The new

SUPER PROTECTOR
LIFE PLAN

Payout to you in case of 34 major illnesses like Heart Attack, Cancer, Kidney Failure, etc. (optional*)

Payout for your family in your absence

A Non-Linked Non-participating Term insurance Plan

*The critical illness benefit is an accelerated benefit and the death benefit will be reduced by the critical illness cover paid to the policyholder. This is available only under Life & Health and All in One Options.
You strive to provide comfort, happiness, and security to your family and you would want your family’s future to be secure at all times.

ICICI Pru iProtect Smart gives you the flexibility to design your safety net so that you can protect your family’s future to ensure that they lead their lives comfortably without any financial worries, even in your absence. This plan offers you the option to enhance your coverage against Accidental Death and Accelerated Critical Illnesses and hence ensuring a 360 degree cover on your life.

Key features

- **Enhanced protection**: Coverage against death, terminal illness and disability

- **Comprehensive additional benefits**: Option to choose Accidental Death Benefit and Accelerated Critical Illness Benefit

- **Special premium rates** for non-tobacco users

- **Need based benefit payout**: Choose to receive the benefit amount as a lump sum or as monthly income for 10 years or a combination of both

- **Flexibility** to pay premiums once, for a limited period or throughout the policy term

- **Tax benefits**: on premiums paid and benefits received as per the prevailing tax laws

Key benefits for women

- Special premium rates for life cover and Accelerated Critical Illness Benefit

- Covers female organ cancers such as breast cancer and cervical cancer under Accelerated Critical Illness Benefit
How does this plan protect you

You can choose your level of protection by selecting one of the below benefit options:

<table>
<thead>
<tr>
<th>Benefit Option</th>
<th>Benefits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Life</td>
<td>Death Benefit + Terminal Illness + Waiver of Premium on permanent disability</td>
</tr>
<tr>
<td>Life Plus</td>
<td>Death Benefit + Terminal Illness + Waiver of Premium on permanent disability  + Accidental Death Benefit</td>
</tr>
<tr>
<td>Life &amp; Health</td>
<td>Death Benefit + Terminal Illness + Waiver of Premium on permanent disability  + Accelerated Critical Illness Benefit</td>
</tr>
<tr>
<td>All in One</td>
<td>Death Benefit + Terminal Illness + Waiver of Premium on permanent disability  + Accidental Death Benefit + Accelerated Critical Illness Benefit</td>
</tr>
</tbody>
</table>

Your premium will vary depending on the benefit option chosen.

<td>21,505</td>
</tr>
</tbody>
</table>

Above premiums are applicable for a healthy male life with annual mode of payment and premiums paid regularly for the policy term of 20 years with lumpsum payout option with Life Cover: 40 lakh, Accidental Death Benefit: 40 lakh, Accelerated Critical Illness Benefit: 40 lakh as applicable under the benefit option. Goods and Services tax and/or applicable cesses (if any) as per applicable rates will be charged extra.

If not chosen at inception of the policy, You can choose to enhance your coverage by adding Accidental Death Benefit during the policy term, except in the last 5 years of the policy. Deletion of benefits is not allowed. This feature is available only with Regular Pay option.

Accelerated Critical Illness Benefit has to be chosen at Policy inception. It cannot be added to your Policy during the Policy term.
Benefits in detail

**Life Option**

1. We will pay the Death Benefit (DB) to your nominee/legal heir, on the first occurrence of either
   - Death of the Life Assured, or
   - Diagnosis of Terminal Illness
   The policy will terminate on payment of this benefit. Death Benefit is the Sum Assured chosen by you.

2. On diagnosis of Permanent Disability (PD) due to an accident, the future premiums under your policy for all benefits are waived. We understand that paying future premiums to continue your life cover may be a burden in case of a disability. That is why this feature ensures that you do not need to pay your future premiums to continue your protection.

**Life Plus Option**

In addition to the benefits under the Life Option, you are also covered for Accidental Death (AD) Benefit. In case of death due to an accident within Accidental Death Benefit term, we will pay your nominee/legal heir AD Benefit as lump sum. This benefit ensures that you enhance your coverage significantly at very affordable rates. The policy will terminate on payment of these benefits.

In case no AD Benefit is triggered within the AD Benefit term, then AD Benefit will terminate and premiums corresponding to it will not be payable. However You would be required to pay premiums for all other Benefits to keep the policy in force.

**Life & Health Option**

In this option, along with the benefits under the Life Option, you are also covered for the Accelerated Critical Illness Benefit (ACI Benefit). The ACI Benefit offers you coverage against 34 critical illnesses. When a major illness strikes, it can place a huge burden on your family, not only because of the cost of medical care but also because you may not be able to work. To protect you against this, we will pay you the ACI Benefit, as a lump sum to meet your financial needs. The benefit is payable irrespective of the actual expenses incurred by the policyholder.

This benefit is payable, on first occurrence of any of the covered 34 illnesses. The ACI Benefit is accelerated and not an additional benefit which means, the policy will continue with the Death Benefit reduced by the extent of the ACI Benefit paid. Premium payment on account of ACI Benefit will cease after payout of ACI Benefit and the future premiums payable under the policy for death benefit will reduce proportionately. If ACI Benefit paid is equal to the Death Benefit, the policy will terminate on payment of the ACI Benefit. In case of incidences covered under accidental Permanent Disability as well as Critical Illness, benefits shall be paid out under both the options.

In case no ACI Benefit is triggered within the ACI Benefit term, then ACI Benefit will terminate and premiums corresponding to it will not be payable. However You would be required to pay premiums for all other Benefits to keep the policy in force.
In this option, along with the benefits under Life Option, you are covered for both Accidental Death Benefit and Accelerated Critical Illness Benefit.

*The ACI Benefit for Angioplasty is subject to a maximum of ₹ 5,00,000. On payment of Angioplasty, if the ACI Benefit is more than ₹ 5,00,000 the policy will continue for other CIs with ACI Benefit reduced by Angioplasty payout. The future premiums payable for the residual ACI Benefit will reduce proportionately.*

Please read the definitions and exclusions mentioned in the Terms & Conditions.
ICICI Pru iProtect Smart provides the flexibility to take the Death Benefit in a way that meets your financial requirement. The Death Benefit payout option has to be selected by you at Policy inception. The Death Benefit can be paid to your beneficiary as:

1. **Lump sum**: the entire benefit amount is payable as a lump sum
2. **Income**: 10% of the benefit amount is payable every year for 10 years. This will be paid in equal monthly installments in advance at the rate of 0.83333% of Death Benefit Amount. The beneficiary can also advance the first year’s income as lump sum. The monthly income will start from the subsequent month for 9 years at the rate of 0.80% of the Death Benefit Amount.
3. **Lump sum and Income**: The percentage of the Sum Assured to be paid out as lump sum is chosen at inception. The balance Sum Assured will be paid out in equal monthly installments in advance at the rate of 0.83333% per month over 10 years.
4. **Increasing Income**: The benefit amount is payable in monthly installments for 10 years starting with 10% of the benefit amount per annum in the first year. The income amount will increase by 10% per annum simple interest every year thereafter.

At any time, your beneficiary will have the option to convert all or some of his monthly income into a lump sum. The lump sum amount will be the present value of calculated at a discount rate of 4% p.a.

The premium for your policy will vary based on the Death Benefit payout option chosen.

### Life stage protection

Responsibilities change with time and your protection cover should match those responsibilities. ICICI Pru iProtect Smart offers the flexibility to increase the level of protection at key life stages of marriage and child birth, without any medicals as below.

<table>
<thead>
<tr>
<th>Event</th>

**Accelerated Critical Illness (ACI) Benefit**

Minimum: ₹ 1,00,000  
Maximum: As per the Board Approved Underwriting Policy.  
ACI Benefit is not available for Single Pay policies  
ACI Benefit term would be equal to policy term or 30 years or (75-Age at entry), whichever is lower

**Minimum Sum Assured**

Subject to the minimum premium

**Maximum Sum Assured**

Unlimited

**Mode of Premium Payment**

Single, Yearly, Half-yearly and Monthly

*Max age at maturity for single pay is 75 years
Safeguard your Family’s future in 3 steps

1. Decide the amount of protection you need
2. Enhance your policy by selecting from the additional benefits
3. Choose your policy term and premium payment term

Illustrations

Priya is a 32 years old marketing consultant. She has availed a loan for buying a house. Realising the need for protection in her fast-paced life, Priya wants to be well prepared for unforseen circumstances in life. ICICI Pru iProtect Smart provides the perfect solution for her needs.

Priya takes ICICI Pru iProtect Smart with a base cover of ₹ 1 Crore and a CI Benefit of ₹ 25 lakh for 30 years. She regularly pays an annual premium of ₹ 14,779.

Priya is diagnosed with Critical Illness. ₹ 25 lakh is paid as a lump sum and the Policy continues with reduced Sum Assured of ₹ 75 lakh. The subsequent premiums are proportionately reduced to ₹ 6,515 p.a.

On Priya's unfortunate death, her nominee gets lump sum death benefit of ₹ 75 lakh and the Policy terminates.

Anil is a 35 years old project manager in an IT company. Anil wants to ensure that his wife, three year old son and retired father live a comfortable life in case of his untimely death. He chooses ICICI Pru iProtect Smart with a Death Benefit of ₹ 1.5 crore with an Income option which will ensure an adequate monthly income for his family.

Anil takes ICICI Pru iProtect Smart for a base cover of ₹ 1.5 Crore for 40 years. He regularly pays an annual premium of ₹ 18,093.

After Anil's death his policy ensures a monthly income of ₹ 1,25,000 for 10 years to his family.
Maturity or paid-up or survival benefit

There is no maturity, paid-up value or survival benefit available under this product.

Surrender

Surrender value is applicable only for Single Pay policies. if any

Surrender Value = (Single Premium* Surrender value factor/100)

Terms & Conditions

1 Free look period

If you are not satisfied with the policy, you may cancel it by returning the policy document to the Company within:

- 15 days from the date it is received
- 30 days from the date it is received, in case of electronic policies or policies sourced through Distance Marketing. Distance Marketing means every activity of solicitation (including lead generation) and sale of insurance products through the following modes: (i) voice mode, which includes telephone-calling (ii) short messaging service (SMS) (iii) electronic mode which includes e-mail, internet and interactive television (DTH) (iv) physical mode which includes direct postal mail and newspaper and magazine inserts and (v) solicitation through any means of communication other than in person.

On cancellation of the policy during the free look period, we will return the premium paid subject to the deduction of:

a. Proportionate risk premium for the period of cover,

b. Stamp duty paid under the policy,

c. Expenses borne by the Company on medical examination, if any

The policy shall terminate on payment of this amount and all rights, benefits and interests under this policy will stand extinguished.

2 Life stage protection

The policy has to be in force at the time of availing this feature. This feature needs to be exercised within 6 months from the date of the event and only if no claim for any benefit under the policy has been admitted. This feature is available to the Life Assured underwritten as a standard life at the time of inception of the policy. The insured life has to be less than 50 years of age at the time of opting for this feature. This feature is available for Regular Pay policies only. Such increase in sum assured is only applicable to base death benefit. The ACI Sum Assured and ADB Sum Assured will remain unchanged.

3 Terminal Illness

A Life Assured shall be regarded as Terminally Ill only if that Life Assured is diagnosed as suffering from a condition which, in the opinion of two independent medical practitioners’ specializing in treatment of such illness, is highly likely to lead to death within 6 months. The terminal illness must be diagnosed and confirmed by medical practitioners’ registered with the Indian Medical Association and approved by the Company. The Company reserves the right for independent assessment.

A Medical Practitioner is a person who holds a valid registration from the Medical Council of any State or Medical Council of India or Council for Indian Medicine or for Homeopathy set up by the Government of India or a State Government and is thereby entitled to practice medicine within its jurisdiction; and is acting within the scope and jurisdiction of license. The Medical Practitioner should neither be the insured person(s) himself nor related to the insured person(s) by blood or marriage.

4 Permanent Disability (PD) due to accident

On occurrence of PD due to accident, while the policy is in force, all future premiums for all benefits under the policy are waived. PD will be triggered if the Life Assured is unable to perform 3 out of the 6 following Activities of Daily Work:

- Mobility: The ability to walk a distance of 200 meters on flat ground.
- Bending: The ability to bend or kneel to touch the floor and straighten up again and the ability to get into a standard saloon car, and out again.
• Climbing: The ability to climb up a flight of 12 stairs and down again, using the handrail if needed.
• Lifting: The ability to pick up an object weighing 2kg at table height and hold for 60 seconds before replacing the object on the table.
• Writing: The manual dexterity to write legibly using a pen or pencil, or type using a desktop personal computer keyboard.
• Blindness – permanent and irreversible - Permanent and irreversible loss of sight to the extent that even when tested with the use of visual aids, vision is measured at 3/60 or worse in the better eye using a Snellen eye chart.

For the purpose of PD, the following conditions shall apply:
1. The disability should have lasted for at least 180 days without interruption from the date of disability and must be deemed permanent by a Company empanelled medical practitioner.
2. PD due to accident should not be caused by the following:
   • Attempted suicide or self-inflicted injuries while sane or insane, or whilst the Life Assured is under the influence of any narcotic substance or drug or intoxicating liquor except under the direction of a medical practitioner; or
   • Engaging in aerial flights (including parachuting and skydiving) other than as a fare paying passenger or crew on a licensed passenger-carrying commercial aircraft operating on a regular scheduled route; or
   • The Life Assured with criminal intent, committing any breach of law; or
   • Due to war, whether declared or not or civil commotion; or
   • Engaging in hazardous sports or pastimes, e.g. taking part in (or practicing for) boxing, caving, climbing, horse racing, jet skiing, martial arts, mountaineering, off piste skiing, pot holing, power boat racing, underwater diving, yacht racing or any race, trial or timed motor sport.
3. PD due to accident must be caused by violent, external and visible means.
4. The accident shall result in bodily injury or injuries to the Life Assured independently of any other means. Such injury or injuries shall, within 180 days of the occurrence of the accident, directly and independently of any other means cause the PD of the Life Assured. In the event of PD of the Life Assured after 180 days of the occurrence of the accident, the Company shall not be liable to pay this benefit.
5. The policy must be in-force at the time of accident.
6. The Company shall not be liable to pay this benefit in case PD of the Life Assured occurs after the date of termination of the policy.

Accidental Death Benefit

For the purpose of Accidental Death Benefit payable on accident the following conditions shall apply:

a. Death due to accident should not be caused by the following:
   • Attempted suicide or self-inflicted injuries while sane or insane, or whilst the Life Assured is under the influence of any narcotic substance or drug or intoxicating liquor except under the direction of a medical practitioner; or
   • Engaging in aerial flights (including parachuting and skydiving) other than as a fare paying passenger or crew on a licensed passenger-carrying commercial aircraft operating on a regular scheduled route; or
   • The Life Assured with criminal intent, committing any breach of law; or
   • Due to war, whether declared or not or civil commotion; or
   • Engaging in hazardous sports or pastimes, e.g. taking part in (or practicing for) boxing, caving, climbing, horse racing, jet skiing, martial arts, mountaineering, off piste skiing, pot holing, power boat racing, underwater diving, yacht racing or any race, trial or timed motor sport.

b. Death due to accident must be caused by violent, external and visible means.
c. The accident shall result in bodily injury or injuries to the Life Assured independently of any other means. Such injury or injuries shall, within 180 days of the occurrence of the accident, directly and independently of any other means cause the death of the Life Assured. In the event of the death of the Life Assured after 180 days of the occurrence of the accident, the Company shall not be liable to pay this benefit.
d. The policy must be in-force at the time of accident.
e. The Company shall not be liable to pay this benefit in case the death of the Life Assured occurs after the accidental benefit term.

Critical Illnesses definitions and exclusions

1. Cancer of Specified Severity:
   A malignant tumor characterized by the uncontrolled growth and spread of malignant cells with invasion and destruction of normal tissues. This diagnosis must be supported by histological evidence of malignancy. The term cancer includes leukemia, lymphoma and sarcoma.
   The following are excluded –
   1. All tumors which are histologically described as carcinoma in situ, benign, pre-malignant, borderline malignant, low malignant potential, neoplasm of unknown behavior, or non-invasive, including but not limited to: Carcinoma in situ of breasts, Cervical dysplasia CIN-1, CIN-2 and CIN-3.
   2. Any non-melanoma skin carcinoma unless there is evidence of metastases to lymph nodes or beyond;
   3. Malignant melanoma that has not caused invasion beyond the epidermis;
   4. All tumors of the prostate unless histologically classified as having a Gleason score greater than 6 or having progressed to at least clinical TNM classification T2NOM0
   5. All Thyroid cancers histologically classified as T1NOM0 (TNM Classification) or below;
   6. Chronic lymphocytic leukaemia less than RAI stage 3
   7. Non-invasive papillary cancer of the bladder histologically described as TaNOM0 or of a lesser classification,
   8. All Gastro-Intestinal Stromal Tumors histologically classified as T1NOM0 (TNM Classification) or below and with mitotic count of less than or equal to 5/50 HPFs;
   9. All tumors in the presence of HIV infection.

2. Open Chest CABG:
   The actual undergoing of heart surgery to correct blockage or narrowing in one or more coronary artery(s), by coronary artery bypass grafting done via a sternotomy (cutting through the breast bone) or minimally invasive keyhole coronary artery bypass procedures. The diagnosis must be supported by a coronary angiography and the realization of surgery has to be confirmed by a cardiologist.
Excluded are:
1. Angioplasty and/or any other intra-arterial procedures

3. **Myocardial Infarction (First Heart Attack of Specified Severity):**
The first occurrence of heart attack or myocardial infarction, which means the death of a portion of the heart muscle as a result of inadequate blood supply to the relevant area. The diagnosis for Myocardial Infarction should be evidenced by all of the following criteria:
1. A history of typical clinical symptoms consistent with the diagnosis of acute myocardial infarction (e.g., typical chest pain)
2. New characteristic electrocardiogram changes
3. Elevation of infarction specific enzymes, Troponins or other specific biochemical markers.
The following are excluded:
1. Other acute Coronary Syndromes
2. Any type of angina pectoris
3. A rise in cardiac biomarkers or Troponin T or I in absence of overt ischemic heart disease OR following an intra-arterial cardiac procedure.

4. **Heart Valve Surgery (Open Heart Replacement or Repair of Heart Valves):**
The actual undergoing of open-heart valve surgery is to replace or repair one or more heart valves, as a consequence of defects in, abnormalities of, or disease-affected cardiac valve(s). The diagnosis of the valve abnormality must be supported by an echocardiography and the realization of surgery has to be confirmed by a specialist medical practitioner. Catheter based techniques including but not limited to, balloon valvotomy/valvuloplasty are excluded.

5. **Surgery to aorta**
The actual undergoing of major surgery to repair or correct an aneurysm, narrowing, obstruction or dissection of the aorta through surgical opening of the chest or abdomen. For the purpose of this definition, aorta shall mean the thoracic and abdominal aorta but not its branches.

6. **Cardiomyopathy**
An impaired function of the heart muscle, unequivocally diagnosed as Cardiomyopathy by a Registered Medical Practitioner who is a cardiologist, and which results in permanent physical impairment to the degree of New York Heart Association classification Class III or Class IV, or its equivalent, based on the following classification criteria:
Class III - Marked functional limitation. Affected patients are comfortable at rest but performing activities involving less than ordinary exertion will lead to symptoms of congestive cardiac failure.
Class IV - Inability to carry out any activity without discomfort. Symptoms of congestive cardiac failure are present even at rest. With any increase in physical activity, discomfort will be experienced. The Diagnosis of Cardiomyopathy has to be supported by echographic findings of compromised ventricular performance. Irrespective of the above, Cardiomyopathy directly related to alcohol or drug abuse is excluded.

7. **Primary (Idiopathic) Pulmonary Hypertension**
An unequivocal diagnosis of Primary (Idiopathic) Pulmonary Hypertension by a Cardiologist or specialist in respiratory medicine with evidence of right ventricular enlargement and the pulmonary artery pressure above 30 mm of Hg on Cardiac Cauterization. There must be permanent irreversible physical impairment to the degree of at least Class IV of the New York Heart Association Classification of cardiac impairment.
The NYHA Classification of Cardiac Impairment are as follows:

- a. Class III: Marked limitation of physical activity. Comfortable at rest, but less than ordinary activity causes symptoms.
- b. Class IV: Unable to engage in any physical activity without discomfort. Symptoms may be present even at rest.
Pulmonary hypertension associated with lung disease, chronic hypoventilation, pulmonary thromboembolic disease, drugs and toxins, diseases of the left side of the heart, congenital heart disease and any secondary cause are specifically excluded.

8. **Angioplasty**
Coronary Angioplasty is defined as percutaneous coronary intervention by way of balloon angioplasty with or without stenting for treatment of the narrowing or blockage of minimum 50% of one or more major coronary arteries. The intervention must be determined to be medically necessary by a cardiologist and supported by a coronary angiogram (CAG).
Coronary arteries herein refer to left main stem, left anterior descending, circumflex and right coronary artery.
Diagnostic angiography or investigation procedures without angioplasty/stent insertion are excluded.

9. **Blindness**
Total, permanent and irreversible loss of all vision in both eyes as a result of illness or accident.
The Blindness is evidenced by:
- a. corrected visual acuity being 3/60 or less in both eyes or;
- b. the field of vision being less than 10 degrees in both eyes.
The diagnosis of blindness must be confirmed and must not be correctable by aids or surgical procedure.

10. **End stage Lung Failure (Chronic Lung Disease):**
End stage lung disease, causing chronic respiratory failure, as confirmed and evidenced by all of the following:
1. FEV1 test results consistently less than 1 litre measured on 3 occasions 3 months apart; and
2. Requiring continuous permanent supplementary oxygen therapy for hypoxemia; and
3. Arterial blood gas analysis with partial oxygen pressure of 55mmHg or less (PaO2 < 55mmHg); and
4. Dyspnea at rest.

11. **End stage Liver Failure (Chronic Liver Disease):**
Permanent and irreversible failure of liver function that has resulted in all three of the following:
1. Permanent jaundice; and
2. Ascites; and
3. Hepatic encephalopathy.
Liver failure secondary to drug or alcohol abuse is excluded.

12. **Kidney Failure Requiring Regular Dialysis:**
End stage renal disease presenting as chronic irreversible failure of both kidneys to function, as a result of which either regular renal dialysis (hemodialysis or peritoneal dialysis) is instituted or renal transplantation is carried out. Diagnosis has to be confirmed by a specialist medical practitioner.

13. **Major Organ / Bone Marrow Transplant**
I. The actual undergoing of a transplant of:
   i. One of the following human organs: heart, lung, liver, kidney, pancreas,
that resulted from irreversible end-stage failure of the relevant organ, or
ii. Human bone marrow using haematopoietic stem cells. The undergoing of a transplant has to be confirmed by a specialist medical practitioner.

14. Apallic Syndrome:
Universal necrosis of the brain cortex, with the brain stem intact. Diagnosis must be definitely confirmed by a Registered Medical practitioner who is also a neurologist holding such an appointment at an approved hospital. This condition must be documented for at least one (1) month.
The definition of approved hospital will be in line with Guidelines on Standardization in Health Insurance. and as defined below:
A hospital means any institution established for in-patient care and day care treatment of illness and/or injuries and which has been registered as a hospital with the local authorities under Clinical Establishments (Registration and Regulation) Act 2010 or under enactments specified under the Schedule of Section 56(1) and the said act Or complies with all minimum criteria as under:
   i  has qualified nursing staff under its employment round the clock;
   ii has at least 10 in-patient beds in towns having a population of less than 10,000,000 and at least 15 in-patient beds in all other places;
   iii has qualified medical practitioner(s) in charge round the clock;
   iv has a fully equipped operation theatre of its own where surgical procedures are carried out;
   v maintains daily records of patients and make these accessible to the insurance company’s authorized personnel.

15. Benign Brain Tumour:
Benign brain tumor is defined as a life threatening, non-cancerous tumor in the brain, cranial nerves or meanings within the skull. The presence of the underlying tumor must be confirmed by imaging studies such as CT scan or MRI. This brain tumor must result in at least one of the following and must be confirmed by the relevant medical specialist.
1. Permanent Neurological deficit with persisting clinical symptoms for a continuous period of at least 90 consecutive days or
2. Undergone surgical resection or radiation therapy to treat the brain tumor.
The following conditions are excluded:
Cysts, Granulomas, malformations in the arteries or veins of the brain, hematomas, abscesses, pituitary tumors, tumors of skull bones and tumors of the spinal cord.

16. Brain Surgery
The actual undergoing of surgery to the brain, under general anaesthesia, during which a Craniotomy is performed. Burr hole and brain surgery as a result of an accident is excluded. The procedure must be considered necessary by a qualified specialist and the benefit shall only be payable once corrective surgery has been carried out.

17. Coma of Specified Severity:
A state of unconsciousness with no reaction or response to external stimuli or internal needs. This diagnosis must be supported by evidence of all of the following:
• no response to external stimuli continuously for at least 96 hours;
• life support measures are necessary to sustain life; and
• permanent neurological deficit which must be assessed at least 30 days after the onset of the coma

The condition has to be confirmed by a specialist medical practitioner. Coma resulting directly from alcohol or drug abuse is excluded.

18. Major Head Trauma
Accidental head injury resulting in permanent Neurological deficit to be assessed no sooner than 3 months from the date of the accident. This diagnosis must be supported by unequivocal findings on Magnetic Resonance Imaging, Computerized Tomography, or other reliable imaging techniques. The accident must be caused solely and directly by accidental, violent, external and visible means and independently of all other causes.
The Accidental Head injury must result in an inability to perform at least three (3) of the following Activities of Daily Living either with or without the use of mechanical equipment, special devices or other aids and adaptations in use for disabled persons. For the purpose of this benefit, the word “permanent” shall mean beyond the scope of recovery with current medical knowledge and technology.
The Activities of Daily Living are:
1. Washing: the ability to wash in the bath or shower (including getting into and out of the bath or shower) or wash satisfactorily by other means;
2. Dressing: the ability to put on, take off, secure and unfasten all garments and, as appropriate, any braces, artificial limbs or other surgical appliances;
3. Transferring: the ability to move from a bed to an upright chair or wheelchair and vice versa;
4. Mobility: the ability to move indoors from room to room on level surfaces;
5. Toileting: the ability to use the lavatory or otherwise manage bowel and bladder functions so as to maintain a satisfactory level of personal hygiene;
6. Feeding: the ability to feed oneself once food has been prepared and made available.
The following are excluded:
1. Spinal cord injury;

19. Permanent Paralysis of limbs
Total and irreversible loss of use of two or more limbs as a result of injury or disease of the brain or spinal cord. A specialist medical practitioner must be of the opinion that the paralysis will be permanent with no hope of recovery and must be present for more than 3 months.

20. Stroke resulting in Permanent Symptoms
Any cerebrovascular incident producing permanent neurological sequelae. This includes infarction of brain tissue, thrombosis in an intracranial vessel, haemorrhage and embolisation from an extra cranial source. Diagnosis has to be confirmed by a specialist medical practitioner and evidenced by typical clinical symptoms as well as typical findings in CT Scan or MRI of the brain. Evidence of permanent neurological deficit lasting for at least 3 months has to be produced.
The following are excluded:
• Transient ischemic attacks (TIA)
• Traumatic injury of the brain
• Vascular disease affecting only the eye or optic nerve or vestibular functions.

21. Alzheimer's Disease
Deterioration or loss of intellectual capacity as confirmed by clinical evaluation and imaging tests, arising from Alzheimer's Disease or irreversible organic disorders, resulting in significant reduction in mental and social functioning requiring the continuous supervision of the Life Assured. This diagnosis must be supported by the clinical confirmation of an appropriate Registered Medical practitioner who is also a neurologist supported by the Company’s appointed doctor.
22. Motor Neurone Disease with permanent symptoms
Motor neurone disease diagnosed by a specialist medical practitioner as spinal muscular atrophy, progressive bulbar palsy, amyotrophic lateral sclerosis or primary lateral sclerosis. There must be progressive degeneration of corticospinal tracts and anterior horn cells or bulbar efferent neurons. There must be current significant and permanent functional neurological impairment with objective evidence of motor dysfunction that has persisted for a continuous period of at least 3 months.

23. Multiple Sclerosis with persisting symptoms
The unequivocal diagnosis of Definite Multiple Sclerosis confirmed and evidenced by all of the following:
1. investigations including typical MRI findings which unequivocally confirm the diagnosis to be multiple sclerosis and
2. there must be current clinical impairment of motor or sensory function, which must have persisted for a continuous period of at least 6 months.

Other causes of neurological damage such as SLE and HIV are excluded.

24. Muscular Dystrophy
Diagnosis of muscular dystrophy by a Registered Medical Practitioner who is a neurologist based on three (3) out of four (4) of the following conditions:
(a) Family history of other affected individuals;
(b) Clinical presentation including absence of sensory disturbance, normal cerebro-spinal fluid and mild tendon reflex reduction;
(c) Characteristic electromyogram; or
(d) Clinical suspicion confirmed by muscle biopsy,
The condition must result in the inability of the Life Assured to perform (whether aided or unaided) at least three (3) of the six (6) ‘Activities of Daily Living’ as defined, for a continuous period of at least six (6) months.

25. Parkinson’s Disease
Unequivocal Diagnosis of Parkinson’s Disease by a Registered Medical Practitioner who is a neurologist where the condition:
(a) Cannot be controlled with medication;
(b) Shows signs of progressive impairment; and
(c) Activities of Daily Living assessment confirms the inability of the Insured to perform at least three (3) of the Activities of Daily Living as defined in the Policy, either with or without the use of mechanical equipment, special devices or other aids or adaptations in use for disabled persons.

Drug-induced or toxic causes of Parkinson’s disease are excluded.

26. Poliomyelitis
The occurrence of Poliomyelitis where the following conditions are met:
1. Poliovirus is identified as the cause and is proved by Stool Analysis,
2. Paralysis of the limb muscles or respiratory muscles must be present and persist for at least 3 months.

27. Loss of Independent Existence
Confirmation by a Consultant Physician of the loss of independent existence due to illness or trauma, lasting for a minimum period of 6 months and resulting in a permanent inability to perform at least three (3) of the following Activities of Daily Living:

Activities of Daily Living:
1. Washing: the ability to wash in the bath or shower (including getting into and out of the bath or shower) or wash satisfactorily by other means;

2. Dressing: the ability to put on, take off, secure and unfasten all garments and, as appropriate, any braces, artificial limbs or other surgical appliances;
3. Transferring: the ability to move from a bed to an upright chair or wheelchair and vice versa;
4. Mobility: the ability to move indoors from room to room on level surfaces;
5. Toileting: the ability to use the lavatory or otherwise manage bowel and bladder functions so as to maintain a satisfactory level of personal hygiene;
6. Feeding: the ability to feed oneself once food has been prepared and made available.

28. Loss of Limbs
The physical separation of two or more limbs, at or above the wrist or ankle level limbs as a result of injury or disease. This will include medically necessary amputation necessitated by injury or disease. The separation has to be permanent without any chance of surgical correction. Loss of Limbs resulting directly or indirectly from self-inflicted injury, alcohol or drug abuse is excluded.

29. Deafness
Total and irreversible loss of hearing in both ears as a result of illness or accident. This diagnosis must be supported by pure tone audiogram test and certified by an Ear, Nose and Throat (ENT) specialist. Total means “the loss of hearing to the extent that the loss is greater than 90 decibels across all frequencies of hearing” in both ears.

30. Loss of Speech
Total and irreversible loss of the ability to speak as a result of injury or disease to the Vocal Cords. The inability to speak must be established for a continuous period of 12 months. This diagnosis must be supported by medical evidence furnished by an Ear, Nose, and Throat (ENT) specialist.

All psychiatric related causes are excluded.

31. Medullary Cystic Disease
Medullary Cystic Disease where the following criteria are met:
a) the presence in the kidney of multiple cysts in the renal medulla accompanied by the presence of tubular atrophy and interstitial fibrosis;
b) clinical manifestations of anaemia, polyuria, and progressive deterioration in kidney function; and
c) the Diagnosis of Medullary Cystic Disease is confirmed by renal biopsy. Isolated or benign kidney cysts are specifically excluded from this benefit.

32. Systematic lupus Eryth. with Renal Involvement
Multi-system, autoimmune disorder characterized by the development of auto-antibodies, directed against various self-antigens. For purposes of the definition of “Critical Illness”, SLE is restricted to only those forms of systemic lupus erythematosus, which involve the kidneys and are characterized as Class III, Class IV, Class V or Class VI lupus nephritis under the Abbreviated International Society of Nephrology/Renal Pathology Society (ISN/RPS) classification of lupus nephritis (2003) below based on renal biopsy. Other forms such as discoid lupus, and those forms with only hematological and joint involvement are specifically excluded.

Abbreviated ISN/RPS classification of lupus nephritis (2003):
Class I - Minimal mesangial lupus nephritis
Class II - Mesangial proliferative lupus nephritis
Class III - Focal lupus nephritis
Class IV - Diffuse segmental (IV-S) or global (IV-G) lupus nephritis
Class V - Membranous lupus nephritis
Class VI - Advanced sclerosing lupus nephritis the final diagnosis must be confirmed by a certified doctor specialising in Rheumatology and Immunology.
33. Third degree burns (Major Burns):
There must be third-degree burns with scarring that cover at least 20% of the body’s surface area. The diagnosis must confirm the total area involved using standardized, clinically accepted, body surface area charts covering 20% of the body surface area.

34. Aplastic Anaemia
Irreversible persistent bone marrow failure which results in anaemia, neutropenia and thrombocytopenia requiring treatment with at least two (2) of the following:
(a) Blood product transfusion;
(b) Marrow stimulating agents;
(c) Immunosuppressive agents; or
(d) Bone marrow transplantation.
The Diagnosis of aplastic anaemia must be confirmed by a bone marrow biopsy. Two out of the following three values should be present:
- Absolute Neutrophil count of 500 per cubic millimetre or less;
- Absolute Reticulocyte count of 20,000 per cubic millimetre or less; and
- Platelet count of 20,000 per cubic millimetre or less.

Waiting period for Critical Illness Benefit:
1. The benefit shall not apply or be payable in respect of any Critical Illness for which care, treatment, or advice was recommended by or received from a Physician, or which first manifested itself or was contracted during the first six months from the risk commencement date or 3 months from the policy revival date where the policy has lapsed for more than 3 months.
2. In the event of occurrence of any of the scenarios mentioned above, or in case of a death claim, where it is established that the Life Assured was diagnosed to have any one of the covered critical illness during the waiting period for which a critical illness claim could have been made, the Company will refund the premiums corresponding to the ACI Benefit from risk commencement date or from the date of revival as applicable and the ACI Benefit will terminate with immediate effect.
3. No waiting period applies where Critical Illness is due to accident.

Exclusions for Accelerated Critical Illness Benefit: No ACI benefit will be payable in respect of any listed condition arising directly or indirectly from, though, in consequence of or aggravated by any of the following:
- Pre-Existing Conditions or conditions connected to a Pre-Existing Condition will be excluded. Pre-Existing is any condition for which the Life Assured had signs, or symptoms, and/or were diagnosed, and/or received medical advice/treatment within 48 months to prior to the date of issue of the policy will be excluded.
- Existence of any Sexually Transmitted Disease (STD) and its related complications or Acquired Immune Deficiency Syndrome (AIDS) or the presence of any Human Immuno-deficiency Virus (HIV)
- Self-inflicted injury, suicide, insanity and deliberate participation of the life insured in an illegal or criminal act with criminal intent.
- Use of intoxicating drugs/alcohol/solvent, taking of drugs except under the direction of a qualified medical practitioner.
- War – whether declared or not, civil commotion, breach of law with criminal intent, invasion, hostilities (whether war is declared or not), rebellion, revolution, military or usurped power or wilful participation in acts of violence.
- Aviation other than as a fare paying passenger or crew in a commercial licensed aircraft.
- Taking part in any act of a criminal nature with criminal intent.
- Treatment for injury or illness caused by avocations/activities such as hunting, mountaineering, steeple-chasing, professional sports, racing of any kind, scuba diving, aerial sports, activities such as hand-gliding, ballooning, deliberate exposure to exceptional danger.
- Radioactive contamination due to nuclear accident.
- Failure to seek or follow medical advice, the Life assured has delayed medical treatment in order to circumvent the waiting period or other conditions and restriction applying to this policy.
- Any treatment of a donor for the replacement of an organ.
- Any illness due to a congenital defect or disease which has manifested or was diagnosed before the Insured attains aged 17.

7. Death benefit payout options
The monthly income will only be payable electronically.

8. Tax benefits
Tax benefits under the policy are subject to conditions u/s 80C and 80D of the Income Tax Act, 1961. Applicable taxes such as Goods and Services tax and/or cesses (if any) will be charged extra, as per applicable rates. The tax laws are subject to amendments from time to time.

9. Suicide clause
If the Life Assured, whether sane or insane, commits suicide within 12 months from the date of inception of this Policy, the Company will refund 80% of the premium paid provided the policy is in force.

In the case of a revived Policy, if the Life Assured, whether sane or insane, commits suicide within 12 months of the date of revival of the Policy, higher of 80% of the premiums paid till date of death or surrender value will be payable by the Company.

The Policy will terminate on making such a payment and all rights, benefits and interests under the Policy will stand extinguished.

10. Grace period
A grace period for payment of premium of 15 days applies for monthly premium payment mode and 30 days for other modes of premium payment. If the premium is not paid within the grace period, the policy shall lapse and cover will cease.

11. Limited pay option
Premiums need to be paid only for the chosen premium payment term. Once premiums have been paid for the premium payment term, the policy benefits will continue for the term of the policy.

12. Premium discontinuance
If the premium is not paid either on the premium due date or within the grace period, all benefits under this policy will cease.
Unexpired risk premium value

For Limited Pay, unexpired risk premium value, if any, will be payable if the policy holder voluntarily terminates the policy during the policy term. Or for lapsed policies on earlier of:

i. Death beyond the grace period and within the revival period, or
ii. At the end of the revival period
iii. On surrender of the policy anytime during the policy term

Unexpired risk premium value =
(Unexpired risk premium value factor/100) X Annual Premium

For Accidental Death Benefit being added during the policy term, following conditions shall apply:

- The policy must be in-force at the time of adding a Benefit
- There should not be any claim registered under the policy
- Life Assured should not be older than the 55 years (age last birthday)
- The availability of the AD benefit will be subject to underwriting, as per the prevailing board approved underwriting policy.
- The Benefit will commence from subsequent policy anniversary for the remaining policy term or till age 80, whichever is lower. Provided the outstanding policy term is at least 5 years. The policyholder will have to pay an additional premium for the additional Benefit Sum Assured chosen for the outstanding policy term based on his/her then age.

Policy revival

A policy which has discontinued payment of premium may be revived subject to underwriting and the following conditions:

- The application for revival is made within 2 years from the due date of the first unpaid premium and before the termination date of the policy. Revival will be based on the prevailing Board approved underwriting policy.
- The Policyholder furnishes, at his own expense, satisfactory evidence of health of the Life Assured as required by the prevailing Board approved underwriting policy.
- The arrears of premiums together with interest at such rate as the Company may charge for late payment of premiums are paid. The revival of the policy may be on terms different from those applicable to the policy before premiums were discontinued; for example, extra mortality premiums or charges may be applicable.
- The Company reserves the right to not revive the policy. The revival will take effect only if it is specifically communicated by the Company to the Policyholder.

For ACI Benefit, a waiting period of 3 months will be applicable for any revivals after 3 months from the due date of the first unpaid premium. No waiting period will be applicable for any revival within 3 months of the due date of the first unpaid premium.

Any change in revival conditions will be subject to prior approval from IRDAI and will be disclosed to policyholders.

No loans are allowed under this policy.
A Medical Practitioner is a person who holds a valid registration from the Medical Practitioners’ registered with the Indian Medical Association and approved by the Indian Medical Council Act, 1956.
