I. Background

The Companies Act, 2013 ('Companies Act' or 'the Act') has introduced sections 177, 184 and 188, which contain provisions regarding related party transactions. These sections, along with the relevant Rules framed under the Companies Act, have introduced certain compliance and approval requirements regarding the related party transactions. Further, Regulation 23 of Securities and Exchanges Board of India (Listing Obligations and Disclosure Requirements) Regulations 2015 (Regulation) has also introduced certain approval requirements regarding the related party transactions. Regulation 23 requires the listed companies to formulate a policy on dealing with related party transactions. Such a policy is also mandated by the Guidelines on Corporate Governance, 2016 as released by the Insurance Regulatory and Development Authority of India.

Accordingly, the Board of Directors (the Board) of ICICI Prudential Life Insurance Company Limited (the Company) has adopted the following policy with regard to related party transactions.

II. Definitions

"Arm's length basis"

In terms of the Companies Act, the expression 'arm's length transaction means a transaction between two related parties that is conducted as if they were unrelated, so that there is no conflict of interest.

A transaction with a related party will be considered to be on arm's length basis if the key terms, including pricing of the transaction, taken as a whole, are comparable with those of similar transactions if they would have been undertaken with unrelated parties.

It may be noted that this policy framework, including the definitions above, is meant solely for the purposes of compliance with related party transaction requirements under Companies Act, 2013 and Regulation 23. The above terms may have different connotations for other purposes like disclosures in the financial statements, which are governed by applicable regulations, accounting standards, regulatory guidelines etc.

"Material related party transaction" as per Regulation 23 means a transaction with a related party if the transaction/transactions to be entered into individually or taken together with previous transactions during a financial year, exceeds ₹ 10.00 billion or 10% of the annual consolidated turnover of the listed entity as per the last audited financial statements of the listed entity, whichever is lower.

Transaction(s) involving payments made to a related party with respect to brand usage or royalty shall be considered material if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceed 5% of the annual consolidated turnover of the listed entity as per the last audited financial statements of the listed entity.

“Material modification”, subsequent to entering into a contract or arrangement for a related party transaction, will mean a change in the basis of pricing of the contract by which the overall pricing or rates under a contract changes by more than 20%. Provided that the aggregate value of the transactions under the contract during the previous financial year or current financial year till the date of modification was more than ₹ 1.00 billion. Provided further, a contract or arrangement where same pricing or rates are offered uniformly to similar class of customers/service providers will be exempt from the scope of material modification.

“Turnover” has been defined as the aggregate value of the realization of amount made from sale, supply or distribution of goods or on account of services rendered, or both, by the Company during a financial year. Accordingly, for the Company, the ‘turnover’ will be considered as the ‘Total Income’, i.e. premium income + other income.

“Related party” has been defined in the Companies Act, 2013, in Accounting Standard 18 (‘AS 18’) and in SEBI (LODR) Regulations, 2015 as amended. Definitions as per the respective regulations are given below; for the purposes of this policy, definitions as amended from time to time, shall be considered.

a. Under the Companies Act, 2013:

As per section 2 (76) of the Act, ‘related party’ with reference to a company means:

 1. They are members of a Hindu Undivided Family (HUF); or
 2. They are husband and wife; or
 3. One person is related to the other as father (including step-father), mother (including step-mother), son (including step-son), son’s wife, daughter, daughter’s husband, brother (including step-brother), sister (including step-sister)

 3. The Whole-time Director;
 4. The Chief Financial Officer;
 5. Such other officer, not more than one level below the directors who is in whole-time employment, designated as KMP by the Board; and

In terms of section 2(53) of the Act, ‘manager’ means an individual who, subject to the superintendence, control and direction of the Board of Directors, has the management of the whole, or substantially the whole, of the affairs of a company, and includes a director or any other person occupying the position of a manager, by whatever name called, whether under a contract of service or not

In clauses (vi) and (vii) above, there is a criterion of ‘accustomed to act’ for identification of related parties. While Act does not contain a guidance on this criterion, the following general propositions would be considered:

- A general conduct indicating that one is in the habit of carrying out the instructions or directions of the third person concerned, which may involve non-exercise of own discretion or judgment by the concerned person (or Board of Directors) and acting in accordance with the directions or instructions of the third person

Further, different types of transactions may require other methods of assessing arm's length principle.
