**Example:** Rahul is a 30 year old male who purchased ICICI Pru LifeTime Classic with a policy term of 20 years. Rahul decided to pay ₹1 Lakh per year as premium for 20 years and the life cover for the plan was ₹10 Lakh.

On maturity, Rahul will get returns according to the performance of funds he had invested in.

3. **Benefits of Equity, Debt and Balanced Funds in one plan:**
You can choose to invest in 9 different funds ranging from debt, equity and balanced, thus giving you the potential for earning higher returns. You get to decide how much of your investment goes into debt funds, equity funds and balanced funds.

4. **Flexibility:**
Since our needs and priorities keep changing, it is important that our investments follow a similar approach. This plan provides flexibility so that you can control and make changes to your investment with ease.

**Note:** As per IRDAI guidelines, returns are shown at 4% p.a. and 8 p.a.:

For this example, we have assumed that the investment is done in the Income Fund (SFIN: ULIF 089 24/11/09 LIncome 105)

`ARR stands for Assumed Rate of Returns. If the policy offers guaranteed returns, then these will be clearly marked “guaranteed” in the Benefit Illustration. Since the policy offers variable returns, the given illustration shows two different rates of assumed future investment returns. The returns shown above are not guaranteed and they are not the upper or lower limits of what you might get back, as the maturity value of policy depends on a number of factors including future investment performance.
A. Withdraw as per your need:

You can make unlimited number of partial withdrawals from the 6th year onwards, as long as the total amount you withdraw in a year does not exceed 20% of the Fund Value in a policy year. Partial withdrawals are free of cost.

Let us once again look at the example of Rahul. In the near future, Rahul completes 5 years in his ICICI Pru LifeTime Classic policy. This also happens to be the year Rahul is celebrating his 10th year wedding anniversary. Rahul wants to surprise his wife by taking her on an international holiday for celebrating their anniversary. Since Rahul has completed 5 years of his investment in the policy, he can now withdraw up to Rs. 1,50,000 (20% of his fund value, assuming his current fund value is Rs. 7,50,000) in the 6th year of the policy and take his wife for an exotic international holiday.

B. Fund Switch:

You can move your investment between 9 funds (equity, debt and balanced) as per your choice. These switches can be done online and are completely tax-free. You can switch your money between funds free of cost up to 4 times in a year. Or you can leave the fund switching to our fund managers too. The is elaborated in the below point on ‘choice of portfolio strategy’

5. Choice of Portfolio Strategy:

You may want to manage your investments yourself, or want our fund managers to do it for you. With ICICI Pru LifeTime Classic, you can choose from 4 portfolio strategies according to your investment styles to accomplish financial goals.

A. LifeCycle based Portfolio Strategy 2:

Strategy personalized based on age - premium is invested in 2 funds to create an ideal balance between equity and debt. Generally, younger individuals have a higher appetite for risk, hence the funds are allocated accordingly. You don’t need to actively manage your funds.
B. Fixed Portfolio Strategy
Invest in your choice of 5 Equity, 2 Debt and 2 Balanced funds to get the potential for better returns over the policy term. You can change the allocation as and when you desire

C. Target Asset Allocation Strategy:
Invest in 2 funds and we maintain the allocation for the full term by rebalancing it every quarter.

**tip** You can change your investment strategy anytime during the policy term. There are no charges when you change your investment strategy and you can do this once every policy year.

6. Tax Benefits:
ICICI Pru LifeTimeClassic and other ULIPs have the following tax saving advantages under the IT Act 1961.

A. Tax benefits on premiums:
You can get tax benefits up to Rs. 1.5 lakh on your insurance premiums, under Section 80C.

B. Tax free maturity :
The money you receive at the end of the policy or death of the policy holder is tax-free as per Section 10(10D).

Why ULIPs are one of the best tax saving instruments
Life insurance products such as unit linked insurance plan (Ulip) can be considered a more reliable wealth creation solution over the long term, keeping in mind the returns, protection and tax savings, all combined in one product. Amongst several investor friendly features, one of the unique propositions of Ulip is that it permits investing one’s premium in a mix of debt and equity funds in varying proportions, allowing inter-fund transfers through switches and all this with no tax liability. Ulip, as an investment option, stands out from all other market-linked investments, as the gains from even a debt fund in Ulip are tax-free in the hands of the investor. – The Economic Times, Jan 9, 2017
7. **Bonus:**

Now the best part about this product is that your money grows further as we add to your savings without the need for you to invest more. Such bonuses are available to you in the form of Loyalty Additions and Wealth Boosters for staying invested longer.

- For single pay policies with a policy term of 5 years, a loyalty addition of 0.25% of the average of daily Fund Values, including Top-up Fund Value, if any, in that same policy year, will be payable at the end of the fifth policy year.

- Each Loyalty Addition will be a percentage of the average of daily Fund Values including Top-up Fund Value, if any, in that same policy year as mentioned in the table above.
• Wealth Boosters will be a percentage of the average Fund Values including Top-up Fund Value, if any, on the last business day of the last eight policy quarters.

• Loyalty Additions and Wealth Boosters will be allocated among the funds in the same proportion as the value of total units held in each fund at the time of allocation.

• The allocation of Loyalty Additions and Wealth Boosters is guaranteed and shall not be revoked by the Company under any circumstances.

• If the premium payment is discontinued anytime after 5 years, the number of years for which premiums have been paid will be considered as the premium paying term for the purpose of deciding the Loyalty Additions & Wealth Boosters to be paid for the rest of the policy term as per the table above

Now that you are aware of the advantages of investing in ICICI Pru LifeTime Classic, let us now look at the charges under the policy. We are aware that charges can have a big impact on your returns and you will not invest with us if you don’t get good returns. Let us look at how ICICI Pru LifeTime Classic has a low charge structure.
Another great advantage you have by investing in ICICI Pru LifeTime Classic is the low charges you pay.

While there might be varied charges under your policy like premium allocation charge, policy administration charge and fund allocation charge however after adjusting loyalty additions and wealth boosters, the costs you pay per annum only works out to **2.04% p.a.*.**

*If you choose to invest for a longer term, the charges reduce even further as shown in the illustration below.

A. LifeCycle based Portfolio Strategy 2
Your financial needs keep changing with your life stage. It is, therefore, necessary that your policy adapts to your changing needs. This is fulfilled by the Life Cycle based Portfolio Strategy 2.
At the beginning of your policy, your investments are distributed between two funds, Multi Cap Growth Fund and Income Fund, based on your age. As you move from one age band to another, your funds are re-distributed at the last day of every quarter based on your age. The age wise portfolio distribution is shown in the table.

**Quarterly rebalancing**

On a quarterly basis, units shall be rebalanced as necessary to achieve the above proportions of the Fund Value in the Multi Cap Growth Fund and Income Fund.
The re-balancing of units shall be done on the last day of each Policy quarter. The above proportions shall apply until the last ten quarters of the Policy are remaining.

**Safety as you approach maturity**
As your Policy nears its maturity date, you need to ensure that short-term market volatility does not affect your accumulated savings. In order to achieve this, your investments in Multi Cap Growth Fund will be systematically transferred to Income Fund in ten instalments in the last ten quarters of your Policy.

**B. Fixed Portfolio Strategy**
Under this strategy, you can choose to invest your monies in any of the 9 fund options in proportions of your choice. You can also decide to switch your money amongst these funds using the switch option.

Within the Fixed Portfolio Strategy you also have the option to select **Automatic Transfer Strategy (ATS)**. This helps in Rupee Cost Averaging, an approach in which you invest a fixed amount of money at regular intervals. This in turn ensures that you buy more shares of an investment when prices are low and less when they are high. By investing on a fixed schedule, you avoid the complexity of trying to figure out the best time to invest.

If ATS is chosen, you can invest all or some part of your investment in Money Market Fund or Income Fund and transfer a fixed amount in regular monthly instalments into any one of the following funds: Bluechip Fund, Maximiser V, Multi Cap Growth Fund, Maximise India Fund or Opportunities Fund. There would be no additional charges for ATS. The following conditions apply to ATS.

- The minimum transfer amount under ATS is Rs. 2,000.
• This transfer will be done in equal instalments in not more than 12 monthly instalments.

• ATS would be executed by redeeming the required number of units from Money Market Fund or Income Fund at the applicable unit value and allocating new units in any one of Bluechip Fund, Maximiser V, Multi Cap Growth Fund, or Opportunities Fund at the applicable unit value.

• At inception, you can opt for a transfer date of either the first or fifteenth of every month. If the date is not mentioned the funds will be switched on the first day of every month.

Once selected, ATS will be renewed and would be regularly processed for the entire term of the policy or until the Company is notified, through a written communication, to discontinue the same.

Switch between funds

If you choose the Fixed Portfolio strategy you have the option to switch between the seven funds as and when you choose depending on your financial priorities and investment outlook. This feature is only available if you have all your funds in the Fixed Portfolio Strategy at the time of switching and minimum value of a switch is Rs. 2000.

C. Target Asset Allocation Strategy

This strategy enables you to choose an asset allocation that is best suited to your risk appetite and maintains it throughout the policy term. You can allocate your premiums between any two funds available with this policy, in the proportion of your choice. Your portfolio will be rebalanced every quarter to ensure that this asset allocation is maintained.

The re-balancing of units shall be done on the last day of each policy quarter. You can avail this option at inception or at any time later during the policy term.

D. Trigger Portfolio Strategy 2

For an investor, maintaining a pre-defined asset allocation is a dynamic process
and is a function of constantly changing markets. The Trigger Portfolio Strategy 2 enables you to take advantage of substantial equity market swings and invest on the principle of “buy low, sell high”.

Under this strategy, your investments will initially be distributed between two funds Multi Cap Growth Fund, an equity oriented fund, and Income Fund - a debt oriented fund in a 75%: 25% proportion.

The fund allocation may subsequently get altered due to market movements. We will re-balance funds in the portfolio based on a pre-defined trigger event.

**Working of the strategy:**

- The trigger event is defined as a 10% upward or downward movement in NAV of Multi Cap Growth Fund, since the previous rebalancing. For determining the first trigger event, the movement of 10% in NAV of Multi Cap Growth Fund will be measured vis-à-vis the NAV at the inception of your strategy.
- On the occurrence of the trigger event, any fund value in Multi Cap Growth Fund which is in excess of three times the Income Fund, fund value is considered as gains and is transferred to the liquid fund - Money Market Fund by cancellation of appropriate units from the Multi Cap Growth Fund. This ensures that gains are capitalized while maintaining the asset allocation between Multi Cap Growth Fund and Income Fund at 75%:25%.
- In case there are no gains to be capitalized, funds in Multi Cap Growth Fund, Income Fund and Money Market Fund are redistributed in Multi Cap Growth Fund and Income Fund in 75:25 proportion.

Terms & Conditions

1. **Freelook period**: If you are not satisfied with the terms and conditions of this policy, please return the policy document to the Company for cancellation within:
   - 15 days from the date of receipt of the policy document.
   - 30 days from the date of receipt of the policy document, if the policy is purchased through **Distance Marketing**.

**Distance Marketing** means every activity of solicitation (including lead generation) and sale of insurance products through the following modes: (i) voice mode, which includes telephone-calling (ii) short messaging service (SMS) (iii) electronic mode which includes e-mail, internet and interactive television (DTH) (iv) physical mode which includes direct postal mail and newspaper and magazine inserts and (v) solicitation through any means of communication other than in person. On cancellation of the policy during the free look period, you shall be entitled to an amount which shall be equal to non-allocated premium plus charges levied by cancellation of units plus Fund Value at the date of cancellation less stamp duty expenses under the policy and expenses borne by us on medical examination, if any in accordance with the IRDAI (Protection Of Policyholders’ Interests) Regulations 2002.

2. **Tax benefits** under the policy are subject to conditions under Section 80C, 10(10D) and other provisions of the Income Tax Act, 1961. Goods & Services tax and cess (if any) will be charged extra by redemption of units, as per applicable rates. Tax laws are subject to amendments from time to time. All policies issued from April 1, 2012, with sum assured (cover on death) less than 10 times of annual premium will not be eligible for tax benefit u/s 10(10D). Further tax benefit u/s 80C will be limited only up to 10% of Sum Assured. Please seek professional tax advice for applicability of tax benefits on premiums paid and benefits received.

3. Increase or decrease in premium is not allowed.

4. **Grace Period**: The grace period for payment of premium is 15 days for monthly mode of premium payment and 30 days for other modes of premium payment.

5. Date of Discontinuance of the policy is the date on which the Company receives intimation from the Policyholder about discontinuance of the policy or surrender of the policy, or on the expiry of the notice period, whichever is earlier. The policy remains in force till the date of discontinuance of the policy.
6. A discount of 1% in the year 1 premium allocation charge for a Limited Pay and Regular Pay policies and 0.5% for Single Pay policies is given to customers who buy directly from the Company’s website.

7. **Non-negative claw-back additions**: In the process to comply with the reduction in yield, the Company may arrive at specific non-negative claw-back additions, if any, to be added to the unit Fund Value, as applicable, at various durations of time after the first five years of the contract.

8. The Company will not provide loans under this policy.

9. **Suicide Clause**: If the Life Assured, whether sane or insane, commits suicide within one year from the date of inception of the policy or from the date of policy revival, only the Fund Value, including Top-up Fund Value, if any, as available on the date of death, would be payable. No charges will be deducted after the date of death.

   If the Life Assured, whether sane or insane, commits suicide within one year from the effective date of increase in Sum Assured, then the amount of increase shall not be considered in the calculation of the death benefit.

10. **Foreclosure of the policy**: For Limited Pay and Regular Pay policies, after five policy years have elapsed and at least five premiums have been paid, if the Fund Value including Top-up Fund Value, if any, becomes nil, the policy will terminate and no benefits will be payable. For Single Pay policies, after five policy years have elapsed and provided the monies are not in the DP fund, if the Fund Value including Top-up Fund Value, if any, becomes nil, the policy will terminate and no benefits will be payable. On termination of the policy all rights, benefits and interest under the policy shall be extinguished. A policy cannot be foreclosed before completion of five policy years.

11. **Unit Pricing**: The NAV for different Segregated Funds shall be declared on all business days. The NAV of each Segregated Fund shall be computed as set out below or by any other method as may be prescribed by regulation:

\[
\text{[Market Value of investment held by the fund plus Value of Current Assets less Value of Current Liabilities and provisions]}
\]
\[
\text{Divided by,}
\]
\[
\text{Number of units existing under the Fund at valuation date, before any new units are created or redeemed}
\]
13. Policyholder through a secured login can access the value of policy wise units held by him in the format as per Form D02 prescribed under IRDAI Investment Regulations, 2016.

14. If premiums for the second year onwards are received by outstation cheques, the NAV of the clearance date or due date, whichever is later, will be allocated.

15. Transaction requests (including renewal premiums by way of local cheques, demand draft, switches, etc.) received before the cut-off time will be allocated the same day's NAV and those received after the cut-off time will be allocated the next day's NAV. The cut-off time will be as per IRDAI guidelines from time to time, which is currently 3:00 p.m. For all new business applications received on the last day of the financial year, the NAV of that day would be applicable, irrespective of the cut-off time.

16. All renewal premiums received in advance will be allocated units at the NAV prevailing on the date on which such premiums become due. However, the status of the premium received in advance shall be communicated to the Policyholder.

17. **Nomination:** Nomination shall be as per Section 39 of the Insurance Act, 1938 as amended from time to time. For more details on this section, please refer to our website.

18. **Assignment:** Assignment shall be as per Section 38 of the Insurance Act, 1938 as amended from time to time. For more details on this section, please refer to our website.

19. **Section 41:** In accordance with Section 41 of the Insurance Act, 1938, as amended from time to time no person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take or renew or continue an insurance in respect of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the policy, nor shall any person taking out or renewing or continuing a policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectuses or tables of the insurer.

Provided that acceptance by an insurance agent of commission in connection with a policy of life insurance taken out by himself on his own life shall not be deemed to be acceptance of a rebate of premium within the meaning of this sub section if at the time of such acceptance the insurance agent satisfies the prescribed conditions establishing that he is a bona fide insurance agent employed by the insurer.

Any person making default in complying with the provisions of this section shall be punishable with fine which may extend to ten lakh rupees.

20. **Fraud and Misrepresentation:** Treatment will be as per Section 45 of the Insurance Act, 1938 as amended from time to time.
21. **Force Majeure**: The Company will value the funds on each day that the financial markets are open. However, the company may value the funds less frequently in extreme circumstances external to the Company where the value of the asset is too uncertain. In such circumstances the company may defer the valuation of assets for up to 30 days until the company feels that certainty to the value of assets has been resumed. The deferment of the valuation of the assets will be with prior approval with IRDAI.

The Company will make investments as per the fund mandates detailed in the Fixed Portfolio Strategy section. However, the company reserves the right to change the exposure of all/any fund to money market to 100% in extreme situation external to the Company keeping in view market conditions/political situations/economic situations/war like situations/terror situations. The same will be put back as per the base mandate once the situation has corrected.

Some examples of such circumstances in above sections are:

- When one or more stock exchanges which provide basis for valuation for substantial portion of the assets of the fund are closed otherwise than for ordinary holiday
- When as a result of political, economic, monetary or any circumstances out of the control of the company, the disposal of the assets of the fund are not reasonable or would not reasonably be practicable without being detrimental to the interests of the remaining placeholder
- During periods of extreme market volatility during which surrenders and switches would be detrimental to the interests of the remaining policyholders
- In the case of natural calamities/strikes/war/civil unrest and riots
- In the event of any force majeure or disaster that effects the normal functioning of the company
- If so directed by IRDAI

The policyholder will be notified of such a situation if it arises

22. **Revision of Charges**

The Company reserves the right to revise the following charges at any time during the term of the policy. Any revision will apply with prospective effect, subject to prior approval from IRDAI and if so permitted by the then prevailing rules, after giving a written notice to the Policyholders. The following limits are applicable:
• Fund Management Charge may be increased up to the maximum allowable as per applicable regulation.

• Policy Administration Charge may be increased to a maximum of ₹ 500 per month, subject to the maximum permitted by IRDAI, currently a maximum of ₹ 6000 p.a. applies.

• Switching charge may be increased to a maximum of ₹ 200 per switch.

Any Policyholder who does not agree with an increase, shall be allowed to cancel the units in the policy at the then prevailing Net Asset Value and terminate the policy. The Premium Allocation Charges, Discontinuance Charges and Mortality Charges are Unit linked insurance products are subject to market risk, which affect the Net Asset Values & the customer shall be responsible for his/her decision. The names of the Company, Product names or fund options do not indicate their quality or future guidance on returns. Funds do not offer guaranteed or assured returns. Unit linked Insurance products do not offer any liquidity during the first five years of the contract. The Policyholder will not be able to surrender/withdraw the monies invested in unit linked insurance products completely or partially till the end of the fifth year.
