The maturity benefit of your policy is dependent on a number of factors, including future performance.

What happens if you discontinue your premiums?

If you discontinue premium payment before your policy acquires a surrender value, your policy will lapse and no benefits will be paid. However, you can revive the policy within two years from the due date of the first unpaid premium.

Your policy will acquire a surrender value on payment of:

- · At least 2 full years' premium if PPT is less than 10 years
- At least 3 full years' premium if PPT is 10 years or more

If premium payment is discontinued after the policy has acquired a surrender value, the policy would continue as a 'paid-up' policy with reduced benefits

On survival of the life assured till the end of the policy term, the paid-up GMB, paid-up GAs, accrued reversionary bonuses and contingent reversionary bonus, if any, will be payable.

- Tax benefits: Tax benefits under the policy will be as per the prevailing Income Tax laws. We
 recommend that you seek professional advice for applicability of tax benefit on premiums paid and
 benefits received. Goods & Services Tax and Cess (if any) will be charged extra as per prevailing rates.
 The tax laws are subject to amendments from time to time.
