If this option is chosen, you can invest all or some part of your investment in Income Fund or Money Market Fund and transfer a fixed amount in regular monthly instalments into any one of the following funds: Maximiser V, Multi Cap Growth Fund or Value Enhancer Fund. There would be no additional charges for ATS. The following conditions apply to ATS.

- This transfer will be done in equal instalments in not more than 12 monthly instalments.
- ATS would be executed by redeeming the required number of units from fund chosen at the applicable unit value and allocating new units in the destination fund at the applicable unit value.
- At inception, you can opt for a transfer date of either the first or fifteenth of every month. If the date is not mentioned the funds will be switched on the first day of every month. If the first or the fifteenth of the month is a non-valuation date, then the next working day’s NAV would be applicable.
