actually a saving if the annaulised cost for employee and infrastructure cost for $04-2008$ is considered as the base. Employee and infrastructure costs account for about $75 \%$ of fixed expenses. At the run rate of $\mathrm{Q} 4-2008$ for these costs, the Company has achieved a saving of approximately $15 \%$ when Q4-2008 expenses are annualised and taken as the base for fiscal 2009 and compared with the actual expenses.
Other expenses mainly include service tax expenses incurred by unit linked funds on linked charges debited to funds which have corresponding reversal under unit reserve and hence it is profit and loss neutral.
e. Benefits paid

A summary of benefits paid is given in the table below:
(Rs. in bn)

| Particulars | Fiscal 2009 | Fiscal 2008 |
| :--- | ---: | ---: |
| Death Claims | $\mathbf{1 . 3 7}$ | 0.80 |
| Maturity Claims | $\mathbf{0 . 5 7}$ | 0.55 |
| Surrenders | $\mathbf{1 9 . 7 4}$ | 18.55 |
| Survival Benefits | $\mathbf{0 . 5 8}$ | 0.33 |
| Amount recovered from reinsurer | $\mathbf{( 0 . 1 9 )}$ | $(0.08)$ |
| Total Claims | $\mathbf{2 2 . 0 7}$ | 20.15 |
| Death claim per Rs. 1000 sum assured | $\mathbf{0 . 0 6 3}$ | 0.050 |
| Surrender claims \% of assets held | $\mathbf{6 . 5 4 \%}$ | $\mathbf{8 . 4 4 \%}$ |

Benefits paid represents amount paid back to policyholders or their legal heirs, on occurrence of an insured event as per the contractual terms of an Insurance Contract. The Company's claim experience continues to remain favourable.
f. Change in valuation of liability in respect of life policies
(Rs. in bn)

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Non-unit reserves |  |  |
| - Participating | $\mathbf{3 . 5 2}$ | 2.33 |
| - Non-participating | $\mathbf{2 . 9 2}$ | 3.56 |
| Change in unit reserves | $\mathbf{3 7 . 4 8}$ | 116.14 |
| Total | $\mathbf{4 3 . 9 2}$ | $\mathbf{1 2 2 . 0 3}$ |

Policy liabilities for non-linked business represent actuarial liability set up in respect of life policies in force and for policies in respect of which premium has been discontinued but a liability still exists. Reserves on both participating and non-participating policies are calculated using the gross premium method, using assumptions for interest, mortality, expense and inflation, and in the case of participating policies, future bonuses together with allowance for taxation and allocation of profits to shareholders. Change in reserves charged to the revenue account is the difference between policy liabilities as on two balance sheet dates.
For linked business the unit reserve is number of units held by the policyholder multiplied by the NAV at the valuation date. Change in unit reserves is the difference between policy liabilities as on two balance sheet dates.

## g. Taxes paid

(Rs. in bn)

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Deferred tax asset | $\mathbf{1 . 0 1}$ | 1.48 |
| Fringe benefit tax | $\mathbf{( 0 . 2 1 )}$ | $(0.29)$ |
| Total | $\mathbf{0 . 8 0}$ | $\mathbf{1 . 1 9}$ |

The Company has created deferred tax asset on eligible tax losses to the extent it is virtually certain of realisability. Deferred tax asset has been created on the basis of the profit on the existing book of contracts which is virtually certain of arising, incorporating projected incomes.

## 4. Financial Condition

The following table sets forth, for the periods indicated, the summarised balance sheet.
(Rs. in bn)

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Sources of Funds: |  |  |
| Equity capital and reserves | $\mathbf{4 7 . 8 1}$ | 37.75 |
| Policyholders' Funds | $\mathbf{3 1 1 . 0 7}$ | 270.21 |
| Funds for Future Appropriations | $\mathbf{7 . 1 7}$ | 5.38 |
| Current liabilities and provisions | $\mathbf{1 2 . 5 0}$ | 18.09 |
| Total | $\mathbf{3 7 8 . 5 5}$ | 331.43 |
| Application of Funds: |  |  |
| Investments | $\mathbf{6 . 6 2}$ | 2.11 |
| - Shareholders' | $\mathbf{3 4 . 3 1}$ | 34.49 |
| - Policyholders' | $\mathbf{2 8 6 . 1 4}$ | 248.66 |
| Asset held to cover linked liabilities | $\mathbf{3 . 3 1}$ | 3.28 |
| Fixed assets | $\mathbf{3 . 1 8}$ | $\mathbf{7 . 2 3}$ |
| Deferred tax asset | $\mathbf{3 7 . 7 6}$ | 10.75 |
| Current assets, loans and advances | $\mathbf{3 7 8 . 5 5}$ | 29.97 |
| Debit balance in Profit and loss account | $\mathbf{3 3 1 . 4 3}$ |  |
| Total |  |  |

## Sources of Funds

## a. Equity capital and reserves

## Equity capital

Company's issued and subscribed share capital comprises of $1,427,257,293$ equity shares of face value of Rs. 10 each. Of the above 99.90\% equity shares is held by the Promoters and balance 0.10\% equity shares is issued to employees' under Company's employee stock option plan.
The table below summarises shareholding pattern:

| Shareholder | As at March 31, 2009 |  |
| :--- | ---: | ---: |
|  | Number of Shares | \% of Holding |
| Promoters |  |  |
| - ICICI Bank Limited | $\mathbf{1 , 0 5 5 , 1 6 2 , 9 0 0}$ | 73.93 |
| - Prudential Corporation Holdings Limited | $\mathbf{3 7 0 , 7 3 2 , 8 8 4}$ | 25.97 |
| Others | $\mathbf{1 , 3 6 1 , 5 0 9}$ | 0.10 |
| Total | $\mathbf{1 , 4 2 7 , 5 2 7 , 2 9 3}$ | 100.00 |

## Reserves

A summary of reserves and surplus is provided in the table below:
(Rs. in bn)

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Share premium | $\mathbf{3 3 . 5 3}$ | 23.71 |
| Others | $\mathbf{0 . 0 1}$ | 0.03 |
| Total | $\mathbf{3 3 . 5 4}$ | 23.74 |

The total capital infusion by the promoters during the year amounted to Rs. 10.00 bn , which was issued at a share premium of Rs. 390 per share amounting to Rs. 9.75 bn. Under Company's approved Employees Stock Option Scheme 1,143,570 shares were allotted during year. Balance addition to the share premium is on account of shares issued under Employee stock option scheme. The Company is subject to the minimum solvency requirements prescribed by IRDA - Insurance Regulatory and Development Authority (Assets, Liabilities and Solvency Margin of Insurers) Regulations, 2000 which mandates a minimum solvency margin (i.e. excess of value of assets over value of insurance liabilities) of $150 \%$. As at March 31, 2009 the company was well capitalised with a total capital base of Rs. 47.80 bn (Share capital plus share premium) and a solvency margin of $231 \%$.
b. Policyholders' funds

A summary of policyholders' funds is provided in the table below:
(Rs. in bn)

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Reserves |  |  |
| - Fair value change account | $\mathbf{0 . 2 1}$ | 1.77 |
| - Revaluation reserve | $\mathbf{0 . 3 2}$ | 0.32 |
| Policy liabilities | $\mathbf{2 9 . 9 9}$ | 23.55 |
| Provision for linked liabilities | $\mathbf{2 8 0 . 5 5}$ | 244.57 |
| Total | $\mathbf{3 1 1 . 0 7}$ | 270.21 |

Fair value change account represents unrealised gain (net) on equity and mutual fund securities outstanding in policyholders' investments as on the balance sheet date. Such marked to market of securities is as on the reporting date in line with requirements of IRDA regulations on Investments valuation. Movement in fair value change account is a function of performance of equity stock market and mix of equity and mutual fund securities in total investment portfolio.
The Company has an Investment property which was re-valued in fiscal 2007 based on valuation done by an independent valuer and as per the requirements of IRDA regulations. The value of investment property is disclosed at revalued amount and the change in carrying amount is classified under Revaluation Reserve. The value of the investment property in accordance with the independent valuation is Rs. 501,840 thousand (Historical cost: Rs. 185,521 thousand). Company on each Balance Sheet date assess whether any impairment of Investment property has occurred.
c. Funds for future appropriations (FFA)

Summary of funds for future appropriations is provided in the table below:
(Rs. in bn)

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Funds for future appropriations - Linked | $\mathbf{5 . 5 9}$ | 4.09 |
| Funds for future appropriations - Non-linked | $\mathbf{1 . 5 8}$ | 1.28 |
| Total | $\mathbf{7 . 1 7}$ | 5.37 |

## Funds for future appropriations (FFA) - Linked

It represents amounts that are identified by the Appointed Actuary in respect of lapsed policies which are entitled to be revived but not likely to be revived. As per IRDA stipulations, no reserve is required to be held for such policies however, since the revival period has not expired, the reserves released as above are required to be disclosed as a separate item under the head "Funds for Future Appropriations" in the Balance Sheet and corresponding entries are required to be made in the Revenue Account (Policyholders Account) under Appropriations. Such reserves are required to be held as an earmarked reserve until the expiry of the revival period, after which the same can be released in the PGL statement.
Rs. 5.59 bn shown under the head FFA - Linked, represents reserves in respect of lapsed linked policies, net of amount transferred to Shareholder's PGL, which are entitled to be revived but in the opinion of the Appointed Actuary not likely to be revived.

## Funds for future appropriations (FFA) - Non-linked

Insurance regulations require minimum 90\% of the surplus under Participating Line of business to be distributed to the policyholders. And hence until the time bonus is declared and distributed by the Company, entire surplus under the participating line of business is appropriated via Policyholders' Revenue account as Funds for Future Appropriation - Non linked. On declaration of Bonus, the said amount would get appropriated from Funds for Future Appropriation for its distribution to the policyholders and a maximum of 1/9th the cost of new bonus declared can be transferred to Shareholders' Profit \& Loss account. Amount of Rs. 1.58 bn shown under the head FFA - Non linked, represents accumulated surplus available for distribution post recommendation from the Appointed Actuary.
Amount transferred to the Shareholders' Profit \& Loss account by way of bonus distribution (1/9th) for the year ended March 31, 2009 was Rs. 0.04 bn (previous year ended March 31, 2008: Rs. 0.02 bn).
d. Current liabilities and Provisions

## Current liabilities

A summary of Current liabilities is provided in the table below.
(Rs. in bn)

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Sundry creditors | $\mathbf{4 . 0 1}$ | 5.74 |
| Unallocated premium | $\mathbf{1 . 6 9}$ | 2.15 |
| Agents balances | $\mathbf{0 . 3 8}$ | 0.58 |
| Taxes payable | $\mathbf{0 . 2 8}$ | 0.47 |
| Policyholders' claims payable | $\mathbf{0 . 1 9}$ | 0.08 |
| Deposits | $\mathbf{0 . 0 1}$ | 0.01 |
| Reinsurance premium payable | $\mathbf{0 . 0 6}$ | 0.11 |
| Other liabilities | $\mathbf{4 . 6 8}$ | 6.94 |
| Total | $\mathbf{1 1 . 3 0}$ | $\mathbf{1 6 . 0 8}$ |

Sundry creditors represents amount payable for various goods and services availed by the Company, it also includes amount provisioned for expenses at the year end. This has decreased mainly due to limited expansion carried out by the Company during the year and reduction in overall business volumes in fiscal 2009 vis-à-vis fiscal 2008.

Unallocated premium mainly includes premium deposit received which is pending to be allocated for issuance of an insurance policy. It also includes amount of Rs. 0.77 bn (previous year: Rs. 1.05 bn) as premium received in advance which will be recognised as premium income on the due date of the policy. There is also certain money included in unallocated premium which needs to be refunded back to the policyholders on freelook or cancellation of policy and is outstanding in the normal process of refund.

Agents' balances represents amount payable to Advisors towards commission as on the balance sheet date. Amount outstanding is mainly attributable to business sourced during the last month of the financial year.
Taxes payable represent tax deducted and payable under Income tax regulations, such taxes will be paid in due course within their due dates.
Policyholders' claims payable represents amount payable to the policyholders for all the claims intimation viz. Death, Survival etc. that are received by the Company and are outstanding due to pending investigation as a part of the normal claims process or are pending due to incomplete documentation from the Policyholders.

Other liabilities mainly include amount payable to Unit linked funds towards premium collections which had happened during the last few days of the financial year. Such amounts are transferred subsequently. Amount payable as on March 31, 2009 is Rs. 4.00 bn (previous year: Rs. 6.44 bn ). It also includes amounts for all those cheques that are issued but their validity period has got expired, monies withheld on contractor payments pending final acceptance of their work, all statutory deductions from salaries paid to the employees and other sundry payables.

## Provisions

A summary of provisions is provided in the table below:
(Rs. in bn)

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Provision for Service Tax un-utilised credit | $\mathbf{0 . 8 6}$ | 1.80 |
| Provision for Leave Encashment and Gratuity | $\mathbf{0 . 2 8}$ | 0.15 |
| Taxation - fringe benefit tax | $\mathbf{0 . 0 6}$ | 0.06 |
| Total | $\mathbf{1 . 2 0}$ | $\mathbf{2 . 0 1}$ |

The Company has created a provision for Service tax un-utilised credit for an amount equivalent to Service tax un-utilised credit shown under current assets, the rationale behind creating such provision comes from existing cenvat credit rules which do not require maintenance of separate register, as records maintained in financial accounts are accepted for the purpose of availing credit. Further, as per the provisions of Accounting Standard, Insurance Company should carry forward excess credit only if it can determine with certainty that the balance would be utilised in near future.

Company's liability towards leave encashment and Gratuity is actuarially valued and is as per the requirements of revised Accounting Standard 15 on Employee benefits and it also includes amount provided as at March 31, 2009 for leaves which can be encashed by the employees.

## Application of Funds

a. Investments

Our primary objective is the safety of our investments and the stability of returns. We ensure that our investment portfolio is adequately diversified and adhere to high standards to quality.

A statement of investments is given below:
(Rs. in bn)

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Application of Funds: |  |  |
| Investments |  |  |
| - Shareholders' | $\mathbf{6 . 6 2}$ | 2.11 |
| - Policyholders' | $\mathbf{3 4 . 3 1}$ | 34.49 |
| Asset held to cover linked liabilities | $\mathbf{2 8 6 . 1 4}$ | 248.66 |
| Total | $\mathbf{3 2 7 . 0 7}$ | $\mathbf{2 8 5 . 2 6}$ |

As per table given above total investment assets grew from a base of Rs. 285.26 bn by $14.7 \%$ to Rs. 327.07 bn during the year. The increase, despite volatile markets, was on account of strong growth in total premiums.
$87.3 \%$ of total investment assets were held in unit linked funds as on March 31, 2009 up from $87.0 \%$ as on March 31, 2008.

The share of debt in investment portfolio has increased from 32\% on March 31, 2008 to 51\% on March 31, 2009 on account of the mark-to-market impact on equities and a greater allocation of policyholder funds in debt.
Our investment policy is based on prudence, with significant focus on generating returns with limited risk in our assessment. We ensure compliance with IRDA Investment regulations which focusses on the safety of the investor's money by having a well-diversified quality investment portfolio and transparency in terms of adequate disclosures about the portfolio.
b. Fixed Assets

A statement of movement of fixed assets is given below:
(Rs. in bn)

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Gross block | $\mathbf{4 . 7 6}$ | 3.90 |
| Less: Accumulated depreciation | $\mathbf{1 . 5 6}$ | 1.04 |
| Net block | $\mathbf{3 . 2 0}$ | 2.86 |
| Add: Capital work-in-progress | $\mathbf{0 . 1 1}$ | 0.42 |
| Net fixed assets | $\mathbf{3 . 3 1}$ | $\mathbf{3 . 2 8}$ |

There was no significant expansion carried out by Company during the year which is reflected in the marginal increase in net fixed assets in fiscal 2009. During the year Company's number of branches increased from 1,956 to 2,099.
c. Deferred tax asset

The Company recorded deferred tax assets of Rs. 3.18 bn as of March 31, 2009 (as of March 31, 2008: Rs. 2.17 bn ). Deferred tax assets represent timing differences in the financial and tax books arising from brought forward tax losses. Company assesses the likelihood that deferred tax assets will be recovered from future taxable income. Company believes it is more likely than not that the benefits of these deductible differences will realise.
d. Current assets, loans and advances

A summary of Current assets, loans and advances is provided in the table below:
(Rs. in bn)

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Cash and bank balances | $\mathbf{3 . 5 6}$ | 6.16 |
| Deposits | $\mathbf{1 . 0 8}$ | 0.76 |
| Service Tax un-utilised credit | $\mathbf{0 . 8 6}$ | 1.80 |
| Income accrued on investments | $\mathbf{0 . 8 6}$ | 0.67 |
| Outstanding premium | $\mathbf{0 . 2 7}$ | 0.18 |
| Prepayments | $\mathbf{0 . 1 7}$ | 0.23 |
| Loans | $\mathbf{0 . 0 5}$ | 0.04 |
| Advance taxes paid | $\mathbf{0 . 0 1}$ | 0.01 |
| Other advances | $\mathbf{0 . 3 7}$ | 0.90 |
| Total | $\mathbf{7 . 2 3}$ | $\mathbf{1 0 . 7 5}$ |

The Cash and bank balances represent amount collected during last few days of the financial year and it also includes Cheques on hand and Cheques deposited but not cleared. Substantial decline in cash and bank balance is mainly on account of reduced business in fiscal 2009 vis-à-vis fiscal 2008. The bank balances in overseas current accounts (Rs. 0.04 bn as at March 31, 2009) are maintained to meet the expenditure of the representative offices in Dubai and Bahrain.

Deposits represent deposits placed for premises taken on lease for setting up branches as well as for leased accommodations for employees. It also includes electricity deposits, telephone and other utility deposits. Increase in deposits placed as compared to previous year is mainly on account deposits placed for new offices opened during the current year.
Service tax unutilised credit represents cenvat credit asset created from service tax paid to government on commission and on expenses. Such asset is after netting off Company's service tax liability on premium income. There is no limit on time for which such asset can be carried forward and it can be utilised for payment of service tax liability on taxable services rendered by the Company. However Company on conservative basis creates a provision for an amount equivalent to Service tax unutilised credit.

Income accrued on investments is mainly on fixed deposits, Government securities and Debentures.
Other advances mainly includes amount paid in advance for services to be received in future.

## AUDITORS' REPORT

## To the Members of <br> ICICI Prudential Life Insurance Company Limited

1. We have audited the attached Balance Sheet of ICICI Prudential Life Insurance Company Limited ('the Company') as at March 31, 2009, the related Revenue Account, the Profit \& Loss Account and the Receipts and Payments Account for the year ended on that date annexed thereto, which we have signed under reference to this report. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
3. We report that:
(a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of the audit and have found them to be satisfactory;
(b) In our opinion and to the best of our information and according to the explanations given to us, proper books of account as required by law have been maintained by the Company, so far as appears from our examination of those books;
(c) As the Company's financial accounting system is centralised, no returns for the purposes of our audit are prepared at the branches of the Company;
(d) The Balance Sheet, the Revenue Account, the Profit and Loss Account and the Receipts and Payments Account referred to in this report are in agreement with the books of account;
(e) The actuarial valuation of liabilities for life policies in force is the responsibility of the Company's Appointed Actuary ('the Appointed Actuary'). The actuarial valuation of these liabilities as at March 31, 2009 has been duly certified by the Appointed Actuary and in his opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by the Insurance Regulatory Development Authority ('IRDA') ('Authority') and the Actuarial Society of India in concurrence with the Authority. We have relied upon Appointed Actuary's certificate in this regard for forming our opinion on the financial statements of the Company;
(f) On the basis of written representations received from the Directors of the Company, as on March 31, 2009 and taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2009 from being appointed as a Director in terms of clause (g) of sub-section (1) of Section 274 of the Companies Act, 1956.
4. In our opinion and to the best of our information and according to the explanations given to us, we further report that:
(a) The Investments have been valued in accordance with the provisions of the Insurance Act, 1938, the Regulations and/or orders/directions issued by IRDA in this behalf;
(b) The accounting policies selected by the Company are appropriate and are in compliance with the applicable Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956 and the Rules framed there under and with the accounting principles as prescribed in the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002, ('the Regulations') and orders/directions issued by IRDA in this behalf;
(c) The Balance Sheet, the Revenue Account, the Profit \& Loss Account and the Receipts and Payments Accounts dealt with by this report comply with the Accounting Standards referred to in sub-section (3C) of Section 211 of the Companies Act, 1956 and the Rules framed there under to the extent they are not inconsistent with the accounting principles prescribed in the Regulations and orders/directions issued by IRDA in this behalf;
(d) The Balance Sheet, the Revenue Account, the Profit and Loss Account and the Receipts and Payments Account together with the notes thereon and attached thereto are prepared in accordance with the requirements of
the Regulations, the Insurance Act, 1938, the Insurance Regulatory and Development Authority Act, 1999 and the Companies Act, 1956, to the extent applicable and in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
i. in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2009;
ii. in the case of Revenue Account, of the net surplus for the year ended on that date;
iii. in the case of Profit and Loss Account, of the loss for the year ended on that date; and
iv. in the case of the Receipts and Payments Account, of the receipts and payments for the year ended on that date.
5. Further, on the basis of our examination of books and records of the Company and according to the information and explanations given to us, we certify to the best of our knowledge and belief that:
(a) We have reviewed the Management Report attached to the financial statements for the year ended March 31, 2009, and have found no apparent mistake or material inconsistencies with the financial statements; and
(b) Based on management representations and compliance certificates noted by the Risk Management and Audit Committee, nothing has come to our attention which causes us to believe that the Company has not complied with the terms and conditions of registration stipulated by IRDA.

## AUDITORS' CERTIFICATE

In accordance with the information and explanations given to us and to the best of our knowledge and belief and based on our examination of the books of account and other records maintained by ICICI Prudential Life Insurance Company Limited ('the Company') for the year ended March 31, 2009, we certify that:

1. We have verified the cash balances, to the extent considered necessary, and securities relating to the Company's loans and investments as at March 31, 2009, by actual inspection or on the basis of certificates/confirmations received from the Custodian appointed by the Company, as the case may be. As at March 31, 2009, the Company does not have reversions and life interests;
2. The Company is not a trustee of any trust; and
3. No part of the assets of the Policyholders' Funds has been directly or indirectly applied in contravention to the provisions of the Insurance Act, 1938, relating to the application and investments of the Policyholders' Funds.
This certificate is issued to comply with Schedule C of the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations 2002, ('the Regulations') read with Regulation 3 of the Regulations and may not be suitable for any other purpose.

## SCHEDULE - 16

Significant accounting policies and notes forming part of the accounts for the year ended March 31, 2009

## 1. Background

ICICI Prudential Life Insurance Company Limited ('the Company') a joint venture between ICICI Bank Limited and Prudential Corporation Holdings Limited was incorporated on July 20, 2000 as a company under the Companies Act, 1956 ('the Act'). The Company is licensed by the Insurance Regulatory and Development Authority ('IRDA') for carrying life insurance business in India.
The Company carries on business in the areas of life, pensions and health insurance. This business spans across individual and group products and covers participating, non-participating and unit linked lines of business. Riders covering additional benefits are offered under these products. These products are distributed through individual agents, corporate agents, banks, brokers and the direct marketing channel.
2. Summary of significant accounting policies

### 2.1 Basis of preparation

The accompanying financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting, in accordance with accounting principles generally accepted in India, in compliance with the accounting standards ('AS') prescribed in the Companies Act, 1956 and rules thereunder, to the extent applicable, and in accordance with the provisions of the Insurance Act, 1938, Insurance Regulatory and Development Authority Act, 1999, and the regulations framed thereunder, the Act to the extent applicable, various circulars issued by IRDA and the practices prevailing within the insurance industry in India. Accounting policies applied have been consistent with previous year except where different treatment is required as per new pronouncements made by the regulatory authorities.
The management evaluates all recently issued or revised accounting pronouncements on an ongoing basis.

### 2.2 Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, revenues and expenses and disclosure of contingent liabilities as on the date of the financial statements. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as on the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively.

### 2.3 Revenue recognition

### 2.3.1. Premium income

Premium is recognised as income when due. Premium on lapsed policies is recognised as income when such policies are reinstated.

Top up premiums are considered as single premium.
For linked business, premium is recognised as income when the associated units are created.

### 2.3.2. Income from linked fund

Income from linked funds which includes fund management charges, policy administration charges, mortality charges, etc. are recovered from the linked fund in accordance with terms and conditions of policy and are recognized when due.

### 2.3.3. Income earned on investments

Interest income on investments is recognised on accrual basis. Accretion of discount and amortisation of premium relating to debt securities is recognised over the holding/maturity period on a straight-line basis.

Dividend income is recognised when the right to receive dividend is established.
Realised gain/loss on debt securities for other than linked business is the difference between the sale consideration net of expenses and the amortised cost, which is computed on a weighted average basis, as on the date of sale.

Realised gain/loss on debt securities for linked business is the difference between the sale consideration net of expenses and the book cost, which is computed on weighted average basis, as on the date of sale.
Profit or loss on sale of equity shares/mutual fund units is the difference between the sale consideration net of expenses and the book cost computed on weighted average basis. In respect of non-linked business the profit or loss includes the accumulated changes in the fair value previously recognised under "Fair Value Change Account".

### 2.3.4. Income earned on loans

Interest income on loans is recognised on an accrual basis.

### 2.3.5. Income from operating leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership over the lease term are classified as operating leases. Operating lease rentals are recognised as income, on a straight line basis, over the lease term.

### 2.4 Reinsurance premium

Cost of reinsurance ceded is accounted for at the time of recognition of premium income in accordance with the treaty or in-principle arrangement with the reinsurer. Profit commission on reinsurance ceded is netted off against premium ceded on reinsurance.

### 2.5 Benefits Paid

Benefits paid comprise of policy benefits and claim settlement costs, if any.
Death, rider and surrender claims are accounted for on receipt of intimation. Survival benefit claims and maturity claims are accounted when due. Withdrawals and surrenders under linked policies are accounted in the respective schemes when the associated units are cancelled/redeemed. Reinsurance recoveries on claims are accounted for, in the same period as the related claims.

### 2.6 Acquisition Costs

Acquisition costs are costs that vary with and are primarily related to acquisition of insurance contracts and are expensed in the period in which they are incurred.

### 2.7 Actuarial liability valuation

Actuarial liability for life policies in force and for policies in respect of which premium has been discontinued but a liability exists, is determined by the Appointed Actuary using the gross premium method, in accordance with accepted actuarial practice, requirements of Insurance Act, 1938, IRDA regulations and the stipulations of Actuarial Society of India.

### 2.8 Investments

Investments are made in accordance with the Insurance Act, 1938, the IRDA (Investment) Regulations, 2000, and various other circulars/notifications issued by the IRDA in this context from time to time.
Investments are recorded at cost on the date of purchase, which includes brokerage and taxes, if any, and excludes accrued interest.
Bonus entitlements are recognised as investments on the 'ex-bonus date'.
Rights entitlements are recognised as investments on the 'ex-rights date'.
Any front end discount on privately placed investments is reduced from the cost of such investments.
Broken period interest paid/received is debited/credited to Interest Receivable account and is not included in the cost of purchase/sale value.

### 2.8.1 Classification

Investments maturing within twelve months from the balance sheet date and investments made with the specific intention to dispose them off within twelve months from the balance sheet date are classified as short-term investments.

Investments other than short-term investments are classified as long-term investments.

### 2.8.2 Valuation - shareholders' investments and non-linked policyholders' investments

All debt securities are considered as 'held to maturity' and accordingly stated at historical cost, subject to amortisation of premium or accretion of discount in the revenue account or the profit and loss account over the period of maturity/holding on a straight line basis.
Listed equity shares as at the balance sheet date are stated at fair value being the last quoted closing price on the National Stock Exchange ('NSE') (In case of securities not listed on NSE, the last quoted closing price on the Bombay Stock Exchange ('BSE') is used). Mutual fund units as at the balance sheet date are valued at the previous day's net asset values. Equity shares awaiting listing are stated at historical cost subject to provision for diminution, if any, in the value of such investment determined separately for each individual investment.

Unrealised gains/losses arising due to changes in the fair value of listed equity shares and mutual fund units are taken to "Fair Value Change Account" and carried forward in the balance sheet.

Investment in real estate is valued at historical cost, subject to revaluation (done at least once in every three years) and provision for impairment, if any. Change in carrying amount of investments in real estate is taken to Revaluation Reserve under Policyholders' Funds in the balance sheet.

### 2.8.3 Valuation - linked business

Debt securities other than Government securities with a residual maturity over 182 days are valued on a yield to maturity basis, by using spreads over the benchmark rate to arrive at the yield for pricing the security.

Debt securities with a residual maturity upto 182 days are valued at cost/last valuation price (including accrued interest till the beginning of the day) plus the difference between the redemption value (inclusive of interest) and cost/last valuation price, spread uniformly over the remaining maturity period of the instrument.

Securities issued by Government of India are valued at prices obtained from Credit Rating Information Services of India Ltd. ('CRISIL').

State Government securities with residual maturity over 182 days are valued at cost. However such securities with residual maturity upto 182 days are valued at historical cost subject to amortisation of premium or accretion of discount.

Money market instruments are valued at historical cost, subject to amortisation of premium or accretion of discount over the period of maturity/holding on a straight-line basis.

Listed equity shares are valued at market value, being the last quoted closing price on the NSE (In case of securities not listed on NSE, the last quoted closing price on the BSE is used). Equity shares awaiting listing are stated at historical cost subject to provision for diminution, if any, in the value of such investment determined separately for each individual investment.

Mutual fund units are valued at the previous day's net asset values.
Venture fund units are valued at the latest available net asset values.
Securities with call option are valued at the lower of the value as obtained by valuing the security to final maturity and valuing the security to call option. In case there are multiple call options, the lowest value obtained by valuing to the various call dates and valuing to the maturity date is taken as the value of the instrument.

Securities with put option are valued at the higher of the value as obtained by valuing the security to final maturity and valuing the security to put option. In case there are multiple put options, the highest value obtained by valuing to the various put dates and valuing to the maturity date is taken as the value of the instrument.

The securities with both put and call option on the same day would be deemed to mature on the put/ call day and would be valued at the prevailing market price.
Instruments bought on 'repo' basis are valued at the resale price after deduction of applicable interest upto date of resale.
Unrealised gains and losses are recognised in the respective fund's revenue account.

### 2.8.4 Transfer of investments

Transfer of investments from Shareholders' Fund to the Policyholders' Fund is at cost or market price, whichever is lower. However, in case of debt securities all transfers are carried out at the net amortised cost. Transfer of investments between unit linked funds is done at market price.

### 2.9 Loans

Loans are stated at historical cost, subject to provision for impairment, if any.

### 2.10 Fixed assets, Intangibles and Impairment

### 2.10.1 Fixed assets and depreciation

Fixed assets are stated at cost less accumulated depreciation. Cost includes the purchase price and any cost directly attributable to bring the asset to its working condition for its intended use. Subsequent expenditure incurred on fixed assets are expensed out except where such expenditure increases the future benefits from the existing assets. Assets costing upto Rs. 5,000 (Rupees five thousand) are fully depreciated in the year of acquisition. The rate of depreciation is higher of the managements estimate
based on useful life or the rates prescribed under the Act. Depreciation is provided using Straight-Line Method ('SLM') prorated from the date of acquisition/upto the date of sale, based on estimated useful life for each class of asset, as stated below:

| Asset | Depreciation rates |
| :--- | :--- |
| Office Buildings | $1.63 \%$ |
| Leasehold improvements | Over the lease period, subject to a maximum of 9 years |
| Furniture \& Fixtures | $15 \%$ |
| Office Equipment | $25 \%$ |
| Information technology equipment | $33.33 \%$ |
| Communication networks and servers | $25 \%$ |
| Motor Vehicles | $20 \%$ |

### 2.10.2. Intangibles

Intangible assets comprising software are stated at cost less amortisation. Significant improvements to software are capitalised and amortised over the remaining useful life of original software. Software expenses are amortised using Straight-Line Method over a period of 4 years from the date of being put to use.

### 2.10.3. Impairment of assets

Management periodically assesses, using external and internal sources, whether there is any indication that an asset may be impaired. Impairment occurs where the carrying value exceeds the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. The impairment loss to be expensed is determined as the excess of the carrying amount over the higher of the asset's net sales price or present value as determined above. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount, subject to a maximum of depreciable historical cost.

### 2.11 Operating leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership over the leased term are classified as operating leases. Operating lease rentals including escalations are recognised as an expense, on a straight-line basis, over the lease term.

### 2.12 Staff benefits

All short term employee benefits are accounted on undiscounted basis during the accounting period based on services rendered by employees.
The Company has incorporated a Provident Fund Trust to which it pays a fixed contribution at the rate specified in the trust deed. The trust deed also provides for the Company to indemnify to the trust, interest at the rates prescribed by the Central Government, in case the fund does not hold sufficient assets. The Guidance issued by the Institute of Chartered Accountants of India (ICAI) on implementing AS 15, Employee Benefits (revised 2005) states that the provident funds set up by employers, which requires interest shortfall to be met by the employer, needs to be treated as defined benefit plan. Pending the issuance of the Guidance Note in this respect by the Actuarial Society of India, the Company's consulting actuary has expressed his inability to reliably measure the provident fund liability. Accordingly, the Company is unable to exhibit the related disclosures.
The Company's liability towards gratuity and leave encashment being defined benefit plans is accounted for on the basis of an independent actuarial valuation done at the year end and actuarial gains/losses are charged to the revenue account and the profit and loss account as applicable.
Superannuation is a defined contribution plan. The Company has accrued for superannuation liability based on a percentage of basic salary payable to eligible employees for the period of service.

### 2.13 Foreign exchange transactions

Transactions in foreign currencies are recorded at the exchange rates prevailing at the date of the transaction. Monetary assets and liabilities in foreign currency, if any, are translated at the year end closing rates. The resulting exchange gain or loss arising either on settlement or on translation, if any, are reflected in the revenue account and the profit and loss account as applicable.

### 2.14 Segment reporting policies

Based on the primary segments identified under (IRDA) (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002 ('the Regulations') read with AS 17 on "Segmental Reporting" prescribed in the Companies Act, 1956 and rules thereunder, the Company has classified and disclosed segmental information into Shareholder and Policyholder - Participating, Non-Participating, Pension, Linked (Life, Pension and Group), Health and Annuity businesses.
There are no reportable geographical segments, since all business is written in India.

## Allocation of expenses

Operating expenses relating to insurance business are allocated to specific business segments in the following manner, which is applied on a consistent basis.

Expenses that are directly identifiable to the segment are allocated on actual basis.
Other expenses (including depreciation and amortisation), that are not directly identifiable to a business segment, are allocated on either of the following basis:

- Number of policies
- Weighted annualised first year premium income
- Sum assured
- Total premium income
- Medical cases
- Funds under management

The method of allocation has been decided based on the nature of the expense and its logical co-relation with various business segments.

### 2.15 Taxation

Income tax expense comprises of current tax (i.e. amount of tax for the period determined in accordance with the income tax law), deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period) and fringe benefit tax (computed in accordance with the relevant provisions of the Income Tax Act, 1961.
Provision for current income tax is made based on the estimated tax liability computed after taking credit for allowances and exemptions in accordance with the Income Tax Act, 1961.

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation law, deferred tax assets are recognised only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written up to reflect the amount that is reasonable/virtual certain (as the case may be) to be realised.
Provision for fringe benefit tax ('FBT') has been recognised on the basis of harmonious contextual interpretation of the provision of Income Tax Act, 1961 and in accordance with the guidance note on accounting for fringe benefits tax issued by the Institute of Chartered Accountants of India.

### 2.16 Service tax unutilised credit

Service Tax liability on life insurance service is set-off against the service tax credits available from tax paid on input services. Unutilised credits, if any, are carried forward for future set-off. A provision is created based on estimated realisation of such unutilised credit.

### 2.17 Employee Stock Option Scheme

The Company has formulated an Employee Stock Option Scheme ('the Scheme'). The Scheme provides that eligible employees are granted options to acquire equity shares of the Company that vest in graded manner. The vested options may be exercised within a specified period. The exercise price of the option is diluted when there is a subsequent issue of shares at a price lower than the grant price. The options are accounted on intrinsic value basis and accordingly the intrinsic value of options, if any, is amortised over the vesting period. Incremental intrinsic value of options, arising from modification of exercise price, if any, is amortised over the remainder of the vesting period.

### 2.18 Provisions and contingencies

The Company makes a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure of a contingent liability is made when there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources or it cannot be reliably estimated. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.
Loss contingencies arising from claims, litigation, assessment, fines, penalties, etc. are recorded when it is possible that a liability has been incurred and the amount can be reasonably estimated.

### 2.19 Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

### 2.20 Appropriation/Expropriation

In accordance with the Unit Linked guidelines issued by IRDA effective July 1, 2006, the Company has followed the Appropriation/Expropriation method for calculating the Net Asset Value ('NAV'). This method provides for adjusting the NAV on account of the 'Dealing Costs'. The accounting for dealing costs is disclosed in the Revenue Account as an adjustment with corresponding changes to the Change in Valuation of Policy Liability Account. Corresponding adjustments are also made in the Assets Held to cover Policy Liabilities and the Provisions for Linked Liabilities in the Balance Sheet.

### 2.21 Funds for Future Appropriations - Linked

Amounts estimated by Appointed Actuary as Funds for Future Appropriations ('FFA') - Linked are required to be set aside in the balance sheet and are not available for distribution to shareholders until the expiry of the revival period. The Company appropriates FFA from the Revenue Account.

## 3. Notes to accounts

### 3.1 Contingent liabilities

(Rs. "000)

| Particulars | As at <br> March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Partly-paid up investments | - | - |
| Underwriting commitments outstanding | - | - |
| Claims, other than those under policies, | $\mathbf{3 , 6 1 9}$ | 2,196 |
| not acknowledged as debts | - | - |
| Guarantees given by or on behalf of the company | - | 1,669 |
| Statutory demands/liabilities in dispute, not provided for | $\mathbf{-}$ | $-\mathbf{~}$ |
| Reinsurance obligations to the extent not provided <br> for in accounts | $\mathbf{5 5 , 1 \mathbf { 1 0 }}$ | $\mathbf{3 0 , 3 7 9}$ |

### 3.2 Actuarial method and assumptions

The actuarial liability on both participating and non-participating policies is calculated using the gross premium method, using assumptions for interest, mortality, expense and inflation, and in the case of participating policies, future bonuses together with allowance for taxation and allocation of profits to shareholders. These assumptions are determined as prudent estimates at the date of valuation with allowances for adverse deviations. No allowance is made for expected lapses.

The interest rates used for valuing the liabilities are in the range of $5.1 \%$ to $6.8 \%$ per annum (Previous year: $4.7 \%$ to $10 \%$ per annum).

Mortality rates used are based on the published LIC (1994-96) Ultimate Mortality Table for assurances and LIC 96-98 table for annuities, adjusted to reflect expected experience. Morbidity rates used are based on CIBT 93 table, adjusted for expected experience, or on risk rates supplied by reinsurers.
Expenses are provided for at current levels, in respect of renewal expenses, with no allowance for future improvements. Per policy renewal expenses for regular premium policies are assumed to inflate at 4.14\% (Previous year: 5.50\%).
The greater of a liability calculated using discounted cash flows and unearned premium reserves are held for the unexpired portion of the risk for the general fund liabilities of linked business and attached riders. An unearned premium reserve is held for one year renewable group term insurance.

The unit liability in respect of linked business has been taken as the value of the units standing to the credit of policyholders, using the net asset value ('NAV') prevailing at the valuation date. The adequacy of charges under unit linked policies to meet future expenses has been tested and provision made as appropriate. Provision has also been made for the cost of guarantee under unit linked products that carry a guarantee. The units held in respect of lapsed policies are divided into a revival reserve, which contributes to liabilities, and a fund for future appropriation, which contributes to regulatory capital.

### 3.3 Encumbrances of assets

The assets of the Company are free from all encumbrances as at March 31, 2009 (Previous year: Rs. Nil).

### 3.4 Assets to be deposited under local laws

There are no assets required to be deposited by the Company under any local laws or otherwise encumbered in or outside India as of March 31, 2009 except investments to be held under Section 7 of the Insurance Act, 1938 as disclosed under 3.9 below. (Previous year: Rs. Nil).

### 3.5 Restructured Assets

There are no assets including loans subject to re-structuring (Previous year: Rs. Nil).

### 3.6 Commitments

Commitments made and outstanding for loans and investment is Rs. Nil (Previous year: Rs. Nil).
Estimated amount of contracts remaining to be executed on fixed assets to the extent not provided for (net of advance) is Rs. 27,768 thousand (Previous year: Rs. 312,072 thousand).

### 3.7 Claims

Claims settled and remaining unpaid for a period of more than six months as at March 31, 2009 amount to Rs. 31,347 thousand (Previous year: Rs. 11,888 thousand).

### 3.8 Managerial Remuneration

The details of the Managing and Executive Directors' remuneration included in employee remuneration and welfare benefits are as follows:
(Rs. "000)

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Salary, perquisites and bonus | $\mathbf{4 5 , 4 5 1}$ | 55,760 |
| Contribution to Provident Fund | $\mathbf{2 , 1 9 6}$ | 1,800 |

Expenses towards gratuity and leave encashment provision are determined actuarially for the company as a whole on an annual basis and accordingly have not been considered in the above information.
The managerial remuneration is in accordance with the requirements of Section 34A of the Insurance Act, 1938 and as approved by IRDA.

### 3.9 Investments

- The investments are effected from the respective funds of the policyholders or shareholders and income thereon has been accounted accordingly.
- All investments are performing investments.
- Investments under Section 7 of the Insurance Act, 1938 are as follows:
(Rs. "000)

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| $7.40 \%$ Govt. of India Securities* | $\mathbf{9 0 , 0 5 0}$ | 90,050 |
| $\mathbf{1 2 . 3 2 \%}$ Govt. of India Securities* | $\mathbf{1 0 , 0 0 0}$ | 10,000 |
| Total | $\mathbf{1 0 0 , 0 5 0}$ | 100,050 |

* This investment is held by the custodian in Constituent Subsidiary General Ledger Account under intimation to IRDA.

### 3.10 Value of investment contracts where settlement or delivery is pending is as follows:

(Rs. "000)

| Particulars | March 31, 2009 |  | March 31, 2008 |  |
| :--- | ---: | ---: | ---: | ---: |
|  | Linked <br> business | Non-linked <br> business | Linked <br> business | Non-linked <br> business |
| Purchases where deliveries are pending | $\mathbf{5 , 1 1 3 , 8 3 0}$ | $\mathbf{2 5 4 , 3 1 6}$ | $7,624,260$ | 212,120 |
| Sales where receipts are pending | $\mathbf{4 2 , 3 1 , 9 3 3}$ | $\mathbf{-}$ | $5,061,149$ | - |

### 3.11 Real Estate - Investment Property

In accordance with the IRDA Regulations, 2002 (Preparation of Financial Statements \& Auditors Report of Insurance Companies), the value of Investments in real estate property are subject to revaluation at least once in three years. As a result, the Company's real estate investments have been revalued by an independent valuer as of March 27, 2007. The value of real estate investment based on the valuation report is disclosed at revalued amount and the change in carrying amount is classified under Revaluation Reserve. The value of the investment property in accordance with the independent valuation dated March 27, 2007 is Rs. 501,840 thousand (Historical cost: Rs. 185,521 thousand).

### 3.12 Sector-wise percentage of business

Sector-wise break-up of policies issued during the year is as follows:

| Sector | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Rural - Number of policies | $\mathbf{7 7 4 , 7 2 5}$ | 637,867 |
| - Percentage of total policies | $\mathbf{2 9 \%}$ | $22 \%$ |
| Social - Number of policies | $\mathbf{2 4}$ | 6 |
| - Percentage of total policies | $\mathbf{0 . 0 0 0 9 \%}$ | $0.0002 \%$ |
| - Number of lives | $\mathbf{1 3 2 , 6 2 5}$ | 35,491 |
| - Percentage of group lives | $\mathbf{1 0 \%}$ | $3 \%$ |
| - Gross premium (Rs. '000) | $\mathbf{6 , 4 5 3}$ | 1,565 |
| - Percentage of total premium | $\mathbf{0 . 0 1 \%}$ | $0.002 \%$ |
| Total | Number of policies | $\mathbf{2 , 6 3 8 , 2 3 8}$ |
| - Number of group lives | $\mathbf{1 , 3 4 8 , 0 6 3}$ | $1,067,087$ |
| - Gross premium (Rs. '000) | $\mathbf{6 4 , 8 3 9 , 2 3 0}$ | $80,347,511$ |

### 3.13 Risks retained and reinsured

Extent of risk retained and reinsured based on sum at risk, is as follows:

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Individual business |  |  |
| Risk retained | $\mathbf{7 8 \%}$ | $\mathbf{8 2 \%}$ |
| Risk reinsured | $\mathbf{2 2 \%}$ | $\mathbf{1 8 \%}$ |
| Group business |  |  |
| Risk retained | $\mathbf{3 4 \%}$ | $\mathbf{3 0 \%}$ |
| Risk reinsured | $\mathbf{6 6 \%}$ | $\mathbf{7 0 \%}$ |

### 3.14 Deferred taxes

Deferred tax asset is recognized on carry forward of eligible tax losses which can be set off against future taxable income. Deferred tax assets are reviewed as at each balance sheet date and written down or written up to reflect the amount that is virtually certain to be realised.
Deferred tax asset is created on the Company's eligible tax losses to the extent that there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax can be realised. As at March 31, 2009, Rs. 3,180,774 thousand represents deferred tax asset on carry forward unabsorbed losses (Previous year: Rs. 2,170,774 thousand).
Deferred tax asset has been created on the basis of certainty of the profit of the business, subject to some amount of lapsation determined by the Appointed Actuary.

### 3.15 Operating lease commitments

The Company takes premises (both commercial and residential), office equipments, computers, servers $\mathcal{G}$ modular furniture on lease. Certain lease arrangements provide for cancellation by either party and also contain a clause for renewal of the lease agreement. Lease payments on cancellable and non-cancellable operating lease arrangements are charged to the revenue account and the profit and loss account over the lease term on a straight line basis. The future minimum lease payments in respect of non-cancellable operating leases as at the balance sheet date are summarised below:
(Rs. ${ }^{\text {'000 }}$

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Not later than one year | $\mathbf{8 0 8 , 6 4 7}$ | 571,149 |
| Later than one year but not later than five year | $\mathbf{1 , 3 6 5 , 1 3 2}$ | $1,580,872$ |
| Later than five year | $\mathbf{-}$ | $\mathbf{-}$ |

The total operating lease rentals charged to Revenue account in the current year is Rs. 990,879 thousand (Previous year: Rs. 587,168 thousand).

### 3.16 Details of related parties and transactions with related parties

Related parties and nature of relationship

| Nature of relationship | Name of the related party |

### 3.23 Employee Stock Option Scheme ("ESOS")

There are presently six ESOS schemes in force by name Founder I, Founder II, 2004-05, 2005-06, 2006-07 and 2007-08, salient features of which are as stated below:

|  | Founder 1 | 2004-05 | 2005-06 |  <br> Founder II | 2007-08 |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Date of allotment | March 28, 2005 | April 25, 2005 | April 26, 2006 | April 24, 2007 | April 25, 2008 |
| No. of options granted | 2,665,500 | 3,742,400 | 4,633,250 | $\begin{array}{r} 6,534,675 \\ (2006-07) \\ 470,000 \\ \text { (Founder II) } \end{array}$ | 6,074,000 |
| Graded Vesting Period 1st Year | $50 \%$ of options granted | $25 \%$ of options granted | $25 \%$ of options granted | $25 \%$ of options granted | $25 \%$ of options granted |
| 2nd Year | 25\% of options granted | 25\% of options granted | 25\% of options granted | 25\% of options granted | 25\% of options granted |
| 3rd Year | 25\% of options granted | 25\% of options granted | 25\% of options granted | 25\% of options granted | 25\% of options granted |
| 4th Year | - | 25\% of options granted | 25\% of options granted | 25\% of options granted | $25 \%$ of options granted |
| Maximum term of options granted | Later of the tenth anniversary of the date of grant of options or the fifth anniversary of the date of vesting of options |  |  |  |  |
| Mode of settlement | Equity |  |  |  |  |

Exercise price of options is subject to dilution formula and it depends on the capital base of the Company as at the date of exercise of the options. Exercise price of all the options outstanding as at March 31, 2007 for Founder I (2003-04) scheme, 2004-2005 scheme, 2005-06 scheme, 2006-07 scheme, Founder II and 2007-08 scheme is Rs. 30, Rs. 42, Rs. 70, Rs. 130, Rs. 130 and Rs. 400 respectively.
A summary of status of Company's Employee Stock Option Scheme in terms of options granted, forfeited and exercised is given below:

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Outstanding at the beginning of the year | $\mathbf{1 2 , 6 8 4 , 2 7 7}$ | $\mathbf{7 , 2 7 9 , 9 6 4}$ |
| Add: Granted during the year | $\mathbf{6 , 0 7 4 , 0 0 0}$ | $\mathbf{7 , 0 0 4 , 6 7 5}$ |
| Less: Forfeited/lapsed during the year | $\mathbf{1 , 0 0 5 , 6 9 5}$ | $1,464,563$ |
| Exercised during the year | $\mathbf{1 , 1 4 3 , 5 7 0}$ | 135,799 |
| Outstanding at the end of the year | $\mathbf{1 6 , 6 0 9 , 0 1 2}$ | $12,684,277$ |
| Exercisable at the end of the year | $\mathbf{2 , 9 2 0 , 1 3 8}$ | $2,030,765$ |

During the year, the Company has recognised a compensation cost of Rs. Nil (Previous year: Rs. Nil) as the intrinsic value of the options.
Had the Company followed the fair value method for valuing its options for the year, the charge to the Revenue and Profit \& Loss Account would have been higher by Rs. 359,034 thousand (Previous year: Rs. 135,282 thousand) and profit/loss) after tax would have been Rs. 8,156,030 thousand (Previous year: Rs. 14,085,910 thousand). Consequently Company's basic and diluted earnings per share would have been (Rs. 5.76) (Previous year: (Rs. 10.37)).
The weighted average price of options exercised during the year is Rs. 58.72 (Previous year: Rs. 58.05). The weighted average remaining contractual life of options outstanding at the end of the period is 7 years (Previous year: 7.8 years). The fair value of the options granted during the year was Rs. 400 as of the date of grant.
The Key assumptions used to estimate fair value of options are:

| Risk-free interest rate | $\mathbf{6 . 8 7 \% - \mathbf { 8 \% }}$ |
| :--- | ---: |
| Expected life | $\mathbf{3 - 5}$ Years |
| Expected Volatility | $\mathbf{2 8 . 6 5 \%}$ |
| Expected dividend yield | $\mathbf{1 . 5 0 \%}$ |

### 3.24 Foreign exchange gain/(loss):

The amount of foreign exchange gain (net) credited to Revenue and Profit \& Loss Account is Rs. 4,090 thousand (Previous year: Rs. 881 thousand foreign exchange loss).

### 3.25 Earnings per equity share:

(Rs. "000)

| Particulars |  | March 31, 2009 | March 31, 2008 |
| :---: | :---: | :---: | :---: |
| I | Net profit/(loss) as per profit and loss account available for equity shareholders for both basic and diluted earnings per equity share of Rs. 10 each | $(7,796,996)$ | $(13,950,627)$ |
| 11 | Weighted average number of equity shares for earnings per equity share |  |  |
|  | (a) For basic earnings per equity share | 1,417,180,106 | 1,357,687,296 |
|  | (b) For diluted earnings per equity share Number of equity shares for basic earnings per equity share as per (ii) (a) | 1,147,180,106 | 1,357,687,296 |
|  | Add: Weighted average outstanding employee stock options deemed to be issued for no consideration | Nil | Nil |
|  | Weighted number of equity shares for diluted earnings per equity share | 1,417,180,106 | 1,357,687,296 |
| III | Earnings per equity share |  |  |
|  | Basic (in Rupees) | (5.50) | (10.28) |
|  | Diluted (in Rupees) | (5.50) | (10.28) |

### 3.26 Funds for Future Appropriations ('FFA') - Linked

Pursuant to IRDA's notification dated March 29, 2006, the Appointed Actuary has determined an amount of Rs. 1,497,261 thousand (Previous year: Rs. 2,332,916 thousand) as release of actuarial reserves on policies which have lapsed earlier.
The cumulative balance of FFA as at March 31, 2009 of Rs. 5,590,611 thousand (Previous year Rs. 4,093,352 thousand) is not available for distribution to shareholders. Such amount is classified under Funds for Future appropriations - Linked, in the Balance Sheet.

### 3.27 The Micro, Small and Medium Enterprises Development Act, 2006

There are no dues payable to vendors covered by the Micro, Small and Medium Enterprises Development Act, 2006, as at March 31, 2009.

### 3.28 Additional disclosures on expenses

The additional disclosures on expenses pursuant to IRDA notification dated March 28, 2008 have been detailed herein below:
(Rs. "000)

| Particulars | March 31, 2009 | March 31, 2008 |
| :--- | ---: | ---: |
| Outsourcing expenses | $\mathbf{2 , 2 3 8 , 0 3 5}$ | $2,672,699$ |
| Business development expenses | $\mathbf{8 1 3 , 8 7 9}$ | $1,886,603$ |
| Market support expenses | $\mathbf{8 1 6 , 8 7 5}$ | $2,282,160$ |

### 3.29 Previous year comparatives

Previous year figures have been regrouped and reclassified wherever necessary, to conform to current year presentation.

## ICICI PRUDENTIAL LIFE INSURANCE COMPANY LIMITED NEW BUSINESS PROFIT - FY 2008-09

## Introduction

Life insurance policies when sold usually result in an accounting loss in the first policy year. This is called strain and it arises largely due to the high acquisition costs associated with selling insurance and the prudential margin in the reserving basis. Measuring sales performance using statutory profit/loss figures then becomes contradictory as higher sales result in bigger losses. This also does not take into account the actual value created by the sale, which will accrue to the Company over the life of the policy. To overcome these issues, a measure like NBP is used to measure sales performance and value created by new business sales.

## Definition

NBP is a metric for the economic value of the new business written during a defined period. It is measured as the present value of the future profits for the shareholders on account of new business sales, based on a given set of assumptions. Actual experience could differ from these assumptions especially in respect of expense over runs in the initial years.

The NBP has been calculated net of tax after providing for the cost of capital that would be required to support the business. The cost of capital is taken as the difference between the nominal value for the solvency capital and the present value, at the discount rate, of future release of the capital together with the investment earning on the solvency capital.

## Basis of Preparation

NBP incorporates best estimate assumptions of future rates of investment returns, policy discontinuances, mortality, expenses, inflation, taxation, bonus rates and liability valuation bases.

## Economic Assumptions

We have left the long term economic assumptions unchanged from last year. The economic assumptions used for calculation of NBP are as follows:

| Particulars | FY2008-09 | FY2007-08 |
| :--- | ---: | ---: |
| Inflation | $\mathbf{5 . 5 0 \%}$ | $5.50 \%$ |
| Investment returns by asset class |  |  |
| $-\quad$ Cash | $\mathbf{6 . 5 0 \%}$ | $\mathbf{7 . 9 0 \%}$ |
| $-\quad$ Medium term G. Sec. | $\mathbf{8 . 4 0 \%}$ | $\mathbf{7 . 9 0 \%}$ |
| $-\quad$ Long term G. Sec. | $\mathbf{8 . 8 5 \%}$ | $8.40 \%$ |
| $-\quad$ Corporate Bonds | $\mathbf{1 3 . 2 5 \%}$ | $8.85 \%$ |
| $-\quad$ Equity | $\mathbf{1 3 . 2 5 \%}$ | $13.25 \%$ |
| Risk Discount Rate |  | $13.25 \%$ |

Taxation at the current rate of $12.5 \%$ (plus $10 \%$ surcharge $+3 \%$ education cess) is assumed to apply to Life and Health business throughout the projection period. The earning rate for each product category would depend on the asset mix of the funds relating to the product.

## Results

## (Rs. in mn)

| Particulars | FY2008-09 | FY2007-08 |
| :--- | ---: | ---: |
| NBP | $\mathbf{1 0 , 1 2 0}$ | 12,539 |

## Sensitivity

The sensitivity of the NBP to the economic assumptions is given below:
(Rs. mn)

| Particulars | Base Case | $\mathbf{+ 1 \%}$ | $\mathbf{- 1 \%}$ |
| :--- | ---: | ---: | ---: |
| Investment income | 10,120 | 10,682 | 9,582 |
| Risk Discount Rate | 10,120 | 9,180 | 11,099 |

This year, in view of the gap between market rates and our assumptions, we also disclose in the table below the effect of changing economic assumptions to reflect observed market rates. We construct two scenarios:

A, wherein bond yields reflect market rates but the risk discount rate is unchanged, so, implicitly, the equity risk premium is increased, and
$B$, wherein bond yields are reduced as in $A$, and so is the risk discount rate.

| Particulars | Scenario A | Scenario B |
| :--- | ---: | ---: |
| Inflation | $5.00 \%$ | $5.00 \%$ |
| Investment returns by asset class |  |  |
| $-\quad$ Cash | $5.50 \%$ | $5.50 \%$ |
| $-\quad$ Medium term G. Sec | $6.75 \%$ | $6.75 \%$ |
| $-\quad$ Long term G. Sec | $7.75 \%$ | $7.75 \%$ |
| $-\quad$ Corporate Bonds | $8.25 \%$ | $8.25 \%$ |
| $-\quad$ Equity | $13.25 \%$ | $12.10 \%$ |
| Risk Discount Rate | $13.25 \%$ | $12.10 \%$ |

## Sensitivity

The sensitivity of the NBP to the economic assumptions is given below:
(Rs. in mn)

| Particulars | NB Profits |
| :--- | ---: |
| Base Case | 10,120 |
| Scenario A | 9,869 |
| Scenario B | 10,595 |
