ICICI Pru Loan Protect Plus - Benefits in detail

Death Benefit: Death Benefit will be payable on death of the Life Assured during the policy term.

Your Death Benefit depends on the coverage option you select.

- **If you choose Fixed cover:** Death Benefit remains level through the policy term and is equal to your chosen Sum Assured
- **If you choose Reducing cover:** Three reducing cover options are available. Death Benefit will be equal to Sum Assured at the start of your policy and depending on the reduction schedule you select, will reduce monthly throughout the policy term or remain level for 5 or 7 years and reduce thereafter.

The benefits payable will be as per the coverage schedule in your policy document, irrespective of the loan re-payments actually made and your outstanding loan amount. Please refer to your customized Benefit Illustration to get details of year-wise benefit values.

Accidental Death (AD) Benefit: AD Benefit is equal to Death Benefit. If this benefit is selected, in case of death of the Life Assured due to accident, AD Benefit will be payable in addition to Death Benefit. AD benefit will remain the same as the base death benefit. It stays level throughout the term for the fixed cover option and reduces for the reducing cover option.

Accelerated Critical Illness & Total and Permanent Disability: CI & TPD Benefit is equal to Death Benefit. If this benefit is selected CI & TPD Benefit will be payable on the Life Assured being diagnosed with a covered Critical Illness or on being regarded as Totally and Permanently Disabled. CI & TPD cover will be only for the first seven policy years or policy term, whichever is lower.

Since the CI & TPD cover is an accelerated benefit, the policy terminates on the CI & TPD benefit payment.

Surrender Value: A Surrender Value will be payable if you voluntarily terminate the policy, or you discontinue paying premiums and do not revive the policy within the revival period. Depending on the year of surrender or policy discontinuance your Surrender Value may be zero.

ICICI Pru Loan Protect Plus - Benefits in detail (Cont...)

Grace period: Under the Five Pay option, a grace period of 15 days is allowed for payment of premium for monthly frequency and 30 days is allowed for other frequencies. If the due premium is not paid within the grace period, the policy will lapse and the risk cover will cease. Beyond the grace period and within the revival period the surrender value will be paid on death of the life assured.

Revival of the policy: A policy, which has lapsed for non-payment of premium within the grace period, may be revived within five years from the due date of the first unpaid premium. If the policy is not revived within this period then the applicable Surrender Value will be paid and the policy will terminate. If the policy was issued with a CI & TPD Benefit, a waiting period of 3 months will be applicable unless explicitly waived by the Company.

The following conditions apply for revival.

- a. The application for revival is made within 5 years from the due date of the first unpaid premium and before the termination date of the policy. Revival will be based on the prevailing Board approved underwriting policy.
- b. The Policyholder furnishes, at his own expense, satisfactory evidence of health of the Life Assured as required by us.
- c. The arrears of premiums together with interest at such rate as we may charge for late payment of premiums are paid. The interest rate applicable in December 2019 is 7.97% p.a. compounded half yearly.
- d. The Policyholder furnishes, at his own expense, satisfactory evidence of the loan continuing as required by the Company.
